THE SAMSON CHOPPER
—AT THE—
NEW WOOD YARD!

MESSRS. Johnson & Co., having bought out Mr. W. Monahan's entire stock of
Wood, Horses, Waggons, Machinery, &c.,
Are now prepared to supply all orders on the most moderate terms.

They have chartered a SCHOONER, and are shipping in WOOD, both by
WATER AND TRAINS,
in immense quantities. Customers may rely on strict punctuality in the delivery of

All Orders!

Every description of FIRE WOOD will be found in abundance in their yard.
HARD WOOD, both green and dry.
STOVE WOOD, all sizes.
SOFT WOOD, all kinds.
Four feet KINDLING WOOD, dry
—AS WELL AS GOOD—
BLOCK WOOD.
Of these a large supply has arrived.

For Railroad Contracts, a powerful Machine is employed, capable of cutting
100 CORDS PER DAY!
with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper

Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.
An early visit from buyers is solicited.

DAILY ONTARIO.

For the ONTARIO.

HOLIDAY RAMBLINGS.

From Quebec to Murray Bay in the Yacht "Favorite."

The day previous to that arranged for our departure was one of the warmest of the season. We had been spending the afternoon in visiting places of interest in and around Quebec, and what with the intense heat, the steep hills and the dust from the poorly watered streets we were glad to have a change of scene. It had been arranged that we should leave Quebec by one o'clock in the afternoon, but at that hour the yacht was high and dry with the tide just turning. The sun was shining with increased heat, and as we sat in the boat until the tide would rise, not a breath of wind could reach us. By two o'clock the *Favorite* was afloat and soon towed out into the stream. The wind had now increased and was blowing down the river much to our gratification, so after saying "good-bye" to all our friends on the docks, who came down to see us off, we unfurled the sail and departed. It was our intention to make Islet, a small French village on the south shore of the St. Lawrence about forty miles from Quebec, that night. The yacht was yawl-rigged, with jib and gigger. It was manned by a pilot, captain, mate and one passenger, who performed the office of *log keeper* Though we had a fair wind the tide was against us, and our speed was greatly lessened thereby. The skipper was thoroughly skilled in the management of the vessel, and in my opinion knew the river equally as well as our pilot. His intelligent enthusiasm and playful vivacity mingled with our different natures, produced such a beautiful union that the moments flew quite rapidly. I think it contributes greatly to a man's moral and intellectual nature to be brought into habits and companionship with individuals who are unlike himself; who care little for his pursuits, and whose sphere he must go out of in order to appreciate. The wind soon freshened and by three o'clock we have made the island of Orleans. At this point the river divides into two channels, one going on the north side and the other on the south side of the island. The north side is the shorter route by a few miles, but is not so safe as the other at low tide; therefore, few vessels take the north shore route all the way. We have sailed six miles, and along the south shore it appears to be one continual line of docks. The harbor of Quebec is certainly the most busy part of the city, and any person passing through on the boat, would have the idea that Quebec was one of the greatest commercial cities on the continent. Vessels of almost every description are loading or unloading. Ferries run across to Point Levis, which lies on the opposite side of the river. The tide rises and falls about 11 feet, and when it is out you get a good idea of the size of the ship. As we go along the south channel past the island of Orleans, several dry docks are passed where huge vessels are lying for repairs. Up to this point the south shore presents the appearance of the outskirts of a city, but now, the agricultural districts become more numerous. We sail near the shore where trees are robed in foliage, green and glistening; long grassy slopes looked like crinkled velvet, dotted with a red and white flower called *marguerette*. The country rose, as we sailed on, into fresh and more picturesque beauty. The numberless chains of gently sloping hills which encompass it on all sides were in many points checkered with cornfields, meadows and green pastures. Villages repose in hollows, skirting the banks of the river, and cottages are seen here and there peeping out from amidst the thick umbrage of verdant trees which cover the face of the hills. On the shore the scene is surpassingly beautiful. Contented looking cows stood in the shade of trees, while around them was a small flock of sheep browsing on the grass. The scene on the water was equally as beautiful, but not so quiet. The waves became more turbulent, and our small barque began to pitch and toss. Up to this time I had been endeavoring to take "notes by the way," and read snatches from "Josiah Allen's Wife." But the fearful experience or actual premonition of coming nausea renders you utterly incapable of embodying intelligent thoughts into intelligible phraseology. I put away my note book, threw "Josiah Allen's Wife" over to the mate, and told the crew I did not have enough sleep last night, so I proposed to go into the cabin for a short nap. In about an hour, however, we were all on deck again and drinking in the beauties of the landscape. The tide was now in our favor, and we were making good time. After supper my three companions fill their pipes, and sit with legs crossed, the very personification of happiness. We have now passed the Island of Orleans, which is twenty miles long and five or six wide. The land appears to be of much better quality than on the main land, and the *habiteaus* seem to understand the system of...

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed ports, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor tittle sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

TRUE TO HER TRUST

Too much cannot be said of the ever-faitful wife and mother, constantly watching and caring for her dear ones, never neglecting a single duty in their behalf. When they are assailed by disease, and the system should have a thorough cleansing, the stomach and bowels regulated, blood purified, malarial poison exterminated, she must know that Electric Bitters are the only sure remedy. They are the best and purest medicine in the world, and only cost fifty cents. Sold by all druggists

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advatage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.

Burdock Blood Bitters cures all diseases of the blood, liver and kidneys, female complaints, nervous and general debility, and builds up the entire system when broken down by disease.

Yellow Oil is par excellence the remedy for Pain, Lameness, Rheumatism, Croup, Deafness, Burns, Frost Bites, Stiff Joints, and flesh wounds. Any medicine dealers can furnish it.

When a person is weak or faint, or fatigued and exhausted, there is nothing so refreshing and reviving as a little of Murray & Lanman's Florida Water. Rubbed on the hands and temples, and inhaled freely, it tones and braces the whole system.

For more than a year and a half my face was covered with pimples and blotches. Four bottles of Eclectic Sarsaparilla, and three of Pills, have entirely cured me.—DAVID BARR, Sandhurst, Victoria.

For all purposes of a Family Medicine, Hagyard's Yellow Oil is at the head of the list. It is used with unprecedented success, both internally and externally. It cures Sore Throat, Burns, Scalds, Frost Bites, relieves, and often cures Asthma.

It is remarkable that the active ingredients of Fellows' Hypophosphites are alkoloids from trees which attain to very great ages, taken in connection with the fact that this preparation will increase the longevity of the human family is a somewhat singular coincidence.

BEARS.—Since Messrs. Perry Davis & Son commenced the manufacture of Bearine, the Canada trapper has found a lucrative business in capturing old Bruin. Messrs. Davis & Son pay a good price for the grease, and the skins are always sought after. Messrs. Davis & Son have a mode of refining the grease, perfuming it, &c., making it superior to any others we have ever seen.

If you suffer from any chronic disease arising from Impure Blood, Sluggish Liver, disordered Kidneys or inactivity of the Bowels: if your Nervous System is debilitated from whatever cause arising, do not despair, but procure a trial bottle of Burdock Blood Bitters; it will only cost 10 cents, Large Bottles $2.00. For sale by all medicine dealers.

BRYAN'S WAFERS (the great public remedy) have now been in use over twenty years, hence it cannot be said that they are on trial. They have been thoroughly tried, and pronounced (on the authority of those whose lives and health they have preserved) to be a sure, harmless and eminently salutary preparation, and if taken in season will invariably cure colds, coughs, sore throats, and all bronchial affections. One fair trial will convince the most skeptical. Sold by all medicine dealers at 25 cents per box.

Camping out in the pine woods has been recommended to consumptive patients, and the Rev. Dr. Murray, in his book on the Adirondacks' mentions a remarkable cure from treatment of this nature. Every one afflicted with pulmonary disease cannot make it convenient to camp out nor' is it necessary when all the benefits of the treatment are procurable by using GRAY'S SYRUP OF RED SPRUCE GUM, a scientific preparation, which presents, in a concentrated and agreeable form, all the virtue of this native medicinal gum. As a cure for Coughs, Colds' Sore Throat and Hoarseness, it is invaluable. Sold by all chemists Price 25 and 50 cents per bottle

In cases of chronic disease which doctors have failed to cure, Burdock Blood Bitters has achieved its greatest triumph. All diseases of of the Blood, Liver and Kidneys, Scrofula, Dyspepsia, Nervous Debility, Rheumatism, piles, Female Complaints and all forms of lost Vitality are promptly cured by this great renovating Tonic. Trial Bottles only cost 10 Cts.

The Corner of White Street and West BroadWay is but at present a sort rheumatic Mecca to which hundreds of cripples and shrine to which this melancholy procession diurnally wends its way is the laboratory of Dr. Wm. M. Giles, No. 120 West Broadway where with a certain stately urbanity he dispenses his new Iodide Ammonia Liniment—now regularly administered in Bellevue and other hospitals.
Sold by all druggists. Send for pamphlet.
DR. GILES,
120 West Broadway, N Y
Trial size 25 cents.

From Dean Gray, Jr., Esq., of Westfield, Mass
"About a year since I was attacked with a severe and distressing cough, followed by emaciation, night sweats, and other symptoms of approaching disease.
"I tried many remedies to no avail, and so alarming did my case appear, that my friends entertained serious fears for my recovery.
"At this juncture I purchased a bottle of Wistar's Balsam, and at once began to mend; and by the time two bottles had been exhausted I had entirely gained my health and strength I shall always keep it in my family."
50 cents and $1 a bottle. Sold by all druggists.

It is a great and often fatal mistake to take repeated drastic purgarives for constipation of the Bowels, they induce piles and cause debility of the bowels. Burdock Blood Bitters is a safe and perfect regulator of the bowels, arousing the torpid Liver and all the secretions to a healthy action; acting on the Kidneys, and renovating and toning the system in the most perfect manner.

PRESCOTT, ONT., February 26, 1880.
Messrs. Perry Davis & Son & Lawrence, Montreal,
The Pain-Killer is a very popular medicine in this neighborhood, and gives perfect satisfaction in every case where it is used I have no hesitation in recommending it to the public.
T. R. MELVILLE, Druggist.

CORNS! CORNS!

Tender corns, painful corns, soft corns, bleeding corns, hard corns, corns of all kind and of all sizes, are alike removed in a few days by the use of Putnam's Painless Corn Extractor. Never fails to cure, never causes pain, never leaves deep spots that are more annoying than the original discomfort. Give Putnam's Painless Corn Extractor a trial. Beware of substitutes. Sold by druggists everywhere.

TURKISH HAREM

It is reported that the Sultan, though engaged in a great war, found time to order largely of SOZODONT. He says his women will have it, and he wants peace at home. Wise Saltanas; rub it in well after your esthetic baths. Let' follow the "Turkeys."

Several Hogsheads of Spalding's Glue are needed for the on-coming European Congress, to make the nations stick.

A GENERAL STAMPEDE

Never was such a rush made for any Drug Store as is now at Jas. Clark & Co., for a Trial Bottle of Dr. King's New Discovery for Consumption, Coughs and Colds. All persons afflicted with Asthma, Bronchitis Hoarseness, Severe Coughs' or any affection of the Throat and Lungs, can get a Trial Bottle of this great remedy free, by calling at above Drug Store

TRUE TO HER TRUST

Too much cannot be said of the ever-faithful wife and mother...

poison exterminated, she must know that Electric Bitters are the only sure remedy. They are the best and purest medicine in the world, and only cost fifty cents. Sold by all druggists.

BEGIN EARLY IN LIFE

to cleanse the teeth with SOZODONT, and you will be repaid in maturer years and very probable in age, by the possession of sound molars and incisors, which will give you a more youthful look than you would otherwise have, and enable you to chew without incurring the penalty of a toothache. And when you have children, use the same fragrant preparation and they will have ample cause to be grateful to you. Don't omit it for a single day.

RHEUMATISM OF THE BLOOD AND DEBILITY.

HAVERHILL, Mass., March 17, 1881
Gentlemen,— Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that when I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried rubbing' but nothing seemed to help me. At last PERUVIAN SYRUP was recommended' and on taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and side At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister's health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbury, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case, and the only one he knew of The result proved the correctness of his opinion, for the use of one bottle completely cured her.
Your very truly,
MRS. CARRIE A. DANIT No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away. even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PORRS, LOTTON, Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and in wasting diseases, scrofulous tendencies, &c. ... whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. Sold by Chemists everywhere. The name of J. PEPPER is on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire ...

…T RECEIVED, fresh from the Springs, Carratraca Mineral Water, … per gallon. R. TEMPLETON, Druggist.

passing the island we emerge into a … expanse of the river. The sun goes leaving a rosy color in the sky, that …es into the deep dim purple of the … punctured with stars. This is not to … however, and clouds overcast the …ens, thus increasing the danger of sail… …fter night on the St. Lawrence. Often … the tide is out rocks and reefs lie …vered for three or four miles from the …e and unless the pilot thoroughly un…stands the river there is much danger …avigation. The wind was now very …ong and as we had to *tack* across to …e port for the night, we furled the jib … gigger and reefed the mainsail. It …w so dark that we could not see the …re, and the wind was very cold. … was standing in the cabin with my head …t; the skipper had just come out after …ranging our beds for the night; the mate …as quietly puffing his meerchaum and the …ilot was at the helm. The conversation …ad not been very brisk for some time as …ll eyes were watching for the light at …slet. Suddenly we ran against a rock. The bow struck first and gave a bound on the rock, then she turned over and lay on her side. This brought the crew all to their feet, and we immediately threw out the lead to see how much water we had. The mate went down and examined the port hole, and found it full of water. The main sail was flapping up and down in the waves, and to me there appeared little hope of righting our yacht. I asked the pilot how far we were from the shore, and he said about three or four miles. Invaded by so sudden despair I sat on the side of the yacht and tried to think of some means of escape. In the dim distance we could see what appeared to be a light house, but probably that was on some rocky island full of danger in access. I was aware of the fearful abyss that surrounded the place of our desolation. A sense of loneliness seized upon me, and the first sense of complete isolation is awful. How true it is that

"Sorrow's crown of sorrow,
Is remembering happier things."

There is no cure for fear like action, so I grasped a pole and gave it to the pilot who began at once to push her off. The skipper asked me if I was good for a swim of four miles, and a cold chill ran down my back. The tide was now rising, so after making one or two lurches she makes a bound and is once more afloat in the stream. We steer her for deep water while the mate and myself bail out. The skipper keeps throwing out the lead continually so that a similar mishap will not occur. Soon the pilot sees a black streak which he says is Islet Harbor. The vessel is turned towards it, and we reach there none the worse for our small fright. Upon further examination at the harbor we found no damage was done. The moon was now just making her appearance above the waters, and nothing more poetic could be imagined than the jubilant spirits of the crew as we jumped around on the deck, congratulating each other upon our safe arrival; the silvery reaches of the river in the moon-light; the fringed, bold shore; the stars, and the small French village reflected in the waters on the lee-side of the harbor. After satisfying ourselves that everything was all right, once more we lay down to sleep in the cabin. The skipper was up at four o'clock the next morning and gave the command for all to get ready, and before I could get the starboard leg of my pants on we were off again. The river at this place is about thirty miles wide, and a strong west wind was blowing. With the experience of the past night fresh in my memory, and seeing a rough sea before us, I can safely say I have been in positions where I felt more comfort. Our course lay in a north-easterly direction across to the north shore. The waves were rolling mountains high, and at each roll of the yacht I clung involuntarily to the side of the boat. Fortunately I did not experience any symptoms of seasickness, and as I became more used to the scene around me, I thought it was grand sport. The waves were continually dashing over the vessel, and we had to put on our rubber coats and shoes. We make the Traverse Bay in an incredibly short space of time. In this vessels are used as buoys, and in one of them a fog whistle was kept blowing continually. The bay is full of currents, which could be easily distinguished from the other waters by their "choppy" waves. The pilot informs us that we are nearing the opposite shore, but a thick mist is all we can see. The wind goes down and in a short time there is a dead calm. We see the summit of a high mountain and know we are only three miles from Murray Bay, having come from Islet, a distance of forty miles in about three hours and a half. The sails lie flapping with not a gust of wind. A swell is on the waters but we make no headway. The sea gulls which hitherto had been flying across our course seem to have departed with the wind. Even nature appears to be asleep with one eye open. The pilot leaves the rudder and takes to the oars. Soon he is assisted by a gentle breeze and becomes buoyant with the hope of reaching our destination so quickly. A small village is seen on the edge of the shore peacefully slumbering in the hollow surrounded by lofty mountains. The breeze freshens and we are enabled to reach the harbor before the tide falls. Not a person is on the wharf, not a carriage to be seen, only a few Indian huts at the bottom of the hill, around the door of which stand countless youngsters of both sexes staring at us as if we were intruders to their small hamlet. After fastening our yacht I put "*The worst boy in town*" into my pocket, and a walk of ten minutes brings us to Murray Bay.

DAILY ONTARIO.

WEDNESDAY AUGUST 3, 1881.

PRINCE JEROME NAPOLEON thinks the time is opportune for him to make his aspirations known, and take the place made vacant by the death of the Prince Imperial. He wants to be the leader of the Bonapartists, and trust to a *coup de etat* to reach the imperial crown.

THE Lords will amend the Land Bill but will not reject it. They dare not challenge the popular will by refusing to sanction what is so manifestly a public necessity in Ireland. The aristocratic element is hereditarily hostile to a measure that contains so much of a democratic principle, and would strangle it at once did it not fear that "power behind the throne" which is greater than the throne itself. If the amendments adopted by the Lords threaten to interfere with the scope and utility of the bill, the Commons will refuse to sanction them.

JACOB GAUDAUR, of Orillia, has now won a position in aquatic sports that gives him a prominent rank among the fastest scullers of the day. He has twice defeated Trickett who, until vanquished by Hanlan, was considered "the champion of the world," and has disposed of all the other … oarsmen of Canada and the … ridiculous when the … think the Minister … tive and pretentious people south of the line. A regatta of sufficient attraction, which is promised during the Toronto Exhibition, may bring together a sufficient number of professionals to settle the question satisfactorily. Should Hanlan lose the proud supremacy he has so nobly won, and modestly yet pluckily retained, we have promising aspirants for the position, who would doubtless keep the championship in Canada.

THERE is much cackling among the Tory hens and roosters over the big egg laid in the financial nest by Sir Leonard Tilley. He has been ruffling his feathers and strutting considerably since announcing that the close of the fiscal year, 1881, will show a surplus of $3,500,000, the revenue of the country being that much over and above the expenditure. Without attempting to argue a point that is yet to be formulated by figures, we might state that admitting such a surplus confirms the position taken by the Opposition at the outset of the N. P. policy. They contended that the protective tariff was not needed for revenue purposes, and that every cent collected beyond the requirements of such purposes would be taken from the consumer unnecessarily. The $3,500,000 surplus, too, does not represent the total amount the consumer has had to pay beyond what was actually needed for revenue. The monopolists have made fortunes out of the same taxpayer and consumer. This is the way the N. P. works. The Opposition believe in *a tariff for revenue only*.

THE TORONTO EXHIBITION.

Three years ago, when an independent agricultural and arts exhibition, on an extensive scale, was established in Toronto, many predicted that, without provincial aid, and with competition from other and subsidized annual shows of a similar nature, the experiment could not prove successful. With the assistance of the public funds, the attractions furnished by the presence of the Marquis of Lorne and Princess Louise, and a lavish display of local enterprise and enthusiasm, the first actual exhibition under the new organization was a decided success. The second, though wanting some of the elements that contributed so largely to the previous display, did not disappoint the expectations of the managers, and another victory was scored. This year again extra inducements are offered to attract the multitude and satisfy the curious. The citizens of Toronto are liberally responding to the call of the board, and will supplement the prizes awarded in the several departments by special and handsome offers which must greatly stimulate the spirit of competition and add to the strengthening features of the exhibition. In short, Toronto is putting the best foot forward in this year's exhibition, and nothing will be left undone to make the arrangements as complete as possible. In addition to the fair properly, there will rowing and sailing regattas, athletic sports, horse racing and other features that must complete a very extensive and attractive programme. We must not forget to mention, too, that the dairy exhibit at the forthcoming show promises to be far in advance of any previous display of the kind. The Eastern and Western Dairymen's Associations have made very liberal grants towards this branch of the exhibition, and the leading produce dealers of Toronto will also contribute a considerable sum for prizes. Altogether, the work of preparation seems to be on a scale of unsurpassed magnitude and efficiency, and we predict the most successful exhibition ever held in Canada.

HAPPY AND CONTENTED.

Mr. J. W. McMullen, who sold his farm in Sidney and bought a much larger one in the County of Halton, whither he moved this spring, writes that he and his family are "happy and contented, and expect to flourish like a green bay tree." He says: I think this is one of the best counties in Ontario—the place where a man can raise wheat. My fall wheat will yield about 30 bushels to the acre. I see to-night, per *Chronicle*, that David Murdoff gives an account of a pretty good hay crop—about 100 loads. (He has 120 loads.—ED. ONTARIO.) Does that mean so many loads, or what? (It means so many loads, equal probably to about 75 tons.—ED. ONTARIO.) I will give you a synopsis of the products of my farm this year, or as nearly as I can before threshing—We calculate on 100 tons of first-class hay; 700 or 800 bushels of wheat; 400 of barley, which is a fine crop; 700 of oats; 100 of peas; and small fruits in abundance, with quite a few peaches. The apple crop is almost a failure, as a general thing, but we have a fair crop.

If you ever come west, just drop off the G.T.R. at Georgetown and take the Hamilton and N. W. Railway to Zimmerman. You will there very soon find a man they still call J. W. McMullen. I would just say that I am well pleased with my new home, and particularly with my farm, which I think is one of the best in Canada. This is no boasting. The *Chronicle* comes to hand regularly.

THE PRESS ASSOCIATION.

The following officers were elected at the annual meeting at Port Hope yesterday:—

Mr. E.J.B.Pense, of the Kingston *Whig*, was elected President.

Mr. Geo. Tye, of Brampton, first Vice-President.

A. Blue, of the Toronto *World*, second Vice-President.

W. Climie, Bowmanville, Secretary-Treasurer.

Mr. A. J. Mathison, of Perth, Assistant-Secretary.

The following gentlemen were appointed the Executive Committee: C. D. Barr, H. Hough, E. Jackson, J. Innes, C. B. Robinson, J. Summerville and J. B. Trayes.

Messrs. John Smith and R. Mathison … appointed Auditors for …

… and a properly nourished frame.—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, …

BOARD OF EDUCATION.

Appointment of Teachers.

A special meeting of the Board of Education was held last evening at 8 o'clock.

Present—Thomas Wills, Esq., Chairman; Messrs. Johnson, Rev. Mr. Burke, Newbery, Hayne, Macoun, W. J. Diamond, Dr. Willson, Tennant, Davis, Doctor, Wood, Northcott, Moore, I. Diamond, VanAllen, Richards, McGinnis and Wensley.

The minutes of the last meeting were read and approved.

The report of the Committee on Sites, &c recommended the acceptance of the tender ($237.50) of Mr. Palen for repairs to Octavia Street School.

The report of the Committee on School Management was read, and with that of the Committee on Sites, &c was received.

Inspector Johnson read a report detailing the promotion in the several schools, the substance of which has already been printed.

The Board went into Committee of the Whole on Reports, Mr. Newbery in the chair.

The report of the Committee on Sites, &c. was again read, when Mr. I. Diamond moved, seconded by Mr. Tennant, that the Chairman of the Building Committee be authorized to have the necessary repairs made to Octavia St. School, at an expense of not over $200 over the appropriation $75) for that school. The mover explained he necessity for the repairs to this school, and averred that the proposed outlay was not excessive.

Mr. Johnson said an effort would this year be made to keep the expenditures within the estimates, and he hoped the appropriation for this school would not be exceded.

The motion was carried.

Repairs were ordered to be made to the Central and High Schools.

The report of the Committee on School Management was again read. It gives the names and salaries of the teachers &c. as follows:

John Johnston, Inspector, $800; J. A. G. Crozier, Sec.-Treas., $350; James Smith, Superintendent of Buildings, $100.

HIGH SCHOOL—R. Dawson, $1,000; E. Milburn, $750; Miss Hunter, $500.

CENTRAL SCHOOL—John Irwin, $750; Wm. McKeown, $650; Miss Urquhart, $400; Miss Northcott, $350; Miss Clarke, $350; Miss Brownlee, $300; Miss Simpson, $300; Miss R. Northcott, $300; Miss Chambers at $250, if she obtains the necessary certificate; if not, Miss Mathison.

OCTAVIA STREET SCHOOL—Miss Jack, $450; Miss E. Clarke, $325; Miss Powell, $250; Miss Ida Jack, $250.

PINNACLE ST. SCHOOL—S. A. Gardner, $650; Miss Harold, $250; Miss McInnis, $250.

CANIFTON ROAD SCHOOL—S. Armstead, $550; Miss A. Diamond, $250.

STATION SCHOOL—J. W. Dafoe, $550; Miss Bollard, $300.

Writing Master, G. A. Swayze, $600.

On the reading of Mr. Dawson's name, Mr. Johnson objected to it, and moved in amendment, seconded by W. J. Diamond, that no name be inserted as Principal of the High School, and that a proper teacher be advertised for in the local papers and in the *Globe* and *Mail*.

In support of this motion he said he made it in the interests of the school. He opposed Mr. Dawson's appointment because his services for two years past had been inefficient. We have a thermometer for guaging the success of that school — the report of the Minister of Education—by looking at which it would be found the funds of the Board had decreased owing to the inefficiency of this school. Mr. D. was responsible for our receipts for the upper school. In 1876 our receipts for that school from the department were $151, for 1877 $187, for 1878 $66, for 1879 $20. The habits of Mr. Dawson exerted an influence on every scholar under his care, and were detrimental to them. Mr. Dawson promised last year to do better, and did so for a time, and as a friend of his he (the speaker) would not do his duty, if he did not vote against his appointment, expressing at the same time the hope that he would change his mode of life, and endeavor to better himself elsewhere. Besides, Mr. Dawson did not attend to the meteorological work for which he was paid $200 by the Education Department; and the grant by the Government to the schools was delayed owing to Mr. Dawson not having made his report.

Rev. Mr. Burke approved of letting Mr Dawson down as easy as possible, and if it was the desire of the Board not to employ him he should be allowed to resign.

Mr. Macoun said a charge against Mr. Dawson should have been formulated and presented to the Committee on School Management. He would favor Mr. Dawson's appointment if he would fill it conscientiously and honestly, and as Mr. Dawson had promised to do his duty faithfully if appointed as a teacher, he hoped his services would not be dispensed with.

Mr. W. J. Diamond said if charges had been made against Professor Dawson the investigation would have been disastrous to him. With the school inefficiently attended to, as it had been, he could not vote for his re-engagement. He argued from the annual published report for 1878-79 that our school did not make the progress other schools had, but had deteriorated, and as a consequence our grant had lessened. It was time this school arose from its lethargy and took its place among the highest of the High Schools of the Province of Ontario.

Mr. Wensley spoke against the appointment.

Mr. I. Diamond said if our High School has been retrograding as stated, and the Board not know it, the members had been derelict in their duty. If the department Mr. Dawson had charge of was a failure, the Chairman of that School Com had not done his duty. When Mr. Dawson failed to perform his duty he should have been told of the fact; he should have been remon… to Mr. Dawson when he does wrong, and if his error was not rectified, then we should dismiss him. He concluded by stating that he favored the report.

The amendment was put and lost by a vote of six to eleven.

The reading of the report was continued.

On the mention of Miss Simpson's name, Mr. Tennant moved, seconded by Mr. McGinnis, that Miss Brownlee be appointed in Miss Simpson's stead.

Mr. Wills read a letter from Dr. Abbott stating that Miss Brownlee would be able to take her place on the opening of the school.

Mr. W. J. Diamond favored the appointment of Miss Simpson.

Mr. Brownlee's appointment was approved of, and Miss Simpson was placed in another position.

The Committee rose and reported.

On the question of the adoption of the report, Mr. Johnson moved that it be referred back to the Committee for the purpose of striking out the name of Prof. Dawson.

The motion was lost.

The yeas and nays were called, with the following result:—

YEAS—Messrs. W. J. Diamond, Davis, Johnson, Wensley, Wood and Moore.

NAYS—Messrs. I. Diamond, Rev. Mr. Burke, Hayne, Macoun, McGinnis, Newbery, Northcott, Richards, Tennant and Doctor.

The report was passed on the same division.

The Inspector was instructed to correspond with the Minister of Education to have Miss Brownlee's permit extended.

Mr. Davis' name was placed on the committees in lieu of Mr. Wills, who had been appointed Chairman of the Board.

The Board then adjourned.

CORRESPONDENCE.

[We are not responsible for what our correspondents may say. By granting space for the expression of their views, we do not endorse their sentiments.]

ALDERMAN JELLETT AND HIS FINANCIAL STATEMENT.

MR. EDITOR,—As Ald. Jellett seems to be very sensitive, and makes it a personal affair because certain Aldermen have seen fit to oppose his estimates according to their judgment, and for the best interest of the city, I would like to ask him,

1. Why did he not show to the Finance Committee the proper disposition of the $20,000 proposed suspense account?

2. Why did he refuse to place it, when asked by Ald. Diamond, before adopting the rate?

3. Did he not know it was illegal to pass the rate of 15 mills on the dollar before placing the $20,000?

4. When referred to the Finance Committee for disposal of $20,000, who wrote out and placed in the hands of Alderman Lingham the motion to refer back to Council the disposition of the same?

5. Why did he not place before the Council the report of the Finance Committee with the estimates for consideration.

6. Did said report not show that resolutions were carried in the Finance Committee recommending that $10,000 of city debentures be purchased with part of suspense account?

7. Was it not pre-arranged to move "previous question" for the purpose of burking discussion, so as to pass his rate at 15 mills on the dollar?

8. How is it that $1,230.44 with $40 interest, for hose for 1880, appear in the estimates of 1881, as unpaid, whereas only a little over $1,000 was the contract price?

CONUNDRUM.

HUFF'S ISLAND S. S. REPORT.

The following is the standing of the three pupils who received the highest marks in each class during the last quarter in Huff's Island Sabbath School:—

Eliza Delong, teacher—M. Huff, 1st; M. Nightingale, 2nd; M. Delong, 3rd.

Mrs. Victoria A. Huff, teacher—H. Conklin, 1st; G. Furnia, 2nd; W. Tugnut, 3rd.

Mrs. Hannah Conklin, teacher — W. Neel, 1st; T. Brooker, 2nd; J. Brooker, 3rd.

Miss Ella Nightingale, teacher—Bell Huff, 1st; Janey Black, 2nd; Flora Huff, 3rd.

Lewis C. Conklin, teacher—Clara Whitney, 1st; Annie Nightingale, 2nd; Mary Black, 3rd.

Aulgar Huff, teacher—L. Loyad, 1st; E. Brooker, 2nd; H. Huff, 3rd.

David A. Delong, teacher—R. Black, 1st; P. Black, 2nd; Joseph Nightingale, and Charley Hall, 3rd.

There were 3575 verses committed during the quarter, and the average attendance 50.

ISAIAH DELONG, Superintendent.
JOHN NIGHTINGALE, Secretary.
Ameliasburgh, July 1881.

—Public Speakers, Actors and Vocalists find, and state that Dr. Thomas' Eclectric Oil relieves hoarseness and irritation in the throat better than remedies specially advertised to relieve that difficulty. This Oil has a wide scope, since it cures external hurts, corns, frost-bite, piles and a variety of other unhealthy conditions.

NEW ADVERTISEMENTS.

To FARMERS!

AND OWNERS OF VEHICLES GENERALLY:

I have every appliance for the setting of tyres at my shop, in the Dominion House yard, and will fill orders at the following rates:

Lumber Waggon Tyres,....$1.00 per sett.
Buggy Tyres (with bolts).... 1.50 per sett.

My reputation as a first-class horse-shoer is generally conceded, and all owners of animals who wish to have them shod in a proper and thorough manner should give me a call. I understand the anatomy of a horse's foot and know how to shoe an animal properly, a fact which I can endorse by my work and money. I have certificates of the character of my work from Dr. Drinkwater, Daniel Ackerill and others, and am confident I can give satisfac…

—Great Fire and Damage to Dry Goods!—

—AT—

FOSTER & REID'S.

Owing to a fire having occurred on our premises, and a large portion of goods being more or less damaged, we have decided to clear the whole stock at once by offering the goods at great sacrificing prices. The stock, with the exception of a small portion, is not actually much the worse, but we will give our customers all the advantage we have received from the insurance upon it and offer them goods at sacrificing prices.

A LARGE LOT OF DAMAGED PRINTS, CRETONNES, TWEEDS, &c., at 50 per cent. less than cost.
A LARGE LOT OF TABLE LINENS, ROUGH, BROWNS, TOWELLINGS, LINENS, &c., only slightly damaged to be cleared at a price.
THREE HUNDRED PIECES OF DRESS GOODS, damaged slightly by water, to be cleared at one half price.
A LARGE LOT OF HAMBURGH EMBROIDERIES, LACE EDGINGS, and all Light Summer Goods will be offering at bargains.
A LOT OF COLORED SILKS offering at 50 cents, worth $1.00.
BLACK GROIS GRAIN SILKS at less than cost price, really none the worse.
GREAT BARGAINS OFFERING IN LADIE'S AND CHILDREN'S HOSE, GLOVES, TIES, &c.
☞ This is an opportunity offered the public of securing some great bargains. Wait for bargains.

Store will be open on Wednesday next.

BROCK & CO., Photographers

THE DAILY ONTARIO. WEDNESDAY. AUGUST 3, 1881

THE WONDER, STUDY AND TALK OF THE DAY!
The instantaneous dry plate process. We use it with perfect success. Bring the little folks, we catch them every time.
BROCK & CO., Photographers.

NO FIRE!
But Something Better at the Glasgow Warehouse.

In order to meet the competition of damaged goods that are thrown on the market, we commenced on WEDNESDAY, THE 27TH OF JULY, TO OFFER THE WHOLE OF OUR LARGE STOCK OF DRY GOODS AT COST PRICES.

THIS GREAT SALE will continue for TWO WEEKS from Wednesday, and during the two weeks we will OFFER EVERYTHING IN STOCK, WITHOUT RESERVE, AT ACTUAL COST PRICE, adding only a small percentage to cover expenses upon them.

Terms of sale will be STRICTLY CASH and my goods sold otherwise than for cash will be at their usual prices.

Remember OUR GOODS ARE FIRST-CLASS GOODS WITHOUT ANY DAMAGE about them, and we will offer them AS LOW AS DAMAGED GOODS will be sold, and in may instances much lower.

After this sale is over we will sell our goods at their usual prices.

CUSTOMERS WILL SAVE MONEY by buying all they possibly can during this great sale.

GLASGOW WAREHOUSE.

DAILY ONTARIO.

WEDNESDAY AUGUST 3, 1881.

Business Notices.

America was discovered by Lief Ericsson, the Icelander, in the year 1004, and 856 years after, the Eastbrook Steel Pen Co. turned out their first pen.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50 cents. B. Templeton, special agent.

☞ Watt's Homœopathic Remedies at Geen's drug store. See adv't. ☜ Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If your wash pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring Glass will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

THY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quantities by A. Knox, Wm. Jackson, Wm. Bullen, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family medicine. In large 9 ounce bottle, 50 cents, at B. Templeton's Drug Store.

—Young man, are you about to get married? Good! it's a step in the right direction. But be honest. Did you ever give a note—a promise to pay—and when purposely forgot it—suffer it to be dishonored? We hope not. But whether you did or not, don't come that game over a confiding woman. If you promise to protect and defend her, do it like a man. Don't worry over the style of a wedding ring until you have applied for and received and paid for, and handed to her a substantial life policy in the Ontario Mutual Life Assurance Company, for which S. Spence, is the General agent for this district, and F. M. Clarke is local agent. Their office is in the Ashley block.

We do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be our duty, owing to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper.

We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malaria and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote to disorders of this nature. It is, withal, a safe and harmless one to take, being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of those drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Alkine, Ark., News.*

LOCAL AND GENERAL.

Six cars of hematite ore came in last night and eight this morning.

Two drunks were provided with accomodations in the cells last night.

ANOTHER large train load of timber came in over the G. J. R. yesterday afternoon.

THE Oka Lacrosse Club, accompanied by several of their friends, left for Channel Grove this morning on the *Hero*.

NEXT SATURDAY evening's excursion by the "Alexandra," is to be under the auspices of the Bridge St. Methodist Sunday School.

JAMES SWAN and John Burns were charged in the Police Court to day, with drunkenness. Both were discharged and ordered to leave the city.

THE picnic under the auspices of the Mission Sabbath School, took place this morning. The party was taken up the bay by the *Prince Edward*, where the picnic was held. The attendance was large.

THE dining-car privileges of the G. T. R. are now managed by Mr. Longhive of Delmonico's, N. Y. Under the new management it is to be hoped the privilege will be remunerative to the company and lessee as well.

MR. AND MRS. J. C. JAMIESON left here this morning for Winnipeg, and will be absent about a month. We trust they will have a pleasant and agreeable trip, and enjoy all the sights and attractions to be seen in the locality of their visit.

MR. J. L. BIGGAR is rusticating at Scott's Camp, Lake Muskoka, where he finds all the delights and blessings of a summer outing, and plenty of mosquitoes. It any of his friends wish to correspond with him, they can address him at Torrance P. O., Lake Muskoka.

MR. J. H. MORDEN, of Amelisburg, today exhibited in this city, a fine sample of apples of the Russian variety. At the same time he showed a sample of the "Ben Davis" grown last year, which appeared as sound as when taken from the tree. Both were fine specimens of fruit.

THE *News* of the 2nd has the following: —"We were shown to-day a beautiful gold pin, which is to be presented to Mr. George J. Thomas, of Belleville, by Mr. James Metcalfe, M. P. P., as a token of respect and for old acquaintance sake. On one side of the pin is engraved a game cock and on the other the letters "G. J. T." It will be forwarded in a few days." The friendship of a man like Mr. Metcalfe is a treasure indeed, and in this instance is bestowed on one who knows how to appreciate it. Our best wishes to both.

IT is an interesting sight to see young boys go over the broken dam at Ostrom's mill, on the upper deck of a Tudor Township saw log. The boys are not very particular in their choice of a log either, as they tackle the first one that comes along, and by a display of dexterity—equalled only by a Japanese wire walker—perform the difficult passage in safety. There is an excellent chance for some boy to break his arm or leg in this pastime, and the list of accidents will not be completed till he does. Then will the very dangerous amusement cease.

☞ Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

We would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of matured ability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the men. The turning point of the battle often depends on the strength which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or crooked horses will ruin the prospects of any farmer. J. F. C. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in his profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House, opposite Dr. Willson's, Pinnacle Street, Belleville.

CUSTOMS RETURNS.

The following is a return of the goods entered for consumption at the port of Belleville during the month of July 1880 and 1881:—

	IMPORTS. Value	Duty
1880	$ 10,672	$3,036.33
1881	10,185	2,029.28
	$487	$1,007.05
	EXPORTS. Value	
1880	$ 91,508	
1881	70,287	
	$20,921	

SPORTING NOTES

—The following are the members of the Athletic Lacrosse Club of Kingston who will play the Okas at Channel Grove today:—

S. Gray—Goal.
J. Macdonald—Point.
C. Hunter—Cover Point.
P. Fiffe—Defence.
R. Eller—Defence field.
F. Lenea—Defence fie'd.
C. Creegan—Centre.
J. Perry—Centre field.
J. McMillan—Centre fie'd.
G. Robinson—Home.
W. J. Meek—Home.
G. Greaza—Home.

Considerable interest is taken in the match.

There is not a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Eclectric Oil—a harmless remedy of acknowledged efficacy. It cures lameness and sorreness when applied externally, as well as swelled neck and pain in the back; and, as an inward specific possesses most substantial claims to public confidence.

DASHES.

—Saponace streets are overgrown with weeds. The N. P. hums there.

—The water in Lake Ontario and Bay of Quinte is said to be very warm.

—Two British steamers raced from Yokohama to New York, a distance of 14,000 miles, with cargoes of tea. The victor was only six hours ahead.

—The many friends of the Rev. Dr. Dewart, editor of the *Christian Guardian*, will regret to learn that his health is not much improved. He is still in England.

—We are in receipt of the Charter and By-laws of the Canadian Club of Chicago, which was organized Nov. 12th., 1880. The President is Mr. N. T. Fitch, Attorney-at-Law.

—A man named Louden, living in Toronto, has sold his wife and two children to another man with whom the woman had eloped for $50 "legal tender of the realm," and has signed a paper to that effect.

—Mr. Wm. Owens, of Picton, lost $900 out of his pocket on Saturday, while going from the wharf to his house. A gentleman named George Wilson found the money in the street four hours after, and promptly returned it.

—There were examinations of the normal and children's classes at the closing exercises of the Sunday School Parliament, Thousand Island Park, last Saturday. The five gentlemen who passed in the normal class were all Canadians.

—Mr. F. M. Howard, of Toronto, left that city last Saturday morning for Kingston on a bicycle. He reached Belleville at noon Sunday, and rested until 2:30 p. m., when he resumed his journey, arriving at Kingston the same evening at 8.

—Rev. Jas. Robertson, of Knox College, Winnipeg, has been formally inducted into his new position as Superintendent of Presbyterian Missions in Manitoba and the North-West, an office which was created by the act of the General Assembly, which sat at Kingston last June.

—A Niagara Falls hackman has met more than his match. Five small boys, members of a St. Catharines Sunday School, engaged a hack near the cataract. After riding for a couple of hours they all slid out of the back window of the hack and escaped, while the unconscious hackman drove on for five miles before he found out his mistake.

YACHTING NOTES.

—The *Hebe* returned to Kingston from her cruise up the lake, on Monday.

—The *Norah* returned from her "down the river" cruise last evening. Her crew are well tanned by exposure to the wind and weather.

—The *Palladium* of Monday says:—"The yacht *Adelaide* leaves to-morrow with Serg't. Beal, Fred Penfield and W. B. Phelps, Jr. for Belleville and the Islands."

—The planking of the *Atalanta* was completed this afternoon, and the work of putting on the deck—the material for the greater portion of which is already on—followed. The force of carpenters has been increased, and the general indications now show that no time will be lost in getting her in readiness for the contest for the "America Cup."

—In the Kingston regatta, Dominion Day, the Belleville yacht *Kittie Gray* was beaten by the *Emma*. The latter, however, shifted ballast while the Belleville yachts sailed with their's fixed. Sailing rules appear to be very lax in Kingston waters, and we hope that when more thoroughly organized the abominable and dangerous custom of shifting ballast will be ruled out of existence. It exerts a very bad influence upon the model and qualities of yachts, and makes racing doubly as expensive without any compensating results. The practice of shifting ballast has had much to do with the preservation of death trap features in large yachts. The *Katie Gray* will be glad to meet the *Emma* in Belleville waters and sail her under the recognized rules applicable to legitimate sport. We hope our Canadian cousins, in following the customs on this side the St. Lawrence, will pick the wheat from the chaff, and not acquire a fleet of machines after the Mohawk and Sophia pattern.—*Forest and Stream.*

On mailing the above one would be led to suppose the *Emma* was the only one which shifted ballast in the race here on Dominion Day. All the yachts shifted ballast, as the rule was made to meet those who sometimes agree not to shift and then do so. Mr. Offord wishes us to state that he is prepared to make a race with any yacht in Canada of the *Emma's* class. Race to be sailed under the Royal Canadian Yacht Club rules, in Kingston harbor or any natural water, as may be agreed upon when making a race. Race to take place within thirty days from this date.—*Kingston News.*

As a rule the owners of yachts at Kingston have always had a weakness for ballast shifting, and have allowed it in contests which have taken place there, whilst the contrary has been the case here. In the case of the yachts owned here, there is but very little ballast aboard of them that can be readily shifted, and such a device as shifting is not resorted to here. Mr. Offord comes out boldly enough—as he always does—but his weakness for ballast shifting again shows itself in his wish to rail under the rules he asks for. If his proclamation results in a race, it will be under other than R. C. Y. C. rules—if a Belleville yacht takes part in the contest.

MARINE NOTES.

—The "Belle" came in this morning with wood from Deseronto.

—The "O. S. Storrs" is coming here for a load. She was at Black's dock this morning.

—The "Thompson Kingsford" and "Nellie Teresa" cleared this morning, the former with lumber for Oswego, and the latter with ore for Fair Haven.

WEATHER BULLETIN.

TORONTO, August 3.

Light to moderate winds, and fine warm weather.

BRADLAUGH AGAIN.

This afternoon Chas. Bradlaugh, true to his promise, attempted to force his way into the House of Commons, while an immense crowd outside the Palace yard cheered him on. He was removed from the lobby by the police, and his admission to the House forcibly prevented. An unprecedented scene followed. Labouchere, Coreon, Lawson and other Radical and Liberal members protested against the action of the House, the former declaring that the resolution forbidding Bradlaugh to enter the House did not exclude him from the lobby. The action of the Speaker in ordering his removal was supported by Gladstone and Northcote, and finally a motion to that effect was passed. Several Liberal members quitted the House amidst ironical cheers. John Bright characterized the scene as unprecedented.

DENNIS MANDEVILLE,

Trouble about a Sailor's Funeral.

A Detroit paper says:—Dennis Mandeville, the sailor who died at the Marine Hospital on Friday from injuries received by falling from the rigging of the schooner *Antelope* was destitute of means. On Saturday the poor Commissioners were notified of the fact and an order for burial was asked. Mrs. Mandeville the widow of the deceased, came here from Belleville, Ont., with three small children to attend the funeral, and when they arrived she had not enough money to purchase a meal. Supt. Martin provided for her, and then referred the case to the Custom House officials. The latter could not attend to the burial, as Mandeville was a Canadian, the Superintendent went to Windsor with a view of getting the Custom House officials of that place to bury him. This they refused to do, and the remains were then placed in charge of Undertaker Blake, who buried them in the afternoon. The expense involved will have to be defrayed by the State. The case was referred to Coroner Carrier for an investigation.

The author of the above statement has certainly been misinformed, as it contains several incorrucies. Mandeville was not destitute when he died; his widow did not take her children with her to Detroit, and when she left here for that city she had enough money to pay all her expenses. The expense of burial was borne by the Sailors Union who acted in a very generous spirit towards the afflicted woman.

A GIRL MISLED.

Fruitless Search for Her by Relatives—Resrt to Legal Measures.

Glenburnie is somewhat agitated over a scandal of considerable magnitude. In March a young lady, about 18 years of age, in poor health, was sent from her home, in the vicinity of Belleville, to friends in Glenburnie. She won the esteem of many. She was good-looking, hence had many admirers. About April she became acquainted with a young man who had returned from the States. He got into the confidence of the lady, took her for frequent drives and walks, and is said to have violated her under promise of marriage. The relations of the young couple were discovered and the girl's relatives notified. She was requested to return home, and for this purpose money was sent to her, but instead of returning she was induced to elope with her lover. That was the last that has been seen of her. She was taken to a house near Cobbinsby, and there kept. Her step-father came to this city but a short time ago in search of her. He went to the one whom he believed knew where she was and asked "Are you the person who misled my child?" He said he was not, but the production of a revolver made him promise to get her. When released he secreted himself until darkness came and then escaped. For several weeks the foolish girl has been hidden, but enough is known regarding her movements to show that she is in the hands of badly disposed persons. The girl's family are in great distress on account of her conduct, as whenever any attempt is made to secure her she cannot be found. She visited Kingston and remained there for several days. One of the young men, who is interested in the case, borrowed $100 from an uncle, and is said to be spending it in Kingston in keeping her from her friends. As a last resort a warrant has been issued for the arrest of the principal,—"British Whig."

THIS AND THAT.

—"She got on the box and I asked her for ten cents before she put her hand in the rope. She wouldn't give me the ten cents, and I let her go; and she didn't put her head in. She hollered and fell down, and then you men came running." This is the graphic story of a Columbus, Ohio, boy who had agreed to assault a woman in committing suicide if she would give him ten cents.

—Insanity statistics in France show that the number of persons in that country who are mentally deranged exceeds 100,000—an against 94,000 in 1869. Taking the average of the whole population, there is about one person unsound in the upper story out of every 400; but the armed professions furnish relatively much the larger proportion, there being one madman in every 100 artists, 120 lawyers and 220 professors and writers. This is opposed to the experience of Canada, where the greatest number of insane persons came from the rural districts.

—One of the latest novelties in the way of attempted suicide is reported from France. A workman, after a domestic quarrel, drove a long poniard into his head with the aid of a hammer. Unfortunately, however, his well-intentioned efforts proved a failure. Instead of dropping dead, as he ought to have done, he found himself speedily none the worse. But he could not draw the poniard out, and several doctors were equally unable to extract the weapon. "The man," we read, "was ultimately taken to a workshop in the neighborhood, accompanied by the medical gentlemen, and here he was seated on the floor, held down in a sitting posture by two persons, while mechanical force was used to draw the weapon from the skull." All of which is wondrous, if true.

—The latest reports regarding the health of the Hon. J. C. Pope, Minister of Marine and Fisheries, are to the effect that he is confined to his bed in a very low condition.

—A meeting of the Masonic fraternity under the auspices of the Civil Service Lodge of Ottawa, No. 148, G. R. I., will take place in the Masonic hall, Ottawa, for the purpose of installing a D. D. G. Master for the Ottawa and St. Lawrence districts. A large number of visiting brethren

Telegraphic Despatches.

The Wounded President.

A Tranquil Sleep—Condition Satisfactory

WASHINGTON, 8:30 a.m., Aug. 3rd, official. —The President slept tranquilly for the greater part of the night. This morning the temperature is normal and the general condition satisfactory. Another day of favorable progress is anticipated. At present the pulse is 94; temperature 98.4; respiration 18.

NOTES AND EVENTS.

NEW YORK, August 3.—Washington specials to the *Sun* say the only thing not satisfactory is the continuation of the President's fever. Last night it was higher than on the previous night. So long as a high fever lasts the President cannot get along very rapidly.

The continuous presence of either Hamilton or Agnew is regarded as an indication that confidence that all danger is past does not exist.

The *Herald* says another White House employee, making eight altogether, has succumbed to malaria. It is believed the washing process through which the air passes, which enters the President's room entirely removes all malarial poison.

The Deputy-Attorney received from Guiteau a petition for the latter's release on $10,000 bail. The document covers four or five pages, is drawn up in correct form, and exhibits considerable familiarity with the methods of legal procedure. He lays special stress upon the fact that the President is now in a fair way to recover. Guiteau requested the District-Attorney not to present the petition to the Court for several days. Guiteau stated he wanted no legal advisers and feels capable to manage his own case.

The *Times* says: Dr. Bliss says the President is greatly altered, but no one who knew him could possibly fail to recognize him at once.

Guiteau intimated in the event of favorable consideration of his petition, he would have no difficulty in securing bondsmen. A queer feature in the matter is how Guiteau got information of the favorable consideration of the President and opinions of physicians. The prisoner is prohibited from receiving newspapers or conversing with any one, except upon matters relating strictly to prison life.

BIRTH.

CARMICHAEL.—On the 3rd inst., the wife of W. R. Carmichael of a son.

Trade Auctioneers Syndicate Store.

HATS. HATS. HATS.
N. DAVENPORT
HAS determined to offer his whole Stock of Hats AT COST.
This is without doubt the finest and best assorted Stock of Hats in Ontario, and in selling it at cost it gives the public an opportunity of getting first-class goods seldom offered.
THIS IS A GENUINE COST SALE!
N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN SHIRT FACTORY. About Advertising. UP TOWN SHIRT FACTORY.
A man said to me the other day "Sam, you are a big advertiser. It must cost you lots of money in a year. Does it pay you?"
"Well," I said, "if you can tell me how to let the people know that I sell cheaper Shirts than are sold anywhere else in the city, I will quit."
"Well, that is so," he said. "But *do* you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I hear so many speaking of."
Well, I showed him our styles—well made, good cloth and guaranteed to fit—sold him his summer's out-fit, and had no trouble in convincing him that *advertising is not all wind.*
[The great secret of successful advertising is to always be able to show as good a bargain as you advertise.
S. G. RETALLACK,
Shirt Maker and Gent's Furnisher, 404, Front Street, Belleville.

IMPORTANT SALE
OF
NEW FURNITURE—
AT LESS THAN WHOLESALE PRICES!
Being compelled to make EXTENSIVE ALTERATIONS IN MY PREMISES which will necessitate the removal of goods, I have determined to
OFFER ALL MY PRESENT STOCK,
Amounting to upwards of
Fourteen Thousand Dollars worth of New & Fashionable Furniture
AT RIDICULOUS PRICES.
Notwithstanding the upward tendency in prices—all the Western houses having recently made a considerable advance—I prefer selling my stock at a reduction to holding it over during the time occupied in altering my premises.
The public will find this a genuine and advantageous sale, and to dealers and jobbers a splendid opportunity is offered for laying in stocks for fall trade. All goods marked in plain figures with the reduction. TERMS, STRICTLY CASH.
☞ SALE BEGINS AT ONCE AND WILL CONTINUE UNTIL SEPT. 5TH,
JOHN G. FROST,
July 5, '81. 53d4w MANUFACTURER.

A GREAT CAUSE OF HUMAN MISERY
IS THE LOSS OF
MANHOOD.
We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.
Price, in a sealed envelope, only 6 cts., or two postage stamps.
The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
This Lecture should be in the hands of every youth and every man in the land.
THE CULVERWELL MEDICAL Co.
41 Ann St. New York
Post Office Box 4586.

THE GREAT FEMALE REMEDY
JOB MOSES' PILLS
This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excess and removes all obstructions, and a speedy cure may be relied on. To married ladies they are particularly suited. They will, in a short time, bring on the monthly period with regularity. These Pills should not be taken by females during the first three months of Pregnancy, as they are sure to bring on Miscarriage, but at any other time they are safe. In all cases of Nervous and Spinal Affections, Pains in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites, these Pills will effect a cure when all other means have failed. Full directions in the pamphlet around each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12½ cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agents for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville. Also sold by Bosher, Stirling; W. G. Earke, Trenton; and all medicine dealers.

KEILLER'S
MARMALADE!
THIS SPRINGS IMPORTATION
JUST ARRIVED.
Wallbridge & Clarke,

ELECTRICITY! THOMAS ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which we think should be sufficient to satisfy the most skeptical:—J. Collard, of Waterloo, writes: "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I got from you, and want more now; it cures are truly wonderful."—Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now."—H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil, I am nearly out, nothing equals it."—J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."—J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it."—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."
BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case;
A LAWYER'S STORY.
BY ANNA KAATHRINE GREEN.

Nor was this mood a mere transitory one. That same night she made a discovery which increased her apprehension almost to terror. This was nothing less than the fact that Eleanore had been keeping a diary of the last few weeks. 'O,' she cried in relating this to me the next day, 'what security shall I ever feel as long as this diary of hers remains to confront me every time I go into her room. And she will not consent to destroy it, though I have done my best to show her that it is a betrayal of the trust I reposed in her. She says that it is all there is to show her reasons for doing as she has, and that without it she would lack means of defence, if uncle should ever accuse her of treachery to him and his happiness. She promised to keep it locked up, but what good will that do! A thousand accidents might happen, any of them sufficient to throw it into uncle's hands. I shall never feel safe for a moment while it exists.'

The idea struck Mary favourably. 'O yes,' cried she, 'and I will put my certificate with it and so get rid of all my care at once.' And before the afternoon was over, she had seen Eleanore and made her request.

I endeavoured to calm her by saying that if Eleanore was without malice, such fears were groundless. But she would not be comforted, and seeing her so wrought up, I suggested that she should ask Eleanore to deliver it into my keeping till such time as she should feel the necessity of using it.

It was acceded to with this proviso, that I was neither to destroy nor give up all or any of the papers except upon their united demand. A small tin box was accordingly procured into which were put all the proofs of Mary's marriage then existing, viz.: the certificate, Mr. Clavering's letters and such leaves from Eleanore's diary as referred to this matter. It was then handed over to me with the stipulation I have already mentioned, and I stowed it away in a certain closet up stairs, where it has lain undisturbed till last night.

Here Mrs. Belden paused, and blushing painfully, raised her eyes to mine with a look in which anxiety and entreaty were curiously blended.

'I don't know what you will say,' she began, 'but led away by my fears I took the box out of its hiding-place last evening, and notwithstanding your advice, carried it from the house, and it is now—'

'In my possession,' said I quietly.

I don't think I ever saw her look more astounded, not even when I told her of Hannah's death. 'Impossible!' she exclaimed. 'I left it last night in the old barn that was burned down. I merely meant to hide it for the present and could think of no better place in my hurry; for the barn is said to be haunted—a man hung himself there once—and no one goes there. I—I—you cannot have it,' cried she, 'unless—'

'Unless I found and brought it away before the barn was destroyed,' I suggested.

Her face flushed deeper, 'Then you followed me?'

'Yes,' said I. Then as I felt my own countenance redden, hastened to add, 'We have been playing strange and unaccustomed parts, you and I. Sometime when all these dreadful events shall be a mere dream of the past, we will ask each other's pardon. But never mind all this now. The box is safe, and I am anxious to hear the rest of your story.'

This seemed to compose her, and after a minute she continued.

Mary seemed more like herself after this. And though owing to Mr. Leavenworth's return and their subsequent preparations for departure, I saw but little more of her, what I did see was enough to make me fear that with the locking up of the proofs of her marriage, she was indulging the idea that the marriage itself had become void. But I may have wronged her in this.

The story of those few weeks is almost finished. On the eve of the day before she left, Mary came to my house to bid me good-by. She had a present in her hand the value of which I will not state, as I did not take it, though she coaxed me with all her prettiest wiles. But she said something that night that I have never been able to forget. It was this, I had been speaking of my hope that before two months had elapsed she would so win upon Mr. Leavenworth that she would be able to send for Mr. Clavering, and that when that day came, I should wish to be advised of it, when she suddenly interrupted me by saying,

'Uncle will never be won upon as you call it while it lives. If I was convinced of it before, I am sure of it now. Nothing but his death will ever make it possible for me to send for Mr. Clavering.' Then seeing me look aghast at the long period of separation which seemed to betoken, blushed a little and whispered, 'the prospect looks somewhat dubious, doesn't it? But if Mr. Clavering loves me, he can wait.'

(To be Continued.)

ONLY 20 CENTS.
To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PARRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their 'PAIN-KILLER,' famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external...

...cents is large enough to last a person for a long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."
Dollars which we might otherwise be thrown away by purchasing ineffectual medicines, are saved by purchasing that inexpensive specific for... all the ailments of the throat, lungs, stomach, liver and bowels, Dr. Thomas' Eclectric Oil, which does not deteriorate, and is thorough and safe.

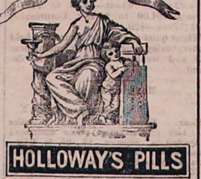

The Canadian Pacific Railway Co'y
EMIGRATION TO MANITOBA
AND THE
CANADIAN NORTHWEST.
Sale of Lands.
To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such land brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.
The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.
Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.
Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.
Further particulars will be furnished on application at the offices of the Canadian Pacific Railway Company, at Montreal and Winnipeg.
By order of the Board,
CHS. DRINKWATER,
Secretary.
Montreal, April 30th, 1881.

HOLLOWAY'S PILLS
THIS GREAT HOUSEHOLD MEDICINE RANKS AMONGST THE LEADING NECESSARIES OF LIFE.
These famous Pills purify the BLOOD, and act most powerfully, yet soothing on the
Liver, Stomach Kidneys
and BOWELS, giving tone, energy and vigour to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

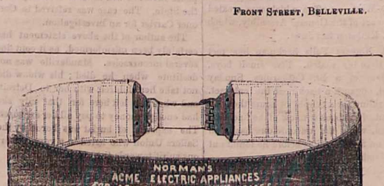

HOLLOWAY'S OINTMENT
For the cure of BAD LEGS, Bad Breast,
Old Wounds Sores and Ulcers
is an infallible remedy. If effectually rubbed on the neck and chest, as salt in meat, it Cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,
Gout Rheumatism,
And every kind of SKIN-DISEASE, it has never been known to fail.
The Pills and Ointment are manufactured only at
533 OXFORD STREET, LONDON,
and are sold by all Vendors of Medicines throughout the Civilized World; with directions for use in almost every language.
The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

PLEASE OBSERVE
While it is a fact that hundreds have refused to examine the
"White" Sewing Machine!
when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The wonderful sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleveland, Ohio
RANKS OVER ALL OTHER MAKES OF SEWING MACHINES
in the United States, there remains no need of further commendation.
But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:
TO THE "WHITE" SEWING MACHINE COMPANY.
CLEVELAND, OHIO.
GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power repair than any Sewing Machine we have had during an experience of 18 years. They give us less trouble and cost less to keep in give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

Ayer's
Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
HAIR DRESSING,
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.
Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,
LOWELL, MASS.

THE SAMSON CHOPPER —AT THE— NEW WOOD YARD!

MESSRS. Johnson & Co., having bought out Mr. W. Monahan's entire stock of Wood, Horses, Waggons, Machinery, &c., Are now prepared to supply all orders on the most moderate terms. They have chartered a SCHOONER, and are shipping in WOOD, both by WATER AND TRAINS, in immense quantities. Customers may rely on strict punctuality in the delivery of All Orders! Every description of FIRE WOOD will be found in abundance in their yard. HARD WOOD, both green and dry. STOVE WOOD, all sizes. SOFT WOOD, all kinds. Four feet KINDLING WOOD, dry. —AS WELL AS GOOD— BLOCK WOOD. Of these a large supply has arrived. For Railroad Contracts, a powerful Machine is employed, capable of cutting 100 CORDS PER DAY! with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month. An early visit from buyers is solicited. May 23rd, 1881. d2m

For Stirling, at 8 a m. and 2 p.m.
For Madoc and Smithville at 2 p.m.
For Tweed and Bridgewater at 2 p.m.
For Trenton at 3 p.m.
For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a, m., and other places about 11

DAILY ONTARIO.

DEATH OF A YOUNG BRIDE.

Killed by Falling Down a Flight of Stairs

(From the San Francisco Call.)

One of the saddest tragedies imaginable in real life took place in this city a few days ago. A beautiful young girl, by name Kiturah J. Horn, had for some time been engaged to Wm. F. Oliver, a young man well known in San Francisco. For reasons best known to the contracting parties, it was deemed advisable to have a quiet wedding at the residence of the bride's parents and subsequently to give a general reception to their friends by way of a surprise. The happy day arrived, and the ceremony was none the less solemn because performed privately. This was upon the 9th of June, and it was arranged that the reception should take place this week. Invitation lists were made out, and a pleasant time anticipated. In the fore part of last week the young wife visited her husband at his office down town, and after remaining some time together, they started to descend the steep stairs that led to the ground floor. As Mrs. Oliver reached the top of the flight she entangled the heel of her shoe in her skirt, and losing her balance fell heavily and rolled down the stairs until caught by her husband's assistance. Symptoms of serious internal injuries soon made their appearance and the unfortunate lady sank, until Sunday, every hope was given up, and her favorite sister was summoned from Monterey. It was the heartfelt prayer of the dying girl that she might die in her sister's arms, but her prayers were not answered, for she expired two hours before the expected one arrived. The first intimation that many of the friends of the young lady had either of her marriage or death was conveyed through the medium of Thursday's papers, wherein both the marriage and funeral notices appeared.

HOW KATE SHELLY SAVED THE TRAIN.

Crossing a Railroad Bridge in a Gale at Night to Reach the Telegraph Office.

On last Wednesday night, when O'Neil Donahue and Olmstead went down to death, a noble girl, but 15 years of age, was watching for the safety of those whose duty called them out over the railroad in the fearful storm. Kate Shelly, whose father was killed on the railroad some years ago, lives with her mother just on the east side of the river, and nearly opposite where the engine make the fearful plunge and Donahue and Olmstead lost their lives. Miss Shelly and her mother heard the crash, and realizing what had happened, Kate took a lantern and started for the wreck. Her light soon went out, but she felt her way through the woods and fallen timbers to the edge of the dashing waters that covered the drowned men. She could hear, above the roar of the storm, the voice of Wood, the engineer, who had caught in a tree top. She knew that the express with its load of passengers, was nearly due. She, a young girl, was the only living being who could prevent an awful catastrophe. The telegraph office at Moingona or Boone was the only place where she could notify the officers. To Boone was five miles over hills and through the woods, and before she could get there the express would have passed. To Moingona was only a mile, but between here and Moingona was the Des Moines River, ten or fifteen feet above its natural height, and to cross this she must pass over the railroad bridge, fifty feet above the swollen waters. She must cross this bridge, 400 feet long, with nothing but the ties and rails, the wind blowing a gale. Not one man in a thousand but would have shrunk from such a task. But this brave girl gathered about her her flowing skirts, and on hands and knees crawled over the long bridge from tie to tie. With the blood from her lacerated knees staining her dress, she reached the shore, and ran the remaining half mile or so to the telegraph office. Breathless, and in broken accents, she told her story and fainted in the arms of the bystanders. The wires were set at work and a more horrible disaster was averted. —*Ogden Reporter.*

BATHING UNDER DIFFICULTIES.

A young woman who was arrested the other day for bathing in the Serpentine, in London, pleaded that it was "so very hot," and was accordingly dismissed by the amiable magistrate with an instruction to cool off in some more secluded spot. Mr. Labouchere, after reciting a somewhat similar case which has just occurred at Hurlingham, where a man who had been bathing from a boat and could not get back to it terrified a party of ladies by dodging about from tree to tree in quest of some means of capturing a craft, calmly tells the following pleasing tale of himself: "The same thing once occurred to me at Venice. I had a room on the ground-floor in a hotel on Grand Canal. About 1 o'clock in the morning everything seemed quiet, and it occurred to me that I should like to bathe; so I jumped into the water from my window. Having swam about

(*Continued on Second Page.*)

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption Brown's BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering. I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W. W. Sherar; 149 powers Block Rochester, N. Y.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.

Besides being ordinary Lift Pumps they have also the additional advatage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.

My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.

Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention. HENRY OWENS. April, 30th, '81 d&w

C. E. Kyle, of Uxbridge, writes 3rd, 1870, and says:—"I certify to the excellent qualities Allen's Lung Balsam as a remedy for all diseases of the throat and lungs. I know it to be all it is recommended to be."

Burdock Blood Bitters cures all diseases of the blood, liver and kidneys, female complaints, nervous and general debility, and builds up the entire system when broken down by disease.

A thing of beauty is a joy for ever.—And such is a rich flowing head of hair. Reader, if you have this great gift of nature and it is not fading out use the Bearine; it is the only safe and reliable dressing you can get. Every druggist sells it.

When you ask for a bottle of Pain-Killer and the gentlemanly storekeeper, without scarcely looking, remarks, "we are just out, but have another article as "good or better which sells for the same price "viz, "25 cents." Turn on your heel and say Good-bye. Sir! That man cares more for the two or three cents extra profit which he gets than he does for your health or happiness. See advertisement in another column

For all purposes of a Family Medicine, Hagyard's Yellow Oil is at the head of the list. It is used with unprecedented success, both internally and externally. It cures Sore Throat, Burns, Scalds, Frost Bites, relieves, and often cures Asthma.

Give me sound reasons for taking a medicine or I will not try it, says the rational invalid. This is fair and right. Assertion is not proof. In recommending Bristol's Sarsaparilla and Pills, therefore, as specifics for scrofula and all the types of ulcerous and eruptive diseases, it is proper to remind the public that, for over one-third of a century, they have been uniformly successful in cases of this kind.

INCIPIENT CONSUMPTION.—In Bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility in giving tone to the system it is undoubtedly a valuable remedy. JOHN McMURRAY, Methodist Minister, Newport, N. S.

If you suffer from any chronic disease arising from Impure Blood, Sluggish Liver, disordered Kidneys or inactivity of the Bowels; if your Nervous System is debilitated from whatever cause arising, do not despair, but procure a trial bottle of Burdock Blood Bitters; it will only cost 10 cents, Large Bottles $2.00. For sale by all medicine dealers.

Consumption, so prevalent and so fatal, is dreaded as the great scourge of our race; and yet in the formative stages, all pulmonary complaints may be readily controlled by using "Bryan's Pulmonic Wafers" They will relieve the worst cough in a few minutes, and have a most beneficial influence on the bronchial and pulmonary organs; but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25 cents per box.

Nothing can exceed the folly and stupidity of those who submit to the pangs of the various forms and complications of Rheumatism and gout, by which they are tortured and disabled, when they can, by one or two applications of Giles' Liniment Iodide Ammonia, obtain instantaneous and permanent relief. Sold by all druggists. Send for pamphlet. DR. GILES, 120 West Broadway, N. Y. Trial bottles 25 cents.

In cases of chronic disease which doctors have failed to cure, Burdock Blood Bitters has achieved its greatest triumph. All diseases of the Blood, Liver and Kidneys, Scrofula, Dyspepsia, Nervous Debility, Rheumatism, piles, Female Complaints and all forms of lost Vitality are promptly cured by this great renovating Tonic. Trial Bottles only cost 10 Cts.

It is a little trouble to examine the pamphlet wrapped around each bottle of the true Murray & Lanman's Florida Water, so as to find the words "Lanman & Kemp, New York," which are water-marked or stamped in pale letters on every page, but it is better to take this small amount of bother rather than to be imposed upon by a worthless counterfeit Every leaf of the pamphlet around the genuine has these words in it, which though pale and faint, can be easily seen when held up to the light, and no Florida Water is genuine that does not have this test mark.

The best known remedy for all affections of the chest, Lungs or Throat is GRAY'S SYRUP OF RED SPRUCE GUM. It is constantly used by thousands of persons suffering from the above diseases, and in nearly every instance it affords immediate relief. In cases of troublesome, tickling Cough, where the patient passes sleepless nights, one or two doses of the Syrup has such a quieting, soothing effect that rest ensues and the Cough speedily disappears. Try it and be convinced. Sold by all chemists. Price 25 and 50 cents per bottle.

It is a great and often fatal mistake to take repeated drastic purgatives for constipation of the Bowels, they induce piles and cause debility of the bowels. Burdock Blood Bitters is a safe and perfect regulator of the bowels, arousing the torpid Liver and all the secretions to a healthy action; acting on the Kidneys, and renovating and toning the system in the most perfect manner.

MILLIONS GIVEN AWAY.

Millions of Bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, have been given away as Trial Bottles of the large size. This enormous outlay would be diastrous to the proprietors, were it not for the rare merits possessed by this wonderful medicine. Call at Jas. Clark & Co's Drug Store, and get a Trial Bottle free, and try for yourself. It never fail to cure.

NEVER GIVE UP.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle, by Jas. Clark & Co.

THE CIRCASSIAN WOMEN

are considered to be most beautiful. Ennuied bachelor butterfly, have you ever seen a Circassian belle? Fly at once to that wondrous clime, and you will learn that the secret of much of their beauty lies in the liberal use of SOZODONT, which was introduced there years ago to make their teeth beautiful.

"It is handy to have about the house, Toodles said. So is Spalding's Glue.

UGLY GAPS

in that row which of all others should be kept in thorough repair, a row of teeth' are sure to occur and no less sure to hopelessly disfigure the face if disregard of the teeth's cleanliness is persistent. But if the error is corrected in time with the aid of SOZODONT, America's leading tooth beautifier and invigorant, the tenants of the mouth long retain their strength and whiteness unimpaired. A word to the wise is sufficient.

HOW WISTAR'S BALSAM CURES.

FROM SEYMOUR THATCHER, M. D., OF HERMON, N.Y.

WISTAR'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a cough byloosening and cleansing the lungs, and a laying irritation, thus removing the cause, instead of drying up the cough and leaving the cause. I consider the BALSAM the best cough medicine with which I am acquainted." 50 cents and $1 a bottle. Sold by all druggists.

A REMARKABLE CURE.

West Townsend, Vt., May 14, 1860.

Messrs. S. W. Fowle & Son:

In the Spring of 1847 I took a severe cold which settle on my lungs, where it remained without relaxation. I was then in Massachusetts, and growing worse and becoming unable to attend to my business, I returned home and commenced searching in earnest for some medicine which would restore my lost health. I consulted physicians, I tried many remedies, but obtained no help, but daily grew worse. I had a terrible cough, and raised a good deal of blood. I had profuse night sweats, and severe pain in my side. I continued in this state for months, and became so weak that it was with great difficulty I could walk, when I was advised to try Wistar's Balsam of Wild Cherry, and to my great joy I soon found that this remedy had arrested the disease. I continued to use the Balsam to the extent of five bottles, and have since then experienced no difficulty of the lungs. I believe the Balsam saved my life, and I shall ever hold it in high estimation.

Yours truly, LEWIS PHELPS.

RHEUMATISM OF THE BLOOD AND DEBILITY.

HAVERHILL, Mass., March 17, 1881

Gentlemen,— Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that when I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried rubbing' but nothing seemed to help me. At last PERUVIAN SYRUP was recommended' and on taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and side At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister's health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbury, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case, and the only one he knew of The result proved the correctness of his opinion, for the use of one bottle completely cured her.

Your very truly, MRS. CARRIE A. DANIT No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by POBBS, London, Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and in wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 3 1 doses, 4s. 6d. Sold by Chemists everywhere. The name of J. Pepper ... on the label. There is no Tonic so certain in effect as Pepper's Quinine & Iron. Insist on having "Pepper's Tonic."

DAILY ONTARIO.

FRIDAY AUGUST 5, 1881.

THE Indianapolis *Sentinel* declares that New York is in the position of the man who sold his prize dog for $100 and took his pay in two $50 pups.

IT is said the mission of the British war steamer *Phœnix* on the coast of Newfoundland, is to watch the movements of the United States steamer *Vandalia*.

IT is now ascertained that Hartman, the Nihilist, has sought refuge in Canada, because it was thought he would have been delivered up to the Russian authorities.

DR. TANNER now claims that he can fast ninety five days if fed on electricity. The air in the room he asks to be changed with strong currents. He is now fattening for the fast.

BARON HANSMAN shares in the thought that the death of the Prince Imperial was a terrible blow to the Imperial party in France, and says its future course is singularly uncertain.

A VIRGINIA writer says: We sometimes see a tender, fairy flower of a girl in the midst of a group of loud-voiced, loud mannered sisters. Neither understands the other, and, like the ugly duckling of the fairy tales, she becomes the star that eclipses all the rest, much to their amazement. The explanation is simple—somewhere back in her ancestry was a gentleman who mingled the patrician with the plebeian current, and it breaks out in her and makes her as another being—a very lily among holly hocks."

THE meeting of the Finance Committee to-night, should be one of far more than ordinary interest as the disposition of the $20,000 surplus, will come up for discussion. It is now established that the estimates cannot be passed until this sum is in some manner disposed of, and what to do with it should receive the best consideration of the committee. If, as is stated, an error exists in the estimates, the suspense account as it is called, will be lessened considerably, but a large balance will remain. To make an economical and judicious distribution of the remainder will be a task which should receive the earnest attention of each member of the committee, as its recommendation, whatever it may be, will doubtless meet with acceptance by the Council.

A TORY DISAPPOINTMENT.

The most interesting event of the summer season in the political world is, the visit of Mr. Blake to the Lower Provinces. The *Mail* anticipated his visit by a month, and leader after leader appeared attempting to answer the arguments that Mr. Blake would bring forward, by coarse abuse of him, and by glorifying the hero of the Spring Hill mines. As soon as Mr. Blake was on the road the "two" from Ottawa started and followed in his wake, and the Minister of Customs immediately had very pressing business in the Lower Provinces. The valiant "two" dare him to single combat (if the expression may be allowed), and Ajax again defied the lightning in the person of the Honorable the Minister of Customs when he says: "I fear him not, and if I only had time I would fight him myself." It seems to us an astonishing fact that the visit of Mr. Blake receives so much attention. If, as the *Mail* says, he is a failure as a speaker and statesman, he would soon of himself be contemptible, and if he was no orator the people would not come to hear him, and if they heard, they could not be convinced.

The fact is, large crowds have gathered to hear the leader of the Liberal Party, and what is more, are taken by his manner of address and pay great attention to his arguments. It is not our present intention to discuss whether or not he is an orator, as of this judges differ; but this we know the Eastern people have apparently awakened to the fact that a man can be a gentleman and a politician, and a convincing speaker without frothing at the mouth, without using wild gesticulations, without calling his opponents liars and robbers, and without "stretching" his facts to suit the case in hand.

If the lower province people learn this fact alone Mr. Blake's visit will be valuable to them.

We have not lost sight of the fact that ... Hastings Conservative journal has ... this visit a failure in every way ... ant fact that even the recep... to the Minister of Customs ... enthusiastic than Mr. ... was a hero when he told ... ridiculous when the ... think the Minister

so excess... it water ... dealers. TORONTO ... manufactur... chine Oil. Infring... nted. ...rld," and has ... for ... oarsmen of ...

AN IMPORTANT QUESTION.

At what point will the City Council resume operations, is a question that is agitating the many who take an interest in municipal legislation. The rate as originally introduced was passed in Committee of the Whole, but no report was made to the Council, as the session broke up for want of a quorum. It is contended by some, and the Hon. Lewis Wallbridge is among the number, that parliamentary practice should govern this case, and that at the next meeting the business sho... be taken up at the point where it was suspended. But can this be done? A session of parliament may last for an indefinite number of weeks, but a session of the Council is only supposed to occupy a portion of an evening. Not unfrequently, however, circumstances have arisen which caused an adjournment—as in this case—when the proceedings could be continued just as if the session had been unbroken. As our readers are aware the last meeting was abortive as far as the transaction of business was concerned, and consequently where to begin again is a question. Not a few claim that the unfortunate session of Monday night last terminated when it broke up; that its proceedings were null, and that business will have to be begun anew. The "previous question" is temporarily withdrawn so as to admit of light being thrown on the question—shall the council begin where it left off or shall it begin anew.

THE MURRAY AND TRENT VALLEY CANALS.

Mr. Rubridge, Chief Engineer of the Murray Bay and Trent Valley canals, arrived in Ottawa on Thursday on business with the Department of Railways and Canals. Considerable progress has been made on both the surveys under his charge. The location surveys for the Murray Bay Canal will very shortly be completed and it will then be for the Department to decide which of the two routes surveyed will be selected. One route proceeds to Weller's Bay and the other to Presque Isle. At the inception of the Murray Bay scheme the route to Weller's Bay was considered the best, but since then circumstances have so changed that there is now very little to chose between the two routes. There, parties are now engaged in making exploratory surveys and taking levels in order to find a practicable route for the Trent Valley Canal. One party has just about completed a survey of what is known as the Old Portage from Lake Simcoe to Lake Balsam, which is situated on the height of land. The second party is engaged in surveying from Peterborough and Mud Lake and have already worked as far as Nassau. The third party is working from Heely's Falls to Chisolm's Rapids. Since the first survey and report was made by Mr. Baird, nearly fifty years ago, circumstances have so changed that it would be impossible to follow the route laid down by him. When he made his explorations the country was to a great extent a wilderness, but it has since become so thickly populated that to follow his route would necessitate going through so much private property that the expense would be too great. For instance at Campbellford, formerly known as Rennie's Falls, there are now large milling establishments, which would be destroyed were the river dammed up at this point as purposed by Baird. At Peterborough a practicable route has been discovered which would carry the canal back of the mills at that place. In many other places the surveying parties have been oblidged to survey entirely new routes for the reason stated above. The surveys cannot be completed this season, and it is probable that the engineer will be directed to confine his attention this year to the more difficult portions of the route. The greatest engineering difficulties are in the neighborhood of Peterborough and from Matchedack Bay to Lake Huron. The prospects of a practicable route for the whole canal are, however much better than was expected.—*Free Press.*

THE London *Lancet* says it is to be remembered that unless Garfield's bullet causes local disturbance it would not be in accordance with modern surgical practice to attempt its removal.

AND now comes the startling announcement, that William Barrett, of Toronto, has been constantly using the pick and shovel for sixty two years, and is "just as well and hearty as ever he was." It is now in order for the man with the bucksaw to rise and remark on the length of time he has been in service, and at the same time give a properly authenticated statement as to his physical condition. The old lady who is over 100 years of age, and uses snuff can, however, sneeze at both, for she still has the floor.

THERE was a mysterious gathering of Irishmen in Chicago to-day, the proceedings of which were conducted with the utmost secrecy. Guards were stationed at the doors of the room where the gathering took place, reporters were excluded, and the floors were covered with sawdust to subdue sound. It is stated, however, that the convention is the annual conclave of representatives of the Irish Revolutionary Secret Society or Emmett Monument Association. It is alleged that the object of the meeting is to determine whether dynamite, and internal machine methods shall be approved. The convention has been in progress two days and is expected to close to-night.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, ...

CORRESPONDENCE.

[We are not responsible for what our correspondents may say. By granting space for the expression of their views, we do not endorse their sentiments.]

To the Editor of the DAILY ONTARIO.

CITY ESTIMATES.

SIR.—I resolved when I en... ...ered the City Council to do what I ... considered to be for the best inte... ...est of the city irrespective of pa... ...y or personal feeling, and I further resolved to discuss openly at the Council Board all questions upon their merits and to avoid entering into a newspaper controversy. Up to the present I have kept the resolutions, but owing to what occurred at the Board on Monday night, I deem it advisable to waive the resolution regarding the "newspaper discussions" and ask the insertion of this communication, in order that the public may understand my position and how the matter stands as regards the Estimates.

The Estimates as submitted by the Chairman of Finance to the Finance Committee were sent by them to the Council without any alteration. As you are aware the Chairman had placed in the Estimates the sum of $20,000 as a "suspense account" and asked the Council to fix the rate on the $1 at 15 mills. After a lengthy discussion at the regular meeting on July 25th, I moved a resolution to refer the Estimates back to the Finance Committee for the purpose of having them to appropriate or place the $20,000 and to report, which was carried. At the adjourned meeting Ald. Jellett said that the Finance Committee had met and discussed the matter but had again sent it back to the Council to make the appropriation.

When the Committee on Ways and Means presented their report for adoption, Ald. Jellett moved that it be not now adopted but referred back to the Committee of the Whole on Ways and Means, in order that the Finance Committee's report be amended by adopting the rate of 15 mills on the $1, and that the $20,000 be dealt with hereafter by the Council. This motion was carried. When the Committee resumed Ald. Jellett moved the resolution. I then stated that it would be illegal to adopt the rate of 15 mills on the $1, before the $20,000 was disposed of as required by law, and that it was the duty of the Chairman of Finance to assume the responsibility of showing that that sum was required for city purposes, and to place it as required, and not leave it as a "suspense account" for log rolling hereafter.

Ald. Jellett would not recommend any disposition, and the only thing left for Ald. Dunnett and myself to do was to present amended Estimates for adoption.

Ald. Jellett had made an error of $5,682 in omitting that amount altogether from the statement of expenditures for this year, as he had only placed $600 as payment into Sinking Fund as due on 1st January this year for 1879-80, whereas he had paid into the Sinking Fund $6,282 this present year, and which ought to have appeared in the statement instead of the $600.

In the amended Estimates we proposed to correct this error by taking it out of the proposed "Suspense Account." We also proposed to place to the credit of the harbor account $5,500, in order to meet the requirements for this year in dredging, &c., and to replace a portion of the money used up from that source (illegally I submit) for general expenses. We also proposed to reduce the Mayor's salary to $200 and then add to the contingent account some $98. That in order to raise the required amount under the amended estimates, we asked the rate for municipal purposes to be fixed at 8½ mills on the $1, instead of 11 mills, which added to 4 mills for schools would make the levy 12½, instead of 15 mills, as propcsed by the Chairman of Finance. This amendment forced Ald. Jellett to present a proposed disposition of the $20,000 as reported.

Before an opportunity was afforded the Aldermen to discuss either of the amendments or the estimates, Ald. St. Charles moved that the previous question be put, and under *protest* it was put and carried by two votes, including the Mayor. The Chairman of the Committee, Ald. Frost, then held that the only motion in order was Ald. Jellett's original motion, and from this I dissented and strongly urged that he was wrong. I was on my feet endeavoring to show his error when he ordered me to take my seat. I, not obeying, the Mayor came to his assistance and held that the Chairman was right and that I was out of order. I insisted that I understood my duty as an Alderman and asked the Mayor to state the rule or authority on which he decided that I was out of order. He positively refused to do so and when threatened that unless I would take my seat *and keep it* he would have me removed by a policeman. I submitted to his unheard of, unauthorized and illegal conduct rather than have been placed in a more ridiculous light by further exceeding his authority.

Rule 39 of the Council is as follows:—"The rules of the Council shall be observed in Committee of the Whole, so far as may be applicable, *except* that no motion shall require to be seconded, *nor* shall a motion for the *previous question* or for adjournment *be allowed* and neither shall the yeas and nays be taken, nor shall the *number* of times be limited for *speaking*."

We were in Committee of the Whole at the time the motion of Ald. St. Charles was moved and forced on us.

Rule 11 is as follows: "When the Mayor or other presiding officer is called on to decide a point of order or practice *he shall state the rule or authority* applicable to the case without argument or comment."

I asked the Mayor to state the rule and authority applicable to his holding that I was out of order, and he absolutely refused to do so. Clearly both the Chairman of the Committee, Ald. Frost, and Mayor Patterson were entirely wrong in their ruling, and what was done by them was either through ignorance or intentionally. I leave the public to judge.

Knowing that if I, with the other Aldermen who retired, had remained the 15 mills on the $1 and the $20,000 suspense ... would be forced through the Committee and Council or ... carried Ald. St. C... ...a the same vote that it my duty to ... ...arles' motion, I deemed we would ... the city to withdraw, so that the F... have an opportunity of taking the estimates up at the regular meeting of the Council.

If Ald. Jellett and the Mayor had succeeded in keeping a quorum of the Council together the taxpayers would have had to pay 15 mills on the $1 instead of 12½ as we proposed and worse than that *this mysterious* "$20,000 suspense account" would have remained like Mahomet's coffin "hanging between Heaven and earth" to "be hereafter disposed of."

If the Chairman of Finance nor his Committee (I mean the majority) cannot place this $20,000 that they want to levy for, it should be clear to everybody that *it should not be levied* in order to make the rate of taxation 15 mills. If there was a mistake last year in borrowing $90,000 and it has been used up partially in general and current expenses of the city, I say let the taxpayers have the benefit of 2½ mills less taxation by not passing Ald. Jellett's Estimates, and at the same time we are providing a rate sufficient to cover the required purposes for the year on the same basis that he proposes without the luxuries attached.

Apologizing for occupying so much of your space and respectfully requesting the insertion of the above, I remain

Yours &c.,

W. JEFFERS DIAMOND.

Aug. 5th, '81.

NEW REVISED TESTAMENT

—AT—

J. C. REYNOLDS, 3 doors we Post Office.

BURKE & McTAGGART'S

—PATENT—

Barley Dresser!

—AND—

DISTRIBUTING BOARD!

Farmers and Grain Buyers acknowledge it to be the best and only machine the world has produced for dressing Barley for market, as it cracks no grain nor injures it in any way for malting purposes.

Farmers that have used it have given testimonials, stating that they realized from ten to fifteen cents more per bushel than they otherwise would if they had not cleaned their Barley through our machine.

It can be attached to any common Fanning Mill, and we warrant it to do first class work if properly managed, dressing forty and fifty bushles per hour, and suits any kind of grain, removing white caps and smut from Wheat and Oats, making them better for grinding and feeding purposes; removes must to a great extent from Barley and makes it brighter, if colored.

We are coming and we are here, with our Dresser attached to Burke and McTaggart's World's Fanning Mill, a new and novel improvement; worth seeing and worth having by every farmer in the Dominion. We invite Farmers and Grain Buyers to come and see it work, at Walker's Foundry, and then judge for themselves.

Farmers wanting attachments will please address,

BURKE & McTAGGART. Moira, P. O.
Belleville, July 6th. w3m

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quantities by A. Knox, Wm. Dickens, W. Bullen, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 8 ounce bottles, 50 cents, at R. Templeton's Drug Store.

—Young man, are you about to get married? Good! it's a step in the right direction. But be honest. Did you ever give a note—a promise to pay—and then purposely forget it—suffer it to be dishonored? We hope not. But whether you did or not, don't come that game over a confiding woman. If you promise to protect and defend her, do it like a man. Don't worry over the style of a wedding ring until you have applied for, and received and paid for, and handed to her a substantial life policy in the Ontario Mutual Life Assurance Company, for which S. Burrows, is the General agent for this district, and F. M. Clarke is local agent. Their offices is in the Ashley lock.

WE do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper. We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

LOCAL AND GENERAL.

THE cable reports cheese to-day at 53s. 6d.

THE season for threshing machine accidents is at hand.

THE Okas, says the *Whig*, are players of no mean merit, being good runners and excellent checks.

THE third competition for the Hastings Rifle Association handicap cup will take place on Wednesday next, 10th inst.

THE members of the W. T. A. are requested to make a grand turn out on Tuesday evening next to receive their Napanee brethern.

THE yacht *Phantom*, of Oswego, with a crew of four, arrived yesterday afternoon from Oswego. She left this afternoon for the Thousand Islands.

THE Okas received a challenge this morning from the Millbrook Lacrosse Club. This with other business, will be considered at a meeting which is to be held this evening at the "Hub."

ONE of the Belleville lacrosse players forgot his watch at Kingston on Wednesday. Time is of not much importance to him, else he would not have left his chronometer behind him.

MRS. HENDERSON, wife of Mr. John Henderson, of the Dafoe House, died this morning, after a lingering illness. Her remains will be taken to Picton to-morrow morning for interment.

MR. W. J. HYNES, of Chicago, a former Belleville boy, is visiting his friends in this city. He is employed in a large printing establishment in the western metropolis, and appears to enjoy the comforts that industry deserves.

THE Oka Lacrosse Club members who engaged in throwing the lacrosse ball at the Channel Grove pic-nic on Wednesday did not make much of a show. They have never, however, indulged in practice of that kind, and to that their failure is probably due.

STREET INSPECTOR TAYLOR has a gang of men with teams at work gravelling North Front Street. The work was greatly needed, as the very large number of heavy loads hauled over this road during the fall months, require that it should be kept in good repair.

DRS. WILLIAMS & NASH may both be consulted at their office, in Belleville, on Monday and Tuesday, August 8th and 9th, on all diseases of the head, throat and chest; also on all chronic, blood and nervous diseases. Consultation free. See advertisement in another column of this paper.

LEE, a chinaman, visited Kingston yesterday, and endeavored to rent a building for a laundry. John is gradually making his way to the various cities of this province, and it will not be long before an almond eyed celestial will be found hanging his shingle on the outer wall of some dwelling here.

THE proprietors of the Street Railway are endeavoring to arrange for a parcel delivery along the line of their road. The establishment of such a system would be of great service to the residents of Front, Mill and Railway Station Streets, and would confer a boon which would doubtless be appreciated.

THE sidewalks on that portion of Front Street south of the City Hall are in a miserable state, and in some places on the east side are unsafe to walk on after dark. It is to be hoped that their condition will be remedied before an accident results, as is likely to be the case if they remain as they are much longer.

A number of gentlemen of this city, who are admirers of equine sport, will visit Rochester, N. Y., next week, to witness the great trotting meeting, which takes place at that place. Maud S. will endeavour to beat her record a purse of $3,500 is offered. The entries to the several contests at Rochester are larger than those of any other city in the circuit.

MICHAEL LANGLEY, a yeoman from Elzevir, arrested about three weeks since for breaking his wife's arm and committed for trial, was arraigned before Judge S. S. Lazier yesterday, on a charge of malicious injury to his wife. Owing to the absence of a number of witnesses for the accused, the case was enlarged until the 17th inst. Mr. S. B. Burdett appeared for the prisoner; Mr. A. M. Peterson for the prosecution.

WHO is right is now the disputed point. The *Whig* in its reference to the mile race set down on the programme of the pic-nic at Channel Grove says the prize offered was too small to induce runners to compete for it. Our contemporary also says Beasley virtually admitted that he was not the equal of the man pitted against him. The *News* says that Beasley thought the race was for a mile and had put himself in condition for a contest at that distance and was ready and willing to engage in such a race. Beasley admitted that McLaughlin was his superior at half a mile, which distance did not suit him and no contest took place between these men. Why not have made the distance three quarters of a mile and perhaps both might then have been suited.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of matured ability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the men. The turning point of the battle often depends on the strain which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or quacked horses will ruin the prospects of any farmer. J. F. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in his profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House, opposite Dr. Willson's, Pinnacle Street, Belleville.

THE police cells were unoccupied last night.

THE Finance Committee will meet this evening.

ALDERMEN Starling and Ostrom purpose visiting the Northwest in a few days.

THE communication of "A well wisher of our Schools" will appear to morrow.

THE 'Prentice Boys excursion to Channel Grove and Kingston on the Civic Holiday promises to be well patronized.

THE Onondaga Cricket Club, of Syracuse, N.Y., have decided on invading a portion of this province, and will make a call at this city.

REV. B. F. AUSTIN of Ottawa—formerly of Albert College—has been appointed Principal of Alma College at St. Thomas. May success attend his efforts.

THE midnight express last night was two hours late, last evening's train was one hour behind time, and the noon train to-day was about 20 minutes late.

THE Holloway Street Church Sunday School held their annual pic-nic at the grove above Rednersville to-day. They were joined by a large number of friends.

THE public water tank on Hotel street is still out of repair, and the residents thereabouts are greatly dissatisfied. The necessary repairs should be effected at once.

A bay team which presented indications of having ran away, were picked up this morning on the Trenton Road and taken to Trenton. The lines and traces were broken but no trace of a vehicle was visible.

AN effort was made to deplete the jewellry stock of Mr. George Spangenburg in Kingston on the afternoon of Wednesday, but was only partially successful, as nearly all that was taken was recovered by the police.

THE programme of the entertainment which took place on the steamer *Hero* on the return of the Okas from Channel Grove on Wednesday evening appears in yesterday's issue of the *Whig*. It abounded in variety and in the opinion of our contemporary was eminently enjoyable.

THE L'Original *News* says, "The Rev. S. Huntington of this place has been requested by the Church authorities to accept a mission on the Upper Ottawa to establish a new Wesleyan Methodist Circuit. The rev. gentleman is admirably adapted for this work and will do good service should he feel able to accept the call." The reverend gentleman formerly resided in this city.

FREE street cars will be run in connection with the excursion by the *Alexandra* to-morrow afternoon and evening. The cars will leave the Grand Trunk Railway Station at 3:45, 4:00, 6:45 and 7 o'clock, arriving at the steamer's dock at 4:15, 4:30, 7.15 and 7:30, and will be in waiting for the boat on her return. So as to make early connections at Trenton, the boat will leave at 4:30 and 7:30 sharp.

IN the cricket match at Napanee on Wednesday between the Kingston and Napanee clubs, the former secured the victory by a majority of 70. The game was very interesting as good fielding and batting were shown by both teams. In the opinion of the "Whig" representative the Napaneeans excel in the field and the Kingstonians at the bat. The Belleville club should spend some of their spare time in practice if they expect to make a good display when they meet the boys of the Limestone City.

FOR the information of the *Whig* it may be stated that no reflection on Kingston yachtsmen was intended when the statement was made in this paper that ballast shifting was practiced at regattas held at Kingston. The rules under which many races that have taken place there were sailed, permitted it. The statement that the Belleville yachting fraternity are not too good to take advantage of the "the custom" is as unjust as it is ungenerous. The ballast of the yachts owned here is of such a character, and is so placed, that the shifting of it is almost impossible in a race, and none know that better than the Kingstonians who have been aboard Belleville yachts.

☞ Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and childrens' waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in this part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child; as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or mis-fit will be next to an impossibility. The saving of time and material by this new mode of cutting will be very considerable. Once the ladies with families acquire a knowledge of this system, it will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 8 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice thenceforward for 50c; children's 30c to 40c. To her lady visitors, Mrs. Tugnet will be happy in giving explanations on the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

MARINE NOTES.

—The "C. Gearing" is at Point Ann.

—The "McClellan" cleared this morning with lumber for Dexter, N. Y.

—The "Florence Howard" arrived today and is loading iron ore for Fair Haven, [illegible] from buyers.

—The steam barge "[illegible]ngsford" arrived last night [illegible] ng [illegible] umber at the [illegible]

—It is [illegible] eat crop this [illegible] prospect [illegible] and the most splendid assortment of [illegible] come from [illegible]

—D. Sullivan [illegible] ntario, writes:—"I have been selling Dr. Thomas' Eclectric Oil for some years and have no hesitation in saying that it has given better satisfaction than any other Medicine I have ever sold. I consider it the only patent medicine that cures more than it is recommended to cure."

WEATHER BULLETIN.

TORONTO, August 5.

Moderate winds, continued fair weather with local thunder storms. Slightly cooler to-night.

BOARD OF WORKS.

A meeting of the Public Works Committee of the City Council was convened last evening. The members present were Ald. Lingham, (chairman), Diamond, Clarke, Starling, Dunnett, and Ostrom. The following accounts were found to be correct and recommended to be paid.—C. Donovan (stone), $103.20; Wm. Elliott (cedar), $845.00; John Lewis (hardware), $163.19; Rathbun & Son (lumber), $175.86; John Keith (hardware), $23.51; Street Pay List, No. 16, $369.12. The petition from John Hicks relative to drainage was referred to the Street Surveyor to investigate, and report upon, and the board walks on the market square were recommended to be replaced by gravel walks—laid between curbs. The Committee then adjourned.

MURCHISON SCIENTIFIC CLUB.

The last meeting of this Society was a very interesting one, as one of the members, Mr. Greenleaf, exhibited a selection of Electrical Instrunments and apparatus of his own manufacture. In describing the different instruments, he asked the members present to remember that he was but an amateur in this department of science as all the knowledge he had obtained in respect to it was learned during his leisure hours. For that reason he would not attempt to give a lecture upon the subject but would give a description of the properties and uses of the instruments shown and answer questions as they might suggest themselves to the members. On the table was placed a battery of eight or ten gravity cells; these were connected with the different instruments, as required. A small engine was shown in motion, showing how electricity can be utilised as a power; also an electric alarm bell; there were also on the table a Phonograph, Microphone, Telephone, and some Induction Coils. One of these was not quite finished, but when completed Mr. Greenleaf expects to obtain a spark an inch and a half long from it. He also exhibited several other instruments, making in all a most interesting exhibit, and enabling the members to pass a very pleasant evening in examining their different uses and properties. The collection shown does great credit to Mr. Greenleaf's taste, both as a mechanic and scientist.

The Wounded President.

STILL IMPROVING.

WASHINGTON, Official, Aug. 5, 9:30 a.m. —The President slept nomally the greater part of last night, although he has taken no morphia during the last twenty-four hours. This improved condition is warranted.

LATEST TELEGRAMS CONDENSED.

—The President's physicians will not consent to his removal to the Soldier's Home until they are satisfied he can bear the fatigue of the journey.

—Guiteau seems to be in constant dread of violence and looks forward to his trial with some impatience and expects to make a profound impression as a lawyer on that occasion. He now exhibits great irritability.

—The idea of going to Mentor, O., has been uppermost in the mind of the President for several weeks. Bliss denies the report that a change in the President's position has contracted the abdominal muscles and caused pain in the region where the ball is located.

—Forest fires are raging all around Bay City, Michigan.

—The steamer *Royal* was burned at Fredericton, N. B., this morning.

—Thomas Myers, Bracebridge, writes:—"Dr. Thomas' Eclectric Oil is the best medicine I sell. It always gives satisfaction, and in cases of coughs, colds, sore throat &c., immediate relief has been received by those who use it."

John Hays, Credit P. O., says:—"His shoulder was so lame for nine months that he could not raise his hand to his head, but by the use of Dr. Thomas' Eclectric Oil the pain and lameness disappeared, and although three months has elapsed, he has not had an attack of it since."

FARMERS BREEDING FAST STOCK.

There is a good deal said by the agricultural journals about this question, and there is a prevailing opinion that farmers should not breed fast stock. We can hardly arrive at such a conclusion. If there is more money in breeding thoroughbreds than common horses, we say breed the thoroughbreds. It is claimed that fast horses mean idleness, racetracks, gambling whiskey drinking and swindling. That may be so, but no one ever objects to the farmer raising barley, corn, rye, and hops because such products are required for the manufacture of whiskey and malt liquors. There is as much propriety in one as there is in the other. We believe that horse racing is pernicious in its tendencies. We [illegible] same opinion in regard to drinking liquors unless used for medicinal purposes, but that is no reason why barley, rye, corn and hops should not be cultivated. The farmer can breed fast horses and yet not patronize the race tracks, unless he chooses to do so. If he can raise a hores that 's worth, when four or five years old, five hundred dollars, is it not his privilege, and is it not much better, than grow a plug, or a dung-hill, that is only worth seventy-five or a hundred dollars at that age? We say let the farmers make all the money they can off their farms in a legitimate way. The more they make the better it is for all of us.

WHAT AN OLD FARMER SAYS.

This is the advice of an old man who has tilled the soil for forty years:

I am an old man, upwards of three score years, two score of these I have been rich and have all I need; do not owe a dollar; have given my children a good education, and when I am called away shall leave enough to keep the wolf from the door. My experience has taught me that,

1. One acre of land, well tilled and well prepared, produces more than two which received only the same amount of labor used on one.

2. One cow, horse, mule, sheep or hog well fed is more profitable than two kept on the same amount necessary to keep one well.

3. One acre of clover grass is worth more than two of cotton where no grass or clover is raised.

4. No farmer who buys oats, corn, or wheat, fodder and hay, can keep the sheriff from the door to the end.

5. The farmer who never reads papers, sneers at book-farming and improvements always has a leaky roof, poor stock, broken down fences, and always complains of bad seasons.

6. The farmer who is above his business and entrusts it to another to manage, soon has no business to attend to.

7. The farmer whose habitual beverage is cold water is heathier, wealthier and wiser than he who does not refuse to drink.

—Two vessels owned by Benny & Bros of Montreal, are supposed to have been lost off the coast of Labrador.

DIED.

STRATTON—On Friday, the 5th inst., Mary Agnes, eldest daughter of Alfred Stratton, aged 7 years and 11 months.

[Funeral from the family residence, cor. Mill and Church Sts., to-morrow morning at nine o'clock.

CLARKE—In this city, August 4th, at her residence on Great St. James Street, Harriet Clarke, aged 56 years.

[The funeral will take place from the family residence on Saturday at 3 p.m.]

Toronto Market.

TORONTO, August 5.

Fall wheat No 1 $1.23 to $1.24; No. 1 $1.20 to $1.21; No 3, $1.16 to $1.17. Spring—No 1, $1.24 to $1.25; No 2, $1.22 to $1.23; No 3, $1.17 to $1.18. Barley—No 1, 75; No 2, 65 to 70; No 3 extra, 60; No 3, 50. Peas—No 1, 72; No 2, 70. Oats—No 1, 39; No 2, 38. Corn—65. Flour—superior, $5.55 to $5.65; extra, $5.40 to $5.55; fancy, $4.85 to $5.45; strong bakers, $5.25 to $5.65; spring extra, $4.95 to $5.55; superfine, $4.60 to $5.00; fine, $4 00 to $4 50 Bran—$12.00; Clover seed—$[illegible] to $4.00; Timothy—$2.25 to $2.50; Hogs—$8.00 to $8.05; Butter—13 to 18; Barley (street)—60 to 65; Rye—70 to 75; Spring wheat—$1.15 to $1.2[illegible]

[illegible] shorter route by a few [illegible] but is not so safe as the other at low [illegible] therefore, few vessels take the north route all the way. We have sailed [illegible] miles, and along the south shore it app[ears] to be one continual line of docks. [The] harbor of Quebec is certainly the busy part of the city, and any person [go]ing through on the boat, would have [no] idea that Quebec was one of [the] greatest commercial cities on the con[tin]ent. Vessels of almost every descrip[tion] are loading or unloading. Fe[rries] run across to Point Levis, w[hich] lies on the opposite side of the river. [The] tide rises and falls about 11 feet, and [when] it is out you get a good idea of the siz[e of] the ship. As we go along the south c[han]nel past the island of Orleans, se[veral] dry docks are passed where huge ve[ssels] are lying for repairs. Up to this poin[t the] south shore presents the appearance [of the] outskirts of a city, but now, the agricu[ltur]al districts become more numerous. [We] sail near the shore where trees are rob[ed] in foliage, green and glistening; lon[g] grassy slopes looked like crinkled velvet dotted with a red and white flower called marguerette. The country rose, as we sailed on, into fresh and more picturesque beauty. The numberless chains of gently sloping hills which encompass it on all sides were in many points checkered with cornfields, meadows and green pastures. Villages repose in hollows, skirting the banks of the river, and cottages are seen here and there, peeping out from amidst the thick umbrage of verdant trees which cover the face of the hills. On the shore the scene is surpassingly beautiful. Contented looking cows stood in the shade of trees, while around them was a small flock of sheep browsing on the grass. The scene on the water was equally as beautiful, but not so quiet. The waves became more turbulent, and our small barque began to pitch and toss. Up to this time I had been endeavoring to take "notes by the way," and read snatches from "Josiah Allen's Wife." But the fearful experience or actual premonition of coming nausea renders you utterly incapable of embodying intelligent thoughts into intelligible phraseology. I put away my note book, threw "Josiah Allen's Wife" over to the mate, and told the crew I did not have enough sleep last night, so I proposed to go into the cabin for a short nap. In about an hour, however, we were all on deck again and drinking in the beauties of the landscape. The tide was now in our favor, and we were making good time. After supper my three companions fill their pipes, and sit with legs crossed, the very personification of happiness. We have now passed the Island of Orleans, which is twenty miles long and five or six wide. The land appears to be of much better quality than on the main land, and the *habiteaus* seem to understand the system of [illegible]

N. DAVENPORT
HAS determined to offer his whole Stock of Hats AT COST.
This is without doubt the finest and best assorted Stock of Hats in Ontario, and in selling it at cost it gives the public an opportunity of getting first-class goods seldom offered.
THIS IS A GENUINE COST SALE!
N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN SHIRT FACTORY. About Advertising. UP TOWN SHIRT FACTORY.
A man said to me the other day "Sam, you are a big advertiser. It must cost you lots of money in a year. Does it pay you?"
"Well," I said, "if you can tell me how to let the people know that I sell cheaper Shirts than are sold anywhere else in the city, I will quit."
"Well, that is so," he said. "But *do* you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I hear so many speaking of."
Well, I showed him our styles—well made, good cloth and guaranteed to fit—sold him his summer's out-fit, and had no trouble in convincing him that *advertising is not all wind.*
[The great secret of successful advertising is to always be able to show as good a bargain as you advertise.
S. G. RETALLACK,
Shirt Maker and Gent's Furnisher, 404, Front Street, Belleville.

WE HAVE COMMENCED A

SPECIAL NOTICE!
TO THE AFFLICTED

Drs. Williams and Nash
may still be consulted at the
Branch Office of the Detroit Throat and Lung Institute,
West Front Street, over Overell's Store, opposite Glasgow Warehouse, BELLEVILLE, on all the various diseases of the HEAD, THROAT and CHEST, including the EYE, EAR and HEART.
The Doctor will also attend to all CHRONIC, BLOOD and NERVOUS DISEASES.
☞ Consultation Free. ☜
All diseases of the respiratory organs treated by MEDICATED INHALATIONS, combined with proper constitutional remedies.
Over 20,000 successfully treated at our head office in Detroit since 1870.
The very best of references given from all parts of Canada from those already cured.
DR. NASH,
the visiting physician, will be at the office in BELLEVILLE on Monday and Tuesday of each week. At the Huffman House, Peterborough, on Wednesday and on Thursday until 3 p. m of each week. At the British American Hotel, Kingston, on Friday and on Saturday, until 4 p. m. of each week.
If possible call personally for an examination, otherwise write for a "List of Questions." Address
DRS. WILLIAMS & NASH,
Belleville, Ont.

Good News for the Multitude!
CHOICE FLOUR VERY CHEAP!
THE Guelph Patent Process Flouring Mills have opened a RETAIL STORE in the
MASONIC BLOCK,
Belleville, opposite the Upper Bridge.
These Mills are situated in the best wheat growing section of Ontario, and flour made in them cannot be surpassed, if equalled, in Canada.
All sales guaranteed to give entire satisfaction, and will be sold cheaper than any equally good flour any where.
Try a sample lot and see what good flour is.

Consumption Cured.
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire [illegible]

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hand of every youth and every man in the land.

Address,

The CULVERWELL MEDICAL Co.
41 Ann St. w 1y

Post Office Box 4586

N. H. DOWNS'
VEGETABLE BALSAMIC
ELIXIR

Is a sure cure for Coughs, Colds, Whooping Cough and all Lung Diseases, when taken in season.

People die of consumption simply because of neglect, when the timely use of this remedy would have cured them at once.

Fifty-one years of constant use proves the fact that no cough mixture has stood the test like Downs' Elixir.

Price 25 cents and $1.00 per bottle. For Sale Everywhere.

Dr. Baxter's Mandrake
BITTERS

Will cure Jaundice, Dyspepsia, Liver Complaints, Indigestion, and all Diseases arising from Biliousness. Price 25 cents per bottle. For Sale Everywhere.

THE GREAT FEMALE REMEDY

JOB MOSES PILLS

This invaluable medicine is unfailing in the cure those painful and dangerous ailments to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the constitution against the ills of life, and when taken in middle or old age carries a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the system, and enable the mother to perform her duties with comfort to herself and child. In all cases of all Nervous Spinal Affections, Pains in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterical Sensations and Fits, these pills will effect a cure when all otherwise have failed, and, although a powerful aperient they do not contain iron, calomel, antimony, or any nasty drug to the destruction of the constitution. Full directions in the pamphlet round each package. JOB MOSES, 378 & 380 Pearl St., NEW YORK, SOLE PROPRIETOR. $1 per box, or 6 boxes for $5, can be sent, on closed to Northrop & Lyman, Toronto for postage, or can be had of the Druggists, all throughout Canada. General agent for the Dominion, will remit to any part of the Dominion, will remit to any part of the Dominion, will remit to any part of

Wood, Horses, Waggons, Machinery, &c.,

Are now prepared to supply all orders on the most moderate terms.

They have chartered a SCHOONER, and are shipping in WOOD, both by

WATER AND TRAINS,

in immense quantities. Customers may rely on strict punctuality in the delivery of

All Orders!

Every description of FIRE WOOD will be found in abundance in their yard.

HARD WOOD, both green and dry.

STOVE WOOD, all sizes.

SOFT WOOD, all kinds.

Four feet KINDLING WOOD, dry

—AS WELL AS GOOD—

BLOCK WOOD.

Of these a large supply has arrived.

For Railroad Contracts, a powerful Machine is employed, capable of cutting

100 CORDS PER DAY!

with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper

Is an immense machine, worked by steam power. Being the first introduced into this city, it is attrecting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.

An early visit from buyers is solicited.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.

Besides being ordinary Lift Pumps they have also the additional advatage of being first-class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.

My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.

Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.

HENRY OWENS.

No. 5 Local..................10.55 p.m.

GRAND JUNCTION RAILWAY.

MAIN LINE.

Leaves Belleville......7:00 a. m. and 2 p. m
Arrives at Peterborough 11:00 a.m. and 6:10 p.m
Leaves Peterborough....7:00 a. m. and 3 p.m.
Arrives in Belleville..11:00 a.m. and 7:20 p.m.

MADOC BRANCH.

Leaves Madoc........7:05 a.m. and 2:10 p.m
Arrives in Belleville...8:45 a.m. and 3:50 p.m
Leaves Belleville......10:40 a.m. and 5:30 p.m
Arrive in Madoc......12:25 p.m. and 7:15 p.m

Trains are run by Belleville time.

STAGE ROUTES.

Stages leave the principal hotels for the under mentioned places, as follows:—

For Stirling, at 8 a m. and 2 p.m.
For Madoc and Smithville at 2 p.m.
For Tweed and Bridgewater at 2 p.m.
For Trenton at 3 p.m.
For Ameliasburg, at 2 p.m.

Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

POETRY.

WATCHING AND WAITING.

"Will any one then, at the Beautiful Gate,
Be watching and waiting for me?"

Oh! I long for the shores of a far away land,
For the slopes of its sunny vales,
I long for the gleam of its silvery strand,
And the breath of its fragrant gales,
But the waters run dark on the hither side
Of that far away land unknown,
And I stand in the shadows and wait for the tide,
That must carry me out alone.

I see in my visions a city so fair,
Its glories can never be told;
And I witness the joys that the sanctified share
In that far away city so old,
I hear the melodious raptures that roll
Like the unending song of the sea;
They tell of the lost and loved of my soul,
Who are watching and waiting for me.

The voices I love in you "home of the soul,"
Call faintly from over the sea,
Whose dark, silent waters unceasingly roll
Between that fair city and me.
My soul in the silence of joy waits apart,
And lifts her frail wings to be free,
For the voices of dear ones, the loved of my heart,
Come calling and calling for me.

The light of their glorified faces we see,
I scent the sweet breath of the flowers,
Which their snowy white hands wave in beckoning me,
Across to those heavenly bowers.
Oh! many and many are those who await,
Where the blest and the purified be—
At the shining bars of the beautiful gate
They are waiting and watching for me.

The friends of my youth who my love wo'd recall
Have joined the ethereal train,
And one of my heart more beloved than them all,
Is chanting the heavenly strain.
I feel my day closing, the hour groweth late,
That city more near seems to be,
When I think that beyond, at the beautiful gate
So many are waiting for me.

Blow softly, blow softly, ye balm bringing gales,
O'er the sands of this low-lying shore;
Your favoring breezes are filling the sails
Of the boat that will carry me o'er.
I'll not fear, though dark be the hour and late,
To sail away out on death's sea,
For the Friend of my soul at the beautiful gate,
Is watching and waiting for me.

THROUGH THE GATE TOGETHER.

Was it through the snow or in summer weather
They came in life's path way at first to meet?
Little it mattered, they stood together
Ready alike for the cold or the heat.

But oh the joy of that spring's glad splendor
Which drew them together by mystic might!
Never was sunlight so fair and tender,
Never were flowers so sweet and bright.

Love made them strong, and they did not falter;
Closer they drew, until heart to heart,
They stood together before the altar,
And whispered the vow, "Till death do part."

How long would it be? O death, the mower,
Cuts down young flowers in the summer time,
And one from the other might fall before
Either had reached the mid-day prime.

Troubles would thicken, wild storms be breaking,
Eyes now lighted would fill with tears;
Glad young hearts would too soon be aching,
Grief would wail in the cruel years.

They did not fear. Was not God above them?
Had not God given their happy youth?
Did it not seem as if all things loved them?
Had they not tenderness, strength and truth?

Through the hot city, or over the heather,
In storm or sunshine, what'er should befall,
Trusting in God they would go together,
Patient and tender and true, through all.

So they faced the years with their banes and blessings,
And found them chequered, as others do,
Days when the breezes were like caressings,
Days while the wild storm-winds rushed through.

They laughed sometimes with the children's laughter,
They wept sometimes by the open grave;
Gay seasons had they, and then came after
Times of trouble to make them brave.

But they cared little for changes of weather,
Nor passing years, though they made them old;
They ascended the hill of life together,
Then turned to the west with its sunset gold.

The children's children in new homes gather,
No voices joined in the household hymn,
But loving looks cheered the old grandfather,
Though his hair was white and his eyes were dim.

Husband and wife from the wintry weather
Passed to welcome the spring again;
Near fifty years they had been together,
And age had come with its time of pain.

Hand in hand where the shadows thicken
They went together serene and kind;
Wondering which would first be stricken,
Alas! for the mourner left behind!

Which could be happy without the other?
God was merciful—neither knew
The lonely life—for with one another
They passed in safety the valley through.

Perchance at the gate of heaven one waited
An hour or two till the other came,
And then with comfort and joy elated
They entered together in Jesus' name.

O God be thanked for the pleasant story
Of love that lasted the whole life long;
And the two gone home to His world of glory,
To sing together th' unbroken song!

—Marianne Farningham in Christian World.

SUNDAY READING.

THE TRAVELLER'S PSALM.

Do you know that one of the Psalms is called the "Traveller's Psalm?" When you are going to take a long journey, when you go by the railroad or sea, I advise you to think of the traveler's Psalm—the one hundred and twenty-first. Let us all look at it. It is beautiful. All about taking a journey. If any visitors were leaving your house, and you have family prayers before they went away in the morning, you should read this Psalm; or if any friends of yours are going to take a journey, give them or read them this Psalm. "The Lord is thy keeper; the Lord is thy shade upon thy right hand. The sun shall not smite thee by day, nor the moon by night. The Lord shall preserve thee from all evil; He shall preserve thy soul. The Lord shall preserve thy going out and thy coming in, from this time forth and forevermore." This Psalm shall be called "The Traveller's Psalm," because it was written for those who are taking a journey.

ALWAYS NIPPING.

A judicious wife is always nipping off from her husband's moral nature little twigs that are growing in wrong directions. She keeps him in shape by continual pruning. If you say anything silly, she will affectionally tell you so. If you declare that you will do some absurd thing, she finds some means of preventing you from doing it. And by far the chief part of the common sense there is in the world belongs unquestionably to women. The wisest thing a man commonly does are those things which his wife counsels him to do. A wife is a grand wielder of the moral pruning-knife. If Johnson's wife had lived, there would have been no hoarding up of orange-peel, no touching all the posts in walking along the streets, no eating and drinking with a disgusting voracity. If Oliver Goldsmith had been married, he never would have worn that memorable and ridiculous coat. Whenever you find a man whom you know little about oddly dressed, or talking absurdly, or exhibiting eccentricities of manner, you may be sure that he is not a married man, for the corners are rounded off—the little shoots pared away—in married men. Wives have generally more sense than their husbands, even though they may be clever men. The wife's advice is like the ballast that keeps the ship steady.—*Ruskin.*

"JESUS WILL NEVER LEAVE ME."

One Lord's-day evening, after the services of the day, I repaired to my vestry to see inquirers. Amongst others, an interesting girl, fourteen years old, came to converse with me, and expressed a desire to join the Church. I asked her if she loved the Lord Jesus Christ. "Oh, yes," she replied; "He is my Saviour." "But suppose Jesus should leave you, what would you do then?" I enquired. Never shall I forget the answer. She looked me straight in the face, and said, "I cannot suppose that Jesus will leave me, sir, for He has said He will not, and I know He will never break his promise. I am sure Jesus will never leave me. No, never."

Dear reader, hast thou the faith of this young girl? Hast thou received Jesus as thy Savior? If thou hast, He will never leave thee, nor ever forsake thee; for Jesus is a Friend that loveth at all times alike.

Poor sinner, thou needeth one who will guide thee through the changing scenes of life; one who has a strong arm, a loving heart, a guiding eye. Jesus is such an one. He is able and willing to be thy friend. He is now waiting to cleanse thee from all sin, sanctify thee by His Spirit, give thee peace and joy, and prepare thee for mansions of glory. Give thyself to Him, and He will never leave thee—never forsake thee.—*T. W. Medhurst, in The King's Messenger.*

OVERWORK.

There is a general impression that a farmer's life is one of the healthiest of all. And so it is if it be guided by judgment. But there are hundreds of farmers and double the number of farmers' wives and daughters whose health have been completely broken up by too much work. Women on farms are often oppressed with work. Besides the housework, they are often looked to help at the milking. There is no use in this, or in trying to do too much. Planning goes a great ways towards lightening work. Every morning let a reasonable day's work be contrived, and then, when it is accomplished, stop. Don't think because you have finished the settled task long before night, these endless days, that you must keep trudging on, hunting up new things to do, not laid down in the day's programme; unless you want to wind up with a fresh, clean, house and the wreck of a woman to enjoy it. If a farmer cannot make his farm pay without making drudges of his wife and daughters, he should quit the business. A woman should have some rest.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed ports, allaying irritation, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere.

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

C. E. Kyle, of Uxbridge, writes 3rd, 1870, and says:—"I certify to the excellent qualities Allen's Lung Balsam as a remedy for all diseases of the throat and lungs. I know it to be all it is recommended to be."

Burdock Blood Bitters cures all diseases of the blood, liver and kidneys, female complaints, nervous and general debility, and builds up the entire system when broken down by disease.

A thing of beauty is a joy for ever.—And such is a rich flowing head of hair. Reader, if you have this great gift of nature and it is not fading out use the Bearine; it is the only safe and reliable dressing you can get. Every druggist sells it.

When you ask for a bottle of Pain-Killer and the gentlemanly storekeeper, without scarcely looking, remarks, "we are just out, but have another article as "good or better which sells for the same price viz, "25 cents." Turn on your heel and say Good-bye, Sir! That man cares more for the two or three cents extra profit which he gets than he does for your health or happiness.

See advertisement in another column.

For all purposes of a Family Medicine, Hagyard's Yellow Oil is at the head of the list. It is used with unprecedented success, both internally and externally. It cures Sore Throat, Burns, Scalds, Frost Bites, relieves, and often cures Asthma.

Give me sound reasons for taking a medicine or I will not try it, says the rational invalid. This is fair and right. Assertion is not proof. In recommending Bristol's Sarsaparilla and Pills, therefore, as specifics for scrofula and all the types of ulcerous and eruptive diseases, it is proper to remind the public that, for over one-third of a century, they have been uniformly successful in cases of this kind.

INCIPIENT CONSUMPTION.—In Bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility in giving tone to the system it is undoubtedly a valuable remedy.

JOHN McMURRAY, Methodist Minister, Newport, N. S.

If you suffer from any chronic disease arising from Impure Blood, Sluggish Liver, disordered Kidneys or inactivity of the Bowels: if your Nervous System is debilitated from whatever cause arising, do not despair, but procure a trial bottle of Burdock Blood Bitters; it will only cost 10 cents, Large Bottles $2.00. For sale by all medicine dealers.

Consumption, so prevalent and so fatal, is dreaded as the great scourge of our race; and yet in the formative stages, all pulmonary complaints may be readily controlled by using "Bryan's Pulmonic Wafers" They will relieve the worst cough in a few minutes, and have a most beneficial influence on the bronchial and pulmonary organs; but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25 cents per box.

Nothing can exceed the folly and stupidity of those who submit to the pangs of the various forms and complications of Rheumatism and goat, by which they are tortured and disabled, when they can, by one or two applications of Giles' Liniment Iodide Ammonia, obtain instantaneous and permanent relief.

Sold by all druggists. Send for pamphlet.

DR. GILES,
120 West Broadway, N. Y.

Trial bottles 25 cents.

In cases of chronic disease which doctors have failed to cure, Burdock Blood Bitters has achieved its greatest triumph. All diseases of of the Blood, Liver and Kidneys, Scrofula, Dyspepsia, Nervous Debility, Rheumatism, piles, Female Complaints and all forms of lost Vitality are promptly cured bp this great renovating Tonic. Trial Bottles only cost 10 Cts.

It is a little trouble to examine the pamphlet wrapped around each bottle of the true Murray & Lanman's Florida Water, so as to find the words "Lanman & Kemp, New York," which are water-marked or stamped in pale letters on every page, but it is better to take this small amount of bother rather than to be imposed upon by a worthless counterfeit. Every leaf of the pamphlet around the genuine has these words in it, which though pale and faint, can be easily seen when held up to the light, and no Florida Water is genuine that does not have this test mark.

The best known remedy for all affections of the chest, Lungs or Throat is GRAY'S SYRUP OF RED SPRUCE GUM. It is constantly used by thousands of persons suffering from the above diseases, and in nearly every instance it affords immediate relief. In cases of troublesome, tickling Cough, where the patient passes sleepless nights, one or two doses of the Syrup has such a quieting, soothing effect that rest ensues and the Cough speedily disappears. Try it and be convinced. Sold by all chemists. Price 25 and 50 cents per bottle.

It is a great and often fatal mistake to take repeated drastic purgarives for constipation of the Bowels, they induce piles and cause debility of the bowels. Burdock Blood Bitters is a safe and perfect regulator of the bowels, arousing the torpid Liver and all the secretions to a healthy action; acting on the Kidneys, and renovating and toning the system in the most perfect manner.

MILLIONS GIVEN AWAY.

Millions of Bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, have been given away as Trial Bottles of the large size. This enormous outlay would be diastrous to the proprietors, were it not for the rare merits possessed by this wonderful medicine. Call at Jas. Clark & Co's Drug Store, and get a Trial Bottle free, and try for yourself. It never fail to cure.

NEVER GIVE UP.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle, by Jas. Clark & Co.

THE CIRCASSIAN WOMEN

are considered to be most beautiful. Ennuied bachelor butterfly, have you ever seen a Circassian belle? Fly at once to that wondrous clime, and you will learn that the secret of much of their beauty lies in the liberal use of SOZODONT, which was introduced there years ago to make their teeth beautiful.

"It is handy to have about the house, Toodles said. So is Spalding's Glue.

UGLY GAPS

in that row which of all others should be kept in thorough repair, a row of teeth' are sure to occur and no less sure to hopelessly disfigure the face if disregard of the teeth's cleanliness is persistent. But if the error is corrected in time with the aid of SOZODONT, America's leading tooth beautifier and invigorant, the tenants of the mouth long retain their strength and whiteness unimpaired. A word to the wise is sufficient.

HOW WISTAR'S BALSAM CURES.

FROM SEYMOUR THATCHER, M.D., OF HERMON, N.Y.

"WISTAR'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a cough by loosening and cleansing the lungs, and a laying irritation, thus removing the cause, instead of drying up the cough and leaving the cause. I consider the BALSAM the best cough medicine with which I am acquainted." 50 cents and $1 a bottle. Sold by all druggists.

A REMARKABLE CURE.

West Townsend, Vt., May 14, 1860.

Messrs. S. W. Fowle & Son:

In the Spring of 1847 I took a severe cold which settle on my lungs, where it remained without relaxation. I was then in Massachusetts, and growing worse and becoming unable to attend to my business, I returned hame and commenced searching in earnest for some medicine which would restore my lost health. I consulted physicians, I tried many remedies, but obtained no help, but daily grew worse. I had a terrible cough, and raised a good deal of blood. I had profuse night sweats, and severe pain in my side. I continued in this state for months, and became so weak that it was with great difficulty I could walk, when I was advised to try Wistar's Balsam of Wild Cherry, and to my great joy I soon found that this remedy had arrested the disease. I continued to use the Balsam to the extent of five bottles, and have since then experienced no difficulty of the lungs. I believe the Balsam saved my life, and I shall ever hold it in high estimation.

Yours truly, LEWIS PHELPS.

RHEUMATISM OF THE BLOOD AND DEBILITY.

HAVERHILL, Mass., March 17, 1881

Gentlemen,— Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that when I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried rubbing' but nothing seemed to help me. At last PERUVIAN SYRUP was recommended' and on taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and side At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister,s health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbuay, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case. and the only one he knew of The result proved the correctness of his opinion, for the use of one bottle completely curee her.

Your very truly,
MRS. CARRIE A. DANIT No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands. Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King,s renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and. as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid mrde only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by POHRS, [illegible], Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and in wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 3½ doses, 4s. 6d. Sold by Chemists everywhere. The name of J. PEPPER is on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. w1y

DAILY ONTARIO

SATURDAY AUGUST 6, 1881.

—JOHN C. QUINLAN, financial editor of the New York *Times*, is dead.

—In consequence of the low rate of railway fares, the hotels of New York are unable to accommodate the floating population.

—Who will be appointed to the Governorship of the North-West, is now a vexed question. There are at present two candidates for the position, Senator Skead and Mr. Royal, M.P.

—The Canadian Club is now one of the prominent institutions of Chicago. It has been organized under the laws of the State of Illinois, and gives evidence of being a live and vigorous institution.

HERE is the way it stands:

(1). Workingmen left Canada to go to the United States, because Protection had raised wages there.

(2). When they got there they could find no work, and are walking about the streets of the large cities starving.

(3). Protection has so improved the prospects of the workmen here, that they are coming back in hundreds.

(4). Many more would come back only they have not the means.

All of these statements we find in the Tory papers. We do not undertake to reconcile them, but as the colored preacher said, "there seems to be a great moral lesson lying around here somewheres."—*Advertiser.*

OUR RUSSIAN VISITOR.

Leo Hartman, the Russian Nihilist, who, a telegram yesterday states had sought refuge in Canada to avoid being surrendered to the Russian authorities, is indeed a desperate character. Eleven years ago, when only 19 years of age he first imbibed revolutionary ideas and soon joined the Nihilists. He became an active agent of the party and used every exertion to instill into the minds of the peasants and other Russian subjects a desire to force a change in the system of Government. He became the leader of the more radical revolutionists and was selected as a delegate to the Revolutionary Congress that met on the banks of the Volga in 1878. The session resulted in a division of the party—one branch holding for a revolution by quiet, peaceable propaganda, and the other advising the adoption of violent measures, to which latter party Hartmann adhered. The latter faction became known as the Terrorists and he became one of their most active agents. In order to obtain the sympathy of the free nations, the Executive Committee of the Russian Socialist and Revolutionary Committee sent Hartman to England and America to acquaint the people in those countries with social life in Russia. The Executive Committee also gave Hartmann an appeal to the American people, in which, after stating that is difficult to give them an idea of the true condition of Russia, with its unlimited monarchy, and its high-handed absolutism, the Committee go on to narrate the numerous faults of the Russian Government, and the disadvantages and hardships to which all classes of people are subjected. The old conservative feeling is disappearing, it is claimed, and the younger generation does not regard the Czar with the same awe and admiration that characterized their ancestors. Meetings will shortly be held in New York, when Hartmann is expected to "explain to the American people, the wrongs of the Russian people and the justice of the revolutionary cause." Hartmann's hurried departure to this side of the line may interfere with the programme, but as everything anti-British is allowed in the cities of the United States, the same liberty may be accorded the man who has espoused the cause of the Russian Nihilists. A demand for his extradition would materially impair his usefulness however, and prevent the consummation of the object for which he came to America.

THE PEANUT VENDOR.

And the Whistle of the Peanut Roaster.

The peanut stand has become a necessity in every well-regulated community, and its presence here and there in our principal streets is indicative of the introduction of a new business, as well as denoting the existence of small change. On its counters are found the toothsome sweets that appease the taste of the average youngster, and the fruit and taffy candy that please the palate of the older citizen. The business proportions of the establishment are not of a very extensive character, but "great oaks from little acorns grow," as a distinguished philosopher has aptly observed, and such are the chances that life in this world presents, there is no just reason to suppose the proprietor of a candy-stand may not eventually become our representative in the Legislature or a member of the Board of Aldermen. But with this honored institution comes the whistle of the peanut roaster. Its shrill notes are heard "at early morn and dewy eve," and if one is disposed to carelessly pass along, the proprietor of the stand, in loud, stentorian tones, proclaims a reminder of its existence with "hot peanuts; fresh roasted." He is to the community what the candy butcher is to the circus, and there is this in his favor—he gives more goods for the money, and is more honest. Aside, however, from the pleasure and profit such a business affords the person who engages in it, to some there is an annoyance—the whistle. To many it is a nuisance; to others, a grievance fretful and dire; in the opinion of both it should be abated. But now comes the question, shall the peanut man be prevented from allowing full play to his tuneful whistle, or shall the too sensitive ears of those who transact business in his vicinity, or have occasion to pass his shop, "ring with the music in its roar?" To this query the average citizen answers "No"; and by way of remonstrance asks "where are the police?"

And now, as the usefulness of the whistle has been called into question, there is room for a judicial investigation. In the meantime, however, the peanut man continues his business, and his voice resounds on the quiet air with "Hot peanuts; fresh roasted."

OUR CITY FINANCES.

Meeting of the Committee last Evening — Disposal of the Surplus.

The Committee on Finance held a regular meeting last night, when the following members were present:—Ald. Jellett, (Chairman), Lingham, Smith, McIninch, Costello, Petrie and His Worship the Mayor.

PETITIONS.

The petition of Alex. Brown and others asking for a redivision of the city into three wards, was the first one considered. The Solicitor stated that it was useless to discuss this matter at present, as the Statutes provide that a division or re-division of wards can only be made by a two-thirds vote of the Council before the 15th of July of each year. The law, however, he said, remains silent as regards a reduction of wards, but his opinion was that special legislation in this case would be necessary. The petition was laid over.

Mr. Casey, of Whitby, Solicitor for the Reynolds' Estate, appeared on behalf of the petitioners asking a rebate in the taxes on this property. After a few remarks by him, the matter was referred to a Committee composed of the Solicitor, Mr. Ockerman, Mr. Tannahill, and Ald. Smith and Lingham.

A petition of a like character from the executors of the Dixon Estate was referred to the same committee.

In reference to the petition from Mrs. H. Thompson, asking a remission of taxes, the Solicitor remarked that she only asked a remission on the milling property.

The Chairman said if the petition was granted it would be nothing more or less than drawing the amount (about $100) out of the city treasury, and putting it in the pockets of the mortgagees of the property.

Several other members of the Committee, however, took a different view of the case thinking that the reduction would materially benefit the petitioner.

On motion, one half of the taxes was remitted, on condition that the other half be paid by the petitioner before the 1st of September.

Mrs. Wm. Kenny's petition, for the remission of her taxes, was laid over for further consideration, while the petition from Mrs. Manning, asking for a similar favor, was not entertained.

It was agreed to allow Mr. A. L. Smith $100 on his taxes, for a small strip of land on Alexander and Forin Streets, and to authorize the Solicitor to compel him (Mr. Smith) to remove the fence which he recently erected across Charles Street.

Luke O'Donnell's petition asking assistance from the city's funds, was referred to the Poor and Sanitary Committee for investigation, whilst that from James Buck, praying for a reduction of the tolls on timber, received the cold shoulder and was not entertained.

ACCOUNTS.

The quarterly report of the Cow Inspector was read, and his salary for this term recommended to be paid. A number of accounts from different committees, previously published, received the further endorsation of this Committee.

THE ESTIMATES.

The Chairman spoke at some length in regard to the discussion on this matter, and admitted the error of $5,682, pointed out by other Aldermen, which would leave an actual surplus of $14,318. He regretted the action taken by different members of the Council at its last meeting, and if he had said anything of a personal nature, or anything disrespectful of any Aldermen on that occasion, he now regretted it, and hoped the matter of disposing of the $14,318, surplus, would be amicably settled.

After a few remarks by different Aldermen, it was agreed to recommend the following:

That $11,818 be placed to the credit of the Sinking Fund, and $2,500 be granted for paving Front Street.

The Committee then adjourned.

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

—Sir Alexander Galt is laid up with rheumatism at St. Catharines, and his trip to the North-West, is, therefore, indefinitely postponed.

—The Toronto News backs sir Samuel Tilley up in his absurd contention that it is the N. P. that improved the lumber trade. Its argument is that the N. P. having stimulated sugar refining and other kinds of business in Canada, has caused the increased demand for lumber. It is just a little bit difficult to see how the sugar refining, etc., in Canada is going to make people in Europe and the States want to buy our lumber. Everybody knows that it is the demand in those countries that regulates the price in Canada.

CORRESPONDENCE.

[We are not responsible for what our correspondents may say. By granting space for the expression of their views, we do not endorse their sentiments.]

OUR HIGH SCHOOL.

To the Editor of the DAILY ONTARIO.

DEAR SIR.—In looking over the report given in your valuable paper of the proceedings in the Educational Board, and feeling deeply grieved with the nature of them, with your permission a few comments to the general public may not be unacceptable.

It seemed to be well understood and admitted by the majority of the Board that our High School was a failure, inasmuch as the Government Inspector had reported that the school was in a deplorable condition and has been for some time, and, moreover, the cause of such a state of things was equally apparent to the Board; yet, in the face of this, the remedy has not been applied.

Now, Mr. Editor, I conceive that the Board, being elected by the public, and having the public funds at their disposal, should have the manliness and straightforwardness to deal with the question.

This is not a case of small import, but one that affects the whole community. If a merchant neglects his business or a professional man his profession, we know the result, ruin to himself and family; but in a school it is more detrimental—exerting bad influences on numbers—blasting the prospects of many under his care. The teacher of the High School takes the pupils at a most impressible age, after the drudgery has been accomplished, when influences should be brought to bear, leading them upwards and onwards—this, too, at a period in a boy's history when every moment should be embraced, fitting him for the battle of life.

What made the men of Rugby School but the influence of Dr. Arnold.

The idea of leading the youthful mind in careers of usefulness one would suppose would be sufficient to inspire a man to do all possible to that end,

Mr. Editor, we have to deal with results. Why does our school rank so very low? One of the Board in his remarks referred to the fact that many of the best pupils had been sent to Albert College. This should teach us a very plain duty, viz.: to raise our High School to such a state of efficiency as would prevent parents and guardians from removing their children and placing them where habits of industry and perseverance are inculcated.

As a heavy taxpayer in this city I protest against the action of the Board, (I honor the minority) and I trust when the elections take place, those members who have shown such weak and undecided characters in retaining a person who is proved to be entirely unfitted for his position, will meet with their reward.

Yours &c.,

A WELL WISHER OF OUR SCHOOLS.

LUSUS NATURÆ.

Mr. John Carr, of Holland Landing is the owner of a feline animal which gave birth, about a week ago, as he supposed, to several kittens. On Sunday last, hearing the young "serenaders" making considerable noise, he proceeded to the hay-mow, from whence the mewing came, when, to his astonishment, he found six kittens all united together at the thighs by a ligament—the hind legs of the several animals being crossed and mixed up. It is a singular freak of nature; and since the fact has become known that Mr. Carr has a natural curiosity, scores of people have called to see for themselves. They are all alive, and if Mr. C. can succeed in rearing them, no doubt Cole's combination will pay him handsomely for them when visiting Newmarket in September next.—*Newmarket Era.*

—A nest of white crows has been found in a corn field in Ameliasburgh.

—The nomination for Argenteuil county has been postponed until the 10th inst. The nomination for West Peterborough Local election will take place on the 24th.

—Bradlaugh says that he will make another attempt to enter the House unless the seat for Northampton is declared vacant, and that the next time he will give no warningt Preparations are, however, made to receive him.

J. J. C. Abbott says he was unseated by no act of his, and of course if he only chose to appeal he could have Judge Belanger's decision reversed. But he won't appeal; no, not he. He says he would rather appeal to his late constituents. Noble Mr. Abbott!

—There is a war among the weather prophets. Vennors predicts one sort of weather for August, De Voe, the Jersey meteorologist, another and the Weather Department a third. And, in the mean time, the average citizen is made thoroughly aware of the fact that it is hot.

—Messrs Gilmour and Hall returned to Trenton recently from a visit to Michigan, where they have been inspecting the latest improvements in saw-mill machinery, with the view of making the equipment of the new saw mill now under construction as perfect as possible.

—The Mail says "they have a very ingenious way of magnifying the attendance at political demonstrations down east." Correct. The St. John Tory organs figured out that there were between five and six thousand people at the Tupper-Tilley side show in that city. When the news reached Monckton, the Tory organ in that town made the attendance 10,000.

—A guard continues to be maintained over Guiteau at the jail in Washington, which would indicate that the authorities apprehend that there is still danger of an attempt to capture him. An intimation has been made that organizations now exist in Washington, Baltimore and Philadelphia whose members are ready to take the law into their own hands if they can get hold of Guiteau.

Fos. Beaudin, M. D., Hull, P. O. writes:—Dr. Thomas' Eclectric Oil commands a large and increasing sale which it richly merits. I have always found it exceedingly helpful; I used it in all cases of Rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved from pain.

POETRY FOR THE SEASON.

There is an appropriate time for everything and a more fitting time for the publication of the subjoined production could scarcely be had. It expresses the sentiments of the great majority who have not sought the sheltered nook or shady grove, and is a production that meets the exigencies of the hour exactly.

Blaze on, old Sol, blaze on!
With all your pent-up heat—
Blaze on!
Although I'm cooked from head to feet,
Although I'm soaked from feet to head,
Although my nose is blistered red,
Although I've wished that I were dead,
Never you mind
Blaze on!

Blaze on, old Sol, blaze on!
With all your burning rays—
Blaze on!
You have my blessing on your blaze.
'Tis true I'm ever shouting "Pheugh!"
'Tis true I've sworn the hot air blue!
'Tis true a sunstroke soon comes due;
But don't let that unsettle you!
Never you mind,
Blaze on!

DEATH ON THE GALLOWS.

Execution of a Wife Murderer after Many Delays.

SYRACUSE, N. Y., Aug. 5.—Nathan Orlando Greenfield was executed this morning for the murder of his wife at Orwell, Oswego County, in 1875. The case was remarkable for the stubborn contest in the courts. There were three trials. The jury once disagreed and twice found him guilty. Three death sentences were passed, and there were five stays and reprieves. On the sixth day formally set the execution took place, five years and nine months after the crime was committed. After so many escapes from the gallows, Greenfield was confident that he would not be hung, and gave up hope of commutation only under the gallows. Vigorous efforts to gain the Governor's interference were in vain. The execution took place in the gaol in presence of 200 persons, officials, witnesses, and press representatives. The prisoner was calm and unconcerned. Being asked if he had anything to say, he replied, nothing. The trap was sprung at eleven o'clock. A scene took place just before the execution. The prisoner's brother insisted on standing by him to the last, declaring him to be innocent. This the sheriff refused as unlawful.

MAXIMS OF A MILLIONAIRE.

It is said that Baron Rothschild had the following maxims framed on his bank wall:

Attend carefully to the details of your business.
Be prompt in all things.
Consider well, then decide positively.
Dare to do right. Fear to do wrong.
Endure trials patiently.
Fight life's battle bravely, manfully.
Go not in the society of the vicious.
Hold integrity sacred.
Injure not another's reputation in business.
Join hands only with the virtuous.
Keep your mind from evil thoughts
Lie not for any consideration.
Make few acquaintances.
Never try to appear what you are not.
Observe good manners.
Pay your debts promptly.
Question not the veracity of a friend.
Respect the counsel of your parents.
Sacrifice money rather than principle.
Touch not, taste not, handle not, intoxicating drinks.
Use your leisure time for improvement.
Venture not upon the threshold of wrong.
Watch carefully over your passions.
'Xtend to every one a kindly salutation.
Yield not to discouragement.
Zealously labour for the right,
& success is certain.

LIFE.

A LITERARY CURIOSITY.

1—Why all this toil for triumph of an hour?
2—Life's a short summer, and man a flower.
3—By turn we catch the vital breath and die—
4—The cradle and the tomb, alas, so nigh.
5—To be is better far than not to be,
6—Though all man's life may seem a tragedy;
7—But light cares speak when mighty gifts are dumb;
8—The bottom is but shallow whence they come.
9—Your fate is but the common fate of all;
10—Unmingled joys here to no man befall.
11—Nature to each allots his proper sphere;
12—Fortunes make folly her peculiar care;
13—Custom does not often reason overrule,
14—And throw a cruel sunshine on a fool.
15—Live well, how long or short permit to Heaven;
16—They who forgive most shall be most forgiven.
17—Sin may be clasped so close we cannot see its face—
18—Vile intercourse where virtue has no place.
19—Then keep each passion down, however dear;
20—Thou pendulum betwixt a smile and tear.
21—Her sensual snares, let faithless pleasure lay,
22—With craft a skill to ruin and betray;
23—Soar not high to fall, but stoop to rise;
24—We masters grow of all that we despise.
25—O, then renounce that impious self-esteem.
26—Riches have wings, and grandeur is a dream.
27—Think not ambition wise because 'tis brave.
28—The paths of glory lead but to the grave.
29—What is ambition? 'Tis a glorious cheat!
30—Only destructive to the brave and great.
31—What's all the gaudy glitter of a crown?
32—The way to bliss lies not on beds of down.
33—How long we live, not years but actions tell;
34—That man lives twice who lives the first life well.
35—Make then, yet while we may, your God your friend.
36—Whom Christians worship, yet comprehend.
37—The trust that's given guard: and to yourself be just.
38—For, live we how we can, yet die we must.

YACHTING NOTES.

—The "Whig" says the "Gracie" will probably compete in the Clayton regatta.

—The "Emma" of Kingston will take part in the regatta at Clayton, on Friday next.

—The "Palladium" says the "Adelaide" was here on Thursday. T'was a "Phantom," nothing more.

—Such was the character of the reception accorded the crew of the "Guinevere" of Toronto, on their visit to Oswego recently, that a letter from the former has been forwarded to the "Palladium," thanking the Oswegonians for the courtesies extended. The Oswego boys never do anything by halves—as many of our citizens know by their experience.

Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quantities by A. Knox, Wm. Dickens, W. Ballen, Granger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 5 ounce bottles, 50 cents, at R. Templeton's Drug Store.

—Young man, are you about to get married? Good! it's a step in the right direction. But be honest. Did you ever give a note—a promise to pay—and then purposely forget it—suffer it to be dishonored? We hope not. Then whether you did or not, don't contract that game on a confiding woman. If you promise to protect and defend her, do it like a man. Don't worry over the style of a wedding ring until you have applied for, and received and paid for, and handed to her a substantial life policy in the Ontario Mutual Life Assurance Company, for which S. Burrow, is the General agent for this district, and P. M. Clark is local agent. Their office is in the Ashley block.

LOCAL AND GENERAL.

THE work of assorting the logs was again resumed at the gap this morning.

THERE were six vagrants, a drunk and five prostitutionists in the cells last night.

MESSRS. HODGSON & SONS shipped one car load of cheese to-day—the first shipment in several days.

THE call of duty has been responded to by Mr. Norman Dingman, who left Picton on Thursday for Winnipeg.

MR. GEO. E. J. HANWELL received eight car loads of stove-wood by the Grand Junction Railway yesterday.

MR. C. SMITH and party who have been camping at Massassaga Point, during the past few days, returned to the city to-day.

THE evening trips of the street cars last night were recorded a very large patronage, as every car was found uptown was crowded.

IT is expected that the HON. A. P. CAUON, Minister of Militia, will visit Picton whilst the several volunteer corps of this district will be in camp near there.

IT is possible that the Belleville Cricket Club will be accommodated by the Kingston Club with a match on the Civic Holiday—provided a contest is desired.

"TARIFF," who was second in the race for the 2.34 class at Buffalo, on Thursday, was by Clarion Chief, and according to the report of the *Mail* was bred near Belleville.

THE work of excavation on the lot directly opposite the foot bridge has been begun preparatory to erecting a new edifice for the Christ Church congregation. The site is an excellent one. It is not yet decided who shall receive the contract.

A CAR OF HORSES (14) was shipped yesterday afternoon by Mr. Joseph Weller to Port Huron. They were purchased in this county by Mr. Walter Fanning, and all are large and powerful. They are intended for use in Weller & Co.'s lumber shanties in Michigan.

THE steamer *Varuna* leaves on the morning of our Civic Holiday—Friday next at 7:30, with an excursion to Picton and Lake on the Mountain, under the auspices of the Bible Christian Church. The steamer being fast and the trip a short and pleasant one, a large patronage is anticipated.

DRS. WILLIAMS & NASH may both be consulted at their office, in Belleville, on Monday and Tuesday, August 8th and 9th, on all diseases of the head, throat and chest; also on all chronic, blood and nervous diseases. Consultation free. See advertisement in another column of this paper.

AT a meeting of the Okas held last evening at the "Hub," the challenge from the Millbrook Lacrosse Club was accepted, and the date of the match fixed for the 19th inst. It is probable the return match with the Trenton Club will be played on Friday next, at Trenton. No definite action was taken as regards the challenge, received from Peterboro' and Cobourg.

THE meeting of the Finance Committee last evening was a very harmonious one, and as the report of the session will show, was characterized by a desire to attend to business. The vexed question—the disposition of the surplus—was solved, as far as the work of the committee went, but whether or not it will be acceptable to the Council, the meeting on Monday night next will determine.

A jolly party of ten Trentonians, who have been camping at the Point for about a week, concluded their season of camp life this morning, and visited this city. They left for home at eleven o'clock on the *Esseronto*. Every one of the number speak in terms of the highest praise of the management of the Point, and of the enjoyment to be derived from a week's sojourn there.

INTEREST in quoit pitching has again revived in this city, as is demonstrated by the number who are practising almost daily. In the contests which took place yesterday afternoon the scores made by several of the quoit pitchers were creditable, and now some of the pitchers talk of challenging the Campbellford Club; in fact this action has been decided upon, and ere long the date of the match will be fixed.

THE funeral of the late Mrs. Sarah Henderson took place this morning to the dock. The remains were placed on board the "Varuna" and taken to Picton where they were interred. The room in the Dafoe House in which the body laid, was fragrant with the perfume of flowers. The floral offerings of Alderman Costello and Hugh Mottershead were handsome tributes of regard for the deceased, whilst the employees of the house also presented a variety of bouquets—all of which were the productions of Messrs. Turner and Dyer.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of matured ability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the man. The turning point of the battle often depends on the strain which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or quacked horses will ruin the prospects of any farmer. J. F. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in his profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House, opposite Dr. Willson's, Pinnacle Street, Belleville.

CORPORATION men are engaged repairing Great St. James street.

FOURTEEN cars of iron ore arrived over the Grand Junction to-day.

MANAGER HICKSON of the Grand Trunk Railway passed east to-day.

THE City Clerk, Mr. R. Nowbery, celebrated his silver wedding to-day.

MR. W. A. SHEPARD, of the *Mail*, is in the city, and is stopping at the Dafoe House.

THE second over-head bridge has been thoroughly repaired, making it equally as good as when new.

THOSE engaged in bringing the logs down the river have applied such boards to Lazier's dam, for the purpose of damming the water back.

THE mare owned by M. A. Kimmerly—which was so severely gored by a bull a few weeks since—has completely recovered under the treatment of Dr. Douglass.

MR. HARFORD ASHLEY advertises for tenders for the erection of a new block of stores adjoining his property known as the "Ashley Block" on Front Street.

THE average orchard thief is now busily engaged. Several young lads invaded an orchard in West Belleville last evening, and almost stripped the trees of all the fruit.

ANOTHER purse containing a sum of money, was carelessly lost in the market building this morning by an elderly woman, who left it lying on the counter after making some purchases. Fortunately she did not proceed far before missing it, and returning, found the purse where she had left it. The lady was more lucky than wise.

ELEVEN tramps were before the acting Police Magistrate this morning charged with vagrancy. Two policemen arrested them last evening on the Kingston Road, where they had congregated, doubtless to spend the night; but their intentions were frustrated, as the residents thereabouts informed the police. They were tramps of the worst kind, being remarkably filthy, so much so, that it cost the city $1.00 to have the cells cleaned after they were released. They were discharged on condition that they would leave for Brockville as soon as possible. That they may never return, is the wish of the community.

MESSRS H. J. Hill and W. F. Carrier, of Toronto, visited the city to-day in the interests of the Citizen's Regatta, which is to be held on the bay at Toronto, on Wednesday and Thursday, next Sept., 7th and 8th. The aggregate prizes offered amount to $1,500, divided into four classes —an open to all, a four oared, a double scull, and a consolation race. The first contest is expected to draw together the first oarsmen of the world, and as an inducement, a Gold Medal and $1,500, will be given the winner, $600 will be handed the second, $255 will be presented to the third, and $125 will be awarded to the fourth. $950 will be given to the winners first, second and third, in the four oared race, and $850 in the double scull shell race, whilst for the consolation race $175 is offered. The above programme should draw together a large gathering of those interested in acquatics, as the prizes are very liberal and the management in first class hands.

☞ Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and children' waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in this part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child, as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or mis. fit will never be next to an impossibility. The saving of time and material by this new mode of cutting will be very considerable. Any lady or miss with ordinary acquire a knowledge of this system will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 8 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice henceforward at 50c; children's size to 40c. To her lady visitors, Mrs. Tugnett will be happy in giving explanations of the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

WEATHER BULLETIN.

TORONTO, August 6.

Lakes — Generally unsettled weather, with local showers and thunderstorms, variable by northerly winds.

RANDOM DASHES.

—The threshing machine is now busy.

—The cheese market continues inactive.

—The lightning rod-man is around again.

—The gypsies have, for the present, left us.

—The bulk of the barley crop has been housed.

—The potato crop has been injured by the hot weather.

—Carbolate of lime will, it is said, destroy potato beetles.

—Campelford will have its Civic Holiday on the 17th inst.

—Moonlight excursions over the Prince Edward County Railway have been advertised.

—Mr. G. W. Ranney, C. E., is in charge of the surveying party of the Trent Valley Canal.

—Although lemons are very dear, pic-nic lemonade is as strong and unpalatable as ever.

—Train traffic continues brisk. A special passenger train passed east at an early hour this morning.

—"You handle the truth quite carelessly," is the latest and more refined style of calling a man a liar.

—The Workingmen's Temperance Association of Napanee, will visit Belleville on Tuesday evening next.

—Barbed wire fences do not take as well as formerly, owing to the liability of accident resulting to animals from coming in contact with them.

—Many physicians contend that rowing causes one to become round-shouldered, unless other exercise is taken immediately upon leaving the boat.

—Mr. Martin Hennessy has been appointed Roadmaster of the Grand Junction Railway, from Peterborough to Belleville, and from Belleville to Madoc.

—The Marquette *Review* says, "Messrs Lyons and James, sold their tram the other day to Messrs Jeffs, Baker, Forbes, and Lee, Ontario gentlemen, for $20,000. The purchasers have instructed their surveyors to survey the property into town lots."

HOLLOWAY ST. C. M. CHURCH S. SCHOOL EXCURSION.

The Excursion of the above Sunday School left the Ferry landing yesterday at 9:30 a.m., and soon all were comfortably seated on the commodious steamer *Prince Edward*. In a short time the village of Rednersville was reached and the party went to Mr. Redder's Grove, where the day was enjoyed by all present.

The first part of the day's programme (of course) was eating, and all seemed to have a healthy appetite consumption which needed neither physician nor medicine and was soon pronounced by all perfectly cured! Swinging and foot-ball playing was engaged in next, but the great enjoyment of the day was the foot races in which all took part; the young as well as the old, the light as well as the heavy, the strong as well as the weak. The most interesting part of the foot races was the race run by Mrs. Meudell and Mrs. Wickett, for the benefit of the church, Mrs. Meudell for the benefit of the quilt fund, and Mrs. Wickett for the mite fund. Both did their best, and ran well. Mrs. Meudell was the winner of the race. The amount of $2.50 was handed over to her, which she received gladly and with many thanks. The above sum will be applied to a quilt which Mrs. M. and others are preparing for the benefit of the church. Mrs. M. is taking a very active part in the work, which it is hoped will be a great financial success.

At 6 o'clock the party left the ground, and soon all were taken home, Mr. James Ross, his co-laborers, the children and all present feeling very happy. When near home 'God save the Queen' was sung by the choir and others. The street cars took the party to the city.—COM.

OUR VISITORS.

Robert Strickland of Lakefield, J. W. Dinwoodie and P. Bonnycastle of Campbellford, are registered at the Commercial.

Thomas Haggart of Brampton, C. W. Mansfield of Montreal, and J. W. Halstead of Halston, are at the Dominion.

At the Dafoe House there are registered, among others, W. Cummings wife and child; Robt. L. Rupert, Montreal; Isaac Abbott, R. U. Spence, Toronto; P. C. Steward, Detroit; and Chas. Blackwell, Peterboro'.

Wm. Swaim, Collingwood; Henry Wood, Madoc; and P. Rose, Port Perry, are stopping at the Anglo-American.

Among the arrivals at the Queen's are J. Mealey, Toronto; Thos. Heewan, James Carey, Grafton; Robt. Thompson, Napanee; J. B. McMullen, Picton; and W. Boulter, Demorestville.

P. Carr, Brockville; A. H. Huron and M. Ambrose, Trenton, are at O'Brien's Hotel.

ABOUND AND ABOUT US.

—Long blackberries are abundant in the Bald Mountains.

—Trenton has been provided with a new police office.

—There are 850 names on the Napanee voters' list for 1881.

—An effort is being made to raise a brass band in Napanee.

—The tamarack swamp in the township of Richmond is to be drained.

—Kaladar is now claimed to be one of the best mineral townships in the Dominion.

—The Madoc Brass Band furnishes the residents of that village with open air concerts.

—John Henderson, of Murray, was seriously injured on Wednesday, by being thrown on his buggy.

—Huckleberries are just now rather plentiful in that "land of the mountains and the flood"—in the township of Lake.

—An Ameliasburg farmer who believes in making life as enjoyable as possible, has fitted an expensive sunshade to his reaping machine.

—A petition is in circulation asking the people of Trenton, to grant a bonus to the Trenton Water Power Company, towards the construction of a dam and the inauguration of manufacturing enterprise in Trenton.

MARINE NOTES.

—The 'Eliza Fisher' is loading lumber at the Eagle mill.

—The 'John Wesley' has discharged her cargo of firewood and shingles.

—The 'Nellie Sherwood' cleared yesterday afternoon, light for Napanee.

—The tug 'Bonar' left this morning for Trenton with a tow of logs for Gilmour & Co.

—The 'Thompson Kingsford' cleared from the Eagle Mill last night for Oswego with lumber.

—The 'Gearing' and 'Florence Howard' arrived yesterday afternoon. The former cleared this morning with hematite ore and the latter will follow this evening with a like cargo. Both go to Fair Haven.

—After taking a bath on Sunday a number of Port Dalhousie small boys, feeling cold, built a fire on the edge of a hay field to temper the chilling breeze. Thirty men fought the flames thus started for hours, but the land of hay and the meadow were both destroyed, and Mr. Bethel, the owner, loses by the occurrence about $100 worth of fodder. The boys got more heat that they anticipated.

Telegraphic Despatches.

The Wounded President.

STILL ON THE ROAD TO HEALTH.

WASHINGTON, Official, Aug. 6th, 8:30 a. m.—The President passed an excellent night, sleeping sweetly the greater part of the time without the aid of morphia or any other anodine. This morning he is cheerful and all indications promise another favorable day. Pulse 92, temperature 98.4, respiration 18.

MORNING.

A Price for Hartman.

NEW YORK, Aug. 6.—A friend states that Hartman has proof that the Russian Government place a price—over $1,500—on his head. There is no question about his identity. Hartman was constantly watched while here.

Steamboat Collision.

LONG BRANCH, Aug. 6.—The steamer "St. Johns" with 600 passengers, including Grant, Jesse Seligman, Russell Sage, Victor Newcomb and other prominent gentlemen, was run into yesterday while leaving her dock here by the Delaware steamer "Breakwater" which carried 100 passengers. Considerable excitement ensued but nobody was hurt. The "St. Johns" was able to proceed but the "Breakwater" was obliged to be sent back for repairs.

The President's Situation.

WASHINGTON, Aug. 6.—It is stated that members of the Cabinet have such a correct diagnosis of the President's case that they are preparing to leave Washington on the 15th August. It is also inferred that the President will leave on the same day if not on the Saturday preceding.

A Medical Opinion.

Dr. Reyburn is reported as saying that owing to the granulation of the President's wound the space occupied by the drainage tube has grown smaller. The apertures along the length of the tube have been obstructed to some extent, and some difficulty was experienced in keeping them clear. This tended to retard the discharge of pus, and a high degree of febrile rise was the consequence. This difficulty could be readily overcome, however, by the use of a tube of harder material by multiplying the number of orifices and perhaps modifying the shape of the apertures.

Duel in the Dark.

BROOKLYN, N. Y., Aug. 6.—John Guerin and Conrad Sertorious quarrelled last night, and fought a duel with knives in the dark. Guerin was stabbed five times and will probably die. Sertorious was arrested.

AFTERNOON.

Bradlaugh's Case.

LONDON, Aug. 6.—A deputation of the Liberal Club has requested Dilke to vote to rescind the resolutions prohibiting Bradlaugh from taking his seat in the Commons. Dilke replied that there would be a Cabinet Council to-day, at which further steps in regard to Bradlaugh would be considered. He believed no attempt would be made this session to alter the Parliamentary Oath's Law. Dilke promised if the matter comes up, he will vote as the deputation requested.

Death of Grant's Brother.

MORRISTOWN, N. J., August 6.—Orville Grant, a brother of the ex-President, and who has been for some time an inmate of the Insane Asylum, died yesterday.

France and Africa.

MARSEILLES, August 6.—It is stated that the Government has requested a steamboat company to place at the disposal of the military authorities, several steamers for the conveyance of troops to Africa. It is proposed to despatch 50,000 French troops to Africa before October.

The Pope's Allocution.

ROME, Aug. 6.—The text of the Pope's allocution is published. The Pope comments with great warmth upon the responsibility of the Government for the recent disturbances.

Encouraging News.

WASHINGTON, D. C., Aug. 6.—1 p.m. The President continues to do well. He said this morning, he felt better than at any time since the injury. His breakfast consisted of beefsteak, potatoes, toast, tea and a few strawberries. The latter was much relished. The patient has thus far passed a comfortable day. His pulse is now 100; temperature and respiration normal.

It consists of White and Grey Cottons, Black and Fancy Prints, Muslins and Dress Goods, Ducks, Denims, Oxford and Harvard Shirtings, Tickings, Hollands, Towellings, Towels, Tweeds, etc., etc., etc.

For the convenience of buyers this stock will be laid out on seperate tables and counters all marked in plain figures.

☞ *This is a bona fide sale.*

W. & D. PATTERSON
Trade Auctioneers Syndicate Store.

HATS. HATS. HATS.

N. DAVENPORT

HAS determined to offer his whole Stock of Hats AT COST.

This is without doubt the finest and best assorted Stock of Hats in Ontario, and in selling it at cost it gives the public an opportunity of getting first-class goods seldom offered.

THIS IS A GENUINE COST SALE!

N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN SHIRT FACTORY. About Advertising. UP TOWN SHIRT FACTORY.

A man said to me the other day "Sam, you are a big advertiser. It must cost you lots of money in a year. Does it pay you?"

"Well," I said, "if you can tell me how to let the people know that I sell cheaper Shirts than are sold anywhere else in the city, I will quit."

"Well, that is so," he said. "Dnt *do* you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I hear so many speaking of."

Well, I showed him our styles—well made, good cloth and guaranteed to fit—sold him his summer's out-fit, and had no trouble in convincing him that *advertising is not all wind.*

[The great secret of successful advertising is to always be able to show as good a bargain as you advertise.

S. G. RETALLACK,
Shirt Maker and Gent's Furnisher, 404, Front Street, Belleville.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

THE GREAT FEMALE REMEDY

FOR MOSES PILLS

This invaluable medicine is unfailing in the cure of those painful and dangerous a cases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used with the greatest precautions—they are beneficial to persons with comfort to herself and child. In all cases of Nervous Spinal Affections, Pains in the Back and Limbs, Fulness of the Head, Flatulency, Palpitation of the Heart, Hysterics and Whites and Ruins, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or anything hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 25 cents for postage, on closed to Northrop & Lyman, Toronto, Ont., General agent for the Dominion, will insert a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson, Meagher, Stirling, W. C. Parks, Trenton and all medicine dealers

ELECTRICITY! THOMAS ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are cdracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil. have sold all I had from you, and want more now, it cures' are truly wonderful." — Mr. McGuire, of Franklin writes, "I have sold all the agent left, it sets like a charm—it was slow at first, but takes splendidly now." — H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil. I am nearly out, nothing quite like it." — J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction." — J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.
"GOOD FOR FLIES."

(From the Detroit Free Press.)

"Say, do you know what's good for flies?" queried a Woodward Avenue butcher as he entered a drug store the other day.

"I guess I can put you up something for about a quarter," was the reply.

When the dose was ready the butcher was told to pour it on plates and set them on the counter, and he hurried away to give it a trial. In about an hour he sent for the druggist to come over. The 10,000 flies in the shop before the dose was fixed, had been multiplied by four.

"Great lands! but I'm being carried off by flies!" exclaimed the butcher, as he waved a long knife around his head.

"Well, why don't you get something to kill 'em off?"

"Didn't I, but it hasn't killed a one."

"Of course it hasn't. You must use something good for flies and I gave you clarified syrup! It's the best stuff to draw flies and keep 'em contented I ever heard of. Why didn't you tell me you wanted a fly killer?"

TWO BRAVE LITTLE GIRLS.

A long time ago, in the Indian country, two little girls slipped away from the fort, and went down into a hollow to pick berries. It was Emma, a girl of seven years, and Bessie, her sister, not yet six. All at once, the sun flashed on something bright, and Emma knew that the pretty paints and things she had seen crawling among the bushes must be hostile Indians, with gleaming weapons in their hands. She did not cry out, nor in any way let them know that she had seen them. But she looked all about, saw that some of the creeping Indians already were between her and the fort; and—even on picking berries, she before. Soon, she called along to Bessie, with a steady voice, "Don't you think it's going to rain?" So they both turned and walked toward the fort. They reached the tall grass, and, suddenly, Emma dropped to the ground, pulling down Bessie, too. "What are you looking for?" asked the little sister, in surprise. Then Emma whispered to Bessie, and both of them stole silently and quickly on hands and knees through the long grass, until they came to the road, when they started up and ran swiftly to the fort, dashed through the entrance, and had the gate safely closed behind them. Those girls are quite old now, but they remember very well the day they saved themselves, the fort which their father commanded, and the soldiers and other people in it, besides.—*St. Nicholas.*

A BLACKSMITH'S STORY.

A subscriber, who is a blacksmith, says that he sees a great improvement in the temper of the horses he shoes now as compared with the horses he shod a few years ago, because, as he said, owners are setting the horses better examples. The old Maxim, "Like master like man," in its spirit, extends with even greater force to the animal creation than to man, "Lately," he said, "a horse came to my shop that was difficult of approach. 'What have you done to this horse?' I asked of the owner. 'I have been mad with him, I lost my temper pretty often, and of course he does not know what to expect from you or anybody. The horse is not to blame—the fault is mine!'"

This man was of the sort known as fractious and wholly unfit to control others, whether man or beast, but he had the wit to see and the justice to acknowledge the truth. Of the civilizing influence of gentle manners there is no evidence so decisive as that furnished by the lower creatures. Happy indeed are they when owned by masters and mistresses whose "blood and judgement are so well comingle!" that their rule is one of uniform justice, tempered with mercy.

FARMERS BREEDING FAST STOCK.

There is a good deal said by the agricultural journals about this question, and there is a prevailing opinion that farmers should not breed fast stock. We can hardly arrive at such a conclusion. If there is more money in breeding thoroughbreds than common horses, we say breed the thoroughbreds. It is claimed that fast horses mean idleness, racetracks, gambling whiskey-drinking and swindling. That may be so, but no one ever objects to the farmer raising barley, corn, rye, and hops, because such products are required for the manufacture of whiskey and malt liquors. There is as much propriety in one as there is in the other. We believe that horse racing is pernicious in its tendencies. We have the same opinion in regard to drinking liquors unless used for medicinal purposes, but that is no reason why barley, rye, corn and hops should not be cultivated. The farmer can breed fast horses and yet not patronize the race tracks, unless he chooses to do so. If he can raise a horse that is worth, when four or five years old, five hundred dollars, is it not his privilege, and is it not much better, than grow a plug, or a dung-hill, that is only worth seventy-five or a hundred dollars at that age? We say let the farmers make all the money they can off their farms in a legitimate way. The more they make the better it is for all of us.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PARR DAVIS & Box have lately brought from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for a long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

Dollars, which might otherwise be thrown away by resorting to ineffectual medicines, are saved by possessing that inestimable specific for bodily pain and remedy for affections of the throat, lungs, stomach, liver and bowels, Dr. Thomas' Eclectric Oil which does not deteriorate, and as thorough and pure.

The Canadian Pacific Railwcy Co'y

EMIGRATION TO MANITOBA
AND THE
CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of the **Canadian Pacific Railway Company**, at Montreal and Winnipeg.

By order of the Board,
CHAS. DRINKWATER,
Secretary.

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleaveland, Ohio

RANKS OVER ALL OTH ES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.

CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

Ayer's *Hair Vigor,*

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,

McLACHLAN BROS.,
Lumber Merchants.

Taylor's Brewery, Montreal, Jan. 9, '80.

Gentlemen,—In reply to your inquiry, I think your Manhattan Feed is a good article, and one that will amply repay its cost if fed as directed. My horses are much improved since we commenced it some four months ago.

Yourstruly,
ROBERT TAYLOR

Logan's Farm, March 22, '80.

MESSRS. MARSDEN & COMPANY:

This is to certify that I have used the Manhattan Feed for Cows for some time, and find it beneficial both for milk and fattening, if given to them regularly.

THOMAS IRVING.

NEW WOOD YARD!

MESSRS. Johnson & Co., having bought out Mr. W. Monahan's entire stock of

Wood, Horses, Waggons, Machinery, &c.,

Are now prepared to supply all orders on the most moderate terms.

They have chartered a SCHOONER, and are shipping in WOOD, both by

WATER AND TRAINS,

in immense quantities. Customers may rely on strict punctuality in the delivery of

All Orders!

Every description of FIRE WOOD will be found in abundance in their yard.

HARD WOOD, both green and dry.
STOVE WOOD, all sizes.
SOFT WOOD, all kinds.
Four feet KINDLING WOOD, dry.

—AS WELL AS GOOD—

BLOCK WOOD.

Of these a large supply has arrived.

For Railroad Contracts, a powerful Machine is employed, capable of cutting

100 CORDS PER DAY!

with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper

Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.
☞ An early visit from buyers is solicited.

Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a, m., and other places about 11

DAILY ONTARIO.

GYUMBER'S LONG SLEEP.

He Awakes at Last—A Death-like Trance of One Hundred and Sixty-nine days.

READING, Pa., Aug. 2.—After a death-like trance of 169 consecutive days, John Gyumber, the widely known inmate of Lehigh county hospital, has at last broken silence, and in a connected and intelligent manner recited the story of his strangely afflicted life. His case has been commented on all over the country, and hundreds of physicians, from Maine to California, have written to Dr. Erdman, the attending physician, for a full history of the remarkable case.

Gyumber has been called the "Hungarian Sleeper," but his communication is in the Slavonic language, and the person with whom he conversed to-day for the first time in nearly six months is a Polander, Frank Loskowiski.

Gyumber was first discovered in the barroom of a village inn not far from the hospital where he now is. This was in February last. He entered the tavern apparently in the best of health. Soon afterwards he was discovered asleep on a chair near the stove. Efforts were made to arouse him, but without avail. All the force of the landlord and his friends could not awaken him. He was taken to the county hospital and cared for.

Days, weeks and months passed, and the young foreigner gave no evidences of life. The physicians tried many experiments with a powerful galvanic battery, but the supposed cataleptic could not be resuscitated. His eyes were closed, and he was apparently entirely unconscious. Strange to say, he lost but little flesh. On Friday, April 22, he opened his eyes for the first time since he went into the trance. He kept them open in a vacant stare, but said nothing. A careful attendant fed him milk and gruel through a tube.

On Saturday, April 23, he jumped from a window nearly twenty-six feet from the ground, but was not injured. On April 26 he again closed his eyes, and did not open them until May 20. The next day he closed them and did not open them until June 1. One day afterward he spoke one word when a visitor held a flower under his nose. That was the first word he had spoken during his long trance. From June 1 until July 31 he closed his eyes at night and opened them by day, but always remained perfectly dumb. Late last night Loskowiski, the Polander, went to Gyumber's bedside and saluted him in Slavonic. Gyumber sat up and replied.

A TEXAN GIRL'S REVENGE.

Omaha Herald.—The south bound train had just come in. In one corner of the palace coach sat a woman, young and beautiful, but with a settled look of despair upon her face, and a cold, hard, cruel glitter in her eyes. She was richly and tastefully attired, and about her was that indescribable atmosphere which breathed of superior education and refined, cultivated habits and tastes. As was easy to be seen, she had a history. A gentleman who sat in another part of the car, a sheriff of a Texas county, related briefly her story.

The lady had been brought up under the best influences that great wealth and high social standing could command. She had been blessed with every educational advantage, having graduated at Vassar and spent some time in travel through European countries. While in the Netherlands her heart and the promise of her hand were won by a handsome titled scapegrace. This was two years ago. When she returned to this country her lover followed her in the course of a few months. But meanwhile the girl's father had died and his vast fortune had been swallowed up in wildcat speculation, so that the foreigner found his promised bride penniless.

He broke off the engagement and set about seeking a more desirable alliance elsewhere. He found it in the person of a young lady living in the same Texas town as the girl he came to marry. He pressed his suit and the two were married and immediately set out for Europe. The rejected girl found means to follow them slowly but surely. After months of patient and persistent effort she came upon them in a remote German town. The first intimation the scoundrel had of her was the sharp, sudden crack of a pistol that sent a ball pitilessly through his heart.

Of course she was arrested and then followed weeks of trial and torture. Finally she was declared insane and the authorities placed her in a madhouse. Meanwhile a wealthy relative, moved by a mother's tears, followed her, and, finding her, secured her release, and now she is on her way back to her far away, desolate Texas home. Her relative was aboard the train asleep, and the officer was watching that she did not do herself harm—almost a superfluous, needless precaution, for she was chained to the seat upon which she sat. Underneath the silken robes could be seen now and then the cold, metallic glitter of the handcuffs upon her wrists and links of the small but strong chain which held her.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption. Brown's BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.

Besides being ordinary Lift Pumps they have also the additional advatage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.

My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.

Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.

HENRY OWENS.

TO LET.

THAT eligible House and Lot lately occupied by the late James Taugher.

FOR SALE,

TWO Milch Cows, two Heifers, 20 cords dry Hard Wood, 1 Box Stove. Apply at the above premises.
JOHN J. B. FLINT, } Executors.
DANIEL McTAGGART, }
☞ A quantity of good Brick for sale.

C. E. Kyle, of Uxbridge, writes 3rd, 1870, and says:—"I certify to the excellent qualities Allen's Lung Balsam as a remedy for all diseases of the throat and lungs. I know it to be all it is recommended to be."

Burdock Blood Bitters cures all diseases of the blood, liver and kidneys, female complaints, nervous and general debility, and builds up the entire system when broken down by disease.

A thing of beauty is a joy for ever.—And such is a rich flowing head of hair. Reader, if you have this great gift of nature and it is not fading out use the Bearine; it is the only safe and reliable dressing you can get. Every druggist sells it.

When you ask for a bottle of Pain-Killer and the gentlemanly storekeeper, without scarcely looking, remarks, "we are just out, but have another article as good or better which sells for the same price viz, "25 cents." Turn on your heel and say Good-bye, Sir! That man cares more for the two or three cents extra profit which he gets than he does for your health or happiness.
☞ See advertisement in another column

For all purposes of a Family Medicine, Hagyard's Yellow Oil is at the head of the list. It is used with unprecedented success, both internally and externally. It cures Sore Throat, Burns, Scalds, Frost Bites, relieves, and often cures Asthma.

Give me sound reasons for taking a medicine or I will not try it, says the rational invalid. This is fair and right. Assertion is not proof. In recommending Bristol's Sarsaparilla and Pills, therefore, as specifics for scrofula and all the types of ulcerous and eruptive diseases, it is proper to remind the public that, for over one-third of a century, they have been uniformly successful in cases of this kind.

INCIPIENT CONSUMPTION.—In Bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility in giving tone to the system it is undoubtedly a valuable remedy.
JOHN McMURRAY, Methodist Minister, Newport, N. S.

If you suffer from any chronic disease arising from Impure Blood, Sluggish Liver, disordered Kidneys or inactivity of the Bowels; if your Nervous System is debilitated from whatever cause arising, do not despair, but procure a trial bottle of Burdock Blood Bitters; it will only cost 10 cents, Large Bottles $2.00. For sale by all medicine dealers.

☞ Consumption, so prevalent and so fatal, is dreaded as the great scourge of our race; and yet in the formative stages, all pulmonary complaints may be readily controlled by using "Bryan's Pulmonic Wafers" They will relieve the worst cough in a few minutes, and have a most beneficial influence on the bronchial and pulmonary organs; but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25 cents per box.

Nothing can exceed the folly and stupidity of those who submit to the pangs of the various forms and complications of Rheumatism and gout, by which they are tortured and disabled, when they can, by one or two applications of Giles' Liniment Iodide Ammonia, obtain instantaneous and permanent relief. Sold by all druggists. Send for pamphlet.
DR. GILES,
123 West Broadway, N. Y.
Trial bottles 25 cents.

In cases of chronic disease which doctors have failed to cure, Burdock Blood Bitters has achieved its greatest triumph. All diseases of the Blood, Liver and Kidneys, Scrofula, Dyspepsia, Nervous Debility, Rheumatism, piles, Female Complaints and all forms of lost Vitality are promptly cured bp this greot renovating Tonic. Trial Bottles only cost 10 Cts.

It is a little trouble to examine the pamphlet wrapped around each bottle of the true Murray & Lanman's Florida Water, so as to find the words "Lanman & Kemp, New York," which are water-marked or stamped in pale letters on every page, but it is better to take this small amount of bother rather than to be imposed upon by a worthless counterfeit. Every leaf of the pamphlet around the genuine has these words in it, which though pale and faint, can be easily seen when held up to the light, and no Florida Water is genuine that does not have this test mark.

The best known remedy for all affections of the chest, Lungs or Throat is GRAY'S SYRUP OF RED SPRUCE GUM. It is constantly used by thousands of persons suffering from the above diseases, and in nearly every instance it affords immediate relief. In cases of troublesome, tickling Cough, where the patient passes sleepless nights, one or two doses of the Syrup has such a quieting, soothing effect that rest ensues and the Cough speedily disappears. Try it and be convinced. Sold by all chemists. Price 25 and 50 cents per bottle.

It is a great and often fatal mistake to take repeated drastic purgatives for constipation of the Bowels, they induce piles and cause debility of the bowels. Burdock Blood Bitters is a safe and perfect regulator of the bowels, arousing the torpid Liver and all the secretions to a healthy action; acting on the Kidneys, and renovating and toning the system in the most perfect manner.

MILLIONS GIVEN AWAY.

Millions of Bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, have been given away as Trial Bottles of the large size. This enormous outlay would be diastrous to the proprietors, were it not for the rare merits possessed by this wonderful medicine. Call at Jas. Clark & Co's Drug Store, and get a Trial Bottle free, and try for yourself. It never fail to cure.

NEVER GIVE UP.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle, by Jas. Clark & Co.

THE CIRCASSIAN WOMEN

are considered to be most beautiful. Ennuied bachelor butterfly, have you ever seen a Circassian belle? Fly at once to that wondrous clime, and you will learn that the secret of much of their beauty lies in the liberal use of SOZODONT, which was introduced there years ago to make their teeth beautiful.

"It is handy to have about the house, Toodles said. So is Spalding's Glue.

UGLY GAPS

in that row which of all others should be kept in thorough repair, a row of teeth, are sure to occur and no less sure to hopelessly disfigure the face if disregard of the teeth's cleanliness is persistent. But if the error is corrected in time with the aid of SOZODONT, America's leading tooth beautifier and invigorant, the tenants of the mouth long retain their strength and whiteness unimpaired. A word to the wise is sufficient.

HOW WISTAR'S BALSAM CURES.

FROM SEYMOUR THATCHER, M. D. OF HERMON, N.Y.

"WISTAR'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a cough by loosening and cleansing the lungs and allaying irritation, thus removing the cause, instead of drying up the cough and leaving the cause. I consider the BALSAM the best cough medicine with which I am acquainted." 50 cents and $1 a bottle. Sold by all druggists.

A REMARKABLE CURE.

West Townsend, Vt., May 14, 1860.
Messrs. S. W. Fowle & Son:

In the Spring of 1847 I took a severe cold which settled on my lungs, where it remained without relaxation. I was then in Massachusetts, and growing worse and becoming unable to attend to my business, I returned home and commenced searching in earnest for some medicine which would restore my lost health. I consulted physicians, I tried many remedies but obtained no help, but daily grew worse. I had a terrible cough, and raised a good deal of blood. I had profuse night sweats, and severe pain in my side. I continued in this state for months, and became so weak that I was with great difficulty I could walk, when I was advised to try Wistar's Balsam of Wild Cherry, and to my great joy I soon found that this remedy had arrested the disease. I continued to use the Balsam to the extent of five bottles, and have since then experienced no difficulty of the lungs. I believe the Balsam saved my life, and I shall ever hold it in high estimation.
Yours truly, LEWIS PHELPS.

RHEUMATISM OF THE BLOOD AND DEBILITY.

HAVERHILL, Mass., March 17, 1881
Gentlemen,—Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that when I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried rubbing' but nothing seemed to help me. At last PERUVIAN SYRUP was recommended and on taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and side. At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister's health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbury, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case, and the only one he knew of. The result proved the correctness of his opinion, for the use of one bottle completely curee her.
Your very truly,
MRS. CARRIE A. DANIT, No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive. It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and, calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PORRS, London, Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and in wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. Sold by Chemists everywhere. The name of J. PEPPER is on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free.

DAILY ONTARIO

MONDAY AUGUST 8, 1881.

FEARS are now entertained that the Hon. Mr. Pope, Minister of Marine, will be unable to return to public life. His illness has been so continued that his case is very serious, and his physical condition is such as to excite the anxiety of his friends.

THE condition of the President continues to improve and but a short time will elapse ere he will again be able to resume the duties of his office. The greatest care and attention is bestowed on the patient whose daily progress on the road to health is of the most gratifying character.

POLITICAL speech-making still goes on in the Maritime Provinces, and the people of Nova Scotia will receive their share of enlightenment during this and the two following weeks, as Hon. Messrs. Blake, Laurier and Huntingdon will deliver a series of addresses in different parts of that province during that period.

IN consequence of the action of the Dominion Government, the mills of the Messrs. Caldwell have been closed and the workmen employed by that firm, discharged. The disallowance of the Streams' Bill has been the cause of this and the gentlemen named above will be large losers in consequence. As the matter now stands, McLaren is master of the situation and is in reality an obstructor of a highway which should be free, under ordinary circumstances, to all.

THE whereabouts of Hartmann is engrossing a vast amount of attention since the rumor was put in circulation that his extradition would be demanded by the Russian Government. Whilst he was in England, no effort, tending to his forced return to Russia was made, but perhaps that was owing to the statement now made, that the British Government would not consider the question. There must be some grounds for the rumour, otherwise he would not have sought refuge in this country.

THE retention of mail bags, the property of the Government of the United States has given rise to a sensation that has taken up a great deal of attention. It has been claimed that the surrender of bags and pouches by the Canadian authorities has not been made as formerly and that they were kept in this country and used for the benefit of its postal service. The matter is now receiving the attention of the authorities on both sides of the line and a remedy will doubtless be instituted that will obviate complaints in the future.

LIFE must be a burden to the Czar of Russia, as threats to take his life are of alarmingly frequent occurrence. The demands of the populace for reform do not receive attention from his Government, neither has an effort been made for the correction of abuses which the people suffer from. The boldness of the Nihilists has made him a coward, and the most extraordinary precautions are taken for his personal safety. He is only accompanied by his most trusted attendants who are compelled to exercise the greatest vigilance in his protection. Notwithstanding the caution and care exercised, a letter threatening the Czar's life, was recently found on a table in the Imperial bedchamber, which was supposed to be thoroughly guarded, and to which access could only be had by the most trusted of the Czar's servants. Another plot to assassinate the Imperial household has also been discovered in which some persons of high rank were involved. Unless the demands of the people are acceded to, the Czar cannot be expected to live long.

THE disgust and contempt with which the men engaged in the infernal machine business are regarded by the respectable press of the United States, is well expressed by the New York *Times*:—"Much of what Mr. J. W. Crowe, of Peoria, has to say about the destructive work of the United Irishmen is lies or empty boasting, but if it shall appear that he is actually engaged in the manufacture of infernal machines for shipment on British vessels, whether with murderous intent or merely for intimidation, his theory that that occupation renders him 'no more liable than are the makers of revolvers and cannont may be disproved in his own case with a suddenness that will surprise him. It is sufficiently trying to the patience to listen to the pratings of these United Irishmen. Their propensity for blarney is native and incurable, but if they forget their customary prudence, and actually transgress the laws of the land and of humanity, it will be well for the government to consider the propriety of founding an order of Segregated Irishmen. Have we not plenty of roomy and comfortable jails?"

—At the close of his speech in Charlottetown, before the largest audience ever assembled in Prince Edward Island, and which contained voters from every part of Queen's County, Mr Blake said: "Electors of Queen's County, I put my trust in you. Do I trust in vain?" The answer was shouts of "No, no!" from full three thousand throats, and a tremendous burst of applause. Little Prince ...

SICKNESS IN MURNEY WARD.

To the Editor of the DAILY ONTARIO.

SIR,—Any person walking for the past two or three days in Murney Ward—particularly between the two bridges—must be struck with the constant meeting of doctors, driving up and down, and sometimes two together. Why is this. It is easily answered. There is a great deal of sickness now in West Belleville, and there must be some local cause for it. The water on the flats in West Belleville is no doubt bad, and this may be the cause of the present sickness. Our City Council should at once take the matter in hand and have a proper supply of good water, otherwise, the first thing we know of, a general sickness may turn out.

I hope the matter will be looked into by the proper authorities.

Yours &c.,
MURNEY WARD.

CONSECON NEWS.

(From our own Correspondent.)

—The exterior of Baird's Hotel has just received a coat of paint. The brick work has been colored a light drab, and the trimmings a shade darker, which gives a very neat appearance to the building.

—Mr. Best, who has been acting as agent at Consecon station on the P. E. C. Railway, has been removed. Mr. Marrow, of Trenton, is to succeed him. Mr. Marrow has made himself popular in Trenton, and no doubt he will make a host of friends here.

—The catch of eels in this vicinity is said to be good just now. One "sport" reports having caught nine eels in half an hour.

—Dr. Jaques, of Cincinnati, is spending his holidays in Consecon, and appears to be enjoying himself among his friends.

—About seven o'clock on Sunday evening a fire was discovered on Pierson's wharf, and had it not been for the timely arrival of a number of citizens, the large store house would soon have been destroyed. Water being handy, the fire was soon quenched, but not until it had done about thirty or forty dollars damage.

—Fever and ague are quite prevalent in this vicinity just now. Those afflicted with it are "veritable shakers."

—Farmers in this vicinity report the potato crop as being very poor. Some say they will get very little more than the seed.

—Mr. David Crane leaves on Saturday for Pennsylvania. His household effects have been shipped, and he is now bidding good-bye to his many friends.

—Mr. Gibb Squire, an old and highly respected citizen of Consecon, died on Friday last at the advanced aged of 84 years. He was universally respected for his many good qualities, and his demise cast a gloom over the village. He was a prominent member of the Masonic Order, and was buried with Masonic honors. The funeral was the largest ever seen in this vicinity.

—An itinerant photographer has been in the village during the past two or three days making views of private residences, horses, etc. He did a very good business notwithstanding the fact of his work being below the standard as to quality.

RAILWAY NOTES.

—Ten cars of iron ore arrived over the Grand Junction this afternoon.

—Mr. Geo. E. J. Hanwell received two cars of pine slabs this morning from the north.

—Mr. T. Mullet, of Canifton, brought four cars of tan-bark over the Grand Junction to-day for use in his tannery. It was left at Corby's distillery.

—Mr. A. T. Maybee shipped six cars of stave bolts over the Grand Junction this morning from the north. They will be taken by vessel to the other side.

—By an inspection just made, it appears that the Grand Trunk Railway Company have now in use, of their own property, 10,350 freight, 300 passenger cars, 33 post office cars, 45 snow plows, and 800 conductors' vans.

—The remains of the late Col. Cumberland were interred at Toronto yesterday.

—An attempt at suicide by a lady at Niagara Falls on Saturday was frustrated.

—Mr. John Dillon was released from Kilmainham gaol late last night. No one outside the gaol was aware of the fact, and the ex-prisoner drove home alone in a cab.

—Mr. Bradlaugh addressed a monster meeting at Northampton on Saturday. He said that the great struggle for constitutional rights was growing graver, but he would fight for them as long as his life lasted.

—An official return reports 259 agrarian outrages in Ireland in July, including four firing at persons, eleven assaults, twenty arsons, seventeen cattle maimings, 155 intimidations, and twenty-five cases of injury to property.

—Cape Breton is again excited over the Gammell case. At the instance of Mr. Peter Imrie, Mrs. Gammell's brother, warrants have been issued for the arrest of several persons charged with forging the will which has been admitted to probate.

—Mr. Vennor now predicts a great change in the weather about the time the new comet is in its perihelion. This will occur on the 20th instant. During the week ending on that day he thinks we shall be nearly frozen by frosts and strong cold northerly winds.

—It is a sign of the times that Mr. Bookwalter, who has been nominated by the Democrats for the Governorship of Ohio, is a Free Trader. Up to a year ago he was a Republican, but he joined the Democratic party last fall because Hancock in favor of a tariff for revenue only.

All beds seem hard to the rheumatic. Then harken ye peevish sufferers! Apply Dr. Thomas' Eclectric Oil to your aching joints and muscles. Rely on it that you will experience speedy relief. Such, at least, is the testimony of those who have used it. The remedy is likewise successfully resorted to for throat and lung diseases, sprains, bruises, etc.

McFIN'S EXPERIENCE.

By a Young Offender.

It's a frind I am uv the town, and its a desire to be of sarvis to it, that lades me to shuv meself forid in the prasent emargency. You've be... ...bblin'yerself gratefly about yer sur... and what shud be done wuth it, but its consaited I am that the question is too mony for ye—as it most sartinly is, for the Boord av Althermin. They're in swuthers over the aistimates now, and they're in so dape that the axparience of a first-class financer will be needcessary, and it'll be moighty hard to get one now by raysen av the figyure they put ontil their talents and janius.

I met me ould frind Altherman Jillet, thother night and we joined till discoorse on the budgit—and the difficulty he was axparienein' in passin' it.

"It's a misfortunit pisishun yer in, Altherman Jillet" sez I, "and it wor a sore day fer ye" sez I, "whin ye tuk the latthership of the Council" sez I.

"Pon me sowl but yer right" sez he, "an I wush I wor out of ud this minit" sez he.

"Dont give up the ship Morgan" sez I, "pluck and datarmination wull carry ye through" sez I.

"Yer righ,t Cornalus, yer right" sez he "an' its proud I am till be able and wullin to say that I have a frind that'll pull me through all safe" sez he.

"Yer timper rayther got the best uv ye thother night" sez I "after they got the bulge on ye without a corum" sez I.

"Thrue for ye" sez he "I wor carrid away by the axcitement of the moment" sez he "bud I'll collar 'em at the next meetin' forby. Some of me frinds didn't prasint themselves at the last session" sez he, "bud onyway I'll thry and get along without them the nixt time we mate, I'll go bail ye" sez he.

A frind that'll desart ye is the worst inemy wan can hev after all. He always takes stock in all which is put out forninst ye, and gives yer dafince a kind av a phite jaff. He is wul'in' enuff till chin for ye betune drinks an' thin snake aff an' wayger his money thother way. Phin ye get away wuth something after a tussle for it, he is jubeelantlee on yer side, bud av id goes the other way he is always ready for till whusper; "Didn't I tell ye so, ye sardine ye!"

"Are ye sure ye'll have em right at the next meetin'," sez I. "Yell want to be careful I tell ye," sez I "an' hev a good ripipsentation uv yer frinds forby, ur Ostrom an' Dunnet an' McIninch an' Diamond" sez I, "will hav ye in truble agin" sez I.

"Cornalus" sez he "I'm datarmined" sez he, "till pass them aistemates a Monday night" sez he. Kem away down till Clarke Edwards" sez he, "an' we'll thry some uv his besht phile we're discoorsin' on the motther" sez he.

Wull, we wint into wan uv the side rooms in the Commarshul and joined till talk on the subject phile takin' our bowls.

"Morgan," sez I, continuin' the conversation, "that $20,000 wull be the death uv ye and kill ye for the Maralty" sez I, "for how to dale wuth it an suit yon Dunnet an' Diamond, is a puzzler. Uv ye had Dave Robertson wuth ye in the Council it wud be an aisy motther to get rid uv it" sez I, "but lukin at all the sarcumstances uv the case, as Billa Flint would say, I think yer in a corner" sez I.

"D'ye think there's no show fur me," sez he.

"I'm consaited that ye may pull through" sez I, "but ye must prepare yerself for emargencies, Morgan; sez I. "As the case stands now" sez I "nuthin but the grand ailoquence uv N. B. Falkiner an the wull and foorce uv Tom Holden wull save ye, sez I.

"Cud nuthin be done to rayconcile thim obsthruck shunists" sez he.

"Yev sthruck it now" sez I, "fur a plan has just hit me" sez I "that'll carry ye through like a railroad bonus by-law" sez I.

"What is it Cornalus" sez he. "Out with it now an let's se uf that party cant be sarcumvinted" sez he "fur I'm impatient till hear it" sez he, an the prospirashun was runnin down his fine face in sthrames.

"It's as aisy as rollin' aff a log," sez I. "Ostrom, ye know, wants till go aff till Manitoby, an' cuden't ye sind him thare as a dipitashun to inguce immigrashun till cum back to the town. An' uf his axpinses for the thrup is paid for be the city, d'ye think he'll go back on ye Morgan for that! The fine air, an' fine atin' an' livin', an' the gude of his health, besides the axparience he'd get, would radound till the cradit of the city and its commarshul importance," sez I.

"Ye talk lek' a legislaytor, Cornalus,' sez he, "but ye'd betther put another horn intill ye," sez he. "Yer larnin' is even suparior to the schools uv Rugby," sez he.

An' we haisted another horn with butters in it intill us.

"Ye'll want till make yer road for the Maralty aisy," sez I, after clearin' our throats, "an' dispose of yer opposishun as quiet as ye can," sez I; "an' the more I think ontill the motther," sez I, "the aisier it is for ye," sez I.

"What wud ye do with Dunnet," sez he.

"Promise him a wheen uv improvemints in Murney Ward beyant" sez I, "an' he'll attind the meetin of the Buildin' Committee uv the church" sez I.

"Cornalus yer a threasure" sez he, "an' nuthin short uv it.

"I'm obleeged to ye fur the compliment ye pay me" sez I "but the janius of the McFin's sez I; is always suparior to the emargency" sez I.

"I wish ye were wuth me on all me Committees" sez he "an' we'd hev a fine time uv it" sez he "fur yer wut an yer edication wud be uv a dale uv assistance to me" sez he. "But, rayturnin to the pint" sez he, "what'll we do wuth Diamond" sez he, "fur he's a tarror to the natives" sez he.

"It's aisy till settle him" sez I, guvin' him the wink.

"Guv it to me quick" sez he, "fur I'm burnin' with impatience" sez he.

"Yo don't tummle till it Morgan" sez I.

"Faith an' I don't" sez he "fur yer larnin,' an intailligence has complately bewulthered me" sez he.

"There's nuthin' handier" sez I, "nor till get the Mayor till call fer the police" sez I "an' ye know by axparience" sez I "that Frost'll endorse ye" sez I. "Yes sir that'll poralize 'em" sez I.

"Hurro" sez he, "bud yer a darlin'. Cornalus ye de'ssy, ye hev my best wushes, an' if ye uver go wesht" sez he "I'll guv ye a sartificate uv charackther that'll pass ye in till the U. E. Club" sez he.

"Be jusht and be marsefful to thon Irish man, McIninch" sez I "for he'll be lost intirely when he'll be desarted be Diamond" sez I.

"I'll let him down aisy" sez he, "an' ye'll hear no more uv 'im nor ye do uv the lost tin tribes" sez he.

An afther wetting our whustles agin wuth some uv the juice, he says, sez he, "yer talints shud receive some racognition" sez he, "and whin there's an aisy berth in the Harbor Masther's Office, ye'll have it, an my word on it" sez he.

Afther his promisin' till rayport till me on the success of his endayvors, we parted.

DROWNING OF A RIVER-DRIVER.

CAMPBELLFORD, August 7.—Yesterday a Frenchman named Felix Cutchineau, in the employ of Messrs. H. B. Rathbun & Son, was drowned while breaking a jam of logs at Healey's Falls, about six miles above this place When the jam broke he was carried over the falls with the logs. The body has not been recovered yet,

LATER.—The body of the drowned man has been found about half a mile below the falls, and will be interred here to-morrow.

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

NEW ADVERTISEMENTS.

IMMENSE RUSH OF CUSTOMERS

—TO SECURE—

Great Bargains

—AT—

FOSTER & REID'S

Notwithstanding the immense rush of Customers for the last week we are still offering

Greater Bargains than Ever.

Remember we will continue this sale until the whole of our stock is sold out. We have still an immense stock to clear, and all our HEAVY WINTER GOODS will be brought down from the upper flat this week AND SACRIFICED WITH OTHER GOODS.

See the immense Bargains offering in Table Linens, Towels, Sheeting, Pillow Cotton, &c. Splendid value in Prints, at 7, 8 and 10 cents, warranted fast colors.

Gentlemen wanting CANADIAN, ENGLISH or SCOTCH TWEEDS will never get such Bargains again.

Dress Goods sold at 50, 60 & 75, clearing at only 25c for your choice.

DRESS GOODS sold at 30, 35, 40 & 45, clearing at only 20 cents. The greatest bargains in Dress Goods, at 10, 12 & 15 cents, ever offered in Belleville.

Now is the time to secure Shirtings, Brown and Blue Drills, Ducks, Tickings, &c., at 30 per cent. less than value.

Remember all goods are to be sold much below their value, so that if you do not see what you want, ask for it, and prices will be found lower than you ever bought for before.

Foster & Reid.

GREAT CLEARING SALE!

—OF MY—

WHOLESALE DEPARTMENT

During the past two years my wholesale business has taken my whole time, so much so that I have been compelled to leave my home business to clerks who, through inexperience, have not given the satisfaction to our customers we shall endeavor to give in the future. I shall hereafter endeavor to meet my customers personally and give them my whole attention.

The Sale will still continue every night this week and great bargains will be offered at private sale during the day Large quantities of choice goods constantly on exhibition. A call solicited.

J. H. FORD.

Dealer in Pictures, Frames, Mouldings and Brackets, wholesale and retail.

Belleville, July 26th, 1881. dtf

To FARMERS!

AND OWNERS OF VEHICLES GENERALLY:

I have every appliance for the setting of tyres at my shop, in the Dominion House yard, and will fill orders at the following rates:

Lumber Waggon Tyres.....$1.00 per sett.
Buggy Tyres (with bolts).... 1.50 per sett.

My reputation as a first-class horse-shoer is generally conceded, and all owners of animals who wish to have them shod in a proper and thorough manner should give me a call. I understand the anatomy of a horse's foot and know how to shoe an animal properly, a fact which I can endorse by my work and money. I have certificates of the character of my work from Dr. Drinkwater, Daniel Ackerill and others, and am confident I can give satisfaction.
PHILLIP HART.

T. DE WITT TALMAGE

In illustrating his imaginary Art Gallery hit the truth; but we, in our Art Gallery, hit the bright side of the truth; getting the Easy, Natural Position and Expression of our sitters. Our Instantaneous process does it.—**BROCK & CO.**

5 YEARS—ESTABLISHED—5 YEARS

We do most earnestly invite any person wanting photos, to examine: first, our every day work, and second, our Operating Room, Appliances and Convenience. You will understand why our work pleases.—**Brock & Co.**

NO FIRE!

But Something Better at the Glasgow Warehouse.

IN order to meet the competition of damaged goods that are thrown on the market, we commenced on WEDNESDAY, THE 27TH OF JULY, TO OFFER THE WHOLE OF OUR LARGE STOCK OF DRY GOODS AT COST PRICE.

THIS GREAT SALE will continue for TWO WEEKS from Wednesday, and during the two weeks we will OFFER EVERYTHING IN STOCK, WITHOUT RESERVE, AT ACTUAL COST PRICE, adding only a small percentage to cover expenses upon it.—ca.

Terms of sale will be STRICTLY CASH and any goods sold otherwise than for cash will be at their usual prices.

Remember OUR GOODS ARE FIRST-CLASS GOODS WITHOUT ANY DAMAGE about them, and we will offer them AS LOW AS DAMAGED GOODS will be sold, and in may instances much lower.

After this sale is over we will sell our goods at their usual prices.

CUSTOMERS WILL SAVE MONEY by buying all they possibly can during this great sale.

GLASGOW WAREHOUSE.

DAILY ONTARIO.

MONDAY AUGUST 8, 1881.

Business Notices.

America was discovered by Lief Ericsson, the Icelander, in the year 1004, and 856 years after, the Esterbrook Steel Pen Co. turned out their first pen.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50 cents. R. Templeton, special agent.

☞ Wait's Homeopathic Remedies at Green's drug store. See adv't. ☜ Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy the extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quanties by A. Knox, Wm. Dickens, W. Bullen, Conger Bros, N. H. Peterson, and A. Henry.

In hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 8 ounce bottles, 50 cents, at R. Templeton's Drug Store.

—Young man, are you about to get married? Good! it's a step in the right direction. But be honest. Did you ever give a note—a promise to pay—and then purposely forget it—suffer it to be dishonored? We hope not. But whether you did or not, don't come that game over a confiding woman. If you promise to protect and defend her, do it like a man. Don't worry over the style of a wedding ring until you have applied for, and received and paid for, and handed to her a substantial life policy in the Ontario Mutual Life Assurance Company, for which S. Burrows, is the General agent for this district, and F. M. Clarke is local agent. Their office is in the Ashley block.

We do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper.

We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without admixture of minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

LOCAL AND GENERAL.

THERE was no session of the Police Court to-day.

THE City Council will hold a regular meeting this evening.

THE work of planking the lower bridge was commenced this morning.

AN addition of several feet is being added to the premises of the City Hotel.

THE tail of the drive of logs in this river passed over Lazier's dam this morning.

THE Messrs. Tisdale turned out to-day a fine thirteen ft. skiff for Fred Root, Foxboro'.

AN immigrant special comprising nine cars passed west this afternoon on the Grand Trunk.

COL. PRINCE, U. S. Consul, has removed his office to the Robertson Block, west side of Front Street.

MR. J. W. JOHNSON, who has been rusticating at Old Orchard Beach, returned home yesterday morning.

THE police cells have been without a tenant since Saturday—not even a tramp having registered there during the intervening period.

A brown silk parasol with a white bone handle awaits a claimant at Mr. D Gunn's office, Grand Trunk depot. It was left on the Grand Trunk suployee's excursion train, July 30th.

AGAIN we are asked to call attention to the unsatisfactory condition of the public tank on Hotel Street. It has refused to supply water to the residents in its vicinity for nearly a month.

THOSE desirous of witnessing the races at Rochester, can avail themselves of the cheap excursion by the steamer *Hastings*, which will leave Kingston on Wednesday at 1:30 p. m. For full particulars see adv.

THE farmers have harvested about all their early grain, and threshing machines are in great demand, as tow, if any of our country cousins in this section, have sufficient accommodations for the full season's crop.

WILLIE CUMMINGS is now as smart as a young fellow in his unfortunate situation can be. He is able to take a great deal of out door exercise, and can swim now equally as readily as before his legs were cut off.

MESSRS. Downey & Preston are building a "grain shipper" in connection with their elevator. By this application to their shipping facilities, it is estimated that vessels can be loaded at the rate of 3,000 bushels an hour.

THE Cricket Club of Napanee announce a moonlight excursion from that town to Belleville on the evening of Wednesday next. The Oddfellows' Brass and Quadrille bands, of this city, have been engaged to accompany them.

THE drizzling rain of Saturday afternoon put a damper on the excursion announced to take place on the *Alexandra*. The number who congregated on the wharf at four o'clock being anything but large, the Captain refused to take them.

TO-MORROW evening the Workingmen's Temperance Association of Napanee will arrive here by steamer *Utica*, and pay a brief visit to the sister society of this city. The brethren here are making suitable arrangements for the reception of the visitors.

We regret to learn of the serious illness of Mr. J. H. Simpson, who w confined to his bed several days ago with intermittent fever. On Saturday h case was considered serious, though this morning he is feeling much better, and in a fair way of recovery.

REV. MR. SHOREY, pastor of Holloway Street Church, has so far recovered from his recent illness, as to be able to resume his pastoral duties. He occupied the pulpit of his church yesterday morning, but in the evening Rev. Mr. Schuster officiate!, Mr. Shorey not, as yet, feeling as strong as could be desired. However, a few days will suffice to restore him to his usual health and vigor.

AN amusing incident occurred on the Station Road to-day at noon. A horse attached to a street car having got his tail over the line commenced to kick furiously, much to the dissatisfaction of the driver, who stood to his post like a hero. The displeased equine persisted in waving his hind legs in dangerous proximity to the driver's head until the brakes were put on when the driver caught the animal by the head and the performance ceased.

MR. C. G. SEAY, of this city, had his collar bone broken on Saturday morning at El Dorado while coupling cars on the Grand Junction. The cars which he was despatched to connect were loaded with tan bark, which projecting over at either end, caught him when he stood between them. He was taken to Madoc, where Dr. Loomas attended to his injuries, and was subsequently conveyed to his home in Belleville. Seay had only commenced work on the Grand Junction in the capacity of brakeman on Thursday last, and the accident befell him when performing his duties on his first trip.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of material ability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the men. The turning point of the battle often depends on the strain which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or quacked horses will ruin the prospects of any farmer. J. F. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in his profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House, opposite Dr. Wilson's, Pinnacle Street, Belleville.

MR. THOS. HOLDEN, Police Magistrate, returned home on Saturday evening, from the Maritime Provinces.

MR. JAMES E. Glenn, has been appointed 2nd Lieutenant of No. 7 Co. Ameliasburg, *vice* Levi Hays, left limits.

MR. John Pepper has engaged in the business of stair manufacturing and is now located on the upper floor of the Owen's factory on Coleman Street. He has fitted his part of the building with the machinery requisite for his work and his experience will enable those in want of stairs, hand rails or newel posts, to receive a good and serviceable article.

THE CITY MISSION SERVICES for this week will be held as follows: This evening at Mr. J. Hanahs, Moira St., Bogart's Terrace. On Tuesday evening at Mr. Bonar's, opposite the Ferry Landing. On Thursday at the home of Rev. A. Schuster, Everett St., near Mr. McKerman's. On Friday at Mr. Bonar's, Station Road, opposite the Pottery. All the services will begin at 8 o'clock.

ROBERT ADAMS, better known as "Bobbie," son of Mr. William Adams, died very suddenly this morning, after an illness of only a few days. The disease with which Adams was afflicted was inflammation of the bowels, supposed to have been contracted by eating green fruit. He had been employed for some time by the lessee of the market, in marking and collecting tolls, and was a warm friend of a large number of companions.

THE steamer *Hero* calls at all intermediate ports between Belleville and Kingston. There appears to be some misconception in this respect. Her time of arrival and departure may be relied upon, as she seldom varies half an hour from the advertised hours. Capt. Craig and his subordinate officers are kind, courteous and attentive to the wants of their patrons, and have made many friends this season. Mr Gildersleeve has been fortunate in his choice of officers, and this accounts for the sustained popularity of his boats when competition is so keen. The *Hero* is sufficiently large to accommodate all traffic on the bay, and her great speed makes her a favorite with the travelling community.

☞ Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and children' waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in this part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child; as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or mistake will be next to an impossibility. The saving of time and material by this new mode of cutting will be very considerable. Once the ladies with families acquire a knowledge of this system, it will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 8 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice henceforward for 50c; children's 30c to 40c. To her lady visitors, Mrs. Tugnet will be happy in giving explanations on the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

RANDOM NOTES.

—What has become of the Rowing Club—

—The "gap" is the resort for bathers after sunset.

—The boat liveries continue a satisfactory business.

—A member of our citizens left by boat today for Quebec.

—The Onondaga Cricket Club of Syracuse, N. Y., is expected on the 22nd.

—The change in the atmosphere is a great relief to all after the heated spell!

—Three bands will furnish music for the picnic at Channel Grove on the 12th.

—Vennor's pleasant weather with cool and fall-like nights did not connect as he anticipated.

—The Street Railway under the new management is an institution that deserves encouragement.

—The Trenton Water Power Co., of Trenton, Ont., have applied for letters patent of incorporation.

—The average boot and shoe dealer does'nt object to the present condition of the sidewalks of the city as repairs are almost constant orders.

YACHTING NOTES.

—The "Eudie" of Cobourg called at Kingston on Friday night on her way down the river

—The "Phantom" of Oswego, which left here on Friday afternoon, arrived at Kingston on Saturday morning.

—The "Whig" deems Belleville yachtsmen a trifle straight—hoed, because they will not consider a challenge to sail under R. C. Y. C. rules. The rules of the R. of Q. Y. C. will give no grounds for complaint such as our contemporary has frequently given expression to and a challenge for a race under them will as before stated meet with attention.

DISTRICT NEWS.

—Another horse buyer arrived in the city to-day.

—The compositors in the "Beaver" office Napanee, struck on Saturday.

—The crop of barley and peas in Prince Edward is said to be very good.

—The country is now being scoured by horse buyers in search of first class animals.

—The "Whig" says there will probably be a disbandment and reorganization of the Kingston Fire Brigade.

—The residence of Luke Lasher, two miles above Bath, was totally destroyed by fire on Friday evening last.

—The second contest for the cup presented by Mayor Pense took place on Friday evening last and was won by R. J. Elbeck.

WEATHER BULLETIN.

TORONTO, August 6.

Moderate winds, mostly from the southward, fine, warm weather.

MARINE NEWS.

—The *Ranger* is discharging a cargo of hard wood at the island.

—The *O. S. Storrs*, with cedar logs for Carlotte, passed down yesterday.

—Another coaster, the *Alice Mary* put in an appearance here yesterday afternoon.

—The *L. D. Bullock* and *Elora*, arrived light on Saturday night, and are loading ore.

—The steamer *Flower City* was burned at Clayton, N. Y., on Saturday morning last.

—It is said the *Bullock* has been chartered to carry ten cargoes of ore to Fair Haven.

—The *Monitor* arrived yesterday from Deseronto, with dressed lumber for Rathbun & Son.

—The *N P Downey* with coal for Downey & Preston, arrived yesterday morning, from Oswego.

—There were more vessels in the harbor yesterday than at any one time during the present season.

—The *Hastings* has been added to the list of excursion boats running between Toronto and Lorne Park.

—Steps should be at once taken to prevent the washing into the harbor of the exterior parts of the island.

—The *Eliza Fisher* with lumber for Oswego, and the *Florence Howard* with ore for Fair Haven, cleared to-day.

—When the dredge arrives here this is to be hoped the powers that be will have the small bar south-east of the G. J. R. dock removed.

—The *Olivia* was enabled to reach her dock this morning by the assistance of the *Hero*. She came from Big Sodus with coal for Rathbun & Son.

—The *Annie Gilbert* broke a flange off her wheel on Saturday on a shoal opposite Camp Meeting Cove. She was on her route as usual this morning.

—The *Alexandra*, from Montreal, had a large passenger list on Saturday. She left this morning at the usual hour for Montreal and bay and river ports.

—The *Olivia* with coal ran aground on Saturday night a short distance east of the G. J. R. dock. The *Florence Hoyard* has touched on the same locality twice without serious consequences.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up, until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & CO., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocoa, ate Essence for afternoon use.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung effections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering, I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Sent by mail by addressing with stamp, naming this paper, W. W. Sherar; 149 powers Block Rochester, N. Y.

Telegraphic Despatches.

MORNING.

Killed his Mother.

BRIDGETON, N.J., Aug. 8.—James Duffy, aged 13, whilst playing with a gun on Saturday, accidentally shot and killed his mother.

An Inhuman Brute.

NEW YORK, Aug. 8.—Martin Lowry was arrested last night on a charge of throwing his wife out of a four story window. The woman was badly injured.

Capture of Lunatics.

The lunatics who escaped from Ward's Island have been recaptured.

WASHINGTON, Aug. 8.—It is stated by a friend of Agnew that at the time the latter made the incision into the present cavity, opened two weeks ago, he was strongly in favor of proceeding at once to the extraction of the ball, but after a long consultation he deferred to the opinions of the other physicians.

A person who saw the President recently, asserts he is emaciated in a remarkable degree and helplessly weak.

Arrested for Murder.

Christens Taylor, colored, aged 65, and her daughter, have been arrested for being concerned in the murder of the two Fisher children, near Queenstown.

Capture of Desperadoes.

MCKEE'S PORT, Pa., Aug. 8.—Two men were arrested yesterday near Dead Man's Hollow, who are thought to be the leaders of the gang of desperadoes who murdered McClure. An immense crowd gathered around the jail, and there are threats of lynching.

Supposed Poisoning.

MONTGOMERY, Pa., Aug. 8. — Samuel Miller, has been arrested on suspicion of poisoning his father, aged 74, who died a few days ago. The old man's life was insured to the amount of $40,000. The policies were held by different persons, and the son had $2,000.

Closing of Mills.

PROVIDENCE, R. I., August 8.

All the mills belonging to the Sprague estate have been closed indefinitely by order of trustee Chaffee. This throws out of employment over 6,000 men besides women and children. The cause of closing is the result of the anticipated removal of Chaffee as treasurer of the Quidneck Company by the Sprague family, and an injunction by the Court restraining him from using the funds of the company for running expenses.

The Wounded President.

STILL ON THE ROAD TO HEALTH AND GROWING BETTER DAILY.

WASHINGTON, Official, Aug. 8.—The President passed a comfortable night and slept well without anodyne. The rise in temperature yesterday afternoon subsided during the evening and did not recur any time throughout the night. At present he appears better than yesterday morning. Pulse 94, temperature 98.4, respiration 14.

LATEST TELEGRAMS.

The death rate among the juvenile population of Ottawa is very great.

Sir Hector Langevin will visit Kingston and Toronto next week.

Reports from the Mysore are unfavorable. Rain is much wanted as the crops are withering.

It is said the Prince of Wales has been advised not to give a dinner on his yacht at Osborne, because of a supposed Fenian design.

Another operation was performed on the President's wound to-day, when another incision in the track of the ball was made with satisfactory results.

The fall of a scaffold in Montreal to-day resulted in the killing of one man, and seriously injuring another.

The body of a man who is supposed to have perished by starvation, was found near Anogance, N. B., to-day.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, MESSRS. PARRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for a long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

COMMERCIAL.

HAS determined to offer his whole Stock of Hats AT COST.

This is without doubt the finest and best assorted Stock of Hats in Ontario, and in selling it at cost it gives the public an opportunity of getting first-class goods seldom offered.

THIS IS A GENUINE COST SALE!

N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN SHIRT FACTORY. **About Advertising.** UP TOWN SHIRT FACTORY.

A man said to me the other day "Sam, you are a big advertiser. It must cost you lots of money in a year. Does it pay you?"

"Well, I said, "if you can tell me how to let the people know that I sell cheaper Shirts than are sold anywhere else in the city, I will quit."

"Well, that is so," he said. "But *do* you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I hear so many speaking of."

Well, I showed him our styles—well made, good cloth and guaranteed to fit—sold him his summer's out-fit, and had no trouble in convincing him that *advertising is not all wind.*

The great secret of successful advertising is to always be able to show as good a bargain as you advertise.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc, resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay clearly demonstrates, from thirty years' successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

Address,

A CARD

To all who are suffering from the errors and indiscretions of youth, nervous weakness early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City.

Dr. A. G. Douglas,

GRADUATE OF ONTARIO VETERINARY COLLEGE, Toronto, student with the late Dr. Newton.

Office—Two doors south of Queen's Hotel, formerly occupied by Dr. Newton.

☞ Calls by mail or telegram will receive prompt attention at any hour of the day or night. wlm

THE GREAT FEMALE REMEDY
JOB MOSES PILLS

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson' Man Boulter, Stirling W C Barke, Trenton and all medicine dealers

THE

Admiration

KEILLER'S MARMALADE!

THIS SPRINGS IMPORTATION

JUST ARRIVED.

Wallbridge & Clarke,
GROCERS & WINE MERCHANTS,
37 & 39 Front Street.

ELECTRICITY! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."—Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.—H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil. I am nearly out, nothing equals it."—J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."—J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

I did not answer; I was revolving in my mind the old question; was it possible in face of all these later developments, still to believe Mary Leavenworth's own hand guiltless of her uncle's blood?

'It is dreadful to come to such conclusions,' proceeded Mrs. Belden, 'and nothing but her own words written in her own hand would ever have driven me to them, but—'

'Mrs. Belden,' I interrupted, 'pardon me, but you said in the beginning of this interview that you did not believe Mary herself had any direct hand in her uncle's murder. Are you ready to repeat that assertion?'

'Yes, yes, indeed. Whatever I may think of her influence in inducing it, I never could imagine her having anything to do with its actual performance. O, no, O, no; whatever was done on that dreadful night, Mary Leavenworth never put hand to pistol or ball, or even stood by while they were used; that you may be sure of. Only the man who loved her, longed for her and felt the impossibility of obtaining her by any other means, could have found nerve for an act so horrible.'

'Then you think—'

'Mr. Clavering is the man? I do, and O sir, when you consider that he is her husband, is it not dreadful enough?'

'It is indeed,' said I, rising to conceal how much I was affected by this conclusion of hers.

Something in my tone of appearance seemed to startle her. 'I hope and trust I have not been indiscreet,' she cried, eyeing me with something like an incipient distrust. 'With this dead girl lying in my house, I ought to be very careful I know, but—'

'You have said nothing,' I cried, edging towards the door in my anxiety to escape if but for a moment from an atmosphere that was stifling me. 'No one can blame you for anything you have either said or done today. But—' and here I paused and walked hurriedly back, 'I wish to ask one thing more. Have you any reason beyond that of natural repugnance to believing a young and beautiful woman guilty of a great crime, for saying what you have of Henry Clavering, a gentleman who has hitherto been mentioned by you with respect?'

'No,' she whispered, with a touch of her old agitation, 'none but that.'

I felt the reason insufficient, and turned away with something of the same sense of suffocation with which I heard that the key sought for had been found in Eleanore Leavenworth's possession. 'You must excuse me,' I said; 'I want to be a moment by myself in order to ponder over the facts which I have just heard; I will soon return;' and without further ceremony, hurried from the room.

By some indefinable impulse I went immediately up stairs, and took my stand at the western window of the large room directly over Mrs. Belden. The blinds were closed; the room was shrouded in funereal gloom, but its sombreness and horror were for the moment unfelt: I was engaged in a fearful debate with myself. Was Mary Leavenworth the principal or merely the accessory in this crime? Did the determined prejudice of Mr. Gryce, the convictions of Eleanore, the circumstantial evidence even of such facts as had come to our knowledge, preclude the possibility that Mrs. Belden's conclusions were correct? That all the detectives interested in the affair, would regard the question as settled, I did not doubt; but need it be? Was it utterly impossible to find evidence yet, that Henry Clavering was, after all, the assassin of Mr. Leavenworth?

Filled with the thought, I looked across the room to the closet where lay the body of the girl who, according to all probability, had known the truth of this matter, and a great longing seized me. O why could not the dead be made to speak? Why should she lie there so silent, so pulseless, so inert, when a word from her were enough to decide the awful question? Was there no power to compel those pallid lips to move?

Carried away by the fervor of the moment, I made my way to her side. Ah, God, how still! With what a mockery the closed lips confronted my demanding gaze. A stone could not have been more unresponsive.

With a feeling that was almost like anger, I stood there, when—O, what was it I saw protruding from beneath her shoulders where they crushed against the bed? an envelope? a letter? yes.

Dizzy with the sudden surprise, overcome with the wild hopes this discovery awakened, I stooped in great agitation and drew the letter out. It was sealed but not directed. Breaking it hastily open, I took a glance at its contents. Good heavens? it was the work of the girl herself!—its very appearance was enough to make that evident! Feeling as if a miracle had happened, I hastened with it into the other room and set myself to decipher the awkard scrawl.

This is what I saw rudely printed in lead pencil on the inside of a sheet of common writing paper:

I am a wicked girl. I have known things all the time which I had ought to have told but I didn't dare to, he said he would kill me if I did, I mene the tall splendud looking gentulman with the black mustash who I met coming out of Mister Levenworth's room with a key in his hand the night Mr. Levenworth was murdered. He was so scared he gave me money and made me go away and come here and keep everything secret but I can't do so no longer. I seem to see Miss Elenor all the time crying and asking me if I want her sent to prisun. God knows I'd rathur die. And this is the truth and my last words and I pray everybody's forgiveness and hope nobody will blame me and they wont bother Miss Elenor any more but go and look after the handsome gentulman with the black mustash.

Dollars, which might otherwise be thrown away by resorting to ineffectual medicines, are saved by purchasing that inexpensive specific for bodily pain and remedy for affections of the throat, lungs, stomach, liver and bowels, Dr. Thomas' Eclectric Oil. which does not deteriorate, and as thorough and pure.

The Canadian Pacific Railway Co'y

EMIGRATION TO MANITOBA AND THE CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of **The Canadian Pacific Railway Company**, at Montreal and Winnipeg.

By order of the Board,
CHS. DRINKWATER,
Secretary.

Montreal, April 30th, 1881. 104

HOLLOWAY'S PILLS

THIS GREAT HOUSEHOLD MEDICINE RANKS AMONGST THE LEADING NECESSARIES OF LIFE.

These famous Pills purify the BLOOD, and act most powerfully, yet soothing on the

Liver, Stomach Kidneys

and BOWELS, giving one, energy, and vigour to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

HOLLOWAY'S OINTMENT

For the cure of BAD LEGS, Bad Breast,

Old Wounds Sores and Ulcers

is an infallible remedy. If effectually rubbed on the neck and chest, as salt in meat, it Cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,

Gout Rheumatism,

And every kind of SKIN-DISEASE, it has never been known to fail.

The Pills and Ointment are manufacture only at

533 OXFORD STREET, LONDON,

and are sold by all Vendors of Medicines throughout the Civilized World; with directions for use in almost every language.

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

☞ Purchasers should look to the Label on the Pots and Boxes. If the address is not 533 Oxford Street, London, they are spurious.

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleaveland, Ohio

RANKS OVER ALL OTHER MAKES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.

CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for **Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever,** and all **malarial disorders.** In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms, which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

For Amelinsburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

OUR CIVIC LEGISLATURE.

The Estimates Pass the Rubicon—A Lively Debate, Lots of Talk and a Long Session.

A regular meeting of the City Council was held last evening at the usual hour.

Present—His Worship the Mayor; Aldermen St. Charles, Ostrom, Smith, Lingham, McIninch, Diamond, Dunnet, Vandusen, Durand, Starling, Frost, Campion, Jellett, Costello, Clarke, Petrie, and Holden.

Ald. Diamond objected to the reading of the minutes of the meeting of Monday night last, as the session had been abortive.

The Solicitor was asked to state his opinion which he did. He said he had taken no little pains to read up the law bearing on this subject, and had consulted Hon. Lewis Wallbridge, who had been Speaker of the Legislative Assembly for a number of years, and the conclusion he had arrived at was this: that this meeting should resume into Committee of the Whole, and commence where the business had terminated at the previous meeting. This was customary in the House of Commons, and the Solicitor contended that this was a case having a like bearing, inasmuch as there are no rules of the Council governing it. Such being the case, the law states where there are no rules of the Council governing them they shall be governed by those of the House of Commons.

It was mutually agreed to dispense with the reading of the minutes of the previous meeting, and proceed with the general order of business.

COMMUNICATIONS, PETITIONS, &C.

The Treasurer's report showing the receipts and expenditures for the month of July, was read as follows:—Receipts, $7,020.75; expenditure, $6,936,98; cash on hand, $83.78.

A petition from a number of citizens was read asking the Council to continue the sewer on Front Street to the upper bridge.

A petition from Charlotte Hibbard, asking remuneration for keeping a child, was presented.

A number of accounts were handed in and read.

The Committees on Finance and Public Works presented their reports.

The report of the Special Committee appointed to investigate the matter of removing the old hand engine to Coleman Ward was read, which recommended that it be located there, and repaired at a cost of $125.

A number of unimportant enquiries were made and answered.

NOTICE OF BY-LAW.

Ald. Ostrom gave notice of a By-law for the appointment of three or more collectors.

WAYS AND MEANS.

Council went into Committee of the Whole on Ways and Means, Ald. Frost in the chair.

Ald. Jellett moved that the rate of taxation be 15 mills on the dollar, and that the $20,000 surplus be disposed of as follows:—$6,000 for sinking fund in arrears for the years from 1876 to 1880, to be added to liabilities. under the head of expenditures; $2,500 for paving Front Street; and $11,500 towards sinking fund.

Ald. Diamond moved, in amendment, seconded by Ald. Dunnet, that whereas a larger amount was raised last year by the sale of debentures than was actually required for city purposes, and whereas it is proposed to use the surplus in reducing the rate of taxation, be it resolved that the rate of eleven mills for municipal purposes be struck out, and a rate of eight and one-half mills substituted. By his amendment the receipts would be $83,528.52; the expenditure $113,853.39, (Jellett proposed $122,772.47), the rate he proposed would yield $30,324.87. The expenditure was lessened by a proposed reduction in the Mayor's salary of $200, lessening the grant to the Contingent Fund $1,000, giving the Mechanics Institute $800, and devoting $1,200 to a sewer on Front Street, north of Hotel Street.

Ald. Diamond supported his amendment in a brief speech.

Ald. Ostrom moved in amendment to the amendment, that $11,500 be appropriated for purchasing debentures, $2,500 for the Women's Christian Association, and $6,000 for Sinking Fund. He spoke at some length in support of his amendment.

Ald. Jellett addressed the Council in favor of his motion, contending that Ald. Diamond had misrepresented his budget; therefore he would not reply to it, as sufficient controversy had already been indulged in.

Ald. Dunnet said he did not second Ald. Diamond's amendment for the purpose of over-throwing the Finance Minister's estimates, but for the purpose of making the taxation as light as possible.

Ald. Holden favored the estimates as submitted by Ald. Jellett, as he considered the rate mentioned by Ald. Diamond was too low. He thought it a bad practice to

(Continued on Second Page.)

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption Brown's BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed ports, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor tittle sufferer immediately—depend upon it: there is no mistake about it There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.

Besides being ordinary Lift Pumps they have also the additional advatage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.

My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.

Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.

FOR SALE,
TWO Milch Cows, two Heifers, 20 cords dry Hard Wood, 1 Box Stove. Apply at the above premises.
JOHN J. B. FLINT, DANIEL McTAGGART, } Executors.
☞ A quantity of good Brick for sale.

C. E. Kyle, of Uxbridge, writes 3rd, 1870, and says:—"I certify to the excellent qualities Allen's Lung Balsam as a remedy for all diseases of the throat and lungs. I know it to be all it is recommended to be."

Burdock Blood Bitters cures all diseases of the blood, liver and kidneys, female complaints, nervous and general debility, and builds up the entire system when broken down by disease.

A thing of beauty is a joy for ever.-And such is a rich flowing head of hair. Reader, if you have this great gift of nature and it is not fading out use the Bearine; it is the only safe and reliable dressing you can get. Every druggist sells it.

When you ask for a bottle of Pain-Killer and the gentlemanly storekeeper, without scarcely looking, remarks, "we are just out, but have another article as "good or better which sells for the same price viz, "25 cents." Turn on your heel and say Good-bye, Sir! That man cares more for the two or three cents extra prefit which he gets than he does for your health or happiness.
☞ See advertisement in another column

For all purposes of a Family Medicine, Hagyard's Yellow Oil is at the head of the list. It is used with unprecedented success, both internally and externally. It cures Sore Throat, Burns, Scalds, Frost Bites, relieves, and often cures Asthma.

Give me sound reasons for taking a medicine or I will not try it, says the rational invalid. This is fair and right. Assertion is not proof. In recommending Bristol's Sarsaparilla and Pills, therefore, as specifics for scrofula and all the types of ulcerous and eruptive diseases, it is proper to remind the public that, for over one-third of a century, they have been uniformly successful in cases of this kind.

INCIPIENT CONSUMPTION.—In Bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility in giving tone to the system it is undoubtedly a valuable remedy.
JOHN McMURRAY, Methodist Minister, Newport, N. S.

If you suffer from any chronic disease arising from Impure Blood, Sluggish Liver, disordered Kidneys or inactivity of the Bowels. if your Nervous System is debilitated from whatever cause arising, do not despair, but procure a trial bottle of Burdock Blood Bitters; it will only cost 10 cents, Large Bottles $2.00. For sale by all medicine dealers.

☞ Consumption, so prevalent and so fatal, is dreaded as the great scourge of our race; and yet in the formative stages, all pulmonary complaints may be readily controlled by using "Bryan's Pulmonic Wafers" They will relieve the worst cough in a few minutes, and have a most benefici.. influence on the bronchial and pulmonary organs; but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25 cents per box.

Nothing can exceed the folly and stupidity of those who submit to the pangs of the various forms and complications of Rheumatism and gout, by which they are tortured and disabled, when they can, by one or two applications of Giles' Liniment Iodide Ammonia, obtain instantaneous and permanent relief. Sold by all druggists. Send for pamphlet.
DR. GILES, 125 West Broadway, N. Y.
Trial bottles 25 cents.

In cases of chronic disease which doctors have failed to cure, Burdock Blood Bitters has achieved its greatest triumph. All diseases of of the Blood, Liver and Kidneys, Scrofula, Dyspepsia, Nervous Debility, Rheumatism, piles, Female Complaints and all forms of lost Vitality are promptly cured bp this greot renovating Tonic. Trial Bottles only cost 10 Cts.

It is a little trouble to examine the pamhlet wrapped around each bottle of the true Murray & Lanman's Florida Water, so as to find the words "Lanman & Kemp, New York," which are water-marked or stamped in pale letters on every page, but it is better to take this small amount of bother rather than to be imposed upon by a worthless counterfeit Every leaf of the pamphlet around the genuine has these words in it, which though pale and faint, can be easily seen when held up to the light, and no Florida Water is genuine that does not have this test mark.

The best known remedy for all affections of the chest, Lungs or Throat is GRAY'S SYRUP OF RED SPRUCE GUM. It is constantly used by thousands of persons suffering from the above diseases, and in nearly every instance it affords immediate relief. In cases of troublesome, tickling Cough, where the patient passes sleepless nights, one or two doses of the Syrup has such a quieting, soothing effect that rest ensues and the Cough speedily disappears. Try it and be convinced. Sold by all chemists. Price 25 and 50 cents per bottle.

It is a great and often fatal mistake to take repeated drastic purgarives for constipation of the Bowels, they induce piles and cause debility of the bowels. Burdock Blood Bitters is a safe and perfect regulator of the bowels, arousing the torpid Liver and all the secretions to a healthy action; acting on the Kidneys, and renovating and toning the system in the most perfect manner.

MILLIONS GIVEN AWAY.

Millions of Bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, have been given away as Trial Bottles of the large size. This enormous outlay would be diastrous to the proprietors, were it not for the rare merits possessed by this wonderful medicine. Call at Jas. Clark & Co's Drug Store, and get a Trial Bottle free, and try for yourself. It never fail to cure.

NEVER GIVE UP.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle, by Jas. Clark & Co.

THE CIRCASSIAN WOMEN

are considered to be most beautiful. Ennuied bachelor butterfly, have you ever seen a Circassian belle? Fly at once to that wondrous clime, and you will learn that the secret of much of their beauty lies in the liberal use of SOZODONT, which was introduced there years ago to make their teeth beautiful.

"It is handy to have about the house, Toodles said. So is Spalding's Glue.

UGLY GAPS

in that row which of all others should be kept in thorough repair, a row of teeth' are sure to occur and no less sure to hopelessly disfigure the face if disregard of the teeth's cleanliness is persistent. But if the error is corrected in time with the aid of SOZODONT. America's leading tooth beautifier and invigorant, the tenants of the mouth long retain their strength and whiteness unimpaired. A word to the wise is sufficient.

HOW WISTAR'S BALSAM CURES.

FROM SEYMOUR THATCHER, M. D., OF HERMON, N.Y.

"WISTAR'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a cough byloosening and cleansing the lungs and allaying irritation, thus removing the cause, instead of drying up the cough leaving the cause. I consider the Balsam the best cough medicine with which I am acquainted." 50 cents and $1 a bottle. Sold by all druggists.

A REMARKABLE CURE.

West Townsend, Vt., May 14, 1860
Messrs. S. W. Fowle & Son:
In the Spring of 1847 I took a severe cold which settle on my lungs, where it remained without relaxation. I was then in Massachusetts. and growing worse and becoming unable to attend to my business, I returned home and commenced searching in earnest for some medicine which would restore my lost health. I consulted physicians, I tried many remedies, but obtained no help, but daily grew worse. I had a terrible cough, and raised a good deal of blood. I had profuse night sweats, and severe pain in my side. I continued in this state for months, and became so weak that it was with great difficulty I could walk, when I was advised to try Wistar's Balsam of Wild Cherry, and to my great joy I soon found this remedy had arrested the disease. I continued to use the Balsam to the extent of five bottles, and have since then experienced no difficulty of the lungs. I believe the Balsam saved my life, and I shall ever hold it in high estimation.
Yours truly, LEWIS PHELPS.

RHEUMATISM OF THE BLOOD AND DEBILITY.

HAVERHILL, Mass., March 17, 1881
Gentlemen,— Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that when I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried rubbing' but nothing seemed to help me. At last PERUVIAN SYRUP was recommended' and on taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and sides. At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister,s health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbury, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case. and the only one he knew of The result proved the correctness oi his opinion, for the use of one bottle completely cnree her.
Your very truly,
MRS. CARRIE A. DANIT No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and, calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and. as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid mrde only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PORRE, London, Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and in wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. Sold by Chemists everywhere. The name of J. PEPPER is on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. wly

JUST RECEIVED, fresh rom the Springs, Carratraeca Mineral Water, 25cts. per gallon. R. TEMPLETON, Druggist.

strike a low rate of taxation, and borrow money each year to meet the current expenditure, as had been the case for the past few years. The only remedy he could see for this was to reduce the expenditure, and this must be done.

Ald. Petrie concurred in the remarks made by Ald. Holden.

Ald. Frost said that by some "hokus pokus" $23,000 was slipped out of the city treasury. He did not believe there was a city in Ontario with the population of ours—9,000—that was so deeply in debt, and the time was at hand when a change should be made in its enormous expenditure.

On Ald. Ostrom's amendment being read, Ald. Holden rose to a point of order. He objected to Ald. Ostrom's amendment being put as one amendment, as it contained three distinct propositions.

The Chairman averred that the objection was taken too late.

Ald. Ostrom's amendment was lost, as also was that of Ald. Diamond's.

The original motion was carried.

Committee rose and reported.

On the question of the adoption of the report,

Ald. Diamond moved that the report of the Committee be not now adopted, but be referred back for the purpose of substituting the amended estimates previously moved by him. Lost.

The yeas and nays were taken as follows:—

YEAS—Ald. Diamond, Dunnet, McInnich and Vandusen—4.

NAYS—Ald. Campion, Clarke, Costello, Durand, Frost, Holden, Jellett, Lingham, Ostrom, Petrie, Starling, St. Charles and Smith.—13.

Ald. Ostrom moved that the report be referred back for the purpose of substituting his amendment instead of the motion of Ald. Jellett's, in relation to the $20,000 surplus.

Ald. Frost and Jellett spoke in favor of appropriating something for the Women's Christian Association, if it was possible.

Ald. St. Charles would favor even a larger grant for this Association than that now asked, but could not vote for appropriating anything at present.

The time was extended for two hours, it being now eleven o'clock.

Ald. Ostrom's motion was lost on the following division:—

YEAS—Ald. Durand, Frost and Ostrom —3.

NAYS—Ald. Campion, Clarke, Costello, Diamond, Dunnet, Holden, Jellett, Lingham, McInnich, Petrie, Starling, St Charles, Smith and Vandusen.—14.

Ald. Dunnet moved that the report be referred back for the purpose of appropriating $1,600 for purchasing a hospital lot —the same to be taken from the $11,818 appropriated for a Sinking Fund; the money only to be granted on condition that a charter be procured for the old hospital lot.—Lost.

The report was then adopted.

MOTIONS.

Ald. Petrie moved that $150 be appropriated for repairs on the old hospital lot.—Carried.

Ald. Ostrom moved that a well be sunk in Coleman ward, near Mrs. Meagher's.—Ruled out of order.

In support of the petition asking for an extension of the sewer on Front Street, above Hotel Street, Ald. Diamond moved, seconded by Ald. McInnich that the matter be referred to the Street Surveyor for investigation. Carried.

BY-LAWS.

Ald. Diamond moved the third reading of the Dog By-law.

After it was read Ald. St. Charles spoke in favor of extending the time when the By-law shall become law, to the 1st of January next. He also thought some provision should be made for the protection of the dogs. He contended it was unfair to permit people to register their dogs hereafter this year for $1, whereas under the old By-law $1.50 had to be paid to comply with its provisions.

Ald. Petrie objected to the suggestion of Ald. St. Charles.

The By-law passed its third reading, and was numbered 477.

WAYS AND MEANS.

The Council went into Committee of the Whole on Ways and Means, Ald. Diamond in the chair.

The reports of the Special Committee, Board of Works, and Finance Committees were read.

Ald. Dunnet moved in amendment to the Finance Committee's report, that the matter of reducing the number of wards be referred to a special committee.—Carried.

Another amendment was moved that the names of Ald. Jellett, Diamond and Frost be added to the committee appointed by the Finance Committee to investigate the Reynold's estate taxes.—Carried.

Ald. Holden moved in amendment to the report, that the whole amount of Mrs. Thompson's taxes be remitted on the milling property—$61.76.—Carried.

Ald. Dunnet moved another amendment to the report, that Mrs. Kenney's taxes be remitted.—Carried.

The balance of the report on Finance was carried.

Ald. Ostrom moved that a water tank be erected in Coleman Ward, north of the railway line, to be located by the Chief Engineer, Chairman of Finance and Street Surveyor.

The Mayor was in favor of passing this resolution, as he thought a tank was absolutely necessary there, for use in case of fire.

Ald. Frost also urged the erection of this tank, as a permanent protection in case of fire.

Ald. Durand said he had moved in the matter of locating the old hand engine in his ward, solely on the advice of his constituents.

Ald. Ostrom's motion was allowed to stand as a notice, as also was one of Ald. Starling's for a well in Bleecker Ward.

A motion was introduced to authorize the Chairman of Finance to purchase $10,000 debentures, to be placed to the credit of the Sinking Fund, less $1,600 for a hospital lot; the debentures to be paid in 1894. Ruled out of order.

The Committee rose and reported; adopted.

Ald. Vandusen gave notice of a motion for the erection of a water tank in Murney Ward.

A resolution was offered to suspend the rules for the purpose of presenting Ald. Jellett's motion, for the purchase of debentures to which Ald. Diamond objected. The latter asked, in justice to the public, that the name of the party who wished to buy the debentures should be given to the Council.

Ald. Jellett replied that it was a prominent broker, in no way interested in the matter, so far as he knew. This he did know, however, that the sale of the debentures in no way benefited himself.

The rules were suspended, and the Council went into Committee of the Whole on Ways and Means, Ald. McInnich in the chair.

Ald. Jellett's motion was read.

Ald. Diamond objected again, contending that it required a two thirds vote of the Council to pass the resolution, and afterwards it should be referred to the Finance Committee.

The Mayor held the objection as being well taken.

Committee rose and reported, and asked leave to sit again.—Granted.

The rules were again suspended, when Ald. Jellett's motion was read and passed, after the $1,600 clause for an hospital lot had been struck out.

Committee rose and reported.—Adopted.

The yeas and nays were taken, only three voting nay, viz.: Ald. Diamond, McInnich and Lingham. The remaining Aldermen voted yea, and the motion passed accordingly.

Council adjourned.

DAILY ONTARIO.

TUESDAY AUGUST 9, 1881.

DR. CHRISTIE has consented to contest the County of Argenteuil in the interest of the Liberal party against the Hon. Mr. Abbott. The nomination for that constituency takes place to-morrow.

THE Governor General in spite of some evidence of discontent before his arrival, has been well received by the "Winnipeggers." The Marquis of Lorne must have thought one passage in the address read to him by the Mayor, to be a joke. It reads as follows: "We regret the illness that has detained our beloved Princess in England and sincerely pray for her speedy recovery." Last Wednesday's telegram sent us the fact that the Princess Louise, for the past week or two has been the most industrious diner-out in the Queen's family. It the person who drafted the address had read this telegram, he would have been spared the prayer for her speedy recovery. The fact is, the Princess is now completely recovered, but prefers England to Canada.

NIAGARA FALLS has recently become a very attractive resort for suicides. The modern appliances for hurrying on the approach of death, do not seem to present the same facility, expedition and certainty that the rapid current of the Niagara affords, for hastening away from this vale of tears. The love-sick class, who are doomed to separation whilst living in this vale of tears, join hands there, to pass together the journey to the other world, and faithless wives and their associates seek the embrace of death in its dark waters. It was only a few weeks ago, that a man and woman drowned themselves near the Falls and since that time, there has been a number who have followed their example. The river does what the revolver or poison would otherwise accomplish and it has this in its favor as a suicidal means,—the chances of surviving are fewer.

THE average law-breaker, when informed that he must contribute the amount of a fine and consequent costs to the funds of the Police Court, almost invariably asks for "time." And not unfrequently his request is granted, and "payment forthwith," the standing order for offenders, is withdrawn, and ten or twenty days substituted. The commitment is usually made out in case the delinquent does not come to time and if the fine is not then paid, the offender either asks for another extension which he generally obtains or keeps out of the way of the police until he thinks his case has been forgotten. Not unfrequently too much consideration is shown to offenders and the kindness of the court abused by those who have no desire to pay up. Such only make their road much harder to travel as on untimately they will atone for their offences, by a prompt settlement or a sojourn on the hill.

FREIGHT RATES IN MANITOBA.

A great many benefits, it was said, would accrue to the Dominion, and especially to Manitoba, by the construction and management of the Canadian Pacific Railway by the Syndicate, but the rates adopted by the management, over that portion of the line now in operation, have been a burden to the people of the prairie province, and therefore a just cause for complaint. The rates now in operation over the line running from St. Paul to Emerson are justly considered exorbitant, and a charter for a car for the distance between these two points costs four times as much as for twice the same distance over the Grand Trunk. The consumers have these large freight rates to pay when they make their purchases of goods, and loudly grumble at the high prices which they are compelled to advance for the articles they may require. Railways are supposed to reduce freight rates in every country in which they are constructed, but the opposite is the experience of the people of Manitoba, who are indignant at the legalized extortion which the Syndicate practices upon them. Rates which will eat up the price of the produce for its transportation will not benefit any country, and unless a change is made in this rule of the Syndicate, disastrous results will follow.

THE PRESIDENT.

The public has certainly been deceived by the glowing reports sent out as to the rapid recovery of the President. Only a short time since it was considered by those in authority at Washington that the telegrams sent to other places, regarding the progress of the President, were misleading, and an official bulletin was ordered to be despatched every morning, to inform the anxious of the condition of the patient of the White House. But these latter have in their turn proved deceptive; indeed, they were wanting in fact and in truth, for had the situation of Mr. Garfield been correctly given, there would have been no necessity for the sending of such despatches as were received yesterday afternoon and this morning. The surgeons' reports are, perhaps, purposely misleading. Three weeks ago the Chief Magistrate was, according to the reports of his physicians, stronger and nearer convalescence than he is to-day. A short time ago he was said to be almost certain of recovery, while now his chances are not of the most encouraging character; therefore, the reports sent out to the country should not be deceptive. Everybody is desirous of knowing the true condition of the President and therefore there should be no deception practiced.

Gilbert Laird, St. Margaret's Hope, Orkney, Scotland, writes —"I am requested by several friends to order another parcel of Dr. Thomas' Eclectric Oil. The last lot I got from you having been tested in several cases of Rheumatism, has given relief when doctors' medicines have failed to have any effect. The excellent qualities of this medicine should be made known, that the millions of sufferers throughout the world may benefit by its providential discovery."

THE MANITOBA WAVE.

One good result of Confederation is that we know now where our cool weather comes from. So long as the Hudson Bay Company owned the Red River country it was not popularly and generally understood that that country is a cave of Æolus, whence the winds issue from time to time to have fun with mortals. Now, however, since it has ceased to be an Ultima Thule, and has become a land of railways and of telegraphs, we look to it in summer for cool breezes and in winter for icy airs. The Manitoba "cold wave" is kept constantly on tap. We got a taste of it Saturday and Sunday nights, and a great relief it was after a week's oppressive heat. It brought healing upon its wings to many a fevered brow, tossing upon burning pillows. Even those blessed with strength and health were more or less relaxed by last week's experience, and look and feel all the better after two nights' cool and refreshing sleep. A "Manitoba cool wave" in August brings the breath of the great lakes, and of the mountains, to those who are not able to go in quest of them. We regret to observe that, as usual, Mr. Vennor threatens to overdo the thing, and predicts severe frosts and bitter winds during the present month. We do not put implicit faith in Mr. Vennor's predictions, as he has already gone more or less wrong in this month, but he is often enough right for this forecast to make gardeners and vine-growers uneasy for a couple of weeks. —*Evening News.*

YACHTING.

An English yacht as well as a Canadian one is about to enter the lists against American yachts in their own waters. American yachts, which are built for speed rather than for comfort and have thus earned the name of "skimming dishes," have hitherto been able to outsail the more seaworthy crafts of England, which are built and used principally not for racing but for pleasure trips on the ocean, as will be gathered from a perusal of the following paragraph from the London World of the 27th ult. The English believe the chances of their yacht to be good,

For the first time in the annals of yachting an English racing cutter is to cross the Atlantic to try conclusions with the Yankee sloops, Mr. James Coates, of Paisley, intending to taken his famous little ten-tonner "Madge" to America on the deck of one of the Anchor liners. Next week she will have some larger spars and sails than at present, to enable her to compete with the American sloops, all of which have enormous masts and sails. "Madge" will be rated at about sixteen tons by the New York rules, and will have to compete with vessels quite double her tonnage. Two years ago Mr. Coates brought over from America one of the fastest sloops of her tonnage there, or about sixteen tons, with a Yankee to sail her, who on seeing "Madge" guessed he would beat that craft; however, "Madge" sailed round her in the first mile. Judged from that performance, "Madge" should have a good time in America. Mr. Coates deserves the best wishes of all yachtsmen for his sporting idea of showing the Yankees what our national rig, even when represented by a small boat, is like.

—An incendiary fire took place in Sherbrooke, Quebec, this morning. The incendiary was arrested.

—The steamer *Cortes*, which went ashore in Halifax harbor, is a total wreck, but the greater portion of her cargo has been saved.

—Some of the banks in Montreal are introducing the competitive examination system in the award of preferment and the granting of situations.

—An unusually abundant harvest is expected in all the districts of Russia, and business is looking up in the manufacturing districts in consequence.

—The Boston esthetes are talking of a public meeting to express indignation at the action of the United States Department of State in regard to the Nihilist Hartmann.

—A correspondent writing from Dublin to an English paper declares that a manufacturing and industrial agitation will follow close upon the settlement of the Irish question.

—The farmers in the Ottawa district are in a dilemma. With unprecedently large crops to harvest they find themselves unable to obtain help, although they are offering as high as two dollars a day.

—A terrible railway accident occurred at Blackburn, Lancaster, yesterday. The Manchester express ran into the Liverpool and York express. Many persons were seriously injured, and the havoc created by the collision was fearful.

—The meeting addressed by Messrs. Blake, Laurier and Huntington at New Glasgow, N.S., yesterday was attended by over 4,000 people in spite of unpropitious weather. Mr. Blake's prospective remarks on the coal tax have given the Tories a good deal of anxiety, and it will be seen that he spoke of it in no uncertain way.

—The Hon A. W. McLelan, President of the Privy Council, has been appointed by an Order-in-Council, dated the 2nd instant, Acting Minister of Marine and Fisheries during the absence of the Hon. J. C. Pope, Minister of Marine and Fisheries, who is at present indisposed and unable to attend to the duties of his office. Since the illness of Mr. Pope the duties of his office have been performed by the Minister of Customs.

—Although it has been decided that the new Welland Canal cannot be opened this year, a full staff of lock and gate men is retained and paid. The St. Catharines News calls this highway robbery, but Sir Leonard Tilley will explain that it is an excellent way of disposing of the surplus, for these idle but well paid lock tenders will stimulate Canadian industry by the expenditure of their wages for boots, coats and "garden sass."

—Late accounts concerning Mr. Bradlaugh's condition give rise to fears that the injuries he received on Wednesday last may prove fatal. In the struggle Mr. Bradlaugh received severe blows upon his head and arm. On the day following his expulsion symptoms of erysipelas appeared, and his surgeon advised him to keep quiet, but he went down to Northampton on Friday and addressed a meeting of his constituents, and the exertion thus occasioned greatly aggravated the disease.

—The Montreal Board of Trade has addressed a remonstrance to the Minister of Customs regarding the "obstructive, impracticable and needless" oaths now required to be taken by importers. The document in question asks that steps be taken "to relieve the import trade of the Dominion from what seems clearly to be its extraordinarily onerous and exacting features."

All lods seem hard to the rheumatic. Then harken ye peevish sufferers! Apply Dr. Thomas' Eclectric Oil to your aching joints and muscles. Rely on it that you will experience speedy relief. Such, at least, is the testimony of those who have used it. The remedy is likewise successfully resorted to for throat and lung diseases, sprains, bruises, etc.

ENJOY HEALTH.

"The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
('Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

NEW ADVERTISEMENTS.

WANTED.

See the immense Bargains offering in Table Linens, Towels, Sheeting, Pillow Cotton, &c. Splendid value in Prints, at 7, 8 and 10 cents, warranted fast colors.

Gentlemen wanting CANADIAN, ENGLISH or SCOTCH TWEEDS will never get such Bargains again.

Dress Goods sold at 50, 60 & 75, clearing at only 25c for your choice.

DRESS GOODS sold at 30, 35, 40 & 45, clearing at only 20 cents. The greatest bargains in Dress Goods, at 10, 12 & 15 cents, ever offered in Belleville.

Now is the time to secure Shirtings, Brown and Blue Drills, Ducks, Tickings, &c., at 30 per cent, less than value.

Remember all goods are to be sold much below their value, so that if you do not see what you want, ask for it, and prices will be found lower than you ever bought for before.

Foster & Reid.

GREAT CLEARING SALE!

—OF MY—

WHOLESALE DEPARTMENT

During the past two years my wholesale business has taken my whole time, so much so that I have been compelled to leave my home business to clerks who, through inexperience, have not given the satisfaction to our customers we shall endeavor to give in the future. I shall hereafter endeavor to meet my customers personally and give them my whole attention.

The Sale will still continue every night this week and great bargains will be offered at private sale during the day. Large quantities of choice goods constantly on exhibition. A call solicited.

J. H. FORD.

To FARMERS!

AND OWNERS OF VEHICLES GENERALLY:

I have every appliance for the setting of tyres at my shop, in the Dominion House yard, and will fill orders at the following rates:

Lumber Waggon Tyres,.....$1.00 per sett.
Buggy Tyres (with bolts).... 1.50 per sett.

My reputation as a first-class horse-shoer is generally conceded, and all owners of animals who wish to have them shod in a proper and thorough manner should give me a call. I understand the anatomy of a horse's foot and know how to shoe an animal properly, a fact which I can endorse by my work and money. I have certificates of the character of my work from Mr. Drinkwater, Daniel Ackerill and others, and am confident I can give satisfaction.

PHILLIP HART.

LOCAL AND GENERAL.

THE rate on coal from Oswego to this city is now 30c.

THE Messrs. Fuller propose engaging in the grain trade in Shannonville this fall.

Two prisoners charged with drunkenness were quartered at the police station last night.

THE M. E. Church S. School will hold their pic-nic at Redneresville on the Civic Holiday.

THE Street Surveyor had a force of men engaged cleaning our principal thoroughfares to-day.

FATHER MURRAY, of Cobourg, who has been in the city for a short time, left on the noon train for the west.

TO-MORROW afternoon at one o'clock the third competition for the Hastings Rifle Association Handicap Cup will commence.

THE Gildersleeve Challenge Cup will be contested for by the Oka of this city and the Kingston Lacrosse Club, on Friday next, the Civic Holiday.

THERE are now only two occupants of our county jail—one male and one female. Surely this is a creditable showing for a county the size of Hastings.

THE Council adjourned last night—or rather this morning—at twenty minutes to one o'clock, and still the sympathetic Aldermen pronounced it a short session.

A public meeting will be held this evening in the Workingmen's Temperance Hall, (Ibbertson Block), for the reception of visiting brethren from Napanee, who will arrive by steamer *Utica*.

MR. JACOB WILSON, formerly of Belleville, but now of Montreal, was in the city yesterday, and left on the evening train for Winnipeg, on business connected with the firm of which he is a member.

MASSASSAGA POINT, owing to its close proximity to home, its increased beauty, and the accommodation now to be had there, will doubtless attract a large number of our citizens on the Civic Holiday.

SAYS the Hamilton *Spectator*:—"Guelph is putting on frills because she has more population than Brantford, St. Catharines, Belleville or St. Thomas." There can not be much pleasure derived from such ornamentation.

THE excursion from Napanee to-morrow evening, promises to be largely attended. The I. O. O. F. band which is to accompany the party, will leave here to-morrow afternoon in one of Lake & Jenkins' busses for Napanee.

THE lumber now being used for planking the lower bridge is of the best quality that can be purchased in the market. It is expected the work will be completed this evening, when traffic over the structure will be resumed.

ON Friday Master Fred Andrews rescued two small children from drowning while running the logs. They were members of the family of John Wallace, and would certainly have been drowned, had it not been for the prompt action of Andrews in hurrying to their relief. Several accidents of a similar nature have been voided of serious consequences by the prompt action of this young man, whose heroic conduct is commendable.

CAPT. CUTHBERT has a large force of men at work to-day on the *Atalanta*, a number of ship carpenters having arrived here yesterday from Cobourg, who will be employed on the yacht until she is completed. The veteran yachtsman is engaged at present in selecting for his trip a crew of men—sixteen—a portion of whom will be from Brighton, while a number of Kingston yachtsmen have been invited to accompany him. Upwards of twenty have been asked to join the Captain, and in case all accept the invitation, he thinks there will not be too many; but the number must not be less than sixteen. As the *Atalanta* is the only yacht now in the ship-yard, she will receive the full attention of her builder, as well as the large force of men now engaged by him, and we trust before long to be able to announce the event of her launching.

JAMES MCLAUGHLIN seeks glory and wealth in pedestrianism and sighs for other territory to conquer than that embraced in the country surrounding Kingston. His first meeting with Harry Beasley, of this city, was not pleasing to him, as the Bay City representati ve was his superior. This contest resulted in an effort being made to get these young men to meet again, and though prize s were offered for a mile and half mile events, a meeting between them did not ensue as the Kingstonian desired the short distance, which Harry was desirous of the longer space. To settle all differences, the Limestone City representative now comes to the front and asks the *News* to state that he will run H. Beasley a mile for from $50 up; the race to take place within ten days, and if not at Kingston,an effort will be made to have it take place here. A match between the two pedestrains named would make an interesting event and it is to be hoped that a meeting will take place so that the question of superiority can be determined.

WE would call attention to the advertisement of N. Davenport, in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of matured ability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the men. The turning point of the battle often depends on the strain which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or quacked horses will ruin the prospects of any farmer. J. F. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in his profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House, opposite Dr. Wilson's, Pinnacle Street, Belleville.

A passenger special passed east on the Grand Trunk last night.

MR. TEMPLETON, proprietor of the Napanee *Beaver*, was in the city to-day.

MR. M. F. MEAGHER received four car loads of barrelled salt to-day from Clinton.

THERE will be a moonlight excursion to-morrow night per steamer *Prince Edward*.

AN excursion train from Montreal, bound for Toronto and Niagara Falls will pass here about five o'clock this evening.

"ANXIOUS ENQUIRER" is informed that "Cornalius McFin" has gone to the races at Rochester, N. Y. He left this morning and will return on Friday, and perhaps on Saturday, something may be heard from him.

On Saturday afternoon last, a team owned by George Roblin of Ameliasburg ran away. They came in contact with the stage, which was going to Roblin's Mills, and one of the animals was seriously injured.

THE traffic returns of the Grand Junction for the week ending July 31 were :—Passengers and mails, $842.02; freight, $2,181.49 ; total, $3,023.51 ; as compared with $1,295.38 for the corresponding week of 1880, being an increase of $1,728.13. The aggregate traffic from 1st June to date is $18,029.50, being an increase of $10,-031.56 over 1880.

MRS. HENDERSON, Pinnacle-street, called at the police station yesterday afternoon and complained of having had two sovereigns and seven one dollar bills, which were placed in a mitten, stolen from under her bed. She held a strong suspicion of some persons, and giving their names to the police, search and enquiries were made for the money by them, but without success. The missing money was, however, subsequently recovered in another part of the house by Mrs. Henderson, who was good enough to report the find at the station.

SHORTLY before noon to-day a fatal accident occurred in the vicinity of the G. T. R. station at Trenton. Whilst a young man, about seventeen years of age, was driving a team of horses over the crossing, the animals became frightened, and turning sharply around, upset the waggon, throwing the driver violently to the ground. One of the wheels is supposed to have struck him on the back of the head, inflicting a wound from which the blood flowed freely. When the body was picked up by Robert Hamilton—an employee of the P. E. Railway—life was found to be extinct. The holding of an inquest was deemed unnecessary.

☞Twenty per cent reduction in Ready Made Clothing at Hennessey's, the cheapest Ready Made Clothing House in Canada.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and childrens' waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in this part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child; as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or misfit will next to an impossibility. The saving of time and material by this new mode of cutting will be very considerable. Once the ladies with families acquire a knowledge of this system, it will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 8 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice henceforward for 50c; children's 30c to 40c. To her lady visitors, Mrs. Tugnett will be happy in giving explanations on the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

POLICE COURT.

(Before ALD. JELLETT, Acting P.M.)

TUESDAY, Aug. 9.

CLAIMING WAGES.

The case of James Spurr *vs.* M. F. Palmer, for $25.87 wages alleged to be due complainant, was dismissed, the Acting Magistrate holding that he had no jurisdiction to try the case.

Andrew Munroe also sued M. F. Palmer for $10 wages. The case was enlarged for one week to allow the defendant an opportunity of paying the costs of the court.

DRUNK.

Charles O'Donnell and Peter Johnson were discharged on this complaint.

WEATHER BULLETIN.

TORONTO, August 9.

Moderate to fresh southerly to westerly winds, fair warm weather, with showers, possibly thunder, in a few localities.

MARINE NOTES.

—The tug "Sherwood" took a tow of logs for Deseronto to-day.

—The "N. P. Downey" light, cleared this afternoon for Sharpsville, where she will load lumber for Oswego.

—And still the exodus booms. Two hundred mill-hands left Ottawa in a body this morning for Wisconsin, where they can get better wages than in that city, notwithstanding that we are blessed with an N. P.

—The New York Sun says "In these days of comets, dynamite bombs, and explosive still tubs, it is a fresh alarm to hear that a Paterson lady's can of baked beans burst on the range, where she was heating it, the other day, and peppered the whole ceiling of the kitchen with beans. It is bad enough to find so many other things in vogue that smash and tear; but matters come to a crisis when internal machines are developed from peaceful cans of Boston baked beans."

—The release of Mr. Dillon will, it is said, be followed by the release of nearly all the other persons arrested and imprisoned under the Coercion Act, save those to whom the commission of actual crime is imputed. This, however, is scarcely likely, in view of the statement made by Mr. Gladstone in the House of Commons yesterday, that Mr. Dillon was set at liberty in consequence of the state of his health, which was such that further confinement was likely to have cost him his life.

FROM TORONTO.

TORONTO, Aug. 9.

Speculation is rife as to Col. Cumberland's successor in the management of the Northern Railway. The names of Mr. Webster and Mr. Townsend, both officials, are favorably mentioned here, while that of Mr. W. K. Muir has come to be considered as the candidate at the Hendrie party of Hamilton. The highest bond holders, however, are likely to send out a man.

In the Police Court were two cases of wife desertion. Mr. Tremaine having given his spouse one hundred dollars and his bank book, she forgave his desertion and moral delinquencies with another of the gentler sex. She withdrew the charge and left the court hanging coyly on his arm.

FOR Beardin, M. D., Hull, P. Q. writes :—"Dr. Thomas Eclectric Oil commands a large and increasing sale which it richly merits. I have always found it exceedingly helpful; I used it in all cases of Rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with distraction of the foot, and in two days I was entirely relieved from pain.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & CO., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocoa, ate Essence for afternoon use.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering. I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W.W. Sherar; 149 powers Block Rochester, N. Y.

Telegraphic Despatches.

The Wounded President.

HIS CONDITION THIS MORNING.

WASHINGTON, Aug. 9.—8:30 a. m.—Official—Notwithstanding the effects of yesterday's operation, the President slept the greater part of the night without the use of anodyne. The febrile rise yesterday afternoon slowly subsided during the night. This morning at 8:30 his pulse was 98; temperature 99.8 ; respiration 19. Since yesterday afternoon small quantities of liquid nourishment have been given at short intervals and have been retained, and this morning larger quantities have been administered without gastric disturbance.

Dr. Hamilton is reported as having expressed himself wholly satisfied with the results of the operation, and the President's present condition. The patient would not be so well he said, for three or four days, on account of the operation. Hamilton verified the statement that the liver was not wounded. He had, he said, felt the smooth, unbroken surface of that organ through the wound, but how it escaped was a mystery, unless a rib broke the velocity of the ball. The symptoms all along, indicate that the ball had not penetrated the liver.

WASHINGTON, Aug. 9.—The report that the President's wound had been probed and the bullet located in the muscles of the back is denied on the authority of the attending physicians. It is stated that the slit in the President's back is now about three inches long, extending on either side of the injured rib. The new drainage pipe taps the wound from below, permitting the discharge to fall naturally downward. A son of Dr. Bliss is reported as saying that in the first operation in which a short spray of ether was applied to a portion of the wound in cutting yesterday, it was inhaled by the patient because the operation would be long and the President unnecessarily if he remained conscious of the act. The flow of blood yesterday was small. About an hour was consumed in the operation. When the President regained consciousness he asked for a full explanation of what had been done. Dr. Bliss gave him a complete description and the President was an interested listener. He stated that once or twice during the operation he experienced a slight pain. Mrs. Edson says the President was told yesterday it was thought best to make another effort to straighten the track from which pus flowed. The President asked if it was necessary. He was told it was. The next question was, "will the operation be an extensive one." Agnew assured the President no extensive operation was intended. He then explained what was necessary. The President listened attentively and consented, first asking whether it would be painful. He was told it would not. The President said "I am glad it will not be for I can't stand much." This was the first time he ever showed signs of fear. The doctors after thinking over the matter thought it best to administer an anesthetic. The President consented to take ether.

AFTERNOON.

WASHINGTON, Aug., 9.—The President is resting comfortably, and has taken nourishment quite freely during the morning and refished it.

Reyburn says his pulse and temperature is now perceptably lower than when morning bulletin was issued. Agnew considers the President's condition very encouraging. He expects to leave for Philadelphia during the day if the patient continues to improve. The discharge from the wound this morning has been entirely satisfactory and the pus perfectly healthy.

MORNING.

Fenians in Council.

LONDON, Aug. 9.—A Dublin despatch says the Supreme Council of the Fenian Brotherhood of Ireland met and discussed the infernal machines and the policy of their sympathizers across the Atlantic. After a long and stormy debate the Council could not come to a unanimous decision. One section favored an emphatic repudiation policy; others advocated its adoption. The split in the Council is at present complete. Meanwhile there is much excitement throughout the country. A serious conflict between soldiers and civilians has taken place at New Ross.

A Gambler's Fortune.

NEW YORK, Aug. 9.—"Theo" Allen, the notorious gambler, on Sunday, at Jersey City, married a young woman said to be worth $442,000. Allen's first wife obtained a divorce from him some months ago. Allen also obtained a divorce from her in Indiana. He announces his intention of abandoning his business and leading a quiet life.

AFTERNOON.

Davitt to be Released.

LONDON, August 9.—It is stated that Davitt who is now in Portland prison will probably be released by September 1st, on condition he does not return to Ireland in seven years.

The Express Train Accident.

The railway accident near Blackburn yesterday, arose from the express train from Manchester being in care of a driver who did not perfectly understand the vacuum brake, which failed to act. The Manchester express rushed into the Blackburn station at the rate of 40 miles an hour, the entrance being a down grade, smashing into splinters several carriages of the Liverpool and York express, which was stationary and preparing to start.

Dillon Refuses.

LONDON, Aug., 9.—The indications that the proposals to Dillon that he should be released on condition of going to Madeira or elsewhere, where the climate is favorable for pulmonary diseases, were firmly rejected by him. He also positively declined to make any condition upon his release.

Call for Home Rulers.

In compliance with the urgent request of Parnell, many Home Rule members of Parliament returned, to be present when the amendments are brought up in the House of Lords, and the Land Bill is considered.

This is without doubt the finest and best assorted Stock of Hats in Ontario, and in selling it at cost it gives the public an opportunity of getting first-class goods seldom offered.

THIS IS A GENUINE COST SALE !

N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN HAT FACTORY.

About Advertising.

UP TOWN HAT FACTORY.

A man said to me the other day "Sam, you are a big advertiser. It must cost you lots of money in a year. Does it pay you ?"

"Well," I said, "if you can tell me how to let the people know that I sell cheap Hats Shirts than are sold anywhere else in the city, I will quit."

"Well, that is so," he said. "But *do* you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I have so many speaking of."

Well, I showed him our styles—well made, good cloth and guaranteed to fit—so him his summer's out-fit, and had no trouble in convincing him that *advertising is not all wind.*

[The great secret of successful advertising is to always be able to show as good a bargain as you advertise.

—Young man, are you about to get married? Good! it's a step in the right direction. But be honest. Did you ever give a note—a promise to pay—and then purposely forget it—suffer it to be dishonored? We hope not. But whether you did or not, don't come that game over a confiding woman. If you promise to protect and defend her, do it like a man. Don't worry over the style of a wedding ring until you have applied for, and received and paid for, and handed to her a substantial life policy in the Ontario Mutual Life Assurance Company, for which S. Burrows, is the General agent for this district, and F. M. Clarke is local agent. Their office is in the Ashley block.

We do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper. We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Abbine, Ark., News.*

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting f m excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of he knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

THE GREAT FEMALE REMEDY
JOB MOSES PILLS

This invaluable medicine is unfailing in the cure those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthfull constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all othermeans have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions is n the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville. G, T. Wilson' Man Boulter, Stirling W C Barke, Trenton and all medicine dealers

JUST ARRIVED.

Wallbridge & Clarke,
GROCERS & WINE MERCHANTS,
37 & 39 Front Street.

ELECTRICITY! THOMAS EXCELSIOR ELECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be suffic to satisfy the most skeptical:—J. Collins of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."—Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm,—it was slow at first, but takes splendidly now.—H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil. I am nearly out, nothing equals it."—J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."—J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

CHAPTER XXXIV.

MR. BRYCE RESUMES CONTROL.

It out-Herods Herod.
HAMLET.

A thing devised by the enemy.
RICH. III.

A half hour had passed. The train upon which I had every reason to expect Mr. Gryce, had arrived, and I stood in the doorway waiting with indescribable agitation, the slow and laboured approach of the motley group of men and women which I had observed leave the depot at the departure of the cars. Would he be among them? Was the telegram of a nature peremptory enough to make his presence here sick as he was, an absolute certainty? The written confession of Hannah throbbing against my heart, a heart all elation now, as but a short half-hour before, it had been all doubt and struggle, seemed to rustle distrust and and the prospect of a long afternoon spent in impatience, was rising before me, when a portion of the advancing crowd turned off into a side street, and I saw the form of Mr. Gryce hobbling, not on two sticks, but very painfully on one, coming slowly down the street.

His face, as he approached was a study.

'Well, well, well,' exclaimed he, as we met at the gate: 'this is a pretty how-dye-do, I must say. Hannah dead, eh? and everything turned topsy-turvy! Humph, and what do you think of Mary Leavenworth now?'

It would therefore seem natural, in the conversation which followed his introduction into the house and instalment in Mrs. Belden's parlour, I should begin my narration, by showing him Hannah's confession; but it was not so. Whether it was, I felt anxious to have him go through the alterations of hope and fear, it had been my lot to experience since I came to R——; or whether in the depravity of human nature, there lingered within me sufficient presentment for the persistent disregard he had always paid to my suspicions of Henry Clavering, to make it a matter of moment to me, to spring this knowledge upon him, just at the instant his own convictions seemed to have reached the point of absolute certainity, I cannot say. Enough that it was not till I had given him a full account of every other matter connected with my stay in this house; not till I saw his eye beaming, and his lip quivering with the excitement incident upon the perusal of the letter from Mary, found in Mrs Belden's pocket; not indeed until I became assured from such expression as 'Tremendous! The deepest game of the season! Nothing like it since the Lafarge affair!' that in another moment he would be uttering some theory or belief that once heard, would forever stand like a barrier between us, did I allow myself to hand him the letter I had taken from under the dead body of Hannah.

I shall never forget his expression, as he received it. 'Good heavens!' cried he' 'what's this?

'A dying confession,' replied I, 'of the girl Hannah. I found it lying in her bed, when I went up a half-hour ago to take a second look at her.'

Opening it he glanced over it with an incredulous air, that speedily, however, turned to one of the utmost astonishment. I, not without a certain feeling of triumph; said, This quite changes the aspect of affairs!

'Think so?' answered he sharply; then' whilst I stood staring at him in amazement, his manner was so different from what I expected, he looked up and said, 'You tell me that you found this in her bed. Whereabouts in her bed?'

'Under the body of the girl herself,' returned I. 'I saw one corner of it protruding from beneath her shoulders, and drew it out.'

He came and stood before me. 'Was it folded or open, when you first looked at it?'

'Folded; fastened up in this envelope;' showing it to him.

He took it, looked at it for a moment, and went on with his questions.

'This envelope has a very crumpled appearance as well as the letter itself. Were they so when you found them?'

'Yes, not only so, but doubled up as you see.'

'Doubled up? You are sure of that? Folded, sealed and then doubled up as if her body had rolled across it while alive.'

'Yes.'

'No trickery about it? No look as if the thing had been insinuated there since her death?'

'Not at all, I should rather say that to every appearance she held it in her hand when she lay down, but turning over, dropped it and had lain upon it.'

Mr. Gryce's eyes which had been very bright, ominously clouded; evidently he had been disappointed in my answers. Laying the letter down, he stood musing, but suddenly lifted it again, scrutinizing the edges of the paper on which it was written, and, darting me a quick look, vanished with it into the shade of the window-curtain. His manner was so peculiar, I involuntarily rose to follow, but he waved me back saying:

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for a long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of **The Canadian Pacific Railway Company**, at Montreal and Winnipeg.

By order of the Board,
CHS. DRINKWATER,
Secretary.
Montreal, April 30th, 1881. 104

HOLLOWAY'S PILLS

THIS GREAT HOUSEHOLD MEDICINE RANKS AMONGST THE LEADING NECESSARIES OF LIFE.

These famous Pills purify the BLOOD, and act most powerfully, yet soothing on the

Liver, Stomach Kidneys

and BOWELS, giving one, energy, and vigour to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

HOLLOWAY'S OINTMENT

For the cure of BAD LEGS, Bad Breast,

Old Wounds Sores and Ulcers

is an infallible remedy. If effectually rubbed on the neck and chest, as salt in meat, it Cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,

Gout Rheumatism,

And every kind of SKIN-DISEASE, it has never been known to fail.

The Pills and Ointment are manufacture only at

533 OXFORD STREET, LONDON,

and are sold by all Vendors of Medicines throughout the Civilized World; with directions for use in almost every language.

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

☞ Purchasers should look to the Label on the Pots and Boxes. If the address is no 533 Oxford Street, London, they are spurious

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexations machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleaveland, Ohio

RANKS OVER ALL OTHER MAKES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.
CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

o Nervous Sufferers—The Grat European Remedy—Doc Simpson's Specific Medicine.

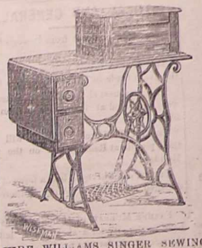

DR. J. B. SIMPSON'S specific Medicine is a positive cure for Spermatorrhea, impotency, weakness and all diseases resulting from Self-Abuse, as Nervous Debility, Irritability, Mental Anxiety, Languor, Lassitude, Depression of Spirits and functional derangements of the Nervous System generally Pains in back or Side, Loss of Memory, Premature Old Age and diseases that lead to Consumption, Insanity and an early grave, or both. No matter how shattered the system may be from excesses of any kind, a short course of this medicine will restore the lost functions and procure Health and Happiness where before was despondency and gloom. The Specific Medicine is being used with wonderful success.

Pamphlets sent free to all. Write for them and get full particulars

Price, Specific, $.00 per package, or six packages for $5.00. Will be sent by ma on money. Address all orders,

Agent, Belleville.

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for **Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever,** and all **malarial disorders.** In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms, which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,
Lowell, Mass.
SOLD BY ALL DRUGGISTS EVERYWHERE.

The Manhattan Feed

—FOR—

HORSES, CATTLE, MILCH COWS, SHEEP, PIGS, AND POULTRY.

Read these Recommendations:

ARNPRIOR, Ont., June 17, '80.

MR. HENRY J. HARTNEY, Agent, Ottawa.

Dear Sir.—We enclose herewith eight dollars ($8) in payment of the accompanying account, which we will thank you to receipt and return to us in course.

Please forward, on receipt, 500 lbs. of "Manhattan Horse and Cattle Feed," same as before, and oblige

Yours truly,
McLACHLAN BROS.,
Lumber Merchants.

Taylor's Brewery, Montreal, Jan. 9, '80.

Gentlemen.—In reply to your inquiry, I think your Manhattan Feed to be a good article, and one that will amply repay its cost if fed as directed. My horses are much improved since we commenced it some four months ago.

Yourstruly,
ROBERT TAYLOR

Logan's Farm, March 22, '80.

MESSRS. MARSDEN & COMPANY:

This is to certify that I have used the Manhttan Feed for Cows for some time, and find it beneficial both for milk and fattening, if given to them regularly.

LOW INTEREST.

I AM now lending money on good farm and town properties at seven (7) per cent. and seven and a half (7½) per cent. Interest payable yearly on terms to suit borrower.

Principal repayable either in instalments, or at the end of the term for which the loan is taken, or at any time by giving notice.

On really first-class loans, or farm property, I can lend at *even lower rates, viz.: From six (6) to six and one half (6½) per cent.*

Now is the time for farmers to pay off previous loans borrowed at high rates and gain the benefit of the present reduction of interest as rates may go up again.

They have chartered a SCHOONER, and are shipping in WOOD, both by

WATER AND TRAINS,

in immense quantities. Customers may rely on strict punctuality in the delivery of

All Orders!

Every description of FIRE WOOD will be found in abundance in their yard.

HARD WOOD, both green and dry.
STOVE WOOD, all sizes.
SOFT WOOD, all kinds.
Four feet KINDLING WOOD, dry.

—AS WELL AS GOOD—

BLOCK WOOD.

Of these a large supply has arrived.

For Railroad Contracts, a powerful Machine is employed, capable of cutting

100 CORDS PER DAY!

with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper

Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.
An early visit from buyers is solicited.

For Trenton at 3 p.m.
For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

A MILLION AND A HALF.

Hunting for Heirs—A Fortunate Montrealer.

(From the Montreal Witness.)

In 1852 Philip Donoho and his sister Ann left Ireland as emigrants. They came to Montreal, and after seeing his sister settled in Laprairie, Donoho started for New York, where he obtained employment of some kind. Desirous of bettering his condition, however, he removed to San Francisco, where in a few years he amassed a large fortune. In 1878 he died, and the customary squabble about the disposition of the estate begun. The laws of California provide that under certain circumstances the State shall succeed to unclaimed estates, and as the deceased had no relative in San Francisco the State Attorney instituted proceedings to recover possession. A lawyer named Finn, now Judge Finn, undertook the defence, and in searching the dead man's safe found a will, which left half his fortune to Ann Donoho and the other half to his brother and sister, Maria and Patrick Donoho. The case was brought before the Courts. Mr. Finn, on behalf of the absent heirs, was successful, and the courts of appeal confirmed the decision of the lower tribunal.

The next step was to find the heirs. Advertisements were sent to the Irish newspapers, and in response a man appeared who called himself a cousin, and who swore that the Donohos mentioned in the will had all died in Ireland many years ago. This cousin had a sister living in New York, and the Californian courts despatched a commission to take her evidence. She contradicted her brother's statement that the heirs had died in Ireland, and stated that she had seen two of them in New York. These two, Patrick and Maria, were found in Port Chester, N. Y., but could give no information concerning Ann further than that she had been living in Montreal when Philip left for the States. A second commissioner was sent to Montreal, but for a long time he found no trace of her. One evening, however, he enquired his way to the Windsor Hotel, and the boy, whom he asked to direct him offered to accompany him. In the course of a conversation which sprang up the gentleman told his companion what he had come to the city for, and the boy jokingly said his mother's maiden name was Donoho. Determined to work up the matter, although having but small hopes of success, the woman was visited and the commissioner was soon convinced that he had found the object of his search. Shortly after Donoho's departure for New York she had married a Mr. Thomas McKiernan, a horse dealer of Laprairie. The announcement that she was heir to about three-quarters of a million was received at first incredulously, but as proof was furnished she became interested and called in Mr. Dennis Barry, advocate, to conduct her case. The cousin claimant refused to recognize the three heirs, and on his petition the Court sent still another commission, this time to Ireland. The result was to establish, beyond all doubt, the identity of the Donohos, as even the impostor cousin's witnesses recognized them.

Although now assured of success, Mrs. McKiernan determined to visit San Francisco herself, as well as to see her brother's tomb, as to get possession of her fortune. The expenses connected with all these commissions were of course very large, but the residue formed a handsome fortune. Mrs. McKiernan professes great gratitude to Mr. Barry, to whose untiring zeal she owes much to her success.

TOO FOND OF HER BUTCHER, BY HALF.

Francesca Boettinger, who was arrested at Newark Wednesday evening on a charge of annoying a butcher named Anthony C. Nichel at his place of business, No. 76 Somerset-st., and was held to bail to keep the peace, is described as a somewhat eccentric person. Francesca was married twelve years ago to Charles Weiss. Seven years after her marriage she paid the passage of her sister to this country. Shortly afterward her husband and sister eloped together and she has never since heard of them. She resumed her maiden name and supported herself respectably by sewing. She is now thirty years old, has black eyes and hair and a plump figure, and is good looking. Her weakness is in her belief that every man that looked at her was in love with her, and she is more than usually susceptible.

She met Nichel at his shop, where she went to trade. He is twenty-three, good-looking, and before he met Miss Boettinger was engaged to be married. Impressed with the belief that he loved her, and enamored of him, Miss Boettinger visited the shop often, wrote letters to him, some of which were threatening, and made him presents which he accepted. In one of the letters she declared that if he married the other woman she would kill herself and him. She declares that he promised to give up the other girl and marry her. This he denies, and affirms that he never called on her or walked out with her, or gave her encouragement in any way. Several times she followed him and his betrothed on the streets. Two months ago Nichel wrote a complaint against the woman to Justice Otto, and the Justice wrote her a warning note. She then ceased her persecutions. Last Friday she learned that Nichel was married. She proceeded to his shop and found him behind the counter. She asked for some blackberries, and was told that her custom was not desired. She then whacked Nichel over the head with a box of blackberries, and when his brother appeared in the doorway hurled another box at him. Being ejected from the store she drew a poker from a basket which she carried and proceeded to smash the windows with it. The occurrence caused a great commotion in the neighborhood where the relations of the parties were pretty well understood and had been industriously gossiped about.—N. Y. Tribune.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung effections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering, I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W. W. Sherar, 149 powers Block Rochester, N. Y.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advatage of being first-class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.

C. E. Kyle, of Uxbridge, writes 3rd, 1870, and says:—"I certify to the excellent qualities Allen's Lung Balsam as a remedy for all diseases of the throat and lungs. I know it to be all it is recommended to be."

Burdock Blood Bitters cures all diseases of the blood, liver and kidneys, female complaints, nervous and general debility, and builds up the entire system when broken down by disease.

A thing of beauty is a joy for ever.—And such is a rich flowing head of hair. Reader, if you have this great gift of nature and it is not fading out use the Bearine; it is the only safe and reliable dressing you can get. Every druggist sells it.

When you ask for a bottle of Pain-Killer and the gentlemanly storekeeper, without scarcely looking, remarks, "we are just out, but have another article as "good or better which sells for the same price viz, "25 cents." Turn on your heel and say Good-bye, Sir! That man cares more for the two or three cents extra profit which he gets than he does for your health or happiness.
See advertisement in another column.

For all purposes of a Family Medicine, Hagyard's Yellow Oil is at the head of the list. It is used with unprecedented success, both internally and externally. It cures Sore Throat, Burns, Scalds, Frost Bites, relieves, and often cures Asthma.

Give me sound reasons for taking a medicine or I will not try it, says the rational invalid. This is fair and right. Assertion is not proof. In recommending Bristol's Sarsaparilla and Pills, therefore, as specifics for scrofula and all the types of ulcerous and eruptive diseases, it is proper to remind the public that, for over one-third of a century, they have been uniformly successful in cases of this kind.

INCIPIENT CONSUMPTION.—In Bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility in giving tone to the system it is undoubtedly a valuable remedy.
JOHN McMURRAY, Methodist Minister, Newport, N. S.

If you suffer from any chronic disease arising from Impure Blood, Sluggish Liver, disordered Kidneys or inactivity of the Bowels: if your Nervous System is debilitated from whatever cause arising, do not despair, but procure a trial bottle of Burdock Blood Bitters; it will only cost 10 cents, Large Bottles $2.00. For sale by all medicine dealers.

Consumption, so prevalent and so fatal, is dreaded as the great scourge of our race; and yet in the formative stages, all pulmonary complaints may be readily controlled by using "Bryan's Pulmonic Wafers" They will relieve the worst cough in a few minutes, and have a most beneficial influence on the bronchial and pulmonary organs; but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25 cents per box.

Nothing can exceed the folly and stupidity of those who submit to the pangs of the various forms and complications of Rheumatism and gout, by which they are tortured and disabled, when they can, by one or two applications of Giles' Liniment Iodide Ammonia, obtain instantaneous and permanent relief.
Sold by all druggists. Send for pamphlet.
DR. GILES,
120 West Broadway, N. Y.
Trial bottles 25 cents.

In cases of chronic disease which doctors have failed to cure, Burdock Blood Bitters has achieved its greatest triumph. All diseases of the Blood, Liver and Kidneys, Scrofula, Dyspepsia, Nervous Debility, Rheumatism, piles, Female Complaints and all forms of lost Vitality are promptly cured by this great renovating Tonic. Trial Bottles only cost 10 Cts.

It is a little trouble to examine the pamphlet wrapped around each bottle of the true Murray & Lanman's Florida Water, so as to find the words "Lanman & Kemp, New York," which are water-marked or stamped in pale letters on every page, but it is better to take this small amount of bother rather than to be imposed upon by a worthless counterfeit Every leaf of the pamphlet around the genuine has these words in it, which though pale and faint, can be easily seen when held up to the light, and no Florida Water is genuine that does not have this test mark.

The best known remedy for all affections of the chest, Lungs or Throat is GRAY'S SYRUP OF RED SPRUCE GUM. It is constantly used by thousands of persons suffering from the above diseases, and in nearly every instance it affords immediate relief. In cases of troublesome, tickling Cough, where the patient passes sleepless nights, one or two doses of the Syrup has such a quieting, soothing effect that rest ensues and the Cough speedily disappears. Try it and be convinced. Sold by all chemists. Price 25 and 50 cents per bottle.

It is a great and often fatal mistake to take repeated drastic purgatives for constipation of the Bowels, they induce piles and cause debility of the bowels. Burdock Blood Bitters is a safe and perfect regulator of the bowels, arousing the torpid Liver and all the secretions to a healthy action; acting on the Kidneys, and renovating and toning the system in the most perfect manner.

MILLIONS GIVEN AWAY.

Millions of Bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, have been given away as Trial Bottles of the large size. This enormous outlay would be diastrous to the proprietors, were it not for the rare merits possessed by this wonderful medicine. Call at Jas. Clark & Co's Drug Store, and get a Trial Bottle free, and try for yourself. It never fail to cure.

NEVER GIVE UP.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle, by Jas. Clark & Co.

THE CIRCASSIAN WOMEN

are considered to be most beautiful. Ennuied bachelor butterfly, have you ever seen a Circassian belle? Fly at once to that wondrous clime, and you will learn that the secret of much of their beauty lies in the liberal use of SOZODONT, which was introduced there years ago to make their teeth beautiful.

"It is handy to have about the house, Toodles said. So is Spalding's Glue.

UGLY GAPS

in that row which of all others should be kept in thorough repair, a row of teeth are sure to occur and no less sure to hopelessly disfigure the face if disregard of the teeth's cleanliness is persistent. But if the error is corrected in time with the aid of SOZODONT, America's leading tooth beautifier and invigorant, the tenants of the mouth long retain their strength and whiteness unimpaired. A word to the wise is sufficient.

HOW WISTAR'S BALSAM CURES.

FROM SEYMOUR THATCHER, M.D., OF HERMON, N.Y.

"WISTAR'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a cough by loosening and cleansing the lungs and allaying irritation, thus removing the cause, instead of drying up the cough and leaving the cause. I consider the BALSAM the best cough medicine with which I am acquainted." 50 cents and $1 a bottle Sold by all druggists.

A REMARKABLE CURE.
West Townsend, Vt., May 14, 1860.
Messrs. S. W. Fowle & Son:
In the Spring of 1847 I took a severe cold which settle on my lungs, where it remained without relaxation. I was then in Massachusetts, and growing worse and becoming unable to attend to my business, I returned home and commenced searching in earnest for some medicine which would restore my lost health. I consulted physicians, I tried many remedies but obtained no help, but daily grew worse. I had a terrible cough, and raised a good deal of blood. I had profuse night sweats, and severe pain in my side. I continued in this state for months, and became so weak that it was with great difficulty I could walk, when I was advised to try Wistar's Balsam of Wild Cherry, and to my great joy I soon found that this remedy had arrested the disease. I continued to use the Balsam to the extent of five bottles, and have since then experienced no difficulty of the lungs. I believe the Balsam saved my life, and I shall ever hold it in high estimation.
Yours truly, LEWIS PHELPS.

RHEUMATISM OF THE BLOOD AND DEBILITY.

HAVERHILL, Mass., Mar. h 17, 1881
Gentlemen,—Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that when I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried rubbing' but nothing seemed to help me. At last PERUVIAN SYRUP was recommended and only taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and side. At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister's health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbury, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case. and the only one he knew of The result proved the correctness of his opinion, for the use of one bottle completely cured her.
Your very truly.
MRS. CARRIE A. DANIT No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE" LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away. even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest. most certain, and effectual remedy for all disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and, calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and. as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid mrde only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by POHRS, London, Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood. promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and in wasting diseases, scrofulous tendencies, &c. ... whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. Sold by Chemists everywhere. The name of J. PEPPER ... on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. wly

PARADOXICAL OR WHAT?

Who has not read in the *Mail*, and times, too, almost without number, the keenest ridicule of annexation sentiments in Canada. The mention of such an agitation among any class of our people was sure to provoke expressions of dissent from the chief Tory organ, both forcible and eloquent. Those who did prume to whisper a preference for republican institutions, and the political, commercial and social customs of our neighbors south of the 45th parallel, were pilloried in the columns of our smart contemporary, without a show of mercy or an allowance for anything reasonable. They were written down as "moral idiots," whose loyalty could always be estimated by dollars and cents, or measured by a rule of selfish indulgence.

It was, therefore, with considerable surprise that we found the following paradoxical sentences in a recent issue of the *Mail*: "It is by this time within the knowledge of Mr. Blake that what we have many times impressed on him and his party is perfectly true, viz.: that his most active partisans in the Lower Provinces are men who are loyal neither to the Confederation nor the Empire. * * * If Mr. Huntington had given a hint of annexation he would have succeeded better than with the hen story. * * * And wherever Mr. Blake went, and to whatever audience he spoke, the men who surrounded and supported him were seen well known to be hostile to the Confederation and jealous of all 'Canadian' influence. It has been the same in Prince Edward Island. Mr. Blake will be cheered by men who would cheer twice as loudly if he hinted at dismemberment or disloyalty. In Nova Scotia he will have the same experience, and his friends there will not hesitate at being frank with him on the subject. * * * Mr. Blake will perhaps find in the mitigating circumstance some relief from the pain he must feel at being surrounded at every meeting, and followed at each remove, by men who are at heart traitors to the Canada which Mr. Blake professes to love."

If the above sentences mean anything, they mean that Mr. Blake's audiences in the Maritime Provinces are, and have been composed of "traitors to the country;" men "who would cheer twice as loudly if he hinted at dismemberment and disloyalty." Seeing that Mr. Blake has, at all his meetings in those Provinces, been greeted by exceptionally large audiences, and that the enthusiasm manifested for him and his principles has been very marked, the number and zeal of the annexationists of that section of the Dominion must be something difficult to compute. This is the only possible conclusion to arrive at from the *Mail's* own logic. And, the same parody of reasoning justifies us in the assertion that the Grits are not the only annexationists in the Maritime Provinces, for the *Mail* has repeatedly declared that fully half Mr. Blake's audiences were Conservatives. All this from the chief Tory organ is paradoxical or worse. It is an example of reckless political writing that marks the beginning of a decline in the organ's influence among reasonable men of whatever political caste.

THE LOT OF THE WANDERER.

Not unfrequently of late, mention has been made in our local columns of the arrest of several parties, who have been so fortunate as to fall into the hands of the police whilst unable to take care of themselves. (And strange to relate not one of them has asked to have his name kept out of our Police Court report). Those to whom we allude, are of that class who are industrious and endeavour to obtain an livelihood by honest labor. They seek the shanty during the winter, follow its hardships during the long, cold, dreary months, and when work terminates there, come to the city, engage in rafting, or some like occupation. Gradually, however, as time goes on, their number is lessened; those in whose employ they have been, have no need for their services for a couple of months; they receive the amounts due them, and seek the busy part of the city to spend it. A new "rig" is first sought, and after it is donned and the bottom of the pants turned up or slipped into the boots, in order to show the red-tops as the taste of the wearer may direct, the saloon or bar-room of the hotel is resorted to. There old friends are sought, new acquaintances made, and an indulgence in the flowing bowl follows. Very often he of the up-turned pants and red-tops imbibes too copiously and with the usual unfortunate results. If he seeks his home or his room at his boarding-house, or has a friend who cares for his temporary welfare, all goes right with him, but if not, he wanders off and seeks rest wherever the influence overcomes him—in some alley or on the sidewalk—to awake in the cells. His pocket-book shows a good sized roll of Dominion legal tenders, for although frequent calls have been made upon it, the earnings of six or eight months on it, the earnings of six or eight months are generally more than are consumed in an ordinary night. On two occasions with in the last week, large sums were found by the officers of the night, on the persons of those who were arrested, for being in capable of taking care of themselves. These sums were returned to their owners on the following morning, but had the possessors of the wealth fallen into other hands, they might have mourned the loss of their earnings. There was no complaint from them when they were released, but when the owners of small sums spend a night in the cells, they are very often heard from and are very hard to deal with, as almost invariably their claims are much larger than the amount set opposite their names on the police office ledger.

To all such there is a certain and sure way to avoid the possibility of loss. Be temperate and then the chances are greatly in your favor that your funds will pan out the exact figure at which they were counted, and the simple addition of the sum can be made without the accompaniment of a headache.

—The end of the world people, or Millerites, are holding a camp meeting at Springfield, Mass. This remarkable sect was founded in 1843, by one Miller, who actually persuaded hundreds of his dupes to give away their property, make ascension robes, and otherwise prepare for the second advent of Christ. Notwithstanding the failure of the collapse to take place upon the date advertised, many of them retained faith in their false prophet, when attributed his mistake to an error in chronology, for which he was in no way responsible. This is to be their last campmeeting—their farewell appearance, as the showman would say, as they expect that the end of things will have arrived before there is another opportunity of holding another mundane meeting, and they expect henceforth to foregather in the fields celestial, where the flowers never fade. There is more humbug and credulity among religionists than there is even among politicians.

ALMA COLLEGE, ST. THOMAS.

The Board at the protracted session just closed, decided to open this College on Thursday October 13th. The finances have been placed upon a satisfactory basis. Rev. B. F. Austin, M.A., B.D., was elected Principal; Rev. B. J. Warner assistant, St. John Hyttenrauch, Prof. of Music; Mrs. M. Capsey, Governess and Assistant Teacher, and Miss S. E. Sisk, Assistant in Music. There remain to be appointed a Preceptress, Steward and Stewardess, Prof. of Drawing, Painting &c., and such assistants as the Professors may require, in the several departments. Arrangements will all be completed in good season for the opening. This enterprise has already cost the M. E. Church and its friends through the country over $40,000. Before furnished and fitted for opening it will cost in the neighborhood of $50,000, as it is proposed to fit up the building, which is a gem of architecture, in first-class style. If our friends Austin and Warner, who were a credit to Albert College as students, and have been an honor to the Ministry they serve, show the pluck and ability of the Albert College men, this church will build up in the West a noble Section College for Albert with us in the East. Built by benevolent contributions, they will be able to afford first-class advantages at easy rates. We hope always to hear from Alma, as one of the grandest ladies' colleges of the Dominion.

FOUR TERRIBLE DAYS

In an Open Boat on Lake Ontario.

The schooner Baltic, Captain Andrews, which arrived at Oswego on Sunday night from Toronto with lumber, also brought J. W. Benson, of Wilson N. Y., who was picked up in a boat by the Baltic off Oak Orchard on Saturday afternoon in an exhausted condition from exposure and hunger.

THE CAPTAIN'S STORY.

Captain Andrews stated to a Times reporter that on Saturday afternoon about 1 o'clock, when 18 miles off Oak Orchard and 42 miles from Wilson, he sighted a small boat with a mast but no sail set. Upon nearing the craft, which contained two men, one of them partly hoisted the sail, when the boat capsized and they were thrown into the water. One of the men did not appear again, but the other after a severe struggle succeeded in getting astride the boat which lay on its side. When near enough a line was thrown from the Baltic, and the noose fell directly over the man's head. He was told to put it around his waist, but so excited was he that he grasped the line with both hands and jumped into the water. It was with considerable difficulty that he was got on board the Baltic, owing to his exhausted condition.

A TERRIBLE EXPERIENCE.

When the man found he was safe he became so weak that he could not stand. Captain Andrews administered stimulants and gave him food. The poor fellow was as ravenous as a wild beast and the captain had to cut off his supply for fear he would kill himself. When he became able to talk he said his name was J. W. Benson, 22 years old, and his home was in Wilson, where his father, a well to do farmer, lived. Last Wednesday he and his step-brother started out from Wilson in their small junk boat for a trip down the shore. They were accompanied by another boat containing three men, also residents of Wilson. Late in the afternoon a strong south wind sprang up and both boats were driven out in the lake. There was quite a sea running and it was all they could do to keep right side up. On Friday night they lost sight of the other boat and Benson thinks she is lost with all on board. When the boat capsized after the Baltic was sighted, his companion went under and was not seen again. Benson said he and his brother suffered terribly from hunger and exposure and they had about given up hope when the Baltic was sighted. They took no food with them when they started from Wilson and were poorly prepared for the fearful experience they were compelled to undergo.

NOT TO BE FOUND.

Benson disappeared early this morning and a most vigorous search by Times reporters has failed to disclose his whereabouts. He was penniless and it is said has started for his home on foot.

—D. Sullivan, Malcolm, Ontario, writes:—"I have been selling Dr. Thomas' Eclectric Oil for some years, and have no hesitation in saying that it has given better satisfaction than any other Medicine I have ever sold. I consider it the only patent medicine that cures more than it is recommended to cure."

CORRESPONDENCE.

(We are not responsible for what our correspondents may say. By granting space for the expression of their views, we do not endorse their sentiments.)

TORONTO CORRESPONDENCE.

To the Editor of the ONTARIO.

SIR—In fulfilment of my promise, I send a few more lines from Toronto ere I essay the "boundless deep," when you may have a few words from across the water.

You may be sure we Torontonians are chuckling over the census returns, which assure us that we are spreading considerably, which causes all loyal citizens to rejoice accordingly. Signs of this, or of something else, may be seen in the constant rush of improvements which disfigure our streets. I have seen a lecturer on chemistry, who failed in two out of three attempts at experiments, but who always succeeded in making loud reports, make a sad mess of the platform and his clothes, in burning his own fingers and otherwise maiming his assistant, applauded as a success; whilst another was voted in the same city too slow who neither broke a bottle nor made a spill, but completed the most difficult experiments in that provoking manner that, consciously incompetent, you were compelled to say, "how are you when you know how." Well, the orthodox and successful builder first tears up the sidewalk, then blocks up every inch of the street allowed by custom or law, renders the remaining part as impassable as possible, and then sits down to build. I noticed one building, a fine residence, where the owner (or the builder) had the audacity to dump down brick, sand, lumber, etc., all in her own back yard, and finish the house in opposition without having once blocked up the sidewalk or street! The perpetrator of such an outrage ought to be sent to the Penitentiary for a dangerous innovator. I should like to pass that house round. Yonge Street is to have a cedar block pavement, Yonge Street, you must know, has been for years in a state of chronic upheaval. When the Street Railway has not got the street torn up, the gas or water, or paving company has. Surplus taxes seem to be spent on Yonge Street; as it comes to my remembrance some spare money used to go on Front Street, Belleville, just for carting gravel on, then for carting it off with the addition of fertilizing matter. Yonge Street, so I said, is to have a cedar block pavement; the contractors are at work, and judging from the number of men employed, experienced in "how not to do it," they must be anticipating a hard time; perhaps they are waiting to be bought off. About three weeks ago, (more, not less,) we were told the work was to be done in sections, so as not to impede traffic. Some of us poor, unlettered citizens supposed that length would be taken, say half way across the street, and the thoroughfare left partly open. Well we had seen such things done in New York and elsewhere, but I suppose that would be un-British, so about three weeks ago the men began. From King to Queen Street the entire road way was torn up, great flags were laid half way in on the sidewalk (carefully, in such a manner that should any one be crowded to walk thereon they might enjoy the comfort of a see-saw,) then came a notice from the City Engineer, "no thoroughfare, by order," (there had been none except for dogs for several days. There has been teaming, and shovelling, and smoking, and ordering, but not the first cedar block has made its appearance. At the present rate, the pavement is estimated to last ten years. Bloor Street may be reached by the time the present section is worn out.

Toronto otherwise is very much out of town, (perambulators would be a success on Yonge street just now) excursions, picnics, the Island and the Park, engage very general attention, and enjoy very general patronage. These breathing spots are great boons to the sweltering public, are enjoyed by both rich and poor, and a very general freedom from accident is noticed. Business is reviving and an Insurance agent to me this morning, and the press in our wholesale houses seems to indicate as much. I should like to be assured that the Queen City of the Bay is sharing largely in the improvement.

I am often cheered by a kindly face from the old home—find too, some that are removing here, greeted not long since the well-known form of the late occupant of a chair in the sanctum "over the way" from the ONTARIO OFFICE, friend Shepard, who is settling down amicably here, though not forgetting old friends and memories.

Politics you do not expect from me; at any rate, there seems nothing stirring—the calm before the storm. Even *Grip* seems to suffer with the summer heat, and "we are all nodding." Yet this day (Monday) has been delightfully cool, which is a great relief.

Mr. Editor, I have surely gossiped enough this time and will conclude by simply recommending, in view of the improvements Belleville needs, that our City Fathers there take a trip to Toronto—any time this year will do, that they may initiate their successors in office into the mysteries of "the cedar block pavement."

B.

Toronto, Aug. 8th, '81.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PARRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for a long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

—The nomination for Argenteuil county has been postponed until the 10th inst. The nomination for West Peterborough Local election will take place on the 24th.

GONE WEST.

The second edition of the Glenburnie scandal, in which a Belleville girl figured, is thus presented by the Kingston *Whig*: The Glenburnie scandal still agitates the public mind. It is stated that the parties left Glenburnie with the understanding that they would be married. They came to this city for that purpose, putting up at a inn, but here the girl was afterwards drugged and taken to the country. When the situation became too warm, the young man, who played the lover, left by train for the West, and is now many miles away. The young man who borrowed the $100 from his uncle to help things along is now at home. The principal in the scandal may have married the girl in the West.

STRIKE AT NAPANEE.

Local Printers Combining against a Picton Impertation.

Napanee, Ont., Aug. 9.—Owing to some disagreement between Templeton & Beeman, publishers of the Napanee *Beaver* newspaper, and there employee, the latter all struck for an advance of wages last week, and their demand being considered too high they were discharged. Since their discharge the firm have been unsuccessful in securing any printers until this evening, when a Picton man was set to work, and the discharged employees hearing of it they, with their friends, collected in front of the office and blocked up the street, waiting to give the new man a hot reception. The police had to interfere to keep down the riot. The strikers warn the police that unless the new man is sent from town he will meet with some accident. The printers in town all side with the strikers, and claim that they will not allow new men to go to work, and will also form a printers' union at once.

NEW ADVERTISEMENTS.

Belleville, July 26th, 1881. d1f

To FARMERS!

AND OWNERS OF VEHICLES GENERALLY:

I have every appliance for the setting of tyres at my shop, in the Dominion House yard, and will fill orders at the following rates:

Lumber Waggon Tyres,....$1.00 per set.
Buggy Tyres (with bolts).... 1.50 per set.

My reputation as a first-class horse-shoer is generally conceded, and all owners of animals who wish to have them shod in a proper and thorough manner should give me a call. I understand the anatomy of a horse's foot and know how to shoe an animal properly, a fact which I can endorse by my work and money. I have certificates of the character of my work from Dr. Drinkwater, Daniel Ackerill and others, and am confident I can give satisfaction.

PHILLIP HART.

DAILY ONTARIO.

WEDNESDAY AUGUST 10, 1881.

Business Notices.

America was discovered by Lief Ericsson, the Icelander, in the year 1004, and 856 years after, the Esterbrook Steel Pen Co turned out their first pen.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle, price 50 cents. R. Templeton, special agent.

☞ Wait's Homepathic Remedies at Geen's drug store. See adv't. ☜ Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Mouteurral Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quanties by A. Knox, Wm. Dickens, W. Bullen, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family medicine. In large 5 ounce bottles, 50 cents, at R. Templeton's Drug Store.

We do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Aque Cure which appears in this issue of our paper. We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either Quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

LOCAL AND GENERAL.

LAST EVENING'S EXPRESS TRAIN from the east was over an hour behind time.

THE yacht "Fascination" is booked to visit this city with a party of Oswegonians.

DR. CANNIFF, of Toronto, is in the city. He is as strong and vigorous looking as when he left here.

THE street car drivers have been supplied with a new head dress, in the form of a cloth cap with badge adornment.

ONE prisoner Michael McHugh arrested on a warrant, charging him with assault, was the only tenant of the cells last night.

We understand that the Rev. Mr. Murray is to hold a Temperance Meeting, on the Ferry Boat on Sunday afternoon at 3 o'clock.

THE planking of the lower bridge was not completed last evening as was expected. It, however, received the finishing touches to-day.

THE Bay of Quinte Clerical Association, met in Picton yesterday. Among those present were Rev. J, W. Burke and Rev. Mr. Forneri, of this city.

THE MEDICAL MEN of the Quinte and Cataraqui Division, have been invited to meet in Picton, on Friday, for the purpose of forming a medical association.

AN EXCHANGE says a small piece of paper or linen moistened with turpentine and put into a wardrobe or drawer for a single day at a time, two or three times a year, is a preventive of moths.

LAKE & JENKINS have added a spring baggage waggon to their vehicular list and it serves the purpose for which it is intended as—being without sides, the task of lifting heavy trunks is rendered easier.

THE G, T. R. CONDUCTORS are now receiving their new uniforms which, though neat and toney, are not as handy for the wearer at the old style. Style is every thing, but when it interferes with comfort, it has to stand its chances on its merits, and in time has to take a back seat.

We have been shown a copy of the *Pacific Life*, published at San Francisco, containing an account of a pigeon shoot in that city, in which two old Bellevillians—G. W. W. Roche and J. H. Jellett—took part. Both made good scores, and the former came within an ace of winning the match.

REV. DR. BADGLEY, of Albert College, sails by the *Parisian*, of the Allan Line, on Saturday next, as a delegate to the Ecumenical Council of Methodism, which is to be held in the City Road Chapel, London, England. The Dr. is set down for an address before the Council on Wednesday Sept. 14.

TOM LOCKERTY'S INDIAN has just returned from the reservation where he went to receive the usual Governmental grant made to the son of the forest. Like a prudent individual, he has expended some of his money in a new suit and he now shines forth in all his war paint and feathers as if he had just arrived from a Tyendinaga War Council.

WHERE will you spend your Civic Holiday? is the all-important question asked now-a-days by the average youth, merchant and mechanic. The number of excursions announced to leave the city is by no means small, as already five have been advertised through the local press, and those having a desire to leave the city will have a fair field to choose from. There will be no attraction of any moment in the city—there never is on a holiday.

THE EXCURSION from Montreal to Toronto and Niagara Falls, which passed here last evening about seven o'clock, was very literally patronized—so much so that two trains comprising ten cars each, were required to accommodate the excursionists. One train was all that was necessary until Kingston was reached when a second one of similar size, had to be procured. The number of tickets sold here amounted to 106, and when the train left Belleville each car in each train was well filled.

OWING to an accident which befell the steamer *Utica*, the moonlight excursion from Napanee to this city did not take place as announced. A deputation consisting of about a dozen members of the Napanee Temperance Society of Working men, however, drove here in carriages, and paid a brief visit to the sister association of this city. A couple of hours were spent in the rooms, in speech-making, singing, etc., when they adjourned to Mr. Dickens' restaurant. The visitors left for home shortly after eleven, well pleased with the hospitality shown them.

THESE useful pieces of brown paper $4. bills are becoming scarcer as the weeks go by. The banks do not now pay them; as after the 1st of July no bank was permitted to issue its own note for any sum less than $5. The $4 bank bills are perfectly good, provided they be not counterfeit; but they will soon cease circulation altogether, when a bill of this description will be as great a rarity as a 25 cent shinplaster is now. It does not yet seem to be perfectly clear whether the Government will issue $4 bills of its own,—in any case there will be nothing done promptly, for fear of the appearance of unseemly hurry.

We would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of maturated ability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the men. The turning point of the whole system depends on the strain which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or quacked horses will ruin the prospects of any farmer. J. F. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in his profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House, opposite Dr. Willson's, Pinnacle Street, Belleville.

NEW HAY is now being offered on the market at $8 per ton.

FIVE car loads of iron ore arrived over the Grand Junction to-day.

THE *Prince Edward* will carry a moonlight excursion party to-night.

MR. THOS. HOLDEN, P.M., has gone to Toronto and other western cities.

THE work of gravelling and repairing North Front Street will be completed to-day.

A NEW SIDEWALK is being laid down on Pinnacle Street, between Campbell and Hotel Streets.

PAINTERS are engaged in covering up the premises of Messrs. Rathbun & Son at the foot of Front Street.

REDNERVILLE, Lake on the Mountain, Kingston and Peterborough are the objective points of excursionists on the Civic Holiday.

THE announcement that the moonlight excursion out of Napanee this evening would touch here, is incorrect. It stops at Hog Island.

THE work of renovating and repairing our county jail will occupy at least two weeks yet. Upwards of $600 will be expended in this work.

Two members of the Rathbun family with a few American friends, left here yesterday afternoon, on a hunting expedition to the north of the county.

A LARGE NUMBER of young people congregated on the wharf last evening, to meet the excursion announced to arrive from Napanee, but were disappointed.

THE name of the young man who was killed near Trenton Station, as noted in our issue of yesterday, was John Roberts, son of Edwin Roberts, of the Township of Murray.

IT is possible the Okas will not play any match with foreign lacrosse clubs on our Civic Holiday, the announcement of the Kingston papers to the contrary notwithstanding.

THE laying of the foundation of the new Coleman Ward school has been completed, and bricklaying commenced. The building will be pushed forward to completion as rapidly as possible.

THERE was an effort made by some of the passengers in one of the cars of the first excursion train last evening, to create a disturbance, but the prompt action of Mr. Gunn, the efficient station agent here, prevented what might have resulted in very serious trouble.

HARRY BEASLEY is prepared to accommodate McLaughlin of Kingston in a one-mile running contest, if there are parties here who will back him, which we think there are. He calls on the Kingstonians to deposit their money in the hands of a stake holder, and the preliminary arrangements will at once be made.

MICHAEL MCHUGH was charged at the Police Court this morning with assaulting John Malee. The charge was proven and a fine of $2,00 and costs imposed. The court intimated to McHugh that a charge of resisting the police would probably be laid against him—if so the penalty would be severe. Acting Police Magistrate Jellett and Ald. Starling occupied the bench.

A THRESHING MACHINE which was at work on Monday at Mr. Stephen Kinlan's farm, Hungerford, took fire and was burned, and the horses attached to it were also badly injured. The flames communicated to the barn, which with all its contents, consisting of hay, vehicles, and implements, was totally destroyed. No insurance. The threshing machine and horses were owned by Carson & Whelan.

A man left the noon train at the depot here to-day, and ran across the yard and over the hill. Passengers on the train pronounced him insane. His baggage was left here in charge of the baggage master. No person knew his name, where he came from, or whither he was bound.

The man returned to the depot and jumped on an east bound train, but subsequently came back. An officer was sent after him.

OUR CRICKET CLUB will not play the Kingston team on Friday next, as stated by the papers of the Limestone City yesterday. The Secretary of the Belleville club telegraphed the Kingston boys to this effect, and subsequently wrote them. The inability of the local cricketers to accommodate those of Kingston, is owing to several of the former having gone to Rochester to witness the races, and to attend other excursions on that day.

A red-handed son of toil came all the way from Adolphustown to-day in quest of his dog. And it was'nt the nicest kind of a looking dog either, for it was as homely as a hedge fence, and as unattractive as a black kitten. He (the stranger) made the object of his visit known at the police station, and was advised to take the usual legal remedy. "He was sure the dog was in town, for the Captain of the boat saw a man with him on board." This settled the question. He went to work, found out where his dog was, reported at the police station accompanied by the canine, and went home this afternoon rejoicing and exceeding glad.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and children's waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in this part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child; as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or mistake is next to an impossibility. The saving of time and material by this new mode of cutting will be very considerable. Once the ladies with families acquire a knowledge of this system, it will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 8 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice beneforward for 50c; children's 30c to 40c. To her lady visitors, Mrs. Tugnett will be happy in giving explanations on the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

☞ Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

MR. JOHN RATHBUN to-day heralded the approach of Cole's great show by distributing announcements of its coming.

THE repairs to the building occupied by Foster & Reid—made necessary on account of the action of the fire which took place there—have been completed under the supervision of Mr. John Forin.

WEATHER BULLETIN.

TORONTO, August 10.

Moderate to fresh winds, mostly from the southwest and northwest, fair, hot weather with thunder storms in some localities.

ARRESTED FOR HORSE STEALING.

Chief Coleman, of Trenton, drove hurriedly to to this city this morning. He was accompanied by Mr. M. B. Morrison, a livery stable keeper, and both were full of business. From the story of the latter, it appears that two men left Trenton last night at six o'clock with one of his rigs, and stated that they would be back at ten. They did not come back, and the livery man got the Chief of Police to go with him to look after the property. Enquiries made after reaching here led Morrison and the policeman to follow the road running parallel with the railway track eastward, and the men who drove away with the rig from Trenton were found. It is said they were endeavoring to trade the buggy, which they had hired, for another, and that they also had offered to exchange the horses they drove for others. They were both arrested, and were brought to the city and placed in the police cells. There they refused to tell their names, where they come from, what they were doing or anything about themselves. They are young, well dressed and are cute specimens of a class that are are not coveted by any emigration society. They say that their arrest was due to actions which were inspired by whiskey and that no crime was intended when they hired the rig. They were in Trenton for a couple of days and while there were not engaged in any calling. The warrant for their arrest charges them with horse stealing.

The prisoners left here this afternoon in charge of the Trenton officer.

RAILWAY TRAFFIC.

To meet the demand caused by the large ore traffic over the Grand Junction Railway, a large number of cars have been added to the rolling stock of this road. The train service is now such, that seven loaded cars are left at the dock here, seven empties are taken to the mines daily, while an equal number goes over the rails to fill the requirements of either end of the line. The increasing business of the road necessitated the addition to the rolling stock and the management, promptly responded to the request of shippers and placed at their disposal sufficient cars to fill all their requirements. The traffic of the north—brisk though it now is, can now receive ample accommodation. as the managers of the road devote that attention to its business that the necessities of the case demand,

MARINE NOTES.

The *Olivia* is loading iron ore for Fair Haven.

The *Flora* cleared last evening with ore for Fair Haven.

The *Julia* and *Foster* are expected to arrive here to load iron ore.

Fos. Beandin, M. D., Hull, P. O. writes:—Dr. Thomas' Eclectric Oil commands a large and increasing sale which it richly merits. I have always found it exceedingly helpful. I used it in all cases of Rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved from pain.

Telegraphic Despatches.

MORNING.

Excitement over a Boat Race.

VIENNA, August 10.—There is intense excitement caused by the coming international boat race. The city is full of blazing advertisements of the race. All Vienna will take a holiday on the occasion. Both crews are working their hardest. The Vienna crew are keeping dark and are confident of outlasting the Cornell crew. Minister Phelps acts as judge at the finish. The betting is even.

An Interesting Address.

LONDON, Aug. 10.—Prof. Pasteur's address before the International Medical Congress on animal vaccination created much interest. Pasteur stated that France loses every year, by splenice fever, animals to the value of 20,000,000 francs. He said fifty sheep were placed at his disposal, of which 25 were vaccinated. A fortnight afterwards the 50 sheep were inoculated with the most virulent anthrocoid microbe. The twenty-five vaccinated sheep resisted the infection; 25 unvaccenated died from splevice fever since that time. The Professor's energies have been taxed to meet the demands of farmers for vaccine. In 25 days there were vaccinated in departments surrounding Paris more than twenty thousand sheep, and a large number of cattle and horses. The Professor said: "If I were not pressed for time I could bring to your notice two other kinds of virus attenuated by similar means. These experiments will be made public bye and bye.

Vanderbilt on the Railroad War.

NEW YORK, August 10.—Vanderbilt is reported as saying that he has not been invited to hold a conference with the other trunk line Presidents. He also said there is nothing to confer about. I know of no war in rates; I am fighting no body.

A Missing Criminal.

Wheelock, who stole $55,000 from Walcott & Co. has been indicted. There is no clue to his whereabouts.

The President's Wound.

Dr. Hamilton is reported saying that no attempt to probe the President's wound has been made beyond the insertion of the finger.

Trouble in the Camp.

CHICAGO, August 10.—Considerable disorder was caused in the convention of the republicans by contending factions. Three different presiding officers were elected who refused to serve.

Death of a Philanthropist.

POUGHKEEPSIE, Aug. 10.—Matthew Vassar died this morning.

Close of the Medical Congress.

LONDON, Aug. 10. — The International Medical Congress closed yesterday. The members dispersed after the banquet at the Crystal Palace.

AFTERNOON.

LONDON, AUG. 10, 1881.

The Commons by 293 to 172 rejected the amendment in the House of Lords, to clause five of the Land Bill limiting the compensation for disturbance to $250.

Protection Meeting.

LONDON, Aug. 10.—A demonstration in favor of protection was held here last night Mr. Borthimeek, proprietor of the *Morning Post*, presided. Delegates were present from several workingmen's societies.

The Chairman condemned free trade, and said France made her greatest advances in the last 20 years. America came next, while England was a poor third. He advocated a duty of a shilling, and a quarter on all imported corn. Commander Cameron, the African explorer, supported the resolution, and was in favor of imposing such duties as will enable British manufacturers and workmen to compete on a fair footing with foreigners in the British home markets. He said Garfield had stated that protection was necessary for America, and if that was with a young country, and virgin soil, it was necessary to England.

All boils seem hard to the rheumatic. Then harken ye poverish sufferers! Apply Dr. Thomas' Eclectric Oil to your aching joints and muscles. Rely on it that you will experience speedy relief. Such, at least, is the testimony of those who have used it. The remedy is likewise successfully resorted to for throat and lung diseases, sprains, bruises, etc.

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(This more than honors, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

This is without doubt the finest and best assorted Stock of Hats in Ontario, and selling it at cost it gives the public an opportunity of getting first-class goods as offered.

THIS IS A GENUINE COST SALE!

N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN SHIRT FACTORY. About Advertising. UP TOWN SHIRT FACTORY

A man said to me the other day "Sam, you are a big advertiser. It must cost a lots of money in a year. Does it pay you?"

"Well," I said, "if you can tell me how to let the people know that I sell cheap Shirts than are sold anywhere else in the city, I will quit."

"Well, that is so," he said. "But do you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I have so many speaking of."

Well, I showed him our styles—well made, good cloth and guaranteed to fit—and bid him his summer's out-fit, and had no trouble in convincing him that *advertising is not all wind.*

[The great secret of successful advertising is to always be able to show as good a bargain as you advertise.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

Address,
The CULVERWELL MEDICAL Co.

THE GREAT FEMALE REMEDY
JOB MOSES' PILLS

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthfull constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson' Man Boulter, Stirling W C Barke, Trenton and all medicine dealers

JUST ARRIVED.

Wallbridge & Clarke,

GROCERS & WINE MERCHANTS,
37 & 39 Front Street.

ELECTRICITE! THOMAS' EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, 'Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."——Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.——H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil, I am nearly out, nothing equals it."——J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left, I never saw anything sell so well and give such general satisfaction."——J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Out., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

Amuse yourself with that box on the table, which you had such an ado over; see if everything is there according to Mrs. Belden's telling; I want to be by myself for a moment.'

Subduing my astonishment, I proceeded to comply with his request, but scarcely had I lifted the lid of the box before me, when he came hurrying back, flung the letter down on the table with an air of the greatest excitement, and cried,

'Did I say there had never been anything like it since the Lafarge affair? I tell you there has never been anything like it in any affair. It is the rummest case on record! Mr. Raymond—' and his eyes in his excitement, actually met mine for the first time in my experience of him; "prepare yourself for a disappointment. This pretended confession of Hannah's, is a fraud!'

'A fraud?'

'Yes; fraud, forgery, what you will; the girl never wrote it.'

Amazed, outraged almost, I bounded from my chair. 'How do you know that?' cried I.

Bending forward he put the letter in my hand. 'Look at it,' said he, 'examine it closely. Now tell me what is the first thing you notice in regard to it?'

'Why, the first thing that strikes me, is that the words are printed instead of written, something which might be expected from this girl, according to all accounts."

'Well?'

'That they are printed on the inside of a sheet of ordinary paper—'

'Ordinary paper?'

'Yes.'

'That is, a sheet of commercial note of the ordinary quality?'

'Of course.'

'But is it?'

'Why yes, I should say so,'

'Look at the lines.'

'What of them? O, I see, they run up close to the top of the page; evidently the scissors have been used here.'

'In short, it is a large sheet, trimmed down to the size of commercial note.'

'Yes.'

'And is that all you see?'

'All but the words.'

'Don't you perceive what has been lost by means of the trimming down?'

'No, unless you mean the manufacturer's stamp in the corner.' Mr. Gryce's glance took meaning. 'But I don't see why the loss of that should be deemed a matter of any importance.'

'Don't you? not when you consider that by it we seem to be deprived of all opportunity of tracing this sheet back to the quire of paper from which it was taken?'

'No.'

'Humph! then you are more of an amateur than I thought you. Don't you see that Hannah could have had no motive for concealing where the paper came from on which she wrote her dying words, this sheet must have been prepared by some-one else?'

'No,' said I, 'I cannot say, I see all that.'

'Can't! Well then answer me this. Why should Hannah, a girl about to commit suicide, care whether any clue was furnished in her confession, to the actual desk, drawer, or quire of paper from which the sheet was taken, on which she wrote it?'

'She wouldn't.'

'Still especial pains have been taken to destroy that clue.'

'But—'

'Then there is another thing. Read the confession itself, Mr. Raymond and tell me what you gather from it.'

'Why,' said I, after complying, 'that the girl, worn out with constant apprehension has made up her mind to do away with herself, and that Henry Clavering—'

'Henry Clavering?'

The interrogation was put with so much meaning, I looked up. 'Yes,' said I.

'Ah, I didn't know that Mr. Clavering's name was mentioned there; excuse me.'

'His name is not mentioned, but a description is given so strikingly in accordance—'

Here Mr. Gryce interrupted me. 'Does it not seem a little surprising that a girl like Hannah should have stopped to describe a man she knew by name?'

I started; it was natural surely.

'You believe Mrs. Belden's story, don't you?'

'Yes.'

'Consider her accurate in her relation of what took place here a year ago?'

'I do.'

'Must believe, then, that Hannah, the go-between, was acquainted with Mr. Clavering, and with his name?'

'Undoubtedly.'

'Then why didn't she use it? If her intention was as she here professes, to save Eleanore Leavenworth from the false imputation which had fallen upon her, she would naturally take the most direct method of doing it. This description of a man, whose identity she could have at once put beyond a doubt by the mention of his name, is the work, not of a poor, ignorant girl, but of some person, who is attempting to play the *role* of one, has signally failed. But that is not all. Mrs. Belden, according to you, maintains that Hannah told her upon entering the house, that Mary Leavenworth sent her here. But this document, she declares it to have been the work of Black Moustache.

'I know, but could they not have both been parties to the transaction?'

'Yes,' said he, 'yet it is always a suspicious circumstance, when there is any discrepancy between the written and spoken declaration of a person. But why do we stand here fooling when a few words from this Mrs. Belden you talk so much about, will probably settle the whole matter!'

'A few words from Mrs. Belden,' I repeated, 'I have had thousands from her today, and find the matter no nearer settled than in the beginning.

'*You* have had,' said he, 'but not I. Fetch her in, Mr. Raymond.'

I rose. 'One thing,' said I, 'before I go. What if Hannah had found the sheet of paper, trimmed just as it is, and used it without any thought of the suspicions it would occasion!'

The Canadian Pacific Railway Co'y

EMIGRATION TO MANITOBA
AND THE
CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of The Canadian Pacific Railway Company, at Montreal and Winnipeg.

By order of the Board,
CHS. DRINKWATER,
Secretary.

Montreal, April 30th, 1881. 104

HOLLOWAY'S PILLS

THIS GREAT HOUSEHOLD MEDICINE RANKS AMONGST THE LEADING NECESSARIES OF LIFE.

These famous Pills purify the BLOOD, and act most powerfully, yet soothing on the

Liver, Stomach Kidneys

and BOWELS, giving tone, energy, and vigour to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

HOLLOWAY'S OINTMENT

For the cure of BAD LEGS, Bad Breast,

Old Wounds Sores and Ulcers

is an infallible remedy. If effectually rubbed on the neck and chest, as salt in meat, it Cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,

Gout Rheumatism,

And every kind of SKIN-DISEASE, it has never been known to fail.

The Pills and Ointment are manufacture only at

533 OXFORD STREET, LONDON,

and are sold by all Vendors of Medicines throughout the Civilized World; with directions for use in almost every language.

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

☞ Purchasers should look to the Label on the Pots and Boxes. If the address is no 533 Oxford Street, London, they are spurious

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleaveland, Ohio

RANKS OVER ALL OTHER MAKES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.

CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial disorders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms, which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

MESSRS. Johnson & Co., having bought out Mr. W. Monahan's entire stock of

Wood, Horses, Waggons, Machinery, &c.,

Are now prepared to supply all orders on the most moderate terms.

They have chartered a SCHOONER, and are shipping in WOOD, both by

WATER AND TRAINS,

in immense quantities. Customers may rely on strict punctuality in the delivery of

All Orders!

Every description of FIRE WOOD will be found in abundance in their yard.

HARD WOOD, both green and dry.
STOVE WOOD, all sizes.
SOFT WOOD, all kinds.
Four feet KINDLING WOOD, dry.

—AS WELL AS GOOD—

BLOCK WOOD.

Of these a large supply has arrived.

For Railroad Contracts, a powerful Machine is employed, capable of cutting

100 CORDS PER DAY!

With a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper

Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.
☞ An early visit from buyers is solicited.

For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

SHARK SHOWS ON THE PIERS.

Seven Monsters of the Deep "Worked for all they're Worth"—Attractions of the Man-eaters.

Four red-nosed men in their shirt sleeves stood at the entrance of the Vesey-st. pier on Sunday afternoon. They huskily bawled out references to the "only original shark" in a discordant chorus until the air was perfumed by their gin-laden breaths. For variety they made personal comments of a highly injurious character upon each other's morals and personal appearance. They were apparently in training to be runners for Coney Island boats and they had successfully converted the usually quiet pier into the likeness of the always noisy landing place of excursion steamers.

Competition was the soul of it. Envious eyes had been cast upon the well-filled cigar box at the lower end of the pier, Ketchum, who "catches the sharks," and Powers who "pulls 'em in," were no longer to enjoy their bloated monopoly—literally bloated, as an inspection of the fish disclosed. So a small shark inopportunely dragged from his praiseworthy search for the succulent calf of a tender boot-black's leg, was placed on exhibition at the entrance to the pier. But its exhibitors had reckoned without their host. Though the runners howled themselves black in the face, the crowd carefully passed by on the other side. For not only sharks but watermelons were to be found at the end of the pier. "Genooine sea monsters" are rapidly becoming a drug in the market, but watermelons retain their pristine charm, and a schooner'ful lay in tempting proximity to Powers & Ketchum's sharks. A crowd stood on the pier gazing wistfully at the melons just beyond their reach. They were regarded with stony-hearted indifference by several brawny sailors who sat upon heaps of melons and "didn't want any foolin' round there." Then the sailors conspicuously devoured tempting slices of juicy melon with an expression of great enjoyment, and the small boys went wild. There was a sudden disturbance among the group which sent an excited crowd rushing down, on a rumor that another shark was hooked. But it was caused by a small boy climbing down the side of the pier to reach a watermelon bobbing in the water. He did not reach it amid the applause of his hungry companions, but only to discover that it was a scooped-out rind. However, the boys concluded that it would bear more scooping, and watermelon rinds formed a staple article of diet through the afternoon.

There was a large attendance at the reception involuntarily held by the three sharks. People came out holding their noses, and seemed insulted on being asked if the fish were really there.

"Rub your hand down the shark's back an' its softer'n silk," remarked Powers in a high key.

"An' you rub it back the wrong way and its rougher nor a file," chimed in Ketchum's deep bass.

Then they passed around the prayer-book and watch-case alleged to have been found in the man-eater which has been sent to the foot of Grand st.

"The eyes of the man-eater is quite brighter nor these," growled Ketchum.

"An' his mouth is a down in his stomach," piped Powers.

"They're a werry sluggish fish, an' turns on their back to take their food," said the bass.

"An' from the pecooliar conformation of the mouth the most cascual observer can see as how they absorbs it by suction," chanted the tenor.

The duet was interrupted by sounds outside. An express wagon had driven up with another shark, caught early in the afternoon at a pier just below. It was seven or eight feet long, and would weigh apparently 300 pounds.

"Four monsters of the deep now on exhibition," proclaimed the man at the door. "Now we have one live one, just caught, all alive."

But the man lied. The shark may have been freshly caught, but he was dead; in fact, by nasal demonstration very dead. Men were walking on his stomach, a thing which no well regulated shark would quietly allow if he were alive. The crowd increased in the booth, and the varied stenches of Cologne were as attar of roses to the atmosphere inside. Two heavy lines were out from the extreme end of the pier in the hope that the bluefish and weakfish which disguised the great hooks at the end might attract a wayfaring shark. Half-a-dozen zealous fishermen squatted under tarpaulings to avoid the rain, and swapped romances about their experiences in fishing. The only excitement was early in the afternoon, when the triangular dorsal fins of a school of sharks were seen cutting the water just off the pier. Bites were lacking, but the fishermen proposed to hold out all night. Fishing in the daytime on week days has been forbidden on account of the crowd interfering with work.

At the foot of Fulton-st. the large shark, the monster turtle, the "skipjack" and a small live turtle dwelt together in harmony in a leaking booth, and coined many dimes for their exhibitors. Somebody stated without a blush that the turtle weighed 2,000 pounds and had been sold to some institution for $12,000. Captain Sullivan, who fished fruitlessly all Saturday night had been succeeded by another fisherman, who patiently sat on a post at the end of the pier and held a line, one end of which was fastened around a post. There were "no bites" and "no signs of any blamed sharks" at 6 o'clock; but he intended to cling to that line all night.

The man-eater on exhibition at the foot of Grand-st., although not weighing more than 160 pounds, attracted the attention of many curious visitors. There are now seven sharks on exhibition—four at the foot and one at the entrance of the Vesey-st. pier, one at Fulton Ferry and one at Grand-st. All are well patronized, and, as one of the exhibitors remarked, "There's money in 'em and we're playin' 'em for all they're worth."—*N. Y. Tribune.*

J. J. C. Abbott says he was unseated by no act of his, and of course if he only chose to appeal he could have Judge Belanger's decision reversed. But he won't appeal; no, not he. He says he would rather appeal to his late constituents. Noble Mr. Abbott!

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*—Sold only in Packets labelled—"JAMES EPPS & CO., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung effections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering, I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W. W. Sherar, 149 powers Block Rochester, N. Y.

LIONS ABOUT.

It is a dangerous thing to trifle with a cold. A darkey preacher once told his hearers that he thanked God, "that the devil went about as a roaring lion, seeking whom he might devour. He might catch a poor fellow who didn't know that he was near him; but when he heard the roar he could not get out of the way; if he didn't, he deserved to die." So when one hears the wheeze or the cough which tells of the old lion of Consumption lurking around, he should fly to Dr. Wistar's Balsam of Wild Cherry, and get out of the way of danger. This preparation is well known, has been tried nearly fifteen years, and is acknowledged by all who use it to be unsurpassed in its soothing and healing properties.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.

Besides being ordinary Lift Pumps they have also the additional advantage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.

My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.

Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.

TO LET.

THAT eligible House and Lot lately occupied by the late James Taugher.

FOR SALE,

TWO Milch Cows, two Heifers, 20 cords dry Hard Wood, 1 Box Stove. Apply at the above premises.
JOHN J. B. FLINT, DANIEL McTAGGART, } Executors.
☞ A quantity of good Brick for sale.

By the use of Fellows' Compound Syrup of Hyphosphites the blood is speedily vitalised and purified, and so made capable of producing a sound mind and a sound body.

The Latest Style.—Ladies now dress their hair smooth and neat, and not loose and frouzy as has so long been the fashion. They find the BEARINE unequalled for giving the hair a delightful fresh appearance and incline it to remain where placed.

Hagyard's Pectoral Balsam; a few doses relieves the most distressing cough, and a twenty-five cent bottle has cured many a sufferer from Astuma, Bronchitis, Croup, Influenza, Hoarseness and Soreness of the Chest. It is the grand specific for all throat and lung complaints leading to Consumption.

The perfume of freshly-culled flowers is agreeable to every one, and so it is with the delightful fragrance of MURRAY & LANMAN'S FLORIDA WATER. None reject it, none dislike it. From the tropics to the frigid zone, it is the universal favorite on the handkerchief, at the toilet, and in the bath.

That marvelous purifyer Burdock Blood Bitters, will speedily change the sallow face to one of freshness health and beauty. It regulates the bowels, acts promptly on the Liver and Kidneys and strengthens the system when broken down by Nervous or General Debility. Ask your Druggist for a Trial Bottle, the cost is only 10 Cents, Large Bottles $1.00.

Delay in the use of medicine is often the cause of pangerous illness. In the great majority of cases the dislike to swallow offensive and nauseous doses is the reason assigned for this delay, but this objection does not exist against BRISTOL'S SARSAPARILLA AND BRISTOL'S SUGAR-COATED PILLS; both are pleasant to take, and are by far the surest medicines to make you well.

When Your Horse is Lame and you have tried every remedy without success, and you despair of curing him, and began to think of trading him off—before doing so, obtain a bottle of Giles' Liniment Iodide Ammonia, and see its effects in twenty-four hours. Those are the kind of cases Dr. Giles likes; where all other remedies fail, his is the one that never disappoints. The doctor will willingly prove and demonstrate what he says on application to him at his office, 120 West Broadway, N. Y. Sold by all druggists. Send for pamphlet.
DR. GILES, 120 West Broadway, N. Y.
Trial size 25 cents.

"Hail beauteous, bounteous, gladsome Spring"—this was Mark Twain's prize poem—but the dire diseases incident to Spring, spoil the romance. Burdock Blood Bitters is the prize remedy, the remedy prized by all who have tried it as the best Blood Purifying Tonic and System Regulator in the market. It cures all Blood Humors from the worst Scrofula to a common Pimple. Sample Bottles 10 Cents. For sale by all dealers in medicine.

POSITIVE FACT.—It is now established beyond controversy that Dr. Fowler's Extract of Wild Strawberry is the most perfect cure for all forms of bowel complaints, including cholera morbus, dysentery, colic, cholera infantum, nausea, canker of the stomach and bowels, piles, &c. Beware of opiates and poisoning drugs that only check for a time and produce inflammation. Wild Strawberry is safe and certain in its effects.

BELLEVILLE ONT., February 12, 1880.
This is to certify that I have used Perry Davis' Pain-Killer in my house for several years with great satisfaction. I was taken with cramps one night in the stomach, (from eating green fruit), and after taking the Pain-Killer according to directions, I was almost instantly relieved. I believe it saved my life.
(Signed,) FRASER ASSELSTINE.
☞ See advertisement in another column.

☞ For over twenty years "Bryan's Pulmonic Wafers" have maintained their reputation for curing coughs, colds, and pulmonary diseases. Those suffering or threatened with any of the symptoms of bronchitis, or any of the pulmonary complaints, should at once give them a trial. They give almost immediate relief, and if taken in time generally effect a cure. Remember that a common cold or cough, if not attended to in time, often leads to that distressing and fatal disease—consumption. Sold by all druggists and country dealers at 25 cts. a box.

Bret Harte in one of his charming sketches tells of a schoolmistress who was accustomed to take long walks in the pine woods of California for the benefit of the balsamic air. There is more in this treatment than most people will be inclined to credit. We see the pines and spruces have been brought into requisition in the cause of medical progress. GRAY'S SYRUP OF RED SPRUCE GUM—a thoroughly scientific preparation—provides this treatment in a concentrated form, and has, after 20 years' test, proved itself the most satisfactory cure extant for Coughs, Colds, Lung and Throat Affections. Price 25 and 50 cents per bottle.

HAGYARD'S PECTORAL BALSAM is composed of the most healing balsams and gums. The Balsams, which enter into its composition were used by the native when America was first discovered, and are combined with other vegetable tonics, so blended together, that it is a specific for all affections of the throat and lungs. Thousands of bottles are used annually, and it is considered one of the standard preparations of the day.

FREE OF COST.

All persons wishing to test the merits of a great remedy—one that will positively cure Consumptions, Coughs, Colds, Asthma, Bronchitis or any affection of the Throat and Lungs—are requested to call at Jas. Clark & Co's Drug Store and get a Trial Bottle of Dr. King's New Discovery for Consumption, free of cost, which will show you what a regular dollar size bottle will do.

VOX POPULI.

The voice of an intelligent people declares, that SOZODONT is an article of genuine merit, and their patronage confirms what their voice proclaims. There is no gainsaying this pronunciamento. Facts attested by the evidence of numberless respectable citizen prove that it is correct. No article for the teeth has such a wide popularity, and assuredly none exerts such a beneficent influence upon them, rendering, as it does, their structure more solid, and exterminating the seeds of its decay.

THERE'S WHERE THE SHOE PINCHES.

Corns are a capital indicator. They tell to a hair's breadth whether your shoemaker has made allowance for their dimensions or not. Corns will require an accident policy at once, for Putnam's Painless Corn Extractor removes them in a few days. No pain, no discomfort, and permanent benefit. Try it. Sold by druggists everywhere.

HEADACHE.

Why become a suffering martyr to Headache, when Burdock Blood Bitters will surely cure the cause of all varieties of either Sick or Nervous Headache, cleanse the System, regulate the Secretions, relieve Constipation of the bowels, purify the Blood, renovate the Liver and tone up the Nervous System, and distressing headache will be unknown? Sample Bottles 10 Cents, Large Bottles $1.00.

DAILY ONTARIO.

THURSDAY AUGUST 11, 1881.

O'DONOVAN ROSSA'S insane boast, that Her Majesty's ship "Dotterel" had been destroyed by a dynamite cartridge placed in her by the Fenian organization of which he is the head centre, has been exploded by an examination of the wreck by divers. One boiler has been found intact, and the other is not to be found. The conclusion which the investigators have come to is that the ship was short of water, and when the donkey engines pumped in the salt water the boiler burst.

THE FAIR TRADE AGITATION.

The *Mail*, and other Conservative journals, are now trying to show that the Protective system has worked so well in Canada that they are about to try it in England. If this were so, we would be glad for several reasons, but particularly rejoiced to think that England had at last deigned to learn a lesson from a colony. A very cursory examination of the Fair Trade Policy as announced by its latest exponent Mr. Ecroyd, M. P., dashes all hopes we had formed from reading the *Mail's* article, to the ground. The first thing we learn from the Fair Trade Policy is that it proposes to put no additional burdens on the English people in any way.

Mr. Ecroyd says in a letter to the *Times*: "So far from excluding foreign goods and making our empire a close corporation in respect to trade, we should under this policy still remain, I believe the most liberal of all nations in our dealing with foreign imports."

Again he says: "What we want is the reality of free exchange, not a barren theory; the substance of free trade, not its vain shadow."

It now appears clearly from these extracts that the new disciple of protection is nothing but an out and out free trader and a thorough believer in its principles as opposed to protection, as adopted by neighbors, and does not breathe a word of "retaliation," a word that our Conservative friends are so fond of. As Mr. Blake says, retaliation by four millions against fifty millions is absurd, and you cannot get even Englishmen with their great wealth and England with its population to even think of retaliation. Does one suppose the English workingman would for a moment listen to a proposition to tax his food a million of dollars? If the British Government attempted to tax the food supply of the nation, it would raise a rebellion. Our Government is today doing to us in Canada just what would produce rebellion in England, if the English were in our position. We raise our own food and buy England's manufactures. England buys our food and sells us manufactured goods, so the tax on food in England would produce the same effect in the country as the tax on manufactures does here. Tax the food and you cripple the English manufacturer; tax the manufacture you cripple the Canadian producer. Can there be greater folly than to increase the taxes of a people beyond what it is necessary for the expenditure in the country, and then say to the people; believe what a surplus you have on hand. See how well we have managed your finances. It never amounts to this in plain English. Gentleman, we have taxed you higher than there was any need for, and the balance we hold to your credit, at our bankers, drawing three per cent. Now as this money never comes back to the pockets of the people that it was taken from, where is the benefit to the people. The protectionist will say in answer to this, that this taxation has built up factories in Montreal and Toronto. The reply to this is that the Government of a country should look to the benefit of the whole, not to that of a class. What good is it to a country to make wealth by taking it out of the farmer or mechanic's pocket, and putting it into the pocket of a manufacturer at Montreal. A surplus may do to tickle the fancy, but before we rejoice over it let us ask where it comes from.

A SUSPICIOUS CIRCUMSTANCE.

The Toronto *Telegram* says; "It will be remembered that about two months ago a midnight entrance was effected into the Lieutenant-Governor's private office, but no money was stolen, it being at the time believed that the thieves had been frightened off. A few days ago several tins, resembling oyster cans in shape, and marked thus, "XXX," were found under the sidewalk crossing the Government grounds, and upon an officer examining them, he pronounced them to be nitro-glycerine cans with the outer or heavier covering off. They were carefully removed and buried in a safe place. It is now expected they will be examined, and professor will be instructed to test for traces of explosives. The police are quite confident that the parties who paid the visit to Government House were not thieves, but *lieutenant governorcides*. His Honor, it is understood, has given orders for sharpshooters to be placed every night in the trees surrounding the house, and will hereafter sleep in a burglar-proof safe, encased in a suit of armour."

EFFECT OF GERMANY'S PROTECTIVE TARIFF.

The great result of Prince Bismarck's protection policy has been to make Germany a good place to get out of. The police authorities at Hamburg have just issued a short report on the emigration to America from that port alone during the past ten years. In 1871 the total number of emigrants sailing from there for the purpose of permanently settling in America was 18,009; in 1872 it more than doubled, the number being 36,948; in 1873 it rose to 40,008. From 1874 to 1879 a great decrease was noticeable, the number having fallen from 19,979, to 12,191. It is probable that the war was responsible for the great increase during three years of the decade. Then came five years during which the flow of emigration was comparatively small. In 1879 Prince Bismarck inaugurated his protective policy, and by the end of 1880 the number of emigrants for the year suddenly rose to 32,489, or nearly three times as great as that of the preceding year. The protection policy, which commercial statistics proved was hurtful to the manufacturing industries themselves, was carried out still further, and now, up to June 30th, the number of emigrants for the six months of this year ending that date, is 78,633, or more than twice as great as last year, and more than six times as great as that of the year 1879, the last year of a revenue tariff. The United States has flourished in spite of its protective tariff, not in consequence of it. A protective tariff is a dangerous experiment for a country of smaller or less varied natural resources.—*Witness*.

STORM IN RAWDON.

A farmer residing in Rawdon informed us that the greatest storm he has witnessed within 34 years, visited the 12th concession of that township on Thursday last. He describes it as a perfect cyclone, and says it made a clean sweep of destruction all along its course. It extended over about a mile of country in width and moved east and south-easterly. Fences, upon which great storms prey the greatest, were tossed about, and made acquainted with remnants in other fields; standing grain was levelled with the ground; trees were uprooted and blown down; and barns and buildings were moved and in some places badly damaged. The aggregate loss of property is considerable. A portion of the same storm made its presence felt in this village, a gust of wind coming on suddenly as to send miscellaneous light articles in rapid motion through space. This part of the country has been well preserved from storms this season.—*Herald*.

SERIOUS ACCIDENT.

CAMPBELLFORD, Aug. 10.—Yesterday a very serious accident happened on the new woollen mills being erected by Messrs. Gault Bros. A lad named William Blue, aged 15, wheeled a load of brick up to the third storey when, by some means, he stepped off the landing and fell a distance of 28 feet, striking on a hard floor, wheel barrow and bricks coming down after him. Fortunately the barrow missed him, but the bricks fell pell-mell on top of him. Medical attendance was on hand instantly, and on examination his left thigh and both arms were found to be broken at the wrist, the left elbow dislocated, and the face bruised and cut. The boy is now doing as well as can be expected, and unless some internal injury, now unknown, has been sustained he has a good chance to recover.

ANOTHER CONTEST.

The dispute over the will of the late Patrick Conroy was thought to have been settled when tho compromise was effected at the last sittings of the Court of Chancery, but it seems that this opinion was illusory. On Saturday last a fresh bill was filed by a lady who received benefits under the first will said to have been made by the deceased and subsequently destroyed by him while insane. Meanwhile, of course the decree of the Court remains ineffective. *Whig*

—Mr. Bradlaugh has had a relapse.

—A banquet to Dillon is being arranged.

—Many people are left destitute by the recent flood in Colorado.

—A Canadian company has been formed in New York to manufacture grape sugar in Walkerville, Ont.

—Yellow fever threatens to become epidemic in Cuba, and is also afflicting other West India Islands and Mexico.

—Sir Bartle Frere has published a book, in which he defends his own Jingo policy and makes a vigorous attack on Mr. Gladstone.

—Hon. Mr. Mackenzie sails for home on the *Polynesian* on the 25th August. Sir John Macdonald sails by the *Sardinian* on September 8th.

—The victory by the Canadian artillery team at Shoeburyness yesterday is extremely popular. They succeeded in moving the heavy gun and remounting it in attempt under unprecedented time.

—It seems probable that France will grant the three months' prolongation of the treaty arrangements asked by England, and that by the end of that time a fresh treaty will have been successfully negotiated.

—Rumors have been in circulation about Rome to the effect that the Pope was to take up his residence in Malta. There seems to be no truth in the rumor, and the Pope himself has declared that he will never leave Rome unless compelled to do so.

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broke of your rest by a sick child suffering and crying with pain of excruciating nature cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve your little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

DEBTOR'S FLIGHT.

The End of a Young Man's Eccentric Career at the Village of Yarker.

On Saturday William Hancock, baker for Abel Scott, Yarker, made up his mind to leave for another part of the world, circumstances combining to make a longer stay in the village unpleasant. He made his preparations for departure as quickly and perfectly as possible. He finished his week's work as usual and tidied up the premises in a creditable way; then he dressed himself and procured from Mr. Scott a small loan, adding to his indebtedness to his employer. His wife, too, busied herself in making various purchases, the largest order being given to Shibley & Son, upon whose books, under Hancock's name, went down as a charge to the amount of the bill contracted. Finally, to facilitate the flight of the couple, Mr. Shibley's horse and buggy were borrowed, ostensibly for a pleasure drive and a visit to friends. The truth leaked out, however, when Miss Hancock's brother returned the "rig" and announced that William had left for Toronto, while his better half had settled in Napanee. It is narrated that Hancock had an erratic and somewhat remarkable career. When he first arrived at Yarker he was believed to be a single man, and there was a rivalry among the young ladies for his company and favors. He eventually got married, but had not long enjoyed the bliss of matrimony when his mother appeared upon the scene, accompanied by a lad stated to be his son. Here was food for gossip. The situation was one of grievous astonishment to the second wife, but the ominous difficulty of a bigamy case was removed when it was ascertained that the death of the first claimant upon his affection had taken place during the same week in which he had entered into the bonds of wedlock with the one who now held him fast and fixedly. Latterly the man's greatest defect was his inability to manage his finances economically, and hence the debt of $100 or more from which he felt inspired to bolt.

STEAMER "ON WHEELS."

A New Yorker's Invention for Ocean Navigation—A Cranky Machine.

Mr. Fryer, of New York, has just completed the model of a new ocean steamer that is to run on wheels. The vessel floats on three spheres made of sheet-steel, one forward and two astern. Each of these is united with flanges, which surround nearly the whole of its circumference and act as paddles. The spheres are so arranged that they can be worked backward and forward, or one may be worked backward and the others forward, simultaneously, so that the vessel may be turned completely around in "her own water," as sailors put it. With such power of rapid turning no rudder will be necessary. The upper works are to rest upon the spheres that are to do the propelling, and will be as light as consistent with strength. There are to be three decks, and the state-rooms are to be in the after part of the vessel, between the wheels on the second and third deck. The dining-room is to be on the third deck. The boat is to be 510 feet long and 130 feet deep. Her three sphere or paddle wheels are to be sixty feet in diameter each, the flanges or paddles being each eighteen inches. Mr. Fryer, says he expects to beat the best ocean time by at least two days and declares that his vessel will be both safe and comfortable. Arrangements are being made for the building of the vessel.

STAFF FOR PICTON CAMP.

The staff for the camp to be held at Picton during next month has been chosen, and the names approved of by Major-General Luard. It is as follows:

COMMISSIONED.

Commandant—Lieut.-Col. Villiers, D. A. G.

Brigade Major—Major McGill, 4th Cavalry.

Musketry Instructor—Capt. Byrne, 47th Battalion.

Quartermaster — Quartermaster Vanlugen, 40th Battalion.

Orderly Officer—Major Smith, unattached list.

Principal Medical Officer—Surgeon Brent, Durham Field Battery.

NON COMMISSIONED

Sergeant Major—Sergeant Hammond, B Battery.

Quartermaster Sergeant—Sergeant Tate, 40th Battalion.

Brigade Clerk—Sergeant O'Connor, Clerk D. A. G. office.

Supply Sergeant—Sergeant Field, 14th Battalion.

Provost Sergeant—Corporal Jordan, B Battery.

—The Manitoba and South-Western Railway Company have located a town called Niagara at the intersection by the line of the Assiniboine river.

—The next conflict between the opposing forces in Afghanistan may have a different issue from the last. Ayoob Khan's supply of arms is short, and the Ameer has collected a strong force at Kheist-i-Ghilzai.

—On Sunday last a young man named George Clapp, in the employ of Mr. Delbert Wycott of North Marysburgh, received a severe kick in the mouth from a horse. His front upper teeth were knocked out completely and the under ones displaced, but the latter, with the jaw, were restored to position. He is getting on as well as could be expected.

—A few days ago, when the excitement about the infernal machines was at its height, Mr. Vennor received a strange looking box by mail. Handling it carefully, he undid the fastenings and gently removed papers and sawdust until a pasty looking substance, bearing a very close resemblance to dynamite, became visible. Then the terrors of the situation flashed upon his mind, but, being a man of decision, he quickly removed the box to an outer room, and, placing it where it could not be easily disturbed, waited for further developments. To-day brought the *denouement* in the shape of a letter informing him that the writer had sent him a beautiful specimen of Kaolin, which is used for the manufacture of French porcelain. It came from the neighbourhood of Dalhousie and Ballurst, on Chaleur Bay, New Brunswick.

—Baroness Burdett-Coutts made a little speech to some schoolgirls the other day, in which she expressed the opinion that much of what had made England great, and would make her greater still, was, and would be, attributable to the grandeur of her womanhood. The womanhood of a nation, swaying its legitimate influence, would cause its manhood to embrace each and all of the pure principles which go to make a people great and happy.

—Mr. Neilson, one of the oldest members of the English Press, has just died in London. For nearly fifty years he has been on the staff of the London Times, for which journal he wrote the account of the Queen's coronation. He reported the first speech which Mr. Disraeli ever uttered at a public banquet and thereafter for forty years was the special reporter of the great man's successes. Disraeli never forgot him and when he had the power he offered Mr. Neilson a pension of $1,000 a year from the Literary Fund. The proprietors of the London Times refused to allow Mr. Neilson to accept this gift, but in lieu of it they added $250 a year to his salary.

—The American Rose Tichborne, it appears, is actually going to assert his claim to that much litigated estate. He has employed counsel, subpœnaed witnesses and makes dreadful bruit of preparation. Nobody is scared or even interested. The little heir, Sir Henry Alfred Joseph Doughty Tichborne, has really little to lose, the estate having been riddled by the lawyers in the former trial until it is in pretty much the condition of an old scow after the barnacles have had their will of it. The lawyers can hope to make nothing, for the case can never reach trial again should the Simon Pure Roger appear with the ghosts of his mother and all his female relations to back him; as the identity and title of the present occupant were established by special Act of Parliament. The only person likely to be damaged by the American candidate is Arthur Orton, in his jail at Portland, who will lose his right even to the title of "the Claimant." The San Francisco Roger must be a cheap sort of adventurer, or he would invent some claim of his own, and not take up one so terribly second-hand.

NEW ADVERTISEMENTS.

To FARMERS!
AND OWNERS OF VEHICLES GENERALLY:
I have every appliance for the setting of tyres at my shop, in the Dominion House yard, and will fill orders as the following rates:
Lumber Waggon Tyres.... $1.00 per sett,
Buggy Tyres (with bolts).... 1.50 per sett.
My reputation as a first-class horse-shoer is generally conceded, and all owners of animals who wish to have them shod in a proper and thorough manner should give me a call. I understand the anatomy of a horse's foot and know how to shoe an unusual property, a fact which I can endorse by my work and money. I have certificates of the character of my work from Dr. Drinkwater, Daniel Ackerll and others, and am confident I can give satisfaction.
PHILLIP HART.

GLASGOW WAREHOUSE

DAILY ONTARIO.

THURSDAY AUGUST 11, 1881.

Business Notices.

America was discovered by Lief Ericcson, the Icelander, in the year 1004, and 856 years after, the Esterbrook Steel Pen Co. turned out their first pen.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle, price 50 cents. R. Templeton, special agent.

☞ Wait's Homœpathic Remedies at Geen's drug store. See adv't. ☞ Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quantities by A. Knox, Wm. Dickens, W. Bulen, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 8 ounce bottles, 50 cents, at R. Templeton's Drug Store.

—Young man, are you about to get married? Good; it's a step in the right direction. But be honest. Did you ever give a note—a promise—to pay—and then purposely forget it—suffer it to be dishonored? We hope not. But whether you did or not, don't come that game over a confiding woman. If you promise to protect and defend her, do it like a man. Don't worry over the style of a wedding ring until you have applied for, and received and paid for, and handed to her a substantial life policy in the Ontario Mutual Life Assurance Company, for which S. Burrows, is the General agent for this district, and F. M. Clark is local agent. Their office is in the Ashley block.

WE do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper. We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of those drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

LOCAL AND GENERAL.

THE cells were unoccupied last night.

No sales of new grain have yet been reported in this city."

P.C. HAYES arrested two boys this morning for stealing fruit.

SAILORS WAGES are now $1.50 on the lake and $1.75 through the canal.

TO-MORROW being our Civic Holiday, no paper will be issued from this office.

MR. N. SPRAGUE, Warden of Prince Edward County, has gone to New York.

MR. J. H. POST represents the Belleville I. O. O. F. in the grand encampment at Brantford.

THE HOP CROP of the Township of Sophiasburg looks well and a good return from it is expected.

THE *News* says it is probable the Okas and Kingston Lacrosse Clubs will come together again in September.

THE barns of Mr. G. Boulter, at Point Ann were totally destroyed by fire yesterday afternoon. Two horses, the property of Mr. Geo. Boulter, were also burned.

OWING to the lowness of the water, and to prevent accidents, the "Anna Gilbert" will start from Campbell's old Wharf to-morrow, in going to Massassaga Point.

FOR the information of the *Whig* it may be stated that the Belleville Cricket Club has not "backed down." In due time the match with the Kingston Club will be arranged.

"THE Belleville ONTARIO wants a match arranged between McLaughlin and Beasley. Nearly everybody wants a match but Beasley."—*Whig*. The boot is on the other foot. Let's hear from you.

THE *Whig* of yesterday has the following:—"We regret exceedingly to learn of the serious illness of Mrs. R. J. Eilbeck. She was suddenly prostrated yesterday and at present lies in a precarious condition. We hope to hear of her speedy convalescence."

A CHINAMAN who started a laundry in Kingston recently, has met with very unwelcome treatment. He was stoned, and egged and his clothes lines were cut and his washing fell in the dirt. John has not a very elevated opinion of Kingston, but as he is accustomed to persecution he will remain there.

THE moonlight excursion from Napanee last evening per steamer *Utica* under the auspices of the Napanee Cricket Club was a gratifying success. The party remained about two hours at Davy's Island, and returned to Napanee between one and two o'clock this morning. The Oddfellows' Band (brass and quadrille) of this city was present, and discoursed some very fine music during the trip and at the Island.

"FAIR-PLAY" is a jewel, but the yachtsmen of Kingston do not indulge in it when they have the field to themselves. There was a yacht race for a cup, &c., at the Limestone City yesterday, and such was the "jockeying" that took place, that eventually one of the competitors was dismasted. The contestants for the honors of the race were the *Garfield*, *Laura* and *Emma*. The latter was "the unfortunate."

As already intimated, five different excursions will leave the city to-morrow morning for points on the bay and Peterboro'. Of this number the 'Prentice Boys excursion to Kingston, per steamer *Hero* will doubtless attract a large gathering, while those to Peterboro', Massassaga Point, Lake on the Mountain and Redner's Grove, will receive a liberal support from those of our citizens who seek out-door pleasures.

THE trips of the boats to Massassaga Point to-morrow are arranged as follows: The "Prince Edward" leaves at 9:30 a. m. and 2 p. m., returning at 6 p. m. The "Anna Gilbert" at every hour from 9 a.m. to 6 p.m. By arrangement with Mr. Pretty the bar of the hotel will be closed, and no liquor will be sold on the grounds during the day. An abundant supply, however, of temperance drinks, ice cream, and lunches can be had from Mr. Pretty both at the hotel and on the grounds.

TO-MORROW the Civic Holiday, the excursion to Peterboro' and Idyl Wild will take place, and it is expected that a large number will avail themselves of this cheap outing. The committee having charge of the excursion, and the well-known courtesy of the officers of the Midland and Grand Junction Railway, are a sufficient guarantee that patrons of this trip will receive every attention. Arrangements have been made to supply refreshments on board the train at city prices, and at Peterboro' the use of the Agricultural Grounds and Drill Shed have been secured for those who take provisions with them. The train will leave Pinnacle Street Station at 7:30 a. m., sharp. The proceeds are to be devoted to the Building Fund of Christ Church.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and childrens' waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in this part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child; as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or misfit will be next to an impossibility. The saving of time and material by this new mode of cutting will be very considerable. Once the ladies with families acquire a knowledge of this system, it will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 8 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice henceforward for 50c; children's 30c to 40c. To her lady visitors, Mrs. Tugnet will be happy in giving explanations on the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

THE I. O. O. F. band has been engaged by Rev. Father Brophy, of Tyendinaga, for a R. C. picnic on the 31st inst.

FLINT & HOLTON shipped two car loads of lumber over the Grand Junction yesterday, and sent three cars north to-day.

SIX cars loads of iron ore arrived over the Grand Junction this morning, and eight more are expected this afternoon.

THE number of pieces which have passed through the gap this season up to August 6th are 312,250, as against 232,484 last season.

THE shipment of square timber has again been resumed over the Grand Junction Railway. Fifteen cars arrived here yesterday afternoon.

DEACON is now at the Dafoe House Barber Shop, where he will be pleased to see all his old customers and many new ones. Best Bath Room in the city.

A man was despatched to-day to strike out the line, and stake the distance between the posts of the proposed independent telegraph line on the Grand Junction Railway.

THE police officers who were sent in search of the supposed lunatic who jumped off the noon express here yesterday, returned without even having caught sight of him. His whereabouts is now unknown.

THOMAS BADGLEY and John Bull, two youths about sixteen years of age, were before Acting Police Magistrate Jellett this morning, charged by Ald. Diamond with stealing fruit from his orchard. As this was the first case of this nature before the court this season, the offenders received but a light sentence—five hours in the cells. Those who are wise will take warning by this.

A fire broke out yesterday afternoon in the second story of the jewellery store, opposite Roy's brewery, on the east side of Front-st. The damage done consisted in the destruction of a bed and some clothing. The origin of the fire is supposed to have arisen from a spark falling from the entrance to the chimney. The blaze was extinguished without the aid of the firemen.

☞ Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of matured ability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the men. The turning point of the battle often depends on the strain which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or quacked horses will ruin the prospects of any farmer. J. F. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in his profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House, opposite Dr. Willson's, Pinnacle Street, Belleville.

WEATHER BULLETIN.

TORONTO, August 11.

Winds shifting to south and south-east; fair, warm weather to-day, followed by local rains to-night.

THE RIFLE AND TARGET.

The third competition for the Hastings Rifle Association Handicap Cup took place yesterday afternoon. The shooting on the whole was poor. Below will be found the respective scores of those who made the four highest figures:—

1st. Pte. J. H. Marshall, 49th	78
2nd. Lt. Jas. Hastings, 15th	77
3rd, Lt. W. H. Biggar, 49th	70
4th Major P. H. Hambly, 49th	69

MARINE NOTES.

—The "William Elgin" is undergoing repairs at Kingston.

—The "Nellie Teresa" has been chartered to carry iron ore.

—The "L. D. Bullock" cleared to-day with iron ore for Fair Haven.

—The "Olivia" will probably clear to-morrow night with iron ore.

—The "D. Freeman" arrived yesterday from Oswego with coal for Downey & Preston.

—The "Nellie Teresa" is discharging coal for Downey & Preston brought from Fair Haven.

—The tug "Bonar" towed the "N. P. Downey out of the Shannonville river last evening with a full cargo of lumber.

—The "Kate" is the name of a new vessel, which has been chartered to carry iron ore from here to Fair Haven. She is expected to reach here to-morrow.

—Vanderbilt is reported to have declared that he simply follows canal boatmen's rates, and that the Central is receiving as much money as last year, although it is doing much more work, and that rates have reached hard pan, where the other roads cannot steal the Central's business.

—Perhaps the most significant utterance made of late by any British statesman was the allusion to the colonies by Mr. Gladstone at the ministerial banquet on the 6th. His words were: "There was no statesman worthy of the name but would almost as soon think of renouncing the name of Englishman as renouncing the great duties of England towards those great portions of the British Empire."

—Perhaps the highest compliment paid to the Liberal leaders in the east is contained in an editorial in the Charlottetown New Era. That paper says: "Mr. Blake, Mr. Anglin, and Mr. Huntington, have shown us how to discuss these (political) questions in a manner consistent with the qualities of a Christian gentleman, and without the gross language and bitterness of spirit, which hitherto too often disgraced discussions at political assemblages."

—On Sunday afternoon, 7th inst., Mr. Stanley Potter's little daughter, four years old met with a serious accident. A barn door, hung on the railway plan, fell upon her, one of the wheels of which cut a frightful scalp wound extending from a little above the right ear to the crown and thence down the back of the head three or four inches. Other bruises were inflicted, but the brain and other internal organs escaped injury, and under Dr. File's care she is doing well.

Telegraphic Despatches.

MORNING.

NEW YORK, Aug. 11.—It is stated that at the meeting of the Joint Executive Committee yesterday the only Vanderbilt railroad represented was the Michigan Central for which its General Manager appeared. It is also asserted that the Boston and Albany, Troy and Boston, Hoosac Tunnel and Western, Grand Trunk and Chicago and Grand Trunk Railways were not represented. Many roads took part in the meeting only by proxy. It is not generally believed with the present scarcity of freight the advance will be maintained any length of time. It is said time contracts not in existence make it impossible to give yesterday's action practical effect.

A Large Fund.

NEW YORK, August 11.—The Commissioners of Emigration have determined to sue the steamship companies for the amount of the inspection tax—a dollar per head. It is estimated that $500,000 per annum will be derived from this source.

A Good Result.

It is stated the present railway strife has given an impetus to the general trade in many directions.

The President's Case.

New York, Aug. 11.—The *Herald's* Washington special states it is said Agnew believes the bullet is an irritating cause, and had more to do with the increase in temperature in the past six days than the supposed deficiency of pus discharge. It is believed the operation on Monday was but preliminary to one that will be made as a last resort, as soon as the President recovers sufficiently to stand the extended etherization. Agnew believes the case has almost reached the condition where the most heroic treatment must be adopted.

The document signed by the President yesterday was the extradition paper in the case of the alleged Canadian forger Fitch.

The necessity of the public business is fully understood by the heads of Departments. It is understood the President will hereafter affix his signature to all documents requiring immediate attention.

The *Times* Washington special says in view of all the decidedly favorable condition of the patient, united with the testimony of attending and consulting physicians and the fact of the members of the Cabinet preparing to leave the city for vacations, the prospects for evil will have very little influence with the intelligent public.

A Sad Misfortune.

BROOKLYN, Aug. 11.—The Superintendent of the Flatbush Lunatic Asylum states if he had proper facilities he could have restored to reason many now deprived of it forever. In a room where not more than two patients should have been placed he had to crowd fourteen.

Death of a Millerite.

NEWARK, N.J. Aug. 11.—Abram Floville died yesterday, aged 79. He was a conspicuous millerite and second adventist, and he gave away three fortunes because of his faith in the near approach of the end of the world.

A Case of Fraud.

BOSTON, Aug. 11.—It is thought a vessel laden with $30,000 worth of merchandize which swindlers obtained from Mr. Goodnow, a prominent merchant here, under the pretence that it was a for a well-known firm in Maine, has been taken to Africa. The captain of the vessel does not bear the best reputation.

AFTERNOON.

Not Sympathetic.

FORT YATES, August 11.—When Sitting Bull heard of the killing of Spotted Tail he said it was a fit ending for a fool. Bull claims he surrendered when he should have kept on the path.

A Suspicious Act.

Two squaws were caught carrying ammunition and guns into Sitting Bull's camp. He undoubtedly means mischief, and if he says a word, many young bucks at the agency will follow him. Trouble may be expected any moment unless more troops are sent to this vicinity.

A Politital Prediction.

NANCY, Aug, 11.—At the banquet last night, Jules Ferry declared his belief that at the coming elections the country would respond in favor of a mutual agreement of parties for a revision of constitution as opposed to the absolute violent radical revision, which is a favorite idea of the irreconcilables. He was tumultuously applauded.

A Climatic Scourge.

PANAMA, August 11.—Yellow fever is raging.

Cattle Dying of Thirst.

GENEVA, August 11.—Swiss cattle are beginning to suffer seriously from the drouth which has lasted nearly three months. Whole herds have perished in the Canton of Schweyz in Vandois Alps and in the Valley of the Jura.

THE Campbellford *Herald* says:—There will be a large quantity of colored barley in this section, owing to the many rainstorms during harvesting operations.

—The Syndicate has opened its land office. It wants information from squatters to enable them to allocate lands to actual settlers. No squatters will be recognized after this date. The Syndicate reserves several kinds of lands, such as those immediately on the road, those near laid out towns, and those required for "railway purposes."

—Lady Burdett-Coutts is said to have made an amicable settlement with her relatives concerning her fortune. "Since her marriage," says Olive Logan, "she has lived in more costly fashion than ever before. The dinners she has given in her Piccadilly residence have formed a marked feature of brilliancy of this season, and they have been attended by persons of very high standing in the social world, though British royalty has held aloof. The slight is all the more marked, as in former times there was no subject in all the kingdom whom the Queen loved more to honor than Burdett Coutts. As for Mr. Bartlett, every one agrees that he is the soul of chivalrous devotion to his kind wife, and she seems delighted with her handsome American husband."

THE BLAIRTON IRON MINES.

From the Madoc *Review* we learn that the Blairton Iron Mines are again being developed, an American Company having secured some of the best property at that place. Shipments of the ore commenced a few days ago over the old Cobourg, Peterborough and Marmora Railway, which is being repaired for that purpose. The ore, however, has to be transported across Rice Lake on barges, which, we would think, would make the cost rather heavy. Referring to the resuming of operations at Blairton, our Marmora correspondent writes: Business in Blairton has now assumed a more lively aspect than for some time past, as the iron mines are again being worked extensively, and a large quantity of the old ore has been shipped away.

INTO THE LONE LAND.

WINNIPEG, Aug. 10. — The vice-regal party reached Portage la Prairie yesterday afternoon from Winnipeg. His Excellency was met at the station by a large crowd and a brass band. Mayor Collins presented an address, to which an appropriate reply was made; an Indian powwow followed, and then a drive around town. The special train continued to the end of the track 36 miles, where His Excellency and suite were received by Captain Herchmer and Lieut. Neale, of the North-West Mounted Police. The outfit for the transport of the vice-regal party consists of three four-horse ambulances, two four-horse baggage waggons, four two-horse baggage waggons, and three two-horse buck-boards. Lieut. Neale handed over the above transport to Captain Herchmer, who will have command during the journey west and return. The escort, consisting of forty mounted men of the North-West Mounted Police, awaits the arrival of His Excellency at Fort Ellice. They camped last night near Large Lake, in the sand hills, about four miles from the end of the track. His Excellency expressed himself greatly pleased with the arrangements made by the officers of the North-West Mounted Police for transport. General Superintendent Stickney and Premier Norquay here took leave of the Vice Regal party and returned to Winnipeg.

FORT ELLICE, Man, Aug. 10.—The escort for the Governor-General, forty men of the Mounted Police, arrived here to-day from Fort Walsh. They will await the arrival of His Excellency here. They were not able to meet him at Portage La Prairie owing to the change of programme not having been announced soon enough.

—Sitting Bull says he wants to be free, and "go about whenever I please, and have a waiter." Pretty soon he will part his hair in the middle, sport a single barrel eye glass, and wear his watch on the outside of his coat. Then he should be given a toy pistol to play with.—Norristown Herald.

—From being a mere foolish venture, the experiment of crossing the ocean in a small boat has now assumed the proportions of a nuisance. The master of an ocean steamship recently called attention to the fact that his vessel was delayed an hour by the discovery of a boat out on the Atlantic, which apparently contained shipwrecked persons, but which proved to be the dory "Little Western," in which a couple of cranks are trying to get from Liverpool to America. The detention amounted to little in this case, but as there is a moral obligation on every vessel to rescue shipwrecked persons and to investigate the cases of those who appear to be so, the encounter with the wanderers might, under less advantageous circumstances, have proved a serious inconvenience. There ought to be some way of putting a stop to this troublesome nonsense.

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
('Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

BIRTH.

TURNBULL.—On the 9th inst., the wife of Rev. Alex. Turnbull, of a son.

This is without doubt the finest and best assorted Stock of Hats in Ontario, and in selling it at cost it gives the public an opportunity of getting first-class goods seldom offered.

THIS IS A GENUINE COST SALE!

N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE

UP TOWN SHIRT FACTORY. **About Advertising.** UP TOWN SHIRT FACTORY.

A man said to me the other day "Sam, you are a big advertiser. It must cost you lots of money in a year. Does it pay you?"

"Well," I said, "if you can tell me how to let the people know that I sell cheaper Shirts than are sold anywhere else in the city, I will quit."

"Well, that is so," he said. "But *do* you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I hear so many speaking of."

Well, I showed him our styles—well made, good cloth and guaranteed to fit—sold him his summer's out-fit, and had no trouble in convincing him that *advertising is not all wind.*

[The great secret of successful advertising is to always be able to show as good bargain as you advertise.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

Address,
The CULVERWELL MEDICAL Co.

THE GREAT FEMALE REMEDY
JOB MOSES PILLS

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson, Manning Boulter, Stirling W C Barke, Trenton and all medicine dealers

KEILLER'S MARMALADE!

THIS SPRINGS IMPORTATION

JUST ARRIVED.

Wallbridge & Clarke,

GROCERS & WINE MERCHANTS,
87 & 89 Front Street.

ELECTRICITE! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, 'Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."——Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.——H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil, I am nearly out, nothing equals it."——J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left, I never saw anything sell so well and give such general satisfaction."——J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case!

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

'Ah!' said he, 'that is just what we are going to find out.'

Mrs. Belden was in a flutter of impatience when I entered the sitting room. When did I think the coroner would come? and what did I imagine this detective would do for us? It was dreadful waiting there alone for something, she knew not what.

I calmed her as well as I could, telling her the detective had not yet informed me what he could do, having some questions to ask her first. Would she come in and see him? She rose with alacrity. Anything was better than suspense.

Mr. Gryce, who, in the short interim of my absence, had altered his mood from the severe to the beneficent, received Mrs. Belden with just that show of respectful courtesy likely to impress a woman as dependent as she, upon the good opinion of others.

'Ah! this is the lady in whose house this very disagreeable event has occurred,' exclaimed he, partly rising in his enthusiasm to greet her. 'May I request you to sit,' he asked; 'if a stranger may be allowed to take the liberty of inviting a lady to sit in her own house.'

'It does not seem like my own house any longer,' said she, but in a sad, rather than aggressive tone; so much had his genial way imposed upon her. 'Little better than a prisoner here, I go and come, keep silence or speak, just as I am bidden; and all because an unhappy creature, whom I took in for the most unselfish of motives, has chanced to die in my house!'

'Just so!' exclaimed Mr. Gryce, 'it is very unjust. But perhaps we can right matters. I have every reason to believe we can. This sudden death ought to be easily explainable. You say you had no poison in the house?

'No, sir.'

'And that the girl never went out?'

'Never, sir.'

'And that no one has ever been here to see her?'

'No one, sir.'

'So that she could not have procured any such thing if she had wished?'

'No, sir.'

'Unless,' he added persuasively, 'she had it with her when she came here?'

'That couldn't have been, sir. She brought no baggage; and as for her pocket I know everything there was in it, for I looked.'

'And what did you find there?'

"Some money in bills, more than you would have expected such a girl to have, some loose pennies, and a common handkerchief.'

'Well, then, it is proved that the girl didn't die of poison, there being none in the house.'

He said this in so convinced a tone, she was deceived. 'That is just what I have been telling Mr. Raymond, giving me a triumphant look.

'It must have been heart disease,' he went on. 'You say she was well yesterday?'

'Yes, sir; or seemed so.'

'Though not cheerful.'

'I did not say that; she was, sir, very.'

'What ma'am, this girl?' giving me a look. 'I don't understand that. I should think her anxiety about those she had left behind her in the city, would have been enough to keep her from being very cheerful.'

'So you would, returned Mrs. Belden; 'but it wasn't so. On the contrary, she never seemed to worry about them at all.'

'What!' cried he, 'not about Miss Eleanore, who, according to the papers, stands in so cruel a position before the world? But perhaps she didn't know anything about that—Miss Leavenworth's position I mean.

'Yes, she did, for I told her. I was so astonished I could not keep it to myself. You see I had always considered Eleanore as one above reproach, and it shocked me to see her name mentioned in the newspapers in such a connection, that I went to Hannah and read the article aloud and watched her face to see how she took it.'

'And how did she?'

'I can't say. She looked as if she didn't understand; asked me why I read such things to her, and told me she didn't want to hear any more; that I had promised not to trouble her about this murder, and that if I continued to do so she wouldn't listen.'

'Humph! and what else!'

'Nothing else. She put her hand over her ears and frowned in such a sullen way I left the room.'

'That was when?'

'About three weeks ago.'

'She has however mentioned the subject since?'

'No, sir; not once.'

'What! not asked what they are going to do with her mistress?'

ONLY 20 CENTS,

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for a long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

Those intolerably painful and constantly harassing things called piles, which trouble so many people, are soon healed by Dr. Thomas' Eclectric Oil—the great external remedy for physical suffeing and means of relieving pains. A very small quantity achieves results of the most gratifying kind.

The Canadian Pacific Railway Co'y

EMIGRATION TO MANITOBA
AND THE
CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of **The Canadian Pacific Railway Company**, at Montreal and Winnipeg.

By order of the Board,
CHS. DRINKWATER,
Secretary.

Montreal, April 30th, 1881. 104

HOLLOWAY'S PILLS

THIS GREAT HOUSEHOLD MEDICINE RANKS AMONGST THE LEADING NECESSARIES OF LIFE.

These famous Pills purify the BLOOD, and act most powerfully, yet soothing on the

Liver, Stomach Kidneys

and BOWELS, giving one, energy, and vigour to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

HOLLOWAY'S OINTMENT

For the cure of BAD LEGS, Bad Breast,

Old Wounds Sores and Ulcers

is an infallible remedy. If effectually rubbed on the neck and chest, as salt in meat, it Cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,

Gout Rheumatism,

And every kind of SKIN-DISEASE, it has never been known to fail.

The Pills and Ointment are manufacture only at

533 OXFORD STREET, LONDON,

and are sold by all Vendors of Medicines throughout the Civilized World; with directions for use in almost every language.

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

☞ Purchasers should look to the Label on the Pots and Boxes. If the address is not 533 Oxford Street, London, they are spurious

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleaveland, Ohio

RANKS OVER ALL OTHER MAKES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.

CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for **Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever,** and all **malarial disorders.** In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms, which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

Straight loans at 7 per cent. No fines. No commissions.
OFFICE—Front Street, between City Hall and Bridge Street.
J. P. C. PHILLIPS,
Manager.
Belleville, Jan. 26th, '81. d&w1yr

This is unhappily an age of skepticism, but there is one point upon which persons acquainted with the subject agree, namely, that Dr. Thomas' Eclectric Oil is a medicine which can be relied upon to cure a cough, remove pain, heal sores of various kinds, and benefit any inflamed portion of the body to which it is applied.

MISCELLANEOUS.

TO LET

A FEW rooms in the third flat of the Carman Block, suitable for bed rooms. Rent cheap. Apply at this office.

FOR SALE.

A Six Horse-power Engine and Boiler, nearly as good as new, will be sold cheap. Object for selling, not heavy enough power for where used. Enquire at this office.

Issuer of Marriage Licenses.

JOHN H. GORDON. Office at W. D. Fuller's, Front Street, Belleville.

Customs Blanks.

ALL kinds of Customs Blanks for sale at this office.

ENVELOPES! ENVELOPES

A CHOICE LOT of envelopes, all kinds and quality, JUST RECEIVED at his office.

THE SAMSON CHOPPER

—AT THE—

NEW WOOD YARD!

MESSRS. Johnson & Co., having bought out Mr. W. Monahan's entire stock of
Wood, Horses, Waggons, Machinery, &c.,
Are now prepared to supply all orders on the most moderate terms.
They have chartered a SCHOONER, and are shipping in WOOD, both by
WATER AND TRAINS,
in immense quantities. Customers may rely on strict punctuality in the delivery of
All Orders!
Every description of FIRE WOOD will be found in abundance in their yard.
HARD WOOD, both green and dry.
STOVE WOOD, all sizes.
SOFT WOOD, all kinds.
Four feet KINDLING WOOD, dry
—AS WELL AS GOOD—
BLOCK WOOD.
Of these a large supply has arrived.
For Railroad Contracts, a powerful Machine is employed, capable of cutting
100 CORDS PER DAY!
with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper

Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.
☞ An early visit from buyers is solicited.

For Trenton at 3 p.m.
For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

POETRY.

SHALL I LOVE HER LESS!

What though her cheek be faded now,
And care be written on her brow,
Oh, shall I love her less?
What though her eye be dimmed in light,
Where once there beamed a luster bright—
Say, shall I love her less?

What thought her smiles be not so gay—
Her dimples now forget to play,
Oh, shall I love her less?
What though her step be not so free
As when it seemed so proud to me—
Say, shall I love her less?

What though her voice be sadder grown,
And mild r b each thoughtful tone,
Oh, shall I love her less?
What though the bloom of youth may fade
Where once the rosa in blushes staid
Say, shall I love her less?

Her cheek may lose its rosy hue,
Her lips forget its early dew—
I'll love her none the less.
The charms of youth may fade away
Like sunbeams at the close of day—
I'll love her none the less.

She came to me when morning fair
Played with her wavy silken hair,
Came then my soul to bless;
She gave to me her pure young life,
I loved her then—my virgin wife—
Now I'll not love her less.

She came to me a budding flower,
Unfolding graces every hour
In virtuous loveliness;
She came with sweet inspiring air,
Filled my young soul with pleasures rare,
And taught me happiness.

Then every day she brought fresh charms
And laid them down within my arms,
And sought love's pure caress;
And though her cheeks be faded now,
And care be written on her brow,
I'll love her none the less.

For though the life she gave to me
Seemed one of angel purity,
Lost to all selfishness—
The life she proves from day to day,
Is brighter than the morning ray—
How can I love her less?

SUNDAY READING.

LIGHT, MATERIAL AND SPIRITUAL

Christ said, "I am the light of the world," and we also read that at the creation, God said, "Let there be light, and there was light." Let us for a time examine the analogy between these two. We notice then a likeness in that they are each the gift of the same gracious being. Then as the sunlight shining into a room brings to view all the particles of dust and every irregularity of construction or arrangement, so the Sun of Righteousness penetrating to the secret recesses of the soul, discloses to the gaze of the infinite all the deformities and imperfections of that soul. In like manner as all the efforts, even of the best scientists, have failed to discover the component parts of light, neither can we understand to perfect on the character and force of the light of God.

Again, as the brightness of noonday dispels the darkness and gloom of the night, so does that "light which shineth in darkness" brighten and illuminate the soul. Another similitude between them is that as the light emitted by the great orb of day strengthens and develops the animal and vegetable life with which it comes in contact, so by contact with the divine light is the soul made large and of vigorous tone.

However many and sublime the points of similarity may be, there are also differences worthy of notice. The natural light is overshadowed by the approach of night, and will cease altogether to diffuse its beams amid the final wreck of matter; but for those who walk in the light, the great luminary of the soul shall never know sunset or annihilation—for in Heaven is no night, but one unending day, for the Lord God is the light.

Another difference: by the light of the sun we see but dimly through the mists and vapors of mortality; but amid the blaze of Heaven, when our souls are filled with that light which illumined our pathway on earth, we shall see face to face the glory prepared for us, and through the countless ages of eternity shall bask in the sunshine of that presence in which no darkness dwells.

Be it ours to remember then, while enjoying the great and manifold blessings which are showered upon our lives amid earth's sunshine and shadow, that as we trim the soul's lamp here so will it shine in the hereafter. M. A. BROWN.

REMOVE THE DEAD LIMBS.

Says the Gardener's Monthly: "Our readers must remember that only recently has it been clearly demonstrated that a dead branch on a tree makes almost as great a strain on the main plant for moisture as does a living one. It is one of the most important discoveries of modern botanical science to the practical horticulturist, as by this knowledge he can save many a valuable tree. When one has been transplanted some roots get injured, and the supply of moisture in the best cases is more or less deficient. Any dead branch, or any weak one, should therefore be at once cut away.

BEFORE MARRIAGE AND AFTER.

Before marriage the young girl will generally know or have some idea when the young gentleman will come to see her; she takes great care to look neat and pleasing, waiting to receive him in a tastefully-arranged room. And what of the young man? No matter how much "out of sorts," (as he is apt to term it) he may feel, he will dress in his best, look his very best and start for the home of his love. They meet with a clasp of hands and a pleasant smile, have an agreeable evening's visit, then part with a kind good-night. I do not say this is wrong if there is true love in it, but how different it is from the home in after years! We too often miss the sweet face and pleasing appearance of the young girl as the wife. And the youth whose only aim was to please his lady love, now seems to have forgotten all the little courtesies and gentle attentions that are needed just as much in the husband as in the lover to make home happy. He finds many other things to look after, and utters harsh and thoughtless words. You may see the wife of only a few months, in a slovenly dress, hair uncombed, the house in disorder, and nearly time for the husband to come home. It is no wonder that he is unhappy, and may try to give a little advice sometimes. I make no excuse for her. She may have plenty to do, and more than she can accomplish; still she can, if she will, always look neat, and meet her husband with a smile.

Then, on the other hand, the wife may try hard to keep the sweet, girlish ways of other days about her, but the husband will think to himself: "Now we are married, Mary must not expect to be the same as before. I have no time for loving ways, now there is so much resting upon me, as the head of the house." He takes no notice of the neatly kept rooms, and the nice dinner just to his taste, and the loving wife who meets him at the door with a smile of welcome home.

A TERRIBLE PICTURE.

The terrible picture of a woman-slave to drink is vividly portrayed in the following: A few days ago, in New York, a man complained of his wife as a common drunkard. On coming into court the man testified, with weeping eyes, that when they were married, and for years afterwards, his wife was as provident, tender, and loving as any man need to have, but that she had lately given herself up to drinking, and had destroyed his business, his home, and his place. She had sold everything of her own and his that she could lay hold of for whiskey; and while in drink she was a perfect fury, abusing him and their child as only a drunken maniac could. After hearing this testimony the magistrate asked the woman if she would promise to drink no more, and go home and be a peaceable wife and mother. Her answer was made with streaming eyes, "No; I shall drink till I die; I cannot help it!" It was a sorrowful sight—the husband holding the wife in his arms, both of them weeping and sobbing as if their hearts would break, and yet with no hopeful outlook for the future. Who can measure the terribleness of a raging appetite for drink?—*Anon.*

A short road to health was opened to those suffering from chronic coughs, asthma, bronchitis, catarrh, lumbago, tumors, rheumatism, excoriated nipples or inflamed breast, and kidney complaints, by the introduction of the inexpensive and effective remedy, Dr. Thomas' Eclectric Oil.

J. J. C. Abbott says he was unseated by no act of his, and of course if he only chose to appeal he could have Judge Belanger's decision reversed. But he won't appeal; no, not he. He says he would rather appeal to his late constituents. Noble Mr. Abbott!

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & CO., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung effections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering. I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W. W. Sherar; 149 powers Block Rochester, N. Y.

LIONS ABOUT.

It is a dangerous thing to trifle with a cold. A darkey preacher once told his hearers that he thanked God, "that the devil went about as a roaring lion, seeking whom he might devour. He might catch a poor fellow who didn't know that he was near him; but when he heard the roar he could not get out of the way; if he didn't, he deserved to die." So when one hears the wheeze or the cough which tells of the old lion of Consumption lurking around, he should fly to Dr. Wistar's Balsam of Wild Cherry, and get out of the way of danger. This preparation is well known, has been tried nearly fifteen years, and is acknowledged by all who use it to be unsurpassed in its soothing and healing properties.

By the use of Fellows' Compound Syrup of Hypophosphites the blood is speedily vitalised and purified, and so made capable of producing a sound mind and a sound body.

The Latest Style.—Ladies now dress their hair smooth and neat, and not loose and frouzy as has so long been the fashion. They find the BEARINE unequalled for giving the hair a delightful fresh appearance and incline it to remain where placed.

Hagyard's Pectoral Balsam, a few doses relieves the most distressing cough, and a twenty-five cent bottle has cured many a sufferer from Astama, Bronchitis, Croup, Influenza, Hoarseness and Soreness of the Chest. It is the grand specific for all throat and lung complaints leading to Consumption.

The perfume of freshly-culled flowers is agreeable to every one, and so it is with the delightful fragrance of MURRAY & LANMAN'S FLORIDA WATER None reject it, none dislike it. From the tropics to the frigid zone, it is the universal favorite on the handkerchief, at the toilet, and in the bath.

That marvelous purifyer, Burdock Blood Bitters, will speedily change the sallow face to one of freshness health and beauty. It regulates the bowels, acts promptly on the Liver and Kidneys and strengthens the system when broken down by Nervous or General Debility. Ask your Druggist for a Trial Bottle, the cost is only 10 Cents. Large Bottles $1.00.

Delay in the use of medicine is often the cause of pangerous illness. In the great majority of cases the dislike to swallow offensive and nauseous doses is the reason assigned for this delay, but this objection does not exist against BRISTOL'S SARSAPARILLA AND BRISTOL'S SUGAR-COATED PILLS; both are pleasant to take, and are by far the surest medicines to make you well.

When Your Horse is Lame and you have tried every remedy without success, and you despair of curing him, and began to think of trading him off—before doing so, obtain a bottle of Giles' Liniment Iodide Ammonia, and see its effects in twenty-four hours. Those are the kind of cases Dr. Giles likes, where all other remedies fail, his is the one that never disappoints. The doctor will willingly prove and demonstrate what he says on application to him at his office, 120 West Broadway, N. Y.
Sold by all druggists. Send for pamphlet.
DR. GILES,
120 West Broadway, N. Y.
Trial size 25 cents.

"Hail beauteous, bounteous, gladsome Spring"—this was Mark Twain's prize poem—but the dire diseases incident to Spring, spoil the romance. Burdock Blood Bitters is the prize remedy, the remedy prized by all who have tried it as the best Blood Purifying Tonic and System Regulator in the market. It cures all Blood Humors from the worst Scrofula to a common Pimple. Sample Bottles 10 Cents. For sale by all dealers in medicine.

POSITIVE FACT.—It is now established beyond controversy that Dr. Fowler's Extract of Wild Strawberry is the most perfect cure for all forms of bowel complaints, including cholera morbus, dysentery, colic, cholera infantum, nausea, canker of the stomach and bowels, piles, etc. Beware of opiates and poisoning drugs, that only check for a time and produce i[illegible]mation. Wild Strawberry is safe and certain in its effects.

BELLEVILLE, ONT., February 12, 1880.

This is to certify that I have used Perry Davis' Pain-Killer in my house for several years with great satisfaction. I was taken with cramps one night in the stomach, (from eating green fruit), and after taking the Pain-Killer according to directions, I was almost instantly relieved. I believe it saved my live.
(Signed.)
FRASER ASSELSTINE.
☞ See advertisement in another column.

☞ For over twenty years "Bryan's Pulmonic Wafers" have maintained their reputation for curing coughs, colds, and pulmonary diseases. Those suffering or threatened with any of the symptoms of bronchitis, or any of the pulmonary complaints, should at once give them a trial. They give almost immediate relief, and if taken in time generally effect a cure. Remember that a common cold or cough, if not attended to in time, often leads to that distressing and fatal disease —consumption. Sold by all druggists and country dealers at 25 cts. a box.

Bret Hare in one of his charming sketches tells of a schoolmistress who was accustomed to take long walks in the pine woods of California for the benefit of the balsamic air. There is more in this treatment than most people will be inclined to credit. We see the pines and spruces have been brought into requisition in the cause of medical progress. GRAY'S SYRUP OF RED SPRUCE GUM—a thoroughly scientific preparation—provides this treatment in a concentrated form. and has, after 20 years' test, proved itself the most satisfactory cure extant for Coughs, Colds, Lung and Throat Affections Price 25 and 50 cents per bottle.

HAGYARD'S PECTORAL BALSAM is composed of the most healing balsams and gums. The Balsams, which enter into its composition, were used by the native when America was first discovered. and are combined with other vegetable tonics, so blended together, that it is a specific for all affections of the throat and lungs. Thousands of bottles are used annually, and it is considered one of the standard preparations of the day.

FREE OF COST.

All persons wishing to test the merits of a great remedy—one that will positively cure Consumptions, Coughs, Colds, Asthma, Bronchitis or any affection of the Throat and Lungs—are requested to call at Jas. Clark & Co's Drug Store and get a Trial Bottle of Dr. King's New Discovery for Consumption, free of cost, which will show you what a regular dollar-size bottle will do.

VOX POPULI.

The voice of an intelligent people declares, that SOZODONT is an article of genuine merit, and their patronage confirms what their voice proclaims. There is no gainsaying this pronunciamento. Facts attested by the evidence of numberless respectable citizen prove that it is correct. No article for the teeth has such a wide popularity, and assuredly none exerts such a beneficent influence upon them, rendering, as it does, their structure more solid, and exterminating the seeds of its decay.

THERE'S WHERE THE SHOE PINCHES.

Corns are a capital indicator. They tell to a hair's-breadth whether your shoemaker has made allowance for their dimensions or not. Corns will require an accident policy at once, for Putnam's Painless Corn Extractor removes them in a few days. No pain, no discomfort, and permanent benefit. Try it. Sold by druggists everywhere.

HEADACHE.

Why become a suffering martyr to Headache, when Burdock Blood Bitters will surely cure the cause of all varieties of either Sick or Nervous Headache, cleanse the System, regulate the Secretions, relieve Constipation of the bowels, purify the Blood, renovate the Liver and tone up the Nervous System and distressing headache will be unknown? Sample Bottles 10 Cents, Large Bottles $1.00.

WE BEAT FRANCE

in the article of tooth preservatives. These Frenchmen are wonderful workmen. Their fancy goods astonish, but they have not produced the peer of SOZODONT as a tooth article. It stands alone, unapproachable. There is no teeth preparation so well known as SOZODONT.

"It holds on like Grim Death," has been altered to read, "It holds like Spalding's G[illegible]S.

FARMERS AND MECHANICS.

If you wish to avoid great danger and trouble, besides a no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from Spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—Exc. Sold by Jas. Clark & Co.

DYSPEPSIA AND PILES.

Gentlemen: For more than thirty years I have been a great sufferer from dyspepsia and piles. I have been frequently under medical treatment, and have tried various preparations which have been recommended to me, but received no permanent relief. In January last I commenced taking the PERUVIAN SYRUP and after taking three bottles of it I became perfectly cured of the dyspepsia and piles! and my general health is now all that I can desire it to be.
MILTON DAGGETT, No. 12 Essex Street, Boston.

RHEUMATISM OF THE BLOOD AND DEBILITY.

HAVERHILL, Mass., March 17, 1880.
Gentlemen.—Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that while I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried "rubbing" but nothing seemed to help me. At last PERUVIAN SYRUP was recommended and by taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and side. At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister's health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbury, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case, and the only one he knew of. The result proved the correctness of his opinion, for the use of one bottle completely curee her.
Your very truly.
MRS. CARRIE A. DANIT No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by direct eye, and does not injure the skin. Lockyer's is equal to the most expensive. It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands. Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away. even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, while old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness, the whole system, Disinclination for Food or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the best condition to secure good health. These Pills have been in widespread use for a great number of years and nothing but good is spoken of them everywhere. Any Chemist sells them, Boxes 1s. 1½d. and 2s. 9d. each. Made by PORRE, LONDON, ENG.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood promotes appetite, dispels languor and depression, fortifies the digestive organs, ... tion, fevers, chest affections, and ... ing diseases, scrofulous tendencies, &c. ... whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles ... doses, 4s. 6d. Sold by Chemists every ... re. The name of PEPPER ... on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. wly

DAILY ONTARIO.

SATURDAY AUGUST 13, 1881.

THE Ottawa *Citizen* calls upon angels and ministers of grace for defence in a controversy with its local contemporary. Angels are better employed than defending Orangemen when worsted in a political contest, but the Hon. J. H. Pope may be a minister of grace to the discomfited organ. He has served in that capacity for some time, and is probably as graciously disposed now as on former occasions when emergencies arose.

THE Earl of Shaftesbury is chairman of a society to aid young women who desire to emigrate to Canada, and he tells the old country girls that they can find in Canada not only ready and remunerative employment, but good matrimonial chances. He says the Canadian marriageable young men prefer Old Country girls for wives. This announcement, from so distinguished a source, is expected to greatly promote the objects of the society, but there may be some disappointment for the old country girls.

THE Mail bag controversy raises a question of veracity that may not be settled to the satisfaction of either disputant. Allegations made by the Post Office authorities of the United States are flatly contradicted by the Canadian authorities, and vice versa. The Assistant Postmaster-General at Ottawa has made a statement which is open to investigation, and which leaves little doubt of a gross exaggeration of the case by the Washington officials. It is to be regretted that in the representation of a matter involving international honour, the spread-eagle tendencies of our neighbors are so offensively intruded. United States mail bags have been used in the Canadian postal service, but not to the extent claimed by the Washington officials.

THE nomination for West Peterboro' takes place on the 24th inst. It is reported that a Mr. Mills, influenced, we suppose, by outside partisans, is ready to take the field as a straight Conservative. Dr. Kincaid accepted too much from the Reformers to suit the rabid Tory section, and they begin to look upon his nomination and election as a doubtful way of retaining the constituency. Should the malcontents succeed in putting an Opposition candidate in the field they will force an issue that will not be to the credit of the Tory party. Dr. Kincaid will, under the circumstances, receive the full reform vote and, we believe, a majority of the Tory vote. His election, therefore, may be considered morally certain. If subjected to opposition from the sore-heads of his own party, he will feel himself placed under less obligation to serve their interests as a member of the Legislature.

BRADLAUGH'S CASE.

Bradlaugh expresses his determination to persevere in the struggle with the House of Commons, to win the battle, and then punish his opponents. This may sound like an empty boast, or the threat of a mad man, in view of what has recently transpired; but in the light of history, and with a knowledge of the radical tendency of English political and social thought, it is not so chimerical as it may appear at first sight. His case has greatly disturbed the present Government, and has marked an era of reform that must sooner or later come in conflict with Parliamentary usages not in harmony with the spirit of the age. Bradlaugh has been harshly dealt with, although he egregiously blundered and wilfully challenged a conflict by refusing to take the oath administered to all members of the House of Commons. In his anxiety to advertise his atheism he exposed himself to the contempt of both the people and Parliament; but his punishment has been severe, and public opinion is veering in his favor. The next session will doubtless witness the introduction of a bill to so amend the Parliamentary Oath as to permit a member professing any religious belief, or no belief at all, to qualify. Scenes like those lately witnessed, in the expulsion of Bradlaugh from the House, bring dishonor upon "the noblest Legislative Assembly in the world," and even Tory bigotry must give way in the face of such an emergency. Mr. Gladstone has been forced to pursue the course he has, but it has been repugnant to his liberal principles, and he will lose no time in amending what is manifestly wrong and out of date.

THE WOUNDED PRESIDENT.

Owing to the crowded state of our columns to-day, we have to condense everything that will admit of condensation. The President is now allowed to converse freely on all subjects. It is the opinion of the physicians that the wound being aggravated by dressing causes a rise of temperature and pulse. A change for the better is observable in the symptoms. The number of anxious callers at the White House is much smaller than former-ly. Dr. Hamilton says there is really no necessity for himself or Dr Agnew to remain at Washington. The case has been conducted by the physicians in charge with great care and judgment. Small pieces of bone have been detected in the pus, and it is thought their presence has been an additional cause of irritation.

THE CIVIC HOLIDAY.

How it was Celebrated by our Citizens

Yesterday was spent as the average holiday generally was—by everybody who was able, to going out of town and by those who were unwilling to remaining—only to pass their time in commenting on the acts of the absent ones, and showing themselves on the streets as little as their dread of loneliness permitted. Those who could go, showed themselves at an early hour and made the usual preparations necessary for a day's absence. Well-filled baskets were brought out and placed in charge of members of the household, who, in holiday attire took possession of the edibles. Then the scattering began, and the lower section of the city became the attractive point. The dock served for the wants of the earliest of the excursionists and a goodly congregation assembled in the vicinity of the *Hero*. Shortly before six the 'Prentice Boy's, headed by the Band of the 15th Battalion, marched down Front Street to the wharf, where the party and their friends embarked on the steamer for Channel Grove and Kingston.

The excursion of the Christ Church congregation came next in order, and when the train left the depot on Pinnacle Street, eleven coaches were filled by those who sought a change of air such as Peterborough offered.

The excursion under the auspices of the B. C. Church to Picton, and Lake on the Mountain was also liberally patronized, as the decks of the *Verona* were well filled by those who were desirous of visiting the localities for which she was booked.

All day long the *Anna Gibbs* made trips to the Point whilst the *Prince Edward* went to the same rendezvous on two occasions with large parties.

The *Mary Ethel* put in an appearance here, and at ten o'clock took away the M. E. Church party to Rednersville.

Yachting parties went out on the several craft here; well filled skiffs with well dressed occupants skipped off over the waters, and livery rigs had their retinue of devotees who sought the country and the country cousin.

The streets wore a deserted appearance throughout the day. Very few came to town; there was no business of any consequence transacted, and nobody came to do it. Stores were closed, the clerks went off, and merchandize generally rested on the shelf till the coming of another day. A solitary flag floated from a staff on the hill, proclaiming its loneliness. A few wandered aimlessly about the street, to seek a retired nook till evening, but the river drivers, timber rafters and ship hands in Guthbert's yard kept at work just the same. The busses went to the trains only to carry up and return with but few travellers, whilst the trips of the street cars were on the average a source of profit to the management. And there was even the usual want of life at the police station, as the Chief was alone left to deal with figures and fill out official letters in order to pass his spare time.

The rain in the morning was a relief to those who remained at home; the colored atmosphere heralded its approach and the brightness of the sun for a brief period afterwards and the consequent warmth made the air pleasant. To the absent ones it was not the most welcome visitor, as shelter and sheltered places are not abundantly supplied at pic-nic resorts. But then every one who goes to a pic-nic knows that—though the fact never becomes prominent or worth mentioning unless it rains or the weather is disagreeable at such times.

Gradually and by degrees each party reached home in the "usual way"—in no other way could they. The nearer excursion parties came home by the boats, their onward march up-town being heralded by empty baskets and matrimonial bouquet holders (baby carriages). Then followed the usual crowds or groups all bound for home. As each party came along a quiet followed only to be broken by the advent of another similarly circumstanced. All the absent ones returned without mishap or incident of other than the stereotyped nature. An thus ended the Civic Holiday.

All who attended the several excursions and picnics report having passed a very enjoyable time, the only war to their pleasure being the light downfall of rain in the morning—otherwise the elements were in their favor. The Peterboro' party returned during a shower, but as shelter was at hand there they experienced but little inconvenience, and the delay over, were enabled to reach their homes.

DISTRICT NEWS.

Clipped, Cribbed, and Condensed from Exchanges.

—The crop around Napanee will be quite up to the average in quality.

—Tenders are asked for the construction of a wooden bridge at Kemouni.

—Mr. Sherman, a gentleman living a little north of Colborne, was nearly killed by ivy poisoning a few days ago.

—The census has the population of Picton as 2,351 in 1871, and 1,976 in 1881, an increase of 624 in ten years.

—Mr. Isaac Williams of Walsingham, planted in experiment one grain of wheat from which he raised thirty-five heads containing altogether one thousand six hundred and fifty-three grains.

—Mr. Alfred Denmark, of Seymour township, lost the tops of two of his fingers, in a reaper, one day last week. He got them between the cogs of the machine, while adjusting the parts for work.

—Mr. Alex. Mathieson, of Belmont, met with a serious accident on Saturday last. He was engaged in drawing in barley, and was sitting on the fore part of the load, when the wagon in going over some rough ground shook him and a portion of the load off, the wheels passing over his body and severely injuring him. We are happy to be able to state, however, that under the skilful treatment of Dr. Ford, he is rapidly recovering.

—John Culbert, of Shanty Bay, while hurrying to catch a train, on Tuesday of last week, was observed to stumble and fall forward. He made an effort to regain his feet, but again fell, and when assistance arrived it was discovered that his life was gone. An examination showed a rupture of the artery from the heart—one half that organ was minus the life blood. Over exertion so soon after eating, to catch the train, may be said to have broken his heart. Deceased was only 50 years of age, apparently a strong, hearty man.

McFIN'S EXPERIENCE.

BY A YOUNG OFFENDER.

As I relayted in me lasht, I wint to Rawchiesh sr. An' I wud be delighted till tell ye of the grawn' time and the fine sport I had while in the Flower Sutty—as Mr. Guldensleeve of Kingston would call it, but as ye often say yersel', spaes ferbuds. There was a wheen of the boys there and they had fine fun forby but whad with the sights they saw an' the experience they had in crossin' the lake, they had such times till themselves that I did'nt begrudge thim ony of it.

Shortly afther me arrivyal, I dropped down the street an' after powering in a few refreshin' hookers, I of coorse thripped roun' till see me ould frind, the Finance Minister. I av coorse called intill ould familhar places first, but sorra the sight uv him cud I see, an' away I waltzed up till Campbell Street, or the Lyar's Alley as they call id. Uv coorse, the rathers uv the 'Ontario,' know that the ould spoort Dick Taylor, has bin gittin' his work in on that "well throvelled thoroughfare." The lyars in their spare moments followed the example uv me ould frind Pat Tansey, an' had a boolevyard here an' there on aither sithe uv the shreet, but Dick's fooreman, Harry Robinson, kem along an' the boolevyards were wiped out as quick as some uv the daficit assets uv the town. Some place onyhow should be improved an' phy not Campbell Shtreet with its quicksands uv mortgages, an' its cases uv gude payin' clients. Uv George Bul wor a lyar an' an Altherman, the improvements might be continued an' an Opery House built for the convanience of the high-toned, but the sutty cant ston' it now, so we musht wait till private entherprise prasints itself.

Me, ould pardner an' advisor, Altherman Jiller, wor seated behin' a disk, with a wheen uv paper bundles forninst him, as I dhrapped in, an' there wor a few arristocrats sittin' down apposit him.

"How goes it, Morgan," sez I.

"McFin," sez he, "I'm in a dale uv thruble," sez he, "for I've jusht bin visited," sez he, "be a deptyshun of londth houlders," sez he.

"Phat did they want uv ye," sez I.

"Well," sez he, "it all arus be way uv me action in thon Counell thother night," sez he, "for I wuz determined till hev me own way," sez he, "an' I fixed the aistimates till suit meself, an' had a chuse in 'em for dthirbintures."

"What did you do thon for," sez I.

"For spite" sez he. "Ye see Osthrom," sez he, "is'nt sure uv his pesishon the next year" sez he, "an' he wants till get the Christun Association till stan' in with him" sez he, "so he wanted a grant for thim" sez he. "An' thon Dunnet repudiayted the bargin about goin' till the Buldin' Comittee" sez he. "Uv coorse I had the collar on poor Diamond, for he was afeared uv the police" sez he, "phile than Irishmon Mcelmich" sez he "wuz as quiet as a naylor" sez he, "They wanted a little uv their own way and I wuz datarmined they wad'nt" sez he, "so I pushed a motion till by up the daybintures" sez he.

"Wull ye do id" sez I.

"Divil a wan o' me" sez he, "fur I'm goin' till show up a big balance till we crayth" sez he, "whin the next elecktuhn comes aff" sez he. "In the forinsic language of thon talented Eurowpean Pat Rooney."

"I'm a candidate for the Mayralty,
An' all I've got till say,
Is, pul aff yer coat an' poll yer vote,
Fer me on elecktuhn day."

"How's thon" sez he, "Cornalus" sez he, "I've moore patatical influynse nor anny man in the hull town" sez he.

"Be nisy" sez I, "be nisy." "Don't ye see Musther Patitherson is puttin' up a job on till ye" sez I. "He's ful uv shinanegan' sez I, "fur he's goin' till prasint himself for the "vote sh' influence" uv the elechtors whin the day comes' sez I.

"Cornalus" sez he "yer thryin' till desave me" sez he "for he sed twice befoor" sez he "that he wud'nt ask the suffrayges of the voters agin" sez he. "Av coorse he backed out lasht year when he run agin our joval frind Dave, but I think he'll be a man uv his word the year" sez he.

Ye'll want a betther garantee nor a policeman li guy ye for thon" sez I "for uv he thinks he can bate ye—an' he's sartin uv id now—he'll do it" sez I.

"Be a little fewglin" sez he, "I got till be the head of Finance lasht year over Tom Hollen" sez he "an' now me tallints should resave some racompinse fur me two years exparience" sez he.

"Virchew hez its own rayward Morgan" sez I "bud I think ye'll get scooped" sez I. "Uv coorse ye desarve gude tratement" sez I "for not drappin' the Mayor's salary till $200" sez I, "an' ye desarve the gratitood of Musther Pattherson fur it" sez I, "bud ye'll be left in a dark corner" sez I "whin the time comes" sez I.

"I'm wexed lik phiner nor ye think' sez he 'an I've got me plons fixed allraday,' sez he. "I gev up the centre ward; Slaving'll tek my place there; Ollen Pothrie 'the sufferer from Fosther Ward' is about karflummixed in his own constituency" sez he "and he gev a bogus motion thother night" sez he "till fax up the ould hospital lot" sez he "for till injooce the people of Baldwin Ward till vote for him at the next elackahun" sez he "but he'll be desaved for wanse" sez he "like Misther Wilkie wuz when he lesht his dog" sez he.

"Morgan" sez I "how is it" sez I "that ye wint back on the program I laid down" sez I.

"Necessity is the mother uv adventures" sez he "an' the prasint Counell is harder till plaze,, sez he "than the crowd that sits at Lake & Jenkins' lisnin' till the music uv the 15th Band" sez he. "Uv coorse" sez he "music has power till soothe the savage baste" sez he "but nuthin' but chin music" sez he "will do in thon Counell" sez he.

"Morgan," sez I, "the ould *Dauntless* makes her thrups ragular now," sez I, "several times a week," sez I, "so ye musht luk out for brakers," sez I—in the tachnical language uv my ould sailing frind Kelso.

"The *Dauntless* 'll be too much fur Dave," sez he, "as thon hospital lot in Murney Ward wuz fur yer ould frind Falkiner," sez he. "Howandaver," sez he, "I'll straighten meself be the time the eleckhun comes aff," sez he, "an' I think I'll go in unanimously," sez he. "Kem in agin," sez he, as a couple uv Tyendinaga hoosiers who wor afflicted with pecooniary influenza kem in.

"I will," sez I. "Dale with them gintly, Morgan," sez I, "for they may have frinds who have a vote across the river," sez I.

An' away I thrupped till Front Street.

I was cogetatin' on the onsartinty of things an' I stepped in till the Dominion phere I met Ollan Pethrie.

"How goes it me dandy" sez I. "Sound" sez he, "sound Mushegan" sez he.

"Yer forcible an' illoquent with yer language the day" sez I. "Yer that way betwune times" sez I, fur I hard ye stretch yerself in thon Council thother night" sez I.

"I wor right on till it thin" sez he, 'but me wut got the buttther uv me' sez he, 'for I wor follorin' up the thread uv the discoorse ye prasinted on the diputashun till Manitoby in yer paper' sez he, 'and I loabt me head "sez he" an' fergot till give Bob Newberry another whack' sez he.

'What's the matther with ye, Can't ye let up on him at all' sez I. Praps the Cutty Clark has faults' sez I, 'but he has'nt any more than an overage christhun' sez I. 'A man may not mek a gude chief uv police' sez I, 'but he can be a farmer at raisin thistles' sez I.

'Thrue for ye,' sez he, 'but I'll parsanute him for a phile yet,' sez he. 'Uv coorse he might have made it asier for me whin I was the Chief uv Police,' sez he; 'but he was ded agin me,' sez he, 'and I lost me influence,' sez he, 'Howwver,' sez he, 'I have a futer befoor me,' sez he, 'an' I'll mek it lively for him yet whin I get till be the raprasintative uv Baldwin Ward,' sez he.

'Ollen,' sez I, 'hev ye med yer wull,' sez I.

'Troth an' I have'nt,' sez he.

'Raycord it immadiately,' sez I, 'for yer show for the banner ward is shlim,' sez I. 'Del min tell no tales,' sez I, 'so do all yer spakin' befoor the next eleckshun,' sez I,

'Cornalus' sez he 'I've datarmined till die game' sez he; I'll poralize things in thon police foorce yet' sez he. 'I'm bound till see that the people's rights are not subsarvient to the whims uv those in authority' sez he 'an' that eviry man can hev a show when his time comes' sez he.

This bursht uv silloquence was interrupted by Dick Taylor who wanted till put down an ould plank walk in Fosther Ward an' the mimber thin wint aff with him promisin' till spake at length on the mother whin we met again.

KINGSTONIANS ON A CRUISE.

The steam yacht *Swan*, of Kingston, arrived in Belleville on Thursday night, bringing with her a number of leading Kingstonians, among whom were Messrs. M. Doran, G. W. Wilkinson, J. Kinghorn, Wm. Muckler, Ald. Smyth, C. Hamilton, J. Wilson, and Col. Kerr.

On Friday morning Mr. and Mrs. J. P. Thomas, Mr. and Mrs. Livingston, Miss Annie Mathison, Miss Annie Smith, of Brantford, Col. Brown, M. P., A. Robertson, M. P.P., Col. Prince, Sheriff Hope, Dr. Stewart, Rev. Mr. McLean, Supt. Mathison, D. S. Cannifl, R. Mathison, jr., and O. Carroll, of Toronto, joined the party in a short excursion down the bay. A very pleasant time was spent, the Kingston people being delighted with the scenery along the route; they seemed undecided as to whether Kingston or Belleville were the more pleasantly situated, but had they remained longer Belleville would have carried the day in their estimation. Being loyal to old Kingston, they hurried off before they were too much taken up with Belleville, carrying with them Mr. Livingston, Bursar of the Institute, but promising before their departure to come again and stay longer next time.

Foster & Reid.

GREAT CLEARING SALE!

—OF MY—

WHOLESALE DEPARTMENT

During the past two years my wholesale business has taken my whole time, so much so that I have been compelled to leave my home business to clerks who, through inexperience, have not given the satisfaction to our customers we shall endeavor to give in the future. I shall hereafter endeavor to meet my customers personally and give them my whole attention.

The Sale will still continue every night this week and great bargains will be offered at private sale during the day Large quantities of choice goods constantly on exhibition. A call solicited.

J. H. FORD.

T. DE WITT TALMAGE

In illustrating his imaginary Art Gallery hit the ninth; but we, in our Art Gallery, hit the bright side of the truth, getting the Easy, Natural Position and Expression of our sitters. Our instantaneous process does it.—BROCK & CO.

THE DAILY ONTARIO. SATURDAY AUGUST 13. 1881

5 YEARS—ESTABLISHED—5

We do most earnestly invite any person wanting photos, IN CABINET, first, our every day work, and second, our Operating Rooms, Appliances and Conveniences. You will understand why our work pleases.—Brock & Co.

LOCAL AND GENERAL.

THE tail of the drive in this river is not at Bleecker's dam.

TWO cars of cheese were shipped to-day by Hodgson & Sons.

THE morning train from the east was over seven hours late.

A CAR of sugar went over the G. J. R. for Peterborough this morning.

THE morning train from Peterborough was two hours and a half behind time.

KYTE FLYING is a favorite amusement of the boys in the lower part of the city.

FOURTEEN cars of timber came in yesterday, and a like number the day before.

REV. MR. MCLEAN, preached in Trenton last Sunday. His sermon was much admired.

THE river at and near the bridges is full of logs. Another week will elapse ere it will be cle r.

SUCH was the freight traffic of the G. J. R. that to-day a special way-freight was sent over the road from this city.

THE opening price for rye will be 75cts per bushel, so grain-buyers predict. Those having a good crop will realize well.

DOWNEY & PRESTON are preparing for the fall grain trade, and are making a variety of improvements in their steam elevator.

THE *Gracie* left Kingston to-day on her return home. Two of her crew, Messrs. Bird and Ponton, returned to the city this morning.

A committee of the Board of the West Hastings Agricultural Society held a meeting this afternoon, and revised the prize list of the next exhibition.

DEACON is now at the Dafoe House Barber Shop, where he will be pleased to see all his old customers and many new ones. Best Bath Room in the city.

TWO cars of wool from the Cape of Good Hope were forwarded to Peterborough yesterday over the Grand Junction, for the Auburn Woollen Mills of that town.

A NUMBER of those who went to Rochester to witness the race meeting at that city, returned home to-day, well pleased with the sights offered during their stay.

THE FRIENDS of MRS. R. J. Eilbeck will be pleased to learn that she is improving, and that the doctors think the danger line has been passed. She was very ill for a few days.

MR. EILBECK of Kinkston has retired from the ranks of scullers, and will not compete in any races hereafter. Mr. Tisdale will, therefore, have to look elsewhere for a competitor.

MESSRS. HILL & SCOTT, of the Napanee Paper Mill, were upset while fishing near Picton the other day, and came near drowning. It was with difficulty that Mr. Scott was resuscitated.

A PRIVATE LETTER from Winnipeg says an idea of the amount of business being done in that city may be got from the statement that the writer had sold $11,000 worth of goods in two days.

OUR local confrere having asserted that there is a man in Belleville who has no heart at all, the Picton *Gazette* retorts that he belongs to the Intelligencer staff. That is hard on somebody. Is it you, Joe?

THE Kingston *News* says the money for McLaughlin in his race with Beasley is ready, and will be put up when a definite answer is given by the Belleville man. Now, Harry, it is your turn to speak.

ABOUT nine miles of the Napanee, Tamworth and Quebec Railway have been graded. The contract will be completed at the time agreed upon Sept. 15th. The contractor, Mr. Stephenson, of Ottawa, is pushing forward the work energetically.

REMEMBER the City Mission Temperance Service to morrow afternoon at 3 o'clock, (D. V.) on the ferry boat. Mr. T. McMurray will address the meeting, after which the City Mission School will be conducted in Mr. Rathbun's Waiting Room.

MR. E. PALEN, of this city, has secured the contract for covering the roof of the new woollen factory at Campbellford with felt and gravel, similar to jobs performed by him here. He is a good workman, and will give satisfaction to Messrs. Gault Bros.

THE WEST HASTINGS AGRICULTURAL SOCIETY have decided to hold their next annual show on Wednesday and Thursday the 5th and 6th days of October next. The prize list will soon be issued. The Directors at the last board meeting, filled the vacancy in the board, caused by the death of the late Joseph Nightingale, by appointing Francis Peck, of Ameliasburgh, as director for the remainder of the term.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and children' waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in this part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child; as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or mistake will not be possible. The saving of time and material by this new mode of cutting will be very considerable. Once the ladies with families acquire a knowledge of this system, it will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 9 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice and cheerfully for 50c; children's 30c to 40c. To her lady visitors, Mrs. Tugnet will be happy in giving explanations on the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

Railway Accident.

THE MORNING EXPRESS JUMPS THE TRACK.

One Man Killed and Several Injured.

A very serious accident occurred to the express train which left Prescott at 2:20 this morning. When about a mile and a half west of Prescott the train collided with a cow throwing the entire train—with the exception of two first-class passenger coaches and the Pullman, off the track and into the ditch. The engineer, John Howarth, was instantly killed whilst his fireman escaped by jumping off the engine. At this writing (10 a.m.) express messengers King and Mackenzie are reported as seriously hurt, and Scarlett the baggeman is also said to be injured.

LATER PARTICULARS.

PRESCOTT, Aug. 13.—The No. 4. express from Montreal to Toronto passed here at her usual time, 2:20 a. m., having a long train of coaches well filled. After leaving the station and when passing the semaphore west of this station, the cow catcher caught a cow, which was one of three or four on the track, and carried her along the track about 30 feet to the first crossing west of the town. The cow was carried over the cattle guards on the east side of the public road, but fell partially into that on the west side of the road, lifting the engine off the track and throwing it over the slight embankment on the south side of the railway. The engine lies a perfect wreck with its smoke stack and all its upper furnishing twisted off. The engineer, named Howarth, held heroically on to his place, and was found a mangled corpse partly under the engine with one arm around the whistle, and the escaping steam pouring forth on his side. The ground where he lay is saturated with blood. His body now lies in the baggage room of the station awaiting an inquest. The two express messengers were also among the injured, but were able to be sent to their friends.

A report says six passengers were wounded, but as they were transhipped to another train, and sent westward this cannot be positively ascertained.

The tremendous force of the concussion can be partly understood by one standing at the scene and seeing the total wreck of cars and engine. The engine fell on the south side of the track, where it remains, but the tender passed about thirty feet farther, and with its truck lies a shapeless mass on the north side. Close by the tender but farther into the field lies the express car, also a total wreck. The agent of the company promptly placed a man to guard the goods which were scattered by the collision. A second class car is pited on the tender, while its rear end is buried in the ground to a considerable depth. The windows of the car are broken probably by the affrighted passengers, who made their escape through them. One of the seats and windows are covered with the blood of the wounded. From the point where the engine caught the cow to where it jumped the track, and now lies imbedded in the soil, is about 300 feet. The track is destroyed for sixty or seventy feet, which is being promptly repaired, and will be ready for the westward express at 1:47 p. m. to-day. The property damaged is the engine and tender, the mail and baggage and express cars, one second-class and three first-class cars. The loss of life is small, when we remember that a heavy train on a down grade was suddenly stopped and its living freight piled indiscriminately among wrecked cars.

From a gentleman who was a passenger by the train, we learn that the accident was a far more serious one than the telegrams give information of. The occupants of the "sleepers" were in almost complete ignorance of the occurrence, and remained so until they awaked from their slumbers long after daylight. The fireman, who, in our first report, is said to have jumped and escaped injury, is very seriously hurt, and when the train left the scene was not expected to live. He was conscious then and said he did not know whether he jumped or was thrown from the engine. He was found among the debris. Some of the female passengers were panic-stricken. One lady threw two children out of the window near her seat and broke one of her arms, whilst several ladies were severely bruised. Such an excited scene as that witnessed this morning has not been presented in a long time on any Canadian railway, for the occupants of the front coaches were in a state of great alarm and anxiety. The express which passed here at midnight reached the scene, reversed, and the passengers on the train which met with the accident, were transferred to it. As stated before, only one person was killed outright, but the results of the injuries to the fireman, baggageman and express messengers have yet to be learned. A number of passengers were more or less injured—bruises being the wounds inflicted.

This mishap is the most serious that has occurred on the road during a considerable period.

I. O. O. F.

The grand lodge of the I. O. O. F. has been in session at Brantford. From the reports we learn that the total receipts of the I. O. O. F. Lodge were $8,923.28, the balance on hand on June 30th being $8,814.21. The present membership is 12,776, a net increase of 612. The number of applicants rejected was 133, and the degrees conferred 4,184. The number of brothers to whom sick benefits were paid was 1,299, and the amount distributed $17,200.44. The expenditure on widowed families' account reached $8,102.15, the funeral expenses $2,546.96, special relief $1,704.92. The average cost per member was $6.60.

—Bradlaugh says that he will make another attempt to enter the House unless the seat for Northampton is declared vacant, and that the next time he will give no warning. Preparations are, however, made to receive him.

OBIT.

Death of an Eccentric Old Lady.

Catharine Corregan, an old lady, apparently about 70 years of age, came to this city in June. She was a woman of good appearance, seemed to possess a very good education, but was somewhat eccentric. She represented that she came from Erie, Penn., and that she had a daughter there who was well circumstanced. The old lady put up at a prominent hotel here, but as her bills were not met, and as her demeanor was ladylike, the landlord disliked to resort to the usual remedy applied in such cases, and he accordingly called on the Chief of Police. That gentleman sent for the old lady, and a conversation with her resulted in his communicating with the authorities of Erie. From there he learned that the only source of revenue the old lady had was a monthly pension of $20 acquired through the death of her son who fell in battle, and that an effort would be made to have that sum put in proper hands so that her wants—as that sum would suffice to pay them—would be properly met. Further correspondence asked that her bills already contracted should be made out in order that they might be paid, and steps were taken with the view of sending the old lady back to Erie, as that was the only place where the pension would be payable. The news reached here at noon to-day—too late, however, to be of service, as the person for whom the benefit was intended had passed over the silent river. She had been removed from the hotel to a private house, and her health failing her, she gradually lost vitality, and this afternoon at one o'clock she died.

SPORTING NOTES.

—The yacht being built at New York to race with the *Atalanta* for the America Cup is nearly completed.

—The "Laura" was given the first prize in the regatta at Kingston last Wednesday, and the Garfield second.

—"Maud S," has beaten her record by trotting a mile in 2.10½ at Rochester on Thursday. There was great enthusiasm.

—Trickett challenges any and all scullers in the U. S. to row a race for 10,000 a side. He does not include Canadian oarsmen.

—The Cornell Crew has been most unfortunate. The Vienna Crew has added to the Henley defeats by rowing them down on the Danube.

ENJOY HEALTH.

The "Mandrake Bitters," world known name No others have obtained such fame; From North to South, from East to West The people say they are the best Let sufferers from dyspepsia fly, And Baxter's Mandrake Bitters try They're sold in every city, town, No others have such wide renown. Let all who would enjoy good health (Tis' more than houses, acres, wealth,) Remember now they can obtain Relief from all their woes and pain.

—There is no Evaporation or Deterioration in strength about Dr. Thomas' Eclectric Oil. The ingredients of this incomparable antirheumatic and throat and lung remedy are not volatile, but fixed, pure and imperishable. Pain, lameness and stiffness are relieved by it, and it may be used with equal benefit externally and internally.

The Rush for the Montreal Bankrupt Stock

—STILL CONTINUES AT THE—

"SYNDICATE" STORE

On Saturday we received FIVE BALES OF GREY COTTONS and TWO BALES OF SHIRTINGS. As they are slightly damaged by fresh water we will sell them at great bargain. Give us a call. We guarantee that our goods are fifty per cent cheaper than any other in the city. We are not afraid of comparison.

W. & D. PATTERSON
Trade Auctioneers, Syndicate Store

HATS. HATS. HATS.

N. DAVENPORT

HAS determined to offer his whole Stock of Hats AT COST.

This is without doubt the finest and best assorted Stock of Hats in Ontario, and in selling it at cost it gives the public an opportunity of getting first-class goods as cheap as offered.

THIS IS A GENUINE COST SALE!

N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN SHIRT FACTORY.

About Advertising.

UP TOWN SHIRT FACTORY.

A man said to me the other day "Sam, you are a big advertiser. It must cost you a lots of money in a year. Does it pay you?"

"Well," I said, "if you can tell me how to let the people know that I sell cheap Shirts than are sold anywhere else in the city, I will quit."

"Well, that is so," he said. "But *do* you sell cheaper than others? I always thought this 'olowing' was all wind. However, I would like to see those shirts I hear so many speaking of."

Well, I showed him our styles—well made, good cloth and guaranteed to fit—and he left him his summer's cut-fit, and had no trouble in convincing him that *advertising is not all wind.*

The great secret of successful advertising is to always be able to show as good a bargain as you advertise.

S. G. RETALLACK,

DAILY ONTARIO.

SATURDAY AUGUST 13, 1881.

Business Notices.

America was discovered by Liet Ericsson, the Icelander, in the year 1004, and 876 years after, the Esterbrook Steo Pen Co. turned out their first pen.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50cents. B. Templeton, special agent.

Wait's Homeopathic Remedies at Geen's drug store. See adv't. Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by H. Templeton, Druggist.

For nobby styles in young men's and boys' hats call at Muir's.

See samples of *Easter* and *Birthday Cards* in Ford's window.

Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quantities by A. Knox, Wm. Dickens, W. Bulen, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 9 ounce bottles, 50 cents, at H. Templeton's Drug Store.

—Young man, are you about to get married Good! it's a step in the right direction. But b honest. Did you ever give a note—a promise to pay—and then purposely forget it—suffer it to be dishonored? We hope not. But whether you did or not, don't come that game over a confiding woman. If you promise to protect and defend her, do it like a man. Don't worry over the style of a wedding ring until you have applied for, and received and paid for, and handed to her a substantial life policy in the Ontario Mutual Life Assurance Company, for which S. Surrows, is the General agent for this district, and F. M. Clarke is local agent. Their office is in the Ashley block.

We do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper.

We know from and experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

THE GREAT FEMALE REMEDY
JOB MOSES PILLS

This invaluable medicine is unfailing in the cure those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthfull constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions is in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson' Man Boulter, Stirling W C Barke, Trenton and all medicine dealers

KEILLER'S

MARMALADE!

THIS SPRINGS IMPORTATION

JUST ARRIVED.

Wallbridge & Clarke,

GROCERS & WINE MERCHANTS,
37 & 39 Front Street.

ELECTRICITE! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."——Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.——H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil, I am nearly out, nothing equals it."——J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left, I never saw anything sell so well and give such general satisfaction."——J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

A DESPERATE FIGHT.

AN OLD MINISTER IS MISTAKEN FOR AN EDITOR AND ASSAULTED,

(*Arkansas State Gazette.*

Yesterday, old Uncle Jesse Winglop, a time-honoured preacher, who preached among the hills for forty years, and who in his younger days was known as the "wheel horse exhorter," came to town and called at the *Gazette* office.

"My son George," said Uncle Jesse to the political man, "has just graduated from the old Red luff Academy, and after sauntering around among the professions, peeping into lawyer offices and poking around doctor shops and not being satisfied, he has concluded to learn the editing business. I know how much fun has been made of men who want to be editors, but of course, I understand all that. At first I'd like for George to take hold of the religious department, for you know that I can help him some. I've got four or five old sermons I'd like to run in—old sermons preached long before men thought of getting out New Testaments. Now, dont ridicule the idea.

"Uncle Jesse," replied the political man, with something like a sigh, "we'll hold a cabinet meeting sometime during the present week, when your son's case will be considered. It is encouraging to see that church members are seeking journalism, and I have no doubt that George will be of advantage to us. But I must go to dinner now. Just sit down here among the exchanges and amuse yourself until I return."

The editor went down, and the old man took out his spectacles and began handling papers with a newly awakened idea of importance. The editor had not been gone but a few moments when a burly looking man entered the editorial room, and seeing the minister surrounded by a ruffled landscape of badly-handled papers, exclaimed;

"All I ask of you, sir, is to let me shake the Little Rock dust from my feet. Do you hear, you spectacled fragment of a mortgaged menagerie?"

"What do you mean?" exclaimed the old man in surprise.

"Just let me shake this dust off, you gaping whip-poor-will of flat-footed ignorance. Slander a man as you did me this morning, and then say you don't know what he means!"

"I never said a word about you in my life, sir!"

"Let me shake off this dust, and then you can slash and slather my memory. Nice old stretcher of the truth."

"Do you mean that I have lied, sir?"

"I do."

The old man hopped across the room and grappled the insulter. The fight was earnest and terrible and when the editor came back the top of the old man's head was smeared with ink, and the insulter was lying in the hall.

"Sort of a monkey and parrot time, as the feller says," remarked the old man. "I say, I believe George will change his mind. You needn't call that cabinet meeting. Talk about a religious department; you ought to have a sack full of horse pistols."

—A few days ago, when the excitement about the infernal machines was at its height, Mr. Vennor received a strange looking box by mail. Handling it carefully, he undid the fastenings and gently removed papers and sawdust until a pasty looking substance, bearing a very close resemblance to dynamite, became visible. Then the terrors of the situation flashed upon his mind, but, being a man of decision, he quickly removed the box to an outer room, and, placing it where it could not be easily disturbed, waited for further developments. To-day brought the *denouement* in the shape of a letter informing him that the writer had sent him a beautiful specimen of Kaolin, which is used for the manufacture of French porcelain. It came from the neighbourhood of Dalhousie and Bathurst, on Chaleur Bay, New Brunswick.

—The American Roger Tichborne, it appears is actually going to assert his claim to that much litigated estate. He has employed counsel, subpœnaed witnesses and makes dreadful bruit of preparation. Nobody is scared or even interested. The little heir, Sir Henry Alfred Joseph Doughty Tichborne, has really little to lose, the estate having been riddled by the lawyers in the former trial until it is in pretty much the condition of an old scow after the barnacles have had their will of it. The lawyers can hope to make nothing, for the case can never reach trial again should the Simon Pure Roger appear with the ghosts of his mother and all his female relations to back him; as the identity and title of the present occupant were established by special Act of Parliament. The only person likely to be damaged by the American candidate is Arthur Orton, in his jail at Portland, who will lose his right even to the title of "the Claimant." The San Francisco Roger must be a cheap sort of adventurer, or he would invent some claim of his own, and not take up one so terribly second-hand.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

Those intolerably painful and constantly harassing things called piles, which trouble so many people, are soon healed by Dr. Thomas' Eclectric Oil—the great external remedy for physical suffeing and means of relieving pains. A very small quantity achieves results of the most gratifying kind.

The Canadian Pacific Railway Co'y

EMIGRATION TO MANITOBA
AND THE
CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of **The Canadian Pacific Railway Company**, at Montreal and Winnipeg.

By order of the Board,

CHS. DRINKWATER,
Secretary.

HOLLOWAY'S PILLS

THIS GREAT HOUSEHOLD MEDICINE RANKS AMONGST THE LEADING NECESSARIES OF LIFE.

These famous Pills purify the BLOOD, and act most powerfully, yet soothing on the

Liver, Stomach Kidneys

and BOWELS, giving tone, energy, and vigour to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

HOLLOWAY'S OINTMENT

For the cure of BAD LEGS, Bad Breast,

Old Wounds Sores and Ulcers

is an infallible remedy. If effectually rubbed on the neck and chest, as salt in meat, it Cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,

Gout Rheumatism,

And every kind of SKIN-DISEASE, it has never been known to fail.

The Pills and Ointment are manufactured only at

533 OXFORD STREET, LONDON,

and are sold by all Vendors of Medicines throughout the Civilized World, with directions for use in almost every language.

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

☞ Purchasers should look to the Label on the Pots and Boxes. If the address is not 533 Oxford Street, London, they are spurious.

FOR OVER

40 YEARS

PERRY DAVIS'

PAIN-KILLER

HAS ACTED THE

GOOD PHYSICIAN

In Curing Cholera
and all Summer Complaints,
Cramps and Pains in the Stomach,
Sudden Colds, also for Scalds, Burns,
Bruises, Sprains, Chilblains, Boils, Rheumatic
Affections, Neuralgia, Toothache, Pains
in the Joints or Limbs, Stings
of Insects, &c., &c., &c.

BEWARE OF COUNTERFEITS!

The Pain-Killer is recommended by Physicians, Ministers, Missionaries, Managers of Factories, Workshops, Plantations, Nurses in Hospitals,—in short, by *everybody everywhere* who has ever given it a trial.

The **Pain-Killer** is prepared from the best and purest material, with the most approved appliances that can be had for money, and with a care that insures the most perfect uniformity. No expense is spared to make it what it is, superior to all would-be competitors, a thoroughly reliable killer of pain. Instantaneous in action, harmless even in the most unskilful hands.

SUBSTITUTES.

☞ The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this: When asked for a bottle of **Pain-Killer**, they suddenly discover that they are "sold out," "but have another article just as good, if not better," which they will supply at the same price. The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the **Pain-Killer**; and being compounded of the vilest and cheapest Drugs, are bought by the dealer at about half what he pays for the genuine **Pain-Killer**, which enables him therefore to realize a few cents more profit per bottle upon the imitation article than he can on the genuine.

BEWARE OF SUBSTITUTES!

FOR CHOLERA, CHOLERA **MORBUS**,

As well as all Summer Complaints of a similar nature, the Pain-Killer acts with *wonderful rapidity* and *never fails* when taken at the commencement of an attack, and often cures after every other remedy has failed. If you reside in a country place far from a physician, the Pain-Killer can be relied upon; it never fails.

FOR SUDDEN COLDS, SORE THROAT, &c.

The proverb "A stitch in time saves nine," is never so well illustrated as in the treatment of these complaints. A teaspoonful of Pain-Killer taken at the beginning of an attack will **prove a certain cure** and save much suffering.

TOOTHACHE, BURNS, SCALDS, CUTS, BRUISES, &c.

The Pain-Killer will be found a willing **physician, ready** and able to relieve your suffering without delay, and at a very **insignificant** cost.

GOOD FOR MAN AND BEAST.

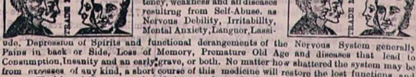

For Colic, Cramps and Dysentery in horses, **the Pain-Killer** has no equal, and it has never been known to fail to effect **a cure** in a single instance. It is used in some of the largest livery stables **and horse** infirmaries in the world. To resuscitate young lambs or other **stock** chilled and dying from cold, a little Pain-Killer mixed with milk **will restore them to health** very quickly.

The Pain-Killer is for sale by Druggists, **Apothecaries**, Grocers and Medicine Dealers throughout the world.

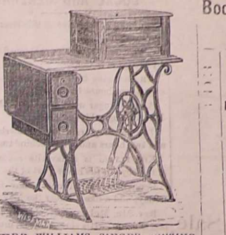

The Pain-Killer is put up in 2 oz. and 5 oz. **bottles**, **retailing** at 25 and 50 cents respectively,—large bottles are **therefore cheapest**.

PROPRIETORS,
MONTREAL AND PROVIDENCE, R.I.

(Nervous Sufferers—The Great European Remedy—Dr. J. B. Simpson's Specific Medicine.

DR. J. B. SIMPSON'S Specific Medicine is a positive cure for Spermatorrhea, Impotency, weakness and all diseases resulting from Self-Abuse, as Nervous Debility, Irritability, Mental Anxiety, Languor, Lassitude, Depression of Spirits and functional derangements of the Nervous System generally. Pains in back or Side, Loss of Memory, Premature Old Age and diseases that lead to Consumption, Insanity and an early grave, or both. No matter how shattered the system may be from excesses of any kind, a short course of this medicine will restore the lost functions and procure health and happiness where before was despondency and gloom. The Specific Medicine is being used with wonderful success. Pamphlets sent free to all. Write for them and get full particulars. Price, Specific, $1.00 per package, or six packages for $5.00. Will be sent by mail on receipt of money. Address all orders, To Northrop & Lyman Toronto Wholesale Agent for Canada. Sold in Belleville by James Clark & Co.

THE WILLIAMS SINGER SEWING MACHINE is the best in the market.

WM. DAVIS
Agent, Belleville.

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial disorders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quininism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,
Lowell, Mass.

The Manhattan Feed

—FOR—

HORSES, CATTLE, MILCH COWS, SHEEP, PIGS, AND POULTRY.

Read these Recommendations:

AMPRIOR, Ont., June 17, '80.

MR. HENRY J. HARTNEY, Agent, Ottawa.

Dear Sir,—We enclose herewith eight dollars ($8) in payment of the accompanying account, which we will thank you to receipt and return to us to correct.

Please forward, on receipt, 500 lbs. of "Manhattan Horse and Cattle Feed," same as before, and oblige

Yours truly,
McLACHLAN BROS.,
Lumber Merchants.

Taylor's Brewery, Montreal, Jan. 9, '80.

Gentlemen,—In reply to your inquiry, I think your Manhattan Feed to be a good article, and one that will amply repay its cost if fed as directed. My horses are much improved since we commenced it some four months ago.

Yours truly,
ROBERT TAYLOR

Logan's Farm, March 22, '80.

MESSRS. MARSDEN & COMPANY:

This is to certify that I have used the Manhattan Feed for Cows for some time, and find it beneficial both for milk and fattening, if given to them regularly.

THOMAS IRVING.

PERRY DAVIS & SON & LAWRENCE
Montreal, sole Agents.

LOW INTEREST.

I AM now lending money on good farm and town properties at seven (7) per cent. and seven and a half (7½) per cent. Interest payable yearly on terms to suit borrower.

Principal repayable either in instalments, or at the end of the term for which the loan is taken, or at any time by giving notice.

On really first-class loans, or farm property, I can lend at even *lower rates*, viz.: *Six* (6) to *six and one half* (6½) *per cent.*

Now is the time for farmers to pay off previous loans borrowed at high rates and gain the benefit of the present reduction of interest as rates may go up again.

Are now prepared to supply all orders on the most moderate terms.
They have chartered a SCHOONER, and are shipping in WOOD, both by
WATER AND TRAINS,
in immense quantities. Customers may rely on strict punctuality in the delivery of
All Orders!
Every description of FIRE WOOD will be found in abundance in their yard.
HARD WOOD, both green and dry.
STOVE WOOD, all sizes.
SOFT WOOD, all kinds.
Four feet KINDLING WOOD, dry.
—AS WELL AS GOOD—
BLOCK WOOD.
Of these a large supply has arrived.
For Railroad Contracts, a powerful Machine is employed, capable of cutting
100 CORDS PER DAY!
with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper
Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.
An early visit from buyers is solicited. May 23rd, 1881. d2m

[illegible] iron were made in the back townships lately, principally in Tudor, we are informed, although at present no definite knowledge of its whereabouts can be obtained. The country back of this is rich in minerals.—*Review.*

—There is no Evaporation or Deterioration in strength about Dr. Thomas' Eclectric Oil. The ingredients of this incomparable anti-rheumatic and throat and lung remedy are not volatile, but fixed, pure and imperishable. Pain, lameness and stiffness are relieved by it, and it may be used with equal benefit externally and internally.

Fos. Beaudin, M. D., Hull, P. O. writes:—Dr. Thomas' Eclectric Oil commands a large and increasing sale which it richly merits. I [illegible] found it exceedingly helpful; I [illegible] Rheumatism, as well [illegible]

Leaves Peterborough [illegible]
Arrives in Belleville..11:00 a.m. and 7:20 p.m.

For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

For the ONTARIO

HOLIDAY RAMBLINGS.

MURRAY BAY.

This place is now one of the best patronized summer resorts in Canada, and in fact it is equal to many of the most fashionable, and eclipses the greater part of American ones in point of natural beauty. It is situated on the north shore of the St. Lawrence, about ninety-five miles below Quebec. The Navigation Company's elegant side-wheel steamers *Saguenay* and *Union*, from Quebec to Ha Ha Bay, call at the harbor four days of the week. A few years ago there was nothing but a French and Indian fishing village, where now may be seen hundreds of people whose only object is rest, sport and recuperation. There are several very good hotels, one of which is capable of giving accommodation to 300 guests. The location of the place seems designed by nature where you can enjoy perfect rest, and never get weary at watching the landscape around you. The bay is probably from one to two miles wide, and stretches about half that distance inland. When the tide is out almost all this portion is dry, while at high tide it is covered with water about fifteen feet deep. As the tide begins to fall, shoals of porpoise may be seen now and then sailing towards the shore in search of small fish, upon which they live. Part of the shore is hemmed in by precipitous rocks, while in many places beautiful clumps of trees are near the water's edge. In the warm afternoon crowds of young and old come hither that they may evade the heat and inhale the fresh sea breezes. A few steps from the beach brings you to a level plateau, which is traversed by the main street called "Broadway." This street runs from the village to the wharf; it is the main thoroughfare, and each side is closely lined with cottages of all descriptions. Back of all this is a hill several feet high, on top of which is another level piece of land. All along this hill and second plateau are cottages, where families from the crowded cities come to live during the summer months. The face of the hill is covered with all sorts of evergreen trees, and the effect of the lights peeping out from amongst the deep thick foliage after night is very grand. All around the little village are lofty mountains, piercing the clouds with unnumbered peaks. The view here presented blends in rare felicity and beauty the wildest magnificence with the most exquisite loveliness. The pen and pencil equally fail to adequately delineate it; when you contemplate the western sky in the declining day, and the atmosphere radient with the beams of the setting sun the scene is grand and gorgeous in the extreme — earth and air, mountains and river, are bathed in a glorious and universal effulgence. On the opposite side of the river, a light-house and numerous farm houses repose in tranquil beauty, while behind them all are delineated the outlines of mountains with the profile of each summit clearly defined upon the horizon. The cottage at which we are making our home is on the face of the hill, and may be reached by a beautiful winding street, through a labyrinth of enchanting woodland scenery, after leaving Broadway-st. This I understand is called "Homewood Avenue," and the natural beauty is enhanced by living streams of water meandering down each side of it. The cottage commands a magnificent view of the bay, embellished with a large lawn, which is utilized for lawn tennis, swinging in the hammock, and croquet. In one corner is a stately flag pole. The surroundings are all that we desire, but we have no name for it, and wish to give it one that will be characteristic of the place and expressive of our own feelings—poetic and not sentimental; sensible but not common place. We name it "Bay View Villa," and the event is celebrated by the bray of a donkey belonging to the adjacent cottages.

All the people from the youngest to the oldest are bent on enjoyment, and many plans are devised whereby they can have the most fun at the least expense. There are several very beautiful drives out into the country, and this forms one kind of pastime for young ladies and gentlemen. You will not unfrequently see a whole family of some half dozen members huddled together in one *chrette*, driving along the hot road enveloped in dust. This may be fun, but I think it can be had nearer home, equally as well as at the seaside. On Monday we made arrangements with a *caleche* man to go out to Lake Comporte on a fishing expedition. This lake is about eighteen miles from Pointe Au Pic, and some very long steep hills have to be gone over in order to get there. We got up very early in the morning so that we might make our fishing grounds in time for the afternoon's fishing. The pure, fresh air greeting us the moment we crossed the threshold; the dewy sunrise which lay dream-like upon the hills; the peaks of mountains so awful and lonely in the mid-heavens; the sense of adventure with which we climbed the steep hills; the gradual disappearance of known regions behind us, and the dawning sense of the illimitable and awful, clasping to its bosom the homely and familiar, produced an impression which cannot be forgotten. This was my experience with anything like real fishing, and before we got to our destination the romance began to wear off. Our way through the woods was in many cases hard to find, and more than once did I think we had lost our way. In fact the road was in keeping with the character of the country. Brawling torrents rush down the mountain side spanned now and then by one or two small saplings over which we had to cross. Right up to a clear blue sky all around you, rise hills whose sides are clothed with wild luxuriance of vegetation. Now and then you gain a view of the surrounding country. In all directions there is something romantic, something beautiful, something pleasing to the eye. The lake is about a quarter of a mile long and about half that in width. It is environed by a gently sloping mountain from the edge of the water until it appears to kiss the clouds. This is all covered by a thick mass of green trees, so regular that their tops appear as one vast green carpet. We began fishing about three o'clock, and before night we had several dozen beautiful trout, some of which would measure fifteen inches. It began to rain at eight, and we all repaired to the cabin, where we spend the night. Our bed was on the soft side of hemlock boughs, and a rubber blanket thrown over us. We kept a fire on all night to insure safety against any animals that might prowl around—mosquitoes included. My eyes the next morning presented the appearance of dissipation, but I had taken nothing any stronger than mixed tea and smoke. During the night I had to make several moves in order to get a dry place. We had intended fishing the next morning, but at 8:30 there were no signs of the rain ceasing, so we made all necessary preparation for our departure. The rain had the effect of making our walk unpleasant, and when we gained clearing again we presented a dilapidated appearance. The keeper of the lake accompanied us through the bush, and assisted us to carry our luggage. His home is about six miles from the lake. After arriving there he asked us in, and offered us the hospitality of his simple rural fare. Hospitality is a virtue, but even virtue may be carried to excess, which was exemplified in this instance. The *caliche* man and our entertainer proved to be old friends, and the meeting was too much for their weak nerves. So they celebrated the occasion by many a filling up of the glass, and by the time we are ready for home our driver was in splendid humor and thought he possessed the fastest horse in that part of the country, and insisted upon his going up the hill equally as fast as down. After a good shaking up and a few narrow escapes from being thrown out we got home safely, to Murray Bay.

(*Concluded To-morrow.*)

A short road to health was opened to those suffering from chronic coughs, asthma, bronchitis, catarrh, lumbago, tumors, rheumatism, excoriated nipples or inflamed breast, and kidney complaints, by the introduction of the inexpensive and effective remedy, Dr. Thomas' Eclectric Oil.

LIONS ABOUT.

It is a dangerous thing to trifle with a cold. A darkey preacher once told his hearers that he thanked God, "that the devil went about as a roaring lion, seeking whom he might devour. He might catch a poor fellow who didn't know that he was near him; but when he heard the roar he could get out of the way; if he didn't, he deserved to die." So when one hears the wheeze or the cough which tells of the old lion of Consumption lurking around, he should fly to Dr. Wistar's Balsam of Wild Cherry, and get out of the way of danger. This preparation is well known, has been tried nearly fifteen years, and is acknowledged by all who use it to be unsurpassed in its soothing and healing properties.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.

Besides being ordinary Lift Pumps they have also the additional advantage of being first-class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.

My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.

Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.

HENRY OWENS.

cor. Front & Campbell Sts. Belleville, Ont.

By the use of Fellows' Compound Syrup of Hypophosphites the blood is speedily vitalised and purified, and so made capable of producing a sound mind and a sound body.

The Latest Style.—Ladies now dress their hair smooth and neat, and not loose and frouzy as has so long been the fashion. They find the BEARINE unequalled for giving the hair a delightful fresh appearance and incline it to remain where placed.

Hagyard's Pectoral Balsam; a few doses relieves the most distressing cough, and a twenty-five cent bottle has cured many a sufferer from Asthma, Bronchitis, Croup, Influenza, Hoarseness and Soreness of the Chest. It is the grand specific for all throat and lung complaints leading to Consumption.

The perfume of freshly-culled flowers is agreeable to every one, and so it is with the delightful fragrance of MURRAY & LANMAN'S FLORIDA WATER. None reject it; none dislike it. From the tropics to the frigid zone, it is the universal favorite on the handkerchief, at the toilet, and in the bath.

That marvelous purifier—Burdock Blood Bitters, will speedily change the sallow face to one of freshness health and beauty. It regulates the bowels, acts promptly on the Liver and Kidneys and strengthens the system when broken down by Nervous or General Debility. Ask your Druggist for a Trial Bottle, the cost is only 10 Cents, Large Bottles $1.00.

Delay in the use of medicine is often the cause of dangerous illness. In the great majority of cases the dislike to swallow offensive and nauseous doses is the reason assigned for this delay, but this objection does not exist against BRISTOL'S SARSAPARILLA AND BRISTOL'S SUGAR-COATED PILLS; both are pleasant to take, and are by far the surest medicines to make you well.

When Your Horse is Lame and you have tried every remedy without success, and you despair of curing him, and begin to think of trading him off—before doing so, obtain a bottle of Giles' Liniment Iodide Ammonia, and see its effects in twenty-four hours. Those are the kind of cases Dr. Giles' likes; where all other remedies fail, his is the one that never disappoints. The doctor will willingly prove and demonstrate what he says on application to him at his office, 120 West Broadway, N. Y. Sold by all druggists. Send for pamphlet.
DR. GILES,
120 West Broadway, N. Y.
Trial size 25 cents.

"Hail beauteous, bounteous, gladsome Spring"— this was Mark Twain's prize poem —but the dire diseases incident to Spring, spoil the romance. Burdock Blood Bitters is the prize remedy, the remedy prized by all who have tried it as the best Blood Purifying Tonic and System Regulator in the market. It cures all Blood Humors from the worst Scrofula to a common Pimple. Sample Bottles 10 Cents. For sale by all dealers in medicine.

POSITIVE FACT.—It is now established beyond controversy that Dr. Fowler's Extract of Wild Strawberry is the most perfect cure for all forms of bowel complaints, including cholera morbus, dysentery, colic, cholera infantum, nausea, canker of the stomach and bowels, piles, etc. Beware of opiates and poisoning drugs that only check for a time and produce inflammation. Wild Strawberry is safe and certain in its effects.

BELLEVILLE, ONT., February 12, 1880.

This is to certify that I have used Perry Davis' Pain-Killer in my house for several years with great satisfaction. I was taken with cramps one night in the stomach, (from eating green fruit), and after taking the Pain-Killer according to directions, I was almost instantly relieved. I believe it saved my live.
(Signed.) FRASER ASSELSTINE.

See advertisement in another column

For over twenty years "Bryan's Pulmonic Wafers" have maintained their reputation for curing coughs, colds, and pulmonary diseases. Those suffering or threatened with any of the symptoms of bronchitis, or any of the pulmonary complaints, should at once give them a trial. They give almost immediate relief, and if taken in time generally effect a cure. Remember that a common cold or cough, if not attended to in time, often leads to that distressing and fatal disease —consumption. Sold by all druggists and country dealers at 25 cts, a box.

Bret Harte in one of his charming sketches tells of a schoolmistress who was accustomed to take long walks in the pine woods of California for the benefit of the balsamic air. There is more in this treatment than most people will be inclined to credit. We see the pines and spruces have been brought into requisition in the cause of medical progress. GRAY'S SYRUP OF RED SPRUCE GUM—a thoroughly scientific preparation—provides this treatment in a concentrated form, and has, after 20 years' test, proved itself the most satisfactory cure extant for Coughs, Colds, Lung and Throat Affections Price 25 and 50 cents per bottle.

HAGYARD'S PECTORAL BALSAM is composed of the most healing balsams and gums. The Balsams, which enter into its composition were used by the native when America was first discovered, and are combined with other vegetable tonics, so blended together, that it is a specific for all affections of the throat and lungs. Thousands of bottles are used annually, and it is considered one of the standard preparations of the day.

FREE OF COST.

All persons wishing to test the merits of a great remedy—one that will positively cure Consumptions, Coughs, Colds, Asthma, Bronchitis or any affection of the Throat and Lungs—are requested to call at Jas. Clark & Co's Drug Store and get a Trial Bottle of Dr. King's New Discovery for Consumption, free of cost, which will show you what a regular dollar-size bottle will do.

VOX POPULI.

The voice of an intelligent people declares, that SOZODONT is an article of genuine merit, and their patronage confirms what their voice proclaims. There is no gainsaying this pronunciamento. Facts attested by the evidence of numberless respectable citizen prove that it is correct. No article for the teeth has such a wide popularity, and assuredly none exerts such a beneficent influence upon them, rendering, as it does, their structure more solid, and exterminating the seeds of its decay.

THERE'S WHERE THE SHOE PINCHES.

Corns are a capital indicator. They tell to a hair's-breadth whether your shoemaker has made allowance for their dimensions or not. Corns will require an accident policy at once, for Putnam's Painless Corn Extractor removes them in a few days. No pain, no discomfort, and permanent benefit. Try it. Sold by druggists everywhere.

HEADACHE.

Why become a suffering martyr to Headache, when Burdock Blood Bitters will surely cure the cause of all varieties of either Sick or Nervous Headache, cleanse the System, regulate the Secretions, relieve Constipation of the bowels, purify the Blood, renovate the Liver and tone up the Nervous System, and distressing headache will be unknown? Sample Bottles 10 Cents, Large Bottles $1.00.

WE BEAT FRANCE

in the article of teeth preservatives. These Frenchmen are wonderful workmen. Their fancy goods astonish, but they have never produced the peer of SOZODONT as a toilet article. It stands alone, unapproachable. There is no teeth preparation so well known as SOZODONT.

"It holds on like Grim Death," has been altered to read. "It holds like Spalding's Glue"

FARMERS AND MECHANICS.

If you wish to avoid great danger and trouble, besides a no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from Spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—Exch.—Sold by Jas. Clark & Co.

DYSPEPSIA AND PILES.

Gentlemen: For more than thirty years have been a great sufferer from dyspepsia and piles. I have been frequently under medical treatment, and have tried various preparations which have been recommended to me, but received no permanent relief. In January last I commenced taking the PERUVIAN SYRUP, and after taking three bottles of it I became perfectly cured of the dyspepsia and piles, and my general health is now all that I can desire it to be.
MILTON DAGGETT, No. 12 Essex Street, Boston.

RHEUMATISM OF THE BLOOD AND DEBILITY.

HAVERHILL, Mass., March 17, 1881.

Gentlemen,—Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that when I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried rubbing; but nothing seemed to help me. At last PERUVIAN SYRUP was recommended and on taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and side At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister's health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbury, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case, and the only one he knew of. The result proved the correctness of his opinion, for the use of one bottle completely cured her.
Your very truly,
MRS. CARRIE A. DANIT No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive. It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, that have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PORAS, [illegible]

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and develops the nervous energies, enriches the blood promotes appetite, dispels languor and depression, forties the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, [illegible] wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain [illegible] doses, 4s. 6d. Sold by Chemists [illegible]. The name of J. PEPPER [illegible]. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

"STAMMERING," [illegible] of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. wly

DAILY ONTARIO.

MONDAY AUGUST 15, 1881.

THE "iron-clad Customs oath" has been a source of much annoyance to business men, and numerous complaints have been made by those who have felt its operations. The Minister of Customs has promised a Montreal deputation to have such modifications of the oath adopted as will meet all the requirements of the case.

THE Montreal *Post* remarks :—"If the Conservative party is stupid enough to believe half what the *Mail* says of Mr. Blake, so much the worse for them, for they certainly are not fit to govern a state, much less to govern even a township. Every intelligent person, for instance, is aware that Mr. Blake—if not the very best—is certainly among the three or four best speakers we have in Canada, but if we are to believe the instructed correspondent of the *Mail*, the great Liberal leader is a mere mountebank, a sputter of rank nonsense and rich speeches fall flat, a mountebank who has as much idea of politics as a Flemish [illegible] ow, while as for Mr. Huntington, who had collect and power enough to overthrow Sir John A. Macdonald's Government in 1873, the dictionary cannot furnish names vile enough.

The Conservative party is not stupid enough to believe even a tenth part of what the *Mail* says about Mr. Blake and other prominent members of the Reform party. The *Mail* is injuring its reputation, even among its own friends.

WISE SUGGESTIONS.

There were a number of notable addresses and essays before the Teachers' Association which was lately in session at Toronto. The suggestion that pupils in rural sections should be taught more agriculture and less useless philosophy and mathematics was a timely one, and we trust will receive prompt attention by the proper authorities. Boys and girls, the majority of whom will spend their life upon the farm, are crammed with rules and definitions that are of little or no use to them in the pursuit of business, and are generally forgotten soon after leaving school. They should know something about the soil they will cultivate, the crops they will raise, the butter, cheese, &c., they will manufacture, and the animals they will look after. All the trigonometry and tonic sections taught by the pedagogues will not benefit a man much when he is selecting a soil for any particular crop, or grading his stock for market advantages.

It was remarked that girls should not be required to take up and pursue many of the advanced studies, as a close and steady application to such subjects, which their difficulty make imperative, not unfrequently results in brain and nervous derangement of a serious and permanent nature. This, too, is a wise suggestion. We could never see the wisdom of burdening delicate young girls with a series of difficult studies, a knowledge of which would not make them better women or better ladies. The constitution of most girls will not bear so much strain on the mind; and even if they are able to master the subjects, what benefit will be derived from such a knowledge in after life?

THE LAND BILL CONFLICT.

The House of Lords, or a majority of that aristocratic body, following the advice of Salisbury, the Conservative leader, have taken such action with regard to the Irish Land Bill amendments as must precipitate a conflict with the Commons directly, and indirectly with the people. Their attitude is much to be regretted, but it is entirely in keeping with the traditions of a branch of the Government that is no longer in harmony with the views of the masses, but rather antagonistic to modern political principles. The amendments to the Bill, adopted by the Lords, were upon the whole vital to the object of the measure, and the Commons rejected most of them. This should have been a sufficient hint that it was the will of the people that the Bill must become law, as the majorities in favor of the Government's position were always large. The perverse and blind Lords, however, have resolved to adhere to their opposition, and have restored all the amendments rejected by the Commons, with an intimation that no concessions may be expected. Hence a declaration of war is the result. Mr. Gladstone will not recede an inch, and he has the people with him. An open conflict between the responsible and irresponsible bodies will be industriously improved by the Radical element, which is now very powerful and disposed to be aggressive. The passage of the Land Bill will be delayed by the action of the Lords, but the victory will be on the side of the people, who speak through the Commons. It may be the beginning of an agitation that will end in the abolition of any aristocratic element in the Government of Great Britian.

ENJOY HEALTH.

The "Mandrake Bitters," world known name No others have obtained such fame; From North to South, from East to West The people say they are the best Let sufferers from dyspepsia fly, And Baxter's Mandrake Bitters try They're sold in every city, town, No others have such wide renown. Let all who would enjoy good health (Tis' more than houses, acres, wealth,) Remember now they can obtain Relief from all their woes and pain.

THE

AN EXTENSIVE TRADE SALE.

Tees, Costigan & Wilson, of Montreal, advertise that they will be seen by our advertising columns, will again hold an extensive trade sale of teas, sugars, coffees and an endless assortment of general groceries in Toronto on Wednesday, Sept. 14th and following days. Their last sale was the most extensive undertaking of the kind held in Canada, and judging from their present catalogue, and judging from their present catalogue, and this will if possible be greater than the last. The Toronto papers spoke in the highest terms of the manner in which the last sale was carried on, and we bespeak for Messrs. T. C, & W. the same success as that of February last. Our local merchants will no doubt put in an appearance, as they usually do when bargains are procurable.

DOWN THE RIVER.

Seeking Recreation and Finding It.

The St. Lawrence River, the great artery of the Dominion of Canada, as somebody has called it, has many attractions for summer tourists. Not long ago when the denizens of heated and pestilential cities spoke of the favorite resorts by its clear, blue waters, they were supposed to refer only to Murray Bay, the Saguenay and other points of special attractions towards the Gulf, where the fog and briny atmosphere of the great ocean brace the nerves and invigorate the body. But more recently the "Thousand Islands" and adjacent localities have grown in popularity, and people begin to think that it is not absolutely necessary to sniff the salt foam of the Atlantic in order to find health and make their summer "outings" conducive to physical and mental strength. Alexandria Bay, Well's Island, Cape Vincent, Clayton, Gananoque, Brockville, and a hundred green holms between Kingston and Prescott, are favorite resorts for many who used to make Saratoga, Newport or some other fashionable "watering place" their objective points when the hot weather arrived. The extreme heat of last week sent thousands to the cooler atmosphere of the river, and they all found what they were in search of. With the exception of Alexandria Bay where the votaries of fashion love to congregate, there is a quiet, healthful air about all these summer resorts that very favorably recommend them to the men and women who desire rest and recuperation rather than the whirl and excitement of fashionable society.

Many of the citizens of Kingston have wisely chosen the family tent in some cosy nook close by the rippling water where they find more real enjoyment and substantial benefit than anywhere else. The north side of Wolfe Island and the Pittsburg shore for miles below the city were dotted with white tents. Fishing, boating, bathing, &c., were indulged in to the heart's content. The writer had the pleasure of visiting "Camp Campbell," located on Ferguson's Point, Wolfe Island, and directly opposite Kingston, where generous hospitality was dispensed by Col. Campbell and Capt. Merritt. These gentlemen, with their families and some friends, had been most fortunate in the selection of a site for their three-weeks sojourn in tents, and had realized a full measure of healthful pleasure. Fishing was the favorite pastime for the gallant soldiers who required very gratifying success. They easily caught more bass than could be consumed at the tents, and so constructed an acquairum, where the fish were kept alive until needed. Hence, when too windy for trolling, there was a plentiful supply on hand. Good fresh fish, eggs, milk, bread and butter &c. constituted a bill of fare that was not only nourishing but tempting to the palate of an epicure. The children were given the liberty of the fields and shore, and dressed for a rough-and-ready life, they soon brought color to their cheeks and strength to their limbs. Col. Campbell and Capt. Merritt were not a whit behind the youngest child in the search for health and pleasure, and were equally as successful in their efforts. Before breaking camp last Saturday the Captain took an admirable sketch of the site, which he will preserve for future reference. We would recommend this way of having a summer outing. "There's millions in it."

MARINE NOTES.

The barge *Active* is loading with stone at Point Ann for pier filling at Gilmour & Co's mill at Trenton.

The *N. P. Downey*, with coal, and the *Peerless* and *McLellan* light, arrived yesterday. The first named is discharging at Downey & Preston's; the second is at the Eagle Mill loading lumber; and the other is loading lumber at Sutherland's dock for Dexter, N. Y.

SPORTING NOTES

—The Onondaga Cricket Club, of Syracuse, will play a match with the Kingston Club, on the ground of the latter, on 22rd inst. They will visit Belleville on the 25th.

—Hanlan intends to cover Ross's deposit in the hands of the Boston Herald to-day, and will row him for $2,000 a side at a place to be mutually agreed upon in the first week in October. He leaves for St. Louis, Missouri, on the 18th, to give an exhibition on the 22nd and 23rd.

—There were eight entries in the yacht race at Clayton last Friday, but only three finished in the order named—Laura, Kingston; Victorine, Sports Island; Emma, Kingston. By careful measurement the first prize, $50 was awarded to the Emma, 2nd, $30, to the Victorine, and 3rd, $10 to the Laura.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up, until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & CO., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

THE LATE RAILWAY ACCIDENT.

The Statement of a Passenger.

Mr. D. Loavens, of Bloomfield, P. E. Co., was a passenger on the train that was wrecked at Prescott, Saturday morning, and says the scene after the accident, was a terrible one, and brought to his mind the recent London disaster. The passengers were running about looking for friends and relatives, and the train officials were wild with excitement. He states that the cause of the accident was a cow on the track. The engine struck it and bore it along for fully twenty-five rods, scattering it's entrails, etc., by the way. Suddenly the tender left the rails, but the engine bore it along, dragging it over two culverts. The shock at the last culvert threw the engine off, when it turned on its side and crushed the driver to death. The baggage car was smashed into kindling wood, as was also the post office car. He could hardly believe his ears when he was informed that none of the passengers were hurt, as every car went off the track except the Pullman, at the end of train. One woman, however, in her anxiety to get out of the car, drove her hand and arm through a window, and received a cut just above the wrist. While one of the first class cars was lying on its side a woman broke a window and threw out three of her children. She was afraid of fire, and desired to save her little ones if possible. As soon as the passengers were released, they left the scene of the wreck as hurriedly as possible, lest an explosion of the boiler might take place; the driver being killed, there was no one to look after the engine. The ground by the side of the track is torn up, in some places there being holes three and four feet deep. He considers the accident one of the worst that has been on the G. T. R. for many years.

CONDENSED TELEGRAMS.

—Another operation to relieve the pus is thought necessary.

—The British ship "Erm's Isle" has arrived at San Francisco with 16 cases of scurvy on board.

—Rockwell attributes the vomiting yesterday to a piece of onion which the President ate on Saturday.

—Temperance people complain of the use of brandy in the President's case, and declare that it is retarding his recovery.

—A Cabinet officer says the President refuses to take brandy ordered by the doctors, but not considered absolutely necessary.

—Windom, who left Washington last Saturday for a brief absence, would not go until assured that the condition of the President was such as to warrant his doing so.

—Blaine saw the President on the day of his departure from Washington for the first time since shortly after the shooting, and was much affected by the great change in his appearance.

—Secretary Lincoln spent yesterday at Coney Island. He emphatically expresses the belief that the President will recover, and does not think that his true condition has been concealed from the public.

AFTERNOON.

—Several tiers of seats collapsed at a bull fight at Marseilles yesterday. Twelve persons were killed and 150 wounded.

—Private Secretary Brown says the President's vomiting was entirely due to a weak stomach, more or less aggravated by the wound.

—There was a wild excitement on Chicago Change this morning, and prices ruled high. Wheat at noon was selling at 130½ for Aug., and 120¾ for Oct.

—The universal sympathy felt for Mrs. Garfield in this affliction will be greatly heightened by the knowledge that she again expects to become a mother about the end of November.

—Since the last bulletin the President has not again vomited, and has been able to retain the nourishment administered. At the morning dressing the discharge of pus was free and of a good character. Since then the pulse has been more frequent, but the temperature has fallen a little below what it was this time (12:30 p. m) yesterday. The pulse is 118; temperature 19; and respiration 19.

PERSONAL ITEMS.

—Mr. W. J. McCreary, of this city, has accepted a position in the counting room of Messrs. Downey & Co., Napanee.

—Mr. J. T. Grange has sold his residence in Napanee and removed to Lindsay, where he represents the tea firm of Messrs. Daly Bros.

—Charles Stewart Parnell and Wendell Phillips are expected to be present in Ogdensburgh at a Catholic pic-nic on the 15th and deliver an address.

—Parker's left arm was broken by the shot from Cole's rifle, and the ball entered his body below the left breast. He was alive on Wednesday, but the wound is considered mortal.

—Bishop Lewis is prolonging his stay in England, and is not expected in Ottawa till October, in consequence of which the annual meeting of the Synod will probably be held in November.

All beds seem hard to the rheumatic. Then harken ye peevish sufferers! Apply Dr. Thomas' Eclectric Oil to your aching joints and muscles, only on it that you will experience speedy relief. Such, at least, is the testimony of those who have used it. The remedy is likewise successfully resorted to for throat and lung diseases, sprains, bruises, etc.

We do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper.

We know from and experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption Brown's BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere.

in illustrating his imaginary Art Gallery hit the truth; but we, in our Art Gallery, hit the bright side of the truth, getting the Easy, Natural Position and Expression of our sitters. Our instantaneous process does it.—BROCK & CO.

5 YEARS ESTABLISHED 5
We do most respectfully invite any person wanting photos, to examine first, our every day work, and second, our Operating Room, Appliances and Conveniences. You will understand why our work pleases.—Brock & Co.

LOCAL AND GENERAL.

Two cars of ore came in this morning.

JUDGE DEAN of Lindsay was in town today.

MR. W. E. BENJAMIN, of Yarker, is in the city renewing old acquaintances and visiting friends.

AN immigrant special passed west this afternoon. It comprised seven cars, five of baggage and two of passengers.

VENNOR's prediction that frost would occur between the 14th and 20th came very nearly being verified last night.

IN the Police Court to-day Thomas Parsons was fined $2.00 and costs for using abusive language towards Stephen Garratt.

THE wells and cisterns in the country adjoining the city are nearly dry, and not a few farmers are inconvenienced to a considerable extent.

THE pilot engine of the G. T. R. at this depot ran off the track on Saturday evening. A brief delay followed, and she was again put on the rails.

DRACON is now at the Dafoe House Barber Shop, where he will be pleased to see all his old customers and many new ones. Best Bath Room in the city.

THE injured train officials of the G. T. R. who were in the accident of Saturday morning near Prescott, are improving and are able to take their places as formerly.

MESSRS. FULLER have opened a grain and commission office in Shannonville, where they will do business this season. We miss their good-natured phizes from our streets, but our loss is Shannonville's gain.

HORSE-BUYERS experience much difficulty now in obtaining as many animals as they want, as farmers being busy with the harvest do not care for disposing of their stock until the grain season has been fully passed.

THE many friends of Rev. Mr. Dewart will be sorry to learn that his health is not improving much in England. He says that "the pain in his head and the derangement of his stomach and bowels still hang on, and that a little tramping about fatigues him and makes his head worse."

SEVERAL of the cups which were attached to the public water tanks throughout the city have been taken away, or so battered by being carelessly dropped that now a number are missing or are useless. They were a great benefit to the thirsty souls, and perhaps it would not be inadvisable to replace them.

A CITIZEN who resides in the western part of the corporation, and who has a pear-tree standing some distance from his house with choice fruit, conceived the idea of building a board house about it to preserve his pears from attacks by Belleville vandals. The tree is completely enclosed to the height of fifteen feet.

GOODLY quantities of coal are now being brought to the city for the future use of those who have the wherewithal to purchase it. A number of recent arrivals of craft have served to fill the usual repositories at the docks which, large though they are, have not been considered sufficiently so to meet the public demands.

THE M. E. Sunday School Parliament, to be held the last week of August, on the St. Lawrence Central Camp Ground, is expected to be in advance of either of the former Parliaments held on the same ground. The lectures and exercises take a very wide range of subjects, and are adapted to instruct and enrich the minds of ministers as well as laymen.

THERE is a temporary lull in the excursion line, the large number advertised last week and prior to that period having caused a weakness in "the cheapest trip of the season" market. The calm that has succeeded the excursion boom here, is only broken by the announcement of the trip of the Brotherhood of Locomotive Engineers, who will hold their annual excursion on the 26th.

REV. DR. BADGLEY writes a feeling obituary for the C. C. *Advocate*, of the late Albert Moulton Morris, B. A., who died recently at Ingersoll, where he served as Head Master of the High School. The deceased was a graduate of the Class in Albert College of 1876, and his academic career was a very brilliant one. Those who formed his acquaintance will remember him as the soul of honor and manly uprightness.

WILLIAM AND JOHN ROSS were on Friday last, at Trenton, committed to the County Gaol on a charge of larceny. (They hired a livery rig at Trenton and were endeavoring to dispose of it when they were arrested on Wednesday.) They are registered as being carpenters, and from the United States, and state that they are cousins. They are altogether uncommunicative, and positively refuse to give any information concerning their movements.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this off'r that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and children's waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in that part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child; as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or mistake will be next to an impossibility. The saving of time and material by this new mode of cutting will be very considerable. Once the ladies with families acquire a knowledge of this system, it will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 8 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice beneforward for 50c; children's 30c to 40c. To her lady visitors, Mrs. Tugnett will be happy in giving explanations on the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

LAKE & JENKINS' baggage horse ran away this morning, with the new baggage waggon, but, beyond upsetting a load of trunks and scaring the driver, nothing serious resulted.

THE CITY will build a crossing from the Market Square to the Street Railway Office, for the better accommodation of those patronizing the road. Mr. Roblin is doing everything possible to make the railway a convenience, and we believe he will succeed to the entire satisfaction of all concerned. The location of the office is just where it should be, and ladies will find it a comfortable waiting place in all kinds of weather. The changes that have been made give plenty of light, and make the apartments much more cheerful.

ONE caller—one of those who never cease to spin around—whose home is their own, or anybody's else—whose food and raiment is what he can get, and the character of which is as toney as the average corner genius, who never does wrong, but yet has every man's hand against him—registered at the police station here last night. He was provided with "the best the house affords," and proferred this thanks for the hospitality accorded him; and the accommodations in the cells are not of the pleasant order of the world either.

AFTER an absence of two weeks—spent principally in the locality of the Thousand Islands, the *Gracie* returned yesterday. Her now weather-beaten crew report having had a delightful trip, having met with pleasant company, and to have attained what they wished — genuine pleasure. Every place along the line was visited, and the enjoyments that each presented were taken advantage of. The harbor was reached at four o'clock in the afternoon, sails were stowed and things put in shipshape, and the crew returned to their homes with the most pleasant recollections of their cruise on the *Gracie*.

A MAN may not possess a self-sacrificing spirit, but yet one of that class may walk over the sidewalk on Front-street, between Leavens' Block and the corner of Dundas-street, and be able to accomplish a great deal in behalf of suffering humanity. An injury can be sustained by going over this sidewalk even if ordinary caution is exercised, and the effort to avoid it can be sought by a passage on the west side of the street or a walk down Pinnacle-street. A more dilapidated sidewalk could not conveniently exists in any other locality, for the simple reason that it would not be allowed. However, there is a remedy for it —and it may be had in the "sweet by and by."

OUR friend, Mr. Burrows, Public School Inspector for Lennox and Addington, owns a farm back in Kaladar, which is more remarkable for the rocky formation of a large part of its surface than for rich alluvial deposite. Recent investigations, however, have shown that all the rocks are not worthless, for some very rich specimens of gold-bearing quartz have been found. We were shown a piece the other day in which the precious metal glittered with a tempting appearance. Mr. Burrows is much pleased with the prospects, and we trust that a genuine bonanza may be th result, and that he may realize a handsome fortune from his rocky farm in Kaladar

THEY of the gun-sports, duck-hunters, demoralizers of game generally—early sought the resort of the duck this morning. Ducking skiffs were at a high premium, and one was not to be had unless through the instrumentality of a friend, whose individual property it was. Every one who had the inclination and had a gun; every one who had the inclination and could beg or borrow a gun, and could spare the time, went off this morning—some as early as two o'clock, others at intermediate times till sunrise. The favorite locality seemed to be the bays between Massassaga Point and the main shore of Prince Edward County, though not a few took in the marsh lands between the city and Long Point on the north shore of the bay.

QUITE smartly has work proceeded on the *Atalanta* during the major portion of the past week. The increased force of ship carpenters who now pay their attention to her with the adze, plane, &c., have made a decidedly progressive movement toward her completion. Every section in the march of this work has been entered into, and with the attention now paid to this craft it is expected, that—no mishaps occurring, she will take her place in the water very soon after the originally anticipated time. Onward and forward are now the mottoes of her energetic builder, and the efforts being spared that will have a tendency to delay her removal from the ways.

WE have mentioned the fact that Rev. B. F. Austin, M. A., B. D., of Ottawa, and a graduate of Albert College, has been appointed to the Principalship of Alma College at Brantford. Mr. Austin not only distinguished himself as a student and took high rank as a graduate, but he has won considerable fame as an editor and author. For several years he was associated with Prof. Foster of New Brunswick as editor of a temperance journal, and has published two or three books which have obtained a large circulation. Those who know him intimately will agree that he is well qualified by nature and education for the responsible and honorable position to which he has been appointed. Mr. Austin's parents reside in Sidney.

☞Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of maturedability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the men. The turning point of the battle often depends on the strain which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or cracked horses will ruin the prospects of any farmer. J. F. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in the profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House. Orders for Dr. Wilson's, Pinnacle Street, Belleville.

FOUR men and two women are now in the County Gaol.

AN addition is being made to Lazier's Woollen and Flouring Mill.

SEVERAL old-timed horse-power threshing machines were received here to-day.

RAFTING and the loading of ore make business very lively at the G. J. R. dock.

W. W. COLE's great five-continent show will exhibit here on the 10th of September.

A quantity of machinery, for use in the new woollen mills at Campbellford, arrived this morning from Acton.

A special meeting of the members of the Society of the Sons of St. Patrick will be held this evening. A full attendance is requested.

REV. MR. HINDE, of Petrolia, is in the city visiting Rev. Dr. Clarke. He preached to the Christ Church congregation twice yesterday.

AN excursion under the auspices of the congregation of St. Thomas Church of this city will take place to Kingston on the 24th of Aug.

IN the race for the Belleville Prentice Boys at Channel Grove on Friday last, Mr. W. J. Seede, W. M. of this city, won a gold emblem.

THE drive has now reached that part of the river south of Coleman's dam. Above that point the bed of the stream is as bare as it usually is in the driest season.

THE steamboat inspector at Kingston instructed the engineer of the steamer Flight to work until another competent engineer could be secured, which he did, and the Flight commenced her regular trips this morning.

HARVEY FAIRMAN, one of the younger employees of this office, won an autograph album, a knife and a shoe brush and box of blacking at Massassaga Point on Friday last. He competed in running, swimming and tricks in the water, and was successful in each.

THE City Mission Services this week will be held as follows: This evening at Mr. John Hannah's, Moira-street, Bogart's Terrace. Tuesday evening at Mr. Bonar's, opposite the ferry landing. Thursday evening at Rev. A. Schuster's, Everett-street, near foot bridge, first door south of Mr. Ockerman's. Friday evening at Mr. Rufus Gulliver's, Pinnacle-street, near Doyle's Terrace. All the services at 8 o'clock.

A DEPUTATION from the Separate School Board of Peterboro', consisting of Mr. T. Kelly the Chairman, Dr. Hourigan and Mr. T. Cahill, were in the city to-day arranging for the excursion under their auspices to this city on Thursday next. These gentlemen arranged for the City Hall to be the place of rendezvous, and in the market building tables and seats will be provided for those who wish to lunch there. The excursion is expected to be a large one, and we sincerely hope that the expectations will be realized.

WEATHER BULLETIN.

TORONTO, August 15.

Moderate to fresh winds, mostly from northward, continued fine cool weather during both Monday and Tuesday.

DASHES.

—The first load of barley sold at Napanee this season brought 60cts. a bushel.

—Fishing must be better down the river than here. A party recently hooked 230 bass in one day off Wolfe Island.

—General Bourke, the hero of the Pigeon Hill *fiasco* in the second Fenian raid of 1867, is to address the Irish Land League at Ogdensburg on Monday.

—A German girl named Hahn was choked to death at Arnprior, a couple of days ago, trying to swallow a piece of bread too large for her throat.

—The Poor, or Poore Family, purpose having a gathering at Newberyport, Mass., on the 14th of Sept. next, when orations, poems, songs, and a dinner will constitute the programme.

—It was a cow that caused the burning down of Chicago, and a cow upset a whole train on the Grand Trunk Railway Saturday. A cow's influence is greater than has generally been believed.

—A young man from Syracuse, N. Y., passed through Napanee the other day, en route for Madoc, on a bicycle. He made the distance between Kingston and Napanee in two and a half hours.

—The youthful son of Mr. Witcher, printer, of Kingston, was missing from his home last Wednesday morning, and Friday afternoon his body was found floating in the water at Cataraqui Bridge.

—Mr. M. W. Simpkins, of Newburg, thinks he has invented an improvement on sewing machines. This consists of a self-setting needle and fastener, which prevents the needle from becoming misplaced.

—We have received the initial number of the *Chronicle*, published in Visby Springs, Maries Co., Mo., by Rainey & Hart. The latter is a son of Mr. Philip Hart, of this city. The *Chronicle* is a lively, well edited sheet.

—The "Real Estate and Mineral Review," comes to us this morning from Ottawa, published by Thos. Dowsley and Fred. Cooke. It will appear monthly, and will give full and reliable information of all transactions in the mining and mineral interests, and also that of real estate.

—The driver Howarth, who was killed at the railway accident near Prescott, was a resident of Montreal, formerly of Brockville. He was aged about 40 years, and was considered a skilful man. His death is regretted by all the employees and officers on the road. He heroically stood at his post until the last. He perished doing his duty.

—A rural athlete shipped at Channel Grove on the *Hero* last Friday, and at Stella wanted to leave without paying his fare. He resisted the Purser and Captain, and an employee of the boat brought him to terms and made him fork over. When the boat was leaving the dock several windows were broken by stones thrown by the disappointed "dead-head."

MINING NOTES.

—Forty-six cars of hematite ore and three of magnetic were shipped last week.

—A gentleman who lately visited the mining sections of Madoc and Kingston districts, and who knew whereof he spoke, said there was enough of iron here to supply the demand of the United States for, he thought, all time to come.

—Some new and important discoveries of iron were made in the back townships lately, principally in Tudor, we are informed, although at present no definite knowledge of its whereabouts can be obtained. The country back of this is rich in minerals.—*Review*.

—There is no Evaporation or Deterioration in strength about Dr. Thomas' Eclectric Oil. The ingredients of this incomparable antirheumatic and throat and lung remedy are not volatile, but fixed, pure and imperishable. Pain, lameness and stiffness are relieved by it, and it may be used with equal benefit externally and internally.

Fos. Beaubin, M. D., Hull, P. O. writes:—Dr. Thomas' Eclectric Oil commands a large and increasing sale which it richly merits. I have always found it exceedingly helpful; I used it in all cases of Rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved from pain.

Harrison's Block.

HATS. HATS. HATS.

N. DAVENPORT

HAS determined to offer his whole Stock of Hats AT COST.

This is without doubt the finest and best assorted Stock of Hats in Ontario, and in selling it at cost it gives the public an opportunity of getting first-class goods seldom offered.

THIS IS A GENUINE COST SALE!

N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN SHIRT FACTORY. About Advertising. UP TOWN SHIRT FACTORY.

A man said to me the other day "Sam, you are a big advertiser. It must cost you lots of money in a year. Does it pay you?"

"Well," I said, "if you can tell me how to let the people know that I sell cheaper Shirts than are sold anywhere else in the city, I will quit."

"Well, that is so," he said. "But *do* you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I hear so many speaking of."

Well, I showed him our styles—well made, good cloth and guaranteed to fit—sold him his summer's cut-fit, and had no trouble in convincing him that *advertising is not all wind.*

The great secret of successful advertising is to always be able to show as good a bargain as you advertise.

Insure your Life in the

ONTARIO MUTUAL LIFE ASSURANCE COMPANY,

OF WATERLOO, - - - ONTARIO.

Government Deposit..... $ 56,176 79
Fall Rate (Gov. Standard)..... $108 349 68
Surplus over all liability..... $ 39,574 93

The Ontario Mutual has a reserve in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company.

Deaths in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to each income, is smaller than any other Canadian Campany!!

Exorbitant salaries and "bonuses" incident to companies located in large cities, and indeed in at the expense of the policy holders, has never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada!!

EXAMPLE

Policy No. 675 was issued in 1870 for $1,000; age 27, annual premium $19.44, premiums paid during the last 11 years. $155.30; but should the policyholder wish to with-draw from the Company, he would get $86.56 in cash, leaving the actual average cost $6.24 per annum, during the ages from 27 to 38, and subject to a still further reduction annually.

The above results show the advantages of insuring in this Company.

S. BURROWS General agent for this district, and F. M. CLARKE local agent. Their office is in the Ashley Block, Front Street, Belleville.

H F. MacCarthy, Wholesale and Retail Druggists, Ottawa, writes:—"I was afflicted with Chronic Bronchitis for some years, but have been completely cured by the use of Dr. Thomas' Eclectric Oil in doses of five drops on sugar. I have also pleasure in recommending it as an embrocation for external use.

DAILY ONTARIO.

MONDAY AUGUST 15, 1881.

Business Notices.

America was discovered by Lief Ericsson, the Icelander, in the year 1004, and 886 years after, the Esterbrook Steel Pen Co turned out their first pen.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50 cents. R. Templeton, special agent.

GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

IANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and sical Incapacity, Impediments to Marriage resulting from excesses. Price, in a sealed envelope, only 6 cts. wo postage stamps. he celebrated author, in this admirable ay clearly demonstrates, from thirty years essful practise, that alarming consequen- may be radically cured without the dan- ous use of internal medicines or the use of knife; pointing out a mode of cure at e simple, certain and effectual, by means which every sufferer, no matter what his dition may be, may cure himself cheaply, ately and radically. This Lecture should be in the hand of ry youth and every man in the land. Address, The CULVERWELL MEDICAL Co. 41 Ann St. New York. st Office Box 4586

N. H. DOWNS' VEGETABLE BALSAMIC ELIXIR

It is a sure cure for Coughs, Colds, Whooping-Cough and all Lung Diseases, when taken in season. People die of consumption simply because of neglect, when the timely use of this remedy would have cured them at once. Fifty-one years of constant use proves the fact that no cough remedy has stood the test like Downs' Elixir. Price 25 cents and $1.00 per bottle. For Sale Everywhere.

Dr. Baxter's Mandrake BITTERS

Will cure Jaundice, Dyspepsia, Liver Complaints, Indigestion, and all Diseases arising from Biliousness. Price 25 cents per bottle. For Sale Everywhere.

HENRY & JOHNSON'S ARNICA AND OIL LINIMENT For Man and Beast.

The most perfect liniment ever compounded. Price 25 cts. and 50 cts. For Sale Everywhere.

THE GREAT FEMALE REMEDY

JOB MOSES PILLS

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson, Man Boulter, Stirling W C Barke, Trenton and all medicine dealers

Dr. A. G. Douglas,

GRADUATE OF ONTARIO VETERINARY COLLEGE, Toronto, student with the late Dr. Newton.

Office—Two doors south of Queen's Hotel, formerly occupied by Dr. Newton.

JUST ARRIVED.

Wallbridge & Clarke,

GROCERS & WINE MERCHANTS, 37 & 39 Front Street.

ELECTRICITY! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, 'Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."——Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.——H. Cole, of Iona, writes "Please forward 6 dozen Dr. Thomas' Eclectric Oil. I am nearly out, nothing equals it." J. Bedford, Thamesville, writes, "Send at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."——J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

'No, sir.'

'She has shown however, that something was preying on her mind—fear, remorse, or anxiety?'

'No, sir; on the contrary, she has often er appeared like one secretly elated.'

'But,' exclaimed Mr. Gryce with another sidelong look at me, 'that was very strange and unnatural; I cannot account for it.'

'Nor, I, sir. I used to try to explain it by thinking her sensibilities had been blunted, or that she was too ignorant to comprehend the seriousness of what had happened, but as I learned to know her better, I gradually changed my mind. There was too much method in her gravity for that. I could not help seeing she had some future before her for which she was preparing herself. As for instance, she asked me one day if I thought she could learn to play on the piano. And I finally came to the conclusion she had been promised money if she kept the secret intrusted to her, and was so pleased with the prospect that she forgot the dreadful past and all connected with it. At all events that was the only explanation I could find for her general industry and desire to improve herself, or for the complacent smiles I detected now and then stealing over her face when she didn't know I was looking.'

Not such a smile as crept over the countenance of Mr. Gryce at that moment I warrant.

'It was all this,' continued Mrs. Belden, 'which made her death such a shock to me. I couldn't believe that so cheerful and healthy a creature could die like that all in one night without anybody knowing anything about it. But—'

'Wait one moment,' Mr. Gryce here broke in. 'You speak of her endeavors to improve herself. What do you mean by that?'

'Her desire to learn things she didn't know, as for instance to write and read writing. She could only clumsily print when she came here.'

I thought Mr. Gryce would take out a piece of my arm, he gripped it so.

'When she came here! Do you mean to say that since she has been with you she has learned to write?'

'Yes, sir. I used to set her copies and ——'

'Where are these copies?' broke in Mr. Gryce, subduing his voice to its most professional tone. 'And where are her attempts at writing? I'd like to see some of them. Can't you get them for us?'

'I don't know, sir. I always made it a point to destroy them as soon as they had answered their purpose. I didn't like to have such things lying around. But I will go and see.'

'Do,' said he; 'I will go with you. I want to take a look at things up stairs, anyway.' And heedless of his rheumatic feet, he rose and prepared to accompany her.

'This is getting very intense,' I whispered as he passed me.

The smile he gave me in reply, would have made the fortune of a Thespian Mephistopheles.

Of the ten minutes of suspense which I endured in their absence, I say nothing. At the end of that time they returned with their hands full of paper boxes, which they flung down on the table.

'The writing paper of the household,' observed Mr. Gryce; 'every scrap and half sheet which could be found. But before you examine it, look at this.' And he held out a sheet of bluish foolscap, on which were written some dozen imitations of that time-worn copy, 'BE GOOD AND YOU WILL BE HAPPY; with an occasional '*Beauty soon fades*,' and '*Evil communications corrupt good manners.*' 'What do you think of that?'

'Very neat and very legible.'

'That is Hannah's latest. The only specimens of her writing to be found. Not much like some scrawls we have seen, eh?'

'No.'

'Mrs. Belden says the girl has known how to write as good as this for more than a week. Took great pride in it, and was continually talking about how smart she was.' Leaning over he whispered in my ear. 'This thing you have in your hand must have been scrawled some time ago, if she did it. Then aloud, 'But let us look at the paper she used to write on.'

Dashing open the covers of the boxes on the table, he took out the loose sheets lying inside, and scattered them out before me. One glance showed they were all of an utterly diffierent quality from that used in the confession. 'This is all the paper in the house said he.

'Are you sure of that?' I asked, looking at Mr. Belden who stood in a sort of maze before us. 'Wasn't there one stray sheet lying around somewhere, toolscap or some thing like that, which she might have got hold of and used without your knowing it?'

'No, sir; I don't think so. I had only these kinds; besides, Hannah had a whole pile of paper like this in her room, and wouldn't have been apt to go hunting round after any stray sheets.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PARRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

Those intolerably painful and constantly harassing things called piles, which trouble so many people, are soon healed by Dr. Thomas' Eclectric Oil—the great external remedy for physical suffeing and means of relieving pains. A very small quantity achieves results of the most gratifying kind.

The Canadian Pacific Railway Co'y

EMIGRATION TO MANITOBA AND THE CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of The Canadian Pacific Railway Company, at Montreal and Winnipeg.

By order of the Board,

CHS. DRINKWATER, Secretary.

THE WILLIAMS SINGER SEWING MACHINE is the best in the market

WM. DAVIS

Agent, Belleville.

Ayer's Cathartic Pills,

For all the purposes of a Family Physic, and for curing Costiveness, Jaundice, Indigestion, Foul Stomach, Breath, Headache, Erysipelas, Rheumatism, Eruptions and Skin Diseases, Biliousness, Dropsy, Tumors, Worms, Neuralgia, as a Dinner Pill, for Purifying the Blood,

Are the most effective and congenial purgative ever discovered. They are mild, but effectual in their operation, moving the bowels surely and without pain. Although gentle in their operation, they are still the most thorough and searching cathartic medicine that can be employed: cleansing the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and promote vigorous health.

AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their aperient action they gripe much less than the common purgatives, and never give pain when the bowels are not inflamed. They reach the vital fountains of the blood, and strengthen the system by freeing it from the elements of weakness.

Adapted to all ages and conditions in all climates, containing neither calomel nor any deleterious drug, these Pills may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take; while being purely vegetable, no harm can arise from their use in any quantity.

THE SAMSON CHOPPER
—AT THE—
NEW WOOD YARD!
MESSRS. Johnson & Co., having bought out Mr. W. Monahan's entire stock of
Wood, Horses, Waggons, Machinery, &c.,
Are now prepared to supply all orders on the most moderate terms.
They have chartered a SCHOONER, and are shipping in WOOD, both by
WATER AND TRAINS,
in immense quantities. Customers may rely on strict punctuality in the delivery of
All Orders!
Every description of FIRE WOOD will be found in abundance in their yard.
HARD WOOD, both green and dry.
STOVE WOOD, all sizes.
SOFT WOOD, all kinds.
Four feet KINDLING WOOD, dry.
—AS WELL AS GOOD—
BLOCK WOOD.
Of these a large supply has arrived.
For Railroad Contracts, a powerful Machine is employed, capable of cutting
100 CORDS PER DAY!
with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper
Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.
An early visit from buyers is solicited.

For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

DREAMS.

The following essay was written by a young lady of Ameliasburg who recently received the degree of M. E. L. at the Ontario Ladies College, Whitby:

In complete sleep there is probably an entire absence of consciousness of external things. Usually, however, there is a certain amount of mental activity of which we are more or less conscious at the time, and of which we have more or less remembrance. In this state we may be said to be dreaming. While in this condition we may experience every kind of mental emotion or carry out a clear and external process of reasoning. In some cases dreams may leave a strong impression on the mind although the thoughts which have occurred to us, even immediately on waking cannot be recalled. This was the case with Nebuchadnezzar King of Babylon, who was greatly troubled on account of a dream that he had forgotten and was only recalled by the prophet Daniel. The thoughts which pass through our minds while dreaming are with such rapidity that in a few minutes or seconds events occur which would require hours or even days to apprehend in the waking state.

Of the five external senses *sight* is the *least* excitable during sleep, while *touch* is the *most* excitable.

Some go so far as to say that even in the most profound slumber, the human mind is not altogether inactive, though on waking we have no trace or recollection of its activity. One strong objection to this ceaseless working of the human mind is, the rest and refreshment which we obtain during sleep. The intimate connection subsisting between the mind and the brain or nervous organism, and the possibility of the latter being ruined by overwork, gives favor to the theory that the mind at least at times comes to a condition of absolute rest.

Kant says that we always dream when asleep; that to cease to dream would be to cease to live, and that those who fancy they have not dreamed have only forgotten thier dream.

Who will say that the dreams of Lady Macbeth, those dreams of a guilty conscience are not among the most truthful of the portraitures of the great master dramatist. There are also the dreams of Homer which were held in such high esteem that they were called "Golden Dreams;" and among the Grecians we find a whole country using no other means for information but going to sleep.

In dreams things may pass before our minds, and our emotion may be very much excited, as for instance the sailor's wife may in stormy weather dream of shipwrecks and shriek with terror from its miseries, thinking that her husband may be lost. Then again in dreams we may have friends long since dead, appear and converse, and events often come before us that have long since passed, all seeming real.

The physician says that the cause of dreams generally pertains to some peculiar condition of the body, and they are often called into action through our external senses. That the mind is not entirely unaffected by surrounding circumstances and influences, may be shown by the fact that our thoughts may be controlled or directed by suggestions communicated through the senses, and without any consciousness or recollection by the dreamer. We see that native talent also shows itself in dreams. Talents which have had no opportunity to develop themselves, owing to our lack of education, take advantage of us when asleep, and we are poets, artists, &c., whatever nature has designed, but we long in vain for it in our waking moments. People in former ages believed in dreams as indications of the future, and Baily says: "Dreams are indications of the great state to come; we dream of what is about to happen."

While dreaming the whole train of our throughts is entirely lost, and usually becomes disconnected, and the images that come before us are so dissimilar that on return to consciousness we are struck with amazement.

May we not then imagine that the pleasures and enjoyments of a future spiritual existence shall excel our earthly abilities as much as the most idealistic happiness of dream-land excels the experience of every day life, and that the great giver of all good is allowing us only a foretaste of what he has in store for the noble, the pure and the good. But not only have we dreams at night during the period of sleep, but in our waking moments by day, we have what may be figuratively called day dreams, and perhaps these dreams have more influence over us than the former, though many of them are cast away and are of no value.

There is the student, weary from toiling over his books, who presses onward in the pathway of knowledge, hoping that he may be brought to some eminence that shall fit him for a nobler and better life.

Again, the politician, maligned and misrepresented by designing opponents, has a dreamy conception of high honor and position that he will yet obtain by honest and persevering efforts, and these pleasant day dreams inspire him to do and to suffer.

Even the dying man, during his last struggles with the king of terrors, has hopes of being restored to health.

According to this opinion, sleep accompanied by dreams can only be imperfect. On this point many of us know from experience that in many instances in disturbed and unrefreshing sleep, dreams have been an accompaniment. People have often been known to compose music and poems in a dream, and when waking write down that which was impressed so deeply upon their minds. But if the mind is taken up with something else before writing an account of their dream it may not be recalled.

Day dreams, brighter day dreams! still be mine.
And though life's darkest clouds abound,
'Tis bliss to know that ye will shine,
And fling your silver edges round.

Sometimes this day dreaming is carried to excess, and becoming a habit injures our mental activity. Look at Coleridge and see how his life ebbed away in the dangerous happiness of day dreaming. His poem *Kubla Khan*, which is literally the record of a dream, represents in its georgous incoherence, his singular power of lighting up landscapes with thrilling fancies.

Well may sleep present us fictions,
Since our waking moments teem
With such fanciful convictions,
As make life itself a dream,
Half our daylight, faith's a fake.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

WE do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper. We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

LIONS ABOUT.

It is a dangerous thing to trifle with a cold. A darkey preacher once told his hearers that he thanked God, "that the devil went about as a roaring lion, seeking whom he might devour. He might catch a poor fellow who didn't know that he was near him; but when he heard the roar he could not get out of the way; if he didn't, he deserved to die." So when one hears the wheeze or the cough which tells of the old lion of Consumption lurking around, he should fly to Dr. Wistar's Balsam of Wild Cherry, and get out of the way of danger. This preparation is well known, has been tried nearly fifteen years, and is acknowledged by all who use it to be unsurpassed in its soothing and healing properties.

A WANT SUPPLIED!
—o—
SOMETHING NEW IN BELLEVILLE!
—o—
HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my
PUMP WORKS
on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my
Boom and Model Pumps,
which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advatage of being first class
FORCE PUMPS
and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.

——For sale only by——
Bennett, Badgley & Co.
cor. Front & Campbell Sts. Belleville, Ont.

By the use of Fellows' Compound Syrup of Hypophosphites the blood is speedily vitalised and purified, and so made capable of producing a sound mind and a sound body.

The Latest Style.—Ladies now dress their hair smooth and neat, and not loose and frouzy as has so long been the fashion. They find the BEARINE unequalled for giving the hair a delightful fresh appearance and incline it to remain where placed.

Hagyard's Pectoral Balsam; a few doses relieves the most distressing cough, and a twenty-five cent bottle has cured many a sufferer from Astama, Bronchitis, Croup, Influenza, Hoarseness and Soreness of the Chest. It is the grand specific for all throat and lung complaints leading to Consumption.

The perfume of freshly-culled flowers is agreeable to every one, and so it is with the delightful fragrance of MURRAY & LANMAN'S FLORIDA WATER. None reject it, none dislike it. From the tropics to the frigid zone, it is the universal favorite on the handkerchief, at the toilet, and in the bath.

That marvelous purifyer Burdock Blood Bitters, will speedily change the sallow face to one of freshness health and beauty. It regulates the bowels, acts promptly on the Liver and Kidneys and strengthens the system when broken down by Nervous or General Debility. Ask your Druggist for a Trial Bottle, the cost is only 10 Cents, Large Bottles $1.00.

Delay in the use of medicine is often the cause of pangerous illness. In the great majority of cases the dislike to swallow offensive and nauseous doses is the reason assigned jor this delay, but this objection does not exist against BRISTOL'S SARSAPARILLA AND BRISTOL'S SUGAR-COATED PILLS; both are pleasant to take, and are by far the surest medicines to make you well.

When Your Horse is Lame and you have tried every remedy without success, and you despair of curing him, and began to think of trading him off—before doing so, obtain a bottle of Giles' Liniment Iodide Ammonia, and see its effects in twenty-four hours. Those are the kind of cases Dr. Giles likes; where all other remedies fail, his is the one that never disappoints. The doctor will willingly prove and demonstrate what he says on application to him at his office, 120 West Broadway, N. Y. Sold by all druggists. Send for pamphlet.
DR. GILES, 120 West Broadway, N. Y.
Trial size 25 cents.

"Hail beauteous, bounteous, gladsome Spring"—this was Mark Twain's prize poem—but the dire diseases incident to Spring, spoil the romance. Burdock Blood Bitters is the prize remedy, the remedy prized by all who have tried it as the best Blood Purifying Tonic and System Regulator in the market. It cures all Blood Humors from the worst Scrofula to a common Pimple. Sample Bottles 10 Cents. For sale by all dealers in medicine.

POSITIVE FACT.—It is now established beyond controversy that Dr. Fowler's Extract of Wild Strawberry is the most perfect cure for all forms of bowel complaints, including cholera morbus, dysentery, colic, cholera infantum, nausea, canker of the stomach and bowels, piles, etc. Beware of opiates and poisoning drugs, that only check for a time and produce inflammation. Wild Strawberry is safe and certain in its effects.

BELLEVILLE, ONT., February 12, 1880.
This is to certify that I have used Perry Davis' Pain-Killer in my house for several years with great satisfaction. I was taken with cramps one night in the stomach, (from eating green fruit), and after taking the Pain-Killer according to directions, I was almost instantly relieved. I believe it saved my life.
(Signed,) FRASER ASSELSTINE.
See advertisement in another column

For over twenty years "Bryan's Pulmonic Wafers" have maintained their reputation for curing coughs, colds, and pulmonary diseases. Those suffering or threatened with any of the symptoms of bronchitis, or any of the pulmonary complaints, should at once give them a trial. They give almost immediate relief, and if taken in time generally effect a cure. Remember that a common cold or cough, if not attended to in time, often leads to that distressing and fatal disease—consumption. Sold by all druggists and country dealers at 25 cts. a box.

Bret Hare in one of his charming sketches tells of a schoolmistress who was accustomed to take long walks in the pine woods of California for the benefit of the balsamic air. There is more in this treatment than most people will be inclined to credit. We see the pines and spruces have been brought into requisition in the cause of medical progress. GRAY'S SYRUP OF RED SPRUCE GUM—a thoroughly scientific preparation—provides this treatment in a concentrated form, and has, after 20 years' test, proved itself the most satisfactory cure extant for Coughs, Colds, Lung and Throat Affections Price 25 and 50 cents per bottle.

HAGYARD'S PECTORAL BALSAM is composed of the most healing balsams and gums. The Balsams, which enter into its composition were used by the native when America was first discovered, and are combined with other vegetable tonics, so blended together, that it is a specific for all affections of the throat and lungs. Thousands of bottles are used annually, and it is considered one of the standard preparations of the day.

FREE OF COST.
All persons wishing to test the merits of a great remedy—one that will positively cure Consumptions, Coughs, Colds, Asthma, Bronchitis or any affection of the Throat and Lungs—are requested to call at Jas. Clark & Co's Drug Store and get a Trial Bottle of Dr. King's New Discovery for Consumption, free of cost, which will show you what a regular dollar-size bottle will do.

VOX POPULI.
The voice of an intelligent people declares, that SOZODONT is an article of genuine merit, and their patronage confirms what their voice proclaims. There is no gainsaying this pronunciamento. Facts attested by the evidence of numberless respectable citizen prove that it is correct. No article for the teeth has such a wide popularity, and assuredly none exerts such a beneficent influence upon them, rendering, as it does, their structure more solid, and exterminating the seeds of its decay.

THERE'S WHERE THE SHOE PINCHES.
Corns are a capital indicator. They tell to a hair's-breadth whether your shoemaker has made allowance for their dimensions or not. Corns will require an accident policy at once, for Putnam's Painless Corn Extractor removes them in a few days. No pain, no discomfort, and permanent benefit. Try it. Sold by druggists everywhere.

HEADACHE.
Why become a suffering martyr to Headache, when Burdock Blood Bitters will surely cure the cause of all varieties of either Sick or Nervous Headache, cleanse the System, regulate the Secretions, relieve Constipation of the bowels, purify the Blood, renovate the Liver and tone up the Nervous System, and distressing headache will be unknown? Sample Bottles 10 Cents, Large Bottles $1.00.

WE BEAT FRANCE
in the article of teeth preservatives. These Frenchmen are wonderful workmen. Their fancy goods astonish, but they have never produced the peer of SOZODONT as a toilet article. It stands alone, unapproachable. There is no teeth preparation so well known as SOZODONT.

"It holds on like Grim Death," has been altered to read, "It holds like Spalding's Glue.

FARMERS AND MECHANICS.
If you wish to avoid great danger and trouble, besides a no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from Spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—Exch.—Sold by Jas. Clark & Co.

SPEPSIA AND PILE
Gentlemen: For more than thirty years have been a great sufferer from dyspepsia and piles. I have been frequently under medical treatment, and have tried various preparations which have been recommended to me, but received no permanent relief. In January last I commenced taking the PERUVIAN SYRUP' and after taking three bottles of it I became perfectly cured of the dyspepsia and piles! and my general health is now all that I can desire it to be.
MILTON DAGGETT, No. 12 Essex Street, Boston.

RHEUMATISM OF THE BLOOD AND DEBILITY.
HAVERHILL, Mass., Mar h 17, 1881
Gentlemen.—Thirteen years ago I was troubled with rheumatism of the blood. My blood was in such poor condition that when I retired my arms would become so paralyzed that I could not move the clothes to cover me. I used various remedies, and tried rubbing' but nothing seemed to help me. At last PERUVIAN SYRUP was recommended' and on taking two small bottles I was completely restored to health, and had no occasion to use it again for ten years. About three years ago I was taken with kidney complaint, and had no dreadful pains in my back and side At times, when in the street, I would have such severe attacks that I would be obliged to sit down on a door step, and I would cry like a child. After suffering for some time I remembered what the PERUVIAN SYRUP had formerly done for me, and the use of one large bottle entirely cured me. A few years since my sister's health was completely broken down. She was so weak that she could do no work. She consulted Dr. Durkee, of Roxbury, who recommended PERUVIAN SYRUP. He said it was just the remedy to meet her case, and the only one he knew of. The result proved the correctness of his opinion, for the use of one bottle completely cured her.
Your very truly,
MRS. CARRIE A. DANIT No. 5 Nichol St.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PEPPER, London, Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and in wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. Sold by Chemists everywhere. The name of J. PEPPER is on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. wly

…AILY ONTARIO.

…EDNESDAY AUGUST 17, 1881.

…R. MACKENZIE is not leader of the Op…tion in the Dominion Parliament, and …is Inverness speech is applauded by …isterial journals. Mr. Blake is leader …e Opposition in the Dominion Parlia…t, and all his speeches are ridiculed …inisterial journals. The inference is …

…HE meeting of the Liberals at Kentville, …, on Monday last was most successful. …wards of 1000 persons were present, in …ing a large number of ladies. Address… were delivered by Dr. Borden, M. P. for …gs Co., Hon. Messrs. Blake, Laurier, …es and Vail. Leading men from all …ts of the country were present. The …ption accorded Mr. Blake was most …husiastic.

…N the address presented to Mr. Blake at …ew Glasgow, N.S., we find the following: … citizens we desire to express our con…nation—the condemnation, we doubt …, of all respectable men of whatever …itical party—of the policy of slander and …se deliberately adopted by the leading …rnals of the Government party." The …il and its satellites will probably learn …ore long that the attacks upon Mr. …ake, in which they have indulged with …much relish, are producing an effect the …ry opposite to what they expected. No …ubt "all respectable men of whatever …litical party" do condemn "the policy of …ander and abuse" which has been so …thfully observed by the leading journals …the Conservative party.

DESPATCHES yesterday gave vague infor…ation of a compromise between the Lords …d Commons on the amendments to the …and Bill, by which a dead-lock has been …oided. At the time of writing we are …t in possession of the particulars, but it …ould appear from what the New York …*erald* correspondent says that the Con…rvative Lords have won a victory, and …e Liberal majority in the Commons …ade a virtual surrender. Of course there …ere mutual concessions, but the most …jectionable amendments by the Lords …ave been retained. This action by the …overnment was entirely unexpected, and …as greatly injured their reputation among …e people. A dissolution now would quite …rely result in the return of the Conser…atives to power.

WHAT THE CENSUS SHOW.

The local Tory organ flatters itself that …e census returns do not bear out the con…ntion that Belleville has decreased in …opulation under the N. P. regime. There …as been a considerable increase, according …o the comparison made by the last census …ith that of 1871, and the organ is vain …nough to claim all the prosperity, real or …ppositions, for the present fiscal policy. …he increase we admit, but it was obtain…d entirely during the existence of a Re…orm Administration, and under a tariff …hat was intended for revenue only. From …1873 till 1878 Belleville made rapid strides …n material prosperity, the population in…reasing from less than 8,000 to more than …0,000, and real estate advancing propor…ionately. Since 1878 there has been a …ecline quite as rapid. The population of …he city is less to day than it was …hree years ago, and property is great…y depreciated in value. Will the …rgan dispute this? There is property in …his city that was mortgaged five years …go for less than two thirds its value, which …annot be sold now for the original face of …he mortgage, to say nothing of the inter…st. Attempts have been made to dispose …f land and buildings at a sacrifice, but …hey have not been successful. Rents are …n a similarly demoralized condition. …Buildings that in 1875 and '76 rented for …$400 and $500 can now be had for $250 …and $300. In some instances still greater …reductions are noticed.

The organ pretents to account of an al…leged falling off in the population of the …city by the *de jure* system of taking the …census, and asserts that a *de facto* system …would have added fully another thou…sand to the returns. This is all non…sense. The writer knows full well …that the number of young men or …women employed in the city whose …places of residence are elsewhere is insig…nificantly small. He knows just as well, …too, that scores of families, numbering …several persons each, to say nothing of …scores of single men, have left the city with…in the past three years for the Western …States and Manitoba. He need not puzzle …his brain to recall names, for many of his …intimate friends and acquaintances are …among the expatriated ones. These are …the facts that account for the decrease in …the population of our city, and they are …the facts that neither the *de jure* nor the *de facto* system of taking the census will affect. …Belleville has made some progress since …1871, but it was under a Reform Govern…ment and revenue tariff. Since the "bene…ficial" influence of the N. P. has been the …inspiration and support of our industries …Ichabod has been writing characters on the …walls.

…The *Downey* went out light yesterday, …

ARGENTEUIL.

The election in Argenteuil takes place to-day. The candidates are Dr. Christie, Reform, and Hon. Mr. Abbott, Conservative. The chances are decidedly in favor of the latter, owing to local influences under the control of the Government. Mr. Abbott had a considerable majority at the last election.

THE LAND BILL.

Fuller and more reliable intelligence from London shows that the compromise on the Lords' amendments to the Land Bill was all on one side. Mr. Gladstone did not surrender one important principle. The Lords came down from their lofty pinnacle with a bound when the full extent of the popular indignation at their course became known. Lord Salisbury protested, but that is all he could do. The Conservatives were frightened, and yielded to the expressed will of the people. The Bill will probably receive the royal assent to-day, and by Saturday will be enforced in Ireland.

THE EMIGRATION RETURNS.

The returns of the five emigration agencies of Ontario show that for the first six months of the current year 10,034 immigrants have settled in the province as compared with 9,142 for the corresponding period of last year. For the seven months ending with July the total number was 12,065 as compared with 11,082 for the corresponding period of last year. The month of July shows a decrease of 909 as compared with last year, but it has not yet been ascertained whether this is owing to a falling off in emigration or to the withdrawal of passage assistance form Quebec westward by the Dominion government, and the consequent settlement of emigrants in the lower province. Compared by nationalities, the arrivals for the first seven months of 1880 and 1881 are represented as follows: English 4,752 and 4,777; Irish, 2,867 and 3,108; Scotch, 2,182 and 2,226; German, 706 and 788; Scandinavian, 60 and 92; Swiss 12 and 3; American 1,335 and 840; other countries, 168 and 136.

MEDICAL ETHICS.

We have received a copy of the address delivered before the Canada Medical Association, lately in session at Halifax, by Dr. Wm. Canniff, the President, which contains many very excellent suggestions and much sound advice to both practitioner and patient. The Dr. took as his subject the code of medical ethics: "1. The duties of physicians to their patients, and the obligations of patients to their physicians. 2. The duties of physicians to each other, and to the profession at large. 3. The duties of the profession to the public, and the obligations of the public to the profession."

He also brought out a good idea in regard to the relations of a patient to his doctor. He said: I think it would be better both for the public and the physician to engage by the year. Let it become the function of the physician not merely to cure disease but to prevent it. By periodical visiting the physician can give such advice and instruction relating to personal, house, school, and I may say business hygiene, as will prevent no little sickness.

OBIT.

The Late Mrs. R. J. Eilbeck.

It is with deep regret that we have to announce the death of Mrs. R. J. Eilbeck, which occurred at her husband's residence, Kingston, yesterday, after a brief illness. Last Friday she was supposed to be improving, and on the strength of such information we made a statement to that effect. The *Whig* on Monday also spoke of her convalescence, but it appears these signs were delusive. Her death, at a comparatively early age, and under the circumstances surrounding it, is inexpressibly sad. Mrs. Eilbeck was the daughter of Mr. Henry Vandewaters, of Sidney, and a sister of Mrs. Harford Ashley. She was a remarkably genial, kind and affectionate woman, whom to know was to love and esteem. To her husband and little children her death will be an irreparable loss. They have the sympathy of many friends in this city and vicinity.

SPORTING NOTES.

—Mr. Hanlan goes to St. Louis on Thursday next to give an exhibition of his skill with the scull. He will get $500 and expenses.

—The yacht "Facination," which left Oswego last Saturday on her annual cruise, encountered head winds and heavy seas down the lake and had to put back. She sailed again Monday morning, and will probably reach this city to-morrow.

—Oswego *Palladium*:—The yachting committee, Mr. Will Gordon chairman, of the Oswego yacht club, talk of getting up purses and having a regetta at this port between the 5th. and 15th. of September, and such a regetta as Oswego has never known We hope they will succeed.

—The champion last night posted $200 to the Boston *Herald* as a deposit for his acceptance of Wallace Ross' challenge. The stakes are $2,000 a side. Hanlan has the right of naming the place of meeting. Parties in St. Louis have offered him $5,000 to have the race there. At present he is disposed to accept this offer, but as the event will not come off till October there is no knowing what may turn up in the meantime.

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

America was discovered by Lief Ericsson, the Icelander, in the year 1004, and 856 years after, the Esterbrook Steel Pen Co. turned out their first pen.

BARN BURNED.

Loss about $2,000; Insured for Half that Amount.

Last night, between 6 and 7 o'clock, the barn of Mr. C. H. Bonnisteel, on the front of Sidney, was discovered to be on fire, and was soon entirely consumed, with all the contents. Nearly the whole of this season's harvest, consisting of hay and grain, with a wagon, fanning mill, straw cutter, harness, &c., were burned. The origin of the fire is unknown. The barn and contents were insured in the Agricultural for $1,000. The loss will not fall short of $2,000.

A Horrible Murder.

A Farmer of Loughboro the Victim.

His Barn Burned and Horse Stolen—A Neighbor Suspected.

The *Whig* gives the details of a horrible murder committed at Buck Lake bridge, in the township of Storrington, the victim being a farmer named Richardson, who had resided in that locality for about 25 years. On Saturday, it is said, he left his house (in Loughboro) and, his scythe upon his shoulder, was proceeding in the direction of an oat field, where he purposed to work. Suddenly he was struck with a charge of buckshot and felled to the ground, his assassin being unseen and unknown. He lay where he had been shot until the afternoon of Monday, when his corpse was discovered by David Seers, residing a short distance off, but who had one of Richardson's horses employed during the harvest, and whose dealings often brought the men together. The body, ghastly in its bloody stains, presented a view which could not be contemplated without emotion or a sickening sensation. The breast and side were riddled with the shot, and the forehead bore a wound, the cause of which will be determined by Dr. McCammon who has been summoned to hold a *post mortem* examination.

The home of the murdered man is on lot 25, concession 14, Loughboro, and is the last farm in the township. After a long tramp over the rocks the hut of Richardson was found. It is built of logs and very neat inside, but the beds were—a little heap of straw in one case, and an old buffalo robe in another. The homes of all the people in this vicinity are humble. The people are evidently in poor circumstances. The next step was to view the body which was yet lying where it was found. The man was beside a ledge of rocks about four feet high when he was shot down. He fell with his legs bent under him. His face was much lower than his feet, and, by remaining in this position, was much swollen and perfectly black. Richardson is of medium size. Beside him was the scythe which he was carrying at the time he was murdered. He appears to have fallen across the handle of it. The affrighted neighbors had only done one thing—placed a blanket over tde body to protect it from the sun. The assassin evidently hid himself in ambush across the gully, for marks are discernible where he had been crouching awaiting his victim. Portions of the gun wadding were found, pieces of braid much frayed. About noon the inquest opened, a number of witnesses were sworn and the *post mortem* examination commenced. The man accused of the crime is named VanKoughnet alias Cocklen. His wife, who was seen, alleges that last night in his anguish of soul, from being continually accused of all the crimes in the vicinity, he went out into Buck Lake in a punt with her and his child and when midway in the lake rose and plunged in and was lost to view. The story is looked upon as a make-up to allow VanKoughnet to escape. It is thought that he was anxious to become possessed of one of Richardson's horses, which he stole on Sunday, and with which he has made his flight. On Sunday evening Richardson's barn was destroyed by fire, but before the incendiary applied his torch he substituted an old horse for that of the murdered man's, and the wretched animal perished in the flames.

CRIMES AND CASUALTIES.

A Record of the last 24 hours.

BROCKVILLE Aug. 16.—This morning as an express train on the Canadian Pacific railway was leaving Fairfield a daughter of B. Cowan, 15 years of age, attempted to cross the track. She was struck by the engine, receiving injuries from which she died in about an hour and a half. Yesterday a Mrs. McCormack, whilst driving some cows across the track near Maitland, was struck by a locomotive and instantly killed.

HAMILTON, Aug. 16.—James Wilson and Miss Davidson, daughter of John Davidson, grocer, Caroline street, were rowing in a small boat on the bay this evening. The boat was run down by the steamer Algerian. Wilson was drowned and Miss Davidson was rescued in an insensible condition. She will recover.

SARNIA, Aug. 16.—Four young ladies had a narrow escape from drowning this evening. They were coming off the Ontario when the steamer Hiawatha was moving out from the dock. The motion of the latter caused the Ontario's stern to swing out, and the after gang plank fell, precipitating the ladies into the river. Engineer Pettigrew and one or two more of the Ontario's crew jumped in and succeeded in keeping them up until means were provided for bringing them safely out.

KINGSTON, Aug. 16.—Last night a wedding was celebrated on board a barge lying in the harbor. A Frenchman named Lafonierre, when leaving the barge, fell overboard and was drowned. He leaves a wife and seven children.

ASTORIA, L. I., Aug. 16.—Chas. Ayer and Hattie Coles were recently parties to a fashionable wedding. Before the honeymoon ended they disagreed and separated. The wife became insane, and the husband on Sunday died of grief.

—The *Katie Eccles* is at the Institute dock with coal.

To the Editor of the ONTARIO.

DEAR SIR,—

In looking o'er the gems of thought, never
to no man dearly bought,
Those beautiful remarks I saw I must say,
it tuched
The heart of the Poet Gay, through this of
Course he 'as a little to say, in his kindly
way.

Labor for food in the honest way, otherwise
it will not pay,
Your contiance clear when going to bed,
Wakes up in the morning without fear or
dread
The peace of mind is dear to all for the rest
of the bodies.

And for the good of our souls, please for
these
Lines will you find a small space
When composed by Gay leaves no disgrace
You will see without delay he is the Mas-
ter Poet ever came this way.

Your most respectfully,
JAMES GAY,
Belleville,
Ont.

Last Week

—OF THE—

GREAT SALE

—AT THE—

"Glasgow Warehouse"

WE have been requested to continue our sale at cost price for a few days longer, as quite a number of parties who wish to make large purchases from us, could not conveniently do so until this week. We will therefore continue our GREAT SALE THIS WEEK, so that all our customers may share alike.

But *this will be the last week*, as we are now receiving and opening up a large proportion of our *Fall purchases* which we have to put in stock at once.

We are opening out quite an assortment of Fancy Dry Goods for the Fall Trade *and any of these new goods will be sold this week on the same terms as the summer stock.*

We thank our customers, and the public generally for the large patronage with which they have favored us during our *cheap sale*, and can assure them that we will always endeavor to give them first-class goods at the lowest figures.

GLASGOW WAREHOUSE

Belleville, Aug. 16th '81.

DAILY ONTARIO.

WEDNESDAY AUGUST 17, 1881.

Business Notices.

The golden age—the present— when Esterbrook's popular Steel Pens are within the reach of all. The stationers can supply them. Robert Miller, Son & Co., Montreal, agents.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50 cents. R. Templeton, special agent.

☞ Wait's Homœpathic Remedies at Geen's drug store. See adv't. ☞ Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quanties by A. Knox, Wm. Dickens, W. Bulson, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 8 ounce bottles, 50 cents, at R. Templeton's Drug Store.

Insure your Life in the

ONTARIO MUTUAL LIFE ASSURANCE COMPANY,

OF WATERLOO, - - - - ONTARIO.

Government Deposit	$ 56,156 79
Full Reserve (Gov. Standard)	$188,349 68
Surplus over all Liability	$ 39,574 93

The Ontario Mutual has a reserve in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company!!

Deaths in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to each income, is smaller than any other Canadian Company!!

Exorbitant salaries and "bonuses" incident to companies located in large cities, and indulged in at the expense of the policy holders, have never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada!!

EXAMPLE:

Policy No. 675 was issued in 1870 for $1,000; age 27, annual premium $19.44, premiums paid during the last 11 years, $155.30; but should the policyholder wish to withdraw from the Company, he could get $85.66 in cash, leaving the actual average cost $6.24 per annum, during the ages from 27 to 38, and subject to a still further reduction annually.

The above results show the advantages of insuring in this Company.

S. BURROWS General agent for this district, and F. M. CLARKE local agent. Their office is in the Ashley Block, Front Street, Belleville.

H. F. MacCarthy, Wholesale and Retail Druggists, Ottawa, writes:—"I was afflicted with Chronic Bronchitis for some years, but have been completely cured by the use of Dr. Thomas' Eclectric Oil in doses of five drops of sugar. I have also pleasure in recommending it as an embrocation for external use.

LOCAL AND GENERAL.

THE express from the east was late both last night and this morning.

THE police last night made six arrests, three males and three females.

A large quantity of cheese (1500 boxes) came in over the G. J. R. to-day.

EIGHT cars of ore came in this morning. A full train load of lumber was brought in last night.

THE front of the building occupied by Foster & Reid has been painted, and looks very neat.

THE sidewalk between Leaveus' store and the corner of Dundas Street is a disgrace to the city.

TO-MORROW is Peterborough's civic holiday, and many of its citizens will spend the day in this city.

A car of machinery for the use of the Auburn woollen mill at Peterboro' was sent over the G. J. R. to-day.

HON. GEORGE BROWN died forty-seven days after he was shot. This is the forty-sixth day of the President's illness.

A special with two cars of immigrants went west this afternoon, and a special from the west followed the mid-day express.

MR. W. H. PONTON states that during the past nine years he has been endeavoring to learn the kind and quality of the grapes grown in his garden, but through the efforts of visitors he has been unable to do so. Recently he has used a pistol at night, and he now has hopes that he will be able to sample some of his grapes when they are ripe.

JOHNNY JENKINS and his wife and child were on the train that met with the accident near Prescott on Saturday morning last. Mr. J. says he never saw such a panic as occurred when the mishap took place, as the excitement was of the wildest imaginable character. Johnny was severely hurt about the right leg and yet carries the scars of several severe bruises. Mrs. Jenkins and the child escaped without injury.

A GRAND CONCERT of vocal and instrumental music is to be given by the M. E. Tabernacle choir at the residence of J. G. Robinson, Esq., near Albert College, on Friday evening next, under the leadership of Jas. Smith, organist; also an efficient orchestra has been engaged. The names of Profs. Chaulupka and Cline, also Messrs. Rankin and Mack, are a good guarantee as to the quality of music to be expected. Ice cream for sale on the grounds. Tickets 20 cents. A good time is expected. Come one, come all.

THE duty of carrying out the requirements of the Militia Department by the authorities at Picton have been undertaken by Lieut.-Col. Ross, and contracts have already been given out for the daily supply of pure spring or well water. Water casks have been procured as well as a large tank, capable of holding fifty or sixty barrels as a reservoir. The supply-officer's building will be erected next week. There will be one canteen only, and no spirituous liquors will be allowed to be sold. There is some talk of prizes to be got up for band competition between the different regimental bands.

THERE will be an excursion to this city to-morrow under the auspices of the R. C. Separate School Board of Peterboro', and a large number of visitors are expected. As previously mentioned by us, the City Hall will be made a place of rendezvous, and refreshment tables will be spread in the Butter Market. The local Separate School Board will give a lunch to the visiting officials at the Dafoe House, and everything possible will be done to make the excursionists happy. We trust that all our citizens will lend a helping hand, any way convenient, in carrying out the arrangements.

THUS far this season the Belleville Cricket Club has been very successful in its meetings with other organizations. The clubs that have visited it, and those whom it has called on, have had to say when the game concluded that the Bay City team took the cake. Of course every one who admire the game was pleased with the success of our boys, and would doubtless be glad to hear of their victories at all times, but such a thing cannot be expected. Since the last match took place at Napanee none of the boys has had a bat in his hands, and the team has not been together. One of these fine days some club from the back country will come in and demolish the club of this city, and the boys will then say, "What d'I tell ye." Practice must be had, otherwise defeat will offer itself instead of victory. The Onondagas will play here on the 24th., and if the home club does not practice it must expect to allow victory to be perched on the banners of the strangers.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

THE LADIES' CUTTING SCALE.—This new system for cutting ladies' and childrens' waists or patterns has been patented both in Canada and the States. Mrs. Tugnett, of Campbell Street has secured the full control of it in this part of Canada. This scale is adapted to all sizes and variations of figure, from the full grown lady to the smallest child; as well as to all changes of fashion that may take place. The system for measuring and cutting is so accurate and simple that by adhering to the rules laid down, an error or misfit will next to an impossibility. The saving of time and material by this new mode of cutting will be very considerable. Once the ladies with families acquire a knowledge of this system, it will prove a great advantage in the management of the household matters; and to young ladies it will be an acquirement both useful and honorable for their present and future life. Mrs. T. is prepared to give thorough and practical instruction on this new system from 8 a.m. to 6 p.m. each day. Her terms will be found moderate. Ladies' patterns will be cut at the shortest notice henceforward for 50c; children's 30c to 40c. To her lady visitors, Mrs. Tugnet will be happy in giving explanations on the rapidity, correctness, ease and economy with which patterns can be cut out. Ladies can be taught privately at their own residence.

THE river drivers began the work of closing their labors for the season this morning. The low stage of the water prevented much progress being made, but the large force of men kept the jam going just the same.

☞ Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

VETERINARY SURGERY.—This profession in a large agricultural district like Ontario requires to be represented by men of matured ability and experience. The Veterinary Surgeon of the army ranks high in office, the healthy condition of the horse being oftentimes of equal importance with that of the men. The turning point of the battle often depends on the strain which the healthy condition of the horse will enable the animal to endure. In agricultural work sickly or quacked horses will ruin the prospects of any farmer. J. F. Markham, Veterinary Surgeon, holds testimonials of the first character. His long experience and his educational course in his profession place him in the first rank with his brother surgeons in this country. Terms reasonable; consultation free. Office, 4th door from Dafoe House, opposite Dr. Willson's, Pinnacle Street, Belleville.

POLICE COURT.

(Before THOS. HOLDEN, ESQ., P. M.)

WEDNESDAY, Aug. 17.

DRUNK.

Philip Malyea drank too much ice-water yesterday so he said, and it made him sick. For relief he took a few drinks of brandy, which made him drunk. There were some fines standing against him, and though he pleaded hard for his liberty, the Magistrate would not listen to him and imposed a fine of $10 and costs, payable forthwith or three months in gaol.

Alfred Brickman said he did not drink ice-water, but brandy and that he was drunk. As a reward for his candour he was given his liberty and told not to come before the court again.

ASSAULT.

Peter Mulheran denied having assaulted John Mulquinn. The complainant said that the defendant struck him twice on the head with his fist or with a stone. The case was enlarged for further evidence till to-morrow.

LARCENY.

Lewis Clement acknowledged that he stole apples from William Dafoe's garden. He was arrested at five o'clock this morning and the court considered that sufficient punishment had been awarded by that. After a severe warning he was liberated.

KEEPING A BAWDY HOUSE.

Annie Leavit and Amanda Surzeau were charged with being keepers of houses of ill-fame, and Dora Surzeau was charged with being an inmate of the latter's house. The accused denied the charge. After evidence was heard Leavit was ordered to leave the city or go to goal for two months. Amanda Surzeau was sent to goal for three months, and sentence on Dora Surzeau was suspended.

WEATHER BULLETIN.

TORONTO, August 15.

Moderate to fresh winds, mostly from the east and south; fair to cloudy weather, with showers in some localities.

DASHES.

—A bargeman named David Lefrere, from Montreal, was drowned at Kingston, Monday evening.

—A New York firm is getting out an edition of 10,000 copies of a portrait in oil of Sir John Macdonald.

—The new comet is now plainly visible to the naked eye nearly due north, a little above the horizon, between the paws of the great bear.

—The *Whig* says the lunatic Johnson, who jumped off the noon express at Belleville last Thursday, hailed from Kingston and went west as far as Cobourg

—It is proposed to build a hotel at Thousand Island Park that will accommodate 1,000 guests, and to be ready for the public when the season opens next year.

—Superintendent Mathison of the deaf and dumb institute, is making a tour of the province to meet the guardians of any mutes who may desire information regarding the admission of their charges to the institute.

—A number of country merchants at Yarker, Clark's Mills and Newburg will lose quite heavily through accounts contracted and orders they have cashed for Mr. Stevenson, of the Napanee and Tamworth Railway.

—If Americans can send barges across the lake, and in fact through the Erie Canal, pay 2cts. a bushel for leached ashes, convey them back, and find the business profitable for agricultural purposes, why cannot our farmers utilize the material wasting at their door.

—Walter De Cew, of the Township of Enniskillen, has a horse which ate nothing for six days. A veterinary surgeon made an examination of the animal's throat, and discovered and extracted a chip therefrom which measured two inches in width and three and a half in length.

—Olive Logan began one of her lectures recently with the remark, "Whenever I see a pretty girl I want to clasp her in my arms." "So do we," shouted the boys in the gallery. For a moment Olive was nonplussed, but, recovering her self-possession she replied, "Well, boys, I don't blame you."

—Anybody knowing of a small boy who would not run seven blocks for a chance to ride a half a block with his stomach across the edge of a grocery wagon tail-board, will please bring him to this office and receive the reward intended originally for the man who should bring in a new comet tied up in an old paper.

—They say that Canadian young ladies are just a sweet and happy mean between the too shy and distant English girl and the rather too pronounced American type. We don't object to any compliments paid to the young ladies across the border, unless they are at the expense of our own sisterhood. As a matter of fact, though, we have heard it whispered that Canadian girls are rather matter-of-fact and seldom die of brain disease.—*N. Y. Herald.* And why should they? They take too much care of themselves for that.

DESERONTO ITEMS

—The chemical works are now in operation and are producing both tar and gas from sawdust.

—The str. "Flight" called here two nights last week with moonlight excursions from Napanee and Picton. She had a full load each time.

—The schooner "Pinafore" is on the dry dock. She is to be cut in two and lengthened. Capt. Taylor was up a few days ago to class the craft, but after seeing her did not do so.

—The branch railway is nearing its completion. The station at the junction is now being located, and it is expected that by the first of September trains will be running.

—The new steam barge which has been in course of erection will soon be ready for launching. She is now receiving two new engines and boiler, which were all built at Messrs. Rathbun & Sons' shops. The new boat will be operated by the Deseronto Navigation Co. and will have an upper cabin for the accommodation of passengers. She will make regular trips between here and Oswego.—*Whig.*

THIS AND THAT.

—Cardinal Manning is described by Mrs. Livermore as spare almost to emaciation, and bald as if shorn; his appearance severely monastic. His voice and manner however, are pleasant, and his speech is full of kindness.

—Dr. Johnson's house in Gough-square, London—the house in which he wrote his dictionary, "The Rambler," etc.—is now open to visitors. The tenantless and cheerless rooms are unchanged in form since the days when the great Englishmen worked and suffered in them.

—Queen Victoria, it is said, wished to elevate the late Dean Stanley to a bishopric, and expressed great displeasure at his refusal. "I am so contented with my deanery that I would not leave it for any bishopric," was his reply. It was when the Queen was quite assured of his serious intention to live and die Dean of Westminister that the idea was suggested to her of keeping Lady Augusta Bruce, her maid of honor, to whom she was greatly attached, ever near her by a marriage with Stanley. She dreaded Lady Augusta's abandonment of England to settle in Canada, where her brother, Lord Elgin, was governor. Stanley was exactly the man to suit the quiet habits and religious tastes of Lady Augusta and the marriage was always considered one of the happiest of all those concluded under the auspices of Her Majesty, whose talent for match making is proverbial.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed ports, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere.

Telegraphic Despatches.

The Wounded President.

STATEMENT BY DR. BLISS—HOPEFUL SYMPTOMS.

NEW YORK, Aug, 17—Washington specials to the *Times* says Bliss last night, in reference to Dr. Hammond's statement, said: I regard Hammond's conduct in this matter unprofessional, ungentlemany and indecent.

Bliss said: I again repeat that up to this time no pyæmia has been discovered. I declare that pyæmia is not the cause of the present disturbance in the stomach. I am positive of this. Garfield's stomach has been rebellious from the first day of the shooting. It was the source of deepest concern to us from the very first. We knew it was a weak spot in the case, and we maintained a strict watch upon it. His stomach nevertheless was finally controlled, and we had very little trouble with it until this last relapse. From present indications I am confident in a marked degree of once more conquering this latest obstacle to his convalescence.

Bliss denied that a plaster was placed on the President's stomach as a counter irritant. He also contradicted the report that the President was afflicted with bed sores. He declared that the indications of the President's skin are very healthy. There is nothing clammy about it. The odor of his body is like that from a person in the enjoyment of the best of physical health.

The *Tribune* says Bliss said last night the wound looks very well indeed. There is nothing the matter with it. Agnew and I both to-night agreed to that. It was granulating finely, and the discharge is amply satisfactory. There has been a discharge from the lower part of the wound to-day, which was not the case yesterday, another indication of the President's improvement was a fact. He bore the dressing very much better than he did last night. His face looks better too.

Bliss expressed hopefulness in the President's recovery, and his whole manner indicated sincerity and confidence.

It is stated Agnew corroborated Bliss' statement. Agnew was encouraged not only by the change of symptoms manifested by instruments, but by the appearance of the patient and tone of strength in his voice.

The *Sun* says Bliss said last night: "I am of the opinion if the President maintains the progress he has shown to-day for the next 48 hours, he will be again in a very hopeful condition."

For the past two days the routine of public business naturally suffered, caused by the alarming illness of the President.

The *World* says after a Cabinet meeting yesterday a telegram was sent to Arthur, informing him of the conclusion reached by the conference, and bidding him keep himself in readiness for a trip to Washington at an hour's notice.

AFTERNOON.

WASHINGTON, Aug. 17.—Bliss said this morning there was no connection whatever between the wound and the present troubles. The unfavorable symptoms were due entirely to the condition of the patient's stomach. Attending surgeons are all quite confident the treatment adopted would soon remedy this.

Bliss said when the President was shot his weight was about 210. Confinement had reduced him probably 60 pounds. He was some paler, but as he wore a full beard this was not so perceptible as it would otherwise be. All reports from the sick room this morning are encouraging. Considerable anxiety, however, is still manifested.

1 p. m.—Previous to the mid-day dressing Agnew was asked the condition of the President. He responded, he is better today. The doctor was pressed for a reply to the question whether he considered the patient had an equal chance for recovery. He said:—It is a bad plan to speculate on chances. The bulletin tells the story that the President is better to-day. A recession of temperature this morning to a point below normal is the first instance of the kind at a morning hour.

An enormous number of despatches were read by the President's Secretary this morning. One from New York discribed the sender as a strong and healthy man, and offered to furnish his best blood to save the President by transfusion.

The wound is reported in a good condition. No sign of blood poisoning was found at morning examination.

FIENDISH BRUTALITY.

A Fit Subject for Judge Lynch.

PEKIN, Ill., Aug. 17.—Willie Cantnell, aged 13, son of a section Superintendant of the Indiana, Bloomington & Western R'y., was yesterday tied by an unknown man to the rails and struck by a train. His ribs were broken and a foot mangled. As soon as the train passed the ruffian ran to the boy, evidently expecting to find him cut in two, but the lad had twisted himself to one side. The man cut the rope and escaped. The boy was found in the ditch moaning Several parties are hunting for the brute with the intention of lynching him.

GUITTEAU AGAIN.

He Tries to Kill a Guard of the Jail.

WASHINGTON, Aug. 17.—It was falsely reported this morning that Guitteau attempted to kill a guard at the jail.

The despatch stating there was no truth in the story that Guitteau attempted to kill a guard was based on information from the police. There is every reason to believe the police falsefied the facts. An evening paper states this morning at 4.30, McGill, one of the guards, found the assassin in possession of a knife. How he obtained it is a mystery. The guard demanded the knife. Guitteau refused to surrender it. McGilt drew a pistol, and an exciting tussel ensued, Guitteau making every exertion to get the pistol from the guard, and finally succeeded, but McGill, after a strenuous exertion, regained it. In the scuffle the weapon was discharged. The report brought the other guards to the scene. Guitteau was finally disarmed. He cut McGill's clothing badly, and came near inflicting a dangerous wound. Guitteau pretended to be crazy, and complained that his pistol had been taken away.

DIED.

EILBECK.—At Kingston, on Tuesday, Aug. 16th. Annie C. Vandewaters, wife of Robert Eilbeck, Esq.

The funeral will take place from the G. T. R. Station, on arrival of six o'clock train this (Wednesday) afternoon, 17th. inst., to the Cemetery. Friends will kindly accept this invitation.

THIS IS A GENUINE COST SALE!

N. Davenport will certainly sell all Hats, both Felt and Straw, AT COST PRICE.

UP TOWN SHIRT FACTORY.

About Advertising.

UP TOWN SHIRT FACTORY.

A man said to me the other day "Sam, you are a big advertiser. It must cost you lots of money in a year. Does it pay you?"

"Well," I said, "if you can tell me how to let the people know that I sell cheaper Shirts than are sold anywhere else in the city, I will quit."

"Well, that is so," he said. "But *do* you sell cheaper than others? I always thought this 'blowing' was all wind. However, I would like to see those shirts I hear so many speaking of."

Well, I showed him our styles—well made, good cloth and guaranteed to fit—sold him his summer's out-fit, and had no trouble in convincing him that *advertising is not all wind.*

[The great secret of successful advertising is to always be able to show as good a bargain as you advertise.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

THE GREAT FEMALE REMEDY

JOB MOSES PILLS

This invaluable medicine is unfailing in the cure of those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson, Man... Boulter, Stirling, W C Parke, Trenton and all medicine dealers.

Dr. A. G. Douglas,

GRADUATE OF ONTARIO VETERINARY COLLEGE, Toronto, student with the late Dr. Newton.

Office—Two doors south of Queen's Hotel, formerly occupied by Dr. Newton.

KEILLER'S MARMALADE!

THIS SPRINGS IMPORTATION

JUST ARRIVED.

Wallbridge & Clarke,
GROCERS & WINE MERCHANTS,
87 & 89 Front Street.

ELECTRICITY! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."—Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.—H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil, I am nearly out, nothing equals it."—J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."—J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

Mr. Gryce nodded.

'It was an exhaustive evening and quite put Hannah out of my head, but—'

'Wait!' cried Mr. Gryce, and beckoning me into a corner, he whispered, 'Now come in that experience of Q's. While you are gone from the house and before Mrs. Belden sees Hannah again, he has a glimpse of the girl bending over something in the corner of her room which may very fairly be the washbowl we found there. After which, he sees her swallow in the most lively way, a dose of something from a bit of paper. Was there anything more?'

'No,' said I.

'Very well then,' cried he, going back to Mrs. Belden. 'But—'

'But when I went up stairs to bed I, thought of the girl, and going to her door opened it. The light was extinguished and she seemed asleep, so I closed it again and came out.'

'Without speaking?'

'Yes, sir.'

'Did you notice how she was lying?'

'Not particularly. I think on her back.'

'In something of the same position in which she was found this morning?'

'Yes, sir.'

'And that is all you can tell us either of her letter or her mysterious death?'

'All, sir.'

Mr. Gryce straightened himself up.

'Mrs. Belden,' said he, 'you know Mr. Clavering's handwriting when you see it?'

'I do.'

'And Miss Leavenworth's?'

'Yes, sir.'

'Now which of the two was upon the envelope of the letter you gave Hannah?'

'I couldn't say. It was a disguised handwriting and might have been that of either; but I think—'

'Well?'

'That it was more like hers than his, though it wasn't like hers either."

With a smile Mr. Gryce enclosed the confession in his hand in the envelope in which it had been found. 'You remember how large the letter was which you gave her?'

'O, it was large, very large; one of the largest sort.'

'And thick?'

'O, yes; thick enough for two letters.'

'Large enough and thick enough to contain this?' laying the confession folded and enveloped as it was, before her.

'Yes, sir,' giving it a look of startled amazement, 'large enough and thick enough to contain that.'

Mr. Gryce's eyes, bright as diamonds, flashed around the room and finally settled upon a fly traversing my coat-sleeve.

'Do you need to ask now,' whispered he in a low voice, 'where and from whom this so called confession comes?'

Mr. Gryce allowed himself one moment of silent triumph, then rising, began folding the papers on the table and putting them in his pocket.

'What are you going to do?' I asked, hurriedly approaching.

He took me by the arm and led me across the hall into the sitting room. 'I am going back to New York. I am going to pursue this matter. I am going to find out from whom came the poison that killed this girl, and by whose hand this vile forgery of a confession was written.'

'But,' said I, rather thrown off my balance by all this, 'Q and the coroner will be here presently, won't you wait and see them?'

'No,' said he; 'clews such as are given here, must be followed while the trail is hot; I can't afford to wait.'

'If I am not mistaken they have already come,' said I, as a trampling of feet without announced that some one stood at the door.

'That is so,' cried he, hastening to let them in.

Judging from common experience, we had every reason to fear that an immediate stop would be put to all proceeding on our part, as soon as the coroner was introduced upon the scene. But happily for us and the interest at state, Dr. Fink, of R——, proved to be a very sensible man. He had only to hear a true story of the affair, to recognize at once its importance and the necessity of the most cautious action in the matter. Further, by a sort of sympathy with Mr. Gryce, all the more remarkable that he had never seen him before, he expressed himself as willing to enter into our plans, offering not only to allow us the temporary use of such papers we desired, but even undertaking to conduct the necessary formalities of callling a jury and holding an inquest, in such a way as to give us time for the investigations we purposed to make.

The delay was therefore short. Mr. Gryce was enabled to take the 6:30 train for New York, and I to follow on the 10 p. m.,—the calling of a jury, ordering of an autopsy and final adjournment of the injury till the following Tuesday, having all taken place in the interim.

—The yacht Water Witch sailed from the Humber to Lorne Park, Toronto, Sunday morning, a distance of nine miles, in one hour and fifteen minutes.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

The Canadian Pacific Railway Co'y

EMIGRATION TO MANITOBA AND THE CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of **The Canadian Pacific Railway Company**, at Montreal and Winnipeg.

By order of the Board,
CHS. DRINKWATER,
Secretary.
Montreal, April 30th, 1881. 104

HOLLOWAY'S PILLS

THIS GREAT HOUSEHOLD MEDICINE RANKS AMONGST THE LEADING NECESSARIES OF LIFE.

These famous Pills purify the BLOOD, and act most powerfully, yet soothing on the

Liver, Stomach Kidneys

and BOWELS, giving tone, energy, and vigour to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

HOLLOWAY'S OINTMENT

For the cure of BAD LEGS, Bad Breast,

Old Wounds Sores and Ulcers

is an infallible remedy. If effectually rubbed on the neck and chest, as salt in meat, it Cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,

Gout Rheumatism,

And every kind of SKIN-DISEASE, it has never been known to fail.

The Pills and Ointment are manufacture only at

533 OXFORD STREET, LONDON,

and are sold by all Vendors of Medicines throughout the Civilized World; with directions or use in almost every language.

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

☞ Purchasers should look to the Label on the Pots and Boxes. If the address is no 533 Oxford Street, London, they are sspurion

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleaveland, Ohio

RANKS OVER ALL OT[illegible]ES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.
CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 800 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

NORMAN'S ELECTRIC BELT INSTITUTION

No. 4 QUEEN STREET EAST. ESTABLISHED 1874,

THERE IS NOTHING so permanently beneficial to the sufferer as Norman's ELECTRO-CURATIVE BELTS, BANDS AND INSOLES. They immediately relieve and permanently cure

Asthma, Liver Complaint, Lumbago,

NERVOUS DEBILITY, INDIGESTION, RHEUMATISM, SWELLINGS INJURIES, NEURALGIA, and a host of troubles over which medicine has little or no control.

Circulars and Consultation free. ☞ Medicated and other Baths always ready for ladies and gentlemen.

A. Norman, 4 Queen Street East

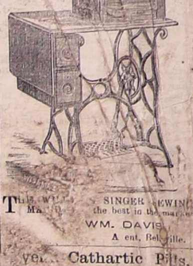

...o Nervous Sufferers—The Grat European Remedy—Dr. Simpson's Specific Medicine.

DR. J. B. SIMPSON'S specific Medicine is a positive cure for Spermatorrhea, impotency, weakness and all diseases resulting from Self-Abuse, as Nervous Debility, Irritability, Mental Anxiety, Languor, Lassitude, Depression of Spirits and functional derangements of the Nervous System generally Pains in back or Side, Loss of Memory, Premature Old Age and diseases that lead to Consumption, Insanity and an early grave, or both. No matter how shattered the system may be from excesses of any kind, a short course of this medicine will restore the lost functions and procure Health and Happiness where before was despondency and gloom. The Specific Medicine is being used with wonderful success.

Pamphlets sent free to all. Write for them and get full particulars.
Price, Specific, $1.00 per package, or six packages for $5.00. Will be sent by mail on ... money. Address all orders,

THE WHITE ... SINGER SEWING MA... the best in the market.
WM. DAVIS,
Agent, Belleville.

...yer's Cathartic Pills,

For all the purposes of a Family Physic, and for curing Costiveness, Jaundice, Indigestion, Foul Stomach, Breath, Headache, Erysipelas, Rheumatism, Eruptions and Skin Diseases, Biliousness, Dropsy, Tumors, Worms, Neuralgia, as a Dinner Pill, for Purifying the Blood.

Are the most effective and congenial purgative ever discovered. They are mild, but effectual in their operation, moving the bowels surely and without pain. Although gentle in their operation, they are still the most thorough and searching cathartic medicine that can be employed: cleansing the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and promote vigorous health.

AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their aperient action they gripe much less than the common purgatives, and never give pain when the bowels are not inflamed. They reach the vital fountains of the blood, and strengthen the system by freeing it from the elements of weakness.

Adapted to all ages and conditions in all climates, containing neither calomel nor any deleterious drug, these Pills may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take; while being purely vegetable, no harm can arise from their use in any quantity.

LOW INTEREST.

I AM now lending money on good farm and town properties at seven (7) per cent. and seven and a half (7½) per cent. Interest payable yearly on terms to suit borrower.

Principal repayable either in enstalments, or at the end of the term for which the loan is taken, or at any time by giving notice.

On really first-class loans, or farm property, I can lend at *even lower rates, viz.: From six (6) to six and one half (6½) per cent.*

Now is the time for farmers to pay off previous loans borrowed at high rates and gain the benefit of the present reduction of interest as rates may go up again.

NEW
WOOD YARD!
MESSRS. Johnson & Co., having bought out Mr. W. Monahan's entire stock of
Wood, Horses, Waggons, Machinery, &c.,
Are now prepared to supply all orders on the most moderate terms.
They have chartered a SCHOONER, and are shipping in WOOD, both by
WATER AND TRAINS,
in immense quantities. Customers may rely on strict punctuality in the delivery of
All Orders!
Every description of FIRE WOOD will be found in abundance in their yard.
HARD WOOD, both green and dry.
STOVE WOOD, all sizes.
SOFT WOOD, all kinds.
Four feet KINDLING WOOD, dry.
—AS WELL AS GOOD—
BLOCK WOOD.
Of these a large supply has arrived.
For Railroad Contracts, a powerful Machine is employed, capable of cutting
100 CORDS PER DAY!
with a few hands assisting. It lately cut up eight cords in three quarters of an hour, for the Grand Junction.

The Samson Chopper
Is an immense machine, worked by steam power. Being the first introduced into this city, it is attracting much attention. Its single axe can split about 25 cords per day; and with a four axe adjustment it would probably split twice that quantity. From these facts some idea may be formed of the enormous quantity of stove wood this new firm is capable of turning out each month.
An early visit from buyers is solicited.

For Trenton at 3 p.m.
For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

POETRY.

THE LAST MILESTONES.

Sixty years through shine and shadow
Sixty years my gentle wife,
You and I have walked together,
Down the rugged road of life.
From the hills of Spring we started,
And through all the summer land,
And the fruitful Autumn country,
We have journeyed hand in hand.

We have borne the heat and burden,
Toiling painfully and slow;
We have gathered in our harvest,
With rejoicing, long ago.
Leave the uplands for our children,
They are strong to sow and reap;
Through the quiet Winter lowlands
Our own level we may keep.

'Tis a dreary country, darling,
You and I are passing through;
But the road lies straight before us,
And the miles are short and few;
No more dangers to encounter,
No more hills to climb true friend,
Nothing but now simple walking,
Till we reach our journey's end.

We have had our time of gladness,
'Twas a proud and happy day,
Ah! the proudest of our journey,
When we felt that we could say,
Of the children God had given,
Looking fondly on the ten,
"Lovely women are our daughters,
And our sons are noble men!"

We have had our time of sorrow,
And our time of anxious fears,
When we could not see the milestones
Through the blindness of our tears,
In the sunny summer country,
Far behind us, little May,
And our Willie, too, grew weary,
And we left them on the way.

Are you looking backward, mother,
That you stumble in the snow?
I am still your guide and staff, dear,
Lean your weight upon me so!
Our road is growing narrow;
And what is it, wife you say?
Yes! I know our eyes are dim, dear,
But we have not lost the way.

Cheer thee! cheer thee! faithful hearted!
Just a little way before,
Lies the great Eternal City
Of the King that we adore,
I can see the shining spires,
And the King, the King, my dear;
We have served Him long and humbly;
He will bless us do not fear.

Ah! the snow falls fast and heavy;
How you shiver with the cold;
Let me wrap your mantle closer,
And my arm around you fold.
We are weak and faint, and weary,
And the sun low in the west;
We have reached the gates my darling
Let us tarry here and rest.

SUNDAY READING.

WHICH?

There are thousands of professedly Christian homes in this country where the father has said nothing to his child about confessing Christ; there are thousands of mothers guilty of the same neglect; there are thousands of Sunday school teachers who neither visit their scholars, nor talk with them about confessing the Master, and who discharge their duties in a perfunctory manner, coming and going at pleasure; there are thousands of professing Christians who yield to a whim, to which they give the name of sickness, as a reason for not attending upon their duties in the church, the Sunday school, the home. Then there are thousands of Christian men and women, fathers, mothers, uncles or aunts, cousins, Sunday school teachers, men and women in the church, here, there, everywhere, who are always on hand, always to be depended upon, always at work heart and soul for the Master. To which of these classes do you belong?

"SEEING LIFE."

THE truest wedded life can only come out of the truest unwedded life. It is blank folly to imagine that a woman, who has had half a dozen affairs of the heart, as they are called, can wed a man who has sown his old oats, and make a happy match of it. "Who shall ascend into the hill of the Lord? Who shall abide in his holy place? He that hath clean hands and a pure heart, who hath not lifted up his soul unto vanity, nor sworn deceitfully." You say, that means the merchant and the politican, and the man and woman who would experience religion in the purest and loftiest sense. I say it means fitness for a true wedding, as certainly as any other thing we can think of. There is no reach in our life in which these great truths can be more essential, either for this world or the world to come. You can say it is seeing life; I say, it is seeing death. It is building a closet to hold a skeleton in the Holy of holies.—*Robert Colyer.*

There is a vast amount of truth in the words of the Scotch pastor when he said that "the liberalism which dispenses with creeds and holds that, if sincere, it does not matter what a man believes, leads to a

BAD WORK

"I DRINK to make me work," said a young man. To which an old man replied: "That's right; thee drink and it will make thee work! Hearken to me a moment, and I'll tell thee something that may do thee good. I was once a prosperous farmer. I had a good, loving wife and two fine lads as ever the sun shone on. We had a comfortable home, and lived happily together. But we used to drink ale to make us work. Those two lads I have laid in drunkard's graves. My wife died brokenhearted, and she now lies by her two sons. I am seventy-two years of age. Had it not been for drink, I might now have been an independant gentleman; but I used to drink to make me work, and mark, it makes me work now. At seventy-two years of age I am obliged to work for my daily bread. Drink! drink! and it will make thee work!"

LEISURE HOURS.

Rev. Dr. William M. Taylor, of the Broadway Tabernacle, in a felicitous address, a few evenings since, to the working men and women gave some excellent advice as to how leisure hours should be spent, which may be equally appropriate elsewhere. It is the employment of the leisure hours, he declares, that makes or mars the man. It was the right use of those hours that gave the world Michael Faraday, and Hugh Miller, and Abel Stevens, and hundreds of other men known to literature, art, and science. Leisure implies labor, and hence the spare time from labor should be spent in reading works of history, travel, and research, and, with judicious care, also works of fiction. But too much of the latter disqalifies the mind for the better and higher class of reading. Then a certain proportion of leisure time should be given to absolute rest, even to the sleeping half an hour on Sunday morning. And if men would "ride hobbies," he thought they would find great enjoyment and do much good—that is, if they have mechanical tastes in directions different from those which they pursue daily, it would be pleasant and profitable recreation for them to gratify those tastes.

DOES THE WORLD MISS ANY ONE?

Not long. The best and most useful of us will soon be forgotten. Those who to-day are filling a large place in the world's regard will pass away from the remembrance of man in a few months, or at farthest, in a few years after the grave has closed upon the remains.
We are shedding tears above a new made grave and wildly crying out in our grief that our loss is irreparable, yet in a short time the tendrils of love have entwined around other supports, and we no longer miss the one who has gone.
So passes the world. But there are those to whom a loss is beyond repair. There are men from whose memories no woman's smile can chase recollections of the sweet face that has given up all its beauty at death's icy touch. There are women whose plighted faith extends beyond the grave, and drives away as profane those who would entice them from a worship of their buried lovers.
Such loyalty, however, is hidden away from the public gaze. The world sweeps on beside and around them, and cares not to look in upon this unobtruding grief. It carves a line and rears a stone over the dead and hastens away to offer homage to the living.

"There is no greater mistake," said Dr. Bushnell, "than to suppose that Christians can impress the world by agreeing with it. No; it is not conformity that we want; it is not being able to beat the world in its own way; but it is to stand apart and above it, and to produce the impression of a holy and separate life. This only can give us a true Christian power."

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed ports, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere

WOMAN'S TRUE FRIEND.

A friend in need is a friend indeed. This none can deny, especially when assistance is rendered when one is sorely afflicted with disease, more particularly those complaints and weaknesses so commonto our female population. Every woman should know that Electric Bitters are woman's true friend, and will positively restore her to health, even when all other remedies fail. A single trial always proves our assertion. They are pleasant to the taste and only costs fifty cents a bottle. Sold by Jas. Clarke & Co.

A WANT SUPPLIED!
—o—
SOMETHING NEW IN BELLEVILLE!
—o—
HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my
PUMP WORKS
on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my
Boom and Model Pumps,
which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advatage of being first class
FORCE PUMPS
and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.

A stitch in time saves nine. So is a good motto for SPALDING'S GLUE. It preserves the furniture from destruction and can be applied by any householder.

Hagyard's Pectoral Balsam, a few doses relieves the most distressing cough, and a twenty-five cent bottle has cured many a sufferer from Astama, Bronchitis, Croup, Influenza, Hoarseness and Soreness of the Chest. It is the grand specific for all throat and lung complaints leading to Consumption.

A Crown of Glory ... dowry to all her children is a fine ... Kings cannot give, nor wealth ... this inestimable gift. Take care ... you lose it. Bearine is a healthful ... Dressing.

Danger! Beware! ... value your life, beware of opiates ... those mixtures. They quell pain, but ... too suddenly, the results is inflammation. Dr. Fowler's Extract of Wild Strawberry made from the Wild Strawberry plant and other healing vegetables, is nature's own cure for all forms of bowel complaint.

When we reflect that a power of endurance can be imparted to the brain, and that weak minds have been restored to strength by Fellow's Compound Syrup of Hypophospites we cannot but conclude that the subtle power is really ponderable matter. Persons who study hard should preserve their balance of power by using the Syrup

Bristol's Sarsaparilla and Pills cure the very worst cases of Confirmed Disease. Even old ulcerous, cancerous sores and eruptions are controlled and healed by them, and old sores that have defied all treatment for many years, give way under the keen, searching power of these best of detergents: in fact, their range of curative power is almost unlimited.

That marvelous purifyer, Burdock Blood Bitters, will speedily change the sallow face to one of freshness health and beauty. It regulates the bowels, acts promptly on the Liver and Kidneys and strengthens the system when broken down by Nervous or General Debility. Ask your Druggist for a Trial Bottle, the cost is only 10 Cents, Large Bottles $1.00.

The pleasure of bathing is greatly increased by mixing in the tub half or even a quarter of a bottle of MURRAY & LANMAN'S FLORIDA WATER. Instantly the whole atmosphere of the bath-room is as fragrant as a blooming flower garden, the mind becomes buoyant, and the body emerges refreshed and strengthened.

MIDNIGHT DOCTORS are the most unwelcome visitors —even the Doctor himself curses the luck that compelled him to leave his comfortable bed. Suppose you try our method, and keep a bottle of perry Davis' Pain-Killer in the house, and let Doctor Squills stay in his bed and enjoy himself. See advertisement in another column.

Is your throat sore, or are you annoyed by a constant cough? If so, use promptly Bryan's Pulmonic Wafers. They will give you instant relief. They relieve the air passages of phlegm or mucous, and allay inflammation, and no safer remedy can be had for coughs, colds, or any complaint of the throat or lungs, and if taken in time their efficacy will soon be proved. Sold by all druggists and country dealers at 25 cents a box

"Hail beauteous, bounteous, gladsome Spring"—this was Mark Twain's prize poem—but the dire diseases incident to Spring, spoil the romance. Burdock Blood Bitters is the prize remedy, the remedy prized by all who have tried it as the best Blood Purifying Tonic and System Regulator in the market. It cures all Blood Humors from the worst Scrofula to a common Pimple. Sample Bottles 10 Cents. For sale by all dealers in medicine.

Nature, after all, is the great physician. She hides all the secrets of health within her broad, generous bosom, and man needs but to go heriintelligently for his every need. The discovery of the great Cough Remedy, GRAY'S SYRUP OF RED SPRUCE GUM, is an apt illustration of this. As a cure for Coughs, Colds, Loss of voice and Hoarseness it stands unrivalled, while its low price and readiness of access places it within the reach of all. Try it and be convinced. All chemists keep it in 25 and 50 cent bottles.

MOUNT VERNON, Westchester Co
March 22, 1876.
DR. GILES—My Dear Sir: During the recent cold weather, on coming from my house to the court room, my foot slipped and I fell heavily, striking my back against a large stone. Was lifted and carried to the house. My wife applied your Liniment all over my spine. The pain and discoloration disappeared, and next day was able to resume my duty on the bench. I am, very truly, ROBERT W. EDMONDS,
Justice of the Peace.
Sold by all druggists. Send for pamphlet,
DR. GILES,
120 West Broadway, N.Y.
Trial size 25 cents.

HAGYARD'S PECTORAL BALSAM is composed of the most healing balsams and gums. The Balsams, which enter into its composition were used by the native when America was first discovered, and are combined with other vegetable tonics, so blended together, that it is a specific for all affections of the throat and lungs. Thousands of bottles are used annually, and it is considered one of the standard preparations of the day.

ECONOMY AND PLEASURE
are united in SOZODONT. A few drops on the brush make a delightful lather for the mouth, which is fragrant and healthful. SOZODONT tightens the teeth in their sockets, restores them to their original color, and is altogether the most agreeable wash ever offered to the public. It is economical and pleasant.

HEADACHE.
Why become a suffering martyr to Headache, when Burdock Blood Bitters will surely cure the cause of all varieties of either Sick or Nervous Headache, cleanse the System, regulate the Secretions, relieve Constipation of the bowels, purify the Blood, renovate the Liver and tone up the Nervous System, and distressing headache will be unknown? Sample Bottles 10 Cents, Large Bottles $1.00.

A VEXED CLERGYMAN.
Even the patience of Job would become exhausted were he a preacher and endeavoring to interest his audience while they were keeping up an incessant coughing, making it impossible for him to be heard. Yet, how very easy can all this be avoided by simply using Dr. King's New Discovery for Consumption Coughs and Colds. Trial bottles given away at Jas. Clarke & Co., Drug Store.

HE DID.
Job went pretty heavily into the boil business, and the venture was a complete success. This reminds us that PUTNAM'S PAINLESS CORN EXTRACTOR is another success, and that it gives more comfort to the world than Job's boils did. Remember the name then, for the little playful corn cometh, and the remedy therefor will gladden the heart. Positively sold by all druggists in Canada.

CANADA'S DESTINY.

...Globe is altogether too zealous in ...ocacy of British connection. There ...owing Canadian sentiment extant, ...will find vent in the newspapers. ...an editor writes in favor of a broader ...ore distinct nationality he does not ...annexation sentiments necessarily. ...for the old fla~, and pride in the ...s history of England, are commend... ...nough, but such sentiments do not ... the younger class of Canadians. ...are loyal to the Queen, and have im... ...aith in the superiority of the British ...ution, but they are Canadians. Born ...eared beneath the maple leaf, and inhaling the free winds that sweep the great inland lakes, they find enough in the history of Canada to fire their ambition and arouse their patriotism. The scheme of Confederation has widened the vista of ...ial pride and furnished fresh inspira... ...or a national distinction. The Do... ...n is great in area of territory; great ...ural resources; great in commercial, ...tional and general enterprise; and ...in population. It stretches from the ...tic to the Pacific, and from the bor... ...f the United States to the frozen ...s of the north. New discoveries are ...nually being made of unsurpassed ...ltural, mineral and forest wealth. ...dians anticipate a no distant date ... their country will be a successful ...etitor with the great Republic on ...borders in the production of what... ...constitutes national wealth. They ...e with the London Times that it will ...d really is now, the land of promise ...European emigrant, and that the in... ...s of population will soon be on a scale ...precedented rapidity. Is there any ...er then that a Canadian nationality ...ing developed? The longing for in... ...dence—for a power, to negotiate ...ies and deal with foreign powers with... ...eference to Downing Street, is but a ...al outgrowth of enlarged capabilities. ...re not alarmed at these manifesta... ...of Canadian ideas. They do not en... ...er the existence of British institutions ...is country. The St. Catharines News, ...nto World and other journals that ad... ...e a greater independence are not ...rtly seeking annexation to the United ...s, as the Globe pretends.

...Canniff lately read an address before ...nnual gathering of the York Pioneers, ...hich he discussed the destiny of Cana... ...nder four possible futures. We quote ...mmary by the Toronto World:

...e first is annexation with the United ...s. This he thinks impossible, be... ...e our neighbors are more enemies ...friends. Commercial union is con... ...ed within the wide possibility, viz., ...xation. We might, however, have a ...rocity treaty to some advantage. ...nother possible future is independence. ...has many good points about it. But ...d we stand if we were removed from ...protection of the mother country? and ...ld it not be galling to live by the favor ...e United States? At one time Ca... ...ians indeed seriously thought of setting ...or themselves, owing to the home au... ...ities, as much as telling us that we ...e not wanted, and that we should do ...ourselves. But public opinion is chang... ...in England, and now the people there ...trying to strengthen the ties between ...mselves and the colonists. But, per... ...s, some of these days we shall be ...nger than we now are, and have a bet... ...developed country than we now have, ... then we may begin national life on ...own account. ...mperial confederation is also open to us. ...s a magnificent conception that floats in ...e great minds, and may some day be ...lized. With it is connected the still ...ier idea of an Anglo-Saxon brotherhood ...nopolizing pretty much the whole world. ...last course is to remain as we are. ...uch are the four paths open, and of ...se we take it the doctor favors the last, ...as a permanent course, however, but as ...leading to independence. The one ...sibility that we are certain he does not ...is annexation, or in its (to him) nar... ...er form, commercial union. But we ...k Doctor Canniff is too severe on our ...bors. The York Pioneers are a ...ted organization, which endea... ...to perpetuate U. E. loyalism. ...U. E. loyalism has only a ...fe vindi...

...sible government and the measures of commercial autonomy that we possess. If the charges which Dr. Canniff makes against the people of the United States are carefully analyzed it will be found that their alleged ill-feeling and sharp practices were displayed toward Great Britain rather than Canada. And if the questions at issue had been in the hands of Canadians and Americans, instead of Englishmen and Americans there would have been more justice done to Canada, and less harsh feeling engendered.

ARGENTEUIL.

The complete returns from Argenteuil give the vote as follows:—Abbott, 345; Christie, 216; majority for Abbott, 129.

This includes the three new districts, which gave Abbott a majority of nearly 100. Therefore, the majority from the old electoral division has been very much reduced. Our local contemporary was crowing before the woods were cleared.

THE BUCK LAKE TRAGEDY.

Some New Developments in the Case.

—Sydenham, Aug. 19.—Nothing new from Vankoughnet. The Kingston police have been in search and will probably get him. Will let you know immediately when I hear anything further from them.

POLICE OFFICERS' MOVEMENTS

—Snodden and Nesbitt were seen to-day between Stoness' Corners and Sydenham. They were on their way to Vankoughnet's it having appeared to them that he was moving homeward. Floody was in Elgin yesterday for the horse which Vankoughnet had sold.

WHAT STONESS HEARD.

Stoness, the stage driver, secreted himself on the lake shore near Vankoughnet's house a few nights ago and saw Mrs. Vankoughnet and the daughter coming in off the lake. He by threats and misrepresentations made Mrs. Vankoughnet acknowledge that her husband had committed the foul deed, in the words, "Well he did murder him, but don't you tell." The daughter standing near placed her hand on her mother's shoulder and in a pleading voice said, "Do tell, mother." It seemed to spur the woman to give the information, which she did quite volubly. Had the man not kept the information to himself and imparted it to the constables in all probability Vankoughnet's capture might have been effected as he is said to have slept at Dennie's on the evening when the interview occurred.

A REWARD RECOMMENDED.

This afternoon word was sent to this office by the County Attorney that he had telegraphed to the Attorney General recommending the offer of a reward for the arrest of Vankoughnet the murderer of Richardson. No reply has as yet been received.

Mrs. Vankoughnet will likely be arrested. She has been doing some fearful lying.

VANKOUGHNET ARRESTED.

Since the above was in type we learn that the assassin was arrested yesterday under the following circumstances:—Downey went to Vankoughnet's house this morning, and upon asking where Vankoughnet was, one of the little children said, "On the island."

Downey made Mrs. Vankoughnet accompany him to the island under threat of instant arrest. As they were pulling towards the island Mrs. Vankoughnet was greatly alarmed. On landing Vankoughnet himself was noticed, and he at once made an attempt to get away. He was called after, and halted. He then drew his knife and made a pass at Downey, who seized him and threw him to the ground. The cudgel he carried and his knife were taken from him, and he was compelled to accompany Downey to Stoness' Corners, where a conveyance was secured to bring the captive to the city. The greatest excitement prevailed over the arrest, although it was not largely circulated. The hands of the prisoner were strapped one over the other, and he was placed between two men. He was driven thus to Kingston. On the way he gave a full and complete history of his wanderings, and also confessed to the perpetration of the crime. At Inverary he was allowed a drink of water. As little time was consumed as possible. At Cedar Creek he also wanted another drink, but his request was refused. He squirmed in the buggy, but made no attempt to escape. At number one toll gate, Perth, he was given another drink, and about 7 o'clock handed over to the police authorities, who would allow no person to see him excepting the reporters. His weapons were also handed in.

THE I. C. B. U.

The 9th. Annual Meeting.

The 9th. Annual Convention of the Irish Catholic Benevolent Union has just terminated its sessions in Toronto. A large amount of business was transacted. Delegates were present from all parts of Ontario, as representatives of different Unions. The Chairman, Mr. Kohoe, being absent, Mr. Coughlin, of this city, whom the "Evening News" calls "the clever young vice-president," occupied the chair. The following officers were elected for the ensuing year:—

Mr. John Coughlin, Belleville, President; Mr. P. B. Reath, St. Thomas, 1st Vice President; Mr. J. W. Kennedy, Toronto, 2nd do; M. J. J. Behan, Kingston, Sec.-Treas. The officers were duly installed.

Toronto, London, Barrie, and Kingston were named as places for holding the next meeting. After considerable discussion Kingston was selected.

A grand banquet was held last night in Union Hall, and afterwards the delegates crossed over to Hanlan's Point and interviewed the champion. The Society is in a flourishing condition.

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.

McFinn's Experience.

BY A YOUNG OFFENDER.

As I obsarved in me lasht, me ould frind Ollen an' I kem down street in the buss. There wuz sevirl strangers wuth us, but as we did'nt want thim to know uv our buzness we kept our gab tull ourselves tull a more convaynient opporchunity wud prasint itself. Howanduver, we did converse on the weather, and about buziness an' on the troubles in Roosia, the Irish Land Bill, an' the lek uv thon, but sorra the wurd did we drap on what wuz thrubblin our gigantic brains. An' all the time Ollen wud chew thon nosty blok tobacco and spit forninst the passengers' feets.

Sez a lady in blew 'how shameful to act so in the prisince uv unprotected females' sez she.

'He's been a lady's mon in his time' sez I 'an' is an Altherman now forby' sez I' so I hope ye'll forgive him for his inadvartancy' sez I.

'He's not at all æsthetic in his tastes' sez the lady.

'Ye're right' sez I 'he'd be betther wuth the shuvel or a pick axe' sez I 'nor to be tullin' the dignified persishun uv an altherman' sez I, 'He awfully awful' sez I,

'Ye're Council here cant be very full of degnity the year' sez she, 'when ye let such hyenas as thon is, go around loose' sez she.

'Ye've hit it' sez I, 'but there'll be a minagerie an' a congress uv luvin wonthers aroun' soon,' sez I, 'an' as he nuver tuk the cake fur gude looks some uv the monagers uv the trick,' sez I, 'may gobble him up,' sez I.

An' all the phile, Ollen wud werk his jaws, and sput on the flure an' sthroke his phine big whuskers, so he wud.

When the buss kem down tull the earner, Ollen sings out 'kem along, Cornalus, kem along,' an' out we got.

The haight and fashion uv the sutty wuz passin' along thin tull their dinners, an' Ollen dud'nt know any uv them, fur there wuz'nt a sool frum the Fosther Ward among 'em.

'Kem away in tull the Hub' sez he 'an' we'll talk over motthers' sez he.

'I'm convaynient,' sez I, an' I rubbed me mustache an' thrun an ould cigyar in the gutther.

'The back room,' sez he, 'is the place fur us,' sez he: 'kem back,' sez he, 'where we kin discoorse tull oursulves,' sez he.

'Ring the jingler,' sez he, pullin' the bell and wunkin' at me tull let me know he was an ould acquaintance wuth the ropes.

'What's yer order, gintlemin,' sez Pete, smilin' an us lek a deacon.

'Whuskey straight fur me,' sez I.

'Jun an' tansey,' sez Ollen, an' aff Peter thrupped till full our commands.

Atther tekin' a brief intherduction tull the gruel, I sez, sez I, 'Ollen how uz it,' sez I, 'thet ye thrun up the berth uv landing waither,' sez I.

'Aisy enough,' sez he. 'Ye see, Cornalus,' sez he, 'that I've losht me anfluence,' sez he, 'in me own ould ward,' sez he, 'so I wanted tull change.' Mack Bowell wuz a frind uv mine, so I axed him for thon persishun,' sez he, 'an' he promished it tull me,' sez he.

'Jan Coovert kin' av got the bulge on ye there,' sez I. 'The light house, ye know, wudn't make a hin lay eggs on a Christmas or Aisther mornin' aither,' sez I.

'Yer perspicuity' sez he 'an' yer propinsity fur display' sez he 'shows ye're up in the sayerits uv the cabinit' sez he.

'Me popalarity and me politeness' sez I 'will yit establish me in buzness in the prasint gineration' sez I.

'Throw another hooker in tull ye' sez he 'an' I got outside anuther whuskey.'

'The same's I hed befoor' sez he 'is gude enough for me' sez he 'an' he tackled another stiflener.'

An' phile the gruel was digestin' we continued the conversaytion.

'I used to lade the pole' sez he 'at wan time in Fosther Ward' sez he 'but I'm lek the Island now' sez he 'fur I don't amount tull much' sez he.

'Thrue for ye' sez I. In the classic language of Bill Kelly' sez I 'ye're occapation's gone' sez I.

'Cornalus' sez he, 'I see ye're posted on Shakespere' sez he.

'I'm betther posted aroun' the toun uv Bulville' sez I, 'excuse me sarcastic interpolation' sez I, 'an' go on wuth ye're discoorse' sez I.

'I thought I'd have an openun in Baldwin Ward' sez he, so I thried tull get me work in fur tull ornamint the ould hoshpital lot' sez he, 'but Cornalus' sez he, 'I see ye gev me away' sez he.

'Ye fared no woorse nor Stariing did with his well' sez I.

'Nor Morgan wuth the Maralty' sez he.

'Howanduver' sez I, 'ye need'nt get in swuthers over it' sez I, 'for uv only yerself an' two others run ye'll get in fur Fosther Ward be acclamation' sez I.

'I tummle tull yer racket' sez he, 'an' I'll be in thon Council agin' sez he. 'George E. Hintherson has no more show doun there' sez he, 'an' as Dave Brennan is making money out of the assessorship' sez he, he'll stick tull thon forby' sez he.

'Ollen' sez I, 'ye have the jaynius uv a philosopher' sez I, 'an uf ye hed a luttle more gall ye cud tackle the Maralty' sez I'

'I know thon' sez he, 'without the help of the electric light' sez he, 'but I'm sorry' sez he 'I didn't stick tull assessin'' sez he.

'How's thon' sez I.

'Wull ye see' sez he, there must be money in it' sez he, 'fur Tom Rutherfoord was at it' sez he, 'Jim Harrold sticks tull it lek a major' sez he 'and Jimmy Smuth had a whack at it too' sez he. 'But me polatical aufluence now is busted' sez he, 'an' wuth Bob Newbery an' the police I'm on the ragged idge,' sez he 'as me ould frind Baycher wud say' sez he, to show his knowledge uv the tacknical tarms uv the day.

'Ollen,' sez I, 'I'd advise ye 'sez I 'tull put up some job an' tackle the Maralty' sez I. 'Tull John P and Curlett ye'll make 'em members uv thon Boord uv Health,' sez I, 'an' ye'll have their vote an' aufluence' sez I.

'He a gude manin' critter as Mike McMahon wud say,' but he don't know much' sez he.

The conversaytion was here intherrupted by the prasince uv the subject uv our discoorse.

'Cornalus,' sez George, 'jine us,' sez George, as he shtepped in tull another stall.

'Ollen hev a horn,' sez George.

'Not to-day,' sez Ollen, 'some other day.'

'Good day,' sez he, an' aff he wint.

An' who shud kem in tull jine the festive boord but our ould frind McIninch, and Lingham, uv the Boord uv Works.

An' we jined tull talk uv the Maralty, but there was so much niyse that we wint over tull the Dafoe tull see the new lan'lord.

PRINCE EDWARD ITEMS.

(From the Picton Papers.)

—Over 12,000 lbs. of cheese were shipped on consignment from the ports of Rednerville and Bay Side last week, instead of 1,200 lbs as was stated.

—With his steam thrasher, on the farm of Mr. David Burlingham, on Wednesday last, Mr George White thrashed eleven hundred bushels of barley. This is considered quick work.

—Smoking cigars on an excursion train, and promenading the street bare-headed, are said to be among the latest novelties of some of the Bloomfield girls. It is to be hoped the fashions thus set will not prove contagious.

—Some who were on board the *Alexandra* on Saturday evening complain of the conduct towards ladies of two young men from Ameliasburg. We have heard of these capers before, and if the guilty ones cannot show proper respect the officers on the boat should show authority.

—A few days ago there were assembled at the house of the widow of the late Dr. Dorland, in Wellington, a few friends, whose aggregate ages were 552 years. The party consisted of Wm. Garratt and wife, Dr. and Mrs. S. B. Cory, the widow of the late Thomas Garratt, Mrs. N. S. Clench, of Cobourg, and Dr. Dorland's widow, all hale and hearty.

—It is reported that the rails on the track near Bloomfield station, were *soaped* the night of the moonlight excursion, so that the engine could scarcely draw the train on its return from Picton. Such acts of rowdyism are looked upon by some people as amusing, and the perpetrators are laughed at for their prowess, but the intelligent and thoughtful class view such conduct as reprehensible.

—The Hay Bay Shooting Company announce that in order to afford better protection to game that report to the waters of Hay Bay they have decided not to allow any shooting on their premises till Sept. 2nd. The days for shooting having been limited to three in the week—Tuesdays, Fridays and Saturdays. Special arrangements have been made to secure close observance of the rules of the Company and the game laws.

Responsible corresponding agents wanted at all points, to whom liberal compensation will be paid.

For further information, write clearly, giving full address. Send orders by express or in a Registered Letter or Money Order by mail,—Addressed only to M. A. DAUPHIN, New Orleans, La., or M. A. DAUPHIN, at No. 212 Broadway, New York.

All our Grand Extraordinary Drawings are under the supervision and management of GENERALS G. T. BEAUREGARD and J. A. EARLY.

Notice to the Public.

The public are hereby cautioned against sending any Money or Orders to NUNES & CO., 83 Nassau St., New York City, as authorized by the Louisiana State Lottery Company to sell its tickets. They are flooding the country with Bogus Circulars purporting to be of the Louisiana State Lottery Company, and are fraudulently representing themselves as its Agents. They have no authority from this Company to sell its Tickets, and are not its agents for any purpose.

M. A. DAUPHIN, Pres. Louisiana State Lottery Co. New Orleans, La., July 4th, 1881.

Toronto and Ottawa Railway Company

Last Week

—OF THE—

GREAT SALE

—AT THE—

"Glasgow Warehouse"

WE have been requested to continue our sale at cost price for a few days longer, as quite a number of parties who wish to make large purchases from us could not conveniently do so until this week. We will therefore continue our GREAT SALE THIS WEEK, so that all our customers may share alike.

But this will be the last week, as we are now receiving and opening up a large proportion of our Fall purchases which we have to put in stock at once.

We are opening out quite an assortment of Fancy Dry Goods for the Fall Trade, and any of these new goods will be sold this week on the same terms as the summer stock.

We thank our customers, and the public generally for the large patronage with which they have favored us during our cheap sale, and can assure them that we will always endeavor to give them first-class goods at the lowest figures.

GLASGOW WAREHOUSE

Belleville, Aug. 16th '81.

DAILY ONTARIO.

SATURDAY AUGUST 20, 1881.

Business Notices.

The golden age—the present—when Esterbrook's popular Steel Pens are within the reach of all. The stationers can supply them. Robert Miller, Son & Co., Montreal, agents.

Insure your Life in the

ONTARIO MUTUAL LIFE ASSURANCE COMPANY,

Of Waterloo, Ontario.

Government Deposit ......$ 56,176 79
Full Reserve (Gov. Standard) ...$ [illegible]
Surplus over all Liability ......$ 39,574 93

The Ontario Mutual has a reserve in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company!!

Deaths in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to cash income, is smaller than any other Canadian Company!! Extravagant salaries and "bonuses" incident to companies located in large cities, and indulged in at the expense of the policy holders, have never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada!!

EXAMPLE

Policy No. 675 was issued in 1870 for $1,000; age 27, annual premium $19.44. premiums paid during the past 11 years $[illegible]; should the [illegible] company, he could get $86.66 in cash [illegible] the actual average cost $5.34 per [illegible] ranging from 27 to 38, and still [illegible] future reduction annually. [illegible] Company.

[illegible] BURROWS General agent for this district. [illegible] CLARKE local agent. Their office in the Ashley Block, Front Street.

LOCAL AND GENERAL.

SEVERAL parties who were out fishing yesterday made good catches of large black bass.

Two shipments of cheese were made from this city this week, one yesterday and one to day.

Two more unfortunates were quartered in the cells last night. They were drunk when arrested.

THE Oriole continued her cruise yesterday afternoon, and left here at five for down the bay.

MRS. HODGSON, mother of Mr. Harry Hodgson, died in Liverpool, England, yesterday morning.

THERE was a very pleasant party on board the Varuna this morning, destined for the Thousand Islands.

MR. WALTER FANNING is buying two cars of horses for street railway purposes. They will be shipped to Montreal.

MR. JEFFERSON DAVIS BILL, brother of Kansas Nebraska Bill, is in the city. The Bills are very heavy dealers in sables.

THE Committees on Public Works, Fire and Water and Gas met last evening. Each passed several accounts and then adjourned.

MR. A. W. VERMILYEA, of this city, occupied the pulpit of the C. M. Church in Trenton both morning and evening, last Sabbath.

MR. ALEX. CARSCALLEN, one of the live men connected with the firm of Lingham & O'Brien, cattle dealers, is in the city on a brief visit.

THE single men of the Belleville Cricket Club are anxious to meet the married members of the club in a game, and give this as an intimation of their desire for a contest.

MR. JOHN COUGHLIN, of this city, has been elected President of the Irish Catholic Benevolent Union for Ontario, which was lately in session at Toronto. The Union will meet next year in Kingston.

THE funeral of the late Michael Nulty took place yesterday afternoon from the family residence, Coleman Street, to the R. C. Cemetery. The remains were followed by a large concourse of people.

MR. J. E. BROOK returned home from Muskoka last evening. He speaks very highly of the beauty and attractions of that region for a summer resort, and looks as if the climate and fare had agreed with him.

REMEMBER the City Mission Services to-morrow afternoon at 3 o'clock, in Mr. Rathburn's Waiting Room. Should the day be very warm, on the Ferry Boat. City Mission S. School after the close of the public service.

MAJOR J. H. DURHAM, of St. Catharines, who is not a stranger to everybody in Belleville, is accused of bigamy. The St. Catharines Journal says he married a girl in Buffalo last March, while having a wife living in St. Catharines.

TO-DAY, Mr. Kircher, lately employed by J. M. Walker & Co., visited this office prepared to show his objections to the paragraph narrating the strike noted yesterday. Mr. K. was apprised of his mistake, and left accordingly.

THE two men now in jail awaiting trial for stealing a rig from a Trenton livery man, are also charged with the theft of wool and woollen blankets from the mill of Mr. Richard Asselstine, Ernesttown. It is surmised that they took the goods missed from the store of Mr. McAlister, of Napanee.

THE RIVER-DRIVERS concluded the season's festivities last evening with a dance. Break-downs, cut-out-jigs and eight-hand reels, took the place of the Boston dip and such like innovations of the established saltatorial line. The costumes were quaint and elegant, and the music would soothe the worst savage in Sitting Bull's tribe. But the dancers cared only for enjoyment, and they had it.

THE necessity for a proper fire alarm was never made more apparent than it was last night. The alarm bell at the City Hall gets out of order quite readily, and whenever used something goes wrong with it. One of the engines was driven up the hill, and the place on the existence of the fire was only then made known to the men who managed it. This shouldn't be, and therefore a remedy ought to be devised and put into use.

MR. J. N. LEE, of Trenton, and some others, who lately returned from an extended trip through Manitoba, have gone back to the prairie province with the intention of completing the purchase and surveys of a block of land in the vicinity of Portage La Prairie. They invested in 513 acres of choice land, part of which has been divided into town lots. The location is such as to encourage the belief that the lots will be rapidly disposed of.

THE weather, wind and light were very unfavorable for good shooting, as was demonstrated at the ranges yesterday, and the scores were in consequence not what they otherwise should have been. The contestants included Messrs. Kerr, Tracey, Tammadge, Hilton, Marshall, Campbell, Dr. Tracey, Captain Biggar, and Major Hambly. Mr. Marshall was the fortunate winner of the Cup, and for the first time, making 71 as his total at the three ranges.

A BARN, belonging to Mr. David Andrews, located on the Canifton Road, a short distance north of the city limits, was burned shortly after twelve o'clock last night, together with its contents. The loss is a very severe one on Mr. Andrews as his waggons and harness were destroyed, in addition to the other contents. A new hay cutter was burned and the usual articles necessary to the building. The loss is about $600 on which there was a partial insurance.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give

SIR HECTOR LANGEVIN and party passed west last evening.

A LODGE of the A. O. U. W. has been established at Picton, with Mr. W. J. Porte at its head.

In the drawing for the yacht Gorilla at Toronto on Wednesday Mr. J. A. Johnson, of Consecon, was the fortunate ticket holder.

GOOD progress is being made in the construction of the telegraph of the G. J. R., and in a few days communication will be opened along the line.

IN the list of new Queen's Counsel the following appear: Allan R. Dougall, and George D. Dickson of Belleville, and W. R. Allison of Picton.

THE probabilities are that Mr. W. K. Muir will be appointed to the office of General Manager of the Midland and Grand Junction Railways.

MR. WOOD, of the Lorne Saloon, is confined to his bed by illness. He has a fever of some kind, and hopes is of a mild type. His friends hope so, too.

A SERMON having special reference to the death of the late Mrs. R. J. Eilbeck, will be preached in the M. E. Tabernacle to-morrow morning at the usual hour.

NINE cars of ore came in this morning, and an instalment of sixteen cars was added to the timber contribution last night. Another train of timber was expected this afternoon.

THE Baptist and Bible Christian Sabbath Schools intend spending next Wednesday at Massassaga Point. The Prince Edward leaves at 9 a. m., and the Annie Gilbert at 10 a.m., and 1 and 3 p.m.

THE concert and lawn social at the residence of Mr. J. G. Robinson was a pleasing success. The efforts of those who took part in it, were commendably received, and the affair passed off very pleasantly and happily.

MRS. JOSEPH FITZGERALD'S house, on Moira Street West, was entered last night about twelve o'clock by two young men. Their presence was noted and the woman began screaming, when the burglars made off. Who they were developements did not determine.

MICHAEL LANGLEY received his sentence this morning from Judge T. A. Lazier. He got ten days in gaol. His crime was assault which caused the breaking of his wife's arm on June the 14th. He came to the gaol on the 14th of July and has since remained there.

"WILLIE CUMMINS" is now doing very nicely, and to-day for the first time he came down town in his carriage. This vehicle will enable him to go wherever he wishes, and when he becomes thoroughly used to it he will the better be able to enjoy himself. He is quite smart and active, and is perfectly reconciled to his misfortune. Dr. Burdett has a right to ruffle his feathers. He treated the case very skilfully.

THE Emerson, Man., Express of the 12th inst. says:—Every day we hear of parties starting out west to explore the country, and among those who left to-day we noticed a party of four, composed of Mr. T. Badgley, law student with F. E. Burnham, Esq., a Mr. Shanks, of Belleville, R. H. Spedding, and another gentleman whose name we did not learn. We wish them a pleasant trip.

THE Gateway Express, of Emerson, Man., under date of August 15th, says:—R. C. Clute and John Taylor, of Belleville, and Mr. Wright, of P. E. County, returned yesterday from a three week's tour, stopping with Peterson, and proceeded on their way to Belleville to-day. They went by Turtle Mountain, thence to Brandon, from there to Winnipeg and thence to Emerson, by their own conveyance. They speak very highly of Southern Manitoba and purchased three sections of land near Turtle Mountain.

THE Hamilton Spectator publishes the following respecting former residents of Belleville:—'Mr. Norman J. Dingman, of the Inland Revenue Department, left yesterday for Winnipeg, where he has been appointed special class officer. Mr. Dingman, previous to his departure, was presented by the gentlemen of the department with a well filled purse, and a handsome and valuable pen and pencil case. Mr. Dingman was also presented with a beautiful inlaid pencil case. The gift was quite unexpected, and Mr. Dingman was quite taken aback at the unexpected demonstration of regard for him. He left for the West in the afternoon, and a large circle of his acquaintances here will be exceedingly glad to hear that he is meeting with that success he so eminently deserves.

THE version of Abraham Lincoln's famous Gettysburg speech printed in St Nicholas for last June raised a newspaper discussion of the correctness of its wording. It has since been shown that several forms of the speech exist. First comes the draft written by Mr. Lincoln; in the delivery of the speech, however, he made a few slight variations from the draft, and thus gave rise to the stenographically reported version published soon afterward in the newspapers; the other and last form is that which he himself perfected, and copied in his own handwriting for the Soldiers' and Sailors' Fair at Baltimore in 1864. This last version—undoubtedly the one he would wish posterity to consider authentic—is to be given, in fac-simile, in the forthcoming September number of St. NICHOLAS.

WEATHER BULLETIN.

TORONTO, August 20.

Light to moderate winds, fair weather, possibly light showers in some localities.

—Mr. Casey, the operator at Napanee, who made the mistake some time ago that nearly led to a collision on the Grand Trunk, has been removed.

—The Princess Louise expects to be in Canada at the end of October. So said the Governor General in replying to an address at St. Boniface.

—Thomas F. Lynch, of Halifax, has challenged Hugh N. McDonald (the Kingston Medical College student), or any two or more athletes, for from 11 to 21 competitions. He

POLICE COURT.

(Before THOS. HOLDEN, Esq., P. M.)

SATURDAY, Aug. 20.

DRUNK.

Thomas Fahey offered the assurance that he would do better, but the Magistrate declined to accept it, as he had made like statements before. 'I'll remand you for a week,' Mr. Holden said, and that settled it.

John Bonner was the next subject. The officer who arrested him deposed to the fact, and was cut short with the musical warbling of the Magistrate, who turning to the prisoner said, 'I'll remand you for a week, too.' 'That's business,' he continued, as he left the bench.

DASHES.

—Picton is agitating for improved fire apparatus.

—The Prince Edward County fair is to be held Sept. 29th.

—Only two unoccupied stores in Trenton. Can't say the same of Belleville.

—Bush fires are raging north of Trenton, and are doing considerable damage.

—There is little difference in the speed of the Hero and Varuna. Both are safe boats, too.

—Mr. Hastings shipped 16 horses by the Hero yesterday. They were destined to the American market.

—Mr. John Waddell has received the contract for the improvements in Cobourg harbor estimated at $10,000.

—It is now asserted that the destruction of the bull frog accounts for the spread of malaria in the places scourged.

—The Lennox and Addington Exhibition will be held on Tuesday and Wednesday, the 4th and 5th of October.

—We received an exchange this morning addressed to the 'Ontario and Intelligencer.' It was put in the right box.

—Six new buoys were placed last week in the Trenton channel; three red ones next Gilmour's mill and three black ones on the outside.

—Rumored that a suit in connection with the blowing up of the dam at the rapids near Madoc is probable. The Review says such a suit won't pay.

—Venner says we are to have cool weather and frost. Moses Oates says there will be no frost, but that the temperature will yet rise to 95 before the month is out.

—The Campbellford Herald says:—A large number of the men employed on the Trent are badly affected with that new epidemic complaint, ague. Out of a gang of forty, we are informed, only ten remained at work, the others having to leave the river entirely.

—The Whig says: Thursday evening Detective Macauley and another member of the police force made an excursion into the country in search of the two young men who are accused by Mr. Mercer, of Madoc, with abducting and carnally keeping his step-daughter, Mary Rupert. The offenders seem to have fled. They cannot be found.

—One of the gentlemen from Trenton who lately visited the North West has a decidedly brunette complexion. It may be a shade darker than brunette. During his wanderings near the home of the "brave warriors" he entered a saloon and called for his toddy. The vendor of alcohol looked at him a while and replied that he did not sell liquor to Indians. The Trenton man enjoys the joke.

THE BRIGADE CAMP.

Some information for the Volunteers.

For the information of our volunteers we publish the following extract from general orders:—"Every man should come to camp in marching order, provided with a great coat, change of shirt and socks, tin plate, drinking cup, water bottle, haversack, knife, towel, soap, brush, blacking, &c., and each man's hair should be cut close. Each company should bring necessary cooking utensils and spade, axe, pick, and one pail and wash-dish for every ten men."

The following is the daily allowance for Militia Officers and men during camp:

1½ lb bread.
1 lb meat.
1 lb potatoes.
2 oz. sugar.
½ oz. coffee.
¼ oz. tea.
½ oz. salt.
1-36th oz. pepper.
2 oz. cheese.
1 oz. barley.

For horses each, 10lbs. oats, 18lbs. hay.

The following is the rate of pay per day:

Lieut.-Col. in command,	$4 87
Majors	3 90
Captain	2 82
Lieutenant	1 58
2nd Lieutenant	1 28
Adjutant 2nd Lieut.	2 13
Paymaster	3 05
Surgeon	3 65
Assistant Surgeon	2 43
Quarter Master	1 94
Sgt. Major	1 00
Qr. Master Sergeant	0 90
Paymaster Clerk	0 90
Orderly Room Clerk	0 90
Hospital Sgt.	0 90
Pay Sergeants	0 80
Sergeants	0 70
Corporals	0 60
Privates	0 50

MARINE NOTES.

—The Bullock cleared to-day with ore.

—The yacht Enid arrived this morning from Picton.

—The Olivia and Katie Eccles arrived this morning with coal.

—The Millie Cook is loading lumber for Dexter, N.Y., and will clear to-night.

—The O'Gorman cleared from Shannonville yesterday with lumber for Oswego.

—The tug Wheeler of Oswego, and the canal boats C. R. Freddie and Thomas Matthews arrived this morning. The canal boats will load with ashes.

SPORTING NOTES.

—The Peterboro' boys are said to be too fleet of foot for the Athletics of Kingston.

—The Oswego Boat Club have decided to recommend that arrangements be made for a sailing regatta, to be held between the 5th and

[illegible] to take place at Clayton next Thursday. The stakes are $150 a side.

—Dr. Brownlow of Ogdensburg has received a challenge from Mr. Parker owner of Sport Island, to race Parker's steam yacht Sport against Brownlow's steam yacht Lancet. The race will come off next Thursday and will be for $25 a side. The race will be from Ogdensburg to Brockville and back.

Telegraphic Despatches.

The Wounded President.

NOT MUCH CHANGE—THE PHYSICIANS HOPEFUL.

NEW YORK, Aug. 20.—Jas. J. Belden, of Syracuse, subscribed $1,000 to the Garfield fund.

Dr. Hamilton last night would not say whether the swelling of the President's parotid gland was a symptom of pyæmia, but said he had his own theory about it. He reasserted there is no cause for alarm.

WASHINGTON, Aug. 20.—It is said the President has now almost a morbid dread of Saturday, Sunday and Monday.

Official, 8 a. m.—The President passed a quiet night, and this morning his condition does not differ materially from what it was yesterday at the same hour. The swelling of the parotid gland is unchanged, and free from pain. This morning the pulse was 98; temperature 98.4; respiration 18.

Bliss is reported saying that during the last few days we have gained a better knowledge of the topography of the wound than before, and we are of the opinion the healing shows well, and continues steadily and uninterrupted.

Bliss said the President is entirely free from coughing and his lungs are in perfect order. The surgeons are unanimous that the minutest symptoms of pyæmia have appeared, or are likely to appear.

Bliss also remarked:—In about two weeks I think he will be well enough to be moved to the Soldiers' Home or on board a vessel for a sailing trip, should such a conclusion be reached.

AFTERNOON.

WASHINGTON, Aug. 20.—2:30 p. m.—Official—The President continues to do well. He is taking liquid food by the mouth, in increased quantity with relish. Enemata is still given, but at longer intervals. The pulse now is 107; temperature 98.4; respiration 18.

At the morning dressing the wound was looking well; the pus discharged was healthy.

After the operation of Aug. 8th a flexible tube used to wash out the wound readily, followed the track of the ball to the depth of three and a half or four inches. At the dressing, however, a small quantity of healthy pus came as was believed from the part of the track beyond this point, either simultaneously or after a gentle pressure over the interior surface of the right iliac.

THE HOUSE OF COMMONS

Debate on Irish Affairs.

LONDON, Aug. 20, '81.

In the House of Commons last night, during the debate on the vote for the salary of Chief Secretary for Ireland, Parnell said he thought Forster more detested by a large body of the Irish people than any of his predecessors, on account of the mode in which he administered the Coercion Act and general law of the country. He said if the Land Bill brought about a substantial abatement of rent, the Irish would make the best of it, and use it as an instrument for attainment of a complete land reform. Dawson, Redmond and Barry joined in condemning Forster, Barry declaring Forster's name was held in execration, and that he had worked the Coercion Act to stifle the Land League.

On a vote for law changes in the courts of criminal procedures, Parnell severely criticized the recent Crown prosecutions in Ireland. Healy and others sharply attacked the conduct of Irish stipendiary magistrates.

CONDENSED TELEGRAMS.

—Heavy rains have caused much damage in Colorado.

—A conspiracy for tampering with the army has been discovered in Russia, in which men high in position were engaged. The peasantry, from whom the soldiers are recruited are said to be demoralized by Nihilism.

—70,000 cartridge percussion caps exploded in Winchester Armory, New Haven, yesterday. Thousands of pieces of metal struck and penetrated into the flesh of Maurice Beilley, who died from the injuries received last night. The building was shattered and windows broken.

MOTHERS! MOTHERS! MOTHERS

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

A short road to health was opened to those suffering from chronic coughs, asthma, bronchitis, catarrh, lumbago, tumors, rheumatism, excoriated nipples or inflamed breast, and kidney complaints, by the introduction of the inexpensive and effective remedy, Dr. Thomas' Eclectric Oil.

All beds seem hard to the rheumatic. Then harken ye peevish sufferers! Apply Dr. Thomas' Eclectric Oil to your aching joints and muscles. Rely on it that you will experience speedy relief. Such, at least, is the testimony of those who have used it. The remedy is likewise successfully resorted to for throat and lung diseases, sprains, bruises, etc.

Mrs. Barnhart, cor. Pratt and Broadway, has been a sufferer for twelve years through rheumatism, and has tried every remedy she could hear of, but received no benefit until recommended to try Dr. Thomas' Eclectric Oil; she says she cannot express the satisfaction she feels at having her pain entirely removed and her rheumatism cured.

MARRIED.

HIBBARD—MURRAY.—On the 19th of Aug, [illegible]

COMMERCIAL.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (witout medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

Address,

The CULVERWELL MEDICAL Co.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D New York City.

THE GREAT FEMALE REMEDY
JOB MOSES PILLS

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthfull constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson, Man Boulter, Stirling W C Barke, Trenton and all medicine dealers.

Dr. A. G. Douglas,

GRADUATE OF ONTARIO VETERINARY COLLEGE, Toronto, student with the late Dr. Newton.

Office—Two doors south of Queen's Hotel, formerly occupied by Dr. Newton.

☞ Calls by mail or telegram will receive prompt attention at any hour of the day or night. wlm

MARMALADE!

THIS SPRINGS IMPORTATION

JUST ARRIVED.

Wallbridge & Clarke,

GROCERS & WINE MERCHANTS,

Wallbridge & Clarke,

ELECTRICITE! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD. Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."—Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.—H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil. I am nearly out, nothing equals it."—J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."—J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

PREDESTINATION.

An old time Baptist preacher, of this city, who has retired from active gospel dealing, but who still keeps a firm eye on the faith, has just had a little experience with a colored man that causes him to think very seriously. Meeting the colored man the preacher said: "Dave, if you don't bring that saddle home I'll have you put in jail."

"What saddle is yer 'ferren ter?"

"The one you stole from me."

"Parson, 'fore de Lord, I nebber stole yer saddle.

"Yes you did. I saw you take it off the yard fence. I believe I'll have you arrested anyway."

"Look heah, parson, you'se a old Baptis', isn't yer?"

"Yes, and I'll have you sent to the penitentiary."

"Well, so is I, an, an' now ketch de p'ints ez I gin 'em to yer. Dar is jes so many saddles in dis worl' what is fer be stole, an' dar's jes so many men what is ter steal dese saddles. Dis is predesternation. Now if yer saddle happens ter be one ob de predisposed saddles, and I happens ter be one ob de predisposed men, kin I he'p hit? Dar was Judas, for instance. He could'nt he'p trayin' de Saviour, case de Saviour said, 'Judas, sop in dis dish an' go an' tray me.' Hit wasn't Judas' fault, case he was one ob de predisposed, so' tended from de foundation of de worl'."

"I don't want a religious discussion, Dave. It isn't the saddle now that I care so much about. It is that you told me a lie in saying that you didn't steal it."

"Well, den, parson, 'spose I takes back de lie, an' keeps der saddle?"

"A lie once told always stands. You have lied to me, you scoundrel, and I believe its my duty to have you arrested."

"Parson, dar's a certain amount ob lies to be tole in dis worl', an' if I is one ob de men what is predisposed to tell one ob dese lies, hit's not my fault, an' I can't he'p hit."

"You go now and get that that saddle, or I'll swear out a warrant for your arrest."

"I'll do de bes' I kin, parson; but dar's jes a certain amount of stole saddles to be returned in dis worl'. If I is one ob de predisposed men, an' I b'lieves I is, you'll find yer saddle hangin' on de yard fence about sundown dis evenin'."—*Little Rock Gazette.*

SELF-SACRIFICE.

Rev. J. D. Girkie has said: Self sacrifice is at the root of the blossoms of goodness that have survived the wreck of paradise. There never was a heart but had gleams of it. Shining at times in some royal natures, diffusive as the light of day, without clouds, there is yet no life so dark and clouded, but it sends a golden shaft through some opening rift. To be great-hearted, for the love we bear to our Master, and in imitation of Him, is the ideal of Christianity, for it is the religion of Him whose life and death were self-sacrifice. If we are to follow, we must, like Him, bear a cross. It has been so from the beginning. Call the death-roll of the world's worthies—its prophets, apostles, martyrs and saints, the great teachers of mankind, the architects of our liberties, the heroes of civilization, the ministering angels who have blessed the poor, the sick, the dying, the helpless—has not the measure of their goodness been that of self denial? They have suffered that others might suffer less; they have died for the truth, that others might live; they have defended human rights by enduring unspeakable wrongs—with tears and blood. Love, like the fabled bird, pierces his own bosom to feed his loved ones. Is not heaven itself to be reached through death? The blessed One entered not into His glory until he had been crucified. The leaders of mankind have had to tread a blackened and scorched path of suffering, and we enter into their labors without their sorrows. White robes of earthly saintship, like those of heaven, are only gained through much tribulation. Everything good costs self-denial."

WE do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper.

We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

Money saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usualy suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their

they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

The Canadian Pacific Railway Co'y
EMIGRATION TO MANITOBA
AND THE
CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of **The Canadian Pacific Railway Company**, at Montreal and Winnipeg.

By order of the Board,
CHS. DRINKWATER,
Secretary.

No expense ... to make it what it is, superior to all would-be competitors ... relative killer of pain. Instantaneous in action, harmless ... the most unskillful hands.

SUBSTITUTES.

☞ The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this: When asked for a bottle of **Pain-Killer**, they suddenly discover that they are "sold out," "but have another article just as good, if not better," which they will supply at the same price The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the **Pain-Killer**; and being compounded of the vilest and cheapest Drugs, are bought by the dealer at about half what he pays for the genuine **Pain-Killer**, which enables him therefore to realize a few cents more profit per bottle upon the imitation article than he can on the genuine.

BEWARE OF SUBSTITUTES!

FOR CHOLERA, CHOLERA MORBUS,

As well as all Summer Complaints of a similar nature, the Pain-Killer acts with *wonderful rapidity* and *never fails* when taken at the commencement of an attack, and often cures after every other remedy has failed. If you reside in a country place far from a physician, the Pain-Killer can be relied upon; it never fails.

FOR SUDDEN COLDS, SORE THROAT, &c.

The proverb "A stitch in time saves nine," is never so well illustrated as in the treatment of these complaints. A **teaspoonful** of Pain-Killer ... at the beginning of an attack will prove **a certain cure and save** much suffering.

TOOTHACHE, BURNS, SCALDS, CUTS, BRUISES, &c.

The Pain-Killer will be found a willing physician, **ready** and able to relieve your suffering without delay, and at a very **insignificant cost.**

GOOD FOR MAN AND BEAST.

For Colic, Cramps and Dysentery in horses, the **Pain-Killer has no equal,** and it has never been known to fail to effect **a cure in a single instance.** It is used in some of the largest livery **stables and horse infirmaries** in the world. To resuscitate young lambs or other stock chilled and dying from cold, a little Pain-Killer mixed with **milk will restore them to health** very quickly.

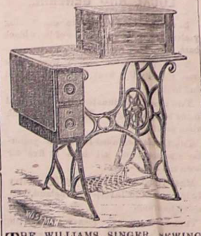

The Pain-Killer is for sale by **Druggists, Apothecaries, Grocers** and Medicine Dealers throughout the world.

The Pain-Killer is put up in 2 oz. and **5 oz. bottles, retailing at 25** and 50 cents respectively,—large bottles are **therefore cheapest.**

WM. DAVIS'
Agent, Belleville.

Ayer's Cathartic Pills,

For all the purposes of a Family Physic, and for curing Costiveness, Jaundice, Indigestion, Foul Stomach, Breath, Headache, Erysipelas, Rheumatism, Eruptions and Skin Diseases, Biliousness, Dropsy, Tumors, Worms, Neuralgia, as a Dinner Pill, for Purifying the Blood,

Are the most effective and congenial purgative ever discovered. They are mild, but effectual in their operation, moving the bowels surely and without pain. Although gentle in their operation, they are still the most thorough and searching cathartic medicine that can be employed: cleansing the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and promote vigorous health.

AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their aperient action they gripe much less than the common purgatives, and never give pain when the bowels are not inflamed. They reach the vital fountains of the blood, and strengthen the system by freeing it from the elements of weakness.

Adapted to all ages and conditions in all climates, containing neither calomel nor any deleterious drug, these Pills may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take; while being purely vegetable, no harm can arise from their use in any quantity.

The Manhattan Feed

—FOR—

HORSES, CATTLE, MILCH COWS, SHEEP, PIGS, AND POULTRY.

Read these Recommendations:

ARNPRIOR, Ont., June 17, '80.

MR. HENRY J. HARTNEY, Agent, Ottawa.

Dear Sir.—We enclose herewith eight dollars ($8) in payment of the accompanying account, which we will thank you to receipt and return to us in course.

Please forward, on receipt, 500 lbs. of "Manhattan Horse and Cattle Feed," same as before, and oblige

Yours truly,
McLACHLAN BROS.,
Lumber Merchants.

Taylor's Brewery, Montreal, Jan. 9, '80.

Gentlemen,—In reply to your inquiry, I think your Manhattan Feed to be a good article, and one that will amply repay its cost if fed as directed. My horses are much improved since we commenced it some four months ago.

Yourstruly,
ROBERT TAYLOR

Logan's Farm, March 22, '80.

MESSRS. MARSDEN & COMPANY:

This is to certify that I have used the Manhattan Feed for Cows for some time, and find it beneficial both for milk and fattening, if given to them regularly.

THOMAS IRVING.

LOW INTEREST.

I AM now lending money on good farm and town properties at seven (7) per cent. and seven and a half (7½) per cent. Interest payable yearly on terms to suit borrower.

Principal repayable either in instalments, or at the end of the term for which the loan is taken, or at any time by giving notice.

On really first-class loans, or farm property, I can lend at *even lower rates, viz.: From six (6) to six and one half (6½) per cent.*

Now is the time for farmers to pay off previous loans borrowed at high rates and gain the benefit of the present reduction of interest as rates may go up again.

STAGE ROUTES.

Stages leave the principal hotels for the unmentioned places, as follows:—
For Stirling, at 8 a m. and 2 p.m.
For Madoc and Smithville at 2 p.m.
For Tweed and Bridgewater at 2 p.m.
For Trenton at 3 p.m.
For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

THE CITY OF THE BAY.

Talks With the Harbor Master and the Mayor—They are Hopeful and Contented—The Moira and the Sawlogs—Rathbun's Mill—Belleville's Proposed Dairy Exhibit at the Great Toronto Fair—What the Secretary of the Exhibition has to say About it—Cuthbert's New Yacht.

From the Peterboro' Review.

I reached Belleville from Trenton on Friday morning and called on the Harbor Master in the afternoon. He received me very courteously and furnished me with the information about harbor matters which I send you.

The shipping trade of Belleville has increased slightly in volume since last year —some $200. The following are the grain shipments since 1874:—

Year.	*Barley.*	*Rye.*	*Peas.*	*Wheat.*	*Oats.*
1874	124,243	60,046	11,203	881	000
1875	273,759	45,971	34,276	000	5,827
1876	190,994	61,246	28,896	1,779	003
1877	287,651	63,332	8,480	000	000
1878	290,357	105,166	26,818	000	000
1879	285,963	153,273	21,977	5 263	000
1880	377,529	173,374	20,018	12,272	000
Total	1,830,796	663,688	161,688	24,495	5,827

This grain goes to Oswego, and it will be seen that the trade shows a fair growth.

Bellevilleites don' take much interest in the Trent Valley Canal project, the subject has never been sufficiently explained for the people to discuss it intelligently. I was assured by a number of the prominent citizens that the opinion of the townsfolk with regard to the matter was that it would never be built, and that the periodical excitement about it was only raised by astute politicians about election times to serve their ends. The Mayor said, concerning this matter, in an interview with him subsequently, that he thought the scheme would not be successful if carried out on the proposed small scale, as the light class of vessels which would be necessitated by seven foot sills would not be suitable for the navigation of the great lakes, and the consequence would be enforced transhipment which would ruin the project. He thought, however, if more extensive accommodation were provided than was proposed, and the canal was made navigable for a much heavier class of vessels, it might be a success. He confessed, however, that he had not studied the matter greatly or looked upon the canal as a scheme which would be carried out in his day.

THE MURRAY CANAL.

On the subject of the Murray Canal, however, the Belleville folks are far from being so apathetic. They believe in it thoroughly, and look to it with longing eyes to save them from commercial depression. The opening up of the Grand Junction Railroad was a great blow to the town, as it enabled the farmers of the surrounding country to haul their produce to the nearest station and ship it there, consequently it is building up a number of small towns in the interior to the detriment of the trade of the young city. The Belleville people think that the Murray Canal would put them on equal terms with any of the lake ports, and would build up rapidly now and flourishing shipping trade, for which their fine harbor is well adapted.

THE MOIRA.

One thing which militates greatly against the progress of Belleville is the lack of water power throughout a great portion of the year. Just now the water has dwindled down to a miserable stream which one could wade across, at a little distance from the mouth, without wetting more than one's boots. Looking up the alleged river bed from the bridge in the centre of the town there is a long vista of dry rocks and confused, tumbled sawlogs beached high and dry—innumerable sawlogs filling the channel as far as the eye can reach. Lumbermen assured me that the run this year would come to a total of 350,000 logs. The Harbor Master, however, showed me 300,000 only returned.

INTERVIEW WITH THE MAYOR.

After leaving the harbor office I called upon the Mayor, Mr. Patterson. He told me that business was brightening and population increasing, and accounted for the depression of a year or so ago in this wise: When the wave of depression swept over Canada some years ago Belleville's trade was still good when cities in other parts of the province were suffering. Then bankrupt stocks were rushed in and the consequence was failure of many merchants and a stampede of citizens when other parts were recovering. The storm had past and the city was already looking up again. He expressed a deep interest in the Murray Canal, and said the matter was felt to be of vital importance.

WATERWORKS.

The Mayor said that the most exciting civic matter on the tapis was the construction of waterworks. Some parts of the town he declared to be very badly watered. There were three schemes under consideration of the Council:—1st. That the supply should be drawn from the bay; the cost of this process would be $100,000 for the necessary works, and a constant and heavy maintenance appropriation. 2nd. That it should be conducted in pipes from a lake among the hills 14 miles distant. This scheme would cost in the neighborhood of $150,000, but the maintenance feature would sink to trifling proportions. (The water of the lake is very pure, but the supply would have to be tested.) 3rd. That the Artesian well system, so successful in some of the cities of the States, should be adopted. Ottawa, Ill., was given as an example. The wells there are sunk to, at the most, 300 feet, they flow at the rate of 40 to 60 gallons per minute, and throw a stream 20 feet in height. In Belleville the depth would probably be much greater, but if the wells would be successful, the cost would be a mere trifle—some $500 per well, of which 6 or 7 situated in various parts of the town would furnish an abundant supply. An experimental well will be put down.

POPULATION STATISTICS.

I see that the Saturday issue of one of the daily papers contains a comparative statement of the increase of population of the various new made cities of the Province since 1871. Belleville stands third on the list of eight.

APPEARANCE OF THE CITY.

Belleville has lost none of its famed beauty because of dull times, as it still can claim a very forward place among the cities and towns of Canada in this respect. Its shady streets and beautiful residences and fine roads are none less charming than they were in its most palmy days. The business streets, too, present a lively and fine appearance. Two great improvements in the way of public buildings are contemplated—a new customs house and a new post office. The estimated cost of both is $50,000.

RATHBUN'S MILL.

I was unfortunately unable to see Mr. Rathbun himself, he having gone up the Grand Junction, probably to visit his mills at Campbellford, an hour or so before my arrival, and not returning to Belleville during my stay. I visited his mill at Prince Edward and found it a gigantic concern. I was informed, however, by his foreman that he was not at liberty to give me any information concerning lumbering operations, I must go to his chief for that. Consequently I am unable to send you any figures concerning his work.

BELLEVILLE CHEESE

At the Dafoe House I met Mr. Hill, secretary of the Toronto Industrial Exhibition. He was full of business, and talks of a much larger exhibition this year than any which has taken place previously. He asked me to be sure to come up to the fair, and promised to forward a badge in case I proposed doing so. In his company were Messrs. Harris and Vanderwater, of the Eastern Dairyman's Association. They were conferring with the Secretary concerning the Association's exhibit. A special car will be run along the line of the G. T. R. for their purpose, and exhibitors will be able to ship their productions fresh during the continuance of the fair. The dairymen about Belleville expect to make a pretty good splurge in the cheese line, and are very enthusiastic over the matter. Since the present instructor, Mr. Harris, was appointed there has been an improvement of 40 per cent. in the quality.

CAPT. CUTHBERT'S NEW YACHT.

Capt. Cuthbert is in town superintending the building of his new 80 ton yacht, which will be launched shortly, to compete in the American regattas. Her hull and spars are very beautiful.

WOMAN'S TRUE FRIEND.

A friend in need is a friend indeed. This none can deny, especially when assistance is rendered when one is sorely afflicted with disease, more particularly those complaints and weaknesses so common to our female population. Every woman should know that Electric Bitters are woman's true friend, and will positively restore her to health, even when all other remedies fail. A single trial always proves our assertion. They are pleasant to the taste and only costs fifty cents a bottle. Sold by Jas. Clarke & Co.

Dr. G. S. Ryerson, L. R. C. P., S. E

LECTURER on the Eye, Ear and Throat Trinity Medical College, Toronto, and Surgeon to the Mercer Eye and Ear Infirmary. Late Clinical Assistant Royal London Ophthalmic Hospital, Moorfields, and Central London Throat & Ear Hospital.

Toronto and Ottawa Railway Company

WANTED—100 men to work on the grading between Peterborough and Perth; wages, $1. 25 per day. Apply to W. C. Nunn, agent of the company at Madoc and Belleville; or, for further information, at the Toronto and Nipissing Railway office, Berkley street.
W. GOODERHAM, Jr.,
President.
Belleville, July 16th. dtf.

A WANT SUPPLIED!

—o—
SOMETHING NEW IN BELLEVILLE!
—o—

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advantage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.
April 30th, '81

A stitch in time saves nine," is a good motto for SPALDING'S GLUE. It preserves the furniture from destruction and can be applied by any householder.

Hagyard's Pectoral Balsam; a few doses relieves the most distressing cough, and a twenty-five cent bottle has cured many a sufferer from Astama, Bronchitis, Croup, Influenza, Hoarseness and Soreness of the Chest. It is the grand specific for all throat and lung complaints leading to Consumption.

A Crown of Glory,—Nature's dowry to all her children is a fine head of hair. Kings cannot give, nor wealth purchase this inestimable gift. Take care of it, least you lose it. Searine is a healthful invigorating Dressing.

Danger! Beware! As you value your life, beware of opiates in diarrhœa mixtures, They quell pain, but checking too suddenly, the results is inflammation. Dr. Fowler's Extract of Wild Strawberry made from the Wild Strawberry plant and other healing vegetables, is nature's own cure for all forms of bowel complaint.

When we reflect that a power of endurance can be imparted to the brain, and that weak minds have been restored to strength by Fellow's Compound Syrup of Hypophospites we cannot but conclude that the subtle power is really penderable matter. Persons who study hard should preserve their balance of power by using the Syrup.

Bristol's Sarsaparilla and Pills can cure the very worst cases of Confirmed Disease. Even old ulcerous, cancerous sores and eruptions are controlled and healed by them, and old sores that have defied all treatment for many years, give way under the keen, searching power of these best of detergents: in fact, their range of curative power is almost unlimited.

That marvelous purifyer Burdock Blood Bitters, will speedily change the sallow face to one of freshness health and beauty. It regulates the bowels, acts promptly on the Liver and Kidneys and strengthens the system when broken down by Nervous or General Debility. Ask your Druggist for a Trial Bottle, the cost is only 10 Cents, Large Bottles $1.00.

The pleasure of bathing is greatly increased by mixing in the tub half or even a quarter of a bottle of MURRAY & LANMAN'S FLORIDA WATER. Instantly the whole atmosphere of the bath-room is as fragrant as a blooming flower garden, the mind becomes buoyant, and the body emerges refreshed and strengthened.

MIDNIGHT DOCTORS are the most unwelcome visitors—even the Doctor himself curses the luck that compelled him to leave his comfortable bed. Suppose you try our method, and keep a bottle of perry Davis' Pain-Killer in the house, and let Doctor Squills stay in his bed and enjoy himself.
☞ See advertisement in another column

☞ Is your throat sore, or are you annoyed by a constant cough? If so, use promptly Bryan's Pulmonic Wafers. "They will give you instant relief. They relieve the air passages of phlegm or mucous, and allay inflammation, and no safer remedy can be had for coughs, colds, or any complaint of the throat or lungs, and if taken in time their efficacy will soon be proved. Sold by all druggists and country dealers at 25 cents a box

"Hail beauteous, bounteous, gladsome Spring"—this was Mark Twain's prize poem —but the dire diseases incident to Spring, spoil the romance. Burdock Blood Bitters is the prize remedy, the remedy prized by all who have tried it as the best Blood Purifying Tonic and System Regulator in the market. It cures all Blood Humors from the worst Scrofula to a common Pimple. Sample Bottles 10 Cents, For sale by all dealers in medicine.

Nature, after all, is the great physician. She hides all the secrets of health within her broad, generous bosom, and man needs but to go herintelligently for his every need. The discovery of the great Cough Remedy, GRAY'S SYRUP OF RED SPRUCE GUM, is an apt illustration of this. As a cure for Coughs, Colds, Loss of voice and Hoarseness it stands unrivalled, while its low price and readiness of access places it within the reach of all. Try it and be convinced. All chemists keep it in 25 and 50 cent bottles.

MOUNT VERNON, Westchester Co
March 22, 1876.
DR. GILES—My Dear Sir: During the recent cold weather, on coming from my house to the court room, my foot slipped and I fell heavily, striking my back against a large stone. Was lifted and carried to the house. My wife applied your Liniment all over my spine. The pain and discoloration disappeared, and next day was able to resume my duty on the bench. I am, very truly, ROBERT W. EDMONDS,
Justice of the Peace.
Sold by all druggists. Send for pamphlet,
DR. GILES,
120 West Broadway, N.Y.
Trial size 25 cents.

HAGYARD'S PECTORAL BALSAM is composed of the most healing balsams and gums. The Balsams, which enter into its composition, were used by the native when America was first discovered, and are combined with other vegetable tonics, so blended together, that it is a specific for all affections of the throat and lungs. Thousands of bottles are used annually, and it is considered one of the standard preparations of the day.

ECONOMY AND PLEASURE

are united in SOZODONT. A few drops on the brush make a delightful lather for the mouth, which is fragrant and healthful. SOZODONT tightens the teeth in their sockets, restores then to their original color, and is altogether the most agreeable wash ever offered to the public. It is economical and pleasant.

HEADACHE.

Why become a suffering martyr to Headache, when Burdock Blood Bitters will surely cure the cause of all varieties of either Sick or Nervous Headache, cleanse the System, regulate the Secretions, relieve Constipation of the bowels, purify the Blood, renovate the Liver and tone up the Nervous System, and distressing headache will be unknown? Sample Bottles 10 Cents, Large Bottles $1.00.

A VEXED CLERGYMAN.

Even the patience of Job would become exhausted were he a preacher and endeavoring to interest his audience while they were keeping up an incessant coughing, making it impossible for him to be heard. Yet, how very easy can all this be avoided by simply using Dr. King's New Discovery for Consumption, Coughs and Colds. Trial bottles given away at Jas. Clarke & Co., Drug Store.

HE DID.

Job went pretty heavily into the boil business, and the venture was a complete success. This reminds us that PUTNAM'S PAINLESS CORN EXTRACTOR is another success, and that it gives more comfort to the world than Job's boils did. Remember the name then, for the little playful corn cometh, and the remedy therefor will gladden the heart. Positively sold by all druggists in Canada.

QUESTION YOUR DRUGGIST

and he will tell you, that there is a greater demand for SOZODONT than for any other preparation for the teeth. Then ask you whether an article for which the demand is general and constant, must not possess genuine merit. The mental response will be that it does, since the conclusion is irresistible, that if it did not really polish and preserve the teeth, a discerning public would long since have discovered the fact. It advertises itself.

A CASE OF CONFIRMED CONSUMPTION

FROM MRS. M. M. BALL, of East Stoneham, Me.

"I feel it my duty to write a few words in favor of DR. WISTAR'S BALSAM OF WILD CHERRY. In the early part of last winter I took a severe cold, and shortly afterwards a distressing cough was added to it. My friends did everything they could for me, but without avail. The best physicians that could be procured did not relieve me, and my cough continued with me all through the winter with increasing severity. I raised blood three or four times a day, and my friends, considering my case hopeless, gave me up as a confirmed consumptive. It was in this condition when I heard of DR. WISTAR'S BALSAM OF WILD CHERRY. I began its use and before I had taken half a bottle of it my cough and all my other troubles left me, and I was cured. I feel so truly indebted to this great remedy for what it has done for me that I send you this voluntary testimony, hoping it may be the means of inducing others, who are suffering as I was, to make use of it. It is the best remedy for lungs complaints that I ever heard of and I am constantly recommending it to my friends."
50 cents and $1 a bottle. Sold by druggists.

A REMARKABLE CURE.

West Townsend, Vt., May 14, 18..
Messrs. S. W. Fowle & Son:
"In the Spring of 1847 I took a severe cold which settled on my lungs, where it remained without relaxation. I was then in Massachusetts and growing worse and becoming unable to attend to my business, I returned home and commenced searching in earnest for some medicine which would restore my lost health. I consulted physicians, I tried many remedies, but obtained no help but daily grew worse. I had a terrible cough and raised a good deal of blood. I had profuse night sweats, and severe pain in my side. I continued in this state for months, and became so weak that it was with great difficulty I could walk when I was advised to try WISTAR'S BALSAM OF WILD CHERRY. and to my great joy I soon found that this remedy had arrested the disease. I continued to use the BALSAM to the extent of five bottles, and have since then experienced no difficulty of the lungs. I believe the BALSAM saved my life, and I shall ever hold it in high estimation.
Yours truly. LEWIS PHELPS

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Kestlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PEPPER, London, Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and in wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. Sold by Chemists everywhere. The name of J. PEPPER is on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute

[D]AILY ONTARIO.

MONDAY AUGUST 22, 1881.

[W]e quote from the *Mail*: "Mr. Abbott [th]e Solicitor of the Pacific Railway Com[pany]'s solicitor, &c." This may be all [righ]t, but we don't understand it quite. [Perh]aps the *Mail* will be more explicit.

[TH]E CZAR is trying to create better re[lati]ons between himself and his army, and [the] Nihilists are equally active in the dis[sem]ination of their favors. The recruits [bein]g principally from the peasantry, the [Nih]ilists have the advantage, as they find [mor]e sympathizers.

[...]HENKIE, the member of the Cornell [cre]w who professed to have been taken ill [dur]ing the race at Vienna, is accused of [sell]ing the race for a money consideration. [Th]e other members allege that they have proof in their possession, and will pub[lish] it when they reach America.

A BANQUET was given to Mr. Evarts, one [of] the American delegates to the Paris [Mo]netary Conference, at the Conservative [Clu]b, London, last Thursday night. The [M]ail says "a few Conservative free-traders" [sp]oke against the American tariff, &c. Our [co]ntemporary has been doing its best for a [lo]ng time to convince somebody that the [E]nglish Conservatives are all favoring a ["f]air" or protective tariff, and it was a [li]ttle galling to its sense of consistency to [re]port that even "a few" of the leaders of [th]at party, in the presence of a distinguish[ed] American politician, would recommend [a] readjustment of the tariff of the United [S]tates, more in the interest of free-trade.

MR. BLAKE and his friends have visited [Y]armouth, N. S., and in that ancient [m]arine port received such a reception as [w]ill not be forgotten soon. The streets [w]ere gaily decorated with arches, flags, [m]ottoes, &c., and thousands of people were [p]resent to cheer the Opposition leaders. [C]onspicuous among the mottoes was this: "Welcome to our future Premier." There [w]as a lunch at the principal hotel, and a [p]ublic meeting in the rink. Fully 4,000 [p]ersons were present, and prominent gen[t]leman from all parts of the country were [o]n the platform. The Warden presided, [a]nd Mr. Blake's speech of over two hours was a magnificent effort. His points, which were many, were applauded to the echo. Speeches were also made by Messrs. Jones, Laurier, Anglin and Vail. The whole demonstration was the most magnificent, enthusiastic and successful affair ever witnessed in that part of Nova Scotia.

WIGGINS AND VENNOR.

It would appear that Wiggins has again thrust Vennor into a corner. The latter in the Montreal papers, about the beginning of the month, said that "a great change in the weather may be expected about the time the new comet is in its perihelion, when it will be also nearest the earth. This will occur on the 20th of the present month. During next week (15th to 20th) instead of being burnt up, as many expect, I think we shall be nearly frozen by frosts and strong, cold northerly winds." This sounds somewhat ridiculous, after the quiet, sunny days and warm nights of last week.

Immediataly on seeing this, Wiggins published a letter in the Ottawa *Citizen* sharply reproving Mr. Vennor for attempting to make money by "trading on popular superstition," and stated that the comet "having an attractive power upon our earth, many thousands of times less than our moon" would influence our Canadian weather about as much as "a polar bear in Baffin's Bay." He then proceeded to show that instead of severe frosts we would have little or no frost, and that we should enjoy immunity from storms and clear bright sky. The following is a paragraph from his letter:—

"As the moon will be in her superior conjunction to-morrow, (Monday last), it is probable the event will—as almost always happens in August—be followed by frost, for her reflection of the solar rays and her attraction upon our atmosphere, when opposite the sun, tend to equalize the temperature and atmospheric pressure over the surface of our globe, thus reducing the air currents, which are the chief cause of humidity in the air, and giving us a clear sky. At this period the earth's heat rays, meeting with no clouds to reflect them back, are lost in space, and our planet's surface becomes cold, but I see no reason to suppose that this coldness will exceed that of former years; on the contrary I think it will be less, for the earth's atmosphere—as I foretold two months ago—is heated to a greater distance north of the equator than has occurred probably for centuries, as proved by the intolerable heat of July near the Rocky Mountains, and in the north of Europe, resulting in the excessive humidity that has been so general the last two weeks."

It will be remembered that this gentleman predicted, with great precision, the terrible storm which in June swept over this continent, and caused such destruction to property. He then stated that [J]uly would be "excessively hot owing to [the] heated atmosphere returning from the [illegible]

[illegible] branded Castorine as none other is genuine.

some of the North Western States, the thermometer has ranged higher than has occurred for many years. The Quebec *Chronicle* says that "Wiggin's has squelched Vennor," and we are disposed to entertain the same opinion. We believe, however, that as one of them is an astronomer, that a meterological almanac produced by their united efforts would be regarded with a good deal of confidence by the public.

ILL-ADVISED ECONOMY.

The Want of a County Constable.

Economy is an excellent practice to follow, but parsimony, though sometimes effective of benefit, is not invariably productive of good results. The County Council in its wisdom has seen fit to allow the office of County Council to virtually cease to exist, as it has no officer with that dignity in its service, and one of the results of their action has been the destruction of property by fire. Policemen can not be expected to be the servants of those who do not remunerate them; and had provision been made for the payment of services such as might have been rendered last night, and a regular officer employed for such duty, in the service of the county, the fire which destroyed Mrs. Walsh's property might have been prevented. Other instances have recently occurred in which, had not persons who had a particular interest in the case been so situated, justice would not have been called to assert its influence and authority. In so far as the name applies, there are two County Constables in the city, but where nothing will reward their efforts they could not well be expected to act without recompense. The County Council should appoint an officer and pay him, and then such crimes as that of last night can be effectively acted on.

McLAUGHLIN HEARD FROM

To the Editor of the DAILY ONTARIO.

Dear Sir:—I am getting tired trying to make a match with H. Beasley. He seems to be either a fraud or dare not meet me. My forfeit of $10 is in the *News* office here waiting for a similar amount from him. I give him his own race. Mine is for half a mile. I will run him a mile for $50 or more, and I will let him pick whoever he likes for stakeholder.

Now, if Mr. Beasley is afraid to run me he and his friends should talk no more about foot races. They have been shooting off their mouths very freely of late.

Hoping you will give this space in your paper, I remain,

Yours &c.
JAS. McLAUGHLIN,
Pedestrian.

Kingston, Aug. 20th. '81.

**Mr. Beasley will not run McLaughlin or any other man for money. He is not ambitious for notoriety as a professional sprint-runner.

THE INTERMEDIATE EXAMINATIONS.

It is impossible, it seems, to get at the results of the recent examinations except through the local press, though all the facts are in the education department. From our exchanges we take the following information:

Brantford sent up 85 and passed 25.

Hamilton	"	75	"	27.
Uxbridge	"	26	"	7.
Cayuga	"	14	"	2.
Dunnville	"	20	"	1.
Caledonia	"	53	"	23.
Collingwood	"	95	"	46.
Port Hope	"	25	"	18.
Elora	"	—	"	13.
Guelph	"	—	"	13.
Harriston	"	—	"	12.
Orillia	"	19	"	2.
Dundas	"	17	"	3.
Belleville	"	—	"	11.
St. Catharines		—	"	52.
Barrie	"	—	"	25.
Sydenham	"	—	"	11.
Markham	"	22	"	10.
St. Thomas	"	—	"	26.
Aylmer	"	—	"	6.
Cobourg	"	51	"	22.
Milton	"	—	"	1.
Oakville	"	—	"	4.
Stratford	"	—	"	6.
Sarnia	"	—	"	14.

Out of the 17 candidates who succeeded in passing the 1st C, 5 were from St. Catharines collegiate institute.

The following from the Markham Economist may be taken as a pretty general complaint: "Great disappointment is, however, felt at the failure of some candidates of whose success no doubt was entertained."

Port Hope passed 72 per cent. of the candidates sent up from that town.

Only 68 got grade A, or a little over 6 per cent.; of these 68 Collingwood furnished 5, or nearly 11 per cent.—World.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed ports, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere.

WE do not often make any editorial mention of the proprietary medicines advertised in our columns, but we believe it to be a duty we owe to our readers to call their attention to the advertisement of Dr. J. C. Ayer's Ague Cure which appears in this issue of our paper.

We know from sad experience that nothing is more disheartening than the insidious approaches and periodical attacks of malarial and miasmatic disorders. The remedy prepared by Dr. Ayer & Co., has been in use many years, and has proved a positive antidote for disorders of this nature. It is, withal, a safe and harmless one to take being composed entirely of vegetable ingredients, without either quinine or minerals, unlike other so-called Ague Cures, and consequently incapable of producing the deplorable effects which follow the use of these drugs. Our Western people owe a debt of gratitude to Dr. Ayer for the production of this valuable medicine. Its timely use will save much suffering, and we recommend it with the greatest confidence in its ability to do all that is promised for it.—*Atkins, Ark., News.*

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)

"GROCERS & WINE MERCHANTS," [illegible]

McFinn's Experience.

BY A YOUNG OFFENDER.

Afther the ushul formalities uv inthorduction at the Dafoe, an' the nu' lau'lord had dun the amiable an' fulled our tanks, we adjourned tull a back room.

'Boys dear' says McIninch afther a few very divers and sunthries, 'we're in fur a big time for thon Mayralty' sez he.

'What's yer opinyun uv me prospects, Lingham,' sez George. 'Yer poshted now fur philo dishtributin' yer works ye ought tull be able tull gauge public opinyun' sez he.

'The public can do it betther nor him forby' sez McIninch.

'Cornalus' sez he 'as an' ould frind who —lek a thrue philsopher—has borne the ups and choo miny downs in this life' sez he 'tek the flure' sez he 'and guv yer ideas on the polatical issues, municipally applied' sez he, and he wiped his chan.

'George' sez I, 'phere's Morgan,' sez I.

'No shinanegan' sez he, 'guv yer idays out sthraight' sez he.

'Me opinyun' sez I 'musht be guven after dew considtherasion' sez I, 'so I must hear yer plons befoor I guv expression tull the thoughts that are agitatin' me brain' sez I.

'McFinn' sez he, 'yer a thrue Irish charackter' sez he, 'an' I want tull ketch yer vote an' anfluence' sez he. 'I'm goin' tull tackle the Mayralty' sez he, 'an' I want tull hog the public' sez he. I'll show 'em sez he 'the thrue shtate uv our finances' sez he, 'an' demonsthrate tull a cartinty how they've been fugled' sez he. 'In fack' sez he, 'at thon Council the night' sez he, 'I'll mek a motion tull mek the rate 18 mulls on the dollar' sez he.

'It'll stiffen you deader'n a dure nail' sez McIninch.

'George it'll poralize ye' sez I.

Poor Lingham here got in swuthers an' fainted.

'Heuld an' tull the night' sez George 'an' await developments' sez he, an' thin he win't for a docthor.

THE GLENBURNIE ABDUCTION.

One of the Accused Arrested.

Darius C. Smith, one of the young men accused of abducting Mary Rupert from her friends in Glenburnie, was arrested on Saturday. He says he first met the girl and Henry Waggoner near his place, and they informed him that they had been married. He drove them to several places, finally to Napanee, when it was found that no matrimonial alliance had been made. It was the intention to have a marriage ceremony performed in Oshawa, but Waggoner who had been drinking, alleged that he could not on that account secure a license. A return was made to Port Hope and afterwards a visit made to Charlotte. Here Smith left the parties and returned to Kingston by the steamer "*Magnet*." He had once heard from Waggoner, whom he thought was still in Rochester with Miss Rupert. Mr. Mercer, the girl's step father was present when the arrest was made. The case will not be heard for a fortnight as important testimony is still wanted and cannot be procured immediately. Saturday afternoon Mr. Mercer left for Madoc and may go to Rochester to look for the girl. Smith has given bail and been released.

THE BUCK LAKE TRAGEDY.

The Assassin visited in the Cells.

On Saturday about noon a "Whig" reporter visited Vankoughnet in jail. He was methodically stirring his soup, his head stooped low, and big tears coursing down his cheeks. He looked no doubt, as he felt. He was questioned regarding his career, which may be thus briefly summarized: My father, named Geo. Vankoughnet, was of Dutch and my mother of French descent. They were married in this country. I have five sisters and two brothers. The family residence was in the township of Portland, about two miles east of Harrowsmith. In my youth I went to school, but although I went long enough to make anybody a good school teacher I never could learn. I left school and went to farming, and when about 17 years of age became enamored of Maria Green, aged 23, who lived with her mother on the south shore of Buck Lake but a short distance from my present home. A year of courtship and then the marriage ceremony was performed. I had known my present wife about eight years previous to our marriage. I worked on my father's farm for several years. About sixteen years ago I moved to Buck Lake. We have had three girls and four boys. The girls are Martha, aged 16 years; Matilda Ann, aged 13 years; and Mary, aged 3 years. The boys are Joseph, aged 12 years; William John, aged 8 years; Albert, aged 4 years; and Edward, the infant, who is about 1½ years old.

After this recital his head dropped on his hand, and in an agonized voice he cried out, "Oh, my God!" He broke down completely and wept like a child. The reporter rose to go, first endeavoring to cheer him up, but he said, "My spirits are too low down to be rallied."

DESIRING TO SEE A MINISTER.

He was asked, "Would you like a minister to come and see you?"

"No one," said he, "will want to come to me."

"Oh, yes. To what church do your people belong?"

"The Methodist."

"Well," said the reporter, "I'll see one of the ministers and try and get him to come and talk to you."

"Oh, I wish you would," he exclaimed, turned his eyes on the retiring visitor.

Here again he broke down, and as the great bolt clinked in the lock he was heard to sob aloud.

On our way to the office a Methodist minister was encountered and informed of what had occurred. He stated that he would visit the unfortunate fellow and give him all the consolation he could.

We may add that Vankoughnet confesses having shot Richardson, stolen the horse and gun, and fired the barn. He says he had been drinking, and did it for pure deviltry.

Differences of opinion regarding the popular internal and external remedy, Dr. Thomas' Eclectric Oil—do not, so far as known, exist. The testimony is positive and concurrent that the articles relieves physical pain, cures lameness, checks a cough, is an excellent remedy for pains and rheumatic complaints, and it has no nauseating or other unpleasant effect [illegible]

Wallbridge & Clarke,

MOTHERS! MOTHERS! MOTHERS

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homoeopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering. I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W. W. Sherar; 149 powers Block Rochester, N. Y.

The golden age—the present—when Esterbrook's popular Steel Pens are within the reach of all. The stationers can supply them. Robert Miller, Son & Co., Montreal, agents.

DAILY ONTARIO.

MONDAY AUGUST 22, 1881.

Business Notices.

The public will have them—the pens of the Esterbook Steel Pen Co's make, and all stationers are ready to supply them.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50 cents. R. Templeton, special agent.

☞ Wait's Homœpathic Remedies at Geen's drug store. See adv't. ☞ Just received at Geen's, "Vin-Santo," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quanties by A. Knox, Wm. Dickens, W. Bullen, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 8 ounce bottles, 50 cents, at R. Templeton's Drug Store.

Insure your Life in the

ONTARIO MUTUAL LIFE ASSURANCE COMPANY,

OF WATERLOO, - - - - ONTARIO.

Government Deposit,	$ 56,156 79
Full Reserve (Gov. Standard)	$188,349 68
Surplus over all Liability,	$ 39,574 93

The Ontario Mutual has a reserve in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company!!

Deaths in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to cash income, is smaller than any other Canadian Campany!!

Exorbitant salaries and "bonuses" incident to companies located in large cities, and indulged in at the expense of the policy holders, have never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada!!

EXAMPLE

Policy No. 675 was issued in 1870 for $1,000; age 27, annual premium $19.44. premiums paid during the last 11 years. $155.30; but should the policyholder wish to with-draw from the Company, he could get $85.66 in cash, leaving the actual average cost $6.24 per annum, during the ages from 27 to 38, and subject to a still further reduction annually.

The above results show the advantages of insuring in this Company.

S. BURROWS General agent for this district, and F. M. CLARKE local agent. Their office is in the Ashley Block, Front Street, Belleville.

H. F. MacCarthy, Wholesale and Retail Druggists, Ottawa, writes:—"I was afflicted with Chronic Bronchitis for some years, but have been completely cured by the use of Dr. Thomas' Eclectric Oil in doses of five drops on sugar. I have also pleasure in recommend-

LOCAL AND GENERAL.

COOL and Mrs. Burgess are in the city.

THE sewers were flushed to-day by the fire engines.

MR. JOHN BELL went east to-day by the mid-day train.

THE G. J. R. brought 4,000 cheese to the city last week.

MR. JAMES MACKIE went west this morning on a brief trip.

MR. JOB LINGHAM went to Oswego to-day on lumber business.

A SPECIAL immigrant train of eight cars passed up this afternoon.

MR. JOHN TAYLOR, ex-Deputy Sheriff, has gone to Iowa on a visit to his brother.

MR. R. C. CLUTE returned to the city from his visit to Manitoba on Friday evening last.

AN additional car of machinery for the Campbellford woollen mill went out this morning.

THE excursion on the bay announced for Saturday did not take place, owing to a lack of patronage.

MR. JAMES ASHTON will finish his law studies in the office of Mr. Dalton McCarthy in Toronto.

THE MOIRA has almost entirely disappeared. A little water can be seen among the pebbles in places.

MR. H. H. LEAVENS, of this city, will leave here for Winnipeg to-morrow evening on a prospecting tour.

"THE City of the Bay" as seen by a correspondent of the Peterboro' *Review*, may be found on first page.

AN effort was made to set fire to a house at the Canifton Crossing on Saturday morning, but it proved fruitless.

THERE was one prisoner in the cells on Saturday night, and another was put in last night to keep him company.

MR. MATHISON. Superintendent of the Deaf and Dumb Institute, is making a tour of the Province in the interest of the deaf mutes.

THERE was a very large congregation at the M. E. Tabernacle yesterday to hear a sermon by the Rev. Mr. Lane, M. A., on the death of the late Mrs. Eilbeck.

THE Voters Lists of this city have been posted in the office of the City Clerk, of which fact all interested should take notice and govern themselves accordingly.

THE covering placed over the railroad track near the foot of Front Street has been removed to admit of cars being run on the siding to Downey & Preston's elevator.

DUCKS are reported to be very scarce as yet, and sportsmen have not been fortunate in bagging many of the feathered game. As the season advances the sport may improve.

MR. A. A. MACDONALD, the celebrated athlete, left the city to-day to take part in the games at Providence, Boston, Philadelphia and New York during this and the coming month.

AN elderly lady smoking a black meerschaum came to town by the noon-day train, and whiffed tobacco smoke as she came walking down town in company with an old gentleman.

THE fire in the Andrews' barn was not properly subdued on Saturday morning, and it re-ignited. The efforts of the neighbors prevented a further spread of the damage already caused.

THE St. Thomas church S. S. excursion per steamer *Hero* should receive a liberal patronage from those who wish to avail themselves of a cheap trip. The fare to Kingston and return is 50cts.

GREAT SALE of Kid Gloves now going on at Foster & Reid's. The whole stock offering at much below cost. The largest sales and greatest rush ever known in Belleville. Immense bargains still offering.

A BRIDGE on the Grand Trunk, about four miles east of the depot here, was almost entirely rebuilt yesterday, a gang of men working from daylight till dark. It was a necessary desecration of the Sabbath Day.

A REGULAR MEETING of the Council will take place this evening. One of the interesting features of the session will be the proposal to grant $300 to the Mechanics' Institute which will meet with general acceptance.

WANT of moisture makes itself more apparent than ever at Massassaga Point now, as the grass is burned and the soil very dry. The cool weather of late has made life there more enjoyable, as the singing and exercise of the mosquito is not noticed. Visitors pass the time there very pleasantly, and the efforts of the management materially aid them in that desire.

IN a list of 32 students who presented themselves at the final examination at Osgoode Hall, Mr. John Williams of Mr. R. C. Clute's office stands second on the line of successful candidates. Such a showing is exceedingly creditable, and evinces that attention to professional teaching that will advantage Mr. W. in his calling hereafter. He is a young man of very promising attainments and has a pleasing future before him, which, we trust will be as gratifying as he could wish in its realization.

THE first feature in the September SCRIBNER to strike the eye of the ladies, will be a handsomely illustrated paper on The Society of Decorative Art (New York) an institution which has already established its claim to public interest and sympathy. Among the work done or exhibited at the Society's rooms, which is to be illustrated, are five of the celebrated embroidery pictures by Mrs. Oliver Wendell Holmes, Jr., and the top and end pieces of a box carved by two daughters of Edward Eggleston with designs on the theme of "The Jackdaw of Rheims"; there are also buffet covers, chrochet lace, owl mounted as screen, etc., etc.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give

DR. BULLER, of Montreal, will be at the Dafoe House on Thursday, August 25th.

YESTERDAY was very hot, with a sudden change towards a lower temperature at night.

MR. F. PALEN, of this city, received a telegram on Saturday from Mr. Turner, of Campbellford, requesting him to engage six laborers here at $1.25 a day. Mr. Palen could find several willing to work at $1.37½, but none at the rate mentioned by Mr. Turner.

THE City Mission Services will be held, D. V., this week as follows: This evening at Mr. John Hannah's, Moira-st., Bogart's Terrace; Tuesday evening at Mr. Kyle's, Church-st. south; Thursday evening at Rev. A. Schuster's, Everett-st; Friday evening at Mr. Rufus Gulliver's, Pinnacle-st. All the services commence at 8 o'clock.

AFTER several meetings, the Building Committee of Christ Church have taken decisive action, and work on the structure began this morning. The original designs in the erection of Christ Church have been adhered to. The proposed size of the structure has been retained, but the costly details have been reduced so as to make the structure when completed within the $12,000 limit fixed by the congregation. The site of the building, too, is more central than that of the former church, being on the Coleman property on Catharine Street between Everett and Coleman Streets, and comprises 20,000 square feet. The survey was begun for the foundation work to-day, and building operations were begun to-day. Let us hope that nothing will occur to mar the onward progress of the church and that it will be completed within the expected time.

☞ Twenty per cent reduction in Ready Made Clothing at Hennessy's, the cheapest Ready Made Clothing House in Canada.

POLICE COURT.

(Before THOS. HOLDEN, ESQ., P. M.)

MONDAY, Aug. 22nd.

DRUNK.

James Boyle got the liquor necessary to make him drunk on Saturday evening before seven o'clock and was discharged.

James Stewart was arrested last night whilst drunk. In answer to the Magistrate he said that he did not know where he got his liquor, and he was therefore remanded until to-morrow to refresh his memory.

THE STANDARD LIFE ASSURANCE COMPANY.

The advertisement of this old and reliable Company appears in this issue, and exhibits a most successful career, extending over fifty-five years.

The Company have reduced their rates so that intending insurers can have life insurance as cheap in the "Standard" as in most of the American or Canadian Companies, with the advantage of strong financial security.

Mr. Kerr, the Inspector of the Company, is in the city at present, and this is a favorable opportunity for parties to increase their insurance.

The "Standard" is fifty-five years in existence and has never contested a claim in the courts, and the death claims in 1880 amounted to $2,460,000.

We recommend the "Standard" to the favorable consideration of the people of this city.

DASHES.

—Grain testers will be carefully inspected this year.

—Coal is now selling for $7 a ton. It is expected to be cheaper.

—The Kingston papers exhibited commendable enterprize in writing up the Buck Lake tragedy.

—Vankoughnet, the Buck Lake murderer confesses his crime. He is an object of pity as well as abhorrence.

—The Military camp at Picton will accommodate 1,500 men, and is splendidly situated. It will open on the 6th prox.

—The American papers say that the Marquis of Lorne is flirting with a pretty blonde. If the Princess only knew that!

—Cole's five-continent show takes in the big cities only. It is too great a concern for small villages. Kingston gets the go-by.

—Mr. Wm. Gooderham, sr., of the firm of Gooderham & Worts, Toronto, died at noon on Saturday. Had he lived until the 29th. inst. he would have been 92 years of age.

—The S. S. Parliament in connection with the St. Lawrence Camp ground, commences to-morrow evening, Rev. G. S. Wright preaching the opening sermon

—The Mail will please observe that Kingston's Mayor spells his name P-e-n-s e, and not P-e-a-s-e. He may not be particular, but we are, as great events sometimes hinge on one letter.

—Ottawa must be a queer place. There was an excursion from Gouverneur, N. Y., to that city recently, and the cabmen, instead of driving the excursionists to first class hotels as requested, drove them to disreputable houses.

—Mr. D. Muchwauger, of Bright, Oxford County, has two cows which he claims cannot be beaten by any other two cows in the Province for giving milk. They averaged for the last month over 100 pounds each day, and he got a cheque from the cheese factory for $20.66 for the month of June.

—On Monday August 8th, Mr. Louis Leland cradled six acres of wheat, inside of twelve hours, for Wm. Ross, a farmer in the third concession of the township of Brighton. We have not learned whether or not he cradled at the same rate the rest of the week—probably not.—Brighton Ensign.

—A strange case of parental affection has occurred on the farm of Mr. Griffin Waite, in the 4th concession of Cramahe. Mr. Waite is raising quite a number of turkeys this summer, and one of his hen turkeys laid four eggs in a nest and commenced to set; after setting one week on the eggs she left them, built another nest and commenced laying again. The same day the hen left her first nest the male bird went on the eggs and in due time hatched four young turkeys, and now feeds and broods his family with all the tenderness of an old matron. Mr. W. says that perhaps this brooding of chicks is an experiment on the part of the old turkey, and if it proves successful he may go into the laying business another year and raise stock entirely on his own hook, but it is rather doubtful about his intentions.

HE SAID HE WOULD, AND HE DID.

Patrick Walsh Sets Fire to his Home and Destroys It.

Just without the city limits, and but a few yards beyond the pale of police surveillance, was the home until last night of Patrick Walsh. His dwelling was a frame structure, unpainted, one storey, located on the rear of the first concession of Sidney, and facing the G. T. R. track. Walsh was married, and is the father of seven children, only one of whom, the eldest, a daughter, is able to work for herself. At times, according to the stories of the neighbors, the husband and wife did not live together amicably. He has been employed as a laborer in different parts of this county, was for a time a boss on one of the sections of the G.J.R., and recently worked on the grading of the railway between Napanee and Deseronto.

He visited his home yesterday and was then under the influence of liquor. Trouble ensued, and he began to visit his family with abuse, and eventually put them all out of doors. Then he declared that he would set the house on fire and destroy it; and he became very violent, threatening dire injury to any one who crossed his path or would prevent the consummation of his threats. Before eight o'clock last night he was complete master of the situation, and had then made two attempts to burn his home by firing it upon the outside, and setting fire to it in the garret. Both these attempts were frustrated. The city police were called on to interfere, and an officer went to the scene, but when he made his visit Walsh was quiet, and being outside the jurisdiction of the city police, could not there be arrested. The officer returned, and subsequently another attempt of Walsh's was rendered abortive through the efforts of the neighbors. Shortly after three o'clock this morning flames were observed issuing from two portions of the building, and the neighbors again came on the scene to find Walsh standing in the door threatening to kill any one who would make an effort to put out the fire. Mr. William Donnelly seized Walsh, and after an encounter with him drove him from the door, and forced him to leave the premises. But the fire had by this time made such progress that it was impossible with the aid at command to subdue it, and the dwelling was soon consumed.

There was a north wind prevailing at the time, and it was only through the most strenuous exertions of Mr. Donnelly and his men and neighbors that the former prevented the destruction of his own residence and stables.

The property destroyed was owned by Mrs. Walsh, the wanton act of whose husband now leaves herself and seven children without a home. The house was valued at $300, and was uninsured.

Walsh was arrested this morning by County Constable Garrett, and was brought before the Magistrate, who remanded him until to-morrow.

This case presents a problem. It is claimed that, as the property belonged to him, and no one was on it when it was fired, he could fire the house as long as the property of others was not endangered. But his wife says the land is hers and as the house was mortgaged another point is presented. Thus the case rests at present.

Telegraphic Despatches.

The Wounded President.

THE PEOPLE DESPONDENT—THE BEGINNING OF THE END—THE MENTAL AND PHYSICAL LASSITUDE GREATER THAN AT ANY PREVIOUS TIME.

NEW YORK, Aug. 22.—Telegrams from Washington say it seems to be the conviction of nearly all in this city that the beginning of the end has come, and the long struggle of the President for life will soon be closed. His mind wanders; his stomach rebels; his blood is poisoned by the inflamed gland, and sleep was denied him last night. Crowds were around the hotels and neighborhood of the White House all night.

9:30 a. m.—Assurances contained in morning bulletins, that the stomach had reasserted itself, and that other indications were no less satisfactory, raised the hopes of the despondent this a. m. The night compared with the preceding one was comparatively quiet. The President woke frequently, but not so often as during the night before, the accumulation of phlegm being less troublesome. About 4 a. m. the President asked for koumiss, and a small quantity was given him and retained. The morning dressings showed a normal temperature and respiration and the pulse 2 beats less than yesterday morning. The wound was found to be doing well, and the inflamed gland in about the same condition as last night. Reyburn said he gains something; is no worse, and the general condition of the President is a little better. Anxiety has been somewhat lessened by the developements this morning, but the gravity of the situation is apparent. The clogging of the President's throat by phlegm last night caused an occasional retching, which cannot properly be called vomiting. Such periods are very irritating and exhausting. After one of them the pulse increased 10 or 12 beats, reaching 120, then subsiding to 108 or 110. A hot flaxseed poultice was applied to the President's neck this a. m. when the President was awake at 5 a. m.

AFTERNOON.

WASHINGTON, Aug. 22.—Bliss reports at 11:40 a. m. the condition of the patient is slightly better than yesterday. There has been no nausea or vomiting since yesterday afternoon, and the stomach seems to be again resuming its functions. The patient swallowed and retained without discomfort since morning about 12 ounces of milk porridge and koumiss, and at 7 a. m. an enama of beef extract was administered. Another enama will be given about noon.

There has been no change in the appearance of the paroted gland since yesterday, although there has been a further slight subsidness of the inflammation surrounding the parts. Surgeons hope they have the future of the case under control, although they cannot yet speak with confidence. The gland may suffocate him within the next 3 or 4 days, notwithstanding the measures which have been taken to reduce the inflammation. In that case the pus will be liberated by an incision as soon as its existence becomes apparent. This will not, necessarily involve great peril if the patients strength can be sustained. The danger most to be apprehended now, Bliss says, is exhaustion, and with this danger they hope to deal successfully unless his stomach entirely breaks down. Thus far to-day the indications are that that organ is improving in tone, and the section of phlegm in the throat is so far decreased that it gives the patient no especial annoyance, and he is relieved from the necessity to make such efforts to expel as those which brought on vomiting yesterday afternoon.

His mental and physical lassitude is greater than at any time in the long struggle.

CONDENSED TELEGRAMS.

—An Irish dynamite council held in New York, has adopted a proclamation suggesting the destruction of English vessels in all parts of the world, and advising people to avoid patronizing ships that sail under the English flag after Sept. 1.

—The U. S. Postmaster-General has written to the Canadian authorities asking for a prompt return of U. S. mail bags.

—A general strike of all classes of railroad operatives is looked for at Albany on Wednesday.

—Stanley the African explorer, is dangerously ill. He has made his will.

WEATHER BULLETIN.

TORONTO, August 22.

Fresh northerly to north-easterly winds, fine cooler weather.

MARINE NOTES.

—The arrivals since our last are the tug "Sherwood," and the schooners "Suffel" and "Freeman" with coal and the "Peerless" light.

—The "Sherwood" went down with a barge yesterday.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

THE GREAT FEMALE REMEDY
JOB MOSES' PILLS

This invaluable medicine is unfailing in the cure of those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthfull constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson' Man.. Boulter, Stirling W C Earke, Trenton and all medicine dealers

THIS SPRINGS IMPORTATION

JUST ARRIVED.

Wallbridge & Clarke,

ELECTRICITY! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD. Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, 'Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."——Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.——H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil, I am nearly out, nothing equals it."——J. Bedford, Thamesville, writes, "Send me at once a further supply of Electric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."——J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

'Two days after they got there, you perceive,' Mr. Gryce explained.

'—A gentleman was introduced to us today upon the piazza, whom I cannot forbear mentioning, first because he is the most perfect specimen of manly beauty I ever beheld, and secondly, because Mary, who is usually so voluble when gentlemen are concerned, had nothing to say when in the privacy of her own apartment I questioned her as to the effect his appearance and conversation had made upon her. The fact that he is an Englishman may have something to do with this; Uncle's antipathy to every one of that nation, being as well known to her as to me. But somehow I cannot feel satisfied of this. That experience of hers with Charlie Somerville has made me suspicious I fear. What if the story of last summer were to be repeated here with an Englishman for the hero! But I will not allow myself to contemplate such a possibility. Uncle will return in a few days and then all communication with one who, however, elegant and prepossessing, is of a family and race with whom it is impossible for us to ally ourselves, must of necessity cease. I doubt if I should have thought twice of all this, if Mr. Clavering had not betrayed upon his introduction to Mary, such intense and unrestrained admiration.

'July 8. The old story is to be repeated. Mary not only submits to the attentions of Mr. Clavering but encourages them. To-day she sat two hours at the piano, singing over to him her favorite songs, and to-night—But I will not put down every trivial circumstance that comes under my observation; it is unworthy of me. And yet how can I afford to blind my eyes when the happiness of so many I love is at stake!

'July 11. If Mr. Clavering is not absolutely in love with Mary he is on the verge of it. He is now hardly ever absent from her side, making no disguise of his sentiments. He is a very noble-looking man, too much so to be trifled with in this reckless fashion.

'July 13. Mary's beauty blossoms like the rose. She was absolutely wonderful to-night in scarlet and silver. I think she is the sweetest looking mortal I ever beheld, and in this I am sure Mr. Clavering passionately agrees with me; he never looked away from her to-night. But it is one thing for a woman like Mary to be loved, and another thing for her to return the passion lavished upon her. And yet from certain right true womanly signs, I begin to think that if Mr. Clavering were only an American, Mary would not be indifferent to his fine appearance, strong sense and devoted affection. But she did not deceive us into believing she loved Charlie Somerville? In her case, blush and smile go for little I fear. Would it not be wiser under the circumstances to say, I hope?

'July 17. Oh my heart! Mary came into my room this evening and absolutely startled me by falling at my side and burying her face in my lap. "O Eleanore, Eleanore!" she murmured, quivering with what seemed to me to be very happy sobs. But when I strove to lift her head to my breast, she slid from my arms and drawing herself up into her old attitude of reserved pride, raised her hand as if to impose silence, and haughtily left the room. There is but one interpretation to put upon this. Mr. Clavering has expressed his sentiments and she is filled with that reckless delight which in its first flush makes one insensible to the existence of barriers which have hitherto been deemed impassable. When will uncle come?

'July 18. Little did I think when I wrote the above that uncle was already in the house. He arrived unexpectedly on the last train and came into my room just as I was putting away my diary. Looking a little careworn, he took me in his arms and then asked for Mary. I dropped my head and could not help stammering as I replied that she was in her room. Instantly his love took alarm, and leaving me, he hastened to her apartment where I afterwards learned he found her sitting abstractedly before her dressing-table with Mr. Clavering's family ring on her finger. I do not knew what followed. An unhappy scene I fear, for Mary is ill this morning and uncle exceedingly melancholy and stern.

'Afternoon. We are an unhappy family. Uncle not only refuses to consider for a moment the question of Mary's alliance with Mr. Clavering, but even goes so far as to demand from her, his instant and unconditional dismissal on pain of his severest displeasure. The knowledge of this very painful determination of his, came to me in the most distressing way. Recognizing the state of affairs, but secretly rebelling against the power of a prejudice that could allow itself to separate two persons otherwise fitted for each other, I sought uncle's presence this morning after breakfast and attempted to plead their cause. But he almost instantly stopped me with the remark, "You are the last one, Eleanore that should seek to promote this marriage." Trembling with apprehension, I asked him why. "For the reason that by so doing you work entirely for your own interest.' More and more troubled I begged him to explain himself.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PARRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their .. they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

The Canadian Pacific Railway Co'y

EMIGRATION TO MANITOBA
AND THE
CANADIAN NORTHWEST.

Sale of Lands.

To encourage the rapid settlement of the Country, the Canadian Pacific Railway Company will be prepared, until further notice, to sell lands required for Agricultural purposes at the low price of $2.50 an acre, payable by instalments, and will further make an allowance by way of rebate from this price, of $1.25 for every acre of such lands brought under cultivation within three to five years following the date of purchase, according to the nature and extent of the other improvements made thereon.

The lands thus offered for sale, will not comprise Mineral, Coal or Wood lands, or tracts for town sites and Railway purposes.

Contracts at special rates will be made for lands required for cattle raising and other purposes not involving immediate cultivation.

Intending settlers and their effects, on reaching the Company's Railway, will be forwarded thereon to their place of destination on very liberal terms.

Further particulars will be furnished on application at the offices of **The Canadian Pacific Railway Company**, at Montreal and Winnipeg.

By order of the Board,
CHS. DRINKWATER,
Secretary.

Ayer's
Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. All who have tried it, acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.

For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

SUMMER IN HIGH LATITUDES.

Queer Experience Where They Have Perpetual Day.

In the Norway summer one comes actually to yearn for a little Christian darkness to go to bed by; much as he may crave a stronger sun by day to keep him warm, he would like to have a reasonable night-time for sleeping. At first there is a stimulus and a weird sort of triumphant sense of outwitting nature in finding one's self able to read or to write by the sun's light till nearly midnight of the clock. But presently it becomes clear that the outwitting is on the other side. What avails it that there is light enough for one to write by at 10 o'clock at night if he is tired out, does not want to write and longs for nothing but to go to sleep? If it were dark, and he longed to write, nothing would be easier than to light candles and write all night, if he chose and could pay for his candles. But neither money nor ingenuity can compass for him a normal darkness to sleep in. The Norwegian house is one half window. In their long winters they need all the sun they can get; not an outside blind, not an inside shutter, not a dark shade to be seen; streaming, flooding, radiating in and round about the rooms comes the light, welcome or unwelcome, early and late. And to the words "early" and "late" there are in a Norway summer new meanings. The early light of the summer morning sets in about half-past 2; the late light of the summer evening fades into a luminous twilight about eleven. Enjoyment of this species of perpetual day soon comes to an end. After the traveller has written home to everybody once by broad daylight at 10 o'clock, the fun of the thing is over; normal sleepiness begins to hunger for its rights, and dissatisfaction takes the place of wondering amusements. This dissatisfaction reaches its climax in a few days; then, if he is wise, the traveller provides himself with several pieces of dark green cambric, which he pins up at his windows at bedtime, thereby making it possible to get seven or eight hours' rest for his tired eyes. But the green cambric will not shut out sounds; and he is lucky if he is not kept awake until 1 or 2 o'clock every night by the unceasing tread and loud clatter of the cheerful Norwegians, who have been forced to form the habit of sitting up half their night time, to get in the course of a year their full quota of day time.—*Sept. Atlantic.*

THE MOUND BUILDERS.

Relics of a Prehistoric Race Found in Iowa—A Tomb of Giants—Seventeen Skeletons Unearthed in a Mound—The Opinions of Scientists.

A despatch from Cherokee, Iowa, says that a few days since a remarkable discovery of ancient remains was made in Woodbury County, in that State, which has excited considerable interest among scientists and antiquarians. A party passing over a mound of earth in range 42, a locality not much frequented owing to the broken and hilly character of the country, noticed that the late heavy rains had displaced a considerable amount of surface soil and exposed quite a number of bones. They were at first supposed to be those of animals, and excited no particular attention until one of the party noticed what appeared to be the top of a skull protruding from the earth. On removing the surrounding soil the supposition was found to be correct, and further exhumation brought to light a complete skeleton. On digging further into the mound, which was of an oblong form about six rods long by four in width, a large number of other skeletons were brought to light, showing that the tumulus was used as an ancient burying-ground. The bodies had been buried in two layers, feet to feet, each having an earthen jar at his head, with one-half of a clam shell in it. There were seventeen skeletons taken out entire. The bones appear to be of an ordinary size and in a good state of preservation. The pots in some instances could be taken out whole, but were generally soft and crumbled, although they had the appearance of having been glazed, and become quite hard and firm when exposed to the air. One of the skeletons of an immense size, and apparently much larger than any of the rest, was found in a sitting position; stone hammers, arrow heads and some other implements were also found in or near the graves. Only a small portion of the mound has been dug into. There is another mound of a similar character on a high hill-top not far distant. The skulls are said to be extremely large, and everything goes to show that the occupants of the grave were much larger than either the Caucasian race or the modern American Indians. Scientific men who have examined the skeletons say that they differ in many essential respects from Indian remains, and hold that the builders of these mounds must have belonged to some ancient prehistoric race which has now no living representatives. Some of the skulls were almost twice the size of an ordinary skull, and the bones are proportionately large. The remains are similar to those recently unearthed at the mounds at the Chain of Lakes, Wisconsin, by Professors Newkirk and Stockton, and strengthen the theory which largely obtains among ethnologists that the Indians were not the first occupants of this continent, but superseded a race considerably more advanced than ourselves in the arts and sciences, and of much larger build. Since the discovery a number of curious people from the neighboring country have come in to view the mound, and several scientific men from Chicago and other places have arrived. The skeletons have been sold at high prices by the finders. One of the local clergymen preached a sermon on Sunday last, in which he referred to these relics as confirming the truth of Scripture with regard to the race of giants who existed in antediluvian times.

A Successful Combination.—The successful combination of six oils composing Dr. Thomas' Eclectric Oil is genuine triumph of chemistry. Whether applied externally for the relief of pain or to allay inflammation, or taken internally to remedy a cough, it is speedily and entirely effective.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed ports, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere.

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth.)
Remember now they can obtain
Relief from all their woes and pain.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung effections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering. I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W. W. Sherar, 149 powers Block Rochester, N. Y.

A WANT SUPPLIED!
—o—
SOMETHING NEW IN BELLEVILLE!
—o—

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advatage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. wly

A Rich Glossy Finish is given to the hair by the use of Bearine which is fragrant and healthful.

The most miserable man in the world is the dyspeptic, and dyspepsia is one of the most troublesome difficulties to remove it, but Burdock Blood Bitters always conquer it. It stimulates the secretions, regulates the bowels, acts upon the Liver, aids digestion, and tones up the entire system. Trial Bottles 10 Cents, Large Bottle $1.00.

I have been cured of a cancerous sore on my left side by seven clothes of Bristol's Sarsaparilla and five phials of the Pills. The sore had troubled me for a year and a half.—George E. Stone, Ballarot, Victoria.

The Greatest popularity of Dr. Fowler's extract of Wild Strawberry is where it has been longest known. Time cannot detract from its merits. It is the old reliable remedy for all bowel complaints incident to the summer season.

Do not drug the system with nauseous purgatives that only debilitate. Burdock Blood Bitters is a nature's own Cathartic, it acts at once upon the Bowels, the Skin, the Liver and the Kidneys, arousing all the secretions to a heal hy action. It purifies the Blood and cures all Humors, even the worst form of Scrofula, and tones up the Nervous and Debilitated.

It is generally admitted that there cannot be anything more exquisitely delicate for perfuming the handkerchief than Murray & Lanman's Florida Water; but its great and distinctive property is its adaptability to the uses of the bath. It is the only perfume that we know of especially and particularly suited to use in this way. The power it has of imparting to the waters of the bath great soothing, refreshing, and invigorating, effects, is peculiar to itself.

The Liver is the grand purifying organ of the system; when inactive or obstructed bad blood and ill health are certain results. Burdock Blood Bitters cure all diseases arising from disordered Liver, Stomach, Bowels or Kidneys, purifying, restoring and strengthening. It regulates the Bowels, cleanses and enriches the Blood, and imparts tone to every organ of the body. Trial Bottles 10 Cents.

☞ The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore, when you take a cold, use "Bryan's Pulmonic Wafers," and thus prevent the necessity for taking them in more dangerous complaints. To be obtained of all druggists and county dealers at 25 cents a box.

When doctors disagree who shall decide? The people often decide by "throwing physic to the dogs," and trying Burdock Blood Bitters, and the result is always satisfactory. Burdock Blood Bitters is the Multum in Parvo of medical science, curing all diseases of the Blood, Liver and Kidneys. A trial bottle only costs 10 cents.

Persons who are very susceptible to sudden changes of weather would do well to keep a supply of GRAY'S SYRUP OF RED SPRUCE GUM in the house. This Syrup is a scientific preparation of the Gum which exudes from the Red Spruce Tree, and holds a large quantity of the Gum in perfect solution, never separating. Its remarkable power in relieving certain forms of Bronchitis, and curing obstinate, hacking Coughs, is now well known to the public at large. No remedy can equal it as a safe and thoroughly reliable Cough Medicine. Sold by all chemists. Price 25 and 50 cents per bottle.

Reader have you tried every known remedy for Chronic disease, Impure Blood, disordered Liver or Kidneys, Nervous and General Debility, Constipation of the Bowels, with the manifold sufferings pertaining thereto? Have yov given up in despair? Try Burdock Blood Bitters; it will not fail you. A Trial Bottle only cost 10 Cents, Regular size $1.00. Any dealer in medicine can supply you.

NEWCASTLE, ONT., March 11, 1880.
I have handled and sold Perry Davis' Pain-Killer for the past twenty-five years, and my customers who are in the habit of using it, speak in the highest terms of the curative properties and uniform preparation of the same. It has stood a severe test among the many dozen of similar preparations brought out in imitation of the old and genuine Perry Davis' Pain-Killer, and to-day stands amongst the first in my estimation of them all.
R. FOTHERGILL,
Pharmaceutical Chemist.

PROVIDENCE, R. I., Sept. 16, 1874.
DR. GILES:—I paid one hundred dollars to veterinary surgeon for medicine and tendance on a valuable saddle-horse, without any benefit. He was lame from a curb more than a year, and useless in consequence of it. No remedy I could find had any effect. I applied the Liniment Iodide Ammonia, and, to my great surprise, found that it removed both lump and lameness. Having driven him recently over a very rough road, sixty miles in two days — two of the hottest days this summer — without the least symptom of return of curb or lameness. As a precaution, I took a bottle of Liniment with me, but had no occasion to use it. In all cases where a Liniment can be applied it gives me the greatest satisfaction. J. B. TALLMAN.
Sold by all druggists. Send for pamphlet
DR. GILES,
120 West Broadway, N. Y.
Trial size 25 cents.

POWER OF SPEAKING RESTORED.
NEWASH, ONTARIO, D.C., March 30, 1870.
JONAT GOTHERINGILL writes:—Some two months ago my son lost his voice. None of the physicians could do him any good. Two hours after taking the second dose of Fellows' Hypophosphites his power of speaking was perfectly restored.

FREE OF CHARGE.
All persons suffering from Coughs, Colds, Asthma, Bronchitis, Loss of Voice, or any affection of the Throat and Lungs, are requested to call at James Clark & Co Drug Store and get a Trial Bottle of Dr. King's New Discovery for Consumption, free of charge, which will convince them of its wonderful merits and show what a regular dollar size bottle will do. Call early.

A CROWNING MERCY TO THE CORNED.
Unequalled by any remedy in the world—PUTNAM'S PAINLESS CORN EXTRACTOR, the new remedy for corns. Never fails to cure; never produces pain; never makes deep cavities in the flesh. A sure, prompt, and painless remedy for corns. Sold by druggists throughout the Dominion. Don't fail to try it.

AN OFFENSIVE BREATH
is abominable, and there is no excuse for it. SOZODONT will always eradicate this evil from whatever cause. But there are thousands who utterly neglect any care of their teeth, and suffer their breath to become tainted. They puff their gossip into the faces of their listeners regardless of the annoyance they inflict.
Keep a bottle of SPALDING'S GLUE, and apply to such gossip's lips.

DO NOT BE DECEIVED.
In these times of quack medicine advertisements everywhere, it is truly gratifying to find one remedy that is worthy of praise, and which really does as recommended. Electric Bitters we can vouch for as being a true and reliable remedy, and one that will does recommended. They invariably cure stomach and Liver Complaints Diseases of the Kidneys and Urinary difficulties. We know whereof we speak, and can readily say, give them a trial. Sold at fifty cents a bottle, by James Clark & Co.

LIVER COMPLAINT AND INDIGESTION.
DEAR SIR;—My business has been that of an engraver and carver in wood. Owing to confinement to ill-ventilated rooms my health gradually declined, when I was unable any longer to prosecute my business. At this time I was suffering from great prostration of strength, extreme indigestion and disordered liver. My usual weight was 135 pounds, but I had become so much emaciated that I weighed but 109 pounds. In the early part of May last I commenced taking the PERUVIAN SYRUP, and almost immediately felt its tonic and invigorating influence. In the course of four months I used four bottles My weight this day is 149 pounds. I have neither liver complaint nor indigestion, but consider myself in a perfect state of health, and in good spirits. JAMES MORSE, No. 43 Pleasant St., Charlestown, Mass. Sold by all druggists.

BRONCHITIS.
From John Flagg, Esq., of Bennington, N. H.
"Three years since I was very much troubled with a dreadful cough, which resulted in Bronchitis, affecting me so severely as to render it difficult to speak in an audible voice. To this was added severe night sweats, and I was fearful of going into a decline. After recourse to various remedies, to no purpose, I made use of Dr. Wistar's Balsam of Wild Cherry, a few bottles of which fully restored me to health. Since that time I have had several severe attacks of cough, but the Balsam has always removed them. I always keep it by me, and should not know how to do without it."
50 cents and $1 a bottle. Sold by all druggists.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS.—DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d, and 2s. 9d. each. Made by PORRE, London, [illegible]

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, [illegible] wasting diseases, scrofulous tendencies, [illegible] The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. [illegible] 31 doses, 4s. 6d. Sold by Chemists [illegible] The name of J. PEPPER [illegible] There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

FOR SALE.

A WOOD FURNACE of the most approved design, complete in every particular. Warranted to give entire satisfaction or no sale. Also a coal range, which has only been used a few months. Cause for parting with it—not large enough for present purpose. Apply to

DAILY ONTARIO

FRIDAY AUGUST 26, 1881.

POSTMASTER JAMES, of the United States, has written to Sir Alexander Campbell, detailing all the circumstances of the mail bag controversy, and rather peremptorily demanding that the Canadian authorities should rectify what is wrong in the interchange and use of the pouches. He repeats the charges primarily made against the Canadian postal service, and re-asserts that the post-masters of the United States do not make the same use of Canadian bags that the post-masters of this country do of American bags. If what Post-master James asserts be true, and he seems to know his facts, the conduct of our authorities is such as to reflect little credit on them or the country they serve. Hon. John O'Connor should take immediate action to have every United States mail bag now in Canada returned as soon as emptied.

AT one of the polling places in the late Argentuil election 75 votes were polled for Dr. Christie and 12 for Mr. Abbott. The scrutineer at this poll was a young barrister, who is an ultra Conservative and strong supporter of Mr. Abbott. This legal luminary noticed in the early part of the day that the Returning Officer did not initial a single ballot that was put into the box. Observing how the party tide was running, he kept his counsel and made no reference to the mistake until the vote was counted, when he objected to the whole as being illegal. The rule bearing on the point was read, and the vote was cancelled. We observe that Conservative journals have not deducted 63 from Mr. Abbott's majority when giving the final result of the polling in the constituency. It would make quite a difference in the majority credited to Mr. Abbott, and would sustain the reactionary plea.

THERE was a scene in a car on the Grand Trunk express train from Toronto last Saturday evening. Father Shea, a Roman Catholic priest, when asked for his ticket produced one two days old, which the conductor refused to accept, and demanded full fare. The priest replied that he had paid full fare for the ticket and intended to travel on it as far as it authorized. On reaching the Don station the matter was laid before the ticket inspector, who gave orders for the immediate ejection of the recalcitrant priest from the train, and in conjunction with the conductor undertook to enforce his order. The burly priest was too much for both, and a brakeman was summoned to lend a helping hand. The latter proved to be a Roman Catholic, and when he saw who it was that he was to assist in ejecting he refused to proceed, and in order to settle the matter paid the priest's fare himself. Father Shea was grit to the end.

THE dynamite party have very considerately notified "all concerned" that, beginning with the 1st of September next, it will be unsafe for them to take passage or ship goods on ocean vessels carrying the British flag. The true liberators of Ireland intend to open out in earnest with their dynamite weapons, and every ship marked by the hated emblem will be blown into "smithereens." This is the edict issued by the executive council of the "Liberators," and as the date approaches public uneasiness increases. Seriously, however, such threats have a strange harmony with the humanizing and civilizing theories of the nineteenth century. The world advances in the discovery and practice of moral agencies, no doubt, but one century ago such a system of warfare as the "Irish Liberators" recommend would have shocked the most barbarous. There is little wonder that Ireland suffers—her sons are capable of a deeper depth of folly and infamy than those of any other country.

WEST PETERBORO',

We announced yesterday the election of Dr. Kincaid by acclamation as representative of West Peterboro' in the Ontario Legislature. We congratulate him on the unique and honorable position he occupies. He is a Conservative, but he does not go to the Legislature as the nominee of that party. He must be the most independent member of the House, as he has a *carte blanche* to act as he pleases from both parties. There must be general confidence in his ability, honesty and fidelity. No doubt Dr. Kincaid will prove himself worthy of this confidence. The course pursued from the first has been in perfect harmony with the views expressed by the ONTARIO when the vacancy occurred.

THE JUDICIAL HITCH.

Mr. Justice Cameron is of the opinion that all the judges must first be commissioned before they can sit in the High Court of Justice. The whole difficulty, according to his version of the case, is one rather of form than substance. The judges, he contends, retain their old powers, but they are not judges of the High Court of Justice, and cannot be until they are appointed.

A leading member of the Toronto Bar, and a member of the Ontario Legislature, says the Judicature Act does not, as the Globe asserts, abolish the old courts. English Act did, abolish the old courts. It only changed their names. The High Court is declared to be a "continuation" of the three courts which compose it, and possessed of the same jurisdiction. There has been a fusion of the courts, but none of them have been abolished.

ANOTHER WITNESS.

The editor of the Calais, Me., *Times* was one of the crowd that listened to Mr. Blake when he spoke at St. Stephen, N.B. In a subsequent issue of his paper he says:—

"The speech of the Hon. Edward Blake in St. Stephen, Monday, was one of the most masterly we have ever heard. For two hours he chained the attention of his hearers by his pure diction, powerful analysis and irresistible logic. Attempting not oratorical display, appealing to no prejudice, alluding to his opponents with courtesy, and scorning the arts of sophistry, he impressed every hearer by his candor, and carried conviction by masterly presentation of facts. His dispassionate argument was a surprise to those who have been accustomed to listen to the inflamed oratory of campaign speakers on this side the line. A few such means Mr. Blake would purify the methods of party discussion in the United States. Canada has not only produced a great mind, but a true gentleman in Mr. Blake."

This is just about as the present editor of the *Mail* viewed the speeches of Mr. Blake in 1873, when he wrote from conviction, and not under partisan necessity. The impression made by Mr. Blake during his eastern campaign upon all intelligent minds has been most beneficial to the cause of political morality.

BUSH FIRES.

Much Damage to Property and Increased Alarm.

Farmers in the vicinity of Cataraqui have been fighting fire for several days, and have lost considerable property. Houses and barns were saved after a prolonged struggle. In the woods about Buck Lake, the scene of the late murder, fires are raging terribly. The Richardson farm has been completely swept over, and the second barn with its contents destroyed. Other farms are in the same state. The greatest blaze is in the vicinity of Jackson's Mills, where a marsh covering 18 acres is on fire. Its spread has been very rapid, and the results disastrous. All along the line of the K. & P. Railway are forest fires of more or less extent. Fires are also raging near Trenton. Unless rain falls soon the damage by this element will be very great.

MYRIADS OF FLYING ANTS.

A Strange Phenemenon in a Manitoba Town.

An unusually interesting phenemenon was presented to the people of Emerson on Tuesday afternoon. It came in the shape of clouds of ants in the air, flying from the west towards the east, extending for miles and miles around. The ants appeared to be the ordinary little black ants only with the exception of being provided with wings. During the flight of the myriads of these insects over the town a number came to the earth, and the sidewalks, streets, etc., were black and literally covered with them. The sight was a novel one and many of our citizens watched the progress of the flying clouds as they rolled into waves forming every conceivable shape, until they disappeared from sight. The Red River was also covered with a coating of these ants about an inch thick. It is supposed that heavy storms to the west have driven them down this way. The atmosphere was exceedingly sultry and the light considerably impaired, so heavy were the clouds during the time the ants were passing over the town.—Gateway Express.

COUNTY COUNCILLORS' RESPONSIBILITY.

The Belleville ONTARIO is complaining of the foolish parsimony of the County Council of Hastings, whose members refuse to vote the money for the payment of the salary of constable. Complaints of penuriousness are made in other sections of the country against County Councils. The people should hold the members of the rural municipal corporations to strict account for any extra expenses they are put to as the result of culpable negligence to provide constables. Economy is a good thing in its way; but if the only crop to be reaped is the spread of crime, then it is time that County Councillors, whether in Carleton-Hastings, or anywhere else, came to the conclusion that the policy of the past will not pay. And if they fail to do their duty in the premises the people should take the matter in hand by putting in their places men who will manifest a more practical appreciation of the duties of their position. —*Ottawa Citizen.*

MARINE NOTES.

—The *O'Gorman* is loading lumber at Shannonville.

—The *Ontario* came in to-day and is at Foster's dock.

—The *William Gilbert* passed up to Trenton this morning.

—The tug *Bonar* has taken two drams of timber to Kingston.

—The *D. Freeman* cleared to-day with lumber from the Eagle Mill for Oswego.

—The *Nellie Cuthbert* will run between St. Catharines and Port Dalhousie for the balance of the season.

—The work of putting on the lock gates of the new Welland Canal is now going on, and the first vessel is expected to pass through next week.

—The *Norseman* has been a week down the river with several families from Rochester. She returned yesterday. The Saguenay and Ha Ha Bay were visited.

—The hot days and the cool nights have laid the effect of producing dense fogs on the lake. Nearly every day, for some time, the mail steamers have been delayed. The *Spartan*, which reached Toronto Wednesday, was four hours late.

WOMAN'S TRUE FRIEND.

A friend in need is a friend indeed. This none can deny, especially when assistance is rendered when one is sorely afflicted with disease, more particularly those complaints and weaknesses so common to our female population. Every woman should know that Electric Bitters are woman's true friend, and will positively restore good health, even when all other remedies fail. A single trial always proves our assertion. They are pleasant to the taste and only costs fifty cents a bottle. Sold by Jas. Clarke & Co.

Farmers will do well to buy ... to give more for clean grain.
W. F. BAKER & Co.,
Trenton.

DOUBTLESS there are degrees of delight in heaven. May not those be most happy there, whose earthly lot has been one of

Terrible Accident.

A FATAL FALL OF OVER 100 FEET.

Wesley Emery, an employee of the hematite mine in the Township of Madoc, met with an accident yesterday morning about eleven o'clock, which resulted in his death two hours afterwards. He was engaged at the top of the shaft in nailing a brace on the railway which is used in drawing up the ore, and afterwards conveying it to the cars. The board on which he was standing gave way, precipitating him a distance of thirty feet to the opening of the mine, and from there he fell seventy-five feet to the bottom of the shaft. He was at once taken up, conveyed to his home, and medical aid summoned. Drs. Sutton and Loomis answered the call, but were unable to relieve the unfortunate man, who died as above stated soon after their arrival. Deceased was about thirty-five years of age, and leaves a wife and five children to mourn his fate. This is the first accident that has occurred at that mine, and all the employees suspended work for the day.

AN EXTENSIVE TRADE SALE.

Tees, Costigan & Wilson, of Montreal, as will be seen by our advertising columns, will again hold an extensive trade sale of teas, sugars, coffees and an endless assortment of general groceries in Toronto on Wednesday, Sept. 14th and following day. Their last sale was the most extensive undertaking of the kind held in Canada, and judging from their present catalogue, this will if possible be greater than the last. The Toronto papers spoke in the highest terms of the manner in which the last sale was carried on, and we bespeak for Messrs. T. C, & W. the same success as that of February last. Our local merchants will no doubt put in an appearance, as they usually do when bargains are procurable.

THE STEAM YACHT RACE.

The "Lancet" Wins the Race and $2,400

OGDENSBURG, N.Y., Aug. 25.—The steam yacht race between the *Lancet*, of Ogdensburg, owned by Dr. J. H. Brownlow, and the *Sport*, of Alexandria Bay, owned by Mr. Robert Packer, of Sport Island, for a distance of twenty miles and a wager of $2,400, came off to-day at Ogdensburg. The course was from the lighthouse, ten miles up the river, around a stakeboat, and return to starting point. The time for starting was set down for between the hours of two and three. The boats got off at 3:15, and ran a most

EXCITING RACE.

After the first mile the *Lancet* began to lead, and gradually increased it till the end of the race. The official time for the twenty miles was:—

	H. M. S.
Lancet	1 40 00
Sport	1 52 20

THE SCENE AT THE CLOSE

of the race beggars description. There were at the least half a hundred of steam crafts, many hundreds of row-boats and other water craft. The lighthouse point was covered with people as thick as they could stand. The houses, shore, and docks, and the Canadian shore and docks were also crowded with people. All the boats were crowded, and as the *Lancet* came flying down to the stake boat at the end of the race with her flag flying, 20,000 voices rended the air, and all the whistles of the steamers sent back an echo. The great whistle on the planing mills joined the retrain, and Bedlam for once was doubly discounted. All day long the river was smooth as glass. It was the greatest aquatic event that has ever taken place on the St. Lawrence river.

The *Lancet* was engineered by Mr. Wm. Brownlow of the G.T.R., and the many acquaintances the "Zulu" has in this city will be pleased to learn of the victory which the craft he was on board won. He is lightning when he gets moving, and none know that now better than the crew of the *Sport*—the unsuccessful craft in yesterday's contest.—ED. NOTE.

THE APPLE CROP.

Higher Prices Expected.

The apple crop of Ontario will be much lighter than that of last year. Around Montreal the prospects are very good. A day or two ago about three hundred barrels of American apples were sold in the Montreal market at $2.25 to $2.75, and one hundred barrels of Canadian at $2.50 to $3. Since that prices have been somewhat firmer, sales being made at $3.50 per barrel wholesale for choice kinds. The better prices commanded by Canadian apples are owing to the fact that the barrels are considerably larger. Some Ontario growers have forwarded shipments of red Astrachans to England as an experiment.

NEWS ITEMS.

—An old man named Clayton, who has died in the Orphans' Home, London, was with Napoleon at St. Helena.

—Thomas Greer, of Woodstock, is Montreal jail for debt to a boarding-house keeper, is petitioning for release on habeas corpus.

—George Shaver, of Islington, was tangled in his reaping machine and had every stitch of clothing torn off him. When he stood in his boots he couldn't realize that he had escaped with a whole skin.

—The Telegram says that the girl Reed will be set at liberty when the Attorney-General returns to Toronto. The reporter of that paper has taken the case in hand, and appears to be much interested.

—The Canada Pacific Syndicate will issue $10,000,000 worth of five per cent. bonds at 92½, the Montreal Bank to take one-quarter of the amount. The issue will be divided equally between New York and Montreal.

—A young man in Englishtown pushed a large pea up one of his nostrils. After it had been there several days and communed to pain him, he told his mother about it. Being of a decidedly practical turn of mind, she placed one hand over his eyes, and with the other put a good pinch of strong pepper in his nose. The boy then sneezed terrifically, and gave the pea the grand bounce.

—It is altogether probable that Potvin, arrested on charge of complicity in the murder of Jas. Wetherall at Mount Sherwood, recently, will have to remain in jail until the October Assizes, as Justice Strong has declined to sign the necessary papers for his release. The divorced wife and daughter of the late Jas. Wetherall write letters to the 'Free Press' from Racine, Wis., in their own defence, charging that he was neither a good husband or father

T. DEWITT TALMAGE
in illustrating his imaginary Art Gallery hit the truth; but we, in our Art Gallery, hit the bright side of the truth, getting the Easy, Natural Position and Expression of our sitters. Our instantaneous process does it.—BROCK & CO.

THE DAILY ONTARIO. FRIDAY AUGUST 26. 1881

5 YEARS—ESTABLISHED—5 YEARS
We do most earnestly invite any person wanting photos, to examine, first, our every day work, and second, our Operating Room, Appliances and Conveniences. You will understand why our work pleases.—Brock & Co.

New Fall Goods.

WE are now receiving a large proportion of our early FALL PURCHASES in such as PRINTS, DRESS MATERIALS, EMBROIDERIES, FRINGES, FRILLINGS, LACES, &c, &c. These goods are low in price, and comprise the newest styles.

We are also opening up an assortment of SCOTCH TWEEDS and WEST of ENGLAND CLOTHS of newest patterns in suiting lengths.

Carpets.

We have secur d five bales—40 pieces—more of the same qualities of TAPESTRY CARPETS that we have been selling at 65c. and 75c. per yard. The value of these carpets is now so well known that we need not say anything about them. They cannot be equalled in the city under 90c to 95c per yard.

DAILY ONTARIO.

FRIDAY AUGUST 29, 1881.

Business Notices.

The public will have them—the pens of the Esterbook Steel Pen Co's make, and all stationers are ready to supply them.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50 cents. R. Templeton, special agent.

☞ Wait's Homœpathic Remedies at Geen's drug store. See adv't. ☞ Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quanties by A. Knox, Wm. Dickens, W. Bul en, Conger Bros, N. H. Peterson, and A. Henry.

In the ho months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 8 ounce bottles, 50 cents, at R. Templeton's Drug Store.

Insure your Life in the

ONTARIO MUTUAL
LIFE ASSURANCE COMPANY,
OF WATERLOO, - - - - ONTARIO.

Government Deposit	$ 56,176 79
Full Reserve (Gov. Standard)	$148,349 68
Surplus over all Liability	$ 39,574 93

The Ontario Mutual has a reserve in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company!!

Deaths in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to cash income, is smaller than any other Canadian Company!!

Exorbitant salaries and "bonuses" incident to companies located in large cities, and indulged in at the expense of the policy holders, have never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada!!

EXAMPLE

Policy No. 675 was issued in 1870 for $1,000; age 27, annual premium $19.44. premiums paid during the last 11 years. $155.30; but should the policyholder wish to with-draw from the Company, he could get $85.66 in cash, leaving the actual average cost $6.24 per annum, during the ages from 27 to 38, and subject to a still further reduction annually.

The above results show the advantages of insuring in this Company.

S. BURROWS General agent for this district, and F. M. CLARKE local agent. Their office is in the Ashley Block, Front Street, Belleville.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up, until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, Eng." Also makers of Epps's Choco-

LOCAL AND GENERAL.

BUCK's raft left here last night in tow of the *Bonar*.

THE accommodations of the police station served for the requirements of four cavaliers of the highway last night.

A CONDUCTOR's badge, of silver, was lost on the cricket ground on Wednesday, and the owner whose name is on it would like it returned.

A SPECIAL passenger train followed the evening express west last night. It's passengers were chiefly from Boston, and were destined for Chicago.

A DIMINUTIVE hand organ in charge of a female ground out melody last evening at Front and Bridge Street. The son of sunny Italy was absent from the post of duty this time.

TWO HORSES were killed by a train on the G. T. R. in Thurlow on Wednesday afternoon. The owner of the animals presented his claim to the proper officer of the company and $170 was given him.

MR. ANDREW DALY, G. T. R. engineer, who was injured about two weeks since whilst alighting from his engine, is slowly recovering from the effects of his injuries. As yet, however, he is unable to leave his home.

SEVEN cars composed the excursion train of the B. L. E. to Idyl Wild this morning, and three of these were well filled in leaving here. The Oddfellows' Band accompanied the excursion and played a variety of selections before the departure of the train.

WE are informed that a concert and organ recital is shortly to be given by our old and popular friend Prof. Whish, assisted by a number of talented musicians. Fuller information will doubtless be given shortly. In the meantime we will expectantly wait.

As a large opening has been made on the western side of the crossing near the Commercial House, the attention of the Street Surveyor is directed to it. A new crossing should have been put down there long ago, and all chances of the occurrence of accidents there would be effectually prevented.

TO-MORROW afternoon, the excursion of the Bridge Street S. S. takes place on the steamer *Alexandra*. Should the weather prove propitious there will be a large attendance. Patrons of the excursion should bear in mind that free street cars will run to the boat at 4:30 in the afternoon and in the evening at 7:30. The cars will also be in waiting on the return of the boat from Trenton and in the evening.

THE Judicature Act is evidently too much for our punctilious contemporary. The attempt, however, to correct our statement of Wednesday, that Messrs. Peterson & Peterson had issued the first writ in the High Court of Justice, betrays a want of information that we would scarcely have credited it with. If the difference between the High Court of Justice and the County Court had been understood and appreciated, the blunder would not have been made. On reference to the Act we find that it only contains 91 sections. What is meant by learnedly gushing *sec.* 490? Perhaps *rule* 490 was intended. We would suggest more perusing and care, or quiet.

LAST evening Mr. George Denmark, accompanied by his wife, left their home in a phæton to call at Mr. James Ponton's on the front of Sidney for their children. As the horse was about to step upon the lower bridge he shied at some object on the ground, and swerving to the right, the front wheel of the vehicle struck the iron span. One of the shafts and the crossbar were broken by the force of the concussion, and the animal thus freed ran away. Mr. Denmark clung to the lines with determination and was pulled over the dashboard and along the bridge for some distance, when he released his hold. Mrs. Denmark got out of the vehicle and was but a few feet from it when the horse having turned came along at a terrible speed, and cleared the phæton at a bound—like a trained circus leaping animal. He then continued his flight up town and was captured in the vicinity of Brown's foundry. The injuries to the horse, harness and vehicle are slight, whilst the occupants of the rig escaped unhurt.

CHURCH STREET, just south of Dundas Street, was, about eleven o'clock last night, the scene of one of those broils which have made the locality notorious. The police were called on to visit the scene, but on their appearance everything underwent a change, and quiet reigned as supreme as it should in any well-regulated settlement. William Arthurs and his wife, Henry Babcock and his wife, a woman named Galloway, and John Rath and Thos. Abrams, became involved in trouble, which originated whilst a bottle of whiskey was being drunk. The women Babcock and Galloway engaged in an altercation with Rath, which resulted in the latter being hit and cut three times with an axe. He bled profusely from the wounds inflicted on him, and the clothing of his assailants were in parts saturated with it, and it stained the flooring of Arthur's house in many places. Rath disappeared before the police arrived, having been taken off by his companions. Two of the cuts inflicted on the young man Rath are very severe. Dr. Willson dressed his wounds, and whilst he does not consider them serious says, that if erysipelas should set in the results might be dangerous. No arrests in connection with this case have been made.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

JUST received at Hennessy's twenty cases of new fall and winter dry goods, consisting of Scotch, Irish and Canadian Tweeds. (The largest stock in Ontario to choose from.) Grey Scarlet and white Flannels, Canton Flannels, Prints, Dress goods, Grey and White Cottons, Cloaking, Velveteens, Fringes, Silks, Satins, Trimmings &c. The cheapest dry goods and

THE Kingston *News* says Belleville has a "Slippery Jack." Haven't seen him yet.

WANTED, a Carriage Blacksmith. Must be a steady man. Good wages and steady employment. John Finnegan.

THE representatives of this city who took part in the rifle matches at Toronto, have returned home. Their efforts yielded $75.

AT the session of the M. E. S. S. Parliament yesterday afternoon, Dr. Jaques, of this city, delivered an address on "Moral Gymnastics."

ADA GRAY, assisted by a talented dramatic company, will occupy the boards of the Metropolitan Hall on the evenings of the 1st and 2nd. of September.

THE denizens of Picton are frightened. Bread is now selling in the "Little Hub" at 14 cents a loaf, butter at 25 cents a lb., and potatoes at 20 cents a peck.

A SAMPLE of hops grown on the farm of Mr. E. Sprague, Ameliasburgh, was shown in this office to-day. It shows a rapid growth and is a splendid specimen of that crop.

MR. H. ASHLEY will leave here on Monday next to make the necessary arrangements for the erection of the cheese factory, which is to be one of the features of the Toronto Exhibition.

COL. PRINCE has presented the Bay of Quinte Yacht Club, through Commodore Pitceathly, with a set of marine charts, which show the soundings made by the U. S. Government in Lake Ontario and River St. Lawrence.

THE Friday afternoon closing arrangement terminated to-day, the period during which it was to last having expired with this date—the last Friday in the month of August. The movement may be considered a success, though it is doubtful if it can be repeated.

THE Kingston *News* remarks:—"Some good looking young ladies on the Belleville excursion yesterday have left an impression here. One young man in particular was 'carried away' in his mind. He is enquiring when there will be an excursion to Belleville."

IN the Police Court to-day Michael Byrne appeared on remand. "You can go," said the Magistrate, after casting one of his loving glances on the accused, who stood the test in dread of future consequences. The session of the court was as brief as it was impressive.

THE Cobourg Lacrosse Club arrived here at noon, and was welcomed by a deputation from the Okas, with whom they played this afternoon. The visitors are a strong and active body of young men—far heavier than their antagonists, and should give a good account of themselves. They stopped at the Queen's.

MR. JOHN NICHOLSON is improping nicely. He enjoyed a refreshing sleep last night, and was greatly bettered in consequence. He to-day complained of soreness in his back, which was doubtless caused by the necessity of lying on it. He bears his affliction mechanically, and his only dread is the confinement to the house that it at present necessitates.

THE evenings are too cloudy, or rather smoky, to allow of a good sight of the comet. It is an interesting visitor, however. The astronomical descriptions give it a head 11,750 miles in diameter, a tail 2,000,000 miles in length, and its distance from the sun 97,000,000 miles. It will continue to grow brighter for several days, but will never appear as brilliant as the comet of June.

THE *Whig* says that no less than thirteen professional thieves, recently released from the Kingston and St. Vincent de Paul penitentiaries, have left Montreal for Belleville and Kingston, where they will resume operations. The attempt to rob the Glasgow Warehouse would indicate that some of them have already arrived. The police will be prepared to deal with them, but the citizens should be on their guard.

ALMON READ was the victim of a runaway yesterday afternoon. Whilst he was going home his team became frightened on seeing a steam threshing machine and ran off. Mr. Read was thrown out and dragged for a considerable distance. Dr. Allen proved a fortunate passenger along the road this time on his way home from Foxboro'. He made an examination of Mr. Reid's injuries and found both bones of the right leg broken and a badly lacerated wound. The doctor set the broken limb and had the sufferer removed to his home, where he is doing as well as could be expected.

A lady resident of Massassaga Point recently purchased a watermelon and placed it in the custody of her husband who was to bring it home. He did not pay that attention to this specimen of fruit that was certainly requisite, for during the passage to the High Shore it disappeared. On being made aware of its departure from his ownership he bore his loss mechanically, but yet insisted when he met his wife that she couldn't have put the fruit on board and had been inattentive to its possession. His search on the shore did not lead to a discovery of any of its remnants, and though he mourns his loss, he attributes the fault to his wife rather than to himself. He might even have had a piece of the melon during the trip if he had'nt been particular.

PRESIDENT GARFIELD.

Our Washington despatches to-day are the most discouraging and hopeless we have yet received. They take away the last inch of ground upon which hopes for the President's recovery rested. The Cabinet and Mrs. Garfield have been notified by the physicians to prepare for the worst. The gravity of the situation is fully recognized, and a dissolution is expected soon, unless a great change for the better occurs immediately.

DASHES.

—Peterborough boasts of having a man in that town who lays claim to a family of twenty-two children.

—The release of Geo. Allan from the Kingston penitentiary is being severely criticized. Some explanations are needed.

—Dr. Wild, "a clerical outcast" who appears in "the Bond street hippodrome," has a column devoted to him in this week's Irish Canadian.

—Downey has delivered to the County Attorney the gun with which Richardson was shot. He found it just where Vankoughnet said it was.

—Little Round Island in the St. Lawrence has been sold to a man from Albion, and a $40,000 hotel will be built upon it and run by

—Mr. Cotter of Sophiasburgh commenced picking hops on Tuesday. Messrs. Coolidge & Dunning commenced Thursday. The crop promises well and prices are satisfactory.

—Vankoughnet, the murderer, is allowed half an hour's liberty in the gaol yard each day, and has got over his crying. He will probably accept Rev. Mr. Joliffe as his spiritual adviser.

—Four horses owned by Mr. William Sullivan, of Emily township, were recently struck by lightning, the Peterborough Times says, and instantly killed. The animals were worth $500.

—The "Whig" says Mrs. John Robson, of Morton, has been seriously ill for the past seven months, and for twenty-eight days has tasted nothing but cold water. She is still alive.

—The meeting of the Picton District C. M. Church occurs at Northport on Wednesday, 7th Sept. The Napanee district meeting of the same church occurs in Napanee on the 8th of September.

—Fong Lei, the Kingston Chinaman, who is so tormented by bad boys, threatened to chop the head of one off. When told that if he did so he would be hung, he replied: "Me no care; he go hellee first."

—Mr. Conrad Bongard of North Marysburgh, is now 86 years of age, and was born and has always lived on the farm he now occupies. Few who reach such an age live so long in one spot. His wife, who was only a very little younger, passed away last week after a long and useful life.

—A fire is raging in the woods beside the railway track a short distance this side of the Carrying Place. It is supposed to have caught from a spark from the train on Tuesday morning. Everything being so dry it spread very rapidly and by the evening a large area had been burned over.

—A settler at Turtle Mountain, writing to a friend in Ontario, says: "Ladies are pretty scarce here. We can boast of having one young lady in our neighborhood and thirty bachelors. If you have any of the fair sex to spare down there you might use your influence to have a few sent this way. There are lots of good openings for them here."

—Mr. D. McConachie, of Clarke, has a very prolific hive of bees. On June 12th it swarmed for the first time this season; just twelve days after it swarmed again, and again the second day following; and a week later it swarmed three days in succession; and to cap the climax on Wednesday the first swarm sent forth a swarm, thus making seven swarms from one hive in about six weeks.

WEATHER BULLETIN.

TORONTO, August 26.

Moderate to fresh winds, mostly from the east and south, fair weather.

Telegraphic Despatches.

The Dying President.

NO MORE GROUND FOR HOPE.

Mrs. Garfield Notified to Prepare for the Worst.

A Terrible Shock to the Cabinet.

NEW YORK, Aug. 26.—Washington specials to the *Herald* last night say the Doctors informed the Cabinet, there was no longer good ground for hope. The complication in the President's case had gone so far there was nothing to expect but a fatal ending, and that soon. Prepared as the Cabinet were for such news, it fell upon them with a terrible shock. Lincoln, when questioned, said the doctors informed us that the swelling in the President's neck, would, if it attacked a well man, prove fatal in itself. MacVeagh said there was but one source of consolation — one thing we may recognize as a great mercy, and that is the sparing of the President's life till the first passion of excitement had time to subside. This delay has been of inestimable benefit to the country. He said the Cabinet had not yet considered the matter of sending for Arthur, and had not yet mapped out a plan of action based upon the President's demise.

Boynton said last night the President's wound was not in as good condition as before, but he would not explain what the trouble was. He said: "I do not think the President is getting enough food into his stomach to sustain life. The stomach might not be able to retain more."

Jail officials state Guitteau demanded that iron shutters be put up at the window and doors with bolts upon the inside of the cell. He seems to have got an inkling of the President's condition and is fearful his life will be taken by some one shooting through the window. During the past two weeks Guitteau has tried very hard to impress the keepers that he is gradually becoming insane. Quiet preparations have been made to defeat any unlawful methods of punishing the wretch.

The *Tribune* says Dr. Boynton says he informed Mrs. Garfield that the President was very much worse. She bore it like a noble, Christian woman.

Kirkwood said last evening that the physicians told the Cabinet if there is not a radical change between 9 and 10 o'clock Friday morning all hope might be abandoned.

James said Bliss told the Cabinet he did not see how such a change was possible.

Lincoln denied a consultation of doctors and the Cabinet had other subjects under discussion than the advisability of removing the President.

The Times says Bliss said yesterday two injections had been given the President; the wound had been healing and I am astonished at the amount of repair in last 24 hours. I do not think the President realizes the gravity of the situation. He has become less anxious, more indifferent about himself as he has become more enfeebled.

The *Sun* says it is stated Mrs. Garfield did not until yesterday afternoon realize that it was possible the President would die. She was very much overcome when informed how low he was, and that the physicians feared the worst. It was decided last night unless the President considerably improved this morning to notify the children and other members of the family of his serious condition.

Mrs. Edson said last evening the President's throat was troubling him again, and he was coughing to clear of the phlegm at

One in a position to know says the pus is no longer healthy, but thin and watery, and the President's mind now wanders the greater part of the time. The President himself believes he is well on the road to recovery, and the most pathetic incidents in the sick room are said to be those in which he gives expression to this opinion.

On the day of the shooting the President said he was prepared to die. His affairs were in order and there was nothing he wished particularly to do. 'Tis, therefore, not thought necessary to communicate to him his true situation.

The report is probably true that Arthur has been notified to be prepared any time to receive the news of the President's approaching dissolution.

AFTERNOON.

WASHINGTON, Aug. 26, 10 a.m.—Bliss at 9:30 this morning telephoned to his wife that the President was a little better than last night. He said the pulse was less frequent and the parotid swelling had broken into the right ear, and that it was discharging through that orifice. The patient's mind was clearer, and he conversed rationally with the surgeons about the condition of the inflamed gland. He partook of food which seemed to be grateful to him, and the general condition appeared to be a little improved. The Doctor expressed himself hopeful that the swollen gland would be relieved by the discharge through the ear, and that the President would pull through the day without much change.

LONDON, Aug. 26.—The *Lancet* says when it is borne in mind that in cases of starvation death supervenes when the loss of two-fifths of the original weight has occurred, the fact that Garfield has lost 80 lbs., is alone sufficient to excite serious apprehension.

MORNING.

Railway Dividend.

NEW YORK, Aug. 26.—The Union Pacific Railway declared a quarterly dividend of 1¾ per cent., payable October 1st.

Virginia Politics.

RICHMOND, Aug. 26.—Gen. Wickham, leader of Republican party in Virginia, declares his intention to support a Democrat state ticket. He contends no Republican can vote for the readjuster candidates without abandoning the vital principle of the national Republican party. When this canvass is over he says: "I shall exert all the zeal I possess to resuscitate and unite the Republican party of Virginia.

Mine Accident.

MORRISTOWN, N. Y. Aug. 26.—Wm. Galick, John Beek, and Charles Jouse were killed by the caving in of a mine at Hacklebarney. Two others were seriously injured.

A Clerical and Lay Fight.

SUSQUEHANNA, Pa., Aug. 26.—Rev. McElrie and Robt. Day quarrelled and fought in the street. Day knocked the preacher down and the preacher seriously hurt Day with a hammer. Both went to the justice's office for a warrant, and there had another fight, the preacher being whacked with a cane.

Fraudulent Papers.

PITTSBURG, Pa., Aug. 26.—It is discovered that New York lawyers have been furnishing clients with fraudulent divorce papers, claimed to have been obtained here.

FROM TORONTO.

TORONTO, Aug. 26.

McCormack, the alleged murderer of Pargman, in Mulmur Township, has been taken to Orangeville.

The corpse recovered from the bay has not yet been identified.

It is said that the Dominion Government has been asked to forward the new commissions for the judges, and that the High Court cannot be organized until they come.

John Faulkner, farmer of Etobicoke, who has been sued by widow Tilson of Toronto, for breach of promise of marriage, is a bachelor of sixty, and is reported to be worth $65,000. It is alleged that he was tight when he made the loving promise, for the breach of which he is being sued. The widow rented a farm from him which was the means of making them acquainted. It is said they presented themselves to a priest for marriage, but as the widow refused to renounce her Protestanism the priest refused to tie the nuptal knot.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

Address,

To all who are suffering from the errors and indiscretions of youth, nervous weakness early decay, loss of manhood, &c., I will send a recipe, that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D New York City.

THE GREAT FEMALE REMEDY
JOB MOSES' PILLS

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson, Man Boulter, Stirling W C Barke, Trenton and all medicine dealers

Dr. A. G. Douglas,

GRADUATE OF ONTARIO VETERINARY COLLEGE, Toronto, student with the late Dr. Newton.

Important to Farmers.

WE take pleasure in calling the attention of farmers in general, to Burke & McTaggart's patent Barley Dresser, for cleaning grain. It is the best machine known. We speak from experience, having cleaned over four thousand bushels through one, making it weigh two pounds per bushel more, and vastly improving its color, making it worth more in a foreign market. Farmers will do well to buy it for we can give more far clean grain.

W. F. BAKER & Co.,
Trenton.
Belleville, July 7th, '81. w2m

Farmers will do well to buy it for we can give more far clean grain.
W. F. BAKER & Co.,
Trenton.

ELECTRICITE! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD. Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."——Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.——H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil. I am nearly out, nothing equals it."——J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."——J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

That, unknown to the world at large, and Mr. Leavenworth in particular, a marriage ceremony had been performed a year before in a little town called F—— between a Miss Leavenworth and this same X. That in other words, the unknown gentleman who in the letter partly destroyed by Miss Eleanore Leavenworth, complained to Mr. Leavenworth of the treatment received by him from one of his nieces, was in fact the secret husband of that niece. And that, moreover, this same gentleman, under an assumed name, called on the night of the murder at the house of Mr. Leavenworth and asked for Miss Eleanore.

'Now you see with all this against her, Eleanore Leavenworth is lost if it cannot be proved first that the articles testifying against her, viz: the hankerchief, letter and key, passed after the murder through other hands, before reaching hers; and secondly, that some one else had even a stronger reason than she, for desiring Mr. Leavenworth's death at this time.

'Smith, my boy, both of these hypotheses have been established by me. By dint of moleing into old secrets and following up of nice clews, I have finally come to the conclusion that not Eleanore Leavenworth, dark as are the appearances against her, but another woman, beautiful as she and fully as interesting, is the true criminal. In short, that her cousin, the exquisite Mary, is the murderer of Mr. Leavenworth, and by inference of Hannah Chester also.'

He brought this out with such force and with such a look of triumph and appearance of having led up to it, that I was for the moment dumbfounded, and started as if he had not known what he was going to say. The stir I made seemed to awake an echo. Something like a suppressed cry was in the air about me. All the room appeared to breathe horror and dismay. Yet when in the excitation of this fancy, I turned round to look, I found nothing but the blank eyes of those ventilators staring upon me.

'You are taken back!' Mr. Gryce went on. 'I don't wonder. Everyone else is engaged in watching the movements of Eleanore Leavenworth; I only know where to put my hand upon the real culprit. You shake your head!' (Another fiction.) 'You don't believe me! Think I am deceived. Ha, ha! Ebenezer Gryce deceived after a month of hard work! You are as hard as Miss Leavenworth herself, who has so little faith in my sagacity that she offered me, of all men, an enormous reward if I would find her out the assassin of her uncle. But that is neither here nor there, you have your doubts and you are waiting for me to solve them. Well, nothing is easier; know first that on the morning of the inquest I made one or two discoveries not to be found in the records, viz.: that the handkerchief picked up as I have said in Mr. Leavenworth's library had, notwithstanding its stains of pistol-grease, a decided perfume lingering about it. Going to the dressing-table of the two ladies, I sought for that perfume and found it in Mary's room, not Eleanore's. This led me to examine the pockets of the dresses respectively worn by them the evening before. In that of Eleanore I found a pocket handkerchief, presumably the one she had carried at that time. But in Mary's there was none, nor did I see any lying about her room as if tossed down on her retiring. The conclusion I drew from this was, that she and not Eleanore had carried the handkerchief into her uncle's room, a conclusion emphasized by the fact privately communicated to me by one of the servants, that Mary was in Eleanore's room when the basket of clean clothes was brought up with this handkerchief lying on top.

'But knowing the liability we are to mistake in such matters as these, I made another search in the library and came across a very curious thing. Lying on the table was a penknife, and scattered on the floor beneath, in close proximity to the chair, were two or three minute portions of wood freshly chipped off from the leg of the table; all of which looked as if some one of a nervous disposition had been sitting there, whose hand in a moment of self-forgetfulness had caught up the knife and unconsciously whittled the table. A little thing, you say, but when the question is, which of two ladies, one of a calm and self-possessed nature, the other restless in her ways and excitable in her disposition, was in a certain spot at a certain time, it is these little things that become almost deadly in their significance. No one who has been with these two women an hour, can hesitate as to whose delicate hand made that cut in Mr. Leavenworth's library table.

'But we are not done. I distinctly overheard Eleanore accuse her cousin of this crime. Now such a woman as Eleanore Leavenworth has proved herself to be, never would accuse a relative of crime, without the strongest and most substantial reasons.

To be Continued.

The golden age—the present—when Esterbrook's popular Steel Pens are within the reach of all. The stationers can supply them. Robert Miller, Son & Co., Montreal, agents.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

H. F. MacCarthy, Wholesale and Retail Druggists, Ottawa, writes:—"I was afflicted with Chronic Bronchitis for some years, but have been completely cured by the use of Dr. Thomas' Eclectric Oil in doses of five drops of sugar. I have also pleasure in recommending it as an embrocation for external use.

NORTHERN TEXAS offers greater attractions in way of good, cheap lands, healthy country, mild climate abundance of timber and water, diversity of products, than any other region now open to settlement. In this rapidly developing section, the **Texas & Pacific Railway** has in operation over 800 miles of road, along which are to be had, at low prices and on easy terms, millions of acres of good and cheap Railroad and Government lands, but recently opened for settlement. PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleaveland, Ohio

RANKS OVER ALL OTHER MAKES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.

CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

Ayer's Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. All who have tried it, acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.

For Trenton at 3 p.m.
For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

POETRY.

COMMIT THY WAY TO GOD.

Commit thy way to God,
The weight which makes thee faint ,
Worlds are to Him no load ,
To Him breathe thy complaint.
He who for winds and clouds
Maketh a pathway free,
Through wastes, or hostile crowds,
Can make a way for thee.

Thou must in Him be blest,
Ere bliss can be secure ;
On His work must thou rest,
If thy thy work shall endure.
To anxious, prying thought,
And weary, fretting care,
The Highest yieldeth naught .
He giveth all to prayer.

Father ! Thy faithful love,
Thy mercy, wise and mild,
Sees what will blessing prove,
Or what will hurt Thy child,
And what Thy wise foreseeing
Doth for Thy children choose,
Thou bringest into being,
Nor sufferest them to lose.

Hope, then, though woes be doubled,
Hope, and be undismayed ;
Let not thy heart be troub'ed,
Nor let it be afraid.
This prison where thou art,
Thy God will break it soon,
And flood with light thy heart
In his own blessed noon.

Up ! up ! the day is breaking,
Say to thy cares , Good-night ?
Thy troubles from thee shaking.
Like dreams in day's fresh light.
Thou wearest not the crown,
Nor the best course can tell :
God sitteth on the throne,
And guideth all things well.

—*Paul Gerhardt, translated by Elizabeth Charles.*

SUNDAY READING.

THE LEISURE HOUR.

A CHRISTIAN'S RELIANCE.

O, let thy sacred will
All Thy delight in me fulfil !
Let me not think an action mine own way,
But as Thy love shall sway,
Resigning up the rudder to Thy skill.
—Herbert.

LOOK KINDLY ON THE YOUNG.

Tolerance comes with age. I see no fault committed that I myself could not have committed at some time or other.—[Geothe.

JUDGING FROM A SURE SIGN.

Show me the man you honor ; I know by that symptom, better than any other, what kind of a man you are yourself. For you show me there what your ideal of manhood is, what kind of a man you long inexpressibly to be.—[Carlyle.

A METHODICAL AGE.

The present age is one of methods. There is a patent process for everything. How to make a sermon, how to studdy the Bible, how to conquer a reform, how to rear a beautiful and virtuous race—it is all the same—simply a matter of such a chapter and such a section of the recipe book.

THE SOUL IS AS THE SUN.

I am fully convinced that the soul is indestructible, and that its activity will continue through eternity. It is like the sun, which, to our eyes, seems to set in night ; but it has in reality only gone to diffuse its light elsewhere.—[Goethe.

A STILL TONGUE AND A WISE HEAD.

I think the first virtue is to restrain the tongue ; he approaches nearest to the gods who knows how to be silent, even though he is in the right.—[Cato.

HABIT'S CHAIN.

Our torments may in length of time
Become our elements.
—[Milton.

COURAGE NOT ALL PHYSICAL.

How many people I have seen who would have plucked cannon balls out of the muzzles of guns with their bare hands, and yet had not courage enough to be happy—[Theophile Gautier.

THE POETRY OF SORROW.

Poetry is a sister of sorrow. Every man that suffers and weeps is a poet; every tear is a verse and every heart a poem.—[Marc Andre.

THE USES OF ADVERSITY.

I sleep most sweetly when I have travelled in the cold; frost and snow are friends to the seed, though they are enemies to the flower. Adversity is indeed contrary to glory, but it befriendeth grace.—[Richard Baxter.

The golden age—the present—when Esterbrook's popular Steel Pens are within the reach of all. The stationers can supply them. Robert Miller, Son & Co., Montreal, agents.

A GOOD MAN'S WISH

I freely confess to you that I would rather, when I am laid down in the grave, some one in his manhood stand over me and say—"There lies one who was a real friend to me, and privately warned me of the dangers of the young; no one knew it, but he aided me in the time of need. I owe what I am to him." Or would rather have some widow, with choking utterance, telling her children—"There is your friend and mine. He visited me in my affliction, and found you, my son, an employer, and you my , daughter , a happy home in a virtuous family." I say I would rather that such person would stand at my grave than to have erected over it the most beautiful sculptured monument of Parsian or Italian marble. The heart's broken utterance of reflections of past kindness, and the tears of grateful memory shed upon the grave, are more valuable in my estimation than the most costly cenotaph ever reared.—*Dr. Sharp*

ONLY A SMILE.

Life teems with unnecessary pain. For every living soul there is work to do, effort to make, sorrow to alleviate. No day in the short time allotted to us should pass without some attempt, however feeble, to lessen the load of suffering pressing so unequally upon the lives of those around us. All can do some little, and if each soul that has suffered would take share in removing or lessening the burden of another, life would be other than it is. An old writer beautifully says : "All can give a smile." How few value a smile as they should, yet who does not know the brightness which some faces bring when they appear ? The smile of kindly recognition, the acknowledgement of existing suffering, the freemasonry of endurance, all are conveyed by a glance, and no one can tell how often the effort to be cheerful has helped the weaker sufferer to endure.

THE SAFETY AND HELPFULNESS OF FAITH.

Safety and helpfulness go together in all life. So is the whole world bound into a whole, so does the good that comes to any man tend to diffuse itself and touch the lives of all, that these two things are true ; first, that no man can be really safe, really secure that the world shall not harm and poison, unless there is going out from him a living and life-giving influence to other men ; and, second, that no man is really helping other men unless there is a true life in his own soul. Both of these seem to me to be great and ever-present truths. Men try to act as though they were not true, and thence comes much bad and useless living. Men think that they can be safe without being hopeful ; thence come all the selfish notions of salvation. Merely to crawl through life with face and mouth so bandaged up with caution that the foul air of life can not affect us, merely to strike out from the wreck of a fallen world and swim ashore, shaking off all the drowning men who clutch at us in the wild water, and leaving the screaming wretches to their fate—the man who so seeks salvation finds at last, to his disappointment and dismay, that he is not saved. It is not the hands that catch us and hold on to us, it is the hands of helpless men which we shake off in our selfishness, that drag us down. And then the other truth ; no man can really save another unless he saves himself. It is the good man, by his good deeds that gives life to the world. The vitality which bad men by their bad deeds seem to give is not vitality, but death. The priests taunted Jesus on the cross. "He saved others, Himself He could not save," they said. But they were wrong. He was saving Himself while he saved the world. His was fulfilling His work. He was glorifying His Father. He was entering into life as death crept over Him. And always it is the living, not the dead, who give life. It is the man not always who has sinned deeply, but the man who has known by intense sympathy what sin is, how strong, how terrible, and yet escaped it for himself—he is the man who helps sinners most He is the anointed one who carries on Christ's salvation. In their deepest need, the wickedest men look to the purest men they know, the deadest to the livest ; first to those who they think most escaped sin, then to those who think they have been most cleansed of sin by repentance and forgiveness—*Phillips Brooks.*

THE PATHOS OF LIFE

The pathos of life lies but little below the surface ; the loving heart feels it all.

While I was in college, I was impressed very deeply by an incident illustrating the truth of these facts, which need only to be known to be felt. I had observed a large Newfoundland dog about the dormitories for nearly a week. One cloudy afternoon an old man came wearily into the yard and inquired for the dog. The wild ones saw a chance for a little diversion and so the dog was allowed to look benignly down from the attic windows upon his master. The old man trudged up the long flights of steps, but when he reached the room he saw the dog playing leap-frog with the boys on the campus. Again he patiently descended and the chase was kept up until the old man saw it was of no use. It afforded great sport for the thoughtless, but there were some among the scores looking on whose hearts and tongues protested.

"Boys," said the old man, "this looks like sport to you, but if you only understood the circumstances you'd feel more like crying than laughing. My wife and I had a little grand-daughter a week ago, but we haven't now. She died last Saturday. This dog was a great favorite with her. He stayed in her room all through her sickness and she would stroke him with great tenderness when she was almost too feeble to raise her hand. While she was dying she said : 'Grandma, you'll keep Rover to remember me by, won't you, Grandma ? Be good to Rover and we'll all meet in heaven ;' and now Grandma is very lonesome without her little girl, and she wants the dog. He ran away as soon as the little girl died and I have been searching for him ever since. Please, boys, let me take him home for we have nobody to care for but the dog." His voice choked while tears started in many eyes. Quickly the dog was given up ; a hat was passed and substantial tokens of the boys' repentance were presented the old man, and while he trudged away followed closely by his dog, the sun broke through the clouds, for it was about to set, and flung a flood of golden rays upon the college campus and its buildings, lighted up the old man's face as he made an adieu, and seemed to be the benediction of heaven upon the scene. I never shall forget it.—*Rev. G. L. White.*

—Peterborough boasts of having a man in that town who lays claim to a family of twenty-two children.

A Rich Glossy Finish is given to the hair by the use of Bearine which is fragrant and healthful.

The most miserable man in the world is the dyspeptic, and dyspepsia is one of the most troublesome difficulties to remove it, but Burdock Blood Bitters always conquer it. It stimulates the secretions, regulates the bowels, acts upon the Liver, aids digestion, and tones up the entire system. Trial Bottles 10 Cents, Large Bottle $1.00.

I have been cured of a cancerous sore on my left side by seven clothes of Bristol's Sarsaparilla and five phials of the Pills. The sore had troubled me for a year and a half.—George E. Stone, Ballarot, Victoria.

The Greatest popularity of Dr. Fowler's extract of Wild Strawberry is where it has been longest known. Time cannot detract from its merits. It is the old reliable remedy for all bowel complaints incident to the summer season.

Do not drug the system with nauseous purgatives that only debilitate. Burdock Blood Bitters is a nature's own Cathartic, it acts at once upon the Bowels, the Skin, the Liver and the Kidneys, arousing all the secretions to a heal by action. It purifies the Blood and cures all Humors, even the worst form of Scrofula, and tones up the Nervous and Debilitated.

It is generally admitted that there cannot be anything more exquisitely delicate for perfuming the handkerchief than Murray & Lanman's Florida Water; but its great and distinctive property is its adaptability to the uses of the bath. It is the only perfume that we know of especially and particularly suited to use in this way. The power it has of imparting to the waters of the bath great soothing, refreshing, and invigorating, effects, is peculiar to itself.

The Liver is the grand purifying organ of the system ; when inactive or obstructed bad blood and ill health are certain results. Burdock Blood Bitters cure all diseases arising from disordered Liver, Stomach, Bowels or Kidneys, purifying, restoring and strengthening. It regulates the Bowels, cleanses and enriches the Blood, and imparts tone to every organ of the body. Trial Bottles 10 Cents.

☞ The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore, when you take a cold, use "Bryan's Pulmonic Wafers, "and thus prevent the necessity for taking them in more dangerous complaints. To be obtained of all druggists and county dealers at 25 cents a box.

When doctors disagree who shall decide ? The people often decide by "throwing physic to the dogs," and trying Burdock Blood Bitters, and the result is always satisfactory. Burdock Blood Bitters is the Multum in Parvo of medical science, curing all diseases of the Blood, Liver and Kidneys. A trial bottle only costs 10 cents.

Persons who are very susceptible to sudden changes of weather would do well to keep a supply of GRAY'S SYRUP OF RED SPRUCE GUM in the house. This Syrup is a scientific preparation of the Gum which exudes from the Red Spruce Tree, and holds a large quantity of the Gum in perfect solution, never separating. Its remarkable power in relieving certain forms of Bronchitis, and curing obstinate, hacking Coughs, is now well known to the public at large. No remedy can equal it as a safe and thoroughly reliable Cough Medicine. Sold by all chemists. Price 25 and 50 cents per bottle.

Reader have you tried every known remedy for Chronic disease, Impure Blood, disordered Liver or Kidneys, Nervous and General Debility, Constipation of the Bowels, with the manifold sufferings pertaining thereto ? Have you given up in despair ? Try Burdock Blood Bitters ; it will not fail you. A Trial Bottle only cost 10 Cents, Regular size $1.00. Any dealer in medicine can supply you.

NEWCASTLE, ONT., March 11, 1880.
I have handled and sold Perry Davis' Pain-Killer for the past twenty-five years, and my customers who are in the habit of using it, speak in the highest terms of the curative properties and uniform preparation of the same. It has stood a severe test among the many dozen of similar preparations brought out in imitation of the old and genuine Perry Davis' Pain-Killer, and to-day stands amongst the first in my estimation of them all.
R. FOTHERGILL,
Pharmaceutical Chemist.
☞ See advertisement in another column

PROVIDENCE, R. I., Sept. 16, 1874.
DR. GILES:—I paid one hundred dollars to veterinary surgeon for medicine and tendance on a valuable saddle-horse, without any benefit. He was lame from a curb more than a year, and useless in consequence of it. No remedy I could find had any effect. I applied the Liniment Iodide Ammonia, and, to my great surprise, found that it removed both lump and lameness. Having driven him recently over a very rough road, sixty miles in two days — two of the hottest days this summer — without the least symptom of return of curb or lameness. As a precaution, I took a bottle of Liniment with me, but had no occasion to use it. In all cases where a Liniment can be applied, it gives me the greatest satisfaction. J. B. TALLMAN.
Sold by all druggists. Send for pamphlet
DR. GILES,
120 West Broadway, N. Y.
Trial size 25 cents.

POWER OF SPEAKING RESTORED.
NEWASH, ONTARIO, D.C., March 30, 1870.
JONAT GOTHERINGILL writes :—Some two months ago my son lost his voice. None of the physicians could do him any good. Two hours after taking the second dose of Fellows' Hypophosphites his power of speaking was perfectly restored.

FREE OF CHARGE.
All persons suffering from Coughs, Colds, Asthma, Bronchitis, Loss of Voice, or any affection of the Throat and Lungs, are requested to call at James Clark & Co Drug Store and get a Trial Bottle of Dr King's New Discovery for Consumption, free of charge, which will convince them of its wonderful merits and show what a regular dollar size bottle will do. Call early.

A CROWNING MERCY TO THE CORNED.
Unequalled by any remedy in the world—PUTNAM'S PAINLESS CORN EXTRACTOR, the new remedy for corns. Never fails to cure: never produces pain: never makes deep cavities in the flesh. A sure, prompt, and painless remedy for corns. Sold by druggists throughout the Dominion. Don't fail to try it.

AN OFFENSIVE BREATH
is abominable, and there is no excuse for it. SOZODONT will always eradicate this evil from whatever cause. But there are thousands who utterly neglect any care of their teeth, and suffer their breath to become tainted. They puff their gossip into the faces of their listeners regardless of the annoyance they inflict.
Keep a bottle of SPALDING'S GLUE, and apply to such gossip's lips.

DO NOT BE DECEIVED.
In these times of quack medicine advertisements everywhere, it is truly gratifying to find one remedy that is worth praise, and which really does as recommended. Electric Bitters we can vouch for being a true and reliable remedy and one that will does recommended. They invariably cure stomach and Liver Complaints, Diseases of the Kidneys and Urinary difficulties. We know whereof we speak, and can readily give them a trial. Sold at fifty cents a bottle, by James Clark & Co.

LIVER COMPLAINT AND INDIGESTION.
DEAR SIR;—My business has been that of an engraver and carver in wood. Owing to confinement in ill-ventilated rooms my health gradually declined, when I was unable any longer to prosecute my business. At this time I was suffering from great prostration of strength, extreme indigestion and disordered liver. My usual weight was 160 pounds, but I had become so much emaciated that I weighed but 109 pounds. In the early part of May last I commenced taking PERUVIAN SYRUP, and almost immediately felt its tonic and invigorating influence. In the course of four months I used four bottles. My weight this day is 149 pounds. I have neither liver complaint nor indigestion, and I consider myself in a perfect state of health and in good spirits. JAMES MORSE, No. 6 Pleasant St., Charlestown, Mass. Sold by all druggists.

BRONCHITIS.
From John Flagg, Esq., of Bennington, N. H.
"Three years since I was very much troubled with a dreadful cough, which resulted in Bronchitis, affecting me so severely as to render it difficult to speak in an audible voice. To this was added severe night sweats, and I was fearful of going into a decline. As a recourse to various remedies, to no purpose, I made use of Dr. Wistar's Balsam of Wild Cherry, a few bottles of which fully restored me to health. Since that time I have had several severe attacks of cough, but the Balsam has always removed them. I always keep it by me, and should not know how to do without it."
50 cents and $1 a bottle. Sold by all druggists.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct dye, and does not injure the skin. Lockyer's is equal to the most expensive. It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—AN EXTERNAL Means of CURING SKIN DISEASE." There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away. even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, while old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS. These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness, or the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by PEPPER, Bedford Laboratory, London, who has his name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjoined with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years and nothing but good is spoken of them everywhere. Any Chemist sells them. Boxes 1s. 1½d. and 2s. 9d. each. Made by PORRE, London.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and develops the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, and wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. ... doses, 4s. 6d. Sold by Chemists everywhere. The name of J. PEPPER ... There is no Quinine and Iron so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

DAILY ONTARIO

SATURDAY AUGUST 27, 1881.

THE divorced wife and daughter of Wetherell, lately murdered at Ottawa by a *charivari* party, write from Racine, Wis., giving the deceased a reputation by no means flattering. The wife tells how he misused her when she lived with him, and how much she has suffered at his hands. The daughter says she never knew what it was to have a father, and believes his death under the circumstances, was "a decree of Providence."

A BODY was taken out of the water at Toronto the other day in an advanced state of decomposition. In fact it was almost impossible to handle it owing to the putrid state in which it was. The *World* says it was the opinion of Dr. Riddel and the Esplanade constable that the body had been in the water some four or five years. This is a remarkable assertion, and one that must be open to question. We doubt very much whether a human body could be in the water that long without washing into the minutest particles. The flesh would entirely decay long before that length of time.

THIS by the "Irish editor" of the Toronto *Evening News* is pretty good, all things considered:—

It is not likely that a Conservative meeting in St. Lawrence Hall would be postponed if Mr. Blake had the toothache in West Toronto. But it is the silly season, and one cannot make omelettes without eggs.

The "Irish editor" was writing about the effect of Mr. Blake's speeches in P. E. Island upon the health of the Hon. J. C. Pope. He is usually a little wild, but this time he talks quite rationally, considering that it is the "silly season." We commend his sage observations to the *Mail*.

THE American Association for the advancement of Science, which has been in session at Cincinnati, recommends the Congress of the United States to take immediate action to secure by national laws the establishment of an international park at Niagara, upon such territory as falls within its jurisdiction. Mr. G. W. Holly, in speaking to the resolution, regretted that on the American side there was now not one inch of ground at the Falls from which the mighty cataract might be viewed without charge. He could not object to property holders doing with their own as they pleased, and yet some means ought to be taken to do away with the small barrier practised there.

ACCORDING to Dr. Grant the City of Winnipeg is exceptionally moral and orderly, when compared with the western cities generally in their infancy. The people, he says, are excited with land fever, railway fever, and steamboat fever, but they take even the excitement decorously. He accounts for this by the fact that the mass of the people are solid Canadians, "whose upbringing has been good and whose heads are generally level." The Dr. also asserts his belief that more University bred men are to be found in Winnipeg than in any other city of its size on the continent. "Never," he says, "did a new land start in the race with a more intelligent community and under more favorable conditions."

THE Methodists of Winnipeg as a society are realizing handsomely from the boom in real estate. They are actually embarrassed with their wealth. Nine or ten years ago the pastor, Rev. Dr. Young, received from the Hudson Bay Company the gift of an acre of ground, to be selected from their Reserve, as a site for the first Methodist Church. He selected his site so judiciously that it has now a frontage of 420 feet on Main-street. Last year the congregation converted their church into stores, and built at a trifling expense additional stores on their lot. These stores they rent for $3,500 a year, and, as land sells now, they could get $120,000 for their lot. Two years ago they bought another site on Notre Dame-street for $4,000 which is now worth $30,000. As they have not decided yet where to build, they worship in the drill shed—rather a comfortless place, doubtless, in the winter, but they feel that they are enduring hardships for a little while that they may build a grand metropolitan church worthy of the Chicago of the North-West, and build it without the customary ornament of a mortgage.

THE PRAIRIE PROVINCE.

Dr. Grant, of Queen's College, is again visiting Winnipeg and the North-West after an absence of nine years. When he traversed the country for the first time, and wrote his "From Ocean to Ocean," the dawn of civilization was beginning to penetrate the prairie wilderness of the "Great Lone Land." He found Fort Garry (now Winnipeg) a small rendezvous for fur traders, soldiers, half-breeds and Indians. A savage life was discernable on every hand. Hardy pioneers were beginning to push their way into the then unknown regions, but the settlements were few and far between. The means of travelling were of the most primitive nature, and in the prior to the Rocky Mountains the Doctor experienced much that was not very pleasant. Now, however, he is surprised, at the change that has taken place. Fort Garry has developed into a flourishing city of 12,000 inhabitants. Broad streets stretch away for miles, and stately edifices line them on either side. Churches, school houses, colleges, halls of justice and private mansions take the place where the Indian wigwam and half-breed hut stood nine years ago. An intelligent, pushing and prosperous people are rapidly encroaching upon the primeval wilds and converting the waste places into gardens and hives of industry. The land-marks, such as they were, from which he took observations during his first visit, cannot be found They have been removed to make room for the marts of civilization. The vast prairie regions are being rapidly settled, and even comfortable rural homes are to be found hundreds of miles from the frontier. Rivers have been spanned by substantial bridges and covered with steamboats and barges. The "iron horse" traverses the country, and travelling is for the most part speedy and comfortable. Dr. Grant is surprised, and expresses his opinions in well-written letters to the *Globe*, "Westward the march of empire takes its way."

GILMOUR'S NEW MILL.

Work has commenced on the foundation of the new mill with vigor. The Miller boys from Iroquois, have the contract for the stone and brick work and have a large gang of men at the foundation. The present westerly wind is quite favorable to their operations as it has lowered the water in the bay. They expect to have the foundation complete in six weeks. The mill is to be much larger than the old one, 172 feet by 85. There is to be a new smokestack with a 30 feet square flue rising 175 feet. The boilers will be all new, the old ones being used to increase the capacity of the plaining mill and the cedar mill. The whole operations indicate the new structure to be one of the finest in the Dominion. The cedar mill is now running night and day, the men change at each 12 o'clock.—"Courier"

"TYLERIZING" THE ADMINISTRATION.

Tyler was the first Vice-President who succeeded to the executive office, and the revolution he created in the administration and policy of the government gave the new word "tylerise" to the political slang of the times. Fillmore succeeded President Taylor and passed from the White House without performing, or even attempting, anything worthy of note. Johnson was the next Vice President that became chief of the executive. He succeeded Lincoln and strove to imitate the game played by Tyler. He failed, however, was impeached and finally stepped down and out as the worst of failures. Should Arthur succeed Garfield there is every likelihood that he will make an effort, probably with success, to tylerise the administration. It seems a moral impossibility that he could continue for any time to act with Blaine, James and McVeagh, who represent the influence that defeated the third term and relegated his friend Conkling to private life.—*Free Press.*

THE BOOM IN GRAIN.

Prices Farmers May Expect to Receive this Fall.

Mr. C. P. Hickox, of Hughes & Hickox, Whitehall-street, the big grain dealers of New York, was interviewed a few days since as to the high prices of grain. He said:—"We have had a break in both wheat and grain today, with a partial recovery, but not nearly so much excitement as last Saturday."

"What has been the causes of the excitement in the grain speculation?"

"Well, the weather in England has been wet for the past week, and that has excited their markets and ours too. Now, if the weather should become fine in England it would weaken their market and we should feel the effects also."

"Will the corner in August wheat go through successfully, or will it probably collapse?"

"Oh, I think the clique will come out victoriously and force the shorts to buy in the wheat they have sold."

"Do you regard the present decline as indicating a collapse of the bull speculation?"

"No; I regard it only as a natural reaction from an unreasonable speculation—that's all."

"Does this forcing up of prices not injure the consumer?"

"Oh, the consumers don't buy on the 'bulge' of prices; they wait till there is a liquidation and purchase on the decline. The bull speculation certainly gives the farmers higher prices for their products, and does that much good."

"But the excessive price of August wheat injures the consumer, does it not?"

"Oh, the consumers don't buy it now; they wait. Its the speculators who buy it."

"What is the speculative outlook now?"

"Well, the chances are that there will be a further decline in corn, and possibly also in wheat."

"Do you think the advance has been legitimate?"

"Yes, to a great extent. The advance in corn has been caused principally by the great drought, but, of course, as always, speculation forces prices beyond their legitimate changes. For all that, I think we have had a sufficiently healthy reaction, corn having dropped five cents from its highest prices on Friday, and wheat also four cents to five cents, and I do not look for a heavy break."

"How would the President's death affect the speculation?"

"I suppose evreything would be affected by it more or less, but I don't look for a great break even then."

MARINE.

—The "Bullock," light, from Fair Haven, arrived last night.

—The "Ontario" cleared to-day with brick for Kingston. The "Suffel" also cleared this afternoon.

—The "George Suffel" is loading at the Eagle Mill. The "Thompson Kingsford" arrived this morning and is at the same place.

WOMAN'S TRUE FRIEND.

A friend in need is a friend indeed. This none can deny, especially when assistance is rendered when one is sorely afflicted with disease, more particularly those complaints and weaknesses so common to our female population. Every woman should know that Electric Bitters are woman's true friend, and will positively restore her to health, even when all other remedies fail. A single trial always proves our assertion. They are pleasant to the taste and only costs fifty cents a bottle. Sold by Jas. Clarke & Co.

LACROSSE.

Cobourg vs. Okas.

The first meeting of these clubs took place yesterday afternoon on the cricket ground here, and resulted in a draw game. There was a large gathering of spectators, many of whom were ladies. A great deal of interest was taken in the contest, and each good play brought forth demonstrations of approval. The Okas were, however, overweighted, as their adversaries were a larger and more substantial looking set of players than they. The majority of the Cobourg team were attired in neat white [illegible], whilst the Okas did not make any effo[illegible] at similarity in dress.

Before starting it was decided that in case the contest was not terminated at 5:30 the game should be drawn and this proviso was adhered to. Shortly after three o'clock the battle began. After the ball had been sent spinning over the field in a great many directions, it became apparent that the visitors were rather too heavy for the home team, as the contest was kept up in unwelcome proximity to the Okas goal, at very great frequency. Now the battle would rage near the flags, and the ball would be sent out on the field towards the opposite station. The players engaged in the strife with all the ardor and enthusiasm of youth, and apparently (at times) unmindful of the cuts and bruises incidental to such contests. Bruised knees, swelled heads, and cut noses showed up with frequency, but still the ardor of the players was undimmed. After a struggle of 58 minutes, the first game was won by Cobourg. A brief rest ensued, and at the close of 15 minutes the ball was sent between the flags of the visitors goal. Another short period of rest passed, and in less than a minute Cobourg won another game. The ball was set rolling once more, and hostilities begun and continued until half past five, when the game was declared drawn. The members of each club met in one of the parlors of the Queen's in the evening, and passed a few hours together very pleasantly. The Cobourg team went home this morning.

"EAST LYNNE" AT THE ROYAL.

(*Toronto Globe 25th. inst.*)

The play of "East Lynne" is certainly one of the most pathetic and emotional that is embraced in the modern drama. It should, therefore, and generally does, attract a full house. From some cause, however, the appearance at the Royal Opera House last evening of the popular actress Miss Ada Gray in the dual role of *Lady Isabel* and *Madame Vine* was not witnessed by as large an audience as the high reputation of the actress decidedly merited. The audience was, however, what may be styled a select and enthusiastic one. Miss Gray may therefore congratulate herself upon having received as warm a welcome as any actress has received in this city. "East Lynne" as a play, is already too well known to Toronto theatre-goers to need any further interpretation than to say that it affords throughout scope for the display of the very best of talent. Miss Gray's eminent talent as an emotional actress is, perhaps, best seen in the *role* of *Madame Vine*, but her conception of the character of *Lady Isabel* is marked throughout by an apt comprehension of the part which would convince any audience of her fitness for it. In the opening phases of the play, where, as the young wife and mother, she believes her unhappy suspicion of her husband's fidelity to be well-founded, and in a fit of passionate resentment allows herself to be dragged to a life of infamy and shame by the insidious scoundrel who has encouraged her suspicions, she gives to every motion a most wonderful expression. In the following act, where she discovers the true character of the tempter the mingled scorn, anger, and self-abasement was pictured with an intensity of expression that held the audience spell-bound until the fall of the curtain. In the fourth act the deathbed scene of little *Willie*, where the heartbroken mother betrays her identity, gave occasion for a display of emotion and passion by which it was almost impossible not to be moved. At the close of this act the audience showed its appreciation of her talent by twice calling her before the curtain. The support was excellent throughout. The rendition of the *role of Sir Francis Levison* by the Australian author and actor, Mr. George Darrell, who made his first appearance in this country, gave a convincing proof of his great talent. The character of the cool and insidious scoundrel, working upon the jealous suspicions of the unhappy wife and mother in order to further his infamous ends, was so well portrayed that although the villian of a play rarely meets with the sympathy of the audience, there could not be the least doubt from the warmth of the reception tendered Mr. Darrell last evening of the favorable impression he created. As *Archibald Carlyle* Mr. J. B. Browne gave an excellent rendering of the character, although hardly throwing enough expression into the emotional parts. Mr. John R. Severn, as *Lord Mount Severn*, exhibited a slight degree of stiffness which lessened in some degree the success of his part. The *role* of *Dill*, the old and privileged servant, was ably taken by Mr. Wood Benson, as was also that of *Miss Corney* by Mrs. S. A. Baker. Lastly Master Tommy Russell in the dual characters of little *Wille* and little *Isabel*, gave a remarkable exhibition of clever acting, the death bed scene in the fourth act being so touchingly realistic as to deeply affect the majority of the audience.

The play was well mounted, several of the scenes being new.

MOTHERS! MOTHERS! MOTHERS

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

MATRIMONIAL MORALS.

A New York Man Sells His Wife for a Dollar—Both Parties Suing for a Divorce.

A. Lanten, jeweller, of New York, about a year ago hired Ferdinando Jansen, a builder of Mount Vernon, to put up a house for him. Mr. Jansen was soon captured by the charms of Mrs. Lanten, a lady weighing 250 pounds. Frequent meetings on their part, and anonymous letters to the husband, resulted. An elopement took place, followed by the return of the erring but apparently repentant wife to her husband. They kissed and were made friends. Next morning, however, Jansen reappeared upon the scene and had a discussion with Lanten, who made some bitter remarks about his wife's conduct. She heard them and immediately went to her room. She soon returned with pen, ink, and paper, and said to her husband: "Now, I want to see whether you are man enough to state on paper that you will sell me to Jansen for one dollar." Mr. Lanten playfully expressed his readiness to do so, and Jansen gave him the money. Mrs. Lanten said she was willing to be sold for the dollar, and Jansen expressed his willingness to buy her for that sum, and a regular bill of sale of the wife was made to Jansen. A statement was also appended and signed by Mrs. Lanten to the effect that she consented to be sold for $1, and renounced all claim on her husband. On Friday last Mrs. Lanten removed from her house a load of furniture, pictures and jewels which her husband had previously given her. At the same time Jansen removed a load of furniture from his house in West Mount Vernon, and the two loads were driven together to Lexington avenue and 102nd street, New York, where Jansen and his dollar companion have taken up their abode. Mrs. Lanten, as she left her Mount Vernon home, is said to have shed some tears. Mr. Lanten has begun a suit in the supreme court for an absolute divorce from his wife. On the other hand, Mrs. Caroline Jansen has begun a suit for divorce from her husband. While Jansen was absent from his home with Mrs. Lanten, his wife sold for $1,200 the building which she and her husband had occupied, of which she was the owner.

Peter Rieffer, Buffalo, says:—"I was badly bitten by a horse a few days ago and was induced by a friend who witnessed the occurrence to try Dr. Thomas' Eclectric Oil. It relieved the pain almost immediately and in four days the wound was completely healed. Nothing can be better for fresh wounds."

T. DEIWITT TALMAGE

is illustrating this imaginary Art Gallery hit the truth; but we, in our Art Gallery, hit the bright side of the truth, getting the Easy, Natural Position and Expression of our sitters. Our instantaneous process does it.— BROCK & CO.

5 YEARS—ESTABLISHED—5 YEARS!

We do most earnestly invite any person wanting photos, or frames at first, our every day work, and second, our Operating Rooms, Appliances and Conveniences. You will understand why our work pleases.—Brock & Co.

New Fall Goods.

WE are now receiving a large proportion of our early FALL PURCHASES in such as PRINTS, DRESS MATERIALS, EMBROIDERIES, FRINGES, FRILLINGS, LACES, &c, &c. These goods are low in price, and comprise the newest styles.

We are also opening up an assortment of SCOTCH TWEEDS and WEST of ENGLAND CLOTHS of newest patterns in suiting lengths.

Carpets.

We have secur d five bales—47 pieces—more of the same qualities of TAPESTRY CARPETS that we have been selling at 65c. and 75c per yard. The value of these carpets is now well known that we need not say anything about them. They cannot be equalled in the city under 90c to 95c per yard.

DAILY ONTARIO.

SATURDAY AUGUST 27, 1881.

Business Notices.

The public will have them—the pens of the Esterbrook Steel Pen Co's make, and all stationers are ready to supply them.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carman's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50 cents. R. Templeton, special agent.

☞ Wait's Homeopathic Remedies at Geen's drug store. See adv't. ☜ Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I never sell more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

THE *St.—Fuller's Crown patent* is the best flour in Canada. Sold in small quantities by A. Knox, Wm. Dickens, W. Bain, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 2 ounce bottles, 50 cents, at R. Templeton's Drug Store.

Insure your Life in the

ONTARIO MUTUAL

LIFE ASSURANCE COMPANY,

OF WATERLOO, - - - - ONTARIO.

Government Deposit.....$ 56,186 79
Hall Reserve (Gov. Standard).....$148 349 68
Surplus over all Liability.....$ 39,574 93

The Ontario Mutual has a reserve in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company!!

Deaths in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to each income, is smaller than any other Canadian Company!!

Exorbitant salaries and "bonuses" incident to companies located in large cities, and indulged in at the expense of the policy holders, have never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada!!

EXAMPLE

Policy No. 675 was issued in 1870 for $1,000; age 27, annual premium $19.44, premiums paid during the last 11 years, $155.30; but annual policyholder wish to with-draw from the Company, he could get $65.66 in cash, leaving the actual average cost $6.24 per annum, during the ages from 27 to 38, and subject to a still further reduction annually.

The above results show the advantages of insuring in this Company.

S. BURROWS General agent for this district, and F. M. CLARKE local agent. Their office is in the Ashley Block, Front Street, Belleville.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption Brown's BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere.

LOCAL AND GENERAL.

COLBORNE will have a civic holiday on the 2nd. Sept.

No arrivals of ore are expected before Tuesday next.

NAPANEE will celebrate Monday next as a civic holiday.

Two drunks and a tramp were sheltered in the cells last night.

THE Idyl Wild excursionists returned to the city at 11:15 last night.

THE most audible "hum" just now is created by the threshing machines.

THE *Sherwood* and *Bonar* each took a few down the bay yesterday afternoon.

SEVEN men, five women and a baby are now in confinement in the County Gaol.

MR. SUTHERLAND, of the *Sentinel Star*, of Cobourg, was among the visitors yesterday.

THE water in the Bay of Quinte is lower than last year at this time, and seems to be falling.

THERE was no issue of the Stirling *News-Argus* this week. Sickness among the employees was the cause.

THE continued dry weather is hard on the shade trees put out this spring. If not watered properly they will die.

AT the recent examinations Port Hope passed 72 per cent. of the applicants from its High School, and Campbellford 66 per cent.

THE people of Kingston, Napanee, Picton, Trenton and other villages will come to Belleville on the 10th. prox. to see the big show.

THE removal of the siding at Downey & Co's Elevator keeps a small force of picks and shovels at work. The job will be completed to-day.

THE wife of Mr. George Keyes, formerly editor of the Colborne *Express*, was taken ill and died rather suddenly on Sabbath afternoon last.

MESSRS. GEO. MCMULLEN, of Picton, and S. J. Ritchie of Akron, Ohio, were in the city to-day. There are the owners of the P. E. Co. Railway.

THE work of repairing Bleecker's dam which was injured during the spring freshet was begun on Monday last and satisfactory progress is being made with it.

ONE of the surveying parties on the Front Valley Canal has reached Peterboro' on its way west, and reports that up to the present no difficulties whatever have been met with.

MR. J. A. BROCK, lately engaged in the photograph business here, is now located in the rising town of Brandon, N. W. Territory. Mr. Brock and family leave Trenton next Monday to join him.

REMEMBER the City Mission Service tomorrow at 3 o'clock (D. V.) in Mr. Rath bun's waiting room; should the day be very warm, on the Ferry Boat. City Mission Sabbath School after the close of the public service.

THE Midland Land Company will offer a number of lots for sale by public auction on Wednesday next at Midland. Intending purchasers can avail themselves of cheap railroad rates to that point by applying to Wm. Sutherland, jr.

THOMAS ABRAMS wishes it stated that he was not present at the row on Thursday night when Rath was cut. He says he was passing along the street at the time, and the noise at racted his attention. He went to learn its cause, and found Rath, whom he took home.

DR. HINGSTON, the well known physician of Montreal, has been invited to consult with and advise the medical men having charge of President Garfield's case, but he refuses to have anything to do with it at this late stage. He shows his usual good sense in the action he has taken.

ALL the logs, timber and cedar which come down the river have been removed, and the harbor is once more clear. The total number of pieces boomed here this year was 226 033; in 1880 the tot.l was 232,434. The work of separating last year occupied 49 days; this year 73 days were consumed in the work.

WE are informed that the oldest son of Henry Alison, Esq., of Adolphustown, was drowned while bathing in the Bay on Wednesday afternoon. The lad was about ten years of age. The deepest sympthy is expressed for the bereaved parents, as the boy was unusually active and intelligent, and a general favorite.

IN the Police Court to-day, Charles Pringle, and John Bonner answered to the charge of drunkenness, and were discharged. William Carter was charged by Inspector Lally with selling liquor in the township of Thurlow with out a license. 3 witnesses were summoned, none of whom appeared, and warrants were issued for their arrest. The case was enlarged for a week.

THERE was an excursion from Kingston to the Lake on the Mountain Thursday. Just before starting on the return trip a serious accident occurred at the Mountain. Three little girls, running down the steep path, were unable to check themselves and tumbled over a steep place. One had an arm broken, a second was severely injured about the head, and the third was caught by Master Shannon and saved.

MR. J. CROTHERS' book keeper disappeared last evening after having been employed for a week. He came to Mr. C. well recommended and was a good penman and accountant. He gave the name of Frederick Slee, and came from Napanee to this city. He left the store last evening about nine o'clock, having previously appropriated $18 which had been handed him by one of Mr. C's peddlers and the contents of the till. Mr. Crothers was absent from the city yesterday and returned this morning to discover his loss.

JUST received at Hennessy's twenty cases of new fall and winter dry goods, consisting of Scotch, Irish and Canadian Tweeds (the largest stock in Ontario to choose from.) Grey Scarlet and white Flannels, Canton Flannels, Prints, Dress goods, Grey and White Cottons, Oilcloths, Velveteens, Fringes, Silks, Satins, Trimmings &c. The cheapest dry goods and clothing house in Belleville.

HON M. BOWELL was in the city to-day.

THERE was a very good market to-day

THIRTY six cars of stock and fourteen of beef passed east to-day.

SOME repairs are being made to Front Street near Wharf Street.

COOL AND MRS. BURGESS left here at noon to-day for Kingston.

On Monday and Tuesday next Hodgson and Sons will ship 2500 boxes of cheese.

WANTED, a Carriage Blacksmith. Must be a steady man. Good wages and steady employment. John Finnegan.

THE "faithful" are subscribing liberally for a very good lithograph portrait of Sir John A. Macdonald, now being canvassed.

NAPANEE papers can beat all creation on "personals." The *Beaver* of this week has a column of small type. It is quite too utter.

A car of machinery—making the fifth—was received here to-day for the Campbellford Woollen Mills. It came from New Hampshire.

MR. J. O. HADGETT, of the 4th. Concession of Thurlow, has left at our office some very good specimens of the "green gage" plum, of which fruit he has a good yield.

THE Sunday School of St. George's and Christ Churches will have an excursion to Campbellford on the 7th. Particulars will be announced in a future issue.

A young man named McGuire, employed in Mr G. S. Tickell's store, had his left wrist sprained by being caught in the ropes used for the hoist, this morning.

MRS. J. C. Y. CONNELL caught a maskalonge at Davey's Island yesterday which weighed twenty two pounds. As a disciple of Izaak Walton this lady is an enthusiast and is an expert fisherwoman.

THE arrivals of grain by waggon were to-day the largest of the season. The greater number of the loads brought was fall wheat, which brought $1.15. Good samples of barley obtained 65c. to 70c.

Two cars of Clydesdale stock passed west this afternoon. One car containing four stallions and one mare went to Illinois; the other with three stallions was destined for Ohio. All the animals were very large.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

WEATHER BULLETIN.

TORONTO, August 27.

Light to moderate winds, fair weather with light showers in some localities.

DASHES.

—About thirty more recruits are required for the North-West Mounted Police this year.

—"The Statute of Afflictions" is the title given to the Judicature Act by members of the bar.

—The Syracuse cricketers have returned to the Saline City perfectly satisfied that the Canadians know how to handle the willow.

—Kingston hackmen tried to fleece a member of the Syracuse Cricket Club, but did not succeed. Some of them are a nuisance.

—The sheriff has issued an order prohibiting any person from seeing Vankoughnet with the exception of his spiritual adviser.

—Detective Macaulay has been enquiring into the attempt to wreck trains on the Grand Trunk at Kingston, but has found no clue yet.

—A "sun fish" was caught in New York Bay recently that weighed 1,021 pounds. It was 8 ft. 6 in. in length, and measured 9 feet from fin to fin.

—Five men are now committed for murder in Canada—four at Ottawa and one at Kingston—and another is in prison under charge of murder at Quebec.

—The very polite manner in which Capt. Potts answers the saints of the Steam Threshers along the Bay shore is an act of courtesy which is very gratifying to the engineers.

—There will be a fair crop of hops this season throughout the township of Ameliasburgh, and it is the intention of most of the growers to commence picking them next week.

—The corner's jury wanted to hang Constable Cole, who shot the guide Parker through his lung while attempting escape. They were surprised to hear that they could not sentence.

—The Durham Field Battery, of Port Hope, will not go into camp at Picton, a special order having been issued at the request of the officers for the annual drill to take place at home.

—Mr. H. Wellbanks, of Ameliasburgh, has, in three crops, raised thirty-five bushels of the French wheat from three heads which he purchased at the Toronto exhibition three years ago.

—E. L. Burton, of Guelph, who has served his full term of seven years in the penitentiary for arson, was discharged on Saturday last. He mentions two convicts Sturdy and Pierce—who deserve their freedom.

—Mr. Powers, of Hallowell, had two horses badly lacerated and cut by coming in contact with barbed wire fencing. One of the horses was so badly injured that the services of a veterinary surgeon had to be employed.

—Prof. Henrique de Mirandi, of Bernambuco, Brazil, has been visiting Kingston, and was interviewed. He thinks the people of the United States the proudest he has yet met, and he has travelled all over the world.

—Mr. Daniel McCarten, formerly a resident of Sophiasburgh, but now of the County of Lennox, has a field of 12 acres of barley this year which yielded 600 bushels, or nearly 41 bushels to the acre. Good farming pays.

—Coal has been found on the farm of Mr. Hazelton Hicks, South Marysburgh, but the extent and value of the "find" will not be known until capitalists make further researches. The sample shown is known as a bituminous specimen.

—On the arrival of the excursion train at Consecon station, last Tuesday, a Mrs. Branscombe, of Bloomfield, in attempting to get off the train fell and cut her head severely. The wound was promptly dressed by Dr. Thornton, and the patient is progressing favorably.

—The Mayors of 22 Canadian cities and towns, together with the Lieut. Governor of Quebec, Hons. J. C. Aikins, Mackenzie Bowell, O. Mowat, M. B. Pardee and S. C. Wood, have accepted invitations to be present at the opening of the Toronto Exhibition on the 7th prox.

NEWS ITEMS.

—A woman gathering chips on the Intercolonial wharf at York Point on Thursday, fell through and was drowned; a 10-years-old child is believed to have perished with her.

—The youngest qualified second-class teacher in the province is Chas B. Carveth of Port Hope, aged thirteen years. The precocious young chap is also blessed with splendid looking whiskers.

—On Tuesday a twelve-acre field of wheat belonging to Mr. F. S. Gifford, two miles east of Cobourg, was set on fire by sparks from a G. T. R. locomotive. The grain was cut and in shocks ready to come in.

—I. Breezy threshed on the farm of Mr. Weaver, Breslau, 126 bushels of wheat in 50 minutes; on the farm of Mr. David Ellis 615 bushels in 7 hours; and on the farm of Mr. James Taylor 670 bushels in 7 hours.

—Gershom Wing, Esq., one of the oldest inhabitants of the township of South Crosby, dropped dead on Thursday in his field. Deceased was very much respected, and his sudden death is much regretted. He was the father-in-law of J. P. Earl, Esq., the present Reeve of the township.

—The Ontario Gazette, of the 6th inst., has the following: "The public lands of the townships of Woolaston, Limerick and Cashel, in the county of Hastings, and in the townships of North and South Canonto, in the county of Frontenac, are open for location under the provisions of 'The Free Grants and Homesteads Act,' and the regulations made thereunder on the twenty-seventh of May, 1869."

—An East Williams farmer dug a well eighty feet deep without finding water. He then bored a hole with a very wide well-augur, and in the operations the augur broke off close to the top or blades. A man named Ned Gallaher volunteered to be lowered by the feet down into the hole, into which of course he went head first. Ned succeeded in getting a chain around the augur, and both he and the iron were drawn out. He says that was the tightest box ever he was in.

Telegraphic Despatches.

THE WOUNDED PRESIDENT.

RESTED WELL LAST NIGHT—NO NEW UNFAVORABLE SYMPTOMS.

WASHINGTON, Aug. 27.—1:30 a. m.—The President has rested quietly, and slept much of the time since 11 a. m. No new unfavorable symptoms have developed to indicate any material change since the issuance of the evening bulletin.

WASHINGTON, Aug. 27.—Blaine sent the following to Lowell: "The President had a bad night, and his symptoms at this hour (9 o'clock) are of the most alarming character."

NOTES AND EVENTS.

NEW YORK, Aug. 27.—Washington specials to the *Sun* say a great deal of effort was made all day yesterday to keep the President awake. They feared to have him sleep, and even pr ferred some excitement and some exhaustion from conversation. They dreaded the approach of a stupor. Once Thursday night, or early yesterday, they were utterly unable to awaken him, and for a while there were the gravest fears that he never would come out of the stupor. The President himself said yesterday he feared his case was fatal, and he had feared it from the start.

It is understood the physicians expect the President will die, if he is to die, on or before Sunday. They have some hope if they can pull him through to Sunday night the tide will turn.

The Cabinet Thursday night consulted on the propriety of summoning Arthur to Washington. The surgeons were called in. Alarming as their statement was, the Cabinet decided not to subject Arthur to the criticism that he had come to Washington to wait for a dead man's shoes. Another meeting was held last night, but in view of reported improvement of the President no further action was taken on this subject.

The *Herald* says when Boynton told Mr. Garfield the President's case was critical, she said:—"And must this sacrifice be demanded of me? God's will be done."

The Drs. told the Cabinet there was no hope, because they found on dressing the wound the night of Thursday, there were no longer secretions of healthy pus, and there flowed from the wound a watery matter, putrid and unhealthy. It was an unmistakable warning.

Stimulating stimulants are probably resorted to simply for the purpose of prolonging life, and not with a view of permanent effect.

Private surgeon Brown said his greatest anxiety was as to the Saturday crisis. If the President successfully passes to-day he will have hope of the patient's recovery. Should there, however, be a recurrence of usual weekly relapse, he w'll regard it as fatal.

Boynton said last night, the President is in a comatose state and can pass away quietly without pain. It will be difficult to know when life ends and death begins, so gradu' will be the transition.

Mrs. Edson states that President yesterday made some childlike remarks. Only at intervals does the President become rational. When he does he seems conscious of his weakness, and vainly tries to speak. The doctors cannot decide whether or not he appreciates the gravity of his position. The pulse flies up and down, reaching on one occasion as high as 140. When it gets 50 beats higher it will be impossible for even a delicate touch to count it. The President last evening inquired after his children, but before the question was fully answered fell asleep. Anxiety in Washington is intense.

The *Times* says Bliss claims the President fully realizes his position.

The *Tribune* says the doctors stated yesterday a drop of the President's blood taken from a wound in the chest was microscopically examined, and to their surprise found perfectly pure.

Mrs. Edson denies the report that Mrs. Garfield is again about to become a mother.

Blaine said last evening: the President lies there upon his back, with the pulse driving at the rate of 112 to 130 beats a minute. What man, even with a whole body, could endure that! Why, if your pulse beat that way even for 24 hours, you would be unable lift your head to work next day, and this is the eighth week the President has endured it.

The *World* says the cause of the bursting of the swelling can be attributed only to a mistaken diagnosis by Hamilton, when the incision was made. Had the seat of the trouble been reached the discharges would have been efficient yesterday to enable the physicians to control the case.

MORNING.

News from the Artic Seas.

PETREPAULO, Oki, July 24.—The U. S. Artic search steamer "Rodgers" arrived on the 10th inst., after a stormy passage. All on board well. The vessel showed fine sailing qualities. The commander of the Russian Steam Corvette "Sterlock" received orders from his Government to aid the "Rodgers" as much as possible; also to enter Behring Straits and the Artic seas in the summer, and search for the "Jeannette". The Sterlock will meet the "Rodgers" at Serdze-Kaman, and the commander will send a despatch to the United States from the nearest telegraph station in Asia, the latter part of September. The "Rodgers" secured forty seven fine dogs and probably sufficient fur clothing for the entire cruise. The "Rodgers" sails to-day, viz St. Michael's, Plover Bay and St. Lawrence Island, for Serdze-Kaman, Herald Island and Wrangell Land, where they expect to arrive toward the last of August.

Love's Young Dream.

PHILADELPHIA, Aug. 27.—Winfield Hansborg, twice a widower, sues a young lady here for breach of promise.

Wife Murderer Hanged.

EDGEFIELD, Aug. 27.—John Murdy (colored) wife-murderer, was hanged here yesterday. He declared on the gallows that he shot his wife accidentally, and said he was going at once to Jesus and everlasting glory. He died bravely. There were thousands of spectators.

A Sensational Rumor.

NEW YORK, Aug. 27.—The *World's* Philadelphia special says Corkhill, District Attorney for District of Columbia, who has been taking a vacation at Cape May, left yesterday for Washington. Reported Corkhill said he had been informed of the existence of a secret organiza ion in Washington whose purpose is, in the event of Garfield's death, to break the jail and kill Guiteau. Their desire is to hang Guiteau by a slow process, and in the meantime each member of the organization will be allowed to put a bullet into Guiteau's body, taking care not to strike a vital point until the last possible moment. Corkhill says he has good reasons to believe the guards of the jail, who are U. S. soldiers, know of the organization, and are in sympathy with it. It is further reported Corkhill said there had been the utmost difficulty for the Warden of the jail to prevent the guards from finding an excuse for killing Guiteau. This, it is now alleged, in a measure explains the encounter recently between a guard Guiteau in the latter's cell. Guiteau knows the guard wants to kill him, and has suffered great mental anguish since the first relapse of the Pres't. He is so nervous he gets little or no sleep. Corkhill says while he believes no torture too great can be visited on Guiteau, he must see the law obeyed, which protects Guiteau and secures for him a fair trial. All that will be necessary to secure the jail from interference by a mob will be a battery of artillery. There are now three batteries of artillery at the arsenal in Washington.

AFTERNOON.

Drowned Himself.

PITTSTON, Pa., John Sheridan, a watchman on Pennsylvania Coal Co's Car Shops, drowned himself last night in a barrel of water. Cause, poor health.

Secret Conference.

ZURICH, Aug. 27.—Stated the chiefs of principal Socialist societies on the continent have just held a secret conference in a ruined castle in the Canton of Aragon.

Fatal Accident.

NEW YORK, Aug. 27.—A gang of men this morning hoisted electric lamps to the top of a 160 foot pole in Union Square. The gear broke, the lamps and their carriage, a mass of iron weighing 1,500 pounds, fell upon the platform, 25 feet from the ground. Several men stood upon it. Two men were fatally and three seriously injured. Robt. Sheehy, superintendent of the Brush electric light company, was slightly hurt.

Fatal Poisoning.

KAUFMANN, Texas, Aug. 27.—The widow Smith and 9 others were probably fatally poisoned by eating cooked peaches, containing arsenic.

Fatally Shot.

GALVESTON, Aug. 27.—Mrs. Sherman, boarding-house keeper, was fatally shot by John Nugent, because she refused to go up stairs. Nugent then fatally shot himself.

BIRTH

MOORMAN.—On Thursday the 18th inst., the wife of James Moorman, Esq., of a daughter.

THOMSON.—In Belleville, on the 27th inst., Mrs. William Thomson, mother of Robt. Thomson, Manager of the Canadian Bank of Commerce, aged 82 yrs.

Funeral will take place on Monday, the 29th inst., at 3 p.m., from the family residence, John Street, to the cemetery.

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hand of every youth and every man in the land.

THE GREAT FEMALE REMEDY

JOB MOSES' PILLS

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson' Man Boulter, Stirling W C Barke, Trenton and all medicine dealers

Important to Farmers.

WE take pleasure in calling the attention of farmers in general, to Burke & McTaggart's patent Barley Dresser, for cleaning grain. It is the best machine known. We speak from experience, having cleaned over four thousand bushels through one, making it weigh two pounds per bushel more, and vastly improving its color, making it worth more in a foreign market. Farmers will do well to buy it for we can give more far clean grain.

W. F. BAKER & Co.,
Trenton.
Belleville, July 7th, '81. w2m

ELECTRICITY! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, 'Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."—Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.—H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil. I am nearly out, nothing equals it."—J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."—J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

A PLEA FOR THE LASH.

PROCEEDINGS OF THE LIME-KILN CLUB.

The following open letter was then read:

LAFAYETTE, Ind., Aug. 3, '81.

BRO. GARDNER,—Did you, some seven or eight weeks since, advocate the establishment of the whipping post for petty offences? Please give me a direct answer, in order to decide a wager.—Very truly,

SOLOMON WHITE.

"I did," said the old man as he arose, "an' I do now, an' I shell in de fuchur, onless de need of it passes away. In de fust place, does it degrade a man any mo' to warm him up wid a raw-hide dan it does to put him in jail or set him to poundin' stone on de street? In the nex' place, kin a mean man be degraded? In de las' place, we am all awar' dat not one petty offence in five am punished, bekase de law doan' tech it, or bekase it's too much expense and trouble to prosecute. Sartin pussons make a business of loafin'. How many of 'em kin you convict of vagrancy? Sartin pussons insult lone women on de street. How many of 'em have eber been jailed? Dar am a dozen oder 'fences dat de law doan' tackle, or if it does de 'fenders git cl'ar. What punishment am it to a loafer to go to jail for a month. He gits plenty to eat an' a good bed to sleep on, an' gains five pounds of fat. If dat same man was tied up an' thirty lashes laid agin his bar' back he'd open his eyes pow'rful wide. Go on de ribber—go on de kyras—walk on de streets, an' you fin' de loafer. He pushes, an' crowds, an' abuses, an' insults. What kin you do wid him? Make complaint an' de law will play wid him an' let him go. Let an officer give him a soun' floggin' an' his hat would come down off his car in no time. De whippin'-post may be barbarous, but what do ye call it when a loafer follers your wife frew de streets? It may be degradin', but what do ye call it when three drunken loafers take possesshun of a 'schurshun boat and knock men down an' frighten women half to death. Take a tramp, a loafer, a drunkard or a petty thief, tie him to a whippin'-post an' play a raw-hide on his back fur five minutes an' you hev done mo' to make dat man respect de power of de law an' de rights of odder men dan any workhouse sentence could do."

SHE TOOK HIM AT HIS WORD

HOW A FAITHFUL WIFE TRIED TO RELIEVE HER HUSBAND'S PAIN.

Wriggles had some teeth pulled lately, and took cold in his jaw, which swelled until it looked like a prize watermelon. He poulticed it and bandaged it, all to no purpose, and walked the floor several nights with it, quoting choice extracts from Bob Ingersoll's lectures, but all to no purpose; it kept on swelling. The other morning he remarked to his wife that he'd give fifty dollars to any one that would hit him a tremendous thump on it suddenly without expecting it, to see if it wouldn't burst the swelling. The dear woman, smiling to herself, went and gathered a bootjack, and stepping up quietly behind the old man as he was trying to strain some coffee through his teeth, lovingly inquired: "Where does it pain you most, Wrig?" "Oh, Lord! right here, right here," replied he, as he turned his jaw up and pointed to the apex of the protuberance. Taking a step back the dear woman raised the bootjack and hit him a regular bungstarter right in the centre of the calamity, and smilingly stepped back to await results. The old man's knees flew to his chin as he shut up like a rat trap, and with a hollow groan he rolled off the chair on to floor. But he was up in a moment, and as he danced the can-can with original variations, his wife smilingly asked: "Did it relieve you, my dear?" And as he tried to howl out an answer; old Mrs. Pry, who had just dropped in, beat a hasty retreat. And now the whole neighborhood has it that Wriggles has got' em again. And as Mrs Pry remarked, "That're will be the death o some o'these old bald heads yet, settin' up to watch it."

KNOW THYSELF.

You cannot find a more companionable person than yourself, if proper attention be paid to the individual. Yourself will go with you wherever you like, and come away when you please, approve your jokes, assent to your propositions, and in short, be in every way agreeable. This, however, is not so easy as some imagine, who do not often try the experiment. Yourself, when it catches you in company with no other person, is apt to be a severe critic on your faults or foibles, and when you are censured by yourself, it is generally the severest and most intolerable species of reproof. It is on this account that you are afraid of yourself, and seek any associates, no matter how inferior, whose bold chat keeps you from playing the censor. Yourself is like a jealous friend. If neglected and slighted, it becomes a bore, and to be left even a short time "by yourself" is then regarded as actually a cruel penance, as many find when youth, health, or wealth have departed. How important it is to "know thyself," to love thyself warmly but rationally. A sensible self is the best of guides, for few commit errors but in disregard of its admonitions. It tugs continually at the skirts of men to draw them from their cherished vices. It holds up its shadowy finger in warning when you go astray, and sermonizes sharply on your sins after they have been committed. Our nature is twofold, and its noblest part is the self to which we refer. It stands on the alert to check the excess of the animal impulses, and though it becomes weaker in the fulfilment of its task by repeated disappointments, it is rarely so enfeebled as to be unable to rise up occasionally, sheeted and pale, like Richard's victims, to overwhelm the offender with bitter reproaches. Study, therefore, to be on good terms with yourself.

DOUBTLESS there are degrees of delight in heaven. May not those be most happy there, whose earthly lot has been one of destitution and deprivation, among uncongenial and distasteful surroundings; baptized with waters of sorrow? These are they which came out of great tribulation. They shall hunger no more, neither thirst any more, and God shall wipe away all tears from their eyes.

IT was out of the cloud that the deluge came, yet it is upon it that the bow is set! The cloud is a thing of darkness, yet God chooses it for the place where he bends the arch of light! Such is the way of our God. He knows that we need the cloud, and that a bright sky without a speck or shadow would not suit us in our passage to the kingdom. Therefore, he draws the cloud above us, not once in a lifetime, but many times. But lest the gloom should appal us he braids the cloud with sunshine, nay, makes it the object which gleams to our eye with the very fairest and beautiful hues of heaven.

BAD WORK.

"I drink to make me work," said a young man. To which an old man replied: "That's right; thee drink and it will make thee work! Hearken to me a moment, and I will tell thee something that will do thee good. I was once a prosperous farmer. I had a good, loving wife and two fine lads as ever the sun shone on. We had a comfortable home, and lived happily together. But we used to drink ale to make us work. Those two lads I have laid in drunkards' graves. My wife died broken-hearted, and she now lies by her two sons. I am seventy-two years of age. Had it not been for drink, I might now have been an independent gentleman; but I used to drink to make me work, and mark, it makes me work now. At seventy years of age I am obliged to work for my daily bread. Drink! Drink! and it will make thee work."

ENJOY HEALTH.

The "Mandrake Bitters," world known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a consitution may be gradually built up, until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

NORTHERN TEXAS offers greater attractions in way of good, cheap lands, healthy country, mild climate abundance of timber and water, diversity of products, than any other region now open to settlement. In this rapidly developing section, the **Texas & Pacific Railway** has in operation over 800 miles of road, along which are to be had, at low prices and on easy terms, millions of acres of good and cheap Railroad and Government lands, but recently opened for settlement. For circulars and maps giving truthful information, address W. H. ABRAMS, Land Commissioner, T. & P. Railway, Marshall, Texas.

YOUNG MEN Learn Telegraphy and earn **$40 to $100** a month. Every graduate guaranteed a paying situation. Address VALENTINE Bros. Managers, Janesville. W

Ayer's Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. All who have tried it, acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.

Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

McFinn's Experience.

BY A YOUNG OFFENDER.

'Cornalus' sez George, as we wint up sthreet. 'I want tull arrange me plons soon, an' get me work in fur thon Maralty.'
'George' sez I, 'there's nuthin' lek takin' time be the front locks' sez I.
'Ye're right Cornalus' sez he, 'an' I must machure me plans without delay' sez he, 'kem in tull Phil's sez he, 'an' we'll discoorse on the sutuwation' sez he.
'Whuskey sowers fur two gintlemin' sez he, as a waither kem along.
Wuth the jooce forninst us we tuk up the subjec at wance.
'Phat coorse wud be the besht fur me tull purshoo' sez he.
'Phat are yer own idays on the motther' sez I.
'Wull' sez he, 'I'm datarmined tull kill the chawnces uv yer ould frind Morgan' sez he, fur thon office' sez he, 'an' I'll do it in sthyle' sez he.
'Ye don't tull me' sez I.
'I wull' sez he. 'I'll show up to thon people uv the town' sez he 'that thim aistimates wull ruin 'em' sez he 'n Morgan' sez he 'wull hev to 'waken' sez he.
'Thon's a gude sthart er' sez I 'espushially phin ye hev the help uv Dunnet an' Diamond an' Osthrom an' the larned blocksmith McIninch' sez I.
'A gude pint az we say in law' sez he.
'It'll collar 'em' sez I 'but ye'll hev to do betther nor thon forby' sez I 'or ye'll ston' no show' sez I.
'Throw it out av ye' sez he. 'Let us see the diffickulty' sez he 'fur I want a plon that'll make me case surer nor a sartinty' sez he.
'If ye had a head on ye lek thon Harbor Masther' sez I 'uvery thing wud be clearer nor mud tull ye' sez I.
'Cornalus McFinn' sez he 'I'm beginnin' tull tummle tull yer racket' sez he. 'I musht hev yer advise an' yer anfluence too' sez.

* * * * * * * *

The bargin wuz suttled an' we tuk another horn.
'Cornalus' sez he, 'Morgan nuver thrated ye dacintly in the Maralty motther,' sez he.
'Nur Pattherson nayther' sez I.
'Well phat wud ye propose fur my case' sez George,
'Raythrinchimint wull do it' sez I. 'It's the won thing that'll save ye' sez I.
'What d'ye mane' sez he. 'Out wuth it' sez he.
'Aconomy must govern the sarcemstances uv uvery wan's case' sez I 'an uf ye tackle the people's pockets' sez I ez Mulcahy sez 'on the fly' sez I, 'ye'll ketch 'em' sez I.
'Cornalus' yer a philosopher' sez George. 'Go an' sez he.
'Thry 'em on the solary kwustion' sez I, 'an ye'll plaze the vothers' sez I. 'Make yer campaign cry' sez I, be 'doun wuth the solaries' sez I, 'an ye'll yut wear thon chain and medal Musther Patterson corries' sez I.
'There's a grate dale of circumspection to be axarcised in the discrimation of solaries' sez George.
'Phat are ye dhrivin' at wuth yer jaw brakers' sez I.
'I preshume' sez he, takin in the situation, 'that yer plon is tull rajuce the slaries of all uv thon town offeeshals' sez he.
'Thrue for ye' sez I.
'Phot's yer plon uv rajucing em' sez he.
'Tackle the Mayor's firsht' sez I. 'Pull it down tull $200 sez I 'an' ye ken hev it raised agin whin ye git thon office yerself' sez I.
'Gude 'nuff' sez he 'go an wuth the lisht' sez he.
'Bob Newbery's solary is too big' sez I. '$400 is enough' sez I 'to kape a mon wuth a family' sez I.
'Phat will became uv thon Sutty Sullusitor in thon case' sez he.
'Wull' sez I 'as he nuver guves a sthraight opinyun' sez I 'he can't raysonably grumble' sez I. 'All the laygle knowledge he has' sez I 'he'll gladly guv for a huntherd a year' sez I.
'Wull yer guvin' him a hard dale' sez George, phile we jined in another gargled.
'Divil a worse wan nor he gev the sutty when he sould thon gravel put' sez I.
'How ull Larry tek thon' sez he. 'He'll tek onything' sez I 'fur ony smart opinyun he guves' sez I 'he fugles it out uv John Bell' sez I.
'Who else wull ye go fur' sez he. 'Wull as Sandy Watters won't rayquire an assistant the year' sez I 'we'll drap a couple uv huntherd aff him' sez I. '$200 is enough fur him' sez I.
'Go an wuth the roll' sez he.
'We'll hev a whack at Dick Taylor too' sez I. 'He may be a gude sthreet surveyor' sez I 'but he's a mighty poor judge uv lumber' sez I 'ef I'm to preshume be the characther uv that he gets from Bill Sutherland' sez I.
'How much wull ye rajuce him' sez George.
'I hev a cousin' sez I 'Pether McGahey' sez I 'that'll tek thon berth fur two huntherd an' fufty' sez I.
'Wull he kape up the dugnity uv the sutty' sez he 'and go roun' wuth a horse an' buggy' sez he.
'The walkin'll be gude enough fur him' sez I.
'As fur the Thrayshurer' sez I, in rayply to me larnid frind, 'he works hard enough fur phat he gets' sez I, 'he ought to get a chromo uvery Crustmas besides' sez I.
'I wush we cud loower Tom Holden's salary' sez he, 'for it's too high' sez he.
'Yer right' sez I, 'but thon Legislaychure at Tharanto has the bulge on us there' sez I. 'Cud'nt we pull doun the pay list uv thon polis foorce' sez I, 'from the Chief' sez I, down to Haynes and Pat Meagher' sez I.
'We cud make a big savin' there' sez he, 'an' I'll devote some attention tull the motther' sez he.
'As the Cow Inspecthur don't dhraw much out uv the thraysury' sez I, 'we'll pass on tull the next' sez I.
'Who wull ye tackle now' sez he.
'Thim assessurs' sez I. 'Phy luke at 'em sez I 'they get moore fur phat they do ner a dhry goods clark' sez I 'an' they put on more airs about it too' sez I 'nor John Lake does whin he stonds up dhriving the hansom' sez I.
'My, oh my' sez he 'but ye're hittin' all round' sez he.
'George' sez I shlappin me fist an the marble tap table 'thon's the way to hog the public' sez I 'and make yer coorse clear for the Maralty' sez I.
'We musht luk out for the anfluence uv thim assessurs' sez George.
'In the language uv me ould frind Starling they're P. S.' sez I.
'Phat does thon tarm mane' sez he.
'No gude' sez I. 'Ye see' sez I 'Dave Brennan is bushted in the Fosther Ward' sez I; 'Jemmie Gordon nuver wuz wull liked' sez I; an' as fur Jem Harrold he cud'nt guv a mouse a luft' sez I.
'Hullo' sez George as' in kum Larry and Sondy Watthers.
We discoorsed on dufferent motthers tull tea time whin the court adjourned tull a more convaynient sayson.

WOMAN'S TRUE FRIEND.

A friend in need is a friend indeed. This none can deny, especially when assistance is rendered when one is sorely afflicted with disease, more particularly those complaints and weaknesses so common to our female population. Every woman should know that Electric Bitters are woman's true friend, and will positively restore her to health, even when all other remedies fail. A single trial always proves our assertion. They are pleasant to the taste and only costs fifty cents a bottle. Sold by Jas. Clarke & Co.

QUESTION YOUR DRUGGIST,

and he will tell you, that there is a greater demand for SOZODONT than for any other preparation for the teeth. Then ask your self whether an article for which the demand is general and constant, must not possess genuine merit. The mental response will be that it does, since the conclusion is irresistible, that if it did not really polish and preserve the teeth, a discerning public would long since have discover the fact. It advertises itself.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advatage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. wly

A Rich Glossy Finish is given to the hair by the use of Bearine which is fragrant and healthful.

The most miserable man in the world is the dyspeptic, and dyspepsia is one of the most troublesome difficulties to remove it, but Burdock Blood Bitters always conquer it. It stimulates the secretions, regulates the bowels, acts upon the Liver, aids digestion, and tones up the entire system. Trial Bottles 10 Cents, Large Bottle $1.00.

I have been cured of a cancerous sore on my left side by seven clothes of Bristol's Sarsaparilla and five phials of the Pills. The sore had troubled me for a year and a half.—George E. Stone, Ballarat, Victoria.

The Greatest popularity of Dr. Fowler's extract of Wild Strawberry is where it has been longest known. Time cannot detract from its merits. It is the old reliable remedy for all bowel complaints incident to the summer season.

Do not drug the system with nauseous purgatives that only debilitate. Burdock Blood Bitters is a nature's own Cathartic, it acts at once upon the Bowels, the Skin, the Liver and the Kidneys, arousing all the secretions to a heal hy action. It purifies the Blood and cures all Humors, even the worst form of Scrofula, and tones up the Nervous and Debilitated.

It is generally admitted that there cannot be anything more exquisitely delicate for perfuming the handkerchief than Murray & Lanman's Florida Water; but its great and distinctive property is its adaptability to the uses of the bath. It is the only perfume that we know of especially and particularly suited to use in this way. The power it has of imparting to the waters of the bath great soothing, refreshing, and invigorating, effects, is peculiar to itself.

The Liver is the grand purifying organ of the system; when inactive or obstructed bad blood and ill health are certain results. Burdock Blood Bitters cure all diseases arising from disordered Liver, Stomach, Bowels or Kidneys, purifying, restoring and strengthening. It regulates the Bowels, cleanses and enriches the Blood, and imparts tone to every organ of the body. Trial Bottles 10 Cents.

☞ The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore, when you take a cold, use "Bryan's Pulmonic Wafers," and thus prevent the necessity for taking them in more dangerous complaints. To be obtained of all druggists and county dealers at 25 cents a box.

When doctors disagree who shall decide? The people often decide by "throwing physic to the dogs," and trying Burdock Blood Bitters, and the result is always satisfactory. Burdock Blood Bitters is the Multum in Parvo of medical science, curing all diseases of the Blood, Liver and Kidneys. A trial bottle only costs 10 cents.

Persons who are very susceptible to sudden changes of weather would do well to keep a supply of GRAY'S SYRUP OF RED SPRUCE GUM in the house. This Syrup is a scientific preparation of the Gum which exudes from the Red Spruce Tree, and holds a large quantity of the Gum in perfect solution, never separating. Its remarkable power in relieving certain forms of Bronchitis, and curing obstinate, hacking Coughs, is now well known to the public at large. No remedy can equal it as a safe and thoroughly reliable Cough Medicine. Sold by all chemists. Price 25 and 50 cents per bottle.

Reader have you tried every known remedy for Chronic disease, Impure Blood, disordered Liver or Kidneys, Nervous and General Debility. Constipation of the Bowels, with the manifold sufferings pertaining thereto? Have you given up in despair? Try Burdock Blood Bitters; it will not fail you. A Trial Bottle only cost 10 Cents, Regular size $1.00. Any dealer in medicine can supply you.

NEWCASTLE, ONT., March 11, 1880.
I have handled and sold Perry Davis' Pain-Killer for the past twenty-five years, and my customers who are in the habit of using it, speak in the highest terms of the curative properties and uniform preparation of the same. It has stood a severe test among the many dozen of similar preparations brought out in imitation of the old and genuine Perry Davis' Pain-Killer, and to-day stands amongst the first in my estimation of them all.
R. FOTHERGILL,
Pharmaceutical Chemist.
☞ See advertisement in another column

PROVIDENCE, R. I., Sept. 16, 1874.
DR. GILES:—I paid one hundred dollars to veterinary surgeon for medicine and attendance on a valuable saddle-horse, without any benefit. He was lame from a curb more than a year, and useless in consequence of it. No remedy I could find had any effect I applied the Liniment Iodide Ammonia, and, to my great surprise, found that it removed both lump and lameness. Having driven him recently over a very rough road, sixty miles in two days—two of the hottest days this summer—without the least symptom of return of curb or lameness. As a precaution, I took a bottle of Liniment with me, but had no occasion to use it. In all cases where a Liniment can be applied, it gives me the greatest satisfaction. J. B. TALLMAN.
Sold by all druggists. Send for pamphlet DR. GILES,
120 West Broadway, N. Y.
Trial size 25 cents.

POWER OF SPEAKING RESTORED.

NEWASH, ONTARIO, D.C., March 30, 1870.
JONAT GOTHERINGILL writes:—Some two months ago my son lost his voice. None of the physicians could do him any good. Two hours after taking the second dose of Fellows' Hypophosphites his power of speaking was perfectly restored.

FREE OF CHARGE.

All persons suffering from Coughs, Colds, Asthma, Bronchitis, Loss of Voice, or any affection of the Throat and Lungs, are requested to call at James Clark & Co Drug Store and get a Trial Bottle of Dr King's New Discovery for Consumption, free of charge, which will convince them of its wonderful merits and show what a regular dollar size bottle will do. Call early.

A CROWNING MERCY TO THE CORNED.

Unequalled by any remedy in the world—PUTNAM'S PAINLESS CORN EXTRACTOR, the new remedy for corns. Never fails to cure: never produces pain: never makes deep cavities in the flesh. A sure, prompt, and painless remedy for corns. Sold by druggists throughout the Dominion. Don't fail to try it.

AN OFFENSIVE BREATH

is abominable, and there is no excuse for it. SOZODONT will always eradicate this evil from whatever cause. But there are thousands who utterly neglect any care of their teeth, and suffer their breath to become tainted. They puff their gossip into the faces of their listeners regardless of the annoyance they inflict.
Keep a bottle of SPALDING'S GLUE, and apply to such gossip's lips.

DO NOT BE DECEIVED.

In these times of quack medicine advertisements everywhere, it is truly gratifying to find one remedy that is worthy of praise, and which really does as recommended. Electric Bitters we can vouch for as being a true and reliable remedy, and one that will does recommended. They invariably cure stomach and Liver Complaints, Diseases of the Kidneys and Urinary difficulties. We know whereof we speak, and can readily say, give them a trial. Sold at fifty cents a bottle, by James Clark & Co.

LIVER COMPLAINT AND INDIGESTION.

DEAR SIR;—My business has been that of an engraver and carver in wood. Owing to confinement to ill-ventilated rooms my health gradually declined, when I was unable any longer to prosecute my business. At this time I was suffering from great prostration of strength, extreme indigestion and disordered liver. My usual weight was 135 pounds, but I had become so much emaciated that I weighed but 109 pounds. In the early part of May last I commenced taking the PERUVIAN SYRUP, and almost immediately felt its tonic and invigorating influence. In the course of four months I used four bottles My weight this day is 149 pounds. I have neither liver complaint nor indigestion, but consider myself in a perfect state of health and in good spirits. JAMES MORSE, No. 43 Pleasant St., Charlestown, Mass. Sold by all druggists.

BRONCHITIS.

From John Flagg, Esq., of Bennington, N. H.
"Three years since I was very much troubled with a dreadful cough, which resulted in Bronchitis, affecting me so severely as to render it difficult to speak in an audible voice. To this was added severe night sweats, and I was fearful of going into a decline. After recourse to various remedies, to no purpose, I made use of Dr. Wistar's Balsam of Wild Cherry, a few bottles of which fully restored me to health. Since that time I have had several severe attacks of cough, but the Balsam has always removed them. I always keep it by me, and should not know how to do without it."
50 cents and $1 a bottle. Sold by all druggists.

INEXPENSIVE HAIR RESTORER. LOCKYERS SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PORRE, London, Eng.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, [illegible] wasting diseases, scrofulous tendencies, [illegible] whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain [illegible] doses, 4s. 6d. Sold by Chemists [illegible]re. The name of J. PEPPER [illegible] label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

DAILY ONTARIO

MONDAY AUGUST 29, 1881.

WHILE we in Canada have been com- ing of the absence of rain, in England rops are being ruined in the fields by tinuous downpour, extending over a l of nearly two weeks. Unless fair her is enjoyed soon, the result will be us to the English farmer.

THAT wild Irishman of the Toronto *Even- News* says that if Col. Dennison, e Magistrate of the city, does not hie elf home from a Muskoka camp, he ts to be arrested and sent down for months without the option of a fine. trouble is, Aldermen take turns at ing Lord Chief Justice, and instead of ly fining him as the Col. would, only the owl by hooting at him, and scar- shaky drunks (like himself) into the jams." He says it is about time he n to "holler" for the Colonel. We o the Colonel will not much longer de- for the arrest and imprisonment of "Irish editor" would be "an outrage a vengeance."

SEVERAL farmers and gardeners have chantly criticized Mr. Farley's expla- ons why leached ashes are not used as a minure for the soil. They aver much benefit can be derived from r use, and that in not a few cases of cessful farming every pound of ashes luced about the premises are carefully served for manurial purposes. Mr. ley's reference to Plaster of Paris is al- riticized. Properly speaking, Plaster Paris is never used as a top dressing for l, as it has a tendency to solidify on application of moisture, and would n an adamantine covering by no means eficial to vegetation. But all kinds of psum, or plaster, is erroneously called that name.

THE strict enforcement of the law against ing liquor in the North-West rendered quite impossible for the Vice-Regal ty to get anything "good" during their urney. To overcome this difficulty His cellency ordered $1,200 worth of choice nds, and a Toronto dealer received a ge order for an additional supply. All s liquor was passed through the Cus- n House free of duty. Some of the wspapers are calling attention to the ex- ple His Excellency and party are giving people of the North-West, by thus ting at naught the law against the sale d use of liquor in the territories. The me law should apply with equal force to d and peasant. The Indians are not ls if they are savages, and they may be pressed with the idea that British law is t so impartially administered as they pposed it was.

THE THIRD PARTY.

Dr. Kincaid, M.P.P. for West Peter- ro', will be the third or independent rty in the Ontario Legislature. This rty will possess many advantages over rivals. Unanimity will characterize counsels, and solidarity its votes. When e clerk calls the yeas and nays it will e as one man, and register its opinion. When assembled in caucus the third party ill have no trouble in reconciling con- cting opinions, and will walk out of the moking-room a solid phalanx. It is un- rstood that this party will not vote upon motion of want of confidence, until after oing home to consult its constituents. roceedings will, of course, be suspended ntil it returns, when, if it decides upon rning the Government out, Dr. Kincaid ill immediately assume all the Cabinet fices. The best thing Mr. Mowat could o would be to take the third party into e Government.—*Evening News.*

MARINE.

—The "McLellan" came in light yes- rday and will load lumber.

—The "Mary Foster" arrived yesterday orning with coal oil for Clarke & Co.

—The "Pearl" with cedar for Oswego assed down from Trenton yesterday, and he "Millie Cook passed up.

—The "Annie Gilbert" has been tem- rarily withdrawn from her route and as gone to Trenton for repairs.

—The "Ontario" which cleared on Sat- rday with brick for Kingston, ran on a hoal opposite Camp Meeting Cove, and emained there until this morning.

—The owner of the "Bullock", which ame here for ore, having been disappoint- d in obtaining a cargo, has gone to Des- oronto, where he will take on a load of ies for Charlotte.

MOTHERS! MOTHERS! MOTHERS

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WIN- SLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians in the United States. Sold every- where ... as none other is gen-

A RAILROAD SLAUGHTER.

Fatal Collision on the Grand Trunk Near Lancaster.

THREE KILLED AND THREE FATALLY WOUNDED.

BROCKVILLE, Aug. 28.—Early this morning a horrible accident occurred on the Grand Trunk railway about three miles from Lancaster. It appears No. 13 freight train was proceeding to Montreal and a special freight proceeding to Brockville. No. 13 should have been detained at Lancaster to cross the special freight, but no signal crossing board was displayed by the operator, and she proceeded on her way to Beamsville, five miles east, and when within two miles of the station collided with the special freight in a dense fog. The collision was terrible. Fireman Heaslip of one train, and fireman Turnbull of the other, were killed, as was also a brakeman named Neilson. Both engineers are fatally injured. The engines are a total wreck, and seventeen cars have been destroyed. It is reported that the operator at Lancaster and the conductor of No. 13 are to blame for the accident, as the operator should have displayed a danger signal and the conductor should have stopped for a clearance order. Considerable excitement prevails here, as the killed and wounded reside here.

LATER.—It is said now that brakesmen Neilson and Anderson were killed, fireman Heaslip killed, with the engineers and fireman Turnbull fatally injured. The Grand Trunk railway people are very reticent about the accident.

THE HARVEST.

Excellent Reports from North Hastings.

The Madoc *Review* is responsible for the following very encouraging crop report:—The harvest of 1881, in this section at least, promises to be one of the most abundant that our farmers have experienced for a number of years, and some of them say that great as were their anticipations they are even exceeded by the results of the threshing which is now taking place. Especially is this the case with wheat, which is everywhere, so far as we can learn a magnificent crop. On the Hastings Road, we were informed by one of the residents, the wheat crop far exceeds anything they had experienced since settling there, and nearly all kinds of grain is equally bountiful. Throughout Madoc, and, in fact, from all sides of us the same cheering news reaches us in reply to our enquiries, the answers invariably being that "the crops fully meet our most hopeful expectations, and are far better than we have met with for years." The unusually fine weather experienced has so far enabled farmers to house their grain in excellent order, and in the majority of cases so far as threshed it has turned out of an extraordinarily good quality. This is something for which we should all be thankful, not only our agricultural population but the whole community as well.

INTERMEDIATE EXAMINATION.

As it has been currently reported that David Stickney, who taught in South Hastings for four years, had failed at the Intermediate Examination in the Cobourg Collegiate Institute, we have pleasure in stating to his numerous friends that he did not fail, but was very successful, obtaining Second Class, Grade A, and also the Lorne Medal.

TO WHOM IT MAY CONCERN.

The Inspection of Weights and Measures.

It will save the Inspector of Weights and Measures and many of our readers some unpleasantness, if they will remember:

First, that all measures branded "V.R." are illegal, and therefore liable to seizure; and the persons using them or having them in their possession on the market, or in their places of business, are liable to be fined and the measures confiscated.

Second, that the alteration of a measure *in anyway*, either by putting a new bottom in, should the old one get broken or worn out, or in any other way, leaves the person so altering it liable to a fine of FORTY DOLLARS for the first offence.

We give these words of caution, as the Inspector of Weights and Measures has, during the past ten days, seized and confiscated twenty-five measures—four half bushels, seventeen pecks, and four gallons—all of which were seized on the market for being unstamped, although all branded "V.R." and for being unjust, all of them containing less than the Imperial standard.

SEQUEL.

Result of a Famous Montreal Elopement Case.

It will be remembered that early in the summer a Mrs. Wells, wife of a Montreal stevedore, eloped with Jas. Jamieson, taking with her some $4,000 of her husband's money. The pair came to this city, to which place they were followed by Wells, who had his wife and her paramour arrested, obliging them to disgorge the greater part of his money. His wife, however, was allowed to remain with Jamieson. The sequel to the story has now been reached. About ten days ago Mrs. Wells returned to her husband, penitent, and after professing the prodigal, was at length taken by him back to his home and heart. The home, however, was not found just as she left it. During her absence she alleges her sister, Mrs. Charles Delbridge, for some reason or other concluded to take charge of her furniture, and did so, completely emptying the house of all moveables and effects from the door mat to the family Bible. On discovering this on her return she applied to her sister for the furniture, her sister refused to give it up. On Saturday Mr. Wells took out a "saisie revendication" upon the property, which she values at some $360, and sent bailiffs to seize it Saturday afternoon.

A lifetime of torture is often endured by the rheumatic. Their pangs may, however, be promptly relieved and the disease eradicated with Dr. Thomas Eclectric Oil, which is, moreover, a swift and thorough remedy for neuralgia, lame back, sores, bruises, frost bite, corns, excoriated nipples, inflamed breasts, liver complaint, and all affections of the breathing organs.

—The scow "Glasgow" has arrived from Northport with fire wood for G. S. Johnson & Co.

... equally good flour any where.

COMPETITION FOR THE LAUREATESHIP OF THE DOMINION.

Magnificent Lyric from the Hamilton Champion—Unequalled Production by our own Idol, the People's Poet, James Gay.

"CUCKOO," by AMOS PITT, OF HAMILTON.

There is a breakage now in David's fleet
Where two got wed upon a marriage bell
Lo! has McCulloch failed at that Hotel
Five times the bride to me has brought it meet
To seek a restitution most discreet
And claim a opening to her old Pall Mall
And has her by her last espousal fell
With hopes and comforts shattered most complete
Decked with the robes of fate in our town
Doth her own swain a wedding garment wear
A bridegroom's honors must be lacking there
His duties Aye! and his immortal crown
Who to that fallen woman ought to share
The comforts of a bedded husband's care.

The following is by our Gay. He writes about "The busy little bee":

So now sir just as you see I will give a start about the little bees
Those little bees are often seen in country and in town,
For workmanship and industry, none such on earth are found
See them carry their weary burdens loaded to the ground.
Oft times before they reach their hives they stumble and fall down
All through the summer months are up at the early hour
Gathering honey quickly from every blossoming flower
Thousands work together in one little hive
Packing of their winter food to keep themselves alive
Passing and repassing every hour through the day
Not one of them seems to work in each others way
Take their rest in winter after doing their best
Sucking of their honey all happy and at rest.

*** The above lyrics having been submitted to competent literary critics, a decision in favor of our own Gay was rendered. He is, therefore, the undisputed Laureate of the Dominion, as Mr. Pitt was considered his only competitor. The vexed question having thus been settled, no further communications on the subject will be published in these columns.

THE S. S. PARLIAMENT.

Splendid Services at the St. Lawrence Central Camp Ground.

The S. S. Parliament now in session at the St. Lawrence Central Camp Ground, near Brockville, is an interesting and successful gathering. The President of the Parliament, Rev. Dr. Jaques, Prof. Dyer, Prof. Stanistreet, and others from this city, are contributing largely to the intellectual and musical enjoyment of the occasion. The lecture by the first-named on "Moral Gymnastics," to which we have previously referred, was a masterly effort, and very highly commended by all who heard it. Prof. Dyer spoke on "The relation of Science to Bible study, or the Scientist and Theologian," and merited the warmest congratulations. Of the efforts of Prof. Stanistreet, musical director, the *Globe's* correspondent says: Although he has had to organize a choir from the singers present hailing from different places between Goderich and Iroquois, what cricketers would call a scratch team, it is simply wonderful to see and hear what he has accomplished in two short days. He is winning golden opinions by his energy, and above all by his great success in making his department of the parliament singularly interesting and creditable.

The Normal Class, which is very large, is drilled principally by Rev. B. F. Austin, M. A., B. D., Principal of Alma College. He succeeds in making the exercises very interesting. Rev. Messrs. S. Card, Wm. Service and W. A. Phillips, also well known here, take an active part in the services. Mr. A. L. Morden, barrister of Napanee, a very zealous Sunday School worker, delivered a neat and forcible speech on the question—"What degree of importance should be attached to Sunday School music?" The attendance of visitors is large, and much interest is taken in all the exercises.

JOHNNY SKAE'S CAREER.

A Canadian Who Has Been Twice a Millionaire—Now in Gaol.

In San Francisco the other night Johnny Skae was committed to prison in default of $5 to pay a fine. A few years ago he was a millionaire, to-day he is an outcast. Johnny's history in brief is as follows: He was born in Canada, somewhere near Oshawa, and having become an expert telegraph operator drifted to the far west. When the celebrated Comstock lode was opened Johnny was the operator at the mines. He was a first-class hand and every one had confidence to him. From day to day cipher despatches were sent from the mines to San Francisco giving the result of the day's operations of the miners. Somehow Johnny got hold of the keys of the ciphers, read all the messages, went into stock speculation, and became a millionaire in a short time. He bought the Virginia and Gold Hill water works, supplying water to all the mines, and yielding him $200,000 a year. But the mines suddenly gave out and Johnny was broken. He went east, but while away the miners as suddenly struck it rich again, and Skae came back to the Comstock country as fast as a special train would bring him. He was again a millionaire and the lion of all the gold hunters. James C. Flood was second to the Canadian. He gave wonderful trout breakfasts to his friends and did the grand on a lordly scale. Two or three years ago he went down again and landed in the small-pox hospital. On his recovery he kept the books of that institution for a time and then disappeared till he was arrested in San Francisco this month on a charge of being disorderly. Lots of Canadians will remember Johnny Skae.

—A four-year old daughter of Mr. James Rice, of New Durham, stumbled into the well and fell head foremost a distance of twenty feet. When she rose to the surface of the water her mother lowered the rope, calling to the child to lay hold of it. The child did so, and the mother drew her part of the way out, when she lost her hold and fell back to the bottom. She took hold of the rope again with one hand, and with the other supported herself till help arrived. When taken out she was covered with blood from cuts received from the stones in falling.

from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails

—A sample of ... dey, 300 bushels in all, was purchased ... in Kingston last Saturday which weighed ... 50 lbs. to the bushel.

—The ... norold "Post" gives Major J. H. Durham ... a hard name, and repeats all the St. Catharines "Journal" has said about him.

—Special buildings for the troops are being erected at the camp to commence at Picton on 6th Sept. On Wednesday the tenders for supplies will be opened.

—Mrs. Vankoughnet has been permitted to visit her husband in Kingston jail. The hay stack under which Richardson's gun was found has also been burned. Fell destruction seems to have fallen on the property of the murdered man.

House and Lot for Sale.

I WILL sell my family residence, "Haymes House," Yeoman's Hill, at a bargain, on easy terms of payment. It not sold by the first of August I will rent.

G. S. VANDEWATER.
July 14th, 1881. d1m&w2t

T. DEIWITT TALMAGE
in illustrating this imaginary Art Gallery hit the truth; but we, in our Art Gallery, hit the bright side of the truth, getting the Easy, Natural Position and Expression of our sitters. Our instantaneous process does it.—BROCK & CO.

5 YEARS—ESTABLISHED—5 YEARS
We do most earnestly invite any person wanting photos, to examine, first, our every day work, and second, our Operating Room, Appliances and Conveniences. You will understand why our work pleases.—Brock & Co.

New Fall Goods.

WE are now receiving a large proportion of our early FALL PURCHASES in such as PRINTS, DRESS MATERIALS, EMBROIDERIES, FRINGES, FRILLINGS, LACES, &c, &c. These goods are low in price, and comprise the newest styles.

We are also opening up an assortment of SCOTCH TWEEDS and WEST OF ENGLAND CLOTHS of newest patterns in suiting lengths.

Carpets.

We have secured five bales—40 pieces—more of the same qualities of TAPESTRY CARPETS that we have been selling at 65c. and 75c per yard. The value of these carpets is now so well known that we need not say anything about them. They cannot be equalled in the city under 90c to 95c per yard.

DAILY ONTARIO.

MONDAY AUGUST 29, 1881.

Business Notices.

The public will have them—the pens of the Esterbook Steel Pen Co's make, and all stationers are ready to supply them.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle price 50 cents. R. Templeton, special agent.

☞ Wait's Homœpathic Remedies at Geen's drug store. See adv't. ☞ Just received at Geen's, "Vin-Santo," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

A leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quantities by A. Knox, Wm. Dickens, W. Bullen, Conger Bros, N. H. Peterson, and A. Henry.

In the hot months of July and August the blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 8 ounce bottles, 50 cents, at R. Templeton's Drug Store.

Insure your Life in the

ONTARIO MUTUAL LIFE ASSURANCE COMPANY,

OF WATERLOO, - - - - ONTARIO.

Government Deposit	$ 56,156 79
Full Reserve (Gov. Standard)	$188,349 68
Surplus over all Liability	$ 39,574 93

The Ontario Mutual has a reserve in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company!!

Deaths in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to cash income, is smaller than any other Canadian Campany!!

Exorbitant salaries and "bonuses" incident to companies located in large cities, and indulged in at the expense of the policy holders, have never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada!!

EXAMPLE

Policy No. 675 was issued in 1870 for $1,000; age 27, annual premium $19.44. premiums paid during the last 11 years. $155.30; but should the policyholder wish to with-draw from the Company, he could get $85.66 in cash, leaving the actual average cost $6.24 per annum, during the ages from 27 to 38, and subject to a still further reduction annually.

The above results show the advantages of insuring in this Company.

S. BURROWS General agent for this district, and F. M. CLARKE local agent. Their office is in the Ashley Block, Front Street, Belleville.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed ports, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of the age. Sold at 25c a box everywhere.

LOCAL AND GENERAL.

SCHOOL is in, and how we miss the boys!

THREE cars of lumber were shipped over the Grand Junction north, on Saturday afternoon.

MR. E. B. FRALICK, of this city, was one of the speakers at an orange gathering in Winnipeg on the 12th ult.

THE work of excavating for the new Christ Church is being vigorously carried on by about twenty-five men.

MR. RUSSELL, contractor for the Campbellford Woollen Mills, was in the city to-day. He reports the work well advanced.

THE ice-cream parlors did a thriving business on Saturday evening, the demand for this luxury being greater than the supply.

THE comet, now visible in the northern heavens, is very dim, and the smoky atmosphere prevents a good view being had.

THE Millerites have fixed another date for the ending of all things mundane—Nov. 10th. If you want to die happy be sure and pay the printer.

THE amalgamation of the two Canadian telegraph lines will result in the closing of one of the offices in this city. The Dominion office, we presume, will be discontinued.

THE boom which encircles the mouth of the river when river driving is in season, has been removed, and the material deposited on the south side of Water Street for future use.

TELEGRAPH poles have been erected along the line of the Grand Junction Railway for a distance of fifteen miles north from the city. It is proposed to continue the line to Peterborough.

THE fever is still raging in and about Frankford. Between that village and Chisholm's Rapids nearly every family has one or more victims. The local physicians are driving day and night.

MR. JOHN FORIN has received the contract for the erection of a large root-house at the Deaf and Dumb Institute, and has men now engaged building it. The size will be about 40x80, and the material brick.

IN nearly all the churches in the United States yesterday and in very many in Canada prayers were offered for the recovery of President Garfield. In some the latest despatches were read out from the pulpit.

DESPITE the weather the attendance at the excursion on the "Alexandra" on Saturday was quite large. The event was under the auspices of the Bridge St. Church S. School, and the results were gratifying.

MR. ANSON MCKIM, the Montreal *Mail* agent, and formerly connected with this office, paid us a flying visit to-day. He was returning from Toronto, and left for Montreal on the noon train. He is as happy as usual.

FRONT STREET was thronged with people on Saturday evening, a large portion of whom were Trentonians — they having availed themselves of the opportunity to visit the city by the cheap excursion in the evening on the *Alexandra*.

THAT venerable and knowing person—"the oldest inhabitant"—does not remember a season when so many "never-failing wells" had failed and were dry. If the drought continues much longer the water famine will be far-reaching in its effects.

WE have heard some complaints about the privileges taken by boys, some of them in their "teens", who daily dispost naked in the water below Coleman's Dam. The police will have to caution them if they are not more particular about their bathing suits.

WE deeply sympathize with Mr. K. Graham in the severe affliction he suffers by the death of his wife. Mrs. Graham was a daughter of the late Mr. Roblin, of Ameliasburgh, and was very highly esteemed by all who had the pleasure of her acquaintance.

THE work macadamizing Front Street from Downey & Preston's elevator to Dundas Street was begun this morning. Corporation men are also engaged extending Everett Street, from Catharine to Henry, the stone used on both jobs being principally from the excavation for Christ Church.

MR. RICHARD WARHAM, who has been engaged with a large force of men for the past few weeks re-painting a portion of the Deaf and Dumb Institute, has about completed the job. The interior of the building now presents a brighter and much cleaner appearance than formerly, a change welcomed by both teachers and pupils.

THE plan for seats of the Ada Gray Combination is now open at Reynolds', where seats may be secured. Those who wish to obtain a good seat will do well to attend to it at once, as they are being rapidly disposed of. The Toronto papers referred to this talented actress and the present company which supports her, in the most eulogistic terms, and we trust the theatre-going public will extend a liberal patronage on Friday night next—the opening entertainment in this city of the coming theatrical season.

A LARGE portion of the plate glass front of Roblin & Bayeur's show window, on the south side of the store, was demolished on Saturday evening. The *camera lucida* mentioned had previously been fractured, but when John McCallum's body came in contact with it the transparent substance could not withstand the pressure of such a heavy weighted object, and collapsed, the fragments of the glassy sheet being scattered promiscuously in the vicinity. The glass was insured—a circumstance which they have no reason to regret.

JUST received at Hennessy's twenty cases of new fall and winter dry goods, consisting of Scotch, Irish and Canadian Tweeds. (The largest stock in Ontario to choose from.) Grey Scarlet and white Flannels, Canton Flannels, Prints, Dress goods, Grey and White Cottons, Cloaking, Velveteens, Fringes, Silks, Satins, Trimmings &c. The cheapest dry goods and clothing house in Belleville.

The word Falcon, the name of Esterbrook's well known steel pen, is derived from Falx, a reaping hook, suggested by the shape of the Falcon's beak.

HODGSON & SON shipped about 750 boxes of cheese to day.

ALD. J. W. DUNNETT left on the noon train for Brockville.

A large train of cattle and hogs passed east on the Grand Trunk yesterday afternoon for Boston.

A NEW sidewalk is being laid down on the south side of the Station Road, opposite the G. T. R. yard.

MR. IRWIN, of the Belleville Model School, has been spending part of his vacation at Marmora. He returns much invigorated.

A CRUSHING machine for use in the Consolidated Gold Mining Co's Mine, arrived here per steamer *Hero* Friday night last from Pennsylvania.

THE East Hastings Agricultural Society will hold their annual exhibition at Thrasher's Corners, Wednesday October 12th, at which $2,000 will be awarded in prizes.

THE shipment of iron ore was resumed this morning over the Grand Junction, the necessary repairs to the bridge having been completed. Eight cars reached here by the early train.

AN incipient fire occurred in the livery stables recently occupied by the late Felix Graham at two o'clock this afternoon. Mr. Easton, carriage-maker, noticing the blaze extinguished it with a few pails of water.

THE Madoc *Review* says:—We learn that Messrs. James Roberts, Daniel Ketcheson and Allen Ketcheson bound 2,350 sheaves of spring wheat in four and a half hours, a few days ago. They very naturally would like to know who can beat it.

THE centre bridge over Moira Lake has been torn down, and a substantial structure is being built in its place. Freight traffic has been suspended during the operation, but passenger connections are made with trains on each side of the bridge.

CITY MISSION SERVICE this week is as follows:—This evening at Mr. Hanah's, Moira St., Bogarts Terrace; Tuesday evening at Mr. Bonar's, opposite the Ferry Boat Landing; Thursday evening at Rev. A Schuster's Everett St., first door south of Mr. Ockerman's; Friday evening at Mr. Rufas Gulliver, Pinnacle St., near Doyle's Terrace.

A LITTLE SON of Mr. Loso, engineer of the *Mary Ethel*, about 9 years old, attempted to climb upon one of Messrs. Johnson & Co.'s loaded carts this morning. He fell back upon the ground, fracturing one of his arms a short distance below the elbow. Dr. Hope was summoned and reduced the fracture. The child is now quite comfortable.

BEFORE ten o'clock on Saturday night five inebriates had been registered and accommodated with quarters in the cells. Four were Irish and the other a former resident of the United States. Imprisonment had a wonderful terror on the first two subjects, and they joined in a chorus of loud-mouthed demands for their release. Then they pleaded, and one began to implore his freedom, asserting in language that was only too forcibly expressive that were he permitted to go, he would never be seen in the city again. His applications not being acceded to his entreaties changed to bold demands for his liberation. These efforts had a visible effect on himself and his companion, and both dropped off into a quiet slumber which lasted ted several hours, and caused the scatteration of those whom their noise had attracted. An unauthorized promise of release in the morning made the occupants of one cell jubilant, and particularly so was this the case with the North of Ireland Frenchman, who merrily danced and sang—as did his companion. As the night advanced all became quiet, and everything was as still within the station as one could wish. Close as was the atmosphere outside, it was horribly hot within, and miserably oppressive. The sinners were up unusually early with their demands for the requisites that would allay their thirst and hunger. The bill of fare was presented to them and its contents—bread and water distributed. The meal was not heavy enough for the far-down who murmured to the officer—"Whusper," says he, "Can't ye gev me no mate." "It's a fast day," said the minion of the law in reply, but the assertion didn't take. "The besht the place affoords s none too gude for me the day," he said, and as there was money to his credit on the sheet, his order was given. Another old sinner, an Italian, when asked what brought him in said, "Be gorra, I wuz as dhrunk as an owl." There was a world in that confession. All the prisoners were released yesterday morning on promising to appear before the court on Monday. There were no arrests last night.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

POLICE COURT.

(Before THOS. HOLDEN, ESQ., P. M.)

MONDAY, Aug. 29.

DRUNK.

Matthew McKnight, James Devenue, Jas. Craig and John Scott were lightly dealt with, as they were all dismissed.

INSULTING LANGUAGE.

Seven young men—Jas. Connors, John Geary, Thos. West, Frederick Ward, Powles Hogle, Isaac Wallace and Thos. Sullivan—were summoned before the Magistrate this morning for using insulting language towards Robert Soles, on the 26th inst. W. J. Diamond appeared for the prosecution and E. McMahon for defendants. After receiving a lecture from the Cadi, the boys were dismissed.

DASHES.

—Mr. D. E. Daley, of Napanee, has gone on a trip to the Old Country.

—Five Indians died at Deseronto last week in the short space of fifty eight hours.

—Mr. W. H. Sullivan has been appointed Deputy Warden of Kingston Penitentiary.

—The unfinished race between the Emma and Victorine will be sailed over at Clayton to-day.

—Work is proceeding finely now on the N. T. & Q. Railway, 165 men having been employed.

—The Oswego firemen have had a disagreement with their Foreman. Several have resigned.

—Mr. S. Gray won for the second time the race for the Mayor's Cup at Kingston on Saturday.

—Over $20,000 is paid out monthly for wages on the Midland and Grand Junction Railways.

—Over 4,000 cheese were shipped over the Grand Junction last week, consigned to Belleville buyers.

—The Township of Kingston is almost entirely covered with bush fires. Considerable damage has been done.

—The Camille, Dr. Holland's steam yacht, gave an exhibition of her speed by running round the "Hero" last Friday.

—Deer are unusually plentiful this season in the back country. Some rare sport will doubtless be indulged in this fall.

The closing exercises at the camp ground to-morrow evening promise to be the event of the season at Thousand Island Park.

—Mr. D. Ford Jones, of South Leeds, is prominently mentioned as a candidate for one of the vacant seats in the Senate.

—John Preston, who died in Oswego on Saturday, at the age of 91 years, was one of the oldest residents, having lived there since 1845, and being in active business over thirty years. He leaves six children, among them Capts. John and William Preston, of Oswego.

—A young man named Watters died at Brighton Friday. Prior to his death he said he had been thrown from G. T. train by the conductor and injured An inquest was opened and adjourned until tomorrow. Watters was bound eastward, and has friends in Montreal.

WEATHER BULLETIN.

TORONTO, Aug. 29.

Moderate to fresh winds, mostly from the eastward, continued fine weather.

Telegraphic Despatches.

THE WOUNDED PRESIDENT.

He is much Improved—The Crisis Supposed to be Passed—Belief in his Recovery.

NEW YORK, Aug. 29.—Washington specials to the *Times* say Hamilton said last night:—You can say I believe now the President will live.

Bliss, when asked if there was danger of the other glands being inflamed, said:—"I have gone fully over all the surgical records of the war with a view to that very question, besides which my personal experience with gunshot wounds has been very large. I do not know of an instance where a second gland ever became envolved through traumatic parotis. That never occurs except in cases of distinct pyeamonia, which the President has never had." The last was said with pronounced emphasis.

Bliss further stated there had been no other swelling even of the lymphatic gland, as far as we have been able to discover. There have been few eruptions on the back caused by the blood poisoning, but they were not glandular, and have subsided. The bullett has given no trouble, and will give none. Ultimately it will be removed. It has changed its position since it entered the body, and worked its way down to the vicinity of the rectum. We know pretty well where it is. I do not think 'tis embedded in any muscular tissue. Of course if it is removed, it will be by operation, but that will not be severe. There are cases in which balls have been discharged by natural process, but that has not been probable here as I think the bullet very much flattened.

Rockwell is of the opinion the President weighs nearer 150 than 125 pounds, and is not nearly so emaciated or weak as has been said. Rockwell says the talk of his inability to move his limbs is all nonsense. The President does not be still five minutes any time when not asleep. He draws up one leg and then the other at times, and tosses his arms about at will. He could turn himself over in bed if permitted to do so. Emaciation is mainly in the limbs.

Bliss asserts the President's lungs, liver and kidneys are in perfect condition. The President had every Saturday morning since the 2nd of July been accustomed to refer to the crime of Guiteau, but last Saturday he made no mention of the crime, though his mind was unclouded. Mrs. Garfield looks upon this as one of the best signs that her husband will recover.

While at Long Branch a few days before the shooting, during an evening ramble with Rockwell, the President remarked:—"Now, is it not strange and is it not strikingly commentary on the protection and security afforded by free institutions that the President of the United States can go about in this way practically unattended without a body guard, and without paraphernalia, that encompasses other rulers. Why, I'm as secure travelling in this way as any other citizen of the country."

There is, of course, danger that the present favorable conditions will not continue, but the surgeons think the chances stronger that they will than that they will not. They believe the culminating point has been successfully turned, and the President at last started on the march towards convalascence.

The *Sun* says some of the most conservative of the President's physicians, who from the first doubted his recovery, said if he could survive the sixtieth day, he would be certain to get well. The sixtieth day will be Tuesday. "We are exceedingly hopeful," said Agnew last evening. "There must be a turn in all cases, and may be this is the crisis, and a favorable turn.

Agnew said earlier in day: The President now has more than an even chance. Judge Black reports him saying, the President will recover. There are apprehensions of pus abscesses forming in the President's lungs. The lungs when sounded yesterday, gave back rather a dull response, indicating clogging. If there are any abscess formations they will be discovered beyond all question to-day.

The *Herald* says, Capt. Henry says:—I feel almost sure the President has passed the crisis. I understand that is his own belief, and now he feels sure he is going to get well. Mrs. Garfield no longer has any fear. Mrs. Edson says, whenever the physicians touch the spot where the bullet is, the President says: "Yes, I think it is there, too. I can feel something there when you press your finger upon it."

100 letters are daily received at the White House. They express sympathy with Mrs. Garfield, and lately have been of an advisory kind. Many letters are absurd.

The *Herald* says the news from Washington yesterday somewhat raised the spirits of Arthur, who has been very despondent since the latest bad turn in the President's condition. Stated James visited Arthur Saturday.

WASHINGTON, Aug. 29.—Rev. Mr. Powers is reported saying the President never called for a minister during the grave crisis through which he passed, because his soul is prepared for eternity, and he is in no need of a minister.

Guiteau's brother-in-law Scoville, having offered to defend the assassin the latter said, Scoville was no better lawyer than himself, and he wanted an eminent criminal lawyer.

Stated Mrs. Garfield spoke with the President at some length on private matters yesterday, he listening with attention. Both appeared relieved when the interview was over.

AFTERNOON.

WASHINGTON, Aug. 29.—Boynton who was in the sick room the greater part of the night, says the President passed a good night, sleeping most of the time. The sleep was more natural than any other night of past week. During intervals of wakefulness his mind was perfectly clear. Once about 2 a.m., when awake, and when taking nourishment, he remarked, evidently referring to the several relapses:—"I wonder how many more stations I will have to stop at.

Boynton says the President looks better and feels better. The doctor's hope is strengthened owing to the fact that the President has held his own through another day and night.

NEW YORK, Aug. 29.—Dr. Hamilton denies there is any indication of abscess on the President's lungs, or that pus has been discovered in one of the joints of his limb.

AFTERNOON.

Church Burned.

OGDENSBURG, N.Y., Aug. 26.—The State Street Baptist Church is burned. Loss $20,000.

Marine Accident.

NEW YORK, Aug. 29.—The steamboat "State of New York," from Hartford for New York, struck a rock near Good Speed's Landing, half way between Saybrook Point and Hartford, last night. She was run ashore, and lies with her stern under water. No panic and no lives lost.

DIRD.

GRAHAM—On Monday morning, 29th. inst., Fliza Ann, wife of Ketchum Graham, Esq., aged 46 years and 10 months.

The funeral will take place from the family residence, Front of Sidney, on Wednesday afternoon, at 3 o'clock, to the Cemetery.

Auction Sale
—OF—
SUBURBAN LOTS!

I HAVE received instructions to sell at the

Dominion Hotel,

in the City of Belleville, on

Saturday, September 3rd,

at 12:30 o'clock, the following building lots, viz.: Lots number

Two, Three, Four and Five,

fronting on Wilkie Street. The above lots are near the Institute, adjoining the residence of Mr. Joseph Haslett, and as they extend to the waters of the beautiful Bay of Quinte, are admirably situated for Summer Residences. A clear title will be given.

For conditions of sale, etc., apply to

R. PURDY,
Auctioneer.

Belleville, Aug. 25th, 1881.

RUPTURE!
CHAS. CLUTHE'S
PAT. SPIRAL TRUSS
for Cure of Rupture. Entirely New Principle.

Nothing better and more substantial under the Sun! If you are Ruptured or Deformed send for Book on RUPTURE AND HUMAN FRAME, by Chas. Cluthe. Best information of a life-long study. Natural mechanical advantages; 18 years' material experience and best Tools money could buy, made him master of his profession. Will visit as follows:

PETERBOROUGH, Choate House, Thursday, Oct. 6th.

BELLEVILLE, Anglo American Hotel, Friday and Saturday, Oct. 7th and 8th.

Come early. Don't wait for the last hour.

Late of Hamilton.

CHAS. CLUTHE,
118½ KING ST. WEST, TORONTO, ONTARIO

Stair Factory.

JOHN PEPPER would announce to the people of Belleville and County that he has leased the upper part of Owen's Factory (formerly Thompson's) where he intends to make a specialty of building Stairs, Rails and Newel Posts of the latest designs. Walnut and other woods at prices which for quality of work cannot be surpassed. Come on with your orders, and they will be filled promptly and to your satisfaction.

JOHN PEPPER.
Aug. 8th, 1881. dtl

RHEUMATISM!

ST. JACOB'S
—OIL—

Sold by
L. W. YEOMANS & CO.,
Front, Opp. Hotel Street.

New Butcher Shop.

THE undersigned (formerly with Chas. Green) has opened a butcher shop in

LEAVENS' BLOCK'

one door north of the *Intelligeneer* office, where a choice supply of fresh meat can always be found. He solicits a share of public patronage, confident that he can fill all orders satisfactorily.

A GREAT CAUSE OF HUMAN MISERY IS THE LOSS OF
MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage ... resulting from excesses.
Price, in a sealed envelope, only 6 cts. or two postage stamps.
The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
This Lecture should be in the hand of every youth and every man in the land.

A CARD

To all who are suffering from the errors and indiscretions of youth, nervous weakness early decay, loss of manhood, &c., I will send a recipe, that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City.

THE GREAT FEMALE REMEDY
JOB MOSES' PILLS

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are inestimable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, D. T. Wilson, Man. Boulter, Stirling W C Barke, Trenton and all medicine dealers

Important to Farmers.

WE take pleasure in calling the attention of farmers in general, to Barke & McTaggart's patent Barley Dresser, for cleaning grains. It is the best machine known. We speak from experience, having cleaned over four thousand bushels through one, and vastly improving its color, making it weigh two pounds per bushel more, and vastly improving its color, making it sell more readily in a foreign market. Farmers will do well to buy it for we can give more for clean grain.

"P. BARKER" & Co.,
Belleville, July 7th, '81. Trenton. w2m

ELECTRICITY! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, 'Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."——Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.——H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil, I am nearly out, nothing equals it."——J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left, I never saw anything sell so well and give such general satisfaction."——J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY,

BY ANNA KAATHRINE GREEN.

First, she must have been sure her cousin's stood in a position of such an emergency, that nothing but the death of her uncle could release her from it; secondly, that her cousin's character was of such a nature she would not hesitate to relieve herself from such an emergency by the most desperate of means; and lastly, be in possession of some circumstantial evidence against her cousin, seriously corroborate of her suspicions. Smith, all this was true of Eleanore Leavenworth. As to the character of her cousin, she has had ample proof of her ambition, love of money, caprice and deceit, it having been Mary Leavenworth and not Eleanore as was first supposed, who had contracted the secret marriage already spoken of. Of the critical position in which she stood, let the threat once made by Mr. Leavenworth to substitute her cousin's name for hers in his will in case she had married this X, answer to all who knew the tenacity with which Mary clung to her hopes of future fortune; while for the corroborative testimony of her guilt which Eleanore is supposed to have had, remember that previous to the key having been found in Eleanore's possession, she had spent some time in her cousin's room; and that it was at Mary's fire-place the half-burned fragments of that letter were found,—and you have the outline of a report that in an hour's time from this, will lead to the arrest of Mary Leavenworth as the assassin of her uncle and benefactor.'

A silence ensued which like the darkness of Egypt could be felt, then a great and terrible cry rang through the room, and a man's form rushing from I knew not where, shot by me and fell at Mr. Gryce's feet shrieking out,

'It is a lie! a lie! Mary Leavenworth is innocent as a babe unborn. I am the murderer of Mr. Leavenworth, I I I ! I I!'

It was Trueman Harwell.

CHAPTER XXXVII.

CULMINATION.

Saint seducing gold.
ROMEO AND JULIET.

When our actions do not,
Our fears do make us traitors.
MACBETH.

I never saw such a look of moral triumph on the face of a man as that which crossed the face of the detective.

'Well,' he said, 'this is unexpected but not wholly unwelcome. I am truly glad to learn Miss Leavenworth is innocent, but I must hear some few more particulars before I shall be satisfied. Get up, Mr. Harwell, and explain yourself. If you are the murderer of Mr. Leavenworth, how comes it that things look so black against everybody but yourself?'

But in the hot, feverish eyes that sought him from the writhing form at his feet, there was mad anxiety and pain, but little explanation. Seeing him making unavailing attempts to speak, I drew near.

'Lean on me,' said I, lifting him to his feet.

His face relieved forever from its mask of repression, turned towards me with the look of a despairing spirit. 'Save!' gasped he. 'Save her—Mary—they are sending a report—stop it!'

'Yes,' broke in another voice. 'If there is a man here who believes in God and prizes woman's honour, let him stop the issue of that report.' And Henry Clavering, dignified as ever but in a state of extreme agitation, stepped into our midst through an open door at our right.

But at the sight of his face, the man in our arms quivered, shrieked, and gave one bound that would have overturned Mr. Clavering, Herculean of frame as he was, had not Mr. Gryce interposed.

'Wait!' cried he; and holding back the secretary with one hand—where was his rheumatism now?—he put the other in his pocket and drew from thence a document which he held up before Mr. Clavering. 'It has not gone yet,' said he; be easy. And you,' he went on, turning towards Trueman Harwell, 'be quiet or—'

His sentence was cut short by the man springing from his grasp. 'Let me go,' shrieked he. Let me have my revenge on him who in face of all I have done for Mary Leavenworth, dares to call her his wife! Let me—' But at this point he passed; his frame, which had been one tremble, stiffening into stone, and his clutching hands outstretched for his rival's throat, falling heavily back. 'Hark!' said he, glaring over Mr. Clavering's shoulder; 'it is she! I hear her! I feel her! she is on the stairs! she is at the door! she—' a low shuddering sigh of longing and despair finished the sentence; the door opened, and Mary Leavenworth stood before us.

It was a moment to make young hairs turn grey. To see her face, so pale, so haggard, so wild in its fixed horror, turned towards Henry Clavering to the utter ignoring of the real actor in this most horrible scene. Trueman Harwell could not stand it.

'Ah, ah!' cried he, 'look at her! cold, cold; not one glance for me though I have just drawn the halter from her neck and fastened it about my own.' And breaking from the clasp of the man who in his jealous rage now would have withheld him, he fell on his knees before Mary, clutching her dress with frenzied hands. 'You shall look at me,' he cried, 'you shall listen to me; I will not lose body and soul for

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

ENJOY HEALTH.

The "Mandrake Bitters," world-known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleaveland, Ohio

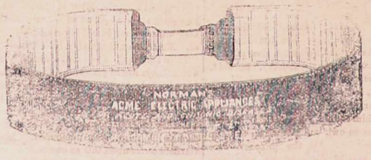

RANKS OVER ALL OTHER MAKES OF SEWING MACHINES

in the United States, there remains no need of further commendation.
But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.
CLEVELAND, OHIO.
GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

NORMAN'S ELECTRIC BELT INSTITUTION
No. 4 QUEEN STREET EAST. ESTABLISHED 1874,
THERE IS NOTHING so permanently beneficial to the sufferer as Norman's ELECTRO-CURATIVE BELTS, BANDS AND INSOLES. They immediately relieve and permanently cure
Asthma, Liver Complaint, Lumbago,
NERVOUS DEBILITY, INDIGESTION, RHEUMATISM, SWELLINGS INJURIES, NEURALGIA, and a host of troubles over which medicine has little or no control.
Circulars and Consultation free. Medicated and other Baths always ready for ladies and gentlemen.
A. Norman, 4 Queen Street East

To Nervous Sufferers—The Great European Remedy, Doctor Simpson's Specific Medicine.

DR. J. B. SIMPSON'S specific Medicine is a positive cure for Spermatorrhea, Impotency, Weakness and all diseases resulting from Self-Abuse, as Nervous Debility, Irritability, Mental Anxiety, Languor, Lassitude, Depression of Spirits and functional derangements of the Nervous System generally, Pains in back or Side, Loss of Memory, Premature Old Age and diseases that lead to Consumption, Insanity and an early grave, or both. No matter how shattered the system may be from excesses of any kind, a short course of this medicine will restore the lost functions and procure Health and Happiness where before was despondency and gloom. The Specific Medicine is being used with wonderful success.
Pamphlets sent free to all. Write for them and get full particulars.
Price, Specific, $1.00 per package, or six packages for $5.00. Will be sent by mail on receipt of money. Address all orders,

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured. It can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application, and stimulated into ... the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
HAIR DRESSING,
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,
LOWELL, MASS.

ARNPRIOR, Ont., June 17, '80.
MR. HENRY J. HARTNEY, Agent, Ottawa.
Dear Sir,—We enclose herewith eight dollars ($8) in payment of the accompanying account, which we will thank you to receipt and return to us in course.
Please forward, on receipt, 500 lbs. of "Manhattan Horse and Cattle Feed," same as before, and oblige
Yours truly,
McLACHLAN BROS.,
Lumber Merchants.

Taylor's Brewery, Montreal, Jan. 9, '80.
Gentlemen,—In reply to your inquiry, I think your Manhattan Feed to be a good article, and one that will amply repay its cost if fed as directed. My horses are much improved since we commenced it some four months ago.
Yours truly,
ROBERT TAYLOR

Logan's Farm, March 22, '80.
MESSRS. MARSDEN & COMPANY:
This is to certify that I have used the Manhattan Feed for Cows for some time, and find it beneficial both for milk and fattening, if given to them regularly.
THOMAS IRVING.

DAILY ONTARIO.

THURLOW COUNCIL.

TOWN HALL, Aug. 22nd, 1881.
Present—H. Ashley, Reeve; N. Vermilyea and J. M. Hurley, Deputy Reeves; J. W. Ross and A.H. Maybee, Councillors.
A communication was received from the Clerk of Huntingdon, asking a grant a of $12 to apply on road between Thurlow and Huntingdon, to meet a similar grant made by Huntingdon Council. On motion request was granted.
Moved by N. Vermilyea, seconded by J. W. Ross, that the Treasurer be and is hereby authorized to pay on the order of the Reeve, eighty per cent of the estimated cost of contract price for the completion of rock cutting in 5th, 6th and 7th concession drain, to Messrs. Loucks and Phillips.—Carried.
Moved by N. Vermilyea, seconded by J. M. Hurley, that the Reeve be and is hereby authorized to give to the treasurer, F. Brenton, an order for $500, being the grant made by the County Council upon roads in Thurlow, other than County gravel roads. Carried.
Moved by N. Vermilyea, seconded by A. H. Maybee, that the Clerk be instructed to inform the authorities of the Grand Junction Railway that the crossing on the road between the 6th and 7th concessions of the Township of Thurlow, and just north of the river Moira, is in a totally unpassable condition; there being no cattle guards nor fences—and request their immediate attention to the matter.
Mr. Hurley introduced a by-law to raise the sum of $850 to complete the drain in the 4th cohcession of Thurlow, said by-law was read 1st and 2nd times.
Mr. Vermilyea introduced a By-law levying 7 mills in the dollar for county purposes on total assessment ($2,008,798), and one half mill in the dollar on total assessment for Township purposes for the year 1881. Said By-law was regularly read, passed and No. 250.
A By-law was introduced and passed, reappointing Daniel Phillips Collector of taxes.
Moved by N. Vermilyea, seconded by J. W. Ross, that this Council hereby confirms the equalization of Union School Sections in Thurlow made two years ago, and that the Clerk notify the different municipalities concerned.—Carried.
The Treasurer handed in a half yearly statement of receipts and expenditures, which was read and received.
The following accounts were received and ordered to be paid.
Peter Mooney $9.00.
Intelligencer for printing and publishing $10.68.
E. Stapely for repairing culverts on Moorman road $5.00.
A. Sutherland for lumber to E. Stapley $3.57.

SIDNEY COUNCIL.

TOWN HALL, SIDNEY, Aug. 1, '81.
Council met agreeable to adjournment, members all present, minutes of last meeting read and approved.
A communication was read from Township Clerk of Murray, regarding survey of Town line.
Moved by Mr. Bleecker and seconded by Mr. Denyes, that the Reeve and 2nd Deputy, act in conjunction to obtain a Surveyor to act on the town line between Sidney and Murray, as per request of the Murray Council.—Carried.
Mr. Rose presented the Petition of R. Grass ane others asking for grant to aid in building sidewalks in the village of Frankford, laid over until distribution of County grant.
Moved by Mr. Bleecker and seconded by Mr. Rose, that the equalization of the Union School Sections made two years ago, stand the same for the year 1881, and that A. McClatchie Esq. so appointed as referee, to act for Sidney if required.—Carried.
Council adjourned for one hour.
Council resumed.
The following distribution of the County grant was made, the majority of the grants to be expended under the supervision of Geo. Redick Esq., Road Surveyor:
Graham's Hill $200, on condition that $150 be supplemented by subscription; Austen's side line, 2nd Con., $60; between 2 and 3, from centre Lot 6 to 10, $30; River Road rear of 3rd Con. to Gordon's Bridge, $30; road rear of W. A. Ketcheson's, $15; D. R. Ketcheson's, side line, $30; Baptist Church to Juty's Corners, $40; McLarren's Bridge, 5th Con., $60; Chisholm's Rapids to Abbott's Bridge, $5; Frankford sidewalks, $50; Gordon's Bridge to town line, $15; Aiken's to Hogle's, $10; Morgan's Mill to town line, $25; side line road, Div. No. 2, 1st Con., $10; Road Div. No. 5, in 3rd Con., $10.
Moved by Mr. Crouter, seconded by Mr. Denyes, that $10 be placed with Mr. Austin to aid Wm. Cronkwright's family.—Carried.
Mr. Bleecker introduced a by-law to levy and collect the taxes for 1881.
The by-law passed its third reading, and was No. 246, the rate being six mills and one-sixth of a mill.
The Council adjourned until the first Monday in October.

MOTHERS! MOTHERS! MOTHERS

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor tittle sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

WOMAN'S TRUE FRIEND.

A friend in need is a friend indeed. This none can deny, especially when assistance is rendered when one is sorely afflicted with disease, more particularly those complaints and weaknesses so common to our female population. Every woman should know that Electric Bitters are woman's true friend, and will positively restore her to health, even when all other remedies fail. A single trial always proves our assertion. They are pleasant to the taste and only costs fifty cents a bottle. Sold by Jas. Clarke & Co.

QUESTION YOUR DRUGGIST,

and he will tell you, that there is a greater demand for SOZODONT than for any other preparation for the teeth. Then ask your self whether an article for which the demand is general and constant, must not possess genuine merit. The mental response will be that it does, since the conclusion is irresistible, that if it did not really polish and preserve the teeth, a discerning publice would long since have discover the fact. It advertises itself.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung effections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering. I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W. W. Sherar; 149 powers Block Rochester, N. Y.

A WANT SUPPLIED!

SOMETHING NEW IN BELLEVILLE!

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advatage of being first class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.

"STAMMERING," and all forms of impediment in speech permanently cured at the London Institute. For circulars and testimonials from hundreds who have been cured by us. Address "Stammering Institute, London, Ont. Consultation free. wly

A Rich Glossy Finish is given to the hair by the use of Bearine which is fragrant and healthful.

The most miserable man in the world is the dyspeptic, and dyspepsia is one of the most troublesome difficulties to remove it, but Burdock Blood Bitters always conquer it. It stimulates the secretions, regulates the bowels, acts upon the Liver, aids digestion, and tones up the entire system. Trial Bottles 10 Cents, Large Bottle $1.00.

I have been cured of a cancerous sore on my left side by seven clothes of Bristol's Sarsaparilla and five phials of the Pills. The sore had troubled me for a year and a half.—George E. Stone, Ballarot, Victoria.

The Greatest popularity of Dr. Fowler's extract of Wild Strawberry is where it has been longest known. Time cannot detract from its merits. It is the old reliable remedy for all bowel complaints incident to the summer season.

Do not drug the system with nauseous purgatives that only debilitate. Burdock Blood Bitters is a nature's own Cathartic, it acts at once upon the Bowels, the Skin, the Liver and the Kidneys, arousing all the secretions to a heal hy action. It purifies the Blood and cures all Humors, even the worst form of Scrofula, and tones up the Nervous and Debilitated.

It is generally admitted that there cannot be anything more exquisitely delicate for perfuming the handkerchief than Murray & Lanman's Florida Water; but its great and distinctive property is its adaptability to the uses of the bath. It is the only perfume that we know of especially and particularly suited to use in this way. The power it has of imparting to the waters of the bath great soothing, refreshing, and invigorating, effects, is peculiar to itself.

The Liver is the grand purifying organ of the system; when inactiqe or obstructed bad blood and ill health are certain results. Burdock Blood Bitters cure all diseases arising from disordered Liver, Stomach, Bowels or Kidneys, purifying, restoring and strengthening. It regulates the Bowels, cleanses and enriches the Blood, and imparts tone to every organ of the body. Trial Bottles 10 Cents.

The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore, when you take a cold, use "Bryan's Pulmonic Wafers," and thus prevent the necessity for taking them in more dangerous complaints. To be obtained of all druggists and county dealers at 25 cents a box.

When doctors disagree who shall decide? The people often decide by "throwing physic to the dogs," and trying Burdock Blood Bitters, and the result is always satisfactory. Burdock Blood Bitters is the Multum in Parvo of medical science, curing all diseases of the Blood, Liver and Kidneys. A trial bottle only costs 10 cents.

Persons who are very susceptible to sudden changes of weather would do well to keep a supply of GRAY'S SYRUP OF RED SPRUCE GUM in the house. This Syrup is a scientific preparation of the Gum which exudes from the Red Spruce Tree, and holds a large quantity of the Gum in perfect solution, never separating. Its remarkable power in relieving certain forms of Bronchitis, and curing obstinate, hacking Coughs, is now well known to the public at large. No remedy can equal it as a safe and thoroughly reliable Cough Medicine. Sold by all chemists. Price 25 and 50 cents per bottle.

Reader have you tried every known remedy for Chronic disease, Impure Blood, disordered Liver or Kidneys, Nervous and General Debility, Constipation of the Bowels, with the manifold sufferings pertaining thereto? Have you given up in despair? Try Burdock Blood Bitters; it will not fail you. A Trial Bottle only cost 10 Cents, Regular size $1.00. Any dealer in medicine can supply you.

NEWCASTLE, ONT., March 11, 1880.
I have handled and sold Perry Davis' Pain-Killer for the past twenty-five years, and my customers who are in the habit of using it, speak in the highest terms of the curative properties and uniform preparation of the same. It has stood a severe test among the many dozen of similar preparations brought out in imitation of the old and genuine Perry Davis' Pain-Killer, and to-day stands amongst the first in my estimation of them all.

PROVIDENCE, R. I., Sept. 16, 1874.
DR. GILES:—I paid one hundred dollars to veterinary surgeon for medicine and tendance on a valuable saddle-horse, without any benefit. He was lame from a curb more than a year, and useless in consequence of it. No remedy I could find had any effect I applied the Liniment Iodide Ammonia, and, to my great surprise, found that it removed both lump and lameness. Having driven him recently over a very rough road, sixty miles in two days—two of the hottest days this summer — without the least symptom of return of curb or lameness. As a precaution, I took a bottle of Liniment with me, but had no occasion to use it. In all cases where a Liniment can be applied, it gives me the greatest satisfaction. J. B. TALLMAN.
Sold by all druggists. Send for pamphlet
DR. GILES,
120 West Broadway, N. Y.
Trial size 25 cents.

POWER OF SPEAKING RESTORED.
NEWASH, ONTARIO, D.C., March 30, 1870.
JONAT GOTHERINGILL writes:—Some two months ago my son lost his voice. None of the physicians could do him any good. Two hours after taking the second dose of Fellows' Hypophosphites his power of speaking was perfectly restored.

FREE OF CHARGE.
All persons suffering from Coughs, Colds' Asthma, Bronchitis, Loss of Voice, or any affection of the Throat and Lungs, are requested to call at James Clark & Co Drug Store and get a Trial Bottle of Dr King's New Discovery for Consumption, free of charge, which will convince them of its wonderful merits and show what a regular dollar size bottle will do. Call early.

A CROWNING MERCY TO THE CORNED.
Unequalled by any remedy in the world—PUTNAM'S PAINLESS CORN EXTRACTOR, the new remedy for corns. Never fails to cure: never produces pain; never makes deep cavities in the flesh. A sure, prompt, and painless remedy for corns. Sold by druggists throughout the Dominion. Don't fail to try it.

AN OFFENSIVE BREATH
is abominable, and there is no excuse for it. SOZODONT will always eradicate this evil from whatever cause. But there are thousands who utterly neglect any care of their teeth, and suffer their breath to become tainted. They puff their gossip into the faces of their listeners regardless of the annoyance they inflict.
Keep a bottle of SPALDING'S GLUE, and apply to such gossip's lips.

DO NOT BE DECEIVED.
In these times of quack medicine advertisements everywhere, it is truly grati-

fying to find one remedy that is worthy of praise, and which really does as recommended. Electric Bitters we can vouch for as being a true and reliable remedy, and one that will does recommended. They invariably cure stomach and Liver Complaints, Diseases of the Kidneys and Urinary difficulties. We know whereof we speak, and can readily say, give them a trial. Sold at fifty cents a bottle, by James Clark & Co.

LIVER COMPLAINT AND INDIGESTION.
DEAR SIR;—My business has been that of an engraver and carver in wood. Owing to confinement to ill-ventilated rooms my health gradually declined, when I was unable any longer to prosecute my business. At this time I was suffering from great prostration of strength, extreme indigestion and disordered liver. My usual weight was 135 pounds, but I had become so much emaciated that I weighed but 109 pounds. In the early part of May last I commenced taking the PERUVIAN SYRUP, and almost immediately felt its tonic and invigorating influence. In the course of four months I used four bottles My weight this day is 149 pounds. I have neither liver complaint nor indigestion, but consider myself in a perfect state of health, and in good spirits. JAMES MORSE, No. 43 Pleasant St., Charlestown, Mass. Sold by all druggists.

BRONCHITIS.
From John Flagg, Esq., of Bennington, N. H.
"Three years since I was very much troubled with a dreadful cough, which resulted in Bronchitis, affecting me so severely as to render it difficult to speak in an audible voice. To this was added severe night sweats, and I was fearful of going into a decline. After recourse to various remedies, to no purpose, I made use of Dr. Wistar's Balsam of Wild Cherry, a few bottles of which fully restored me to health. Since that time I have had several severe attacks of cough, but the Balsam has always removed them. I always keep it by me, and should not know how to do without it."
50 cents and $1 a bottle. Sold by all druggists.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands, Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Biliousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Restlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid mrde only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all chemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PORRS, Loado ...

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, ... wasting diseases, scrofulous tendencies, ... whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain ... doses, 4s. 6d. Sold by Chemists ... The name of J. PEPPER ... label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

FOR SALE.

A WOOD FURNACE of the most approved design, complete in every particular. Warranted to give entire satisfaction or no sale. Also a coal range, which has only been used a few months. Cause for parting with it—not large enough for present purpose. Apply to

MR. BLAKE AT HALIFAX.

...he meeting held by Mr. Blake at the ...kating rink, Halifax, last Friday even... ...was a fitting finale to the brilliant ...he has made through the Maritime ...inces. It was fitting, too, that the ...opolitan city on the Atlantic sea... ...d should witness such a magnificent ...ption to the Opposition leader, and ...d culminating scene in his triumphal ...h. The ingenuity of the Ministerial ...ns for misrepresentation will be severe... ...xed, if an attempt is made to belittle ...events of the Halifax demonstration. ...t less than 3,500 persons were present, ...luding a number of ladies and promin... ...Conservatives. Conspicuous among ...mottoes that adorned the walls of the ...lding was this—"Readjust the 'Diaboli... ...Tariff." The word "diabolical" was ...ted from a scathing attack upon the ...ff recently made by a leading ...servative of Halifax. It is a ...ng word—much stronger than ...hard Cartwright has ever used— ...ry appropriately expresses the ...tained by a large majority of ...with regard to ... they announced by a motto that "Digby will readjust in 1883." The Halifax electors, however, exercising their metropolitan privil..., went further, and declared by the same means that "Nova Scotia will readjust in 1883." We believe she will, and New Brunswick and P. E. Island will be with her in the struggle for a revenue tariff and reduced expenditure. Perhaps the most significant motto that was made express public opinion on the occasion, was the painting representing in the form of a pyramid, the various industries of the Province. "Agriculture" formed the broad basis; "Fisheries" come next; and in order "Commerce," "Lumbering," "Shipbuilding," "Mining" and "Manufactories." The pyramid was surmounted by a Nova Scotia flag, and surrounding it were the words—"You can't turn it upside down by Act of Parliament." The present tariff, however, does aim at a reversion of Nova Scotia's industries, by making manufactures the chief object of encouragement. As the natural resources of the province are unfavorable to such an arrangement, the tariff works mischief with the whole, and the consequence is depression and dissatisfaction. A lengthy and highly complimentary address was read by the Chairman, Hon. A. G. Jones, and Mr. Blake's speech in reply, of over two hours duration, was the ablest of all his able efforts during the campaign. The result of these speeches is yet to be realized, but the Liberals of the Dominion are content to wait for the fruition of time.

TARIFF PARAGRAPHS.

From the "Free Trade Bulletin," published by the New York Free Trade Club, we take the following:—

"FREE speech, free press, free soil, free men!" Why not Free Trade?

PROTECTION, says the *Iowa State Leader*, costs Iowa $20,000,000 a year.

AT the Democratic State Convention in Iowa, the mention of "Free Trade" brought down the thunder of applause. And there is lightning behind it.

THE direct effect of a protective duty, when it is really operative, is to compel on the part of the community employing such an agency, a resort to more difficult and costly conditions of production for the protected article.

WHEN a community adopts the protective policy, it commits itself to the indorsement of the principle that the development and propagation of obstacles is equivalent to, or the surest method of, developing or propagating riches.

IF the manufacturing interests for whose special benefit these tariff taxes have been multiplied, were required through an *excise tax* to pay to the government the percentage now levied upon foreign goods, the government, instead of the manufacturer, would receive all the difference in prices which the people pay, and the amount added to the revenue would be sufficient to liquidate the entire National Debt within three years.

A PHILADELPHIAN, writing to the New York *Times* in regard to the chaotic state of our iron industries, says:—

It seems almost paradoxical that, with the vast increase in facilities for manufacturing, after 25 years of practical experience and scientific developement, we should find ourselves less able to make both ends meet now than when the business was comparatively in its infancy. Looking at results as shown to-day, we are constrained to believe that tariffs, while promoting the general development of iron industry, have proved an injury instead of a benefit to individual enterprise.

—That is to say, the *bonus* offered by the Tariff has drawn so many into the business that there is now, even with the *bonus* not enough profit to go round.

THE GRAIN TESTERS.

So much has been said for and against the use of grain testers, that the following Order in Council, which is published in last Saturday's *Gazette*, will be read with considerable interest:—

VERIFICATION OF GRAIN TESTERS.

The following additional regulations have been added to the Order in Council of 14th August, 1879, under the Weights and Measures Act:—Grain Testers shall only be admitted to verification when:—

1. The cup or vessel for containing the grain is cylindrical, the diameter being equal to its depth, and holds some authorized sub-multiple of the gallon not less than one quart.
2. There is marked on the cup in clearly legible characters its true capacity in standard measure.
3. The counterpois is arraigned so that it can be sealed or stamped in such manner as will prevent its being tampered with or removed from the instrument to which it belongs without destroying or breaking the seal or stamp.
4. It gives true indication of weight according to the purport of the figures and divisions marked on the beam.
5. The knife edges and other working parts are in conformity with section B of the Order in Council of the 14th August, 1879.
6. It is accompanied by a hopper or apparatus for automatically filling the weighing cup identical as to form and dimensions with the one deposited in the Standards Departments at Ottawa, of which a sketch drawing with figured dimensions and instructions for use will be given to each Inspector of Weights and Measures.

The fee chargeable for verifying and stamping each grain tester shall be one dollar.

By this Order in Council, grain testers may be used by grain buyers, but they must be based on Imperial measurement, stamped; and there must accompany each tester a filter or hopper of approved dimensions, so that the tester may be filled in a uniform manner. This ought to please everyone.

—Last Friday Messrs. Herman Ming and Robert Smith, Napanee, captured at Captain John's Island twenty-one splendid bass in two hours' fishing.

W. W. McLean, Lyn P. O., writes:—I was afflicted with Rheumatism, and had given up all hopes of a cure. By chance I saw Dr. Thomas' Eclectric Oil recommended. I immediately sent (fifty miles) and purchased four bottles, and with only two applications I was able to get around, and although I have not used one bottle, I am nearly well. The other three bottles I gave around to my neighbors, ... that I ...

THE DEAF AND DUMB INSTITUTE AT BELLEVILLE.

MR. R. MATHISON AND HIS WORK.

Every humane person feels the deepest interest in the work of our public institutions, established for the amelioration of human suffering, or to impart to those afflicted with blindness or deafness an education that will enable them to be independent. The Institute for the blind, in this city, and the Deaf and Dumb Institute, at Belleville, are both worthy of entire confidence and support, and we have every reason to believe that both are in a most efficient condition. Mr. R. Mathison, the Superintendent of the latter, is now on a visit to the homes of the pupils, and at the same time he is seeking out those who have not yet availed themselves of the opportunities offered. The course pursued by Mr. Mathison has many advantages. It enables him to come in personal contact with the parents, who, in many cases, are too poor to go to Belleville to see their children, and it can hardly fail to show them that officials feel an interest in the welfare of their charge, and mutual confidence will thus make the work of the instructor easier. Mr. M. has visited Guelph, Stratford, St. Marys, Sarnia Windsor, Chatham, London, St. Thomas, Woodstock and Brantford, and Hamilton and other points remain on his list. While he has thus visited many of the old pupils, he has found twenty afflicted children who ought at once to attend the school. Fourteen of these will commence this session, and from all sources fully forty new pupils are expected to be present when the session opens next month.

One man at Chatham walked 14 miles to see Mr. Mathison, thus proving how much he appreciated the opportunity of making his acquaintance, and expressing his gratitude for the interest taken in his afflicted child.

All the deaf mutes in the country met Mr. Mathison at the Commercial this morning, and arrangements were perfected for their return to the Institute.—*Brantford Expositor* Aug. 27th.

THINGS THAT DON'T HAPPEN EVERY DAY

—A guest at the Crossman House, Alexandria Bay, has presented $400 to one of the College boy waiters named Colebrook, to whom he took a fancy.

—A Watertown chambermaid found $400 under the pillow of a guest's bed and returned it to the landlord, through whom it reached its owner.

—Clarence C. Allen of Stockbridge, Madison county, has begun an action for $10,000 damages against J. H. Lillibridge, whom he charges with robbing him of his wife.

—Thomas Riley who, a few years ago taught school in Millbrook, died at Buffalo on the 21st inst., leaving $600,000. He was unmarried, and with the exception of $75,000 left to a charitable institution, his fortune goes to his relatives, most of whom reside in Canada.

NEWS ITEMS.

—A bug somewhat larger than the potato bug has attacked the corn around Sandwich. It commences at the top of the ear and strips it clean. The insect is amber coloured, spotted black, and covered with fuzz. The head is large and flat.

—Two young boys, named Adelard Lemelin and Alfred Barras, went out on the river in a flat at Levis on Thursday and were nearly drowned by the upsetting of their craft. They hung on to the edges of the boat and were rescued by people from the shore.

—It is reported that a son of Martin O'Donnell, of Guelph, was killed recently by Indians in Idaho. It is said that the Indians had been committing some depreda ions on the settlers, who assembled 250 strong and pursued the Indians with a view to punishing them. The settlers were surrounded and not a man escaped.

—A man named James S. Ross, supposed to belong to Damarsh, Iowa, was found beside the track at Windsor on Wednesday morning in an unconscious state. A fracture of the skull above the left eye and numerous bruises about his legs and body lead to the supposition that he fell off one of the trains. He remained unconscious all day Wednesday, but was much better on the following day.

—On Saturday, August 20th, Mr. Jas. McArthur, of Kettleby, bound a seven-acre field of oats for Mr. Wilford Heacock. He commenced work at twenty minutes to seven in the morning, partoook of refreshments three times during the day, and finished the field at twenty minutes past six in the evening, binding 2,163 sheaves. The straw was not very long, but one part of the field was quite ripe and many bands broke.

—Sarnia has been invaded by an army of garter snakes. Numbers of them have been found lurking in out-of-the-way corners in private houses, stores, etc., and sometimes they cause a good deal of consternation by appearing in articles of clothing, in which they coil themselves up very comfortably. It is supposed that the drought which has prevailed inland has driven them in the direction of the river in search of water.

MINING NOTES.

(*Madoc Review.*)

Small forces of men are, we understand, at present developing the Dufferin and Nelson mines. Both are showing up well.

Work at the Malone gold mine is progressing briskly. Mr. Stewart was in town this week and reports satisfactory results.

Seventy-nine cars of ore were shipped from here last week. Shipments are stopped this week on account of the repairs at Moira Lake bridge.

We understand Mr. Munson intends commencing operations once more at the Sexsmith mine, as soon as he completes necessary arrangements.

The new skip-road at the hematite mine has been in operation for some days past. It works satisfactory and is a great saving of time and labor in hoisting ore.

It is stated that a Napanee Company has offered the owners of lot 25, in the 6th concession of Kaladar, which contains the celebrated bonanza that has given rise to so much excitement and speculation, the sum of $12,000 for the property. The offer was promptly and firmly refused, a very much higher figure being ... pally from Yorkshire and Derbyshire, arrived at the Consolidated Gold mining Company's mines on Tuesday. This will be a considerable addition to the present force. A number of the new houses at this place have already been completed, and the new mill was commenced a few days ago. Both building and mining operations are causing a genuine boom here, and are assuming the proportions of a gigantic concern.

ACREAGE OF CITIES.

The following figures are said to represent the number of acres included within the corporation of the cities mentioned:—St. Thomas, 1,450; Belleville, 1,495; Chatham, 1,650; Brantford, 1,781; Kingston, 2,300; Stratford, 2,835; Guelph, 3,210.

What an ambitious place the "Royal City" is! It is nearly three times as large as Belleville, and has but little over half our population.

A CANOE TRIP.

From Quebec to Toronto.

About a week ago two young lads named Kelly Evans, of Toronto, and Pendraves Ridout, of Kingston, started on a canoe trip from the latter place to Toronto. Evans had already journeyed in the frail craft from Quebec, and when they arrived in Toronto he had completed the whole distance inside of four weeks. The canoe was just 11 feet long and 2 feet 6 inches in width, and is named Blanche.

The time occupied in coming from Kingston to Toronto was just five days and a half. They several times scraped on sunken rocks, but no serious mishap occurred, and fine weather was experienced for most of the distance.

NEW ADVERTISEMENTS.

Loretto Convent,
B-E-L-L-E-V-I-L-L-E.

Painters, Papar-Hangers, etc.

MESSRS. TURNER & CORNELIUS take this opportunity of thanking the citizens of Belleville for the liberal patronage they have received during the past season, and trust by careful attention to business to merit their further custom. Both gentlemen are thorough workmen, and keep employed none but first-class men. All orders entrusted to them in their line—painting, paper-hanging, graining, calsomining, &c.,—will be promptly attended to, and at the lowest terms possible.
TURNER & CORNELIUS, Boss Painters, No. 1.
P. S.—Orders left at L. W. Yeomans' drug store, will receive necessary attention.

H. B. RATHBUN & SON.

T. DEWITT TALMAGE
In illustrating his imaginary Art Gallery hit the truth; but we, in our Art Gallery, hit the bright side of the truth, getting the Easy, Natural Position and Expression of our sitters. Our instantaneous process does it.—BROCK & CO.

5 YEARS—ESTABLISHED—5 YEARS
We do most earnestly invite any person wanting photos, to examine first, our every day work, and second, our Operating Room, Appliances and Conveniences. You will understand why our work pleases.—Brock & Co.

New Fall Goods.

WE are now receiving a large proportion of our early FALL PURCHASES in such as PRINTS, DRESS MATERIALS, EMBROIDERIES, FRINGES, FRILLINGS, LACES, &c, &c. These goods are low in price, and comprise the newest styles.

We are also opening up an assortment of SCOTCH TWEEDS and WEST OF ENGLAND CLOTHS of newest patterns in suiting lengths.

Carpets.

We have secured five bales—40 pieces—more of the same qualities of TAPESTRY CARPETS that we have been selling at 65c. and 75c. per yard. The value of these carpets is now so well known that we need not say anything about them. They cannot be equalled in the city under 90c to 95c per yard.

DAILY ONTARIO.

TUESDAY AUGUST 30, 1881.

Business Notices.

The word Falcon, the name of Esterbrook's well known steel pen, is derived from Falx, a reaping hook, suggested by the shape of the Falcon's beak.

Do you feel miserable, tired, half-sick, no appetite and out of sorts generally? Dr. Carson's Stomach and Constipation Bitters is just the medicine you want, a few doses will at once relieve you. Go to your Druggist and get a bottle, price 50 cents. R. Templeton, special agent.

☞ Wait's Homœpathic Remedies at Geen's drug store. See adv't. ☞ Just received at Geen's, "Vin-Sante," the new non-alcoholic beverage, also Montserrat Lime Fruit Juice.

☞ For choice *Easter* and *Birthday Cards* go to J. H. Ford's.

☞ At Geen's Drug Store you can buy an extra good Machine Oil, suitable for Reaping and Mowing Machines. If you want pure Paris Green go to Geen's Drug Store. A. L. Geen has just received a very large quantity of Window Glass from Belgium. Those requiring will do well to call; also those wanting Paints and Oils.

☞ Leading Druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by R. Templeton, Druggist.

☞ For nobby styles in young men's and boys' hats call at Muir's.

☞ See samples of *Easter* and *Birthday Cards* in Ford's window.

☞ Those in want of Hats will do well to call and see the Spring Styles, both American and English, at Muir's.

TRY IT.—*Fuller's Crown patent* is the best flour in Canada. Sold in small quantities by A. Knox, Wm. Dickens, W. Baron, Conger Bros, N. H. Peterson, and A. Henry.

In the ho months of July and August the Blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family-medicine. In large 8 ounce bottles, 50 cents, at R. Templeton's Drug Store.

Insure your Life in the

ONTARIO MUTUAL
LIFE ASSURANCE COMPANY,
OF WATERLOO, - - - - ONTARIO.

Government Deposit	$ 56,156 79
Full Reserve (Gov. Standard)	$188,349 68
Surplus over all Liability	$ 39,574 93

The Ontario Mutual has a reserve in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company!!

Deaths in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to each income, is smaller than any other Canadian Company!!

Exorbitant salaries and "bonuses" incident to companies located in large cities, and indulged in at the expense of the policy holders, have never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada!!

EXAMPLE

Policy No. 675 was issued in 1870 for $1,000; age 27, annual premium $19.44. premiums paid during the last 11 years. $155.30; but should the policyholder wish to with-draw from the Company, he could get $85.66 in cash, leaving the actual average cost $6.24 per annum, during the ages from 27 to 38, and subject to a still further reduction annually.

The above results show the advantages of assuring in this Company.

S. BURROWS General agent for this district, and F. M. CLARKE local agent. Their office is in the Ashley Block, Front Street, Belleville.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect speedily follows in an incurable lung disease or consumption BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritations, giving relief in Asthma, Bronchitis Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of

LOCAL AND GENERAL.

ONE poor and lonely inebriate had undisputed possession of the police cells last night.

THE office of Mr. E. H. LaRoche has been connected with Rathbun's office at the foot of Front Street by telephone, where orders may be left for coal.

THE 15th Battalion Band have been engaged to accompany the Union S. S. excursion to Campbellford on Wednesday, September 7th. The excursion is for the benefit of Christ and St. George's Sunday Schools.

THE funeral of the late Mrs. Thompson, mother of R. Thompson, Esq., yesterday afternoon, was very largely attended. This mark of respect showed in what high esteem the deceased lady was held by the citizens of Belleville.

WORK on the Nosworthy building is being vigorously pushed forward to completion, and in a few days the structure will be ready for the painter's brush. The Mizpah Lodge of Oddfellows are having a portion of the third story fitted up in excellent style for their use.

MR. HARFORD ASHLEY left on the evening train yesterday for Toronto, where he will be engaged for a few days giving instructions as to how the cheese factory at the exhibition grounds should be built, and the machinery placed therein. It is his intention to return to Belleville again before the exhibition opens.

MR. FLOWERS, who has been connected with the Deaf and Dumb Institute here for the past eight years in the capacity of Foreman of the Boot and Shoe Department, has resigned his position, and will remove to Toronto in a few days. We have not learned the name of his successor, but understand it will be a well-advanced pupil of the Institute.

A SMALLL gang of men are still engaged filling in the new wharf extension of Rathbun & Son at the foot of Front Street. While the work is not being carried on very vigorously, it will be completed some time, when the appearance of that part of the city will be somewhat improved, and the facilities for shipping and receiving goods over this dock greatly increased.

MR. ROBLIN is having the excursion car of the street railway nicely fitted up at Ald. Jas. St. Charles' carriage factory. Six seats have been placed across the platform of the car, entrance to which will be made from steps along either side, and not at the end, as is the case with the other cars now in use. The car will be surmounted by a tasty awning, and with other improvements will be ornamental as well as useful.

THE cause of the defective fire alarm yesterday was owing to the spring attached to the hammer having got misplaced. This, however, was soon remedied, and an alarm can now be sounded without any difficulty. It is a very fortunate circumstance that the irregularity in the fire alarm apparatus was discovered when it was, as had a fire occurred in the night, an enormous amount of damage could have been done ere the brigade were apprised of its existence.

MR. J. B. HARRIS, who has been engaged for two seasons giving instructions to dairymen in Eastern Ontario, having concluded his engagement with the Association, left for Toronto yesterday, where he will remain until after the Exhibition. During his engagement with the Eastern Dairymen's Association, Mr. Harris visited upwards of one hundred factories, and the instructions imparted by him were of a nature calculated to improve the manufacture of this dairy product; and we have no doubt they will have the desired effect.

A MAN is never so curious or desirous of viewing unfamiliar objects as when intoxicated, and that this was the case with one Horrigan, the following will testify: Between five and six o'clock last night he conceived the idea of examining the interior of the new Nosworthy building, but on reaching the second floor something that met his gaze proved too much for him, and he came tumbling down the stairs, topsy-turvy. Men who picked Horrigan up claim that he was badly injured, but it is probable his injuries are not of so serious a nature as represented.

THE principal business carried on at the docks to-day was the rafting of timber east of the Grand Junction dock. Mr. R. C. Strickland's timber has been rafted, and will be taken away to Quebec in a few days, while men are busily at work collecting and rafting Mr. E. Thompson's timber, the first of which arrived yesterday—six cars. The latter gentleman's timber is from Frazerville, along the line of the Midland Railway, but the remaining portion which Mr. Thompson purposes shipping from this port will be from Hastings. The timber is a fine specimen of the product of the forest.

THE fire yesterday afternoon in the stables recently tenanted by the late Felix Graham, must certainly have been the work of an incendiary, as the building was so inclosed as to prevent strangers from gaining entrance to it. A hole in the western wall, however, is sufficiently large to admit of a lighted match or a coal being dropped in on some straw—the manner in which the blaze doubtless occurred yesterday. This opening should be stopped up at once, for should a fire gain headway in this quarter during the present dry season, the loss would be very considerable.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

JUST received at Hennessy's twenty cases of new fall and winter dry goods, consisting of Scotch, Irish and Canadian Tweeds. (The largest stock in Ontario to choose from.) Grey Scarlet and white Flannels, Canton Flannels, Prints, Dress goods, Grey and White Cottons, Cloaking, Velveteens, Fringes, Silks, Satins, Trimmings &c. The cheapest dry goods and

LORETTO CONVENT will re-open on Monday, September 5th.

A SMALL number (two cars) of immigrants passed west this afternoon.

HODGSON & SON shipped a small quantity of cheese to Montreal to-day.

THE new sidewalk on east Front Street has reached the Commercial House.

TWO CAR loads of wheat were shipped to Montreal to-day by Downey & Preston.

THE noon train to-day was half an hour late, and the morning express over two hours behind its usual time.

ELEVEN CARS of ore arrived over the Grand Junction yesterday afternoon, in addition to those stated by us as having arrived in the morning.

OWING to an accident which disabled the *Annie Gilbert*, the Working-men's Temperance Association did not visit the sister society of Napanee last evening. They will probably go down on Monday next.

MR. ALFRED ELLIS has the sympathy of the community in his present affliction. The death of his wife, whose amiable qualities endeared her to all who knew her, has cast a shadow over his home that will long remain.

THE railway siding leading to Downey & Preston's elevator having been removed nearer the building, traffic over the road by vehicles will hereafter be unimpeded. We trust this will put an end to further complaining.

ROSA THOMPSON was charged at the Police Court this morning by Eliza Hannah with stealing a large number of household effects during her absence from the city. The case was enlarged until Monday next. An assault case from Tyendinaga was heard by the Magistrate this afternoon.

THE steam-yacht *Nautilus*, of Montreal, reached here yesterday afternoon with Dr. O. C. Edwards and T. H. Hodgson on board, among others. They left at five o'clock this morning accompained by Harry Hodgson, brother of the latter named.

THE excursion which passed here at eight o'clock this morning for Chicago was extensively patronized. About 30 persons got on here. Two trains had to be furnished, comprising 13 cars each, and when the trains left here, standing room could scarcely be obtained.

WE are pleased to state that Mr. S. B. Burdett, who was taken seriously ill on Wednesday last with an attack of imflimmation of the bowels, has so far recovered that he is now able to leave his room. His entire convalescene is but a matter of a few days, unless some unforseen difficulty intervenes.

ONE of the leading physicians of this city said several days ago that in the present stage of the President's case, he considered the greatest danger to be the probable formation of abscesses on the lungs or liver. To-day's telegrams show that the attending physicians recognize this danger as being paramount.

OWING to an accident which befell the steamer *Norseman* in Kingston harbor last night, her passengers—numbering about 400, from Port Hope and Toronto, and returning home from an excursion to the Thousand Islands—went west on the morning train. The damage we learn consisted of the breaking of a wheel.

THE Sabbath School Association of Sidney will hold an excursion from Trenton and intermediate ports to Fairlight Glen on Tuesday, September 6th, per steamers *Varuna* and *Utica*. The latter steamer will leave Belleville on the morning of the excursion at 7 o'clock. All those interested in Sabbath School work are asked to assist, and endeavour to make the event a success.

WEATHER BULLETIN.

TORONTO, Aug. 30.

Moderate to fresh winds, mostly from the east and south, continued fair, warm weather.

DASHES.

—The *Gateway Express* says prairie fires are raging in Manitoba.

—London papers say the late Dean Stanley wanted to marry Jenny Lind.

—The present quarter of the moon is a wet one, if the old Dutch prediction holds good.

—The ministers of some of the Anglican Churches of Toronto prayed for rain on Sunday.

—The inventor of barbed-wire for fencing has an income of about $100,000 per month, we are told.

—A petition has been lodged before Judge Torrance, of Montreal, to prevent the telegraph companies from raising the rates.

—Mr. Cyrus Griffin owns a farm of 100 acres near Brantford. This year his wheat crop is 1,400 bushels, with all other crops in proportion. That's profitable farming.

—An Iowa woman ate two large watermelons, and her last words to her husband were: "Dear John, teach the children to not be as big a fool as their mother was."

—Says the Oswego *Palladium*:—Mrs. Edward Laws of Fulton, who last Monday eloped with W. A. Hubbard, taking her two children along, has been heard from in Kingston, Ont.

—The Brotherhood of Locomotive Engineers was organized in April, 1863, over eighteen years ago, in Detroit, when it numbered only twelve. It now numbers nearly 10,000, and is steadily increasing.

—A locomotive is now in progress of construction the motive power for which will be furnished from crude petroleum in lieu of coal. It will, it is said, be running between New York and Chicago next month.

—Mary E. Tillatson has been arrested in Jersey City, because she dressed like Dr. Mary Walker—wore a plug hat, standing collar, white vest, black pants, and swallow-tail coat. The justice discharged her, and apologized for the arrest.

The reduction of the public debt of the U. S. for August is expected to be $17

MONTREAL THISTLE SOCIETY.

The Annual Gathering on Saturday.

There was a large attendance at the annual gathering of the Thistle Benefit and Social Society of Montreal last Saturday afternoon. The leading Athletic Champions of America were present, and the games were very interesting. The management was taken by Chief McKinnon, of this city, and the *Herald* says "to him is due in a great measure the success of the gathering." Mr. A. A. Macdonald, of Glengarry, who was lately in Belleville visiting his uncle, J. P. Macdonald, Esq., distinguished himself as a heavy-weight athlete. Chief McKinnon made an attempt to beat his record of 98 ft. and 118 ft. in throwing the heavy and light hammer for a special gold medal presented by the Society. The attempt was successful, the distance made in throwing the heavy hammer being 99 ft. 7 in., and in throwing the light hammer 121 ft. 3 in.

The *Herald* remarks:—The games were over about six o'clock, everything passing off successfully. Mr. Hugh McKinnon left for Belleville on Saturday night, receiving a hearty send off by a large number of his friends.

MARINE NOTES.

—Sailors wages have been raised at Kingston. The rates are $1.50 on Lake Ontario and $1.75 through the Welland Canal.

—The Ogdensburg Journal is of the opinion that the steam yacht "Lancet" can make better time than she did on Thursday.

—The Emma won the race with the Victorine at Clayton yesterday. The latter gave up before the course was sailed over, having carried away her topmast. We are of the opinion, however, that the Emma is everyway the better yacht. She is probably the fastest of her size on the inland lakes.

DISTRICT NEWS.

—Geo. Locie, of Hallowell, comes to the front with a stalk of ordinary yellow corn which measures ten feet in height.

—Mr. Edly Brown, of Fredericksburg, sowed a half bushel of white Russian wheat and it yielded seven and a half bushels.

—The grading on the branch line of railroad from Marysborough to Deseronto is completed, and the ties will be placed and the rails laid at once, and Deseronto will make another long stride cityward.

—An aged couple named Wm. Milburn & wife, who live in the rear of Richmond Township, were robbed of a chest one night last week, which contained $195 in cash, a note for $100, and a quantity of clothing.

—Nearly another gas suffocation in Napanee. On Thursday night a stranger, who registered himself "J. Carter, Brockville," and paid for his bed in coppers, blew out the gas in his room and was found about 12 o'clock in a stupified condition.

Telegraphic Despatches.

The Wounded President.

STILL IN A CRITICAL CONDITION—A CHANGE FOR THE WORST MAY OCCUR ANY MOMENT.

NEW YORK, Aug. 30. — Washington special to the *World* say Boynton says the President occasionally grows facetious about his own condition. At the same time every day, while the brain was in an anæmic condition the President imagined himself in a Cabinet meeting, at the close of which he would say:—I guess we'll close doors and not see any one just now, for I am getting tired." Then he would drop off asleep.

The *Sun* say the President's high fever yesterday was a bad sign. Some days the fever has come as a predecessor of another relapse. While the physicians said the fever had subsided, and the general condition of the patient remainad as before, they certainly seemed more anxious last night than since Saturday. The physicians do not find the President getting any stronger.

Barnes yesterday spoke almost despairingly of the great and he fears growing weakness. The nourishment now taken seems just equal to sustaining the President's vitality against the drain which the wound and swollen gland make. Any new demand upon his vitality would probably be fatal. Such a demand would follow the discovery of an abscess on the lungs or liver or on any vital organs. Physicians have no assurance that at any hour their examinations will not show such an abscess forming. One of them said yesterday the very next bulletin might chronicle such a discovery.

The best Agnew would say last evening, when asked if the President would get well, was "I hope so;' but the words were uttered in a tone that did not warrant any great encouragement.

Bliss has told no member of the Cabinet anything but that the President still remains in a critical condition, and that two or three days must elapse before any well-founded hope of recovery can be entertained. The public should be prepared any moment to hear of a change for the worse, while they may entertain a reasonable hope that before long the President's face will be set toward recovery.

Bliss says the enemata have been discontinued because the President's stomach is doing so well, and the general condition so much improved. Unless necessity arises they will not be resumed.

Mrs. Edson told the President yesterday she did not see how he could help getting well, as every one was praying for his recovery. At this he only smiled and looked very well contented.

The *Times* says the President yesterday morning asked his wife how she was. She said:—"I am happy, because I feel my prayers have been answered. I have not trusted in God in vain."

AFTERNOON.

WASHINGTON, Aug. 30.—Capt. Henry is reported saying the swelling on the President's face was a fierce, angry looking swelling, and in his belief was a carbuncle. He added the President has all his life suffered from them.

Forty men, of Holton, N. J., have

FROM OTTAWA.

OTTAWA, Aug. 30.

Dr. Grant's name is mentioned in connection with the vacant Senatorship.

A number of creditors are mourning over the absence of T. Bisbee, proprietor of an extensive carriage factory on Sparks street. He left on Thursday last for Montreal, ostensibly to transact some business. He has not been heard of since, and the creditors have taken charge of the business. A servant girl, who was living with him disappeared suddenly about the same time, and it is generally believed they have eloped. She is represented by those who know her as a most fascinating woman. He leaves behind a wife and one child.

Bush fires are beginning to attract the attention of lumbermen and farmers. So far, however, no very great damage is reported. Rain is badly needed.

There is a great demand for good timber limits, several English capitalists having commissioned prominent lumbermen to negotiate for them.

FROM QUEBEC.

Quebec, Aug. 30.—The *Chronicle* publishes the following explanation respecting the reported loss of life by a yatching accident:—Mr. Tache telegraphed to us yesterday we are happy to state, that he was alive and well, and had been the victim of no accident at all. Information was then received here apparently from a good source, that a yacht lately the property of Mr. Tache had actually been lost, and that four person had been drowned, namely, Messrs. Bechard, jailor; Martin, notary; Messier, merchant; and a youth named Taschereau. The *Courier du Canada*, in announcing this version of the story last night, stated that the dead bodies of the three first mentioned persons had been found on the Isle aux Corneilles, opposite Kamouraska. Having taken the precaution last evening to telegraph again for information respecting the gentlemen thus referred to, we are happy to state that a despatch was received by us late last night, stating that they were all alive well. The captain of the schooner still adheres to his story, however, of the loss of a yacht opposite Kamouraska on Saturday afternoon.

CONDENSED TELEGRAMS.

Marvin, the alleged forger and bigamist, married 14 women.

Two of the foremost young lawyers of Va fought a duel recently. One wounded.

Two freight trains collided on the Erie Railroad yesterday. Fifty heavily loaded cars wrecked. Damage immense. One fireman killed.

DIED

ELLIS—On Monday, August 29th. in her 58th year, Harriet, beloved wife of Alfred Ellis.

The funeral will take place to-morrow, Wednesday, at 5 p.m., from the family residence, Station Road, to St. George's Church, thence to the cemetery by road.

GREAT CAUSE OF HUMAN MISERY
IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and ... Physical Incapacity Impediments to Marriage ... resulting from excesses.

Price, in a sealed envelope, only 6 cts. ... two postage stamps.

The celebrated author, in this admirable ... clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicine or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hand of every youth and every man in the land.

Address,

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness early decay, loss of manhood, &c., I will send a recipe, that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City.

THE GREAT FEMALE REMEDY
JOB MOSES PILLS

This invaluable medicine is unfailing in the cure of those painful and dangerous diseases to which the female constitution is subject. It invigorates the debilitated and delicate, and by regulating and strengthening the system fortifies the youthful constitution for the duties of life, and when taken in middle or old age proves a real blessing; and on the approach of child birth these pills should be used two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution; lessen the suffering during labor, prevent weakness of the organs, and enable the mother to perform her duties with comfort to herself and child. In all cases of of Nervous Spinal Affections, Pains in the Back and limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites and Blues, these pills will effect a cure when all other means have failed, and, although a powerful remedy do not contain iron, calomel, antimony, or any thing hurtful to the constitution. Full directions is in the pamphlet round each package. JOB MOSES, NEW YORK, SOLE PROPRIETOR. $1.00 and 12 cents for postage, enclosed to Northrop & Lyman, Toronto, Ont., general agent for the Dominion, will insure a bottle containing over 50 pills, by return mail. For sale by all druggists in Belleville, G. T. Wilson' Man Boulter, Stirling W C Barke, Trenton and all medicine dealers

NORTHERN TEXAS offers greater attractions in way of good, cheap lands, healthy country, mild climate abundance of timber and water, diversity of products, than any other region now open to settlement. In this rapidly developing section, the Texas & Pacific Railway has in operation over 800 miles of road, along which are to be had, at low prices and on easy terms, millions of acres of good and cheap Railroad and Government lands, but recently opened for settlement. For circulars and maps giving truthful information, address W. H. ABRAMS, Land Commissioner, T. & P. Railway, Marshall, Texas.

LOW INTEREST.

I AM now lending money on good farm and town properties at seven (7) per cent. and seven and a half (7½) per cent. Interest payable yearly on terms to suit borrower.

Principal repayable either in enstalments, or at the end of the term for which the loan is taken, or at any time by giving notice.

On really first-class loans, or farm property, I can lend at *even lower rates, viz.: From six (6) to six and one half (6½) per cent.*

Now is the time for farmers to pay off previous loans borrowed at high rates and gain the benefit of the present reduction of interest as rates may go up again.

Good News for the Multitude!

CHOICE FLOUR VERY CHEAP!

THE Guelph Patent Process Flouring Mills have opened a RETAIL STORE in the

MASONIC BLOCK,

Belleville, opposite the Upper Bridge.

These Mills are situated in the best wheat growing section of Ontario, and flour made in them cannot be surpassed, if equalled, in Canada.

All sales guaranteed to give entire satisfaction, and will be sold cheaper than any equally good flour any where.

Try a sample lot and see what good ...

ELECTRICITY! THOMAS EXCELSIOR ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD. Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents ... worth has cured crick in the back, and ... the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, it cures are truly wonderful."——Wm. McGuire, of Franklin writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now.——H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil. I am nearly out, nothing equals it."——J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."——J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

nothing. Mary, they said you were in peril; I could not endure that thought, so I uttered the truth—yes, though I knew what the consequence would be—and all I want now, is for you to say you believe me when I declare, that I only meant to secure to you the fortune you so much desired; that I never dreamed it would come to this; that it was because I loved you and hoped to win your love in return that I—'

But she did not seem to see him, did not seem to hear him. Her eyes were fixed on Henry Clavering with an awful inquiry in their depths, and none but he could move her.

'You do not hear me!' shrieked the poor wretch. 'Ice that you are, you would not turn your head it I should call to you from the depths of hell!'

But even that cry fell unheeded. Pushing her hands down upon his shoulders as though she would sweep some impediment from her path, she endeavored to advance. 'Why is that man here?' cried she, indicating her husband with one quivering hand. 'What has he done that he should be brought here to confront me at this awful time?'

'I told her to come here to meet her uncle's murderer,' whispered Mr. Gryce into my ear.

But before I could reply to her, before Mr. Clavering himself could murmur a word, the guilty wretch before her had started to his feet.

'Don't you know?' cried he; 'then I will tell you. It is because these gentlemen, chivalrous and honourable as they consider themselves, think that you, the beauty and the Sybarite committed with your own white hand the deed of blood which has brought you freedom and fortune. Yes, yes, this man—' turning and pointing at me—' friend as he has made himself out to be kindly and honourable as you have doubtless believed him, but who in every look he has bestowed upon you, every word he has uttered in your hearing during all these four horrible weeks, has been weaving a cord for your neck—thinks you the assassin of your uncle (as does, perhaps, this other who calls you wife) unknown that a man stood at your side, ready to sweep half the world from your path if that same white hand rose in bidding. That I—'

'You?' Ah! now she could see him, now she could hear him!

'Yes,' clutching her robe again as she hastily recoiled 'didn't you know it? When in that dreadful hour of your rejection by your uncle, you cried aloud for some one to help you, didn't you know—'

'Don't!' she shrieked, bursting from him with a look of unspeakable horror. 'Don't say that! O,' she gasped, 'is the mad cry of a stricken woman for aid and sympathy the call for a murderer?' And turning like a dog struck to the heart by the deadly arrow, she moaned, 'Who that ever looks at me now, will forget that a man—such a man—such a man! a man so low I have ever disdained to let my shadow fall beside his, lest we should seem to walk on the level—thought dared to think that because I was in mortal perplexity I would accept the murder of my best friend as a relief from it!' Her horror was unbounded. 'O what a chastisement for folly!' she murmured. 'What a punishment for the love of money which has always been my curse!'

Henry Clavering could no longer restrain himself. Leaping to her side, he bent above her. 'Was it nothing but folly, Mary? Are you guiltless of any deeper wrong? Is there no link of complicity between you two? Have you nothing on your soul but an inordinate desire to preserve your place in your uncle's will, even at the risk of breaking my heart and wronging your noble cousin? Are you innocent in this matter? Tell me!' Laying his hand on her head he pressed it slowly back and gazed into her eyes; then without a word took her to his breast and looked calmly around him.

'She is,' said he.

It was the uplifting of a stifling pall. No one in the room unless it was the wretched criminal shivering before us, but felt a sudden influx of hope. Even Mary's own countenance caught a glow. 'O,' she whispered, withdrawing from his arms the better to look into his face, 'and is this the man I have trifled with, injured, and tortured, till the very name of Mary Leavenworth might well make him shudder! Is this he whom I married in a fit of caprice, only to forsake and deny? Henry, do you declare me innocent in face of all you have seen and heard; in face of that moaning, chattering wretch before us, and my own quaking flesh and manifest terror; with the remembrance on your heart and in your mind of the letter I wrote you the morning after the murder, in which I prayed you to keep away from me as I was in such deadly danger, the least hint given to the world that I had a secret to conceal would destroy me? Do you, can you, will you, declare me innocent before God and the world?'

'I do,' said he.

A lifetime of torture is often endured by the rheumatic. Their pangs may, however, be promptly relieved and the disease eradicated with Dr. Thomas Eclectric Oil, which is, moreover, a swift and thorough remedy for neuralgia, lame back, sores, bruises, frost bite, corns, excoriated nipples, inflamed breasts, liver complaint, and all affections of the breathing organs.

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land, Messrs. PARRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN-KILLER," that retails ... all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchased it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for ... cents is large enough to last a person ... long time, and will be found a convenient medicine chest, compact and useful ... all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

ENJOY HEALTH.

The "Mandrake Bitters," world-known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a consitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocoate Essence for afternoon use.

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleveland, Ohio

RANKS OVER ALL OTHER MAKES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.

CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

Ayer's

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,

Practical and Analytical Chemists,

LOWELL, MASS.

For Tweed and Bridgewater at 2 p.m.
For Trenton at 3 p.m.
For Ameliasburg, at 2 p.m.
Stages from Stirling arrive at 11 a.m. and from Trenton at 10 a. m., and other places about 11

DAILY ONTARIO.

THE HISTORY OF A NOTED JERSEY COW.

The following history of the noted cow, Jersey Belle of Scituate, is given by her owner, Charles O. Ellms, Esq., Scituate, Mass.

"The famous cow Jersey Belle of Scituate (7,828 H. R.) whose death has recently occurred, was owned by me, and was obtained when a calf from Mr. Ed. D. Sohier, of Cohasset on account of the butter qualities of her dam. Her pedigree traces four times to Dick Swiveller, a noted bull of his day; Flora, Colonel and Countess, all noted animals, the last three imported by Mr. Thomas Motley, thus continuing 'the blood of the Howards.' Flora made 511 pounds of butter in one year, and was considered the 'best cow that ever crossed the Atlantic.' In the Massachusetts Agricultural Report of 1876 there is an admirable cut and account of her. After mentioning her ancestry it says: 'Jersey Belle of Scituate is five years old. She made in March nineteen and a half pounds of butter a week; in June, sixteen pounds; in September, fourteen pounds per week; and in December, ten months before calving, she was making a pound per day, and due to calve in two months. Five quarts of milk made a pound of butter all through the summer, and in December four quarts made a pound of butter. Her feed in summer was common pasture. She was kept in the barn over night and had two quarts of shorts. In the winter, she was fed on rowen hay and two quarts of shorts per day. It is a remarkable yield. On Feb. 25th 1877, she calved, and the 5th of March next following she made three pounds and six ounces of butter; in the three days following she made nine pounds and nine ounces; that week she made twenty one pounds and five ounces; and in eleven days thirty-two pounds of butter. For five months she averaged nineteen pounds per week. One morning's milking in July made one pound and ten ounces of butter. Up to Aug. 1st of that year she made 400 pounds; to September, 472 pounds, to October, 532 pounds; and to March 5th, 1878, 705 pounds for the year. She calved again, May 10, 1878, and in one week she made twenty-two pounds and thirteen ounces of butter. Jersey Belle milkings of Sept. 29 and 30, 1877, made three pounds and fourteen and a half ounces of butter, which was on exhibition at the Marshfield Agricultural and Horticultural Fair. There were also shown at this time the cow and her progeny, and they were the centre of attraction, drawing forth great econiums from the President of the Society and distinguished speakers who were in a position to know to what extent blooded stock is imported. The editor of the Boston Cultivator said: 'A society which could show such a cow as Jersey Belle might well be proud, for such an animal could not be matched in this country or in the world'—her friendly rival, Eurotas, (owned by A. B. Darling, of the Fifth Avenue Hotel, N. Y.) having scored above her, making 778 pounds in one year, and in one week twenty-two pounds seven ounces of butter. Jersey Belle was tested for the week, June 15 to 21, 1880, inclusive, seven days. She was giving forty-five pounds of milk at the beginning of the test and forty-four at the close. She calved on the 7th of June. The butter from the 1st four days (produced at one churning) was fourteen pounds and eight ounces and the next three days she gave ten pounds and eleven ounces, or a total of twenty-five pounds three ounces for the week, thereby making the highest record ever known for one week. In the color of her butter Jersey Belle was as remarkable as in her great yield. Butter from her milk in summer and winter is of the same golden color, so rich that the best judges find great difficulty in believing that it has not been artificially colored until they see the cream. In midwinter the editor of the Massachusetts *Ploughman* says: We have just received some of Jersey Belle's butter of such brilliant yellow color and delicate sweetness that the term 'gilt edge' seems imperfectly to describe its merits, it should the more properly be called 'solid gold.' In her anatomy she had three great physical requisites—ample storage capacity, full channels of supply, and a great digestive power, and her physical construction and constitution made a perfect magazine of vital and procreative force and assimilative energy, forming that well-balanced organization, well worthy of the richness of the blood that coursed through her fine veins, and as one drew quart after quart from the large udder (that measured five feet and three inches around on a level with those five well-developed milk veins) they stood no longer in amazement to know where the milk came from. Jersey Belle has left the following: Belle of Scituate (7,997), Lass of Scituate (9,555), Maid of Scituate, Lady of Scituate, King of Scituate, Duke of Scituate, and the calf lately born. Lass of Scituate (9,555) is owned by Colonel H. S. Russell, and stands at the head of his fine herd at Home Farm, Milton; Duke of Scituate is owned by A. B. Darling, of the fifth Avenue Hotel, and some of his stock brought high prices at the late Kellogg sales in New York City. The rest are in Scituate. In the death of Jersey Belle of Scituate the Jersey breeding community have met with a great loss, as so many were intending from all sections to breed from her, and in the town of Scituate there is universal regret, as so long there she has been the great attraction of the town. Many thousands have come from all parts of the Union and the Canadas to see her; she was as well known in Mississippi as in Massachusetts, and the town of Scituate will be as well known as the home of Jersey Belle as Marshfield and Ashland are for their illustrious dead. Thus has passed away one of the noblest animals that ever stood, and in future years, when the present generation has gone, she will be spoken of in terms of the highest praise for her remarkable doings.

WOMAN'S TRUE FRIEND.

A friend in need is a friend indeed. This none can deny, especially when assistance is rendered when one is sorely afflicted with disease, more particularly those complaints and weaknesses so common to our female population. Every woman should know that Electric Bitters are woman's true friend, and will positively restore her to health, even when all other remedies fail. A single trial always proves our assertion. They are pleasant to the taste and only costs fifty cents a bottle. Sold by Jas. Clarke & Co.

QUESTION YOUR DRUGGIST,

and he will tell you, that there is a greater demand for SOZODONT than for any other preparation for the teeth. Then ask your self whether an article for which the demand is general and constant, must not posses genuine merit. The mental response will be that it does, since the conclusion is irresistible, that if it did not really polish and preserve the teeth, a discerning publice would long since have discover the fact. It advertises itself.

Consumption Cured.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis catarrh, asthma, and all throat and lung effections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt in his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relief human suffering. I will send free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Send by mail by addressing with stamp, naming this paper, W. W. Sherar; 149 powers Block Rochester, N. Y.

A WANT SUPPLIED!
—o—
SOMETHING NEW IN BELLEVILLE!
—o—

HAVING cast in my lot with the citizens of Belleville, I am desirous, for our mutual benefit, of becoming acquainted, as soon as possible, with any who are or may be in want of anything in my line. For this purpose I extend to all a cordial invitation to pay a visit of inspection to my

PUMP WORKS

on the premises lately occupied by Mr. H. Thompson, at the west side of the Lower Bridge, and shall be happy to show them my stock. I would call particular attention to my

Boom and Model Pumps,

which are acknowledged by all who have seen them to be the acme of PERFECTION and SIMPLICITY.
Besides being ordinary Lift Pumps they have also the additional advatage of being first-class

FORCE PUMPS

and can be converted from Lift to Force in a few seconds.
My stock comprises FIVE (5) ENTIRELY DIFFERENT DESIGNS, and a sample of each is now on exhibition in working order, and their seperate capacities and powers will be gladly explained to all who may call.
Custom work and job work of all kinds will be carried on at my planing mill and all orders shall receive prompt and careful attention.
HENRY OWENS.
April, 30th, '81 d&w

A Rich Glossy Finish is given to the hair by the use of Bearine which is fragrant and healthful.

The most miserable man in the world is the dyspeptic, and dyspepsia is one of the most troublesome difficulties to remove it, but Burdock Blood Bitters always conquer it. It stimulates the secretions, regulates the bowels, acts upon the Liver, aids digestion, and tones up the entire system. Trial Bottles 10 Cents, Large Bottle $1.00.

I have been cured of a cancerous sore on my left side by seven clothes of Bristol's Sarsaparilla and five phials of the Pills. The sore had troubled me for a year and a half.—George E. Stone, Ballarot, Victoria.

The Greatest popularity of Dr. Fowler's extract of Wild Strawberry is where it has been longest known. Time cannot detract from its merits. It is the old reliable remedy for all bowel complaints incident to the summer season.

Do not drug the system with nauseous purgatives that only debilitate. Burdock Blood Bitters is a nature's own Cathartic, it acts at once upon the Bowels, the Skin, the Liver and the Kidneys, arousing all the secretions to a heal hy action. It purifies the Blood and cures all Humors, even the worst form of Scrofula, and tones up the Nervous and Debilitated.

It is generally admitted that there cannot be anything more exquisitely delicate for perfuming the handkerchief than Murray & Lanman's Florida Water; but its great and distinctive property is its adaptability to the uses of the bath. It is the only perfume that we know of especially and particularly suited to use in this way. The power it has of imparting to the waters of the bath great soothing, refreshing, and invigorating, effects, is peculiar to itself.

The Liver is the grand purifying organ of the system; when inactive or obstructed bad blood and ill health are certain results. Burdock Blood Bitters cure all diseases arising from disordered Liver, Stomach, Bowels or Kidneys, purifying, restoring and strengthening. It regulates the Bowels, cleanses and enriches the Blood, and imparts tone to every organ of the body. Trial Bottles 10 Cents.

The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore, when you take a cold, use "Bryan's Pulmonic Wafers," and thus prevent the necessity for taking them in more dangerous complaints. To be obtained of all druggists and county dealers at 25 cents a box.

When doctors disagree who shall decide? The people often decide by "throwing physic to the dogs," and trying Burdock Blood Bitters, and the result is always satisfactory. Burdock Blood Bitters is the Multum in Parvo of medical science, curing all diseases of the Blood, Liver and Kidneys. A trial bottle only costs 10 cents.

Persons who are very susceptible to sudden changes of weather would do well to keep a supply of G[ra]y's SYRUP OF RED SPRUCE GUM in the house. This Syrup is a scientific preparation of the Gum which exudes from the Red Spruce Tree, and holds a large quantity of the Gum in perfect solution, never separating. Its remarkable power in relieving certain forms of Bronchitis, and curing obstinate, hacking Coughs, is now well known to the public at large. No remedy can equal it as a safe and thoroughly reliable Cough Medicine. Sold by all chemists. Price 25 and 50 cents per bottle.

Reader have you tried every known remedy for Chronic disease, Impure Blood, disordered Liver or Kidneys, Nervous and General Debility, Constipation of the Bowels, with the manifold sufferings pertaining thereto? Have you given up in despair? Try Burdock Blood Bitters; it will not fail you. A Trial Bottle only cost 10 Cents, Regular size $1.00. Any dealer in medicine can supply you.

NEWCASTLE, ONT., March 11, 1880.
I have handled and sold Perry Davis' Pain-Killer for the past twenty-five years, and my customers who are in the habit of using it, speak in the highest terms of the curative properties and uniform preparation of the same. It has stood a severe test among the many dozen of similar preparations brought out in imitation of the old and genuine Perry Davis' Pain-Killer, and to-day stands amongst the first in my estimation of them all.
R. FOTHERGILL,
Pharmaceutical Chemist.
See advertisement in another column

PROVIDENCE, R. I., Sept. 16, 1874.
DR. GILES:—I paid one hundred dollars to veterinary surgeon for medicine and tendance on a valuable saddle-horse, without any benefit. He was lame from a curb more than a year, and useless in consequence of it. No remedy I could find had any effect I applied the Liniment Iodide Ammonia, and, to my great surprise, found that it removed both lump and lameness. Having driven him recently over a very rough road, sixty miles in two days — two of the hottest days this summer — without the least symptom of return of curb or lameness. As a precaution, I took a bottle of Liniment with me, but had no occasion to use it. In all cases where a Liniment can be applied, it gives me the greatest satisfaction. J. B. TALLMAN.
Sold by all druggists. Send for pamphlet DR. GILES, 120 West Broadway, N. Y.
Trial size 25 cents.

POWER OF SPEAKING RESTORED.
NEWARK, ONTARIO, D.C., March 30, 1870.
JONAT GOTHERINGILL writes:—Some two months ago my son lost his voice. None of the physicians could do him any good. Two hours after taking the second dose of Fellows' Hypophosphites his power of speaking was perfectly restored.

FREE OF CHARGE.
All persons suffering from Coughs, Colds, Asthma, Bronchitis, Loss of Voice, or any affection of the Throat and Lungs, are requested to call at James Clark & Co Drug Store and get a Trial Bottle of Dr King's New Discovery for Consumption, free of charge, which will convince them of its wonderful merits and show what a regular dollar size bottle will do. Call early.

A CROWNING MERCY TO THE CORNED.
Unequalled by any remedy in the world—PUTNAM'S PAINLESS CORN EXTRACTOR, the new remedy for corns. Never fails to cure; never produces pain; never makes deep cavities in the flesh. A sure, prompt, and painless remedy for corns. Sold by druggists throughout the Dominion. Don't fail to try it.

AN OFFENSIVE BREATH
is abominable, and there is no excuse for it. SOZODONT will always eradicate this evil from whatever cause. But there are thousands who utterly neglect any care of their teeth, and suffer their breath to become tainted. They puff their gossip into the faces of their listeners regardless of the annoyance they inflict.
Keep a bottle of SPALDING'S GLUE, and apply to such gossip's lips.

DO NOT BE DECEIVED.
In these times of quack medicine advertisements ever[y]where [illegible]

fying to find one remedy that is worthy praise, and which really does as recommen[d]ed. Electric Bitters we can vouch for being a true and reliable remedy and [one] that will does recommended. They invaria[bly] cure stomach and Liver Complaints, Disea[ses] of the Kidneys and Urinary difficulties. [We] know whereof we speak, and can readily s[ay] give them a trial. Sold at fifty cent[s a] bottle, by James Clark & Co.

LIVER COMPLAINT AND INDIGES[-]TION.
DEAR SIR;—My business has been that an engraver and carver in wood. Owing [to] confinement to ill-ventilated rooms [my] health gradually declined, when I was una[ble] any longer to prosecute my business. [At] this time I was suffering from great pro[s]tration of strength, extreme indigestion a[nd] disordered liver. My usual weight was 1[..] pounds, but I had become so much emaciat[ed] that I weighed but 109 pounds. In the ear[ly] part of May last I commenced taking t[he] PERUVIAN SYRUP, and almost immediate[ly] felt its tonic and invigorating influence. [In] the course of four months I used four bottl[es]. My weight this day is 149 pounds. I ha[ve] neither liver complaint nor indigestion, b[ut] consider myself in a perfect state of healt[h] and in good spirits. JAMES MORSE, No. [4] Pleasant St., Charlestown, Mass. Sold [by] all druggists.

BRONCHITIS.
From John Flagg, Esq., of Bennington, N. [H.]
"Three years since I was very much tro[u]bled with a dreadful cough, which resulted i[n] Bronchitis, affecting me so severely as to ren[der] it difficult to speak in an audible voice. To this was added severe night sweats, and [I] was fearful of going into a decline. After recourse to various remedies, to no purpose, [I] made use of Dr. Wistar's Balsam of Wil[d] Cherry, a few bottles of which fully restored me to health. Since that time I have ha[d] several severe attacks of cough, but the Balsam has always removed them. I always keep i[t] by me, and should not know how to do without it."
50 cents and $1 a bottle. Sold by all druggists.

INEXPENSIVE HAIR RESTORER. LOCKYER'S SULPHUR HAIR RESTORER will darken grey hair, in a few days bringing back the colour. The effect is superior to that produced by a direct eye, and does not injure the skin. Lockyer's is equal to the most expensive. It is the best for restoring grey hair to its former colour. Produces a perfectly natural shade. Valuable for destroying scurf and encouraging growth of new hair. Sulphur being highly prized for its stimulant, cleansing, healthful action on the hair glands. Lockyer's Restorer is strongly recommended. It is most agreeable in use, and never fails in its action. No other hair dressing is requisite. Large Bottle, 1s. 6d. Sold by chemists, Hairdressers, and Perfumers everywhere.

"SULPHOLINE LOTION.—An External Means of CURING SKIN DISEASES. There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic, whilst, old, enduring skin disorders, they have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalcula which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine" Lotion is sold by most chemists. Bottles, 2s. 9d. Made by J. PEPPER & Co., London, Eng.

LIVER AND STOMACH PILLS. DR. KING'S DANDELION AND QUININE LIVER PILLS.—These famous Pills do not contain even a trace of Mercury, or any of the many dangerous ingredients frequently found in advertised Pills. This fact continues to keep Dr. King's renowned discovery in front of all Pills whatsoever, as the safest, best, speediest, most certain, and effectual remedy for disorders of the Liver and Stomach, whether in the form of Bilousness, Constipation, Indigestion, Flatulence, Acidity, Headache, Shoulder Pains, Feverish Kestlessness of the whole system, Disinclination for Food, or Dyspeptic symptoms generally.

LIVER MEDICINE. TARAXACUM AND PODOPHYLLIN. This fluid combination, extracted from medicinal roots, is becoming very popular, and is now used instead of blue pill and; calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine, and, as a real fact, is prescribed by many doctors. Taraxacum and Podophyllin is a fluid mrde only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. It is important to notice this. Bottles, 2s. 6d. Sold by all [c]hemists.

The Dandelion Extract contained in Dr. King's Pills, by its well-known action on the Liver (the most important gland in the whole form), causes the bodily secretions to flow in a regular manner, and, conjointly with the Tonic ingredients, greatly invigorates, so maintaining the great portals of the system in the fit condition to secure good health. These Pills have been in widespread use for a great number of years, and nothing but good is spoken of them everywhere. Any Chemist sells them, in Boxes 1s. 1½d. and 2s. 9d. each. Made by PORRE, London, E[n]g.

GREAT BODILY STRENGTH. PEPPER'S QUININE AND IRON TONIC strengthens the nerves and muscular system, improves digestion, animates the spirits, recruits the health, rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, indigestion, fevers, chest affections, [illegible] lung diseases, scrofulous tendencies, [illegible] whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain [illegible] doses, 4s. 6d. Sold by Chemists [illegible]re. The name of J. PEPPER [is] on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. Insist on having "Pepper's Tonic."

DAILY ONTARIO

WEDNESDAY AUGUST 31, 1881.

...SICIANS assert that the prevailing ...ht has something to do with the sickness and death-rate that are reported from ...y all parts of the country.

...e weekly meetings of the Land League ...irly attended. This is attributed to ...act that the farmers are satisfied with ...rovisions of the Land Act.

...R. MEREDITH, leader of the Opposition ...he Ontario Legislature, accepts the ...cature Act as a measure calculated to ...lify legal proceedings. The *Mail* de... ...ces it as stupid and mischievous.

...E Protestant Episcopal Bishop of ...nessee thinks the death of President Garfield is inevitable, as he has dared ...ttempt to strangle crime. He further... ...ere believes that the attempted assassin...n, which may yet prove successful, was ...e result of a plot to bring about a change ...the Administration, in order to prevent ... completion of investigations. The ...hop reasons from conclusions hastily ...med.

THE KNIGHT OF THE $32,000.

The *Mail* has been instructed to say ...mething in defence of "the new Knight," ...o must hear a good deal about that ...2,000, which he received in 1872, and ... the distribution of which he has never ...de a return. The organ says:—

Sir Hector received as the manager of ...e elections of 1872, $32,000 for distribu...n, a sum bearing but a small proportion ... the vast corruption funds manipulated ...nder the Big Push, mesmeric, and Madi...r systems of the Grit party in the cam...ign of that year and of 1874. * * * * * Unable to imagine that such a ...nd could be honorably administered, the ...rits and Rouges accused Sir Hector of ...ppropriating this sum to his own private ...ses.

"As the manager of the elections of ...872." That introduces a new question. ...f what elections in 1872 was Sir Hector ...angevin manager? We were not aware ...hat he was the generalissimo of the Pacific ...candal brigade, that made such a brilliant ...march—"to glory and the grave." Sir ...ohn did not act a subordinate part in that ...memorable campaign. He led the van, ...nd scattered Sir Hugh Allen's gold with a ...avish hand among the "impecunious candidates." Ten thousand dollars, and "another $10,000," were placed by the Chieftain where they would do the most good. "My dear Abbott," too, was entrusted with a large sum for distribution during the elections of 1872. Others whom we could mention took an active part in the struggle as the custodians of Sir Hugh's money. They have all rendered a satisfactory account of their stewardship, excepting Sir Hector Langevin. His offer to Hon. Mr. Joly was the veriest subterfuge. The latter was required to pledge his honor that he would not disclose the names of any of the parties to whom the money was given, or for what purpose. If Mr. Joly would give such a pledge the vouchers were ready for his inspection. Now, what did this offer amount to? The vouchers might have shown that Sir Hector himself was the beneficiary; that he used the money to further his own interests and for his own benefit. Mr. Joly having pledged his honor not to reveal names, &c., the public would know no more about the true distribution of the funds than before the examination of the vouchers was made. This was the trick Mr. Joly refused to be a party in carrying out. Furthermore, the $32,000 which Sir Hector used was a small share of the election fund furnished by Sir Hugh Allan in 1872. The commission that investigated the secret history of the Tory campaign of that year clearly established the fact that some $300,000 constituted "the vast corruption funds manipulated" by the Pacific Scandal brigade. The *Mail* has made a poor defence of the "new Knight."

OUR NEW PRESS.

Enlargement of the "Ontario Chronicle."

Some time ago we announced our intention of enlarging the ONTARIO CHRONICLE, and otherwise improving both the daily weekly editions. The delay in carrying out this arrangement was caused by difficulties in the way of procuring a new press. This was the first and most important step in the improvements. The old press, which has done good service for many years, is too small for the purposes required, and is also pretty well worn out. The papers now published by us are as large as can be printed on it. We ordered, and have now put up, an Air-Spring, Two-roller, Drum-Cylinder Press, manufactured by the celebrated firm of C. B. Cottrell & Co., of New York. This press, which may be seen at our office, is the largest and most complete piece of machinery of the kind to be found between ...al and Toronto. It has a Rack, ...brator Distribution, and the ...arers, measures 37 x 54 ...Cash $2,050.

1. The Air-Spring, which natural movement, by a simple automatic device, is rendered non-compressible when passing over the centre by hand. This improvement facilitates the convenient handling of the machine while making ready a form, the bed being movable with as much ease as if no springs were used on the Press.

2. The Hinged Roller-Frame, which enables the pressman to uncover his form-rollers at a moment's notice. When closed, the rollers and distributors are securely "locked" in position, and the adjustable bearings of the rollers are entirely undisturbed.

3. Two substantial Steel Rollers are adjustably boxed on the girt to which the side-frames are bolted. These wheels operate in connection with prepared extra tracks beneath the bed, which, with the ordinary ribs, sliders, steel rollers and tracks, constitute four distinct bearings under the impression, rendering "spring" in the bed impossible.

4. The Bearers are adjustable; a feature that will be appreciated.

5. The Press is supplied with Cut Gearings throughout, which insure a smooth, easy run of all its parts, and, combined with a register rack and segment on bed and cylinder, secure perfect register to the machine.

6. The Fly-Cam has a continuous surface, which produces a gentle, even motion in the Fly, depositing the printed sheet on the pile-table without violence.

7. These Presses are supplied with the Well-Fountain—so constructed as to be easily cleaned, and yielding the ink to the last particle. Their economy is proverbial where frequent changes of ink are necessary.

Early in September we expect to be ready to issue the enlarged edition of the ONTARIO CHRONICLE. The engine now in use is not powerful enough to drive the new press as fast as we require, and a larger one has been ordered, which will be in position during another week. With these facilities we shall publish a weekly paper four columns larger than the largest now published between Toronto and Montreal, and containing more reading matter. New type has also been ordered, and we confidently expect to show a larger and better paper than has ever been circulated in this part of Canada—the Toronto weeklies excepted. Care will be taken to have the general news, agricultural and other departments filled with the latest and most reliable information of interest to the farming community.

The ONTARIO CHRONICLE will continue to be in the future what it has aimed at being in the past—a first-class family journal, politically allied with the Reform party in Canada. We ask our friends to assist by every means in their power in extending our circulation.

OBITUARY.

The Late Elijah Sprague.

Mr. Elijah Sprague, a well-known and highly esteemed resident of the Township of Ameliasburgh, departed this life on Tuesday evening, the 30th inst. He had not quite completed his forty-sixth year, and his parents, Mr. and Mrs. Sylvanus Sprague, are yet vigorous and active. About two years ago a severe cold brought on consumption, and his once strong and manly frame slowly, but inevitably, yielded to its fatal power. During the last twenty-four years Mr. Sprague has been in the carriage making business at Roblin's Mills, and has justly acquired a reputation for integrity, ability and public spirit. Enterprising and successful in his business, he was also ever ready to help in anything which might promote the public welfare. He was a Municipal Councillor for several years, and at his death was President of the Agricultural Society of his native township of Ameliasburgh. If that society is one of the best township societies in the province, it is partly due to Mr. Sprague's ability and enterprize. In politics he was a staunch and intelligent Reformer. In the community, as in his family, he was beloved, and in his death a multitude feel that they have lost a friend. —COM.

The late Mrs. R. R. Clute

On Sunday last there passed away, at her home in Stirling, Hannah Armstrong, the beloved wife of Mr. Richard R. Clute, and mother of R. C. Clute, Esq., of this city. She was a true wife, a kind and affectionate mother, and an esteemed neighbor and friend. By her death a vacancy has been created in the neighborhood where she was so well and favorably known, that cannot be filled.

THE DRY SEASON.

Extra Care Necessary—Fires Prevalent.

The long continued drought has made everything inflammable as dry as tinder, and people should exercise great care in the use of fire. A half-extinguished match, carelessly dropped, may be the means of starting a conflagration that would destroy much valuable property. Farmers, too, should not burn rubbish or brush in their fields, no matter how well protected the immediate vicinity might appear to be, as even the ground in its present state serves as a feeder for the flames. Those who wantonly jeopardize property and life by starting fires in dangerous localities should be punished. The country now in many places is burning at a fearful rate, and not a few farmers have lost their buildings and crops by this element. In most cases, on enquiry, it is found that the fires were started by some criminally careless person or persons.

First and foremost among external curatives of pain is Dr. Thomas, Eclectric Oil. Nor is it less esteemed as a remedy for coughs, pains, swellings, corns, bunions, etc. It is an economic as well as inexpensive article, since the results produced by it necessitate the use only of small quantity.

SPORTING NOTES.

—The "Athletics" want to play the return match with the Peterboros for the possession of the Gildersleeve cup on the 8th Sept.

—The first innings of the International cricket match at Hamilton closed with the following score:— Canadians 76; Americans 107. The second innings began yesterday at 1.30 p.m. LATER.—The Americans won by eleven wickets. The Canadians made only 50 in their second ...

Destructive Fire.

MR. S. KYLE AND OTHERS HEAVY LOSERS.

Supposed to be the Work of an Incendiary

A disastrous fire broke out about 3:30 this morning in a collection of wooden buildings between Front and Pinnacle streets, in the upper end of the city. Mr. C. Davis informs us that he was one of the first to notice the fire, and that it appeared to him to have originated in Mr. Kyle's stables, but a number of other persons, who claim they were at the scene of the blaze equally as soon as Mr. D., say the fire caught in Mr. Walker's stable in rear of the store, so that at this writing it is impossible to state correctly where the fire did have i's origion. At all events, wherever it caught, it must certainly have been the work of an incendiary, as Walker's barn was not in use at present, and the stables of Mr. Kyle were locked. The barns being of wood, and that exceedingly dry, the flames were not long in gaining headway. The alarm was sounded, and the engines repaired to the scene of the conflagration in due haste, but the fire had broken out in one of the worst places in the city, as every building in the immediate vicinity was constructed of wood, many of them filled with hay and straw. Though the damage is considerable, had there been any wind at all the loss would have been much greater. From Walkers' barn the fire communicated to the storehouse, where some further damage was done, the total loss to Mr. Walker being about $200. Insured in the Guardian. A brick house in rear of O'Brien's livery stable also caught, and was partially destroyed. It was tenanted by Farquhar Baine, brewer, who will loose about $150 on clothing and other house furnishings that could not be removed in time to save them from destruction. The house was owned by the late Mr. Hamilton, and was insured. This is as far as the fire spread west, but, as stated, there being no wind, the flames spread as much, if not more, east and north. Kyle's stables and sheds were totally destroyed with their contents, and on which there was not a cent of insurance. Four horses and one cow were burned to death, one horse and the cow being the property of Mr. Kyle, one horse of Mr. Craig, and two of Mr. Hamilton. Ruttan's blacksmith shop, adjoining the stables, fared no better than did those above mentioned. The loss, however, to Ruttan will not be severe, as nearly all the contents, consisting chiefly of tools, were removed. George Empey, agent for the Massey Agricultural Works, Toronto, lost about $30 in repairs for such implements, they being stored in Kyle's barn. A house fronting on Pinnacle street, owned also by Mr. Kyle, and occupied by Pat. Lane, bartender for P. O'Brien, was also burned. All the contents were removed, accompanied by the usual breakage on such occasions. An insurance of $400 was held in the Royal by the owner of the house. Mr. Kyle estimates his net loss at $1,000. Both Lane and his landlord will loose a large quantity of wood, the former upwards of twenty cords, as well as ten tons of hay. Powell's livery stable and blacksmith shop were an utter loss. Some of the contents were saved, but the loss will be a heavy one to him, as it is not long since he was a heavy looser by an incendiary fire. A frame house at the rear of Powell's blacksmith shop, and facing Pinnacle Street, was only partially saved; it might as well have been totally destroyed, as the building is now useless.

NOTES.

Mr. Powell estimates his loss at $1,500. He had an insurance of $800 in the Lancashire on the blacksmith shop. A number of vehicles, used in the livery, were saved; but a large amount of new wagons, cutters, dressed lumber, tools, etc., were destroyed, the former being only partially finished. His loss is a severe one, and he has the sympathy of a large number of citizens. Mr. Powell is the most unfortunate man doing business in the city, as regards the frequent visitation of fires.

The firemen worked like good-fellows until the flames were subdued. No. 2 engine forced two powerful streams from the shed, while No. 1, stationed in rear of the Albion, did effective service until noon today. The Hooks undoubtedly prevented the spread of the flames by pulling down old sheds and buildings.

Fire in Tyendinaga.

MR. DENIKE'S BARN WITH CONTENTS DESTROYED.

The Incendiary's torch again Suspected.

Mr. Andrew Denike, 4th concession of Tyendinaga, lost his barn and contents early this morning by fire. The farm and buildings are those recently purchased from Owen Roblin. The loss to Mr. D. will be very heavy. Three horses were burned, together with a reaper, mower, harness, twenty tons of hay, 200 bushels of threshed wheat, and 450 bushels of barley, besides other grains. The fire occurred between one and two o'clock, the reflection from which was the cause of the alarm being struck in the city at that hour. Mr. Denike has the sympathy of the community in which he lives, as the fire burned all of this season's crop—something he can ill-afford to lose. The fire was the work of an incendiary, as the barns were in no way in danger of catching fire from the house, and especially at such an early hour. Mr. Denike feels confident the building was fired by some maliciously-disposed person. The loss was at least $2,500 on which there is an insurance of $1,100.

MOTHERS! MOTHERS! MOTHERS

Are you disturbed at night and broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription ...

LOVE OR DEATH.

"I'll Have Her or Die"—William Wildbore Attempts Suicide Because a Girl Would Not Marry Him.

William Wildbore is the name of a young man who worked for Mr. W. J. Thomas of 162 Adelaide street west, Toronto. Like most other young men, William has a heart and he longed for some fair damsel that he could clasp to it and call his own. His affections turned towards a girl employed as a domestic in Mr. Thomas's house, and he lost no time in pouring out to her his tale of love. But the kitchen belle would not return the heart so freely offered to her. At least she would not take William for better or for worse.

Then the love-sick youth assumed a tragic air, and was heard to mutter, "I'll have her or die." It was a case of love or death. The damsel's heart remained impenetrable. The dejected William thereupon proceeded to execute his threat of self-slaughter. He chose the rope and neck act as the means, Monday afternoon as the time, and Mr. Thomas' woodshed as the place. He dangled a cord from a beam, put his head into the noose at the end of the cord, and then suspended himself. He was hanging away like a good fellow when he was discovered by the folks of the house and ruthlessly cut down. While hanging, his suspense must have been terrible. The foolish youth was handed over to the tender mercies of the police, who have him safely under lock and key at the central station, awaiting his appearance before the police magistrate.

A lifetime of torture is often endured by the rheumatic. Their pangs may, however, be promptly relieved and the disease eradicated with Dr. Thomas Eclectric Oil, which is, moreover, a swift and thorough remedy for neuralgia, lame back, sores, bruises, frost bite, corns, excoriated nipples, inflamed breasts, liver complaint, and all affections of the breathing organs.

GREAT CLEARING SALE!
—OF MY—
WHOLESALE DEPARTMENT

During the past two years my wholesale business has taken my whole time, so much so that I have been compelled to leave my home business to clerks who, through inexperience, have not given the satisfaction to our customers we shall endeavor to give in the future. I shall hereafter endeavor to meet my customers personally and give them my whole attention.

The Sale will till continue every night this week and great bargains will be offered at private sale during the day. Large quantities of choice goods constantly on exhibition. A call solicited.

Insure your Life in the

ONTARIO MUTUAL LIFE ASSURANCE COMPANY,

OF WATERLOO, - - - - ONTARIO.

Government Deposit,.....	$ 56,156 79
Full Reserve (Gov. Standard).....	$188,349 68
Surplus over all Liability,.....	$ 39,574 93

The Ontario Mutual has come to be in proportion to its liabilities equal to any Company on the Continent, and larger than any other Canadian Company.

The Ratio of Deaths Claims during the past eleven years, has been smaller than any other Canadian Company ! !

Dealing in 1880, less than half of number expected, and claims paid (on an average) in five days.

The Total Expenditure to each income, is smaller than any other Canadian Company ! !

Exorbitant salaries and "bonuses" incident to companies located in large cities, and incurred at the expense of the policy holders, have never been paid by the Ontario Mutual Life Assurance Company.

Annual Cash Profits larger than any other Company in Canada ! !

EXAMPLE

Policy No. 675 was issued in 1870 for $1,000; age 37, annual premium $19.44. premiums paid during the last 11 years. $155.30; but said during the last 11 years. $155.30; but should the policyholder wish to withdraw from the Company, he could get $85.66 in cash, having the actual average cost $6.24 per annum, during the ages from 37 to 48, and subject to a still further reduction annually.

The above results show the advantages of insuring in this Company.

S. BURROWS General agent for this district, and F. M. CLARKE local agent. Their office is in the Ashley Block, Front S reet, Belleville.

A COUGH, COLD OR SORE THROAT should be stopped. Neglected it speedily follows in an incurable lung disease or consumption Brown's Bronchial Troches do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritations, giving relief in Asthma, Bronchitis, Coughs, Catarrh, and the throat troubles which Singers and public speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well merited rank among the staple remedies of

LOCAL AND GENERAL.

The police cells were unteenanted last night.

The boat liveries are doing a thriving business this week.

The Public and High Schools will re-open to morrow (Thursday) morning.

MR. J. WILSON, of the firm of Tees, Costigan & Wilson, Montreal, is in Manitoba.

MR. C.J. STARLING, of this city, was registered at the Gateway Hotel, Emerson, Man., on the 25th inst.

A NEW fence is being built across the west end of the Pinnacle Street (No. 3) School. The fence was greatly needed.

A NUMBER of young people from Sidney picnicked at Massassaga Point yesterday. The Oddfellows' Orchestra furnished the music.

WORK on the new Coleman Ward School is rapidly approaching completion. The walls are finished, and the roof is now being put on.

A MEETING of the Harbor and Town Property Committee was called for last evening, but in the absence of a quorum no session was convened.

MR. J. F. SMITH, graduate of La Salle College, Toronto, and also of the Commercial College of this city, has just made his start in business life in this office.

A PORTION of our cricketers are anxious to complete arrangements with the club of Kingston for a match soon, and we see no reason why their wish should not be gratified.

AT seven o'clock this morning the Oddfellows' Brass and Quadrille bands left for Tyendinaga to attend the pic nic of Father Brophy. The gathering will take place in a fine grove about two miles from Melrose.

ONE DAY this week a young lad was caught stealing goods in a 7-cent store, and his release was not obtained until a sound thrashing had been admistered by the proprietor. The would-be thief has not been seen since.

LEWIS PAGE was tried at Sterling last Saturday on a charge of stealing sundry blacksmith tools, and was sent up to be dealt with at the Fall Assizes. In the meantime Page will be confined in the County Jail.

MR. JOHN FENN, who has been engaged as Librarian at the Mechanics' Institute for the past eight months, severed his connection with that institution to-day. In a few days he will engage with Downey & Preston as book-keeper. His successor in the Institute will be Archie Walker.

AT a meeting of the Committee on Water and Gas last evening, the following accounts were recommended to be paid:—Wm. Connors, $171.66; C. Bell, $4; John Lewis, 36cts. The necessary repairs to the public water tank on Hotel Street were also referred to the Council for favorable consideration.

ONE week from to-day Wednesday, September 7th—the Union Sabbath School excursion to Campbellford will take place over the Grand Junction Railway. The Committee of Management are doing everything in their power to perfect the arrangements for a pleasant and successful trip. Advertisement in another column contains full particulars.

THE Ada Gray Combination will appear in the Metropolitan Hall to-morrow night in "East Lynne," and on Friday evening in a new drama "Infatuation." Miss Gray is supported by an unusually good company, which, in addition to her own personal abilities as a talented actress, will doubtless receive a liberal patronage. The plan of the hall is now open at Reynolds', where seats can be secured.

THE police still complain of the inefficiency at the City Hall. This morning the alarm could not be rung by the crank any faster than the ordinary striking of the clock, and the officer in charge had to abandon it, and sound the alarm by the wire—a task which is not a light one by any means. Our fire alarm system is poor enough at the best of times, and it behooves the Chairman of the proper Committee to see that the apparatus is repaired at once.

THAT some idea may be formed by our theatre-goers of the manner in which the Ada Gray Company was received in Whitby on the 30th inst., and of the excellent entertainment given by this troupe, we give the following telegram, received this morning from W. H. Billings, Esq., Mayor or that town:—"The reception Ada Gray and her company received here last evening in the *role* of "East Lynn" was tremendous. House was crowded to the doors. Brilliant success throughout, and the troupe well worthy of praise.

WHO pays for the watering of the Market Square? is a question that has been agitating the minds of certain local legislators and others recently. James Hill tendered for the job in the early part of the season, but the Market Committee, in their wisdom, decided not to accept the terms offered by him, as it was claimed that they were too high. The Committee, however, made Mr. Hill an offer (about $10 less than the tendered price) which he refused to accept at that time; but the general opinion now is, that Mr. H. is doing the work with the express object of receiving the city's price. However, the work is being faithfully performed, and who will pay for it time will tell.

WE would call attention to the advertisement of N. Davenport in another column. He is offering his entire stock of Felt and Straw Hats at cost, and we are convinced in making this offer that he means business, and will give his patrons rare bargains. He has a very fine stock and we would advise our readers to give him a call.

JUST received at Hennessy's twenty cases of new fall and winter dry goods, consisting of Scotch, Irish and Canadian Tweeds. (The largest stock in Ontario to choose from.) Grey Scarlet and white Flannels, Canton Flannels, Prints, Dress goods, Grey and White Cottons, Cloaking, Velveteens, Fringes, Silks, Satins, Trimmings &c. The cheapest dry goods and clothing house in Belleville.

A MEETING of the Fire Committee is called for this evening.

A NUMBER of our local marksmen will leave on the midnight train for Kingston, where they will compete in the Kingston Rifle Association matches to-morrow and Friday.

THE illustrious Lew. Smith is again in the toils. He imbibed too freely this morning, and his drunken wanderings coming under the notice of P. C. Cook, he was marched off to head quarters.

GEORGE CLARKE and Benjamin Clarke, of Hungerford, were arraigned before the Magistrate this morning on a charge of throwing saw dust and other rubbish into the River Moira, a stream frequented by fish, contrary to the Fishery Act. After a hearing of the case, George was dismissed, but his brother was fined $5 and costs.

THE following marksmen will represent the Hastings and 49th Battalion Association at the Dominion Rifle matches, and the selection of the Wimbledon team for 1882, at Ottawa, September 5th and following days:—Lt. W. H. Biggar, Lt. J. W. Johnson, Sergt. H. Tammadge, Corp. Hilton, Lt. W. Hastings, and Pt. Marshall. This is as good a team as could possibly be selected, and we will expect to have a favorable report from them. The fourth competition for the Hastings Rifle Association Handicap Cup will take place on Friday Sept. 2nd, instead of the 7th, owing to the above competition going to Ottawa.

WEATHER BULLETIN.

TORONTO, Aug. 31.

Moderate winds, mostly from the south and west, continued fair hot weather.

A TERRIBLE ACCIDENT.

Geo. Couch Instantly Killed on the Grand Junction.

A most melancholly accident occurred at Hastings about eleven o'clock this morning by which George Couch, an employee of the Grand Junction Railway, was instantly killed. He was engaged at the time of the accident, so our informant says, coupling cars laden with square timber for Belleville. The timber projected over each car, and Couch not taking the necessary pains to observe this before he stepped between the cars, the ends caught him just above the ears, killing him instantly. The unfortunate young man has a large number of friends in this city, his parents residing near the Depot, where they have lived for some time. He was industrious, of temperate habits, and liked by all who knew him. When the news of the horrible accident reached here an employee of the road informed Couch's brother, who is driving a street car at present, and his wailings over the loss of a dear brother as he passed up street were heart-rending in the extreme. No inquest will likely be held on the body, which will reach here by the evening train.

DASHES.

—The tomato crop is reported to be far short of that of last year.

—Two hundred men are wanted to work on the N., T., and Q. Railway.

—Hazzard, who left Tamworth mysteriously some time ago, is now in Aberdeen, Dakota.

—Wm. B. Hislop, one the victims of the late railway accident at Lancaster, was a native of Ernestown.

—Sir John Macdonald continues to improve in health. It is his intention to sail on the 8th of September.

—We were mistaken, school did not open last Monday, but will on Thursday. The vacation closes to-night.

—Farmers are hard pushed to find water for their stock. Cattle in some places are driven four miles for a drink.

—The Montreal *Witness* denies that Mr E. Holton, M. P., purposes to resign to make way for Mr. Doutre, Q. C.

—The English branches in the Collegiate Institute, Kingston, are to be taught free of charge. A wise decision.

—There will be a cheap excursion to Toronto on the 7th. and 8th. prox., the days upon which the regatta takes place.

—The heat yesterday and last night was something terrible, and it was little less so to-day. There was no rest for the weary.

—The waiters at the tables in the hotels of the Thousand Islands, according to the Albany *Express*, are students from Rochester University. The bartenders are principally law students.

—A Mr. Richards of New York, has been in Kingston looking for a site for a calico printing and engraving establishment which he intends to establish wherever he can find a suitable locality. Cannot Belleville offer any inducements ?

—Wm. Willikin, a brakeman on the R. & P. Railway, was severely injured yesterday morning at Harrowsmith. His right arm was caught between the bumpers and fearfully mangled from the hand to the elbow. He was taken to Kingston and the injured limb amputated.

CHEESE MARKET.

LITTLE FALLS, N. Y., August 29.—The market is exceedingly dull; 6,000 boxes of factory Cheese sold at 11c to 11½; bulk, 11½; 700 boxes farm dairy sold at 11c to 11½; 100 packages Butter sold at 25c to 30c.

UTICA, N. Y., August 29.—1,400 boxes of Cheese sold at the leading price, 11c; 280 do at 11½; 220 do at 11¾; 150 at 11⅞; 1,100 do were consigned.

MONTREAL, August 29.—If anything, the market closed with a better tone to-day, the advance of 6d in the Liverpool Cable to 65s. Holders are asking 11½ for first half of August, and 11¾ would be paid. July make is nominally worth 11c, but we hear of several lots being offered at that figure without finding buyers. In the Brockville section, there have been several contracts for the balance of the season at 12c. We quote July at 10½c to 11c, and August at 11c to 11½c.

—Captains claim that the sailors' wages are out of all proportion to the freights obtained, that in such weather it will take all a vessel can make to pay them. The outlook, they say, for good freights is very blue.

Telegraphic Despatches.

The Wounded President.

Passed a Tranquil Night—His Condition Favorable.

WASHINGTON, Official, Aug. 31, 8:30 a.m.—The President passed a tranquil night, and this morning his condition is quite as favorable as yesterday at the same hour. Pulse 100; temperature 98.4; respiration 18.

NOTES AND EVENTS.

NEW YORK, Aug. 31.—Washington specials to the *Times* say Rockwell reports that the President's whiskers have grown grayer since the wounding.

Bliss says the surgeons have tried to discontinue the enemata, but have been obliged to resume them. When discontinued the pulse rises.

The *Tribune* says Saturday when nearly all hope of the President's recovery was gone, Hamilton discovered the yolks of eggs which formed part of the enemata administered for several days were not assimilating thoroughly, if at all, and were poisoning the system. Without consulting his associates he rushed to a drug store and purchased powdered charcoal. He soon afterwards administered enemata containing a large proportion of charcoal. The effect was apparent almost immediately. The incident marked a turning point in the President's condition. There is scarcely any doubt the presence of this undigested mass was the cause of glandular affection.

The *Sun* says the President remains upon a dead level where one of the physicians said last night they hoped he would not remain many days. The situation is still one of uncertainty. In some quarters fears are entertained that the prospect of recovery is not so good as it seems to be. The President seldom sl much until after two in the morning. When the bulletins state he had a comfortable night, the statement generally means from that hour his sleep was comparatively undisturbed until daybreak.

A man can now span with one hand lacking one inch, the President's legs above the knee.

A United States Senator who spent some time at the White House yesterday ascertained that while the President could shake hands and lift a glass partly filled with water he was not able to raise his head, and could drink only when supported by others.

The *Herald* says the President's body begins to show signs of sick-bed sores. As yet there is no real sign of abscess in the right iliac fossa, but its existence comes to be more than suspected. Before Bliss made the incision yesterday the President said: "You are bound to carve me, I see," and turned his head to receive the cut. The President again suffered from the heat yesterday. These hot days and sultry nights are against the President's comfort, and Hamilton has said do him great harm. Bliss says the patient is likely to have exalted temperature and increased pulse for many days, even after a marked improvement sets in. He admits the irritation of the patient's stomach was the result of septic poison, not dyspepsia, but says it the stomach had been very strong in digestive powers, septic poison would not have been so pronounced.

The catheter cannot now be inserted into the wound beyond 10 inches, 2½ inches less than two weeks ago, which distance has probably healed.

It is stated the cause of alarm Friday last was a sudden darkening of the skin of the President's face. The doctors supposed this to be a sign of death. Curiously enough on Saturday when he was much worse the face regained its natural color.

Cleveland, Aug. 31.—In a letter written to the President's mother before the recent danger, Mrs. Garfield says:—I begin to wonder what can happen next, and whether there is any lower note in the scale for him to touch; but it there is, I shall not despair, and you must not. His strong constitution and superabundant vitality, I believe, will carry him through. I begin to see how little I know of trouble attending such a wound. It has been a strange disappointing summer, but if we all come through alive and well, we will not complain."

AFTERNOON.

WASHINGTON, Aug. 31.—11 a. m.—The surgeons regard the President's condition this morning with increased satisfaction and encouragement. He is having a quiet comfortable day. Among members of the Cabinet and the President's personal friends there is a growing feeling of encouragement and confidence, and it seems to be the general impression that by Saturday or Sunday, when the glandular swelling shall have ceased to be a hindrance, the patient will enter a stage of convalescence.

It is stated that in addition to usual nourishment the President was given a small piece of carefully broiled beefsteak this morning. He held it in his mouth sucked it, and swallowed the juice. He seemed to enjoy it.

AFTERNOON.

Denies the Report.

LONG BRANCH, N. J., Aug. 31.—Grant denies the report of frequent visits by him to Arthur and consultations with the Vice-President and other public men, in reference to political contingencies. Grant says he has met no one who showed more profound and sincere sorrow for the President's condition than Arthur.

Socialist Dinner Prevented.

BERLIN, Aug. 31.—A farewell dinner to expelled Socialists, in which fifty persons intended to participate, was prevented by the arrest of all the guests, who were soon released.

Found Drowned.

ALBANY, Aug. 31.—Dr. Harris Fellows, missing since Monday, was found drowned this morning. Fellows was identified with the Greenback national party, and is well known throughout the state.

Forest fires are sweeping through Ocean and Atlantic Counties, N. J. Thousands of acres of woodland and cranberry bog

CONDENSED TELEGRAMS.

The estimated damage at Savannah, Ga., by the hurricane, is $1,500,000.

At Charlestown, S. S., the rice crop has been damaged $1,000,000.

The duel in Va. recently was between Robt. Campbell and Jas. Scott, and the cause political. They fired when ten paces apart. Scott was wounded in the hand; Campbell was untouched. The seconds refused to allow another exchange of shots.

A conspiracy by the convicts on the French Island of St. Pierre, at the entrance to Fortune Bay, to murder the Governor and other officials, and burn the town, was frustrated by an invalid soldier overhearing the conversation of two conspirators.

DISTRICT NEWS.

—On Saturday night last a row took place at the Campbell House, Napanee, in which Mr. Doro, foreman of the brush factory, was brutally assailed without the slightest provocation. A "bruiser," named Mark Huff, struck him a blow from behind which felled him to the ground, and then jumped on him and beat him in a most shocking manner. Huff afterwards bit the nose off an employee of the Campbell House, inflicting a very bad wound.

—A very neat new Presbyterian church and manse is being built next to the Union church, at the west end of Deseronto. It is said that this is being done at the sole expense of Mr. Rathbun, sr. The buildings, will be large costly and neat. At the east side the new Episcopalian church is approaching completion. The building is roofed in and enclosed, and it will probably be completed before winter. There will soon be four good churches in Deseronto. Ten years ago the old frame school house furnished all the room for religious worship.

—William Horton, of Landsdown, the man who, a short time ago, was so frightfully mangled by a reaping machine, although it was for some time expected he would recover, has been given up by his physicians. The Recorder states that a gentleman from the neighbourhood informs it that since Friday night he has been growing worse and cannot last much longer.

—The steam yacht Nautilus, which was here yesterday morning, ran on a rock near Brockville. She was going at full speed. The accident will cost $200.

DIED.

CLUTE.—On Sunday, August 28th, a Stirling, Hannah Armstrong, beloved wife of Richard R. Clute, aged 63 years.

SPRAGUE.—At Roblin's Mills, Ameliasburg, on Tuesday evening, Aug. 30th., Mr. Elijah Sprague, aged 46 years.

The funeral will take place from his late residence, at 10 a. m. on Thursday, to the Methodist Church, Roblin's Mills, and thence to the Union burying ground.

Auction Sale

—OF—

SUBURBAN LOTS !

I HAVE received instructions to sell at the

Dominion Hotel,

in the City of Belleville, on

Saturday, September 3rd,

at 12:30 o'clock, the following building lots, viz.: Lots number

Two, Three, Four and Five,

fronting on Wilkie Street. The above lots are near the Institute, adjoining the residence of Mr. Joseph Haslett, and as they extend to the waters of the beautiful Bay of Quinte, are admirably situated for Summer Residences. A clear title will be given.

For conditions of sale, etc., apply to

R. PURDY,
Auctioneer.

Belleville, Aug. 25th, 1881.

RUPTURE !

CHAS. CLUTHE'S

PAT. SPIRAL TRUSS

for Cure of Rupture. Entirely New Principle.

Nothing better and more substantial under the Sun ! If you are Ruptured or Deformed send for Book on RUPTURE AND HUMAN FRAME, by Chas. Cluthe. Best information of a life-long study. Natural mechanical advantages; 18 years' material experience and best Tools money could buy, made him master of his profession. Will visit as follows:

PETERBOROUGH, Choate House, Thursday, Oct. 6th.

BELLEVILLE, Anglo American Hotel, Friday and Saturday, Oct. 7th and 8th.

Come early. Don't wait for the last hour.

Late of Hamilton.

CHAS. CLUTHE,
118½ KING ST. WEST, TORONTO, ONTARIO

New Butcher Shop.

THE undersigned (formerly with Chas. Green) has opened a butcher shop in

LEAVENS' BLOCK

one door north of the *Intelligencer* office, where a choice supply of fresh meat can always be found. He solicits a share of public patronage, confident that he can fill all orders satisfactorily.

R. H. DAY.

Belleville, June 27th, 1881. dtf

SPECIAL NOTICE !

TO THE AFFLICTED

Drs. Williams and Nash

A GREAT CAUSE OF HUMAN MISERY

IS THE LOSS OF

MANHOOD.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage etc., resulting from excesses.

☞ Price, in a sealed envelope, only 6 cts. or two postage stamps.

The celebrated author, in this admirable Essay clearly demonstrates, from thirty years successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hands of every youth and every man in the land.

Address,

Newspaper Advertising Bureau, 10, Spruce St., N. Y.

NORTHERN TEXAS offers greater attractions in way of good, cheap lands, healthy country, mild climate abundance of timber and water, diversity of products, than any other region now open to settlement. In this rapidly developing section, the Texas & Pacific Railway has in operation over 800 miles of road, along which are to be had, at low prices and on easy terms, millions of acres of good and cheap Railroad and Government lands, but recently opened for settlement. For circulars and maps giving truthful information, address W. H. ABRAMS, Land Commissioner, T. & P. Railway, Marshall, Texas.

LOW INTEREST.

I AM now lending money on good farm and town properties at seven (7) per cent. and seven and a half (7½) per cent. Interest payable yearly on terms to suit borrower.

Principal repayable either in enstalments, or at the end of the term for which the loan is taken, or at any time by giving notice.

On really first-class loans, or farm property, I can lend at *even lower rates, viz.: From six (6) to six and one half (6½) per cent.*

Now is the time for farmers to pay off previous loans borrowed at high rates and gain the benefit of the present reduction of interest as rates may go up again.

Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DAILY ONTARIO.

The Leavenworth Case:

A LAWYER'S STORY.

BY ANNA KAATHRINE GREEN.

A light such as had never visited her face before, passed slowly over it. 'Then God forgive me the wrong I have done this noble heart, for I can never forgive myself! Wait!' said she as he opened his lips. 'Before I accept any further tokens of your generous confidence, let me show you what I am. You shall know the worst of the woman you have taken to your heart, Mr. Raymond—' and she turned towards me for the first time 'in those days when with such an earnest desire for my welfare (as I believed nothwithstanding this man's insinuations), you sought to enduce me to speak out and tell all I knew concerning this dreadful deed, I did not do it because of one thing; I was afraid. I knew the case looked dark against me, Eleanore had told me so. Eleanore herself—and it was the keenest pang I had to endure—believed me guilty. She had her reasons. She knew first, from the directed envelope she had found lying underneath my uncle's dead body on the library table, that he had been engaged at the moment of death in summoning his lawyer to make that change in his will which would transfer my claims to her; secondly, that I had been down to his room the night before, though I denied it, for she had heard my door open and my dress rustle as I passed out. But what was not all, the key that every one felt to be a positive proof of guilt wherever found, had been picked up by her from the floor of my room; the letter written by Mr. Clavering to my uncle was found in my fire; and the handkerchief which she had seen me take from the basket of clean clothes, was produced at the inquest stained with pistol grease. I could not account for these things. A web seemed tangled about my feet. I could not stir without encountering some new toil. I knew I was innocent, but if I failed to satisfy of it one who loved me, how could I hope to convince the general public if once called upon to do so. Worse still if pure-faced Eleanore, with every apparent motive for desiring long life to our uncle, was held in such suspicion because of a few circumstantial evidences against her, what would I not have to fear if the truth concerning these things was told! The tone and manner of the juryman at the inquest that asked who would be most benefitted by my uncle's will, showed but too plainly. When, therefore, Eleanore, true to her heart's generous instincts, closed her lips and refused to speak when speech would have been my ruin, I let her do it, justifying myself with the thought that she had deemed me capable of crime and so must bear the consequences. Nor when I saw how dreadful these were likely to prove, did I relent. Fear of ignominy, suspense, and danger that would follow confession, sealed my lips. Only once did I hesitate. That was when in the last conversation we had, I saw that, notwithstanding appearances, you believed in Eleanore's innocence, and the thought crossed me you might be induced to believe in mine, if I threw myself upon your mercy. But just then Mr. Clavering came, and as in a flash I seemed to realize what my future life would be, stained by suspicion, and instead of yielding to my impulse; went so far in the other direction as to threaten Mr. Clavering with a denial of our marriage if he approached me again till all danger was over.

'Yes, he will tell you that was my welcome to him when with heart and brain racked my long suspense, he came to my door for one word of assurance that the peril I was in, was not of my own making. That was the greeting I gave him, after a year of silence, every moment of which was torture to him. But he forgives me; I see it in his eyes, I hear it in his accents; and you—O, if in the long years to come you can forget what I have made Eleanore suffer by my selfish fears; if, with the shadow of her wrong before you, you can by the grace of some sweet hope think a little less hardly of me, do. I am afraid I shall never be worthy of it, but yet if you can, do. As for this man—torture could not be worse to me than this standing with him in the same room—let him come forward and declare if I by look or word have given him reason to believe I understood his passion, much less returned it.'

'Why ask! gasped he. 'Don't you see it was your indifference that drove me mad? To stand before you, to agonize after you, to follow you with my thoughts in every move you made, to know my soul was wielded to yours with bands of steel no fire could melt, no force destroy, no strain dissever; to sleep under the same roof, sit at the same table, and yet meet not so much as one look to show me you understood! It was that which made my life a hell. I was determined you should understand. If I had to leap into a pit of flame you should know what it was. And you do. You comprehend it all now. Shrink as you will from my presence, cower as you may to the weak man you call husband, you can never forget the love of Trueman Harwell; never forget that love, love, love, burning love for your beauty, was the force which lead me down into your uncle's room that night and lent me will to pull the trigger which poured all the wealth you hold this day into your lap. Yes,' he went on towering in his preternatural despair till even the noble form of Henry Clavering looked dwarfed beside him, 'every dollar that chinks from your purse shall talk of me. Every gew-gaw which flashes on that haughty head, too haughty to bend to me, shall shriek my name into your ears. Fashion, pomp luxury,—you will have them all; but till gold loses its glitter, satin its gloss, and ease its attraction, you will never forget the hand that gave them to you!'

ONLY 20 CENTS.

To meet the growing want of the age, and at the same time to reach the poorest in the land

Messrs. PERRY DAVIS & SON have lately issued from their establishment a new sized bottle of their celebrated "PAIN KILLER," that retails for only 20 cents per bottle, and which can now be had of any respectable chemist, and nearly all General Storekeepers in the Dominion. It is no wonder that this firm have made their "PAIN-KILLER," famous throughout the whole world, when we consider that, in the first place, they have the very best family medicine ever discovered for the relief of pain, either internal or external; and also that they have always made the price such that no person, however poor, could not purchase it if suffering from any of the thousand little ills which flesh is heir to. The new bottle that retails for 20 cents is large enough to last a person for long time, and will be found a convenient medicine chest, compact and useful at all times, whether travelling or at home. Our advice is—"Go and buy a bottle at once."

ENJOY HEALTH.

The "Mandrake Bitters," world-known name
No others have obtained such fame;
From North to South, from East to West
The people say they are the best
Let sufferers from dyspepsia fly,
And Baxter's Mandrake Bitters try
They're sold in every city, town,
No others have such wide renown.
Let all who would enjoy good health
(Tis' more than houses, acres, wealth,)
Remember now they can obtain
Relief from all their woes and pain.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Sold only in Packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.

J. C. OVERELL'S,

FRONT STREET, BELLEVILLE.

PLEASE OBSERVE

While it is a fact that hundreds have refused to examine the

"White" Sewing Machine!

when having their attention first called to it (believing it to be simply another of those vexatious machines, so often seen) it is also a fact that hundreds of thousands to day entertain feelings of inexpressible gratitude towards their benefactors for having brought the WHITE SEWING MACHINE to their notice. The tabulated sales of last year demonstrate its popularity, and when assured that the WHITE made in Cleveland, Ohio

RANKS OVER ALL OT[HER MAK]ES OF SEWING MACHINES

in the United States, there remains no need of further commendation.

But in addition we deem it proper to submit the following testimonial, which is conceded to be the very best ever given to any Sewing Machine Company:

TO THE "WHITE" SEWING MACHINE COMPANY.

CLEVELAND, OHIO.

GENTLEMEN:—In reply to your favor of recent date we would say that we have had in use the "White" S. Machines about 18 months. We are running 300 by steam power one thousand revolutions per minute. They give us less trouble and cost less to keep in repair than any Sewing Machine we have had during an experience of 18 years. They give us entire satisfaction, and we consider the "White" the most perfect Sewing Machine in the market.

NORMAN'S ELECTRIC BELT INSTITUTION

ESTABLISHED 1874,

No. 4 QUEEN STREET EAST.

THERE IS NOTHING so permanently beneficial to the sufferer as Norman's ELECTRO-CURATIVE BELTS, BANDS AND INSOLES. They immediately relieve and permanently cure

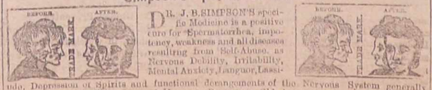

Asthma, Liver Complaint, Lumbago,

NERVOUS DEBILITY, INDIGESTION, RHEUMATISM, SWELLINGS, INJURIES, NEURALGIA, and a host of troubles over which medicine has little or no control.

Circulars and Consultation free. ☞ Medicated and other Baths always ready for ladies and gentlemen.

A. Norman, 4 Queen Street East

To Nervous Sufferers—The Great European Remedy, Doctor Simpson's Specific Medicine.

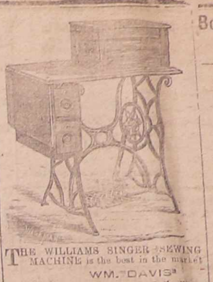

Dr. J. B. SIMPSON'S Specific Medicine is a positive cure for Spermatorrhea, Impotency, weakness and all diseases resulting from Self-Abuse, as Nervous Debility, Irritability, Mental Anxiety, Languor, Lassitude, Depression of Spirits and functional derangements of the Nervous System generally, Pains in back or Side, Loss of Memory, Premature Old Age and diseases that lead to Consumption, Insanity and an early grave, or both. No matter how shattered the system may be from excesses of any kind, a short course of this medicine will restore the lost functions and procure Health and Happiness where before was despondency and gloom. The Specific Medicine is being used with wonderful success.

Pamphlets sent free to all. Write for them and get full particulars.

Price, Specific, $1.00 per package, or six packages for $5.00. Will be sent by mail on receipt of money. Address all orders,

Ayer's *Hair Vigor,*

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,
LOWELL, MASS.

The Manhattan Feed

—FOR—

HORSES, CATTLE, MILCH COWS, SHEEP, PIGS, AND POULTRY.

Read these Recommendations:

ARNPRIOR, Ont., June 17, '80.
MR. HENRY J. HARTNEY, Agent, Ottawa.

Dear Sir.—We enclose herewith eight dollars ($8) in payment of the accompanying account, which we will thank you to receipt and return to us in course.

Please forward, on receipt, 500 lbs. of "Manhattan Horse and Cattle Feed," same as before, and oblige

Yours truly,
McLACHLAN BROS.,
Lumber Merchants.

Taylor's Brewery, Montreal, Jan. 9, '80.

Gentlemen,—In reply to your inquiry, I think your Manhattan Feed to be a good article, and one that will amply repay its cost if fed as directed. My horses are much improved since we commenced it some four months ago.

Yours truly,
ROBERT TAYLOR

Logan's Farm, March 22, '80.
MESSRS. MARSDEN & COMPANY:

This is to certify that I have used the Manhattan Feed for Cows for some time, and find it beneficial both for milk and fattening, if given to them regularly.

THOMAS IRVING.
